JAP ENVOYS TO SEE M'ARTHUR

HERCULEAN TASK.

Possibly it is not overstating to say that the democratic theory of government faces its greatest test in history here in the United States during the next few years, says the Dallas News. And the gravest danger will come from the public impulse to assume that all is well now that the war crisis is over.

The shadow of death to democracy from aggression from without has been lifted. So has the shadow of death to our fighting men that has hung over our nation and especially over ten millions of our homes.

But the light that floods us with the lifting of these clouds must not be allowed to blind us to new dangers.

A commentator remarked, when news of the war's end was received: "Well, this is also the end of President Truman's honeymoon."

He was not criticizing the President, nor making a prediction of dire developments for the president. He meant merely that the lifting of the sense of wartime obligation from the people would confront him with much criticism and obstruction that he has hitherto been spared.

But the real significance lies in the fact that, despite the horror of war through which we have gone, its end brings the end of many other honeymoons in both public and private lives.

In some instances this honeymoon has been in the form of co-operativeness of public spirit on account of the war. In others it has been in the form of material gains in good profits, salaries and wages.

These numerous honeymoons are going to end. In addition there will be new problems even for those who have been enjoying no honeymoon. Two dangers will arise.

The first will be in the inevitable effort to continue and even expand the powers of an already paternalistic government—and, of course, with a continuation of deficit financing by the government to foot the bill.

The second is that we may become so absorbed in our internal problems that we will forget the external ones. This would be fatal to the postwar program of international peace and order. We have an obligation there that is even more pressing than was the obligation to go into the war. For now the blood has been spilled.

Just as the first practical step toward attaining the ends of victory in the Far East is the taking over of Japan by MacArthur, so the first practical step in our domestic affairs is the re-establishment of the civilian order and economy.

We have talked much about "reconversion" without either doing much about it or even understanding the real need of it.

A herculean task lies ahead. It should be attacked by President Truman and a Congress reconvened without a day's loss of time.

Doc Cabaness Explained GI Bill to Rotary Club

After a very proper introduction by Program Chairman J. J. Callaway at the Rotary club today, Doc Cabaness made a most complete and clear analysis of the GI bill, with reference to the educational opportunities for honorably discharged war veterans. Charles Graham of the Nance Motor company was duly inducted into the club as a new member by E. P. Crawford.

President Fewell announced that Charles Peyton of Cleburne, Rotary governor, would have charge of the program next week, following a meeting with the directors and heads of committees at Laguna Hotel next Wednesday at 8 p. m. Other visitor was J. C. Oliver, guest of W. P. Guinn.

Mr. Callaway introduced the subject by telling of his contacts with many soldiers and his talks with them regarding the educational opportunities offered veterans by the government through this GI bill. Mr. Cabaness told of the origin of the bill by the American Legion, but said it was used as a political football to the extent that it was hardly recognizable, but, despite that, the educational feature is a splendid one.

He said the loan feature is more or less a joke, but the bill is a wonderful thing for the men and boys who would be wise enough to accept it. He then told of the Bible beggar who contacted dicycles and, instead of getting money, received instead the power to walk. Continuing, he said that few really received any permanent advantage from the bonus from world war one; like himself, they spent it freely and quickly.

But in the educational feature Cabaness said there was no red tape. It is very plain; and then he showed how simple the application really is.

He explained in detail eligibility and how to apply, both for the handicapped and non-handicapped. He especially dwelt on the vocational feature. He spoke of the pay while in school, which is sufficient to keep a man and his wife while taking the education.

But, strange to say, he emphasized, thus far he has had no person apply to him for such a course. The trouble is, he said, that all are too anxious to get a job and go to work, saying that after working a while they might do it. The time limit of acceptance is two years.

The speaker, Mr. Callaway and the president of the club, urged that all Rotary members do all in their power to persuade young men to think seriously before they reject this opportunity for more education. There will be plenty of time to work, and it will be much more efficient if they finish their education before getting that job. The increased ability to earn money will more than compensate for the apparent loss of time.

A number of Rotarians asked questions, which made the whole plan very clear and simple.

NEW YORK REVELERS.

NEW YORK, Aug. 16. — New Yorkers — still bent on victory celebration — had turned Times Square into a bedlam of revelry again early today. Some 1,200,000 delirious, singing, confetti-throwing celebrants jammed into the square Wednesday night. Two million was the peak number of merrymakers in the area Tuesday night.

TO TRAVEL FASTER.

WASHINGTON, Aug. 16. — The federal government's order for a 35-mile-an-hour speed limit probably will be rescinded within the next few days.

Sgt. Will Hunt, 26, son of W. D. Hunt, has arrived in Cisco after being mustered out of the service at San Antonio. He spent three years with Patch's Seventh army in Germany, Italy, North Africa and Belgium.

MEETING TO TAKE PLACE ON IE SHIMA ISLAND TOMORROW SAYS OKINAWA BROADCAST

GUAM, Aug. 16. — The Japanese plane carrying Japanese emissaries to Gen. Douglas MacArthur's headquarters will arrive on Ie Shima Island tomorrow, an official broadcast announcement from Okinawa said today.

At least four Japanese delegates are expected. They will arrive some time between 10 a. m. and 1 p. m. and paused briefly at Ie Shima en route to Manila, the broadcast said.

Meantime, the Japanese continued fighting today on Northern Luzon despite American efforts to convince them that their government had surrendered.

Maj. Gen. Fred Irving, commanding the 38th Division fighting east of Manila, instructed Brig. Gen. William Spence of San Antonio, Texas, to broadcast the news from Piper Cub planes and land vehicles.

Hirohito Issues Order.

MANILA, Aug. 16. — Tokyo said today that Emperor Hirohito has ordered all Japanese armed forces to cease hostilities immediately, but warned that it may take days for the order to reach remote islands and other areas.

Word that Hirohito has complied with the first of the directives of Gen. Douglas MacArthur, supreme occupation commander, followed closely a Navy announcement that Japan will sign surrender terms aboard Admiral Chester W. Nimitz's American Pacific Fleet flagship.

A Guam announcement said Nimitz had invited the commanders of the Pacific strategic air forces and Marine forces aboard his flagship to witness the surrender of Japanese military forces. However, Guam said this did not mean necessarily that the actual ceremony would take place aboard the flagship.

The official Japanese Domei news agency broadcast the announcement of Hirohito's "cease fire" order in a "flash" bulletin at 4:45 p. m. (3:45 a. m. EWT), more than 27 hours after MacArthur directed him by radio to end hostilities.

John W. Green, 85 Buried at Scranton at 5 Today

John W. Green, 85, formerly of Cisco but lately residing with his son-in-law, Milton Newman, at Odessa, died at 3 o'clock yesterday afternoon in a Ranger hospital, where he had been for the past three months.

Funeral will be held at the Methodist church in Scranton at 5 o'clock this afternoon, with burial in Scranton cemetery.

In his earlier life he was in the ginning business at Boda, Comanche county, and also served as postmaster there. Later he moved to Scranton to educate his children. In 1929 he moved to Cisco to make his home with Mr. and Mrs. Milton Newman, and when Mr. Newman moved to Eastland to become deputy sheriff, he accompanied them.

Survivors include the following sons and daughters, the wife having died many years ago: H. H. Green, Carbon; R. E. Green, Tom Green county; J. T. Green, Comanche county; W. B. Green, Dallas; Mrs. Milton Newman, Odessa, with whom he had made his home for some 20 years; Mrs. Lola Quinn, Dallas; Mrs. Earl Edwards, Odessa.

Arrangements already were progressing swiftly for presentation of the Allied surrender terms to an authorized emissary at Manila, probably Friday afternoon or Saturday.

MacArthur was working long hours and conferring almost continuously with his staff in preparation for the conference. It was believed he will rush preliminary negotiations as fast as possible in order to make the armistice effective and pave the way for his entry into Tokyo.

High officers of Russia, China, and Britain already were in Manila and presumably will represent those powers at the preliminary armistice conference.

Army units which will be the first to enter Japan already have been alerted, but arrangements for their movement to the enemy homeland have not been completed. Units of the Sixth and 10th Armies probably will be among the earliest arrivals, with some phases of the occupation entrusted to the Allied fleets.

Mr. Roden, clerk of the association, said the encampment would open tonight and close Sunday afternoon.

Encampment attendance in past years has reached the 500 mark, and it is expected that the attendance this year will be very good, Roden said.

J. F. Collings of Abilene is moderator of the association and C. L. Casey is minister of the Cisco church.

Resume of the 4 Amendments to be Voted on Aug. 25

Below is a brief resume of the proposed amendments to the Texas Constitution to be voted on Saturday, August 25, and is given herein as each amendment will appear on your ballot:

No. 1—This amendment provides that during the time the United States is engaged in fighting a war, or within one year after the close of the calendar year in which said war is terminated, no person, who at the time of holding any election in this state authorized by law, or who, within eighteen months immediately prior to the time of holding any such election was a member of the armed forces of the United States or of the United States maritime service or the United States merchant marine, is required to pay a poll tax, or to hold a receipt for the payment of any poll tax assessed against him, in order to vote at any election. The foregoing amendment, if adopted, does not give any person the right to vote who is a member of the regular establishment of the United States army, navy or marine corps.

No. 2—This amendment provides that members of the legislature shall receive \$10 per day during their tenure of office, and in addition each member shall receive not to exceed \$2.50 for each twenty-five miles as mileage in going to and returning from the seat of government for sessions of the legislature.

No. 3—This amendment provides that the supreme court shall consist of a chief justice and eight associate justices, any five of whom shall constitute a quorum, and the concurrence of five shall be necessary to a decision of a case. Our present court consists of three justices and a commission of appeals composed of six judges who now assist the supreme court without the power to vote and this amendment, if adopted, will make the six commissioners full members of the court with voting power on decisions.

No. 4—This amendment, if adopted, will empower the legislature to increase the amount for old age assistance from \$15 per month (as now provided by the constitution) to \$20 per month of state funds to be matched by the federal government with a like amount, which in effect would be, with both state and federal money,

the pensioner could be paid an amount up to \$40 per month. This amendment further provides that a maximum of twenty-five million dollars can be raised by the state for its part in expenditures for the needy aged, the blind and needy children under 16 years of age.

Army Heads Fear More Treachery From the Japs

WASHINGTON, Aug. 16. — Peace is wonderful, but our men may still have to shoot their way into Japan.

The Army isn't at all sure that the treacherous Japs have changed since Pearl Harbor, even under their Emperor's commands.

The War Department doesn't yet know what General MacArthur's men will face when they land on the Jap home islands under the unconditional surrender.

And, until it does know, the Army cannot plan on how many men will be needed for occupation there. In Europe, we finally shall have an occupation force of 400,000.

The present uncertainty about what we shall encounter in Japan was made clear in a statement from Secretary of War Stimson when the army explained its demobilization program.

The secretary's statement said the War Department's first responsibility before it made additional men eligible for release, will be "to make certain that the Japanese have accepted the surrender terms in good faith."

"There are," he added "2,250,000 trained Japanese soldiers in the home islands alone and an equal number still to be disarmed in other Pacific and Asiatic territory."

"Until our own troops have moved in and ascertained that no new treachery is being planned by any groups in the Japanese population, we must have the means to stamp out any new enemy uprising."

ROUGHNECK AMERICANS.

SAN FRANCISCO, Aug. 16. — A wild night of uncontrolled rioting, looting and assaults subsided here early today after 1,000 police and Navy shore patrolmen dispersed mobs jamming downtown streets. The city's third night of celebrating found crowds in a destructive mood. Nearly every plate glass window on lower Market Street was shattered. Women were seized and roughly handled in many cases.

Cisco Church Being Enlarged for Coming Meeting

Rev. G. S. Westbrook, pastor, says an old-fashioned gospel meeting will begin at the local Church of Christ Monday night, August 17. Evangelist Clarence Morgan of Dalhart is scheduled to do the preaching and Lloyd Connell, Baird minister, has been engaged to direct the singing.

Both men are highly capable in their respective lines of work and Cisco people who attend the services are assured of strong spiritual messages and inspirational song services, Mr. Westbrook said.

The Cisco church is now building additional class rooms and enlarging its auditorium, all of which will be completed in time for the meeting.

Strickland Secretary for 12th Consecutive Year

Breckenridge National Farm Loan association held its annual stockholders' meeting August 11 at the YMCA building in Breckenridge. Luncheon was served and an interesting program, which included an educational address by Paul Walser, state soil conservationist, was presented.

At the directors' meeting later, the following officers were chosen for the ensuing year: President, Tom C. Hefner, Ivan route, Breckenridge; vice-president, Wm. R. Ussery, route two, Carbon.

Claude Strickland was reelected secretary of the organization for the twelfth consecutive year.

LAS VEGAS, NEVADA—Chet Lauck, the "Lum" of the Lum 'n' Abner team, finds relief pounding an anvil at his Bar-Nothing ranch near Las Vegas. Lum's protest is over a deal he made with young Chet (at left), which provides that all bull calves born at the Bar-Nothing belong to Chet, Jr., the heirs to Lum. Perhaps because of the war's influence on the birth of males, the last checkup of the Bar-Nothing's registered herds showed that young Chet led his illustrious father in the contest of sexes by a ratio of 3 to 1.

HIRAM JOHNSON.

Hiram Johnson, who recently died at 79, may be more gratefully remembered for his services to California than for his achievements in the Senate at Washington. As a public spirited lawyer and governor, he destroyed a corrupt political machine and set California on the path of self-government. Any mistake in the past 30 years are the state's own, not those made by bosses against whom the ordinary citizen could do nothing. It was this reforming record which made Theodore Roosevelt eager to have Johnson as his running-mate on the Bull Moose ticket in 1912. The chief senatorial achievement of the old fighter was his vigorous contribution to the destruction of American hopes of entering the League of Nations. While this attitude pleased many at the time, it has looked steadily worse ever since; and Johnson's antagonism to the San Francisco Charter, while consistent, commanded little popular support. He had, however, the courage of his convictions, and however mistaken he may have been at least he stood by his beliefs.

LAST OF THE CONFEDERACY.

The Confederacy is still in existence. Town Line, N. Y., a hamlet 14 miles east of Buffalo, voted in 1861 to join Jefferson Davis and, it has now been discovered, never rescinded its vote. Something apparently is going to be done about it by the loyal Town Liners of today.

Why a community so many miles from the South took such a stand is one of the mysteries. This section of New York was, according to election returns, coolly neutral in 1861.

Blue Ribbon Recipe For Berry Canning

THESE blackberries will take all honors next winter for flavor, color and firmness because they are being packed in a tested combination of Karo and sugar—a recipe to allow Mrs. Home Canner up to a third more jars of fruit from her sugar quota. (16 quarts fresh yields 8 quarts canned.)

Spread washed, drained berries in two shallow enamel pans. Pour 2 cups sugar and 1 cup of Red or Blue Label Karo over them, evenly. Let stand 20 minutes to draw juice.

Transfer one pan of berries to saucepan; cook over low heat until sugar just dissolved; stir carefully.

Fill hot jars to within 1/4 inch of top with berries and juice; add no water. Heat and pack remaining berries. Seal jars and process for 15 minutes in Boiling Water Bath.

MISSIE HAILEY WERE HOSTESSES TO GROUP.
Misses Margaret and Billie Hailey entertained the interest group of First Methodist WSCS Tuesday evening in their home on west Ninth street. After the group were welcomed they went in a body to First Christian church for the special community thanksgiving service held in observance of the war's end.

Following the service they returned to the Hailey home for a social hour. A short business session was held and Miss Nelda Smith was elected secretary to fill the place vacated by Miss Bettie Sue Armstrong, who plans to leave soon for college.

Refreshments were passed to Mrs. T. G. Caudle, sponsor; Mrs. H. A. Lewis, Misses Wanda Dunn, Bettie Flaherty, Lenora Rendall, Nelda Smith, Elova Moad, Bobby Jean Deen, Norma Jean Hansen, Margaret and Billie Hailey.

MRS. R. W. MERKET HOSTESS TO CIRCLE.

Due to absence of the secretary minutes of previous meeting were omitted. Reports of committees were made by the chairmen, after which a social hour was held.

Refreshments were served to Mrs. E. O. Elliott, Mrs. B. E. Morehart and grand-daughter, Mary Martha Borman, Mrs. J. R. Deen, Mrs. J. J. Porter and Mrs. Merket.

Let's Modernize Our State Supreme Court

Texas' phenomenal growth during recent years has brought a heavy demand upon the state's highest court. The last legislature proposed an amendment to the state constitution which would make our court comparable to that of other states in the population bracket of the great Lone Star.

NINE-MAN SUPREME COURT

Vote for a

August 25

No. 8—Third Amendment on the Ballot

because . . .

It will give a voice to all nine judges who now hear arguments and write opinions, but upon which only three are empowered to rule.

It will require a majority of five judges for court rulings, instead of two as at present. It will require five for a quorum, instead of the present two.

It will prevent the possibility of two judges handing down an opinion which might be entirely different to that held by one of the present three judges and all six of the court-appointed appeals commissioners.

It will enable the people of Texas to choose all of the men who serve on this court, with election of three each two years for six-year terms. Today one judge is elected each two years, with two Commissioners being appointed at the same time for six-year terms.

* * *

Lawyers are urging their clients and friends to vote for this amendment. Because we believe the people should have the added efficiency which the action would provide for the court, we, the undersigned recommend the adoption of this nine-man supreme court amendment.

New Use For Color Dynamics

PITTSBURGH, PA.—Newly discovered "energy" in paint colors, being used to advantage in industry to ease strain on workers, is being adapted to the home. Use of right paint colors—color dynamics—in interior home decoration, not only beautifies the home but cuts energy strain on the occupants. Hayes Quinn, nationally recognized color engineer, is shown in a Pittsburgh paint studio, analyzing various factors for maximum eye rest in color dynamics in the home.
