# OIL MEN BALK ON CIO OFFER

FIFTEEN SURVIVORS of the ill-fated cruiser, USS Houston, and one sailor captured when Corregidor fell are shown as they arrive in Washington, via A. T. C. plane. Men wear new emergency clothing issued by the Army to replace unkempt prisoner of war garments.

## UNION PRESIDENT SAID WAVE OF STRIKES BE STOPPED FOR INCREASE OF 35 CENTS HOUR

**Stores of Crude Rubber Hidden By Japs May Be Help**

WASHINGTON, Sept. 29. (AP)—Rubber outlook brightens some. Officials say stores of crude rubber hidden by Japs in occupied territory (plus some pilfered by natives) may be double their original estimates. It's still guess work, since survey parties have just started operating. Natural rubber imports next year may reach 400,000 tons, about half our requirements. For the long haul, price of natural rubber fixed by British and Dutch will determine extent of use of synthetics.

## Loboes Preparing For Stephenville Tilt Friday Night

The Loboes will get down to final practice Monday afternoon for their game with Stephenville Yellow Jackets at Stephenville Friday night.

With two weeks of preparation at their disposal following the 12 to 0 victory over Big Spring, Coaches Fischer and Overall devoted the first week to light workouts and skull work on Stephenville formations and offensive designs of their own. The first afternoons of the coming week will see more rugged work, designed to fix this strategy in team play and bring the boys to the proper physical and mental pitch for a contest which squad and coaches view with a great deal of apprehension.

With an eye to the future, both coaches took opportunity Thursday night to view Mineral Wells in action against Paschal at Fort Worth, and to get an idea of what they may expect when Ranger comes to Cisco for the annual Armistice period conflict.

TOKEN OF THANKS—RAF Air Vice Marshal C. A. Bouchler, right, smiles as he receives Jap sword from Lt. Gen. Sir Frank Messervy in Rangoon. Presentation was in nature of thanks to RAF's protection of British 14th Army during march from Imphal to Rangoon in battle for Burma.

## Cisco Schools to Business Training Greer and Rowley Open Monday at Classes to Begin Sell Palace Theater to Dallas Man

Cisco public schools will go back to regular opening time, 8:45 a. m., with the restoration of standard time Monday morning. When war time was instituted shortly after Pearl Harbor in December, 1941, the schools revised their opening hour to 9:30 as a compromise between the new daily schedule imposed on business and the fact that a 9 o'clock opening under war time was too early for most children.

Both the Cisco public schools and Cisco Junior college are off to good starts with increases in enrollment and prospects are good for an excellent school year. Most of the "bugs" have been ironed out of the routine and classes are proceeding smoothly. The schools are fortunate in the character of the faculty that they have, particularly in view of the fact that many schools do not have all the teachers required and a number have been unable to open due to teacher shortage.

**INCH AND SEVEN-TENTHS.** At 4 o'clock Saturday afternoon the gauge at city hall showed rainfall of one and seven-tenths inches. Cisco's latest rain started about 7:30 o'clock Friday night, and continued intermittently through Saturday.

A great deal of interest is being shown in the business training courses to be conducted for the next two weeks by Miss Fleda Fulmer, of the University of Texas as extension department, under auspices Cisco Junior college. The classes, of which there will be two kinds, will begin Monday evening at chamber of commerce.

One series will be for employers and will deal with the subject, "How to Train an Employee." Classes in this series will be held each Monday and Wednesday evenings from 8 to 9:30. All business people who work in supervisory or employer capacities are eligible. Registration fee for this course is \$1.50. All other costs are paid by the University.

The second series will be for employees and will deal with "Salesmanship." Employers and supervisors may attend this class, if they wish. Registration for this course is \$1 and classes will be held each Tuesday and Thursday from 8 to 9:30. All classes will be held at the chamber of commerce.

Those who complete each course will receive a certificate from the University of Texas.

Forrest Dunlap of Dallas has purchased the Palace theater and will take charge today. Sale was made by the Cisco Theater company, composed of K. N. Greer of Cisco and E. H. Rowley of Dallas.

Mr. Greer, who has been in the motion picture business in Cisco for 21 years, will not be connected with the new organization, he stated late Saturday. He added: "Mrs. Greer and I have made no plans for the future."

The Daily Press, and practically all residents of Cisco, trusts the Greers will continue to make their home here. They are good citizens and have never failed to join wholeheartedly in any movement looking to the advancement of the city.

**CURTIS DISCHARGED.** Sheppard Field public relations office informs the Daily Press that Corp. Arvel C. Curtis, son of Mrs. N. B. Curtis, Cisco, route three, has been honorably discharged from the AAF at the separation center there. Curtis, a pipe fitter and welder in civilian life, joined the armed forces Feb. 10, 1942. He is married.

## Governor Saves Negro Killer of Dallas Policeman

AUSTIN, Sept. 29.—Governor Stevenson today approved a unanimous recommendation of the board of pardons and paroles commuting to life imprisonment the death sentence assessed L. C. Akins, a Negro convicted in the slaying of a Dallas policeman.

The governor said he had read carefully a statement of facts in the case and believed from all the evidence available that the board's action was correct.

The board said that although malice may have been engendered in the altercation in which the policeman, V. L. Morris, was wounded fatally and Akins wounded, it was not sufficient to warrant the death penalty.

## Three Transports Halsey Wants to of Troops Sailed Retire; Commends For US. Saturday General M'Arthur

YOKOHAMA, Sept. 29.—Three transports loaded with 9,797 American troops sailed from Yokohama Saturday for San Francisco in the first large scale homeward movement of officers and men from this area.

Most of them were from the 43rd Division although there also were some high point men from the 1st Cavalry, the Americal and other divisions.

The first ship home will be the USS General John Pope carrying 283 officers and 4,928 men. It is expected to reach San Francisco in nine days. The USS General Hershey with 204 officers and 2,863 men was expected in San Francisco in 10 days, while the USS Kenton with 82 officers and 1,437 men will reach the Bay City in 11 or 12 days.

**EVACUATING MANCHURIA.** LONDON, Sept. 29. (AP)—The partial evacuation of Soviet troops from Manchuria began several days ago, Radio Moscow announced tonight. The main evacuation will begin during the last half of October and will be completed by the end of November, the broadcast said.

**U. S. PROPOSAL.** LONDON, Sept. 29. (AP)—The United States proposed at the Ministers' Council today that a peace conference of all belligerents interested in the Balkan peace treaties be held, to be followed by a discussion by the three major powers, the U. S., Great Britain and Russia, reliable sources reported.

**FRANKFURT, Sept. 29. (AP)—**Gen. George S. Patton, returning to his headquarters at Bad Tolz today, after being set straight on U. S. policy toward Nazis by Gen. Dwight D. Eisenhower, reportedly launched a drastic shakeup of the civil government of Bavaria, including the dismissal of Minister-President Friedrich Schaeffer.

**JEWETT FUNERAL HERE.** The funeral of W. E. Jewett, who died in a Ranger hospital Wednesday, will be held at Thomas Funeral Home at 4 o'clock this afternoon, with burial in Oakwood cemetery. Rev. Evan Holmes will be the officiating minister. It had previously been announced that the funeral would be held at Scranton Baptist church, but the condition of the roads following the rain of Friday night and Saturday, caused the change.

**RETURN TO GERMANY.** German prisoners of war look down from deck of SS E. B. Alexander which will transport them from New York to Germany. Men with PW on shirts are part of the 2000 hospital cases which have been treated at Camp Forrest, Tenn., now well enough to go home.

SWING IT, SISTER—Happy GI's clap hands and tap feet as dancer Margie Hart gives out with impromptu act on Hudson River pier 90, New York. Boys are among 14,979 servicemen returned on Queen Elizabeth on her sixth westward trip since V-E Day. Tides delayed docking 20 minutes.

Per week, by carrier boy..... 12c

## FEES FOR SOCIAL WORK.

An experiment is being performed by some social work agencies. They are charging fees for assistance to families who think they need it. The size of the fee ranges from one to three dollars per hour, with people who cannot afford to pay taken care of free.

During the depression, troubles were almost wholly economic. Family wage-earners had no jobs. Rent, groceries and clothing were the prime concern. But with more and better-paying jobs the social troubles did not cease. Divorce rates rose. Child-development problems multiplied. Middle-class people complained that nobody did anything for them. Poverty-stricken people with family troubles got the assistance of trained social workers free and well-to-do people could afford expensive psychiatrists. The white-collar family needed help just as much and did not know where to turn. Putting social agencies on a self-respecting fee basis seems one answer.

A person in trouble needs a listener — too often it's a friend who knows nothing of causes lying behind behavior problems. Wrong advice is given and the problem magnified. Cases of simple illness often yield to discussion by a social worker who knows what to say — often advising a medical look-over.

The new plan looks like part of the growing consciousness of possibilities of curing or preventing mental illness. Many family troubles are not moral but based on simple mental or physical causes which can be removed.

## WAR AND MATRIMONY

Evidently the European war is not over yet. This is a natural interpretation of the orders issued jointly by Field Marshal Sir Bernard L. Montgomery to the British forces and by Gen. Eisenhower to the American forces in Germany.

They are forbidden to marry German girls and will not be billeted with German families who, as the order states, have been "twice our enemies in war during the last 30 years."

Many Americans have been wondering why the recent wave of marriages between our soldiers and our recent enemies should have been allowed to start so quickly after the end of the war.

It would be wise for all Americans to remember that the conflict has not been a football game, but a bitter war, conducted on our side at stupendous cost of money and lives for sacred principles of justice and righteousness which our enemies have not yet shown a disposition to respect.

Until that time comes it is well to keep aloof from our enemies, collectively and individually.

## September, 1925

(Cisco Daily News Files)

Cisco is in a bad way — for houses. A conservative business man made the statement this morning that fully fifty modern houses are needed right now. Two families moved to Abilene yesterday because they could not find suitable quarters in Cisco. They had been occupying rooms in private homes for the past two months, waiting for the vacant houses that failed to materialize. Joe Wilson had six calls for houses this morning. Pansy Crawford will average that many per day. A prominent oil man told a city official yesterday that he was unable to find a modern house and it seemed there was nothing left for him to do but try some other nearby city.

The Bridge and "42" Tournament to be given by City Federation at the Country club Friday at 3 p. m., promises to be one of the largest and most enjoyable social affairs ever given by the club women of Cisco. Reservations for tables have been received from ladies of Breckenridge, Ranger, Eastland and Rising Star. All Cisco women who enjoy games and a social afternoon are invited to purchase tickets at once, as the number is limited. Free transportation will be provided if desired. Phone Mrs. G. B. Kelly, chairman.

Farm problems featured the meeting of the directors of the Cisco chamber of commerce at the meeting Tuesday night, when the subject of better farming and pure

bred sires was discussed. Definite action was taken when the eight directors present decided to purchase one Martin ditcher and Boston farm level, at a cost of \$90, to be used by the agricultural committee to assist the farmers of the Cisco territory in properly terracing their lands and for demonstration purposes. The agricultural committee, composed of Walter Ray, chairman; D. J. Moss, W. E. Bradshaw and W. B. Starr, acting with the County Agent Bush, recommended that a constructive farm program be formulated for ultimate consumption, but that a free barbecue was not favored by the committee as part of the farm activities. W. B. Starr recommended that the chamber of commerce place pure bred sires in such rural communities and under such conditions as may be agreed upon. Upon motion of R. Q. Lee the president was directed to appoint an advisory committee to act with the agricultural committee on the proposition, and to report back to the directors.

John Dye, the pioneer irrigation farmer of the Cisco Country, was here Thursday on business. Most of the readers of the News are familiar with the John Dye irrigated farm, which is located about fourteen miles north of Cisco on the Breckenridge road. He grows most of the crops grown on farms in this section, but he plants and cultivates many other varieties that are not generally cultivated. In this class are all kinds of truck and syrup sorghum, having nine acres of sorghum in cultivation this year. He stated that he has grown syrup sorghum for a number of years, and always has a greater demand than he can supply.

Mrs. Neal Turner will go to Fort Worth within the next few days to take up her duties at T. C. U. She will be matron of one of the wards and will be in charge of ninety girls.

## PASS THE BALL FOR GAINS

This is the football season when red-blooded men feel the urge for outdoor activities and if they do not participate themselves, rejoice in seeing the battle between others.

Cisco is again trying for a winning team. The old blood of Big Dam Lobo days still flows through our veins and the urge to win gridiron victories still slumbers not too soundly beneath the outer skin.

There are certain things that must be done to win victories on the football field, just like there are things that must be done to have a winning town. We must have outstanding coaches to lead our football boys to success. The Loboes have so far made a good showing through the team's cooperation with our capable coaches, Harold Fischer and Buck Overall.

In the town, leadership must be sound and must be followed loyally. The leader calls the plays and the team of citizens must follow up and advance the ball to the required goal.

First there must be sound organization or team planning, the plays must be outlined and then the citizen team must follow through.

WCS BIRTHDAY CELEBRATED FRIDAY. Women's Society of Christian Service of First Methodist church met at the church Friday afternoon to celebrate the fifth anniversary of the society. Upon entering the group was seated in the church auditorium for a splendid program. Baskets of colorful autumn flowers adorned the altar and bouquets of the blossoms were placed on the pulpit and tables. The program, which was directed by Mrs. Wm. H. Cole, began with group singing of "Lead On, O King Eternal" led by Miss Ella Andrus, with Miss Barbara Grist at the organ. Mona Lee Clark was presented in a violin solo, accompanied by Miss Grist and Mrs. Cole brought the afternoon devotional and offered prayer at the close. A vocal solo by Miss Andrus concluded the musical numbers. Mrs. Cole then introduced Mrs. T. E. Robertson, new district secretary, who gave a fitting response. Miss Mary Moody, conference secretary of Wesleyan Service Guild, was introduced and presented the work of the guild briefly. Mrs. Gid J. Bryan, conference president, the afternoon guest speaker, was presented and brought an inspirational address on the "Widespread Work of Women's Society of Christian Service."

We Now Have Boy's: Topcoats, Sweaters, "Loafer" Coats, Anklets, Sport Jackets, Polo Shirts, "Hapidaz" Gaberdine Overalls. The TOT Shop. 404 W. Seventh. "6 MINUTES through 6 YEARS" (2 Blocks West of City Hall)

SPECIAL SALE. For a Limited Time. Prices cut 20 percent on all Furniture, Hardware, Auto Parts and Framed Pictures. Take Off Ugly Fat With This Home Recipe. Here is an inexpensive home recipe for taking off ungainly weight and help bring back slimming curves and graceful slenderness. Just get from any druggist, four ounces of liquid Barcol Concentrate. Add enough grapefruit juice to make a pint. Then just take two tablespoonsful twice a day. Wonderful results may be obtained quickly. Now you may slim down your figure and lose pounds of ugly fat without back breaking exercise or starvation diet. It's easy to make and easy to take. Contains nothing harmful. If the very first bottle doesn't show you the simple, easy way to lose bulky weight and help regain slender, more graceful curves, return the empty bottle and get your money back. SCHAEFER'S RADIO SHOP. 711 D Ave. Phone 209.

Replacement ENGINES for CHEVROLET (Cars or Trucks). We can replace your worn-out, gas-wasting engine with a new complete cylinder block and working parts - a factory-assembled power plant. Here's what you get: New Cylinder Block, New Timing-gears, New Crankshaft, New Pistons and Rings, New Camshaft, New Connecting Rods, New Front-end Plate. In short, every important part that operates to develop power is brand-new - just as in your original engine. Here is the answer to your wartime transportation problem. A-G MOTOR COMPANY. Phone 52. Cisco, Texas.
