Victory Loan.....	2,000,000,000	??	?

It's Up To YOU!

Colvert of Texas U. Commends Cisco Jr. College

The junior college movement is the fastest growing movement in the educational field in the United States. Dr. C. C. Colvert, junior college consultant with the University of Texas, told Cisco Rotarians and guests, including members of the Lions club, at luncheon Thursday.

Dr. Colvert was presented by R. N. Cluck, president of Cisco Junior college. Dr. Colvert commended the progress which has been made with Cisco Junior college and predicted an expanded field of service if the support which Cisco has so far given it is continued.

The need of the Junior college has grown more insistent as the standard of living and the increase in specialization and in mechanical devices in every day use increases, he said. Formerly a grammar school education was sufficient to equip a person to make a living, later a high school education was necessary and now it is necessary that the average level of education be raised at least two more years, he said. The junior college serving a compact area is the answer.

A junior college, he said, does four things: First, its pre-professional courses for students who wish to specialize in engineering, education, ministry, medicine and so forth. Second, it offers terminal courses in trades and professions which are courses completed in one or two years that equip the student to earn a living and be a good citizen. Third, it provides short term courses for special training in phases of various trades, professions and even housekeeping, which enable those engaged in such occupations to keep abreast of developments or meet special local needs arising in their occupations. Fourth, it offers courses in adult education for all citizens, old and young, whose need of learning should never stop. The latter courses are offered through specially organized classes taught afternoons or evenings, sometimes tailor-made for a special need, and often taught by local people equipped for the purpose.

In a business session prior to Dr. Colvert's address, the club voted unanimously to sponsor another Rotary institute to be held next spring.

FORMER CISCOAN DIES.

Mrs. Ida Lamb Jackson, 64, former Ciscoan, died Friday night at Coleman, after a lingering illness. Mrs. Jackson was a daughter of the late Rev. and Mrs. Isham Lamb of Cisco. Funeral arrangements were incomplete, but burial will probably be made in Coleman, beside her husband. Mrs. Jackson is survived by eight children and a sister, Mrs. L. B. Mayhew of Cisco, who spent the past week at her bedside.

CHRYSLER AND GENERAL MOTORS WORKMEN POISED FOR STRIKE; OTHERS MAKE READY

Pressure Groups More Dangerous Than Foreign Foe

DALLAS, Oct. 26. — Straight-talking Ed Gossett denounced the CIO's Political Action Committee as the largest and most dangerous pressure group in America.

The youthful Wichita Falls congressman, addressing the Salesmanship club, went all-out in an attack on the basic philosophies of the organization. He said the proposals it supports would lead to national Socialism and eventually to Communism.

His blast came in the course of an appraisal of the American political system and the methods of its operation. Four threats to the present governmental and economic system were cited by Gossett, and he gave the CIO program prominence in at least two of them.

"The first and greatest threat to organized democracy comes from organized pressure groups.

"The second is the threat of uncontrolled inflation. The third is the growing cost, size and activities of the federal government. The fourth is that of faulty citizenship."

Launching into the pressure group section, Gossett asserted democracy may be safe from her enemies abroad but that there are enemies at home to be met.

"To take democracy as a matter of course, to say that nothing can happen to destroy it, is to delude ourselves and to invite disaster."

Ranking the bureaus and departments of government as themselves pressure groups, Gossett continued:

"The largest and most dangerous pressure group in the country at this time is the Political Action Committee of the CIO, headed by Russian-born Sidney Hillman.

"The rank and file of its membership are perhaps no better or no worse than the rank and file of citizens generally, but many Communists have infiltrated into CIO leadership. Some are wolves in sheep's clothing, and others are known racketeers. For any selfish minority to organize itself into a political action group in order to secure economic advantages is a menace to society.

"The laborer is worthy of his hire, but no one, the laborer or anyone else, should receive more than his services are reasonably worth."

Education Board to Aid Its Crippled Children

DALLAS, Oct. 26 (AP)—Crippled children will be able to attend a school with ramps for wheel chairs, doors which are four feet wide and other extra facilities by the second term of this year according to an announcement of the Dallas board of education.

Architect Maurice Peterman, who drew the plans for the school, was authorized to complete the specifications preparatory to advertising for bids.

Bryan Adams, business manager, said an estimate of \$23,000 was given earlier, but improvements in the plans and the increase in construction costs raised this estimate to approximately \$50,000 or \$60,000.

(By United Press)

Labor moved rapidly today toward a showdown with the automobile industry on union demands for a 30 per cent wage increase.

Rank and file union members approved a strike against Chrysler Corp., and the union revealed that CIO auto workers in 45 General Motors plants are ready to strike "at any time."

The Chrysler workers followed the lead of General Motors employees, who voted their approval of a strike yesterday.

Wage troubles mounted in the steel industry, where the CIO United Steel Workers' Union is seeking a \$2 daily pay boost. At Pittsburgh the union's wage policy committee authorized the union executive officers to take a strike vote if necessary to gain the raise. U. S. Steel has rejected the wage demand.

At Providence, R. I., 27 members of the AFL Bus Drivers and Terminal Employees Union prepared to strike at 4 a. m. tomorrow against the New England Transportation company. The dispute is over wages.

The threat of an early strike against General Motors was increased by the announcement of Walter Reuther, vice president of the UAW, that at least 45 local unions had conducted secret ballots approving a strike against General Motors.

Reuther said it was time for General Motors president, C. E. Wilson, "to come down out of his ivory tower and put his feet under the conference table."

U.S. Seizes Huge Amount Bullion, Radium From Japs

TOKYO, Oct. 26 (AP)—Gen. Douglas MacArthur tonight ordered immediate confiscation of all weapons from the Japanese after American troops seized another \$5,500,000 in bullion and other looted treasure from Honshu vaults.

The loot included \$2,500,000 worth of radium stolen by the Nazis from Czechoslovakia. It was found by counter-intelligence troops in the vaults of the German consulate at Osaka.

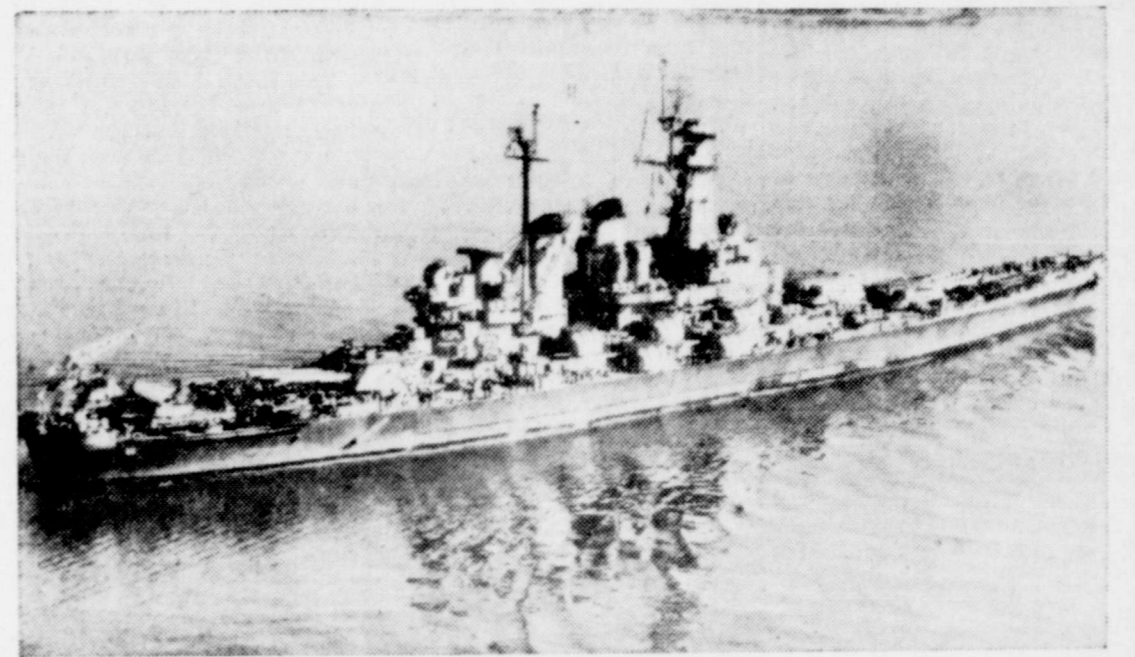

MacArthur ordered the Jap government to collect all firearms, knives, swords and explosives from the people by Dec. 1, after which strict accounting and monthly reports to the occupation forces will be required.

The seized radium was sent by Czechoslovakia to Japan during the 1930s for hospital use and was confiscated when the war broke out.

HALLOWEEN CELEBRATION. Scranton Parent-Teacher association, of which Mrs. Sport Spiegler is president, will sponsor a halloween carnival in the gymnasium of the high school Wednesday night, October 31. A musical program will precede the carnival and will be followed by the crowning of a high school queen, to be elected by the student body. The carnival will feature bingo, a cake walk, country store, fortune telling and other entertainment.

TRUMAN TALKS SATURDAY. WASHINGTON, Oct. 26. — President Truman expects to deliver Saturday in New York "the most important speech from a news standpoint" that he has made since entering the White House, a presidential secretary said today.

Marking Navy Day, it will deal with foreign policy. (The broadcast will be at 12:30 p. m., Cisco time.)

BACK HOME—The 35,000-ton USS Washington glides up the Delaware River to dock in Philadelphia Navy Yard where she was built, launched and commissioned. After four years in battle zone, ship returns to celebrate Navv Day without a single enemy wound on her decks.

Litchfields Move to New Mexico; In Cisco 19 Years

Mr. and Mrs. J. J. Litchfield have bought property in Carlsbad, N. M., and will make that city their home, Mr. Litchfield told the Daily Press today. The Litchfields have been good citizens of Cisco for nineteen years, coming here from Greenville, October 26, 1926.

"Litch," as he was known to his many friends, was first employed in Cisco as a meat cutter for Skiles grocery. He later erected and operated the Litchfield Sandwich Shop on the old Eastland highway until 1937. For the past eight years he owned and successfully operated the Laguna Storage and Service Station, which he sold recently to Virgil L. Pruitt of Carlsbad, N. M.

Mr. and Mrs. Litchfield have five children and are members of First Christian church.

Jap Brutes Must Never Be Forgotten by Americans

HOUSTON, Oct. 26 (AP)—More evidence of Jap cruelty to American prisoners is the cutting they did on the legs of Yeontan Darwin F. Kidd of Houston with no use of anesthesia or any disinfectants.

Captured on Corregidor, Kidd was suffering from beri-beri, which caused the nerves in his legs to pain him intensely. A Japanese doctor, infamously known as the "Mad Butcher" by the prisoners, had the sailor dragged to the operating table against the protest of a British doctor, also a prisoner. Kidd was lashed to the operating table and the "Mad Butcher" went to work.

"The pain was so intense that I broke my bonds, but I was beaten into insensibility, trussed up again and the horror continued," he said.

"I was conscious during most of the three-hour-long ordeal. When the torture became too great the Japs slugged me about the head and face until I again lost consciousness for a few minutes," he added.

Infection set in after the operation. While his legs were healing, "hospitalization" consisted of laying on an almost bare, vermin-infested floor.

Able to walk slowly, Kidd will be operated on again soon. Navy doctors will attempt to undo the savage work of the Jap doctor.

PARK BURIAL HERE.

The funeral of David E. Park, 82, who died Thursday in a Baird hospital, will be held at the Methodist church in Putnam at 10 o'clock Saturday morning, conducted by the pastor, Rev. Leroy Baker. Burial will be in Oakwood cemetery, Cisco. Survivors are the widow, two sons, two grandchildren, two brothers, R. A. Park of Moran and E. L. Park of Knox City, and a sister, Mrs. Joe Lovelady of Cisco.

Service Pay of Enlistees Free of Income Tax

WASHINGTON, Oct. 26 (AP)—House and Senate conferees agreed today to exempt the service pay of all enlisted personnel from income tax.

Beginning their attempt to eliminate differences between house and senate versions of a tax relief bill, the conference committee accepted the senate provision for veterans.

No decisions were reached on the major differences, such as the date on which to end the excess profits tax.

The veterans' provision approved called for — 1. Exempting all service pay of enlisted men from income tax and relieving them of filing returns. 2. Allowing commissioned officers to pay deferred taxes on service pay in 12 interest-free quarterly installments. 3. Allowing both enlisted men and officers to pay deferred taxes on pre-service income in 12 quarterly installments, without interest.

EAGER FOR A TEST.

WASHINGTON, Oct. 26 (AP)—The navy officially disclosed today that it is eager to test the atom bomb's power against a surface fleet and as a depth charge. It would not say, however, where or when the tests will be made.

Ciscoans See and Admire 1946 Ford Car, Nance Motor

The Nance Motor Co. has on display one of the first 1946 Ford automobiles to be seen in Cisco, and it is being viewed by many people and admired by all who see it. It is a two-door model, light gray in color and sturdiness stands out in every line.

"No price has been announced for new Fords," said Steve Nance this morning, "but general opinion seems to be that prices will be slightly higher than those asked for 1942 cars."

The new car possesses 100 horsepower, has 4-ring aluminum pistons for greater oil economy, larger oil pump, more efficient exhaust valve cooling, interchangeable cylinder heads, newly engineered water pumps, high efficiency fan, new oil filter and many other innovations that will instantly appeal to discerning automobilists.

Mr. Nance and Charlie Graham extend a cordial invitation to the general public to call and see for themselves what the Ford company is offering to post-war buyers.

CROWN PRINCE HONORED—Brig. Gen. Owen B. Summers pins the Legion of Merit Medal on jacket of Norway's Crown Prince Olav, right, during ceremony at entrance to Royal Palace in Oslo. Crown Prince Olav was awarded the American decoration by order of President Truman for his work as commander-in-chief of Norwegian forces during the war.

Mrs. James Shelton Died at Abilene Early Today

Mrs. James M. Shelton, 52, died at her home in Abilene this morning after an illness of two years. Funeral will be held in Abilene probably Sunday afternoon.

Deceased was Miss Aleyone Chapman of Ft. Worth before her marriage to Mr. Shelton. She was a most exemplary woman and a devout member of the Presbyterian church.

Immediate survivors are the husband and two sons — Burton Shelton of Odessa and James H. Shelton, now with the armed forces at Pearl Harbor. James M. Shelton is a son of Mrs. W. C. Shelton of Cisco and a brother of Mrs. R. W. Mancill and Mrs. E. L. Graham, Cisco.

Business, Labor Are Both of Age; Both Responsible

CINCINNATI, Oct. 26 (AP)—A golden era of prosperity is coming to America, it was predicted here by former Ohio Gov. Myers Y. Cooper.

"America," he said, "is faced with an era of prosperity unequalled in its history.

"Hard times will have to be manufactured if we do have them—and it is not beyond the realm of possibility that such an unfortunate situation might arise," he said.

Cooper said that business and labor "have both come of age" and "both should be responsible for their acts in the public interest."

Three Counties Buy 24,488 Tons Texas Fertilizer

COLLEGE STATION, Tex., Oct. 26 (AP)—One-fifth of the 1945 sales of Texas fertilizer sold during the year through June 30 were sold in Hidalgo and Cameron counties.

Sales reported by counties amounted to a total of 214,109 tons as compared to a total of 173,188 tons for the previous year, said Dr. J. F. Fudge, state chemist in charge of administration of Texas fertilizer laws.

Largest sales in the fall were reported from Hidalgo county, 16,904 tons; Cameron county, 4,827 tons and Webb county, 2,757 tons. Each of 38 counties sold a total of more than 1,000 tons of fertilizer during the year.

MOPPED UP—S 1/c Ralph Hill, Glenside, Pa., smiles in feindish glee as he prepares to heave a mop overboard as his ship pulls into dock in Philadelphia. Seaman Hill has kept decks ship-shine during the war. Now he's glad doing washline duty at home.

THE CISCO DAILY PRESS

Consolidated with Cisco Daily News and Cisco American and Round-Up, November, 1937.

PLACING RESPONSIBILITY.

Strikes have become so widespread in this country that the public tends to rise in revolt.

Many signs point to public impatience.

A wage policy designed to allay work-stoppage is promised by President Truman as a result of cabinet meetings on the subject. What it will amount to remains to be seen. The Department of Labor urges repeal of sections of the Smith-Connally Anti-Strike law permitting 30-day strike notices and government supervision of strikes, claiming these provisions tend to incite strikes.

Simultaneously, a movement involving both Republicans and Democrats is under way in congress to overhaul laws so that

both employers and unions will be responsible for keeping agreements and the public peace.

If the lawmakers can forget the next elections, and think of the future of America, something may be accomplished.

The recently "settled" soft coal strike that lost 10,000,000 tons of coal from the nation's bins is a case in point, as is the milk producers' proposed strike in the New York area threatening about 7,000,000 consumers.

Another of the generally disappeared strikes was that of the East Coast Longshoremen, which held up not only return of troops, but food designed both for occupation forces and starving Europeans. There also are the country-wide strikes affecting industrial reconversion, as well as the over-all employment status of

civilians and job-seeking veterans. The new note in national thinking sets forth that not only labor and management have equal rights in a democracy, but the citizenry of a country have rights as well.

WHIP 'EM, THEN FEED 'EM.

An argument for feeding the Germans with which Americans will find it difficult to disagree comes from Gen. Dwight D. Eisenhower. He says that the health of the Reich is undermined by malnutrition to the point where disease this winter may become so widespread as to endanger United States occupation forces. He estimates that 1,250,000 tons of wheat must be imported at once to raise the daily ration to a level approaching minimum safety. The present intake is close to starvation, the general says.

This is the most difficult winter of all from the point of view of food, clothing and shelter. By the autumn of 1946 even the people which need most help to get through this year will need much less. Some may need none.

Americans may not enjoy feeding Germans, but Americans are not the kind of people who starve their enemies. Undoubtedly the necessary wheat will be forthcoming.

PUTNAM

Carolyn Sue White, daughter of Mr. and Mrs. G. A. White, celebrated her first birthday Tuesday with a party given by her grandmother, Mrs. W. L. White. Entertainment was furnished inside the house for the children. After the honoree opened her nice gifts the children were invited into the dining room where the main attraction was a lovely birthday cake, with one lighted candle atop. The cake was cut by Mrs. W. L. White and served with hot chocolate. Those present were Gale Putnam, Judy Sue Chick, Larry Don Erick, L. C. Donaway, Marion Lee and Elaine Baker, Benny Ruth and Mary Jo Brazill, Linda and Gloria Jean Hughes, Lynn Tatom, Janice Carbon, Marvin Lee Williams, Carl White, Mrs. Mark Burnam, Mrs. Preston Chick, Mrs. Dorothy Erick, Mrs. Herman Roberson, Mrs. Vernon Donaway, Mrs. Lee Roy Baker, Mrs. R. L. Buchanan, Mrs. Ben Brazill, Mrs. Mike Hughes, Mrs. Johnnie Mae Allen, Miss Wanda Tatom, Mrs. Eugene Carbon, Mrs. G. W. Weeks, Mrs. Roy Lee Williams, Mrs. Joe Coleman, Mrs. W. L. White, Mrs. G. A. White. Those sending gifts were Mrs. Rogers, Mrs. W. L. Shirley, Beth and

James Isenhower, Mary Ruth and Jackie Jean Freeman, Glenn Shirley.

Lieut. Stanley Butler has returned from San Antonio where he received honorable discharge from the air corps. He is accompanied by Mrs. Butler and small daughter on a visit here with his parents, Mr. and Mrs. H. E. Butler.

Mr. and Mrs. Willard Gaskin from Fort Worth were guests in the home of Mr. and Mrs. Earl Rutherford Sunday.

Lieut. Allen Nelson has returned from duty in the southwest Pacific and is now visiting in the home of his parents Mr. and Mrs. A. H. Nelson.

Corp. and Mrs. Edward Sunderman were visitors in the home of Mr. and Mrs. E. E. Sunderman over the weekend.

Sterle Abernathy, having spent several years in the navy was recently discharged and is now at his home in Baird.

Those visiting in the home of Mr. and Mrs. A. H. Nelson Sunday were Mr. and Mrs. Clark Taber and sons Dale and Don, Clyde; Mr. and Mrs. Luke Coleman and son Bob, Abilene; Lieut. Allen Nelson. Billy Jo Baker of Clyde spent

the weekend here with his brother Rev. Lee Roy Baker.

Miss Ellen Williams of McMurry college spent the weekend in Putnam with her father and brother R. D. and Bruce Williams.

Mr. and Mrs. W. E. Harper of Jal, N. M., were weekend visitors in the home of Mrs. Ida Cunningham.

Mr. and Mrs. Charles Reynolds have returned to their home in Oklahoma after spending a few days in the home of Mrs. Ida Cunningham, mother of Mrs. Charles Reynolds.

Miss Artie Cook and Jack Cook returned to Putnam Monday after spending a week in Jal, N. M., with their brother MIT Cook, Jr.

Miss Mary Alice Brown of John Tarleton college spent the weekend with her parents Mr. and Mrs. G. A. Brown.

The Putnam Panthers defeated the May Tigers on the Rising Star field Saturday. The score was 31-0.

Miss Marion Pearl Damon and Lieut. Andy Andrix of San Antonio were united in marriage last Friday at 6 a. m. at the Blackstone hotel in Fort Worth. Mrs. Andrix is the daughter of Mr. and Mrs. G. W. Damon of Putnam.

Building Restrictions Are Being Lifted...

This is the time to go ahead with your plans for repairs on your home or for new construction. Building and credit restrictions are being eased according to notice regarding new FHA regulations:

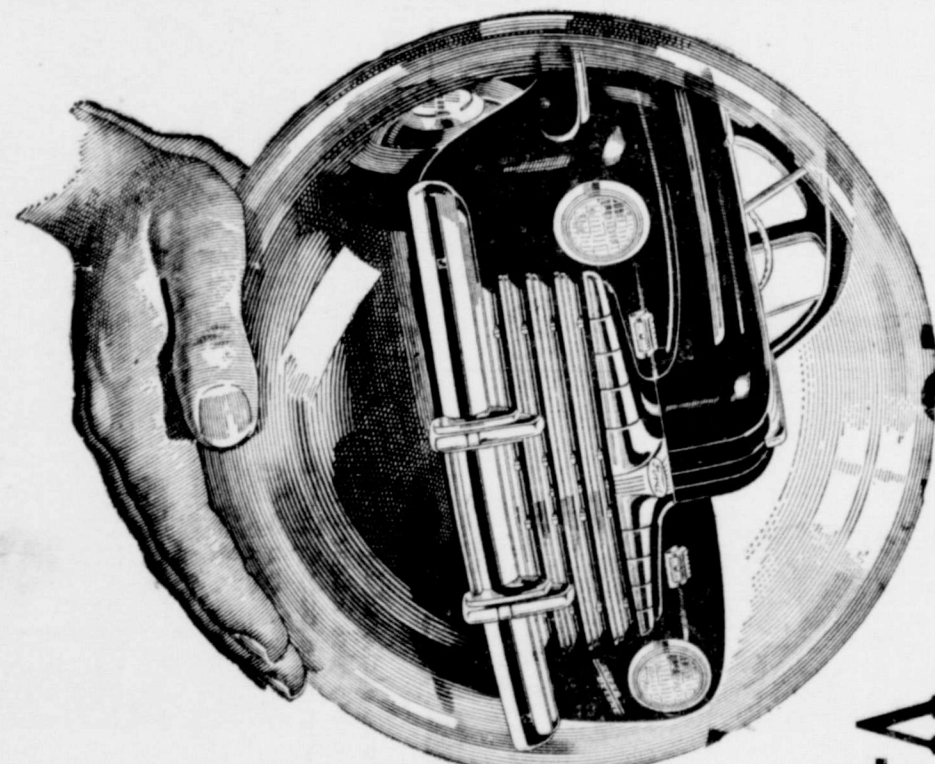

Effective October 15, 1945, Title I home repair and improvement loans are exempt from the credit restrictions of Regulation W. Also, effective the same date, Conservation Order L-41 of the War Production Board was revoked so that it is no longer necessary to obtain a priority to begin construction.

The following terms govern property improvement loans under Title I:

PURPOSE OF LOAN	Maximum Maturity	Maximum Amount
To repair, improve or modernize an existing structure	3 years	\$2,500
To construct a new structure for other than residential use; i.e., garage or commercial buildings	3 years	\$3,000

Julia C. Penkham's VEGETABLE COMPOUND

BRIEFLY TOLD

Mr. and Mrs. Floyd Britain left the first of the week for their home in California after a few weeks' visit here with his parents Mr. and Mrs. R. D. Vanderford. While here they accompanied his parents and his aunt Mrs. H. W. Ham, on a trip to east Texas for a visit with relatives, returning by Waco and Dallas. A chicken dinner was served in the Vanderford home Sunday evening by Miss Lela Latch. Those present were Mr. and Mrs. Floyd Britain, San Francisco; Mrs. Gorman Pollard and daughter Mrs. Ben R. Townsley and son Dicky, Gorman; Mr. and Mrs. Vanderford, Mrs. Ham and Mrs. W. Z. Latch.

J. C. McAfee of Dallas spent a few hours in Cisco yesterday. He had just returned from a business trip to Chicago. The former Ciscoan had planned to go on to New York from Chicago, but the utter absence of hotel accommodations in New York, largely because of Navy Day reservations, made the trip impracticable.

Mr. and Mrs. Gene Abbott are expected here Saturday from San Antonio where he received his discharge from the armed forces. They will visit in the home of her parents Mr. and Mrs. J. J. Collins and with other relatives in Cisco. Another guest for the weekend in the Collins home will be their

daughter Miss Ida Mae Collins of Fort Worth.

Jack Coleman arrived in Cisco Thursday after receiving his discharge from the army at Fort Bliss. He has been in the service five years and two months. He was accompanied to his home at Cross Plains by his aunt Mrs. Floyd Campbell and her niece Miss Wanda Terry.

Mr. and Mrs. James I. Sanders are visiting in the home of Mrs. W. E. McWhorter, mother of Mrs. Sanders. Mr. Sanders has just received his discharge after serving thirty months in the European theater.

Rev. and Mrs. L. H. Clegg, Mrs. Velma McCrary, Mrs. Solomon Reese Huddleston and Waddell Rains have returned from Plainview where they attended a district meeting of the Church of the Nazarene.

Misses Dorothy Jean Anderson and Cathryn Shepard are expected from Austin for a mid-semester visit with their parents Mrs.

Myrtle Anderson and Mr. and Mrs. F. E. Shepard. The young ladies are students of Texas University.

Mr. and Mrs. Harry P. Schaefer and children Barbara and Dalbert came in Friday night from Camden, Ark., where they have lived for the past year. They will occupy their cottage at 401 West Twelfth street.

News received today by his sister Mrs. D. R. Harper said Dick Bollinger is seriously ill in a hospital at Waco. Mr. Bollinger is well known here and his friends will regret to know of his illness.

Mrs. G. R. Whitney of Breckenridge and her son Capt. Robin Rominger, who arrived home the past week from Tokyo, visited her mother Mrs. Mattie Robinson Thursday and Friday.

Mrs. A. J. Olson returned Thursday from Wichita Falls where she

has been visiting her daughter and husband Mr. and Mrs. D. E. Franklin and their two children.

Miss Helen Childers, student at Southern Methodist University, came in Friday for a mid-semester visit with her parents Mr. and Mrs. Bill Childers, near Cisco.

Mrs. Mattie Robinson has returned from Winters where she was called by the illness of her friend of many years, Mrs. W. H. Kittrell, Sr. She reports Mrs. Kittrell as slightly improved.

F. B. Altman and Mrs. Gay Weaver of Abilene, Mrs. Jimmy Harkrider of Eastland and Mrs. Myrtle Anderson of Cisco have returned from Dallas where they purchased merchandise for the Altman Style Shops of Cisco, Abilene and Eastland.

Paul Cozby joined Mrs. Cozby here this week after receiving discharge from the navy. They are now at DeLeon with his parents and will probably locate there. Mrs. Cozby has made her home in Cisco with her parents Mr. and Mrs. D. R. Harper during the war.

Breakfast Tune

Serve 'Em A Blend They'll Enjoy
Breakfast is the most critical half-hour of the day. A hearty breakfast, spiced with cheery conversation and good coffee, does more for the spirits than almost anything else. If sour notes and complaints spoil yours, that brand of coffee you've been serving could very well be the cause. Put the family on Admiration Coffee for a week and see if a vast improvement doesn't occur. This rich, mellow blend builds up routine meals and dispositions alike, and lends sparkle and zest to the occasion. You don't have to search for a difference—you'll thrill to the difference on the first sip.

SEAT COVERS
