COMBINED WITH CISCO DAILY NEWS AND CISCO AMERICAN AND ROUND-UP, NOVEMBER 1, 1937

CISCO—One of the healthiest areas in U.S.A. with a countryside devoted to blooded cattle, hogs, sheep, peanuts, cotton, fruits, feeds, poultry, gas, oil; two railroads; Bankhead highway; huge concrete swimming pool; bass and crappie fishing.

VOLUME XXV. CISCO, TEXAS, FRIDAY, AUGUST 24, 1945 NUMBER 241

CHINA REDS WILL TALK IT OVER

ON LAND AND SEA it's victory and these aqua maids have their own way of showing it. They bounce along the water on aquaplanes in V formation and make the familiar sign with their fingers at water carnival at Winter Haven, Fla.

President Truman Goes at Things in Practical Way

WASHINGTON, Aug. 24.—President Truman called in government, business and labor representatives today to discuss a top problem of the reconversion from war to peace — industrial-labor relations.
Mr. Truman summoned to his desk:
John W. Snyder, director of war mobilization and reconversion; Eric Johnston, president of the chamber of commerce of the United States; Ira Mosher, head of the National Association of Manufacturers, and Presidents Philip Murray of the Congress of Industrial Organizations and William Green of the American Federation of Labor.

Tokyo Is Ready For Landing of Allies That Area

MANILA, Aug. 24.—Allied forces announced today that Japan will follow up their occupation of the Tokyo area next week with air and sea-borne landings on Southern Kyushu, beginning Sept. 1st.

Tokyo also reported that all required preparations had been completed for the landings in the capital area, and protested against the sinking of three and possibly four Japanese ships by a submarine, "presumably Russian."
The Japanese government and imperial headquarters reported in a joint statement that an Allied vanguard would land at Kanoya airfield, on the southern tip of Kyushu, southernmost of the Japanese home islands, a week from tomorrow.

Mass landings by air at Kanoya and by sea in the vicinity of Takasu, west of the airfield, will follow the next day. Radio Tokyo quoted the announcement as saying:

CORRECT PROCEDURE.

GALVESTON, Aug. 24.—Flight Officer John O. Friedel of Tampa, Fla., was critically wounded here yesterday by a bullet which police said was fired by a civilian. According to authorities, the incident occurred in front of a beach-front cafe immediately after the officer kissed an unidentified woman. The civilian knocked the officer down, and then fired at him with a .45 revolver. The bullet punctured Friedel's lower left lung.

COMMUNIST FORCES HAVE BEEN ASKING FULL SHARE IN SURRENDER DICKER WITH JAPS

CHUNGKING, Aug. 24.—Official Communist sources here said today that Communist Leader Mao Tse-tung had accepted Generalissimo Chiang Kai-shek's invitation to send a representative to Chungking to discuss peaceful settlement of China's internal political problems.
These sources said Mao had named Gen. Chou En-lai as his representative.
"For the sake of unity," Mao was quoted as saying, "I appoint Gen. Chou En-lai to go to Chungking. Please accept him as my delegate and discuss matters with him."

The Communists had rejected a previous invitation from Chiang to send representatives from Yen-an to Chungking to discuss their differences with the national government.
The Yen-an leaders have been demanding, among other things, a full share in surrender negotiations with the Japanese and reportedly have disregarded Chiang's instructions to refrain from taking any independent action.

Chiang dispatched his second invitation to Mao last Monday as observers openly expressed fears that civil war was imminent. He told Mao that efforts to "achieve national reconstruction and reap the fruits of the war of resistance" against Japan "depended to a great extent" upon his sending representatives to Chungking for peaceful discussions.
The generalissimo emphasized that "no recrudescence of civil war can be tolerated."

Mao's action came as reports from North China said that Communist forces had seized the Weihaiwei naval base on Shantung peninsula, the Tientsin railroad station and the big rice port town of Wuhu also Nanking.
The reports also said that Communist forces operating southeast of Peiping have cut the Tientsin-Peiping railroad.

The generalissimo emphasized that "no recrudescence of civil war can be tolerated."
Mao's action came as reports from North China said that Communist forces had seized the Weihaiwei naval base on Shantung peninsula, the Tientsin railroad station and the big rice port town of Wuhu also Nanking.
The reports also said that Communist forces operating southeast of Peiping have cut the Tientsin-Peiping railroad.

Churchill, during whose tenure as Prime Minister lend-lease first was extended to Britain, said he could not believe that "this is the last word of the United States."
"I cannot believe," he added, "that so great a nation . . . would proceed in such a rough and harsh manner as to hamper a faithful ally who held the fort while their own American armaments were prepared."

U. S. SEIZES RAILROAD.
CHICAGO, Aug. 24.—In the first seizure of a private industry since the end of the war, the Office of Defense Transportation today assumed control of the Illinois Central railroad to forestall a strike of locomotive engineers and firemen. The order was issued by President Truman because "a stoppage in the railroad industry at this time is unthinkable."

GORMAN TWINS DECORATED
GORMAN, Aug. 24.—The twin sons of Mr. and Mrs. T. E. Hogan, Tech. Sgt. Lester L. Hogan of Company E, 9th Infantry, 2nd Division and Corp. Chester Hogan, Battery A, 131st Field Artillery Battalion, 35th Division, have been decorated for their service overseas. The twins, born and reared at Desdemona, were separated for the first time when their army service began four years ago, and have not met overseas. Another Gorman couple, Mr. and Mrs. Lee Kirk, also have twin sons in service.

HARTNETT PROMOTED.
RANGER, Aug. 24.—Con. D. Hartnett who for the past 20 years has been manager of the C. D. Hartnett Wholesale Grocery company in Ranger, left Thursday for Weatherford where he will be general manager for the company which serves a wide section of this part of Texas. H. C. Henderson, formerly of Cisco, who has been with the company for a number of years, has been made manager of the Ranger store and with Mrs. Henderson is already making his home in Ranger.

HORN IN STATES.
MIAMI, Fla., Aug. 24.—Speeded toward home from overseas as part of the "Green Project," which calls for the air transport command's Caribbean division to fly 30,000 returnees from Europe to Miami army air field each month, is Pre. Roy Horn of Cisco, Tex., who spent 16 months overseas. He has three bronze stars. In less than 24 hours he left for Camp Blanding, Fla., by rail. From there he went to a reception center nearer home for separation from the service or furlough prior to reassignment.

ANTICIPATION—Anxious to discard uniforms, Marine Sergeants Delores Kay, Davenport, Ia., left, and Sgt. Janet Reynolds, Sacramento, Calif., inspect tempting stock in millinery shop in San Francisco. Girls are interested only in chapeaux with feathers and bows, of most feminine type.

Voters to Pass on 4 Amendments Saturday; Interest Low

There seems to be very little interest in the election of tomorrow, when four proposed amendments to the Texas constitution come up for appraisal by the voters. As a matter of fact, the belief has been expressed that all four of the legislative proposals are in for rough treatment.
Polls will open at 8 o'clock at the city hall and close at 7 p. m. Officers will be Fred Grist, presiding officer; J. V. Heyser, Jim Flournoy, Mrs. J. S. Mobley and Mrs. L. A. Harrison.
No. 1 amendment provides for soldiers voting without the payment of a poll tax, during the time the U. S. is fighting a war, or within one year after the close of the calendar year in which said war was terminated. (This means that even if adopted by the voters tomorrow, the amendment would automatically cease to be law sometime in 1946. In other words it appears to be merely a bid for soldier-voting favor, or else an entering wedge against the poll tax system.)
No. 2—This amendment provides that members of the legislature shall receive \$10 per day during their tenure of office, and in addition each member shall receive not to exceed \$2.50 for each twenty-five miles as mileage in going to and returning from the seat of government for sessions, of the legislature. (It is predicted by many that No. 2 will receive the hardest negative jolt of the four.)
No. 3—This amendment provides that the supreme court shall consist of a chief justice and eight associate justices, any five of whom shall constitute a quorum, and the concurrence of five shall be necessary to a decision of a case. Our present court consists of three justices and a commission of appeals composed of six judges who now assist the supreme court without the power to vote and this amendment, if adopted, will make the six commissioners full members of the court with voting power on decisions. (In the opinion of the publisher of the Daily Press, this amendment should be adopted.)
No. 4—This amendment, if adopted, will EMPOWER the legislature to increase the amount for old age assistance from \$15 per month (as now provided by the constitution) to \$20 per month of state funds to be matched by the federal government with a like amount, which in effect would be, with both state and federal money, the pensioner COULD be paid an amount up to \$40 per month. This amendment further provides that a maximum of twenty-five million dollars can be raised by the state for its part in expenditures for the needy aged, the blind and needy children under 16 years of age. (There is a dif-

Japs Say Soviets Are Horning In; May cause Trouble

SAN FRANCISCO, Aug. 24.—An official Japanese broadcast asserted today that Moscow had announced intentions of sending airborne troops onto the Japanese homeland island of Hokkaido.
The broadcast, in message No. 40 to Gen. MacArthur, said:
"According to a Moscow broadcast, it is reported that the Soviet Union is about to send airborne troops to Hokkaido. Should this report prove true, it would be greatly regretted by the Japanese government, which is doing its best in order to fulfill all your requirements, by placing the army and navy forces and civilians under strict control."
"It is earnestly hoped that the armed forces of the Allied powers will enter Japan according to the plan, as has been notified by the headquarters of the supreme commander for the Allied powers."

H. A. WITT INJURED.
RISING STAR, Aug. 24.—H. A. Witt is in a Brownwood hospital being treated for injuries sustained when his team, hitched to a farm wagon, became unmanageable and overturned the wagon. The accident is said to have been caused by a stallion on the road attacking the team. The accident occurred near the W. P. Roach place as Witt was driving to town.

HAMMETT TO MARSHALL.
RISING STAR, Aug. 24.—J. T. Hammett, for the past several years one of Texas' leading amateur golfers, has gone to Marshall, Texas, where he has accepted a place as professional and manager of the Marshall Country club. Mrs. Hammett and their little daughter will join him there in making their home.

Goobar Keyes, Famous Fighting Lobo, Is in Alabama

J. Monroe Sweeney has just received a letter from Lt. James G. Keyes, who is with the army air forces at Maxwell Field, Ala.
Lieutenant Keyes will be remembered by a large number of Cisconians as Goobar Keyes, who made a name for himself here in the twenties when he contributed a large way to the success of the Fighting Lobo football team.
Though done up in a comparatively small physical package, when in action on the football field Goobar Keyes might have been likened to a small atomic bomb. This was particularly true in one famous encounter with Billene high school.
The former Cisconian was associated with Weldon B. Chapman when the latter was football coach at Lubbock, succeeding to that position when the latter died. He expects to return to Lubbock after his release from the army.

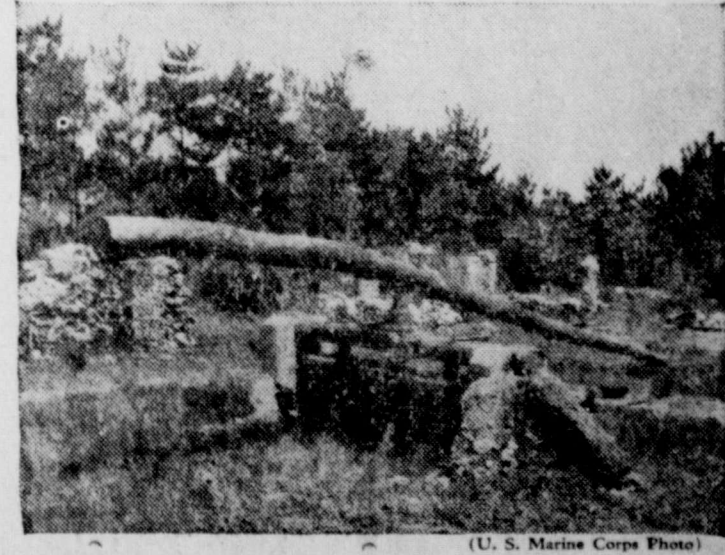

Harmon S. Elder at Home after Twenty Months Overseas

Corp. Harmon S. Elder, who has just returned from twenty months overseas duty with the air forces in the European theater, is a guest of his parents Mr. and Mrs. J. B. Elder of route two, Cisco, while on thirty-day furlough.
While overseas Corporal Elder was married to Miss Violet Smith of Rossendale, England. The wedding took place June 18 in St. Leonard's parish church near Manchester. The church, built in the 11th century, is said to be the second oldest church in England.
The Cisco young man, 21 years of age, attended Cisco schools and joined the air forces in July, 1942. He wears the good conduct medal and three battle stars. He is a brother of Mrs. Charles J. Kleiner.
Mrs. Elder, now in England, plans to join her husband here as soon as transportation is available. They expect to make Cisco their home.

NEW FRATERNITY—Members of Escadrille Soizante-Neuf, new international fraternal organization, hold first reunion in Cleveland. Brothers are all airmen shot down over France, listed as missing or dead, but later returned to safety. Membership includes 121 of various Allied nations.

Sugar Cane Mill on Ie Shima

Nearly every farm on Ie Shima, backdoor to Okinawa, had one of these primitive sugar cane mills, for which horses furnished the motive power. The sugar cane, crushed between the rocks, was used for making sake, among other things. Wreckage of some of the native coral buildings can be seen in the background. (U. S. Marine Corps Photo)

SPRAYING FOR POLIO.

Polio, which is epidemic scourge popularly known as "infantile paralysis," though many of its victims are adults, is on the rampage once more. Every fall its presence is felt across the continent. This year two of the localities hardest hit so far have been a section of southern Ontario and Rockford, Ill. Rockford health officials, confronted with a total of 128 cases of which 16 have been fatal, are engaged in an experiment of considerable importance.

They obtained a large supply of the new insecticide, DDT, and the air technical service command at Dayton, O., put at their service a B-25 bomber originally equipped for mosquito control in Panama. The plane, carrying a 550-gallon tank in its bomb bay, flies 150 feet above the ground at 200 miles an hour, and can spray a 150-foot strip on each flight.

Polio experts, including Dr. John R. Paul of Yale University, who is supervising the work, are watching the results with intense interest. For if, as they hope, polio can be controlled by spraying of areas where the infection is shown to be present, the world may soon find freedom from one of its most terrible diseases.

PROGRESSIVE CYRENAICA.

Cyrenaica, in North Africa directly below Greece and recently controlled by the Italians, is hoping for self-government. The British, who have it now, are not discouraging the possibility. Though Cyrenaica is small, it has a quarter of a million Mohammedans whose favor would strengthen Great Britain in other parts of the world.

The spiritual leader of the Cyrenaica Mohammedans is Sayed Mohammed Idris el Senussi, head of a secret order. His hold on his followers is so great that they kiss the sand on which he has sat. He is friendly to the British, and helped them in their dark hour in 1940.

At present the British are increasing the corps and teaching modern agricultural methods. They are in great contrast to the Italians, who under Mussolini stole whatever they could lay their hands on.

In ancient times Cyrene, the capital, was so important that the Roman emperor Justinian thought of moving there from Constantinople. Its monuments of those days should attract tourists, especially as the winter climate is delightful.

More will be heard of Cyrenaica in the next few years.

B. W. Patterson has resumed the general practice of law, with offices in Rooms 502-503, E. X. change building, EASTLAND, TEXAS. Office telephone, 264 Residence, 397.

"THAT LITTLE GAME" - And Nobody Stayed

MY PRAYER.

DO NOT ask Thee, Master, or desire. The wealth that pride and glory would require; Nor do I ask to have the world's acclaim. For any deeds or words that bear my name. But make me grateful to the friends who held A torch of hope when heavy feet rebelled; And thankful for the ones who still rejoice To hear me call and ever heed my voice. I do not pray that all my hours be spent In idleness, and rest in safe content. While others carry burdens far too great, And never turn aside nor slow their gait. But this I ask when morning light appears Throughout life's measure in the coming years: Renew my faith that victories may be won, Give me the strength for tasks to be well done. —Edna Jackson Burrows.

GI SCHOOLS MAKE PROGRESS IN EUROPE

The Army's Education Program for troops in the European and Mediterranean Theaters of Operation supervised and coordinated by the Information and Education Division, headed by Brigadier General Paul M. Thompson, former Commandant of the Assault Training Center in England, is now well under way. The first University Center, Florence, Italy, opened July 9 with 4,000 students. The second, at Shrinham, England, opened August 1 with an equal number. The third opens at Biarritz, France, August 20. The overall program includes study and practical training in hundreds of unit schools operated by and within battalions and similar military units; study in civilian educational institutions; study in special university centers; training in centralized technical schools; and correspondence study through the United States Armed Forces Institute. Some of the courses now being offered in the unit schools include: auto mechanics, small business subjects, basic mathematics, English grammar, bookkeeping and accounting, livestock production and electricity for beginners. Enrollment in the posthostilities education program will not delay by one minute the return of any personnel to the United States.

MEN! GET PEP.. Do you want to feel young again? Why feel old at 40, 60 or more? Enjoy youthful pleasures again. If added years have slowed down your vim and vitality, just go to your druggist and ask for Casella tablets. Many men are obtaining remarkable results with this amazing formula.

HOW? Q. How can I prevent the peeling of onions from affecting the tear ducts of the eyes? A. By dipping the onions for a moment in boiling water and then beginning at the foot and peeling upwards. Q. How can I take away all dampness of rooms? A. Place blocks of camphor in all corners and on the shelves, replacing them as they evaporate. Q. How can I preserve a new clothesline? A. A new clothesline should be boiled for about thirty minutes before using it. This prevents stretching. It will not tangle as readily and will last much longer. Q. How can I separate a water glass when it becomes stuck in another? A. Pour cold water in the upper one to contract it, and then immerse the lower one in warm water to expand it. They can then be easily separated.

HORSEMAN Dewey H. Burden, Los Angeles, sold Hirohito the famous white horse which Admiral Halsey promises to ride through streets of Tokyo. He has original saddle to prove mount is cow pony instead of Arabian steed as Japs claim.

GREAT NEWS FOR WOMEN WHO DOUCHE Many Doctors today recommend the use of douches for women troubled with discharge ("the whites"), offending odor, and minor irritation —for women who want to be and feel refreshingly clean. And here's a product for the douche —Hospital tested, too, with splendid results—Lydia E. Pinkham's Sanative Wash, made by the same great company that makes Lydia E. Pinkham's Vegetable Compound. Pinkham's Sanative Wash is gaining great favor today with women. It's mighty effective to cleanse, relieve offending odor, discharge and discomfort of minor irritation, yet it positively won't harm even the most delicate membranes or tissues. Inexpensive, too. Any drug store. Lydia E. Pinkham's SANATIVE WASH

RADAR spots targets through darkness smoke or fog

The Bell System, the largest source of Radar for our fighting forces

This is not surprising for Radar development and production stem from the same roots that produced and continue to nourish this country's telephone system.

Radar, the instrument which enabled our land, sea and air forces to spot enemy targets through darkness, smoke or fog, was one of the outstanding new fighting instruments of the war.

Two years before Pearl Harbor the Government asked Bell Telephone Laboratories to put its wide experience and knowledge of electronics to work to help perfect Radar as a military instrument. From then on the Laboratories cooperated closely in the Radar Program with the National Defense Research Committee, with Army and Navy specialists, and with scientists of Great Britain.

The Western Electric Company, manufacturing branch of the Bell System, became the Nation's largest supplier of Radar systems. One type it makes was universally used by B-29's in the Pacific for navigation, target location and high altitude bombing. Another played an important part in aiming the guns on our warships.

If you're waiting for a home telephone, it helps a little to know that Radar is one of the reasons. For years telephone manufacturing plants were devoted to war needs.

THIS IS Kellogg WEEK!

STOCK UP ON YOUR FAVORITE CEREALS NOW!

At your grocer's today, you'll find 8 different ways to celebrate "KELLOGG WEEK"—8 fresh, crunchy cereal treats to keep your family "breakfast-happy" every day! Every one provides good, solid nourishment. They're made from whole grain or restored to whole-grain levels in niacin, thiamin, and iron. There's a form and flavor to suit every taste. Made from corn, wheat, rice, bran—some are shredded, some are "popped," some are flakes, some are biscuits. So good—and so good for you! Nourishing, delicious cereals are one of the foods recommended for daily eating in the U. S. Nutrition Program. So, serve your family crisp, fresh Kellogg's Cereals regularly. Start now!

It's always a "GOOD Morning" with **Kellogg's**
The Greatest Name in Cereals

Kellogg's RICE KRISPIES
So crisp, they snap! crackle! pop! More popular than all other ready-to-eat rice cereals combined.

Kellogg's PEP
Tender, crunchy wheat flakes—extra rich in important vitamins B1 and D. Youngsters love it!

Kellogg's ALL-BRAN
Made from the nutrition-packed vital outer layers of finest wheat. Famous "regulating" cereal.

Kellogg's RAISIN BRAN FLAKES
NEW! Crisp flakes and tender raisins, in the same package. A double treat. Iron-rich, too!

Kellogg's BRAN FLAKES
Tempting wheat flakes with 40% of the healthful bran retained. Good tasting—swell for you.

Kellogg's SHREDDED WHEAT
15 hearty, nutritious whole-wheat biscuits in every package—tasted the famous Kellogg way.

Kellogg's CORN FLAKES
The Original K-H Kellogg
Crisp, golden-toasted flakes—always so fresh because they're the world's most popular cereal.

Kellogg's KRUMBLES
Crisp nutritious shreds made from whole wheat. Delicious with fresh fruit and milk. Try it!
