

MMERCIAL—Jane Dorris of the Arney Community actrophy for Best Commercial Float from Bill Harman on Harmon Toles Elevator of Arney.

AROUND TROPHY-George Sides of the Bethel Com left) accepts the traveling trophy for Best All Around om Castro County Fair Association president Noble C. after the parade Saturday. This was Bethel's second time to win the award.

CTIVE—Little Miss DeLynda Stanton, 3-year-old daughter western Public Service who had and Mrs. Tommy Stanton of Dimmitt had a rough time listed the new brick home as a rough low-slung dog at the dog show Saturday morning. In the pooch, who didn't win any ribbons, decided to be elligerant about the whole thing and Delynda had to hang im to keep him either away from other dogs or other dogs. Wr Carlos Calvert won the door prize of an electric person him.

Bobcats Hope Win of Season

The Dimmitt Bobcats take their third crack at the Abernathy An- THIRTY SECOND YEAR clopes in two years Friday night at the local Stadium.

The Bobcats lost to Abernathy ooth times last year when they clayed a regularly scheduled game and again met the 2-AA school for the bi-district championship.

This year Abernathy has had a rough time, winning only one game in three starts. Last week hey hammered snake-bit Hale Center for a lop-sided 32-8 score.

Incidentally the Abernathy game ilm. like all others, will be shown interested viewers. Each game is shown the following Monday night at 8 o'clock at the South Grade School Cafeteria.

One of Abernathy's only loses has been to Floydada, considered one of the most powerful, if not the most powerful, AA teams in the Parhandle this year, Bobcat njuries and all considered, Coach J D Covington expects a warm ame from the Antelopes.

Another footnote to the game his week is that it will be the first time that football teams have had a regular field house to use for local football games. The Bobcats and the coaching staff moved into their new concrete tile quarters Tuesday and will use the field house from now on, Restrooms on the south side of the building vill be open to the public.

The starting lineup this week will be about the same as last week, James Slough has recovered from an arm injury and Covington said he will be ready to go. James Collins may start back after his injury this week at the earliest or next week at the latest. Stanley Nelson, injured in the Lockney game week before last, is out for the season with a broken leg ligament. Young Nelson is expected to have no difficulty in healing.

In last Friday's game, the Bobats brought their winning streak o three with a 26-0 rout of the Hereford Whitefaces. Playing with three starters out of the lineup, the Bobcats swept into an early scored again in the second quarter to up the score to 20-0. The first TD came when quarterback Carlos Barnes passed 45 yards to lient for two weeks. Hal Ratcliff followed by a Barnesto-Jerry Hyatt toss for the twopoint conversion. The second was but the conversion attempt failed The third touchdown came on an here. 11-yard Barnes-to-Rateliff pass

Dimmiti's final tally against the aditional Whiteface rivals came hen fullback Junior Coffey romp. d over from the 3 just before

Hereford's only scoring threat ogged down on the twenty in the vaning minutes of the fourth

New County ASC Committee ls Appointed

Delegates to the county ASC Convention Thursday morning named the new County Agriculural Stabilization and Conservaion committee.

The new committee, to take over en October 1, will be composed of Clyde Hancock, chairman; Willis Hawkins, Sr., vice-chairman; Jim Elder, regular member, Edward C. Jones, first alternate and Owen

Andrews, second alternate. The new committee was selectd by a delegation composed of Bruce Fields, Community A; Fred Axe, Community B; H. C. Nelson, Community C and Irvin Ott, Com-

munity D. According to ASC regulations, the County Committee is generally responsible for carrying out in the county the agricultural conservation program, the price support programs as assigned, the acrege allotment and marketing quota programs, the wool incentive payment program, the acreage and conservation reserve programs under the Soil Bank Act, In general, the county committee governs the local ASC office and s the principal ASC authority in in the county.

200 View Medallion **Home Sunday**

First Services Saturday Night In New Church

street Baptist Church will be held

The new brick and tile church vas completed this week and is the first step in what the church congregation hopes will develop into a much larger building.

The services opening the new building will be a youth-led revival Saturday night and Sunday, conducted by Jim Reid. R. E. Savage will be the song leader. Roma Brewer will play the piano

The new church is located at West Second and Lee Streets and Rev. Murry Brewer, the pastor, has extended an invitation for everyone to attend the first ser-

The Sunday services will be as usual with Sunday School at 10 and morning worship at 11 o'clock. There will be no early morning worship. A dedication ceremony will be held when the new church furniture is installed later. The congregation has been occupying a converted barracks building near he new building. There are about 150 members in the church. The new structure was started three months ago and some of the work has been done by volunteer

PREMIUM PERMANENT TYPE IHC ANTI-FREEZE

SIX CASE LOTS

Why we built two cars for 1960 . . . as different as night and day

do make 1 October 2-for the first time in Chevrolet's 49-year history-you will be able to walk into your aler's showroom and see two totally different kinds of cars.
One is the conventional 1960 Chevrolet, and new in appearance and more beautifully refined and luxurious than you can imagine. ter is unlike any car we or anybody else ever bullt—the revolutionary Corvair, with the engine in the ar where it belongs in a compact car.
We'd like to tell you why we built two such different cars, w we built them-and for whom we built them.

> hy two kinds of cars? Because nerica itself has been going through ne big changes in the past few their seams. Traffic is jem-packed rking space is at a premium.
>
> And our suburbs have spread like dfire. People are living farther from eir work, driving more miles on owded streets. There is new leisure ne—but more things to do. There's new standard of living—and more sed for two cars in the family garage. In short, America's automobile one kind of car can satisfy them empletely. That is why we at Chevlet, keeping tab on these trends, ave had a revolutionary compact car

the planning stages for more than to prepare for production of such car we were ready to build it the way should be built. There was no need a hasty "crash" program that uld create only a sawed-off version a conventional car.

That is why the two cars you see in your dealer's showroom tober 2 will be two entirely ferent kinds of cars. One is the onventional '60 Chevrolet-brand ew in beauty, with new space inside, lew spirit under the hood, a new

feeling of sumptuousness and luxury never before attained by any car in its that is virtually rattle-free. field. There is great V8 power linked with new thrift, plus Chevrolet's superb 6-cylinder engine. It is a we had to design independent sustraditional car that comes even closer to perfection—in silence, in room, in

ease of control, in velvety ride—than any other car we have ever made. The other is the Corvair, a compact car that is astonishingly different from anything ever built in this country. It has to be-because this is a sixpassenger compact car, with a really remarkable performance . . . a car designed specifically to American interior space, breath-taking performstandards of comfort, to American

traffic needs. The engine is in the rear. Among the basic advantages resulting from this engine location are better traction on a compact 108-inch wheelbase and a practically flat floor. But to be placed in the rear, the engine had to be ultra light and ultra short. So Corvair's engine is totally newmostly aluminum and air cooled; it weighs about 40 per cent less than conventional engines. It is a "flat" horizontally opposed six-so it is only three cylinders long . . . and that leaves a lot more room for passengers Another weight saving: like modern

tural strength . . . it's a welded unit The ride is fantastic. But to get it

pension at every wheel; conventional springing would give a compact car a choppy ride. Right now we'll make one prediction: no other U.S. compact car will ride so comfortably, hold the road so firmly and handle so beautifully. Now there are two kinds of cars from Chevrolet—because it takes two kinds of cars to serve America's needs today. If you love luxury—the utmost in luxury-and if you want generous

ance, automatic drives and power assists—then the conventional '60 Chevrolet may be your choice. If easy parking, traffic agility and utmost economy are high on your list -then you should seriously consider the Corvair. But the best thing to do is to look these two new cars over at your Chevrolet dealer's . . . take them out for a drive. It may be that the only logical choice for your family between two cars like this is-both They make a perfect pair.

CHEVROLET

Now you can get reliable and consistent cotton defoliation with V-C® FOLEX. This easy-to-use product provides the beet way to defoliate all your cotton.

Quick and effective FOLEX drops the leaves so they fall to the ground. BIG OR SMALL, THE LEAVES ALL FALL. No frozen leaves or dried trash to make picking hard and lower your grade!

No special fixing, no pre-mixing. Just pour liquid FOLEX into the spray tank as you fill it. No need for dew to activate FOLEX. It works fast and works well. Leaves absorb FOLEX fast, so you get effective leaf drop even when rains come within half an hour after application. Get FOLEX today and be ready for a bigger, cleaner harvest. y

HART NEWS

By Mrs. Granville Martin Ser nonette by Rev. Denzil Leomard, pastor of Hart Baptist Church, Hart, Texas

"WHEN IS A FOOL?"

The story is told of a king's fool whose job was to entertain the I am afraid," cried the king. royal family. He was given a staff and told to keep it until he met a greater fool than himself. One day the king was taken suddeply ill. He became weaker and weaker. The fool came to the king's bedside.

Alas," cried the king, "I am going on a long journey."

Ah," sighed the king, "I do not

irn?" asked the fool. Said the king, "I shall not come

"And has my lord prepared for that journey," asked the fool.

"Alas . I have not . . As the fool knelt by the bedside he slipped his staff into the king's hands. "My lord," he said, "thou

art a greater fool than I, for you ire going on a long journey from which you will never return and you have made no preparations." A man is a fool when he neglects to prepare for his eternal Where is my lord going?" ask- destiny. This life is so crowded with duties and activities that it is very easy to forget about eternity. But eternity is ahead, and everyourney . . . into eternity! How wonderful it is that God has

pointed out just how to prepare H. T. Clark of Morton, sectional or this long journey. God has representative Mrs. Gene H. Davis spoken through His Son, Jesus Christ, and Jesus said, "I am the way, the truth, and the life: no man cometh unto the Father but
