OIL WORKERS MORE BELLIGERENT

A BULLET BITER is William B. Landwehr, 31, who, during an altercation with a deputy sheriff in St. Louis, Mo., was shot in the face and caught the bullet between his teeth. Landwehr's only injury from the .38 calibre bullet was a fractured jaw, which left his face swollen and slightly lopsided.

Cisco Won Four-some Off Brownwood by 288 Pins

Four Brownwood bowlers made the trip to Cisco last night and tangled with four of Cisco's argus-eyed keg artists. Result: Three games for Cisco, none for Brownwood.

First Christians Strike Threat is Determined to Wipe Out Debt Facing Cisco Telephone Customers

A meeting of members of First Christian church was held at the church last night for the purpose of discussing plans for paying off the \$5,000 debt still against the property. It is said to have been a very enthusiastic meeting.

The following statement was made today by the pastor, Rev. J. R. Wright:

"The present church building was occupied by the congregation on Sunday, Oct. 7, 1923. During the long years since that date they have struggled with a heavy building debt. At times they have been almost ready to give up in despair of ever being able to square the obligation. Now that it has been reduced to \$5,000, plans have been under way for some months to pay this balance in full on October 7 of this year.

"The Sunday school classes and the Women's Council have been saving money toward this end. The funds they have been able to accumulate, plus very generous gifts from friends outside the church, now total about \$2,500.

"At the morning worship service at 11 o'clock next Sunday these Sunday school classes, the Women's Council and these gifts from friends will be presented to the church; and then the members of the church will be asked to bring their individual gifts and lay them on the altar. It is expected that these individual gifts will make up the \$2,500 that is lacking. Every member of the church is urged to be present to have a part in this final victory of paying off this debt. Any friends outside the church who wish to come and have a part in this victory, are cordially invited to be present."

SCRANTON METHODISTS. Dr. R. Ernest Little, pastor, will conduct services both morning and evening at this church Sunday. Sermon topic at 11, "The All Inclusiveness of God's Sympathy." Holy communion will be observed. Sermon topic at 8 p. m., "The Lost Coin."

STILL GOING STRONG. NEW ORLEANS (AP)—Tulane University officials disclosed that they had received a letter from Dr. T. B. Taylor, a graduate of the university's school of medicine, class of 1886, that announced that he was still practicing in Pleasanton, Texas.

ONE STRIKE LEADER SAID SOME UNION MEN WILL NOT GO BACK, EVEN FOR THE U.S. GOVERNMENT

(By United Press)

The government made ready to seize strike-ed oil plants today, with prospects of open defiance from some or all of the striking refinery workers.

As the petroleum industry and jittery motorists awaited President Truman's formal order for seizure of the refineries, one union strike leader said some of the union members would not go back to work — not even for the government.

Meanwhile, strikes gathered momentum across the nation, making 498,000 workers idle.

Oil, coal, lumber, steel, automobile and shipping industries were hard hit. Communications were threatened with a walkout of telephone operators. The coal strike grew as thousands of additional miners walked out in four states.

The plan to seize the oil companies for government operation was announced last night, after all but one of the 11 oil companies rejected a proposal for arbitration.

In Fort Worth late today, the International Union of Oil Workers, C-I-O, said it is willing to continue arbitration negotiations.

Hinting that workers might not go back to their jobs when government control of refineries is ordered, J. D. Ford of the Port Arthur local, said "there is no law that compels anyone to work against his will."

In Fort Worth, some 8,000 workers at the Consolidated Vultee Aircraft plant were out on strike in a demand for 30 percent wage increases.

Light and Power Strikers Must Keep Hands Off

AUSTIN, Oct. 4. (AP)—A temporary restraining order prohibiting strikers who left their Lower Colorado River authority jobs last Monday night from interfering with operation of LCRA's properties has been issued at Llano.

The court order was granted by Dist. Judge Raymond Gray, and requested by LCRA's general counsel W. S. Gideon, Austin, authority officials announced today.

Also restrained in the order were 520, International Brotherhood of Electrical Workers (AFL) and its agents. Workers who walked off their jobs, leaving about 250,000 Central Texas without electricity, had asked that the IBEW be designated their bargaining agent.

4 DEAD; 11 HURT. ENNIS, Oct. 4. — Four persons lay dead today and 11 others were recovering from minor injuries suffered last night at 8:30 when a Bowen Trailways bus and an auto collided five miles northwest of here. The dead are all residents of Ennis.

RETURNS EMPTY-HANDED. WASHINGTON, Oct. 4. — Secretary of State James F. Byrnes returns from the first peace conference of World War II today—empty handed. But he was represented as still hopeful of being able to frame a lasting peace, and determined to continue trying.

SCATTERED TO WINDS. VINCENNES, Ind. (AP)—Indiana and Illinois residents in the Vincennes area went on a treasure hunt when a pouch containing \$16,000 was tossed off a Baltimore and Ohio train at Bridgeport, Ill., rolled back under the wheels, was torn open and scattered bills as far east as North Vernon, Ind., 150 miles away. All but \$2,000 of the money was recovered by afternoon, Bridgeport postoffice officials said.

LOW COTTON ACREAGE. NEW ORLEANS (AP)—The cotton crop this year will be below 1944 and 1943, the Department of Agriculture reveals. However, the total will be massive—460,000 500-pound bales. The decline has been caused by the decrease in acreage planted. This year's total acreage is the lowest since 1869, the Department of Agriculture reports.

10 Pct. Tax Cut For Individuals Has Committee Ok

WASHINGTON, Oct. 4. (AP)—The House Ways and Means committee today approved a six-point tax relief program that would cost the treasury an estimated five billion dollars next year.

A ten percent cut for individual taxpayers was approved. The committee voted to abolish the five dollar auto stamp tax.

President Today Abolished WPB, Effective Nov. 3

WASHINGTON, Oct. 4. (AP)—President Truman today ordered the abolition of the War Production Board, effective Nov. 3. It will be replaced by a new agency, the Civilian Production Administration.

J. D. Small, who has served as chief of staff of WPB, will be head of the new agency. Chairman J. A. Krug's resignation will become effective Nov. 3, the termination date for WPB.

Homer By Greenberg in Fifth Won For Detroit

BRIGGS STADIUM, Detroit, Oct. 4. (AP)—Virgil Trucks, an ex-sailor just home from the wars, put the Detroit Tigers on an even footing with the Chicago Cubs in the 1945 World Series today when he hurled his mates to a 4 to 1 victory.

His pitching and the hitting of another ex-seaman, big Hank Greenberg, spelled disaster for the Cubs in the second game of the series, after the National League champs had taken the opener 9 to 0.

Trucks joined the team only last Friday. The score was tied at one-all in the fifth, when Greenberg—discharged from the army in August—came through with a home run and that was all Trucks and the Tigers needed.

Mid-Texas Presbytery to Meet in Cisco Yearly Less Than 6 Days

What is now termed Mid-Texas Presbytery, and made up of Presbyterian organizations in 46 counties, of which Cisco is regarded as the hub because of its central location, held a successful two-day session at Abilene Tuesday and Wednesday.

The presbytery, recently formed by the merging of the presbyteries of Brownwood and Ft. Worth, is a church court, having jurisdiction over the Presbyterian churches of the 46 counties. Representatives from 31 churches were present at the Abilene meeting.

For the first time a deacons' conference was held in conjunction with the presbytery, said Rev. O. L. Savage of Cisco, who attended. The conference was recognition of the fact that the deacons, who are in charge of the collection and disbursement of funds in the local churches, should be consulted as to the abilities of their congregations to support the work of the whole church. Deacons from 24 churches were present.

Dr. James Hardie of Ft. Worth, retiring moderator, opened the meeting and called for the election of a new moderator. Rev. John J. Mueller of Coleman was named by acclamation.

Under a new rule the presbytery will meet three times yearly. One of these meetings, the winter session, will come to Cisco annually, the next to be held here in January. It will occasion no expense to the Cisco church except that of providing a meeting place. The other two yearly meetings will be designated from time to time.

The presbytery voted to take steps toward increasing the general membership. Accepting its share in the goal announced by the general assembly for adding 50,000 members on profession of faith during next year, the presbytery will strive to add at least one member for every 10 whose names are now on the rolls.

The report of the committee on religious education included reference to the permanent encampment grounds located at Lake Cisco. Among other things it was brought out that the property is suffering from the work of vandals, and also that grownups of unsavory reputation have invaded the premises on numerous occasions. It was suggested that it might be necessary to locate a permanent guard on the property.

Texas to Build 3 Underwater Tunnels, the First

AUSTIN, Oct. 4. (AP)—Texas soon may have three underwater tunnels — the first in the state.

Pending approval of the state highway commission are plans for a mile-long tube under Bolivar Roads between Galveston island and Port Bolivar. The other two are proposed under the Houston ship channel. One would be 3,400 feet in length, the other 2,900 feet.

The three tunnels, which would be constructed in tube sections and then sunk beneath the water, would replace ferries which now are in operation.

Cost of the proposed Galveston tunnel is estimated at \$9,500,000, and \$10,000,000 for the two Houston tubes.

Seventy-eight percent of the nation's wool is produced in the 17 Western states.

SCRAM! SAY THE NEIGHBORS—Roy Beebe is shown charging drinking water by "cosmic wires" in his Long Beach, Calif., home, pondering where to go with his cure-all "cosmic ray" machine. A daily "trade" of some 4000 health-seeking customers resulted in nuisance charges by neighbors appealing to the City Council.

WAR BUDDIES IN BUSINESS—Leo Proffitt, beauty culture student on a G. I. scholarship, dresses Rose Glab's hair under tutelage of proprietor Bruce Voss, who opened the shop in Chicago on a G. BACK TO FARMING

It is betraying no business confidence, or starting any real estate boom with malice or profit aforethought, to report that rural real estate is active again. A typical city newspaper reports "a definite trend toward the purchase of small farms by persons of modest financial circumstances."

This is a rather familiar after-war phenomenon, but the present back-to-the-land movement seems likely to develop unusual strength. It isn't mere war-weariness. In some large mid-western area the war veterans are reported as less than one-tenth of the total movement. It seems to be mostly a feeling of being tired of city life, especially in the large and medium cities.

One odd feature of the situation is that most of the back-to-the-farm enthusiasts don't seem ever to have had any agricultural experience. They are just hankering to farm, and they want to start right away. From which fact it is easy to forecast that many of the enthusiasts are going to get into trouble. For farming of any kind is nothing to learn over-night. Success on a farm usually requires more knowledge, skill and persistence than city jobs.

MENTAL ILLNESS.

It is strange that people who would scorn the very idea of being afraid of ghosts, who know that the noises in a haunted house are made by woodticks or the wind or bats or other natural forces, should be so silly about the idea of mental illness. They divide the world into sane and insane without ever being willing to learn anything about kinds and degrees of abnormal mental condition.

... only if he acts before, not after an emergency, And wise indeed is he who looks into the title before he pays out his money for real estate. The best way to find out about a title is to get an abstract and have your attorney examine it. If he tells you the title is sufficient you may feel safe in making the purchase. Otherwise, don't buy — regardless of the other favorable factors.

W. D. Johnston and Mrs. Reggie Henderson were hostesses in the home of Mrs. Henderson Friday night with a miscellaneous shower for Miss Inka Sherman, bride-elect of Capt. H. E. McGowan, Jr., whose engagement and approaching marriage was recently announced. The house was made attractive with beautiful floral decorations.

Guests were met at the door by the hostesses and directed to a table where Mrs. Wendell Russell presided at the guest book. They were then shown to the dining room for refreshments. The table, overlaid with lace cloth, held as center-piece a miniature bride and groom standing beneath a floral arch.

Punch was served by Mrs. William W. Wallace, Jr., and others assisting in the dining room were Misses Marie Hunterman and Catherine Draganis.

Following the serving a lovely array of gifts were brought in and presented to the honoree, who opened the packages and passed the gifts for all to see.

The guest list included Miss Inka Sherman, Mrs. Louise Sherman, Mrs. H. E. McGowan, Mrs. A. F. Ashenbust, Mrs. Roy Foust, Mrs. I. J. Henson, Mrs. W. C. McDaniel, Mrs. L. A. Brunkenhoefer, Mrs. W. P. Guinn, Mrs. L. S. Jenkins, Mrs. James Moore, Mrs. R. R. Jones, Mrs. J. W. Cousins, Mrs. J. R. Deen, Mrs. W. W. Wallace, Sr., Mrs. R. B. Carswell, Mrs. Carothers, Mrs. George Myra Jean Tompkins and the following members: Mrs. W. R. Huestis, Mrs. Fred Erwin, Mrs. G. W. Troxell, Mrs. H. J. Woodruff, Mrs. H. H. Tompkins, Mrs. Fred Steffy, Mrs. C. R. West and Mrs. Powell.

CHICKEN DINNER HONORED LIEUTENANT.

Mr. and Mrs. C. A. Farquhar were hosts with a fried chicken dinner Wednesday honoring their nephew Lieut. A. W. Belfanz, who has recently returned from the Pacific area, where he had been held as a prisoner of war since the fall of Corregidor. The young man stated that the fried chicken was the first he had eaten since leaving the United States.

Others present were the honoree's mother Mrs. A. W. Belfanz, his aunt Mrs. Cora Kellar of Waco, his sister Mrs. Doris Belfanz Richardson of Abilene and J. T. Scott.

Also visiting them during the day were Mr. and Mrs. C. W. Guthrie and their son C. W. Guthrie, Jr.

MERCHANDISE MOVES SLOWLY

Merchandise that we handle --- Gas Ranges, Gas Heaters, Water Heaters and Electrolux Refrigerators --- are coming in very slowly.

We have had promises from some of the jobbers and manufacturers, but they have been unable to make good. We will not make promises that we cannot keep.

This week we received a nice shipment of Gas Heaters and we have some very good Water Heaters and Royal Rose Gas Ranges in stock.

As Refrigerators and better Ranges are available, we will have them for you.
