JAP HOME OFFICE DEFIES M'ARTHUR

M'ARTHUR ORDERED PROVINCIAL POLICE HEADS OUT BY OCT. 10; JAPS SAY "STAY"

(By United Press)

TOKYO, Oct. 5. — The Japanese home office today ordered provincial police chiefs to hold on for the time being to posts from which Gen. Douglas MacArthur had ordered them ousted by Oct. 10. The home office hint at potential defiance of MacArthur came as Japanese diplomats scurried about in an effort to form a government to replace that of Prince Naruhiko Higashi-Kuni, which was overthrown by the supreme commander's sweeping reforms.

Sigeru Yoshida, foreign minister in the fallen cabinet and leader of a peace movement for which he was arrested as early as last June, looked to be the most likely candidate for the leadership of the new government.

Amidst the government shakeup the home office instructed Japan's provincial police chief to disregard MacArthur's removal orders "pending decisions on future steps."

The home office directive told the police chiefs to stay on the job. It added that immediate dissolution of the police chief setup would have "a considerable bearing upon the domestic situation."

Lacking a time element to compare with MacArthur's ouster date of October 10, the true significance of the home office order was uncertain.

If it was designed as a feeler to test the temper of MacArthur's order, it left the way open for a full retreat if necessary.

The Tokyo newspaper Mainichi predicted that Yoshida would become the new premier.

Lots of Tongues Idle While Phone Ops Took Time Off

WASHINGTON, Oct. 5 (UP)—The walkout of long distance telephone operators scheduled for 1 p. m. began shortly after noon today on the East Coast.

Normal long distance service from the capital was stopped first.

Telephone patrons calling long distance heard a recording which said "operators have left the switchboards in a work stoppage."

Telephone workers in Texas were ordered to start leaving their posts at 1 p. m. Service was to be resumed at 5 p. m., when a conference on a strike vote will be held.

Promptly at 1, Texas phone workers left their jobs. Long distance calls were limited to number one — high government — priorities and genuine emergency calls.

FIGHTS FOR LIFE.

PARIS, Oct. 5 (UP)—Pierre Laval, fighting craftily for his life, belabored a French high court jury today with an impassioned insistence that he never agreed to make France a vassal of Germany.

TROPICAL DISEASE.

FT. WORTH, Oct. 5. — At least 20 tropical and parasitic diseases are likely to become endemic in Texas. Dr. Ernest Hartman, Kirksville, Mo., told the 200 members of the Texas Assn. of Osteopathic Physicians and Surgeons in convention here yesterday.

Wyoming's death rate from tuberculosis is the lowest of any state in the nation. The rate is 10.9 per 100,000 population.

CHILD THIEF IN JAIL.

LOS ANGELES, Oct. 5 (UP)—Night club dancer Virginia Flores, 18, was held without bail today as the district attorney's office set the date for her child-stealing hearing as Oct. 9, at which time she is expected to plead not guilty by reason of insanity.

REACH, BROTHER! It takes a big, fast man to get away with the long ones, and that's what Northwestern end Max Morris is as he races down the practice field at Evanston, Ill., arms set to snag a lengthy pass.

ARGENTINE POLITICAL POT BOILS—Argentines 500,000 strong are shown swarming through the streets of Buenos Aires calling for free elections and waving billboard-size pictures of progressive leaders in a mass demonstration against the military government. The demonstration resulted in arrest of ex-President Arturo Rawson and Gen. Oswaldo Martin on charges of "inciting rebellion."

CIO Tells Oil Only 1 Approval Kelsey-Hayes 44- Workers to Re-Electric Strike Day Strike Was turn to Duties Reaches Governor Settled Today

BULLETIN.

TULSA, Oklahoma, Oct. 5 (UP)—H. L. Campbell, district CIO representative, announced this afternoon that the Oil Worker's International Union's executive board in Washington had ordered immediate return of strikers to their jobs at government-seized refineries.

There was no immediate indication as to what reaction union workers would have. Meetings of all locals in strike territory including Texas were called for tonight to map action.

STAGED A DELAY.

WASHINGTON, Oct. 5 — The CIO Oil Worker's Union this morning staged a "war of nerves" against the government in the critical oil wage dispute.

The union's executive board was delaying an answer on whether it would order its 35,000 striking members back to work in the 54 strike-bound plants seized by the government last night.

Some of the strikers — including those in Texas — were openly defiant, saying they would not work even under Navy management unless their demands for a 30 percent pay increase were met.

The union executive board was believed waiting for reports from its locals on the question of accepting the Navy's order for resumption of work with the same wages and conditions that prevailed before the strike.

There were indications from Fort Worth that members there would vote to remain on strike.

Under the war labor disputes act there are no penalties for simply staying away from work as long as no effort is made to coerce others.

Meantime the government stepped up efforts to halt the spreading strikes in soft coal fields.

Merging of Army and Navy Is Refused by House

WASHINGTON, Oct. 5 (UP)—The House today handed the Senate a bill to authorize President Truman to reorganize executive agencies, but refused to vote him the right to merge the Army and Navy.

At the same time a Senate Judiciary subcommittee started work behind closed doors on its own reorganization bill. It would empower Mr. Truman to regroup, whittle or abolish the bulk of nearly 100 executive agencies.

AUSTIN, Oct. 5. — Out of a flood of communications, mail and telegraph, which have come to Gov. Coke Stevenson protesting the strikes in Texas, the strongest and severest was received Thursday from former congressman Thomas L. Blanton of Abilene.

Thus far only one approval of the electrical strike has been received, a telegram from the Goose Creek Local of International Brotherhood of Electrical Workers.

Blanton, who represented the Abilene-Cisco district in congress for many years, now 73 years old, tenders his services with the reminder that he "can still ride a horse and shoot a rifle." Blanton had several far-reaching recommendations to the governor while many of the protests received by the executive express great resentment and indignation at the Texas strikes and ask for summary action.

The concluding paragraph of Blanton's letter reads as follows:

"As a Texan who loves liberty I call upon you to mobilize a sufficient Ranger force and our home guard, and equip them with machine guns and other necessary arms, and instruct them to run every labor saboteur out of Texas; and to call in session immediately the legislature of Texas and request it to pass a law making it a felony for any person to bring about a strike in Texas for the period of five years; and the vacated position of every striker in Texas should be filled with jobless returning soldiers, and every striker should be made to forfeit all back pay and seniority of position, and we people at home, Coke, should give every official, state and national, to understand that unless they stop these intolerable conditions in our state and nation they not be returned to office in the next election."

After recounting the services of his own sons and the sons of others, Blanton asked:

"Just for what, Coke, have all of the countless sacrifices of this war been made? If we had killed every Mussolini in Italy, every Hitlerite in Germany and every Jap in Japan, we have accomplished absolutely nothing for liberty if we permit these intolerable situations to continue to exist in Texas, and elsewhere in the United States, brought about by the multiplied thousands of strikes by labor unions against our government of the United States."

BYRNES TALKS TONIGHT.

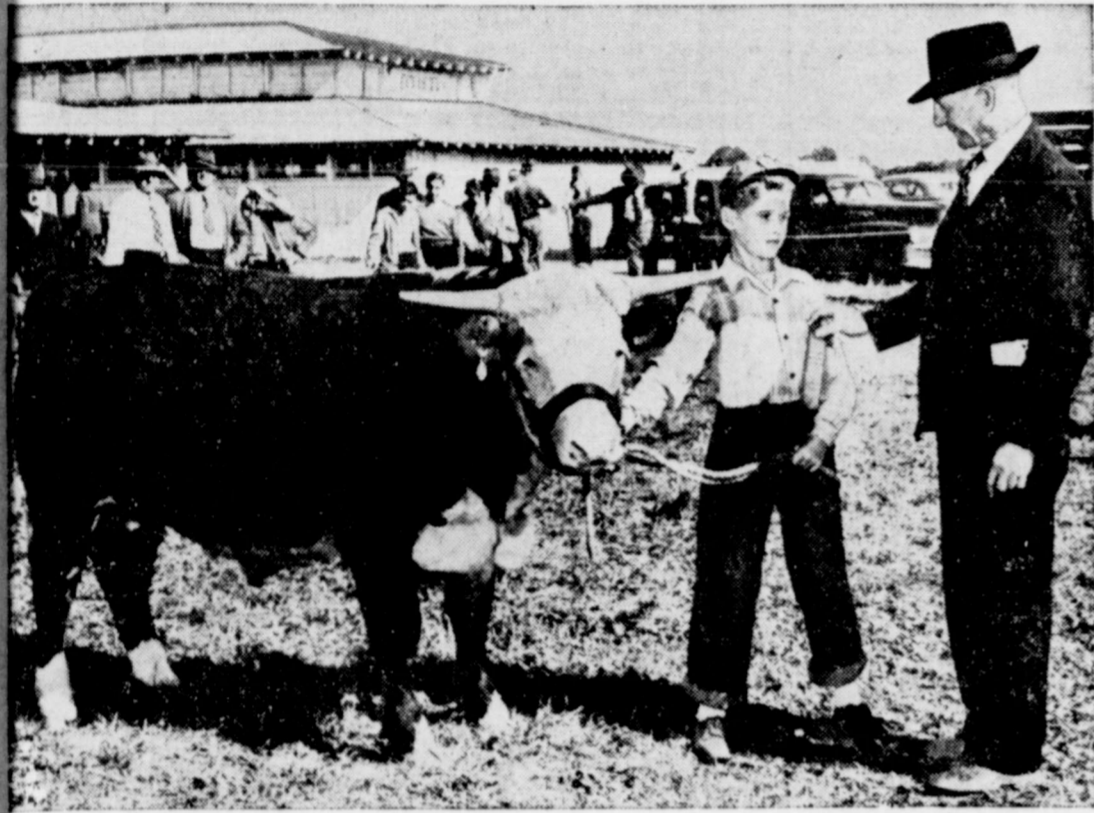

WASHINGTON, Oct. 5. — Secretary of State James F. Byrnes will report to the nation tonight in a radio address on the first session of the unsuccessful Council of Foreign Ministers at London. He will speak from Washington at 9:30 p. m., EST for one-half hour over the network of the Columbia Broadcasting system.

DETROIT, Oct. 5 (UP)—The 44-day-old strike at the Kelsey-Hayes Wheel Co., key walkout in an automotive production log jam idling nearly 50,000 workers, is over, both company and United Auto Workers' Union officials said today.

The Ford Motor Co. quit production and laid off thousands shortly after the Kelsey-Hayes walkout began, asserting they could not maintain production without parts from the wheel company.

AAAAH! And so thinks film actress Virginia Mayo as she displays her gams in one of the first 12 pairs of half-thread nylon stockings of the reconvered loom, a present of the Hosiery Designers of America, which claims she has the "Ideal American Legs."

GRAND CHAMPION OF ALL BREEDS—Dean M. Strid holds his Rolling Power Rusty, grand champion of all breeds at the Junior Live Stock Show in Green Bay, Wis., as R. E. Reynolds, judge, pins the blue ribbon on his shirt. Dean is a member of the Allouez, Wis., 4-H Club. The prize-winning steer is 16 months old.

Only Emergency Phone Calls Made This Afternoon Rising Star Man Daily Calls For Badly Burned In Living Quarters Here Increasing

The four-hour strike of Cisco telephone operators began promptly at 1 o'clock this afternoon, the lines being useless during that period except for emergency calls.

The teletype machine in the office of the Daily Press, which usually begins recording world news for this paper at 3:30 p. m., was out in operation by the Dallas office of United Press a few seconds before 1 o'clock and — through the courtesy of Abilene and Dallas operators — was permitted to record the full quota of news matter, which was a big help.

The four-hour cessation of operations is said to have been ordered to provide time for meetings to protest National Labor Relations Board rulings which the CIO and AFL over the independent National Federation of Telephone Workers.

Yellowstone National park has an area of approximately 3,472 miles, or about 2,222,000 acres.

RISING STAR, Oct. 5. — C. R. Martin of Martin's Shoe Shop was seriously burned early Monday in a gas explosion which completely wrecked the brick building housing his business.

The injured man was removed to a Brownwood hospital at once and it is said he has a good chance to recover if complications do not arise. About one-fourth of his body is covered with first degree burns, but there are no broken bones or serious lacerations.

Dave Williams, Henry Gregg, Austin Smith and G. E. Jones, among the first on the scene after the explosion, heard Mr. Martin calling for help.

He was buried under the debris and by removing some of the fallen roof the rescuers soon reached him and brought him out.

He was able to walk and talk and related that he had entered the building at 7 a. m. and was walking towards the rear when he struck a match to light a cigaret — then came the explosion and the building began to crumble about him.

His life was doubtless saved by the fact that two large shoe machines kept timber and brick from crushing him.

15 Eastland Co. Boys Joined U.S. Forces in Sept.

Fifteen Eastland county young men were inducted into the armed forces during September, as follows:

- Cisco—Billy Carroll Anderson, Dail Page, Norvell D. Gallagher, Jose C. Tolentino.
- Gorman—Wm. R. Stewart, Junior A. Montgomery, Alvis R. Cavanaugh.
- Carbon—John E. Harris.
- Ranger—Recal R. Ott.

WOMAN KILLER HUNTED.

HOUSTON, Oct. 5 (UP)—The finding of a woman's nude body, charred from the chest up, near Beaumont spurred police today in their search for a blond middle-aged man. Clothed only in two red bobby socks and a brown slipper, the bruised and burned body was found yesterday. The body was tentatively identified as that of brown-haired Elhora Collins, 30, of Houston. The entire upper portion of the body had been burned or covered with acid, police said.

AWOL nearly a year, Pvt. Robert Merrill, 20, Staten Island, N. Y., is shown after an Army court at Fort Belvoir, Va., sentenced him to 10 years at hard labor. Trial disclosed Merrill never left Fort Belvoir. It was learned that he had been working in the camp theater, and eating in the camp mess-hall. Each night he returned to the theater to sleep. This went on for months while an arrest order was out for him.

Per week, in advance (Cisco)..... \$5.00 120 strikes. There are not enough ships to bring all the men in a hurry. A ship is loaded to the gunwales with eager soldiers homeward bound, but it may be delayed by storms. It may have to wait in the foreign port for necessary repairs. It may have to wait in harbor on this side. And after the men touches home and still has to go through the process of demobilization. The ship needs time to go back-plus oil.

So it's well to be calm. The job has been finished sooner than anyone thought it could. That's velvet. And the fighting is over. That's cloth of gold. So be thankful and serene at both ends of the ocean. Don't waste shipping space on girl babies kept your soldier happy and understanding if he has to wait. Mail this week or next.

GOODBYE, ARMY. The atomic bomb blew up not only Hiroshima and Nagasaki, but the effectiveness of the United States army and navy. So General W. Johnson, newspaper man and biographer, declares: "With a thousand atomic bombs and the element of surprise, Holland could whip up all establishments military and naval, and a million suits of protection." It is not yet fully realized that the world is in a state of chaos. Hiroshima and Nagasaki are as completely unattended as last summer's straw hat.

Make Mine Iced Coffee

WHO'LL have a long, cool drink? Everybody, no doubt, for this is definitely iced coffee time. Serve it out on the porch, terrace or roof as in our photograph. And as a tasty accompaniment, try this Deep Dish Coffee Chiffon Pie. It's swell tasting, is easy on your ration coupons and has that inimitable coffee flavor.

Deep Dish Coffee Chiffon Pie
 1 tablespoon gelatin 2 egg whites, stiffly beaten
 1 cup cold coffee 1 tablespoon margarine
 2 egg yolks 1 cup cornflakes, rolled
 1/2 cup sweetened condensed milk 1/2 cup strong hot coffee
 1/2 teaspoon salt 1 tablespoon sugar or honey

Soften gelatin with cold coffee. Beat egg yolks slightly, and add condensed milk and salt. Dissolve gelatin with hot coffee and stir gradually into egg-milk mixture. Place in refrigerator until mixture begins to set and fold into stiffly beaten egg whites. Pour into a deep pie pan or shallow serving dish with straight sides. Melt margarine, stir in rolled cornflakes and sugar or honey. Sprinkle over top and return to refrigerator until ready to serve. To serve, cut into pie-shaped pieces and lift carefully with the server.

Try Hot Water Plus After Meals For Acid Indigestion

If the thousands of unfortunate people, people who suffer from so-called dyspepsia, acid indigestion, food fermentation, sour stomach, flatulence, gas or other stomach distress brought on by excess acid would just try drinking slowly after each upsetting meal half a glass of real hot water containing one spoonful of Neutraacid they can usually get amazingly quick relief in a very few minutes.

Neutraacid is not a laxative—it is soothing and comforting to the mucous membranes and very agreeable to take. Neutraacid—a physician's formula can now be obtained at Maner's Pharmacy or any first class drug store.

POINT REWARD FOR USED FATS DOUBLED

4 points instead of 2 for every pound!

EVERY one of you housewives in America, in your own kitchen, can speed the return of larger supplies of soaps and all the peacetime things you have been waiting for so long. You can do it by saving more used fats... every drop you can scrape or skim. It's as urgently needed as ever. So keep doing it, won't you?

You women of America have done a magnificent job of saving used fats during the war, but victory has not ended the need. The fat supply for the manufacture of soap and other long wanted products is millions of pounds less in 1945 than it was in 1944. That is why the government offers four ration points instead of two for every pound of used fats you turn in.

By skimming, scooping and scraping every last drop of used fat, you can help increase your own home supplies of soaps, soap flakes and powders more quickly. And not only soaps. But the nylons, cottons, electric washers, irons, refrigerators, automobiles and hundreds of other peacetime products we've all been waiting for.

The fats saved in your kitchen are urgently needed to help get peacetime goods back into production... and back to you... more quickly. So won't you keep up the good work even though the war is over? You'll help to fill your own needs for soaps and the civilian goods you're dreaming of. Remember, every drop of used fat is still vitally important. Keep saving, won't you?

Your Used Fats help make the Peacetime Products You Want
