

# THE CISCO DAILY PRESS

COMBINED WITH CISCO DAILY NEWS AND CISCO AMERICAN AND ROUND-UP, NOVEMBER 1, 1937

CISCO—One of the healthiest areas in U.S.A., with a countryside devoted to blooded cattle, hogs, sheep, peanuts, cotton, fruits, feeds, poultry, gas, oil; two railroads; Bankhead highway; huge concrete swimming pool; bass and crappie fishing.

VOLUME XXV.

CISCO, TEXAS, TUESDAY, AUGUST 7, 1945.

NUMBER 228

# BIG CITY PROBABLY WIPED OUT

## WASHINGTON SIDELIGHTS

(From "Nation's Business" for August.)

**BIG THREE CONFERENCE** marks the beginning of a new relationship between U. S. and Europe, say congressional observers who are in intimate touch with diplomatic affairs. Europe apparently is committed to her own "regional arrangement" for reconstruction and rehabilitation; no longer feels a need for U. S. advice or "leadership" toward democracy. Washington is not consulted on European problems, is not asked to approve secret settlements in the disputed territories; soon may be invited to abandon its OWI projects in revision of German and Italian school texts, withdrawal publication of overseas educational magazines, pamphlets and newspapers. Some members of the senate foreign relations committee see the beginnings of a new era of traditional power politics; wonder what may be America's position in Europe when our domestic economic pressures cut off all lend-lease shipments?

**SECRETARY VINSON** works in easy harness with tax committees of house and senate; will abandon all experimental proposals formerly pressed by treasury think tanks. Treasury policies on taxes, spending and management of the national debt will not be changed sharply under Secretary Vinson. He favors high taxes so long as necessary to cover heavy spending; but is far removed from the spend-for-prosperity school. More significant for the short term, Vinson knows the personalities and political mechanics of fiscal legislation; probably can bring house and senate together with treasury on a two-year or five-year program to avoid instability of annual tax revisions. On business problems he is closer to Baruch, George and Jesse Jones than to Wallace, Pepper, Hopkins or Ickes. He is reflective, practical, judicious, not a crusader; is wary of untested theories.

**TREASURY REPORTS** total U. S. war expenditures for five years ending June 30, 1945, were \$290,000,000,000; total net receipts \$134,000,000,000. We have spent \$156,000,000,000 more for regular non-war operations of federal establishment since June 1940. (Total federal expenditures for 15 1/2 years from 1789 through July 1940 were only \$173,000,000,000.) Latest official report of U. S. Civil Service Commission shows 3,781,460 civilians now on Uncle Sam's payroll, against 567,000 in 1933.

**GERMAN STEEL INDUSTRY** expended from 3,000,000 tons production in 1932 to 25,000,000 tons capacity in 1939. Says July survey by Foreign Economic Administration: "Practically all the great iron and steel furnaces of Germany are ready for operation, or can be in operation with minor repairs. Without industrial disarmament, Germany could be far better prepared for war within five years than she was in 1939." Survey reports Germany's overall tonnage of machine tools in 1939 was 2 to 1 with U. S. on a per capita basis, 3.2 to 1 per ton of steel capacity, and 16 to 1 per motor car produced.

**SOME OBSERVERS** believe Export-Import Bank will be modified form of lend-lease under bill just rushed through house. Although idea of expanding Bank goes back to Spring of 1944, present measure had only perfunctory hearings before Banking and Currency Committee was rewritten behind closed doors of Congressman Spence's office while State Department, FEA and present management of Bank struggled for control of the \$3,500,000,000 resources bill provides.

## CLUB BOYS WILL COME BACK HERE

A total of 143 club boys attended the second annual five-county 4-H club session at Lake Cisco Thursday and Friday, says J. M. Cooper, Eastland county Agricultural agent.

Besides the club members, county agents, dads and local leaders swelled the group to 155—the largest group of 4-H club boys ever holding an encampment at Lake Cisco picnic grounds.

Mr. Cooper says the young men voted to hold their third annual camp at the same spot, Friday and Saturday of next August. Prizes in the forms of ribbons were awarded the winners in boxing, track, swimming, pole pillow fighting and horse-shoe pitching at the conclusion of the two-day camp.

Eastland county had the largest delegation of club boys, with 55 present. Other county agents present with club boys were Robert L. Shultz, Baird, Callahan county; Ralph Lindsey, Palo Pinto; Palo Pinto county; W. M. Emmons, Breckenridge, Stephens county; W. C. Vines, Albany, Shackelford county.

W. T. Eaton, Ranger 4-H club boy, was camp chairman and presided at all of the assembly periods.

The boys brought their food from home and hired a cook.

Officers of the Cisco Athletic association in a meeting at the chamber of commerce yesterday, set next week as the time for repairing the stands at Chesley Field before they are painted.

Every Cisco man who is interested in providing suitable facilities for athletics at the field was urged to lend assistance in this program. Shortage of carpenters makes it imperative that voluntary workers respond to this appeal, so the stands may be put in shape before the opening of the season.

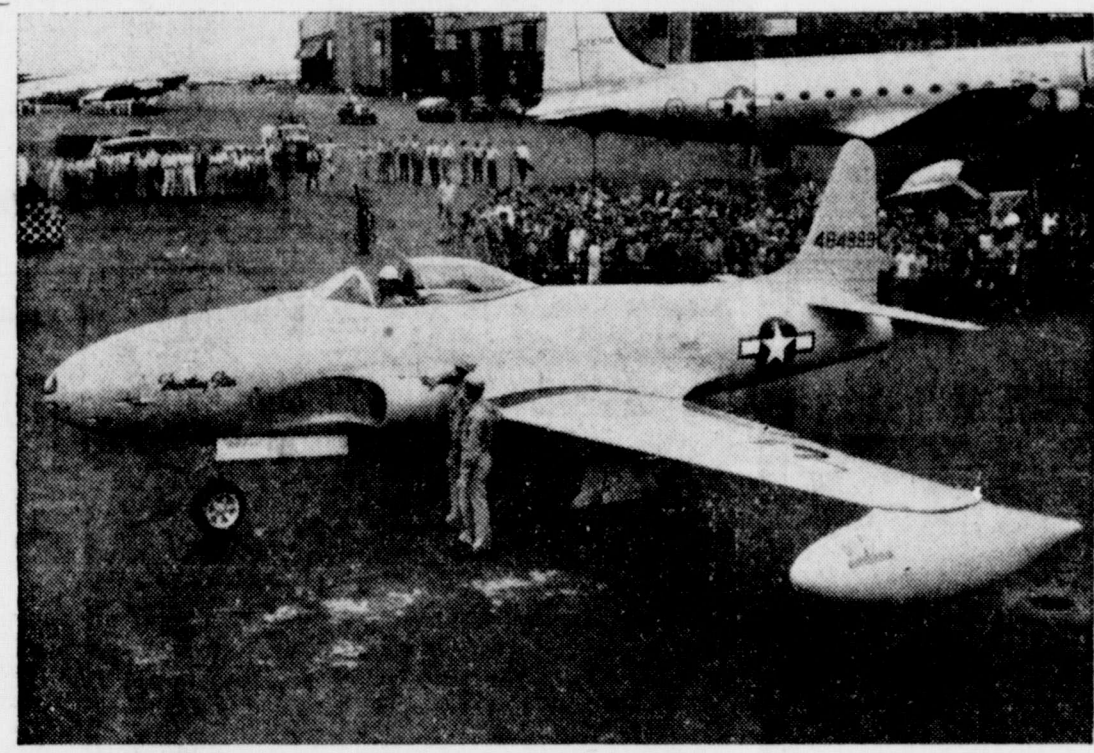

Each was urged to bring a hammer, saw and square, if possible, and report to the field next Monday evening at 6 o'clock. Rotten or damaged boards will be taken from the stands and replaced with sound lumber which the Athletic association will provide.

The field has been cleared of high grass and mowed and it is now in fine shape. The turf is excellent. It is being watered regularly and will be kept mowed so that at the opening of the season a beautiful gridiron should be assured.

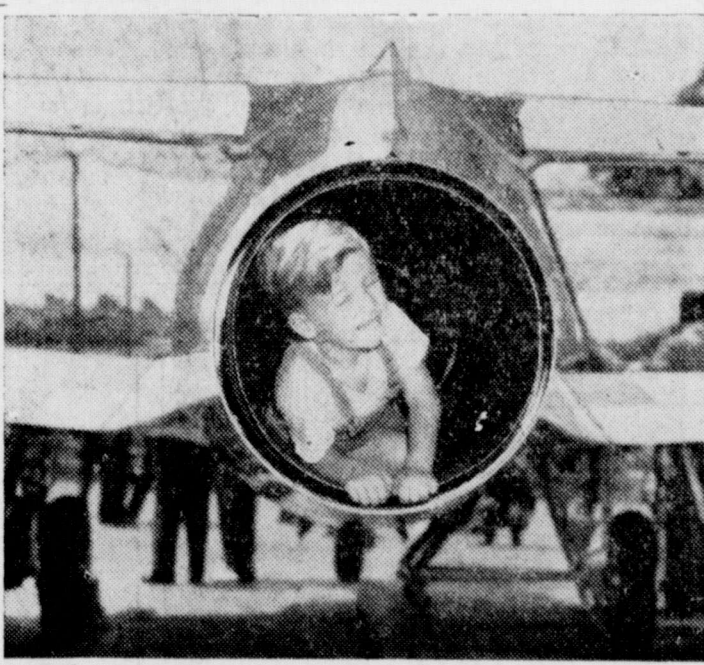

Meanwhile lights have been ordered and will be here within three weeks for installation on the steel poles already in place.

"POST NO BILLS"—That admonition would do no good in Wittenberg Platz, Berlin, where court-yard of signboards appeared listing new addresses of shopkeepers in last days of Nazi rule. Photo was taken by Hans Martin Herloff, of Copenhagen, and shows damage done by Allies' attack.

"SHOOTING STAR"—Crowds at La Guardia Field view P-80, newest and fastest of the Army's jet propelled fighters, which was flown 544 miles from Wright Field, Dayton, O., to La Guardia in 62 minutes flat, averaging about 503 miles per hour. Col. W. H. Council did the flying.

NO GOOD FOR BUNK—Neal Newton, Jr., climbs into Lockheed P-80 jet plane, trying it on for size. Place would be no good to bunk in, as the outlet heats up to 1500 degrees Fahrenheit when it is in action. That would make Neal a hard-boiled egg, as it's over seven times as hot as water's boiling point.

Army's stream-lined redeployment of forces to the Pacific.

Within 24 hours they were on their way again by train to Camp Blanding, Fla. There they were to be sent on to centers nearer their homes for separation from the service or furloughs before taking on new army assignments.

Among the returnees were two men from Cisco, Tex., as follows: Sgt. Curtis L. Hurst, 26, 1607 E avenue, infantry; 23 months overseas service terminated in Europe; five battle stars. Pfc. Marcos C. Barbosa, 26, Bedford street, engineers; 32 months overseas service completed in Europe; five battle stars.

MIAMI Fla., Aug. 7. — A large group of Texans piled off transport command planes at Miami army air field one day last week to boost to more than 33,000 the number flown home from far-scattered battle fronts by ATC under the

## Ralph V. Glenn Now Stationed in Aleutian Isles

Headquarters of Major Gen. Davenport Johnson, Eleventh AF commanding general in the Aleutian Islands, announces that First Lt. Ralph V. Glenn of Cisco, Tex., has recently arrived in that theater and has been assigned to combat duty as a B-25 bombardier-navigator. A photo of the Cisco furniture dealer accompanied the communication received by the Daily Press.

The medium bombardment squadron to which Lieutenant Glenn has been assigned has distinguished itself many times in sea searches and patrol missions of the North Pacific. Members of this squadron have brought terror to surface craft and enemy shipping of all types in daring deck-level attacks of precision bombings and completely devastating strafing runs carried out in the face of great hazards in the home waters of the Japanese Empire. Island targets of the Northern Kuriles have not been spared either by these intrepid men of the Eleventh Air Force who, flying land based planes from bases in the Western Aleutians, have flown thousands of miles over icy waters ferreting out the enemy and destroying him whenever the opportunity presented itself.

Lt. Glenn's wife, the former Madrine Hammond of Colorado City, Tex., still resides in Cisco and conducts the Glenn Furniture Co. His parents reside in Abilene.

## OPEN FORUM MEETING AT 8 TONIGHT

At the request of a number of interested citizens, and special invitations have been given members of women's organizations, the city commissioners and others to participate.

The meeting is open to all interested citizens, and special invitations have been given members of women's organizations, the city commissioners and others to participate.

A general understanding of the difficulties which confront such a program should be obtained and means of meeting these problems and bringing about a general improvement in the city's appearance will be canvassed.

The meeting will be held at 8 o'clock at the new chamber of commerce offices.

## Soil Demonstrators Get Orders for Fertilizers

Requisitions for 1,121 sacks of 46 percent superphosphate and 99 sacks of 32 percent ammonium nitrate for 16 different Eastland county TVA demonstrators have been completed and mailed J. M. Cooper, county agricultural agent, informed the Daily Press Monday.

The phosphate will go for use either on pastures or under soil building crops such as hairy vetch and abuzzi rye this fall, or cowpeas next summer. The nitrate fertilizer will be tried on corn, feed crops and in gardens next spring and summer. The TVA program has been in operation in Eastland county since 1937, Cooper said.

A marked increase in winter cover crops is now being grown in the county, partly as a result of the TVA program. Hairy vetch and abuzzi rye made an excellent growth and a seed crop last spring and there is now plenty of vetch seed available from different men in the county.

Three new demonstrators were accepted this year by the victory council, sponsoring organization of TVA. They are A. W. Armstrong, G. A. Dunn and O. A. Criswell, all of the Rising Star community.

Other demonstrators are John Love and Melva Love, Alameda; Cecil Shultz and J. B. Eberhardt; W. A. Maples, Rising Star; H. H. Lawson, Doss Alexander and J. D. Inabnet, Pioneer; I. S. Echols, Staff; Herman C. Jordan, Flatwoods; J. F. Moseley, Olden; F. M. Spurien, Eastland; Joe McNeely, Gorman.

## SCHAFFER HORN INJURED.

Schafer Horn, former well known Cisco resident and now employed at Albany by Hickok & Reynolds, Inc., as assistant field superintendent, was severely injured Sunday while pulling tubing north of Albany. A heavy wrench he was using slipped and struck Mr. Horn in the head. He was unconscious from about 2:30 Sunday afternoon until 10 o'clock that night. Report from his bedside in Albany this morning said he seemed some better but that the extent of his injury was still undetermined.

## US. CLAMPS IRON CENSORSHIP ON DETAILS OF ATOM BOMBING AND STUNNED JAPS SAY LITTLE

SAN FRANCISCO, Aug. 7. — Reverberations of a single terrifying bomb which possibly obliterated a Japanese military city yesterday drowned out the roar of high explosives rained by 123 Superforts today on Toyokawa naval arsenal 175 miles southwest of Tokyo.

London predicted the Allies would hand Japan a new ultimatum packing the power of the atomic bomb that blasted Hiroshima. Emperor Hirohito's advisers would have a choice between unconditional surrender within 48 hours or oblivion for their sacred islands.

Washington mentioned Tokyo itself, or another key Nipponese city, as the next probable target of the terrible atomic bomb.

Tokyo, in the cautious words of an imperial communique, admitted "considerable damage" was caused to Hiroshima by the "new type bombs." Apparently destruction was so great the Nipponese war lords couldn't believe it was a single bomb. Rail transportation to the city on the southern shores of Japan's main island was cut off. "Details are now under investigation," Nippon's high command said.

Some sources in Washington suggested the "details" would show the city of more than 300,000 was just about wiped out by the single bomb.

Both sides exploited the propaganda value of war's newest and most devastating weapon. American planes showered Japan with pamphlets on the destructiveness of the bomb. Tokyo said U. S. "impatience at the slow progress of the projected invasion of the Japanese mainland drove the enemy to resort to such inhuman tactics."

While a strict military censorship bottled up details of just what happened to Hiroshima, cryptic officials reports and results of experiments with the atomic bomb indicated it was something like this:

The bomb burst with a blinding flash. Billowing clouds of smoke, debris and multi-colored gases blanketed the city. Some of the city simply vanished under atomic disintegration. Japan trembled for miles around as though shaken by one of the islands' familiar earthquakes.

The bomb which may be packed by the new B-32, was described as 2,000 times as destructive as any other bomb and carrying an explosive power equivalent to 20,000 tons of TNT. A pea sized amount of the atomic death can excavate a hole large enough to hold a house.

Unveiling of the atomic bomb perhaps explains why some commanders in the Pacific have hinted that the war against Japan might be won from the air. The Nipponese have no defense against threatened atomic bomb attack, described by President Harry Truman as "a rain of ruin from the air the like of which has never before been seen by man."

Iron censorship was clamped on details of the atom bombing of Hiroshima by the U. S. strategic air forces today, but from the stunned enemy finally came admission that the terrific new weapon had done great damage.

A Japanese imperial communication broadcast by Radio Tokyo hinted the Nipponese war lords were scurrying about, trying to determine what hit the Hiroshima army base.

While meager U. S. disclosures said one bomb had hit with such devastating force that the city was hidden in a towering cloud of dust, the Japanese talked of new "bombs." Their use of the plural indicated the blast was so shattering they could not believe only one bomb had struck.

The imperial headquarters statement was amplified later by

a Domei news agency despatch quoting Tokyo "informed quarters" as saying that the bomb was parachuted and exploded before reaching the ground.

## R. C. Adams Seriously Hurt in Auto Collision

R. C. Adams of Dothan, who is about 65 years of age, is reported to be in a very dangerous condition at Graham Sanitarium as result of collision of the car in which he was riding and a truck at east Eighth street and A avenue, Saturday afternoon.

The car in which Adams was riding was driven by Gus Hutton of Cisco. Hutton and James K. Avery of Baird, the latter being the driver of the truck, were both shaken up but escaped physical injury.

Following the accident Mr. Hutton was arrested by Cecil Lamb, Cisco police officer and was placed under bond of \$1,000, the bond being prepared by Justice of the Peace Henry Stubblefield and turned over to Earl Connor, district attorney at Eastland. Hutton later made the bond and was released from custody. The accident may be investigated by a grand jury at the September term of court, Mr. Connor stated.

## VATICAN REGRETS BOMB.

VATICAN CITY, Aug. 7. — The Vatican City newspaper L'Osservatore Romano called the new atomic bomb dropped on Japan "a catastrophic conclusion to the war's apocalyptic surprises."

It compared the invention of the atomic bomb with the invention of a submarine by Leonardo da Vinci, the 16th Century Italian artist and inventor.

It expressed regret that the bomb's inventors did not, like Da Vinci, destroy their creation in the interest of humanity.

"Da Vinci wanted to defeat death by thought," L'Osservatore said, "but the road of men who have not his Christian charity must defeat death with death. This incredible destructive instrument remains a temptation, if not for horrified contemporaries then for posterity, to whom little is taught by history."

## MURDERER SENTENCED.

LUUBOCK, Aug. 7. — A. J. Wright of Clyde, 21, was sentenced late yesterday to life imprisonment for the murder of W. T. Lamb, filling station attendant here. Wright and 18-year-old Winnie McKeever Garner, who will go on trial Thursday, signed statements admitting they had killed Lamb in an attempt to rob the gas station.

## FIRST COTTON BALE.

HOMER, La., Aug. 7. — Claiborne parish yesterday delivered the first bale of cotton of the 1945 crop.

## TRUCKER INSTANTLY KILLED.

ABILENE, Aug. 7. — Edgar Lee Davidson, 23, of Tulsa, Okla., was killed early today when his truck rammed into the embankment at the south end of Highway 80 underpass, five miles west of this city. The truck was hauling heavy pipe. Police think Davidson was asleep when the vehicle left the road.

## POLIO TECHNICIANS.

FT. WORTH. — Two trained technicians from Elizabeth Kenny Institute, Minneapolis, are here to assist in combatting polio, which today had risen to 49 cases with 35 patients still undergoing treatment.

# THE CISCO DAILY PRESS

Consolidated with Cisco Daily News and Cisco American and Round-Up, November, 1937.

Entered as Second Class Matter December 11, 1934, at the post office at Cisco, Texas, under Act of March 3, 1879.

A. B. O'FLAHERTY, Publisher and General Manager.

National advertising representative: Texas Daily Press League, Dallas, Texas.

SUBSCRIPTION RATES: \$2 per year (six months \$1.50) by mail (outside Cisco) in Eastland, Stephens, Shackelford and Callahan counties, Texas; outside above-mentioned counties \$3.50; \$5.00 in U. S. outside of Texas.

Published daily except Saturday and Monday at Cisco, Eastland county, Texas, by Free Press Publishing Corporation, incorporated under the laws of Texas. Editorial and publication offices at 301-306 D Avenue, Cisco, Texas.

Per year, in advance (Cisco) \$5.00  
Per week, by carrier boy 12c

## GERMAN LOSSES.

It is interesting to see what the triple conference in Berlin has done to German territory. Russia, which owns more land than any other nation in the world, and needs outlets here and there, gets the northern part of East Prussia, where the great philosopher Immanuel Kant lived. Poland gets the rest of it. Germany was previously dispossessed of the Rhineland, the province she had seized west of the Rhine.

That whole region has been a battleground shifting back and forth 2,000 years. Adolf Hitler thought he had it all stabilized and in German hands for ages to come, but apparently he misjudged the situation.

## MORE MEAT.

There will be more roasts and steaks this fall and winter, says Secretary of Agriculture Clinton P. Anderson in the American magazine. That's good. But the epi-

ture, fussy about what he eats, will miss some favorite foods. Sugar, eggs, chickens, pork, lard, butter, will be short at least until next spring.

As for soap, he doesn't say, "No soap!" But he does say there will be less. "We are not getting our usual quota of oils, used in soap manufacture, from the Argentine republic, even though she has an abundance." He hopes a better arrangement may yet be worked out, but meantime housewives will not be able to use soap with their usual prodigality and demand for special brands. They must take what soap there is, and make each bar and package go as far as possible.

Mr. Anderson asks farmers and gardeners to produce to the limit at this time. "Surpluses which used to wreck us may yet save a hungry world from collapse," he says.

## TRAVEL.

To Americans eager to visit Europe this summer — and there are plenty of them — it has to be repeated again and again that there's no place like home. Travel is permissible, in theory, everywhere excepting in Germany, Austria and Italy, but it is hard to get transportation. And when an

## "THAT LITTLE GAME" Inter-nat'l Cartoon Co., N.Y.—By B. Link

**TAKE TIME.**  
Take time to work — it is the price of success.  
Take time to think — it is the source of power.  
Take time to play — it is the secret of perpetual youth.  
Take time to read — it is the fountain of wisdom.  
Take time to worship — it is

the highway to reverence.  
Take time to be friendly — it is the road to happiness.  
Take time to dream — it is hitching your wagon to a star.  
Take time to love and be loved — it is the privilege of the gods.  
Take time to look around — it is too short a day to be selfish.  
Take time to laugh — it is music of the soul.

## WOMEN IN WAR

**1945 WOMEN DO THEIR PART EVERY TIME THEY SAVE USED COOKING FAT TO REPLACE INDUSTRIAL FATS AND OILS NEEDED IN THE MANUFACTURE OF SYNTHETIC RUBBER, PRINTS SOAP AND FABRICS. USED FAT BRINGS CASH AND EXTRA RATION POINTS.**

**ACCEPTS NEW POST**—Guy M. Gillette, former Senator from Iowa, as he took over office as president of the American League for a Free Palestine and chief political advisor of Hebrew Committee of National Liberation.

## MEN! GET PEP..

Do you want to feel young again? Why feel old at 40, 50 or more? Enjoy youthful pleasures again. If added years have slowed down your vim and vitality, just go to your druggist and ask for Casella tablets. Many men are obtaining remarkable results with this amazing formula.

## LAGUNA TAXI SERVICE.

Friendly, Efficient and Courteous Service.  
Day Telephone 82  
Until further notice for night service telephone 85.  
R. M. GEE, Owner.

**QUIT IN PROTEST** — Dr. Betty Hayes, who resigned as company doctor when Shawmut Mining Co., refused at this time to put through sanitary reforms she recommended in Force, Byrsdale and Hollywood.

insistent American does get over there, it is hard to get back. A tourist is likely to be stranded in places where he didn't want to go, and might even have to spend the winter in some outlandish place where he couldn't even get enough to eat.  
It isn't so bad here in "God's country." But even so, there are many reports in vast Texas of travelers getting stranded here and there, and having a hard time getting where they want to go. So why not just settle down and take things comfortably? Sooner or later the war will be over, and people scattered around and settled down again more or less where they belong, and then it will be all right to roam around, and fun to hear other people tell how they got back home.

Released by U. S. War Department, Bureau of Public Relations.  
**NOW HE IS CHIEF OF ARMY AIR FORCES**—Lieut. Henry H. Arnold in a Wright Brothers plane at the Signal Corps Aviation School, College Park, Maryland, in the summer of 1911 when he was on duty as an instructor. He was the first military aviator to make use of radio to report his observations. From those times until today as General of the Army and head of U. S. Army Air Forces his career has been linked with the history of American military aviation.

TACKY PARTY WAS A GAY EVENT. Mrs. Cecil Adams was hostess last Thursday evening to members of Ruth class of First Baptist Sunday school who met in her home for an old-fashioned tacky party.

Costumes for the occasion were varied — some wearing bustle dresses and tooth pick shoes; some dressed as great grandmothers, smoking cob pipes; others were dressed as flappers of the 1920-30 period and one South sea island beauty came wearing the grass dress of the islanders. The remainder of the class were just plain tacky.

Mrs. Clappitt was winner of the prize for the "best" costume.

## NOTICE.

There will be a meeting at 1 o'clock Thursday afternoon at Leeman Anderson Church, A avenue and east Seventh, of the old people and their friends. We also extend an invitation to L. R. Pearson of Ranger, state representative. Purpose of the meeting is to discuss the amendments to be voted on August 25. ALEX MARTIN, 603 Harris avenue. 228

## NOTICE.

It has come to my notice that a report has been circulated that I have given up the practice of medicine. I take this method of correcting such rumor, since I still do a general practice, emphasizing obstetrics. Dr. W. P. Lee. 233

## MALARIA

CHECKED IN 7 DAYS WITH LIQUID for MALARIAL SYMPTOMS. Take only as directed.

GOVERNOR TAKES FAMILY FOR A DIP—One of the first things Gov. Earl Warren of California did after arriving at Santa Monica to set up his office for the summer, was take some members of his family for a cavort in the surf after they indulged in a bit of grunion fishing at the Malibu Beach cottage of friends. Left to right with the governor are daughter Dorothy, 14; Mrs. Nina Warren, his wife, and another daughter, Nina, 11. They seem to enjoy it.

A series of appropriate games were played by the group and at the close refreshment plates of baked beans, fresh onions and corn bread with dessert of punch and ginger bread were served by the hostess. A second helping of onions was permitted. Napkins of newspaper were used.

Those present were Mesdames Betty Evans, Martha Roark, Frances Henry, Clara Lee Adams, Jane Baker, Marguerite Pittman, Lois Rowland, Fay Stalcup, Dorothy Richardson, Catherine Bengel, Kay Clappitt, Geneva Gamblin, Lucile Cozby, and two visitors, Mrs. G. M. Stephenson and Mrs. Margaret Huddleston.

HE FLIES 'EM, TOO—Wallace A. Lien, of Minneapolis, was first to fly a P-80 jet plane from Wright Field Dayton, O., to National Airport, Washington.

## FREE ESTIMATES

## REPAIRS

We will gladly give you a free estimate on the cost of making necessary repairs. Easy terms suited to your convenience can be arranged.

## INSULATION

This is an ideal time to insulate. Good insulation keeps your home cool in summer and saves fuel in the winter. Costs are still surprisingly low. Easy payments can be arranged.

## PAINTING

Don't let the lack of ready cash keep you from doing needed painting. Both interior and exterior should be kept up. Do these jobs now and pay on easy terms.

## BRIEFLY TOLD

Mrs. John C. Day of Orange, Texas, who is visiting her mother-in-law Mrs. Nellie G. Weatherby of route two, south of Cisco, has received the Purple Heart for wounds which her husband Pfc. John C. Day received when he was killed in action April 1, 1945, while serving with the Marines on Okinawa. Pfc. Day, 21 years of age, born in Snyder, was reared in Cisco and attended Cisco schools. Prior to joining the Marines in August, 1943, he was foreman of the Red Rock Cola plant in Houston. He had been overseas since November, 1944. He was the father of one child, Jo Ann Day, who is also visiting here.

Lieut. Gayle Bailey has returned to Sioux Falls, S. D., after spending a few days here with Mrs. Bailey and his parents Mr. and Mrs. M. D. Bailey, Sr.

Mrs. J. R. Blackburn and daughter Dena plan to go to Cross Plains Wednesday for a visit with relatives.

Mrs. T. B. Warren of Brownfield has been visiting her niece and husband Mr. and Mrs. W. M. Isenhower this week and other guests expected are Mrs. Isenhower's.

er's uncles Messrs. George and Allen Ellis of Athens, Tenn.

Miss Dora Lillian Blackburn and guest Miss Francis Pelfrey of Denton, accompanied by Mrs. J. R. Blackburn and daughter Dena, visited in Eastland today.

Mr. and Mrs. Ross Cotten and daughter Barbara and Mr. and Mrs. Everett Davis of Beaumont were expected to arrive today for visits with Mr. and Mrs. Bill McCall and Dr. and Mrs. Charles C. Jones while on vacation.

C. B. Hopkins came in Sunday from Fort Worth to accompany Mrs. Hopkins and their daughter Juddy Jean home after a visit in Cisco with her parents Mr. and Mrs. T. A. Graves.

A. E. Swann of the navy signal corps and Mrs. Swann arrived Sunday from the west coast for a visit with his parents Mr. and Mrs. W. R. Swann on West Tenth street. The young man has spent the past four years in the service and is home on 30-day leave.

Mr. and Mrs. Olin Elliott of Moran transacted business in Cisco today.

Miss Dorothy Jean Anderson has gone to Big Spring for a visit with Miss Jo Ann Terry, former college room mate. She will attend a number of social affairs this week honoring Miss Terry and will be a bride's maid at the Terry-Underwood wedding which will be held there August 12. Miss Terry has visited in Cisco several times.

Miss Veda Faye Ramsower, who has been a guest of Miss Dorothy Jean Anderson and other Cisco friends the past week, has returned to Plainview.

Mrs. W. I. Cabanes has as weekend visitors in her home her son Jack Cabanes of Midland and her daughter and grand daughter Mrs. M. H. French and Mrs. Gladys Hart and her small daughter Gladys of San Antonio.

Mrs. Claud Arnett and son Bobby of Abilene were weekend guests of her sister and husband Mr. and Mrs. E. C. McClelland of route one, Cisco.

Mrs. Beulah Surlis of Oklahoma City is visiting her parents Mr. and Mrs. J. D. Yarbrough and other Cisco relatives.

Mrs. R. W. Warren of Weslaco came in Monday evening for a visit with her daughter and husband Mr. and Mrs. H. N. Lyle.

Mrs. Ed Green of Kilgore, the former Miss Cleo Wright, has been visiting her mother Mrs. S. C. Wright for several days.

Mrs. Ina Pyle Martin and Miss Doris Jo Pyle went to Waco Monday for a week's stay. They plan to stop at Gorman for a visit with relatives on their return to Cisco.

Mrs. J. Walton Culwell is expected to return from Pueblo, Colo., Wednesday where she has been visiting her sister and husband Capt. and Mrs. Jack Gourley and their infant daughter Susan Diann.

Staff Sgt. and Mrs. Charles R. Nelson and Mrs. C. K. Shelton of Big Spring have been visiting their parents Mr. and Mrs. John Elmore and their sister Mrs. W. W. Sledge. Sergeant Nelson is leaving for Kerens, Utah, for assignment.

The infant son born to Lt. Col. and Mrs. D. G. Alford in the Methodist hospital in Fort Worth Sunday afternoon died there Monday at 6 p. m. Funeral services will be held here this afternoon at 5 o'clock at Thomas funeral chapel, with Rev. J. R. Wright officiating. Burial will be in Oakwood cemetery. The babe was a grandson of Mr. and Mrs. Raby Miller of Cisco and Mr. and Mrs. V. Carl Alford of Brownwood.

Mrs. Herman Qualls has returned to Odessa after a visit here with her parents Mr. and Mrs. J. D. Yarbrough. Her daughter Miss Jo Ann Qualls remained for a longer visit with relatives.

Miss Dorothy Nell Isenhower is visiting at Corpus Christi with her sister and brother-in-law Mr. and Mrs. W. A. Fetterly.

Word received by his parents Mr. and Mrs. J. D. Yarbrough stated that their son Lieut. L. M. Yarbrough is now located at St. Joseph, Mo., as an airplane inspector.

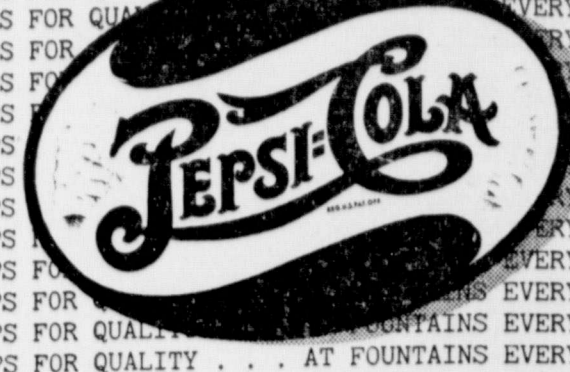

H. A. McCannies of Breckenridge spent Sunday with relatives here and reported that his daughter Mrs. Preston P. Briggs, who recently underwent surgery at Bartlesville, Okla., is doing much better than was at first expected.

Mrs. Ora Foreman had as weekend guests in her home her daughter Mrs. Pearl Ghormley and her son J. Grant Ghormley of Fort Worth, Mrs. L. D. Foreman of Odessa and brother Bill Lauderdale of Fort Worth.

H. R. Garrett and daughter Dorothy have gone to Alabama for a visit with relatives and will spend some time in Tennessee before returning home. Mrs. G. Roy Heifrin plans to join her father and sister there soon.

Mrs. S. C. Wright of west Ninth street had as visitors today her sister and husband Judge and Mrs. Elzo Been and her mother Mrs. G. W. Cannon of Carbon.

# NEVER A SOUND

The Gas Refrigerator  
 has no moving parts to  
 make noise—this means  
 important advantages:

- LONG LIFE  
Parts that do not move, do not wear
- TROUBLE FREE  
No moving parts to wear and need fixing
- CONSTANT COLD  
No stopping and starting of refrigeration cycle
- LOWEST OPERATING COST  
Takes little bargain-priced Lone Star Gas to run

With this simpler refrigerating method there's no machinery to wear—to get noisy—to need replacing. It's the magic gas flame that makes this fundamental difference.

It is little wonder that more and more people are saying, "My next refrigerator will be a gas refrigerator." Trouble-free gas refrigerators will be back in the stores after the war is over. In the meantime, keep on buying bonds!

LONE STAR GAS COMPANY

 413 D Avenue.

### Pack Away Peaches For Pantry Gold

IT'S a magic syrup pouring into this jar of peaches, a corn syrup-and-sugar blend to preserve more natural fruit flavor and color and to give more golden rows of fruit than would be possible using an all-sugar syrup. Here is the recipe:

- Karo-Canned Peaches**  
 (20 pounds fresh yield 8 quarts canned)
- Thin syrup**  
 6 1/2 cups water  
 2 cups Red Label Karo  
 2 cups sugar
- Medium syrup**  
 5 1/2 cups water  
 1 cup Red Label Karo  
 2 1/2 cups sugar
- Heavy syrup**  
 4 1/2 cups water  
 2 1/2 cups Red Label Karo  
 4 cups sugar

Put water, Karo and sugar in saucepan; bring to boiling point. Remove from heat. Use hot for packing fruit. Select firm, ripe peaches; slip skins; cut in halves and remove pits. Pack raw fruit immediately into hot jars, pit side down and halves overlapping. Fill jars to within 1/2 inch of top with hot syrup. Seal immediately according to type lid and jar. Process 20 minutes in Boiling Water Bath.

#### ACTS ON THE KIDNEYS

To increase flow of urine and relieve irritation of the bladder from excess acidity in the urine

Are you suffering unnecessary distress, backache, run-down feeling and discomfort from excess acidity in the urine? Are you disturbed nights by a frequent desire to pass water?
