## MILITARY TRAINING STRIKES A SNAG

### AT CLOSE OF SECRET SESSION REP. SHORT, MO. R., SAID: "THIS LEGISLATION IS DEAD"

#### Labor, Management Conference Shows Progress

WASHINGTON, Nov. 8. (U.P.) — The Labor-Management conference reported officially today that "real progress" was being made in tackling its problems.

The report was made by conference Secretary George W. Taylor. It came as signs indicated that the Congress of Industrial Organizations may get its demand for consideration of wages and prices to the floor of the conference through one of the standing committees or some other device now under consideration.

Taylor told a news conference that "no attempt will be made to gag" any group. He declined to discuss any subjects which were brought up at the initial organization meetings of conference standing committees late yesterday.

In the American Federation of Labor camp a backstage struggle developed among the delegates over supporting the statement of William Green, president of the AFL, on the opening day of the conference that discussion of wages should be avoided.

Earlier President Ira Mosher of the National Association of Manufacturers served notice that management delegates would resist the CIO efforts to inject the wage issue into the conference. He said that would be putting "the cart before the horse."

#### READY TO QUIT.

SAN FRANCISCO, Nov. 8. (U.P.) — Two locals of the Longshoremen's union announced today that they have voted to support the National Maritime union in refusing to man ships not converted to troop carrying after Dec. 1.

#### Army Peacetime Pay Good; Will Mean More Later

Corp. Clifford Hemmer of the Brownwood army recruiting service was at Cisco postoffice today from 10 until 3, as he usually is each Thursday. Today's trip was rewarded with one enlistment, a young man named Zimmerman from Stephenville.

"November 21," said Corporal Hemmer, "is the deadline for soldiers discharged since May 12 who wish to reenter the service and retain their former rank. If out not longer than 90 days, said enlistee will receive a bonus of \$50 per year and a furlough of possibly 90 days; family allowances will also continue at the former rate."

An advertisement on page four of today's Cisco Press sets forth the many advantages accruing to young men who desire to join the United States army. The monthly cash pay as quoted in the advertisement, plus food, lodging, clothes, dental and medical care, is the best offered by any government in the world, with a sizeable retirement income after long service.

With the drop in living costs sure to come within the next two years, U. S. peacetime army remuneration will be attractive indeed, leaving no sound ground for those who insist on compulsory peacetime draft of all young men as they reach the age of eighteen.

#### PROPERTY TAX UP.

CHEYENNE, Wyo., (U.P.) — A million dollar increase in property taxes was recorded in Wyoming this year. Large gains in county and school taxes brought about the increase. The state mill levy for property purposes was maintained at two mills this year, same as in 1944.

(By United Press)  
WASHINGTON, Nov. 8. — Opponents of universal military training forced an abrupt interruption of the Military Affairs Committee's first hearing on the subject today.

Secretary of War Robert Patterson appeared before the committee and urged adoption of legislation proposing a year's continuous training for 18-year-olds.

Then Rep. Dewey Short, R., Mo., moved that the committee defer action until next year, or until the Senate Military Affairs Committee has acted.

"You can put it down that this legislation is dead," Short told reporters after the closed session.

#### CIO Asks U.S. Aid Against General Motors Auto Corp.

DETROIT, Nov. 8. (U.P.) — The CIO Automobile Workers' union today filed charges of unfair labor practices against General Motors and appealed for government intervention to break a deadlock in wage negotiations.

Interrupting prolonged discussions with the nation's No. 1 automobile producer, the UAW charged that General Motors had refused to bargain in good faith on the union demand for a 30 per cent wage increase.

#### CAR PRODUCTION SHY.

WASHINGTON, Nov. 8. (U.P.) — The Civilian Production Administration reported today that 19,136 new passenger cars were produced between July 1 and Oct. 31, far short of the 72,740 originally forecast for the period. The OPA said manufacturers blamed piecemeal shipment of parts and "wage negotiations" for the reduced production.

#### KIDNAP PROOF LACKING.

SAN FRANCISCO, Nov. 8. (U.P.) — The FBI said today it has not assumed jurisdiction in the case of Dickie Tom Suden, three-year-old missing Downsville boy, because "there has been no evidence of kidnaping."

#### POLITICAL BLOCKADE.

WASHINGTON, Nov. 8. — Republicans and Democrats on the Pearl Harbor investigating committee contended alike today that political considerations are impeding the value of the whole inquiry. "They have given it such a political turn," Senator George (D-Ga.) said of the Republicans. "That I doubt the committee can accomplish very much," Senator Brewster (R-Me.), terming the Democrats' stand "very unfortunate," added. "If there ever was a committee that should be free of partisanship, it is here."

#### Member of Byrd Polar Party at Rotary Luncheon

Ten years ago the imagination of the world was captured by the heroic expedition of a group of men into the perils of the Antarctic under the leadership of Adm. Richard Byrd, famous American explorer. That expedition survived unbelievable perils and came out of two years of ice-locked solitude with stories which will live in history as a saga of supreme daring, heroism and miraculous escape.

World War II intervened and this singular chapter of American adventure was temporarily almost forgotten, but at the Cisco Rotary club today one of this little band of 50-odd men recalled the expedition and some of its interesting features.

He is Glen Bryant of the Texas Electric Service company at Eastland, who was presented by Bill Hogie, program chairman, in a 20-minute talk. Mr. Bryant, only recently gone to Eastland, was with the expedition in 1934-35 and his duties were the measurement of ice-pack thickness with a seismographic instrument of his own design.

His talk was too brief to more than sketch details of the more interesting features of the expedition, but it was declared perhaps the most interesting program that the club has heard.

He began with a description of the expedition, its two ships, its route through the Fiji Islands and New Zealand to Little America in the Antarctic. The ships were the Jacob Ruppert and the Bear of Oakland, the latter an ice-breaker, which a Norwegian pilot steered through the great ice packs by "watching the reflection of the sea and ice upon low frozen clouds." Ice fields were reflected in a purple cast, said Bryant, and water lanes in a dull cream color, and the pilot steered for these breaks in the ice.

He described the housing erected on Little America, and the weather where barometric readings were valuable in forecasting. Of interest was his description of optical illusions caused by drifting snow which erased the horizons and caused men to lose all perspective, magnifying small objects into great ones and great ones into small ones, thus robbing a person of all sense of distance.

Transportation in a land where planes could fly only 12 days out of the year, was principally by dog teams composed of savage huskies whose drivers carried automatics for self-protection and wielded the ten-pound butts of whips to enforce discipline and prevent the fighting which would kill dogs and leave the driver stranded in the icy wilderness.

Fun with the inquisitive penguins which, when insulted chattered like "a woman's sewing circle" and the manner in which the men walked among the seals, chose one and drove it back to camp to be slaughtered for food, were other episodes related.

Mr. Bryant concluded with a description of his three-day visit to Easter island, remote, unvisited remnant of what might have been the "Lost Atlantis" in the Pacific. This spot, with less than 400 people, degenerated through centuries of interbreeding and its enormous carved idols, replicas of which the destitute natives trade for clothing, was to him one of the most absorbing events of this trip. Supporting a native tale that Easter island was once a "huge" land, is the fact that in New Zealand, 8,000 miles away, is a stone idol similar to those on Easter island and made from the same stone. It could not possibly have been moved by sea, Bryant said, and hence it is possible that at some remote period New Zealand and Easter island were connected.

#### JACK LEE JOHNSON.

NASHVILLE, Tenn. — Jack Lee Johnson, ship's cook, first class, son of Walter B. Johnson of Cisco, Tex., received his honorable discharge at the naval separation center here recently. The Texan had a total of four years and three months in naval service.

SMILING IN THE RAIN—Downpour dampens coats but not spirits of Gen. Dwight Eisenhower as he walks with American Ambassador John Winant to receive honorary doctor of civil law degree from Oxford University. Gen. Mark Clark follows.

#### Parent - Teacher Honesty Demands Combine Urged to Facts Be Given Guide Children General Public

IOWA CITY, Ia. (U.P.) — Parents and teachers should combine forces to foresee and forestall children's behavior problems instead of waiting until trouble actually occurs, according to Prof. Ralph Ojemann of the Iowa Child Welfare Research station at the University of Iowa. This is one method, Prof. Ojemann says, by which home and school can build together.

"Home and school together, working as teams, must aim to produce citizens who know the meaning of self-discipline and self-control; who live democratically everywhere and at all times," he said. He believes parents and teachers should meet several times annually to study child behavior, aside from social gatherings.

Education can help the nation to arrive at the threshold of a better world if parents keep interested in the schools and see to it that high ideals are maintained there, he declared.

WASHINGTON, Nov. 8. — The White House said today that President Truman has ordered that the joint congressional committee investigating Pearl Harbor must be supplied with any information it desires.

PRESENTATION — Maj. Gen. Joao Batista Mascarenhas de Moraes, left, commander of Brazilian Expeditionary Force which served in Italy with Allies, is presented inscribed coat of arms by Maj. Gen. Louis E. Hibbs at Fort Sill, Okla. Maj. Gen. Vernon A. Walters looks on.

SPRING IN THE FALL—When the mercury took an unexpected rise to 73, high for fall weather in New York, these girls took advantage of mild day to play in Central Park. On their way home from school they discard wraps, join hands and dance around in merry circle.

#### Tom Morrison at Home First Time in Over 3 Years

Sgt. Tom Morrison of the U. S. Marines is at home for the first time in more than three years. He will be here until after Thanksgiving, when he will again report for duty and probably be stationed in Pennsylvania.

The young man, 24 years of age, son of Mr. and Mrs. Roy Morrison, was born in Cisco and graduated from Cisco high school in 1939. He joined the Marines in October, 1939, and has been overseas twice, the last time for a period of 21 months. He saw action in many Pacific areas, including Marshall and Mariana islands. The Ciscoan has heretofore served as a member of the celebrated 4th Marine division, but that division was broken up after its return to the states.

#### State Government Has More Money Now Than Ever

AUSTIN, Nov. 8. — The Texas state government had net cash of \$81,262,871 in its 118 different official accounts, it is revealed in a monthly balance sheet made public by State Treasurer James James. The cash on hand aggregated \$86,541,792, but outstanding warrants totaled \$5,278,921 to make the net as given.

James reported that the state government has more money than ever before and that its general fund, the all-purpose account, with a balance of \$14,467,568, probably the largest total in some twenty-five years. In 1941 it had a deficit of \$33,000,000.

With the heaviest state tax payable in October in history, encouraged by the 3 per cent discount allowed if paid that month the general fund balance is expected to be even larger on Dec. 1, with the November remittances swelling it. Still further transfers are due it from the unallocated clearance fund which flush with \$13,887,199.

#### U.S. PLANES FOR CHINA.

HONGKING, Nov. 8. (U.P.) — American planes in the China theater will be transferred to the Chinese nationalist government, the nationalist newspaper Ta Kung Pao said today as Communist charges of American intervention in China's undeclared civil war mounted.

#### BUYS NINTH RANCH.

SAN ANGELO, Nov. 8. — Roy W. Willoughby of San Angelo, has added a ninth ranch to his vast West Texas acreage. The W. M. Cameron estate, Waco, sold Willoughby 40,000 acres in Hudspeth county, giving the West Texas ranchman a total of 115,000 acres of grass range in one block of land.

#### Mrs. Eisenhuth Buried at Moran This Morning

Mrs. Mary McLean Eisenhuth, about 65, former Cisco resident and a most estimable woman, died suddenly in Abilene Tuesday night. Funeral was held at the graveside in Moran this morning at 10 o'clock.

Deceased was reared at San Saba, where she attended school until after the death of her father. She was married to Charles Eisenhuth in 1922, in Cisco, and they made their home here for a number of years.

Survivors are four stepsons, a step-daughter and a sister, Mrs. Maude Bankston of Moran.

#### THANKSGIVING DATE.

DALLAS, Nov. 8. — Nov. 22-23 will be the Thanksgiving holidays for students in Dallas public schools, instead of Nov. 29-30 as originally planned. The two days were designated by the Board of Education upon recommendation of Superintendent W. T. White that Dallas schools co-operate with Gov. Coke Stevenson's action in proclaiming Nov. 22 as Thanksgiving.

#### TWO-WAY BOWLING.

ERIE, Pa. (U.P.) — Two-way miniature bowling is catching on fast at the boys' club here. Instead of the bowlers rolling from one end of the alley, one player rolls from each end, replacing each other's downed pins. It's a duck-pin affair. The boys can't run before releasing the ball, but premier results showed scores are just as effective.

RECONVERSION—Girls of "coming-out" age were more likely to wear nurses' uniforms than white gowns during war years. But with the fighting over, these daughters of prominent San Francisco families are ready for festivities of formal debut to society. From left to right are Rhoda Welch, Elizabeth Moore and Barbara Lee Rhea who is a descendant of Robert E. Lee.

# THE CISCO DAILY PRESS

Consolidated with Cisco Daily News and Cisco American and Round-Up, November, 1937.

Entered as Second Class Matter December 11, 1934, at the post office at Cisco, Texas, under Act of March 8, 1879.

A. B. O'FLAHERTY, Publisher and General Manager.

National advertising representative: Texas Daily Press League, Dallas, Texas.

SUBSCRIPTION RATES: \$2 per year (six months \$1.50) by mail (outside Cisco) in Eastland, Stephens, Shackelford and Callahan counties, Texas; outside above-mentioned counties \$3.50; \$5.00 in U. S. outside of Texas. Per year, in advance (Cisco).....\$5.00 Per week, by carrier boy..... 12c

Published daily except Saturday and Monday at Cisco, Eastland county, Texas, by Free Press Publishing Corporation, incorporated under the laws of Texas. Editorial and publication offices at 304-306 D Avenue, Cisco, Texas.

## LABOR AND PUBLIC DEBT.

After ending two great and costly wars, and while still facing an unprecedented national war debt (whose payment depends so largely upon business men and white collar workers) people in general, as the president says, "cannot hope with a short work week to maintain now the same take-home pay for labor generally that it had during the wartime longer week."

He thinks, as the public does, that "there will have to be a drop." But there is no severity, and should be no shock, in such a conclusion. Quite aside from general good will toward the workers, he concedes that the nation itself "cannot afford to have the drop too drastic."

In short, the president's idea is a moderate and controlled increase of wages to insure workers a necessary income, and at the same time maintain national income at a level calculated to carry our vast war debt and whittle it down gradually to reasonable proportions.

## NEGROES IN BASEBALL

A Negro has broken into organized baseball. Jack Roosevelt Robinson, the hard-hitting shortstop of the Kansas City Monarchs, a Negro team, has been signed by Montreal in the International League. As the Montreal team is largely owned by the Brooklyn National Leaguers, for whom it is a feeder, this step has evidently been thoroughly considered.

While there has never been an official ban against Negroes on professional teams, no one has ever before been signed. Two years ago Paul Robeson, the singer, headed a Negro delegation to the late Judge Kenesaw M. Landis, baseball director, presenting the case for the Negro player. But the man who had put baseball on a dignified, practical basis frowned on the suggestion and nothing came of it. The other players, not the owners, have generally been considered the obstacle. It remains to be seen what the bleachers, aside from Brooklyn, have to say.

## PALESTINE.

Trouble has come to Palestine in a degree generally realized here. The trouble can be summed up in the one word: Arab. Rightly or wrongly, the Arabs have been worked up over the proposal to admit Jews freely and let them become a majority. The emir of Palestine's neighboring state, Trans-Jordan, says, "Palestine belongs not only to its Arab citizens, but to the whole Arab world. The situation will deteriorate if the Zionists insist on their present aspiration."

"Deteriorate," as the emir puts it, is a diplomatic understatement. He means there will be bloodshed and massacre.

Admittedly the plight of Europe's homeless Jews is desperate. The Zionists argue correctly that their coming has highly benefited Palestine and brought better living conditions to Arabs as well as Jews. They also say that the Arabs can find plenty of room in the Arabic neighboring states. But if the Arabs don't want to leave their homes, and threaten to resist by force further Jewish immigration, what can possibly be around the corner but trouble?

## NIMROD

Mr. and Mrs. Compton visited in the home of Mr. and Mrs. Cecil McBeth, Morton Valley, Thursday.

Mr. and Mrs. Jack Cozart visited in the home of Mr. and Mrs. Boss Cozart near Okra Sunday.

Mrs. Melodie Baird is spending this week with Mrs. L. D. Stanard.

Mr. and Mrs. George McBeth of Rotan, J. E. McBeth of Dallas and Arthur McBeth of Oklahoma were weekend guests of Mr. and Mrs. A. N. McBeth.

Memorial services will be held here Sunday followed by dinner on the church grounds and singing in the afternoon. Everyone is invited.

**LOOKING AHEAD**  
BY GEORGE S. BENSON  
President—Harding College, Searcy, Arkansas

**ALL TO GAIN.**  
Strikes in the automobile industry since V-J Day have cost the nation half a billion dollars in purchasing power already this year . . . and none of the big threatened strikes have occurred. This is the substance of a statement made to the press late in October by George Romney of the Automobile Manufacturers asso-

ciation, in a position to speak for the whole industry.

In his supporting statements, Mr. Romney quoted figures which he is able to get in advance of any other news source. He declared that, on account of strikes in the plants of supplies and makers of automobile parts, 350,000 fewer cars will be sold this year. Anybody old enough to drive a car knows this means 350 million dollars less money spent for cars this year.

**Everybody Hurt.**  
Cars on the road are a symbol of money in circulation; people going places and spending. Hotels, health resorts, oil stations and motor maintenance shops are

having business turned away from them by disputes. Prosperity follows the production of things useful and desirable for people who buy. Probably no useful thing enjoys a greater popular demand today than the automobile.

The strike, during the progress of America's worst war, actually retarded military production. Our general said it hindered the delivery of machines and munitions to help America's fighting men win battles. And now it is interfering with the chances of those same men for getting steady jobs at good pay after they have finished winning the war. This is the road to economic ruin.

**Let Wages Advance.**  
Speedy recovery is more important to the American people now than any money consideration or any point of pride being contended. I am a man of relatively small earning and I believe I can speak for millions of Americans who don't care how high wages go so long as they don't upset national economy. Moreover my faith in working men makes me believe they want no wage scale that will destroy jobs.

Ever since the automobile business grew out of its awkward age, it has operated on sound American principles: (1) Large investments in equipment, (2) more output per worker on account of the investment, (3) lower prices per car because of the big output, (4) more sales because of the low prices, (5) bigger profits because of the volume sales, and (6) higher wages made possible by more profits.

**Minutes Matter Now.**  
The demand for automobiles is such to day that car production per worker might exceed all records and still not satisfy the public appetite for new rolling stock. Until production rates dwarf all previous records, there is no vis-

ible limit to the earning power of a skilled automobile worker. But there is the rub! An enemy intervention, no! The opposition's game-plan can defeat us. We have everything it takes to win a war on production.

A war-impooverished world is looking to the United States to win a hard game. Uncle Sam has passed the ball to Detroit, and it is down — on the second line. Investments, yes! Production, no! The opposition's game-plan can defeat us. We have everything it takes to win a war on production.

is down — on the second line. Investments, yes! Production, no! The opposition's game-plan can defeat us. We have everything it takes to win a war on production.

## ELECTRICAL APPLIANCES

We expect to receive the following appliances soon:

- Zenith Radios
- Philco Radios and Refrigerators
- Admiral-Duel-Temp Radios and Refrigerators
- Motorola Radios
- Speed Queen Washing Machines
- Electric Irons
- Also Crosley Kitchen Cabinets

## Building Restrictions Are Being Lifted . . .

This is the time to go ahead with your plans for repairs on your home or for new construction. Building and credit restrictions are being eased according to notice regarding new FHA regulations:

Effective October 15, 1945, Title I home repair and improvement loans are exempt from the credit restrictions of Regulation W. Also, effective the same date, Conservation Order L-41 of the War Production Board was revoked so that it is no longer necessary to obtain a priority to begin construction.

The following terms govern property improvement loans under Title I:

PURPOSE OF LOAN	Maximum Maturity	Maximum Amount
To repair, improve or modernize an existing structure . . . . .	3 years	\$2,500
To construct a new structure for other than residential use: i.e., garage or commercial buildings . . . . .	3 years	\$3,000

A Servess Store.

## After All's Said and Done---

. . . there is a feeling of satisfaction following the completion of a task well done. It may be as simple as peeling pears or plowing peanuts. A prominent attorney remarked to us a few days ago that he liked the plats in our abstracts. A plat is a little thing, but important if well done. And if we seem to take more time than necessary on your orders, remember that the very nature of abstracting requires it.

SIGNS

By HARRY P. SCHAEFER ("30 Yrs. in Cisco - 15 Yrs. Spent Fishing")

I haven't fished the past five years. I have been busy helping build important war plants. Now that the war is over I'll catch-up on my fishing and I'll also paint signs. Your sign business will be highly appreciated.

HARRY P. SCHAEFER.

Lyle and response was a current event. Mrs. W. Frank Walker was leader of an interesting program in which Mrs. E. L. Pugh discussed "Greek Philosophy." Mrs. W. D. Hazel spoke on the "Morality of the Hebrew." Mrs. E. E. Lennon brought the special topic and presented Mrs. Randolph Lee Clark in two piano numbers, which closed the program.

Those present were Mrs. W. Bogdan, Mrs. W. D. Hazel, Mrs. B. S. Huey, Mrs. G. B. Langston, Mrs. Eugene Lanford, Mrs. E. E. Lennon, Mrs. H. N. Lyle, Mrs. A. J. Olson, Mrs. E. L. Pugh, Mrs. W. Frank Walker and a visitor, Mrs. Randolph Lee Clark.

BUSINESS WOMEN'S CIRCLE MET TUESDAY.

Business Women's Circle of First Baptist women's missionary union met in the home of Miss Doris Jo Pyle Tuesday evening with Mrs. Bruce Campbell, president, in charge. Three new members, Mrs. Irene Hallmark, Mrs. J. W. Rob-

ertson and the hostess, were welcomed. The business session was conducted by Mrs. Campbell, after which a splendid lesson on the life of Joshua was heard. Miss Pyle was assisted by her sister Mrs. Ina Pyle Martin in passing a refreshment plate during the social hour to Mrs. E. L. Pugh, Mrs. Myrtle Anderson, Mrs. Barton Philpott, Mrs. H. N. Lyle, Mrs. H. B. Hensley, Mrs. Bruce Campbell, Mrs. Love and the above mentioned new members.

MRS. MASON HOSTESS TO WMU CIRCLE TWO.

Mrs. O. L. Mason was hostess when circle two of First Baptist women's missionary union met Tuesday afternoon in her home on West Thirteenth street. Mrs. T. E. House presided and opened the meeting with prayer by Mrs. L. A. Harrison.

Routine business was transacted and it was voted to purchase gifts for soldiers in the hospital at

Camp Bowie. Mrs. C. P. Cole brought an interesting Bible lesson on "Prayer." The meeting closed with prayer by Mrs. W. L. Pippen.

Those present were Mrs. C. P. Cole, Mrs. L. A. Harrison, Mrs. W. L. Pippen, Mrs. T. E. House, Mrs. George Bailey, Mrs. E. C. McClelland and Mrs. Mason.

COUNCIL GROUP FOUR AT CHURCH TUESDAY.

Group four of First Christian church council met Tuesday afternoon at the church with Mrs. J. S. Mobley presiding. Mrs. Alex Ward brought a splendid devotional from the 146th Psalm, the topic being "Trust."

A short business session was conducted by Mrs. Mobley, with minutes read by Mrs. C. F. Swartz. The meeting closed by all repeating the missionary benediction.

Those present were Mrs. I. A. Brunkenhoefer, Mrs. Alex Ward, Mrs. A. J. Sanders, Mrs. C. F. Swartz and daughter Dena Kay and Mrs. Mobley.

## AN IMPORTANT DATE FOR THOUSANDS OF ARMY VETERANS

### NOW IN CIVILIAN LIFE

### HIGHLIGHTS OF THE NEW ENLISTMENT PROGRAM

1. Enlistments for 15, 2 or 3 years. (One-year enlistments permitted for men who have been in the Army six months.)
2. Enlistment age from 17 to 34 years inclusive except for men now in the Army, who may enlist at any age, and for former service men, depending on length of service.
3. Men reenlisting within 30 days after discharge and before February 1, 1946, retain their present grade. The same applies to men discharged between May 1 and November 21, 1945, who reenlist before November 21, 1945.
4. The best pay, clothing, medical care, food, quarters and clothing of any army.
5. An \$80 zone in the reenlistment bonus since such bonus was last paid, or since last entry into service.
6. 20% extra pay for overseas service.
7. A paid furlough (up to 30 days) during the month of discharge, for travel paid to home and return, for men now in the Army who enlist.
8. A 30-day furlough every year at full pay.
9. Advancing-out pay (based upon length of service) for men who are discharged to reenlist.
10. An increase of 5% in pay for every 3 years of service in addition to the many other promotions possible.
11. Option to retire at half pay for the rest of your life after 20 years of service or vice. (Retirement income in grade of Master Sergeant up to \$1525 per month for life.) All active federal military service counts toward retirement.

(1) Plus 50% increase for Service Overseas (2) Plus 25% increase for Overseas (3) Plus 4% increase in pay for each 3 Years of Service.
