## GM Offers 350,000 10 Pct. Wage Hike

On Nov. 22, 1941 Washington Knew Jap Break Close

WASHINGTON, Nov. 15. (U.P.)—The Pearl Harbor investigation revealed today that this government on Nov. 28, 1941, intercepted a message from Tokyo advising Japanese diplomats here that negotiations with the United States would be broken off for all practical purposes in two or three days.

This and other Japanese diplomatic messages were made public at the outset of the congressional hearing which promises to try and fix responsibility for the success of the Jap attack on Pearl Harbor, Dec. 7, 1941.

The message showed that on Nov. 22 the Japanese government instructed its diplomats here to try and wind up negotiations by Nov. 29.

"After that things are automatically going to happen," the Nov. 22 message said.

This message was intercepted and translated by the United States the same day it was transmitted.

There was no indication in the opening day's evidence and testimony as to which branch of the U. S. government intercepted the messages or what government officials were informed of their content.

The Nov. 28 message from Tokyo to Japanese envoys in Washington promised that another note to the United States government would be forthcoming in "two or three days."

This was to be a Jap reply to the 10-point proposal offered by former secretary of state Cordell Hull to solve Jap-U. S. differences in the Pacific.

The message said that when this reply is received "the negotiations will be de facto ruptured."

### LATHAM SUCCEEDS HUNTER.

AUSTIN, Nov. 15. — Sidney Latham, Dallas attorney, today was appointed Texas' representative on the interstate oil compact commission in succession to the late J. C. Hunter of Abilene. The appointment was announced by Gov. Coke R. Stevenson.

### GRAY RANKS THINNING.

JACKSON, Miss. (U.P.) — The ranks of the Gray are thinning. In Mississippi, there are only 22 veterans of the Civil War still alive, and less than a dozen of them were able to attend a recent convention, the first held in seven years.

### RAY MORRIS TOLD A SIMILAR STORY.

He was moved from Java to Singapore where the same conditions of inhuman treatment existed. He was fortunate in one respect, illness saved him from the fate of many prisoners who were sent into Burma jungles to build a railroad. Of a thousand men sent at a time to work on this Japanese project only 150 to 250 would return.

Morris suffered an attack of diphtheria while a prisoner. He like others of the prisoners who fell ill, were saved from death only because the rest of the prisoners shared their own inadequate rations with the sick, but he still marvels that he recovered.

Before the program was presented the club voted to join Cisco Parent-Teacher association and other Cisco civic groups in supporting a program of city-wide recreation for children, particularly during the summer months.

A committee consisting of Joe Eddy Hays, R. N. Cluck, Charles Graham and W. P. Guinn was named to consider a project for equipping one of the playgrounds and to make recommendations to the club.

### GIANT CATERPILLAR.

OPELOUSAS, La. (U.P.) — A green caterpillar, fully six inches long, is on display in the Opelousas Daily World office. The caterpillar, caught in a local garden, is kept in a glass jar.

General Motors late today offered 350,000 employees a flat 10 percent increase in hourly pay.

The offer came as the Ford Motor company told the CIO United Auto Workers that this was not the time to settle the wage issue.

The offer was made by General Motors Vice President H. W. Anderson as the company and union resumed their wage talk.

Anderson said the offer was based on the company's intention to work production employees 45 hours weekly, assuring them of minimum overtime of five hours a week.

The proposed boost would give workers six per cent more take home pay for 45 hours than they received during the war for 48 hours' work.

## Ike All Out For Forced Military Service for Boys

WASHINGTON, Nov. 15.—Gen. Dwight D. Eisenhower today made a personal plea to Congress for the adoption of a postwar universal military training program.

"The greatest single motivating force for world peace today is the organized military potential of the United States," Eisenhower declared.

In testimony prepared for an appearance before the House military committee, Eisenhower cautioned that the development of war techniques would give the United States no time to prepare if it were attacked again.

### NEARING ONE HUNDRED.

FREDERICKSBURG, Tex. (U.P.) — When Fleet Adm. Chester W. Nimitz visited his birthplace here recently, he gave a tentative promise to come back for Fredericksburg's Centennial celebration. The town was settled by German immigrants on May 8, 1846. A four-day observance of the centennial is planned, one to be designated "Admiral Nimitz Day."

## Atomic Bomb Goes to World After It's Safeguarded

WASHINGTON, Nov. 15. (U.P.)—The atomic powers today offered to share all their secrets with the rest of the world as soon as "effective enforceable safeguards" can be established internationally against the atomic bomb.

In the meantime, however, they will keep the secret of how to make the deadly weapons.

The United States, Great Britain and Canada, in the persons of President Truman, Prime Minister Clement Attlee and Prime Minister W. L. MacKenzie King, announced their decision in a joint statement today following five days of discussions.

They recommended ultimate world exchange of all knowledge pertaining to peaceful use of atomic energy as soon as the necessary safeguards can be set up through the United Nations organization.

The three leaders propose that a commission be created immediately under the U. N. O., which would recommend means of preventing use of atomic energy for destruction.

The President and Prime Ministers said all peoples must realize, "more urgently than before, the overwhelming need to maintain the rule of law among nations and to banish the source of war from the earth."

This, they declared, can be accomplished only "by giving wholehearted support to the United Nations, and by consolidating and extending its authority."

## West Texas Utilities to Buy Big Bend Area Plants

ABILENE, Nov. 15.—The West Texas Utilities Co., will purchase ice and electric properties of Central Power and Light Co., Corpus Christi, located in the Big Bend area, for \$815,000 if approval asked yesterday of the Securities and Exchange commission is granted.

The sale, Frase Campbell, president of West Texas Utilities here, said, involves electric power plants, transmission lines and distribution systems at Marfa, Alpine, Fort Davis, Marathon, Presidio, Balmorhea, Saragosa, Valentine and the "areas adjacent to those towns." Ice plants involved include those at Marfa, Alpine, Presidio and Balmorhea.

## Honolulu's Hoodlum War Reported Worse Than Ever

HONOLULU, Nov. 15.—New outbreaks of Honolulu's "hoodlum" war kept civil police and Navy shoremen on the alert today.

There were numerous reports of barroom fights Wednesday night between sailors, soldiers and civilians. The reports of violence apparently were on the increase after personnel at the Honolulu Naval Air Station were given liberty Wednesday night for the first time since the riot in the Damon residential tract late Monday.

### HONEY OUTPUT.

LINCOLN, Neb. (U.P.)—Nebraska honey producers plan to retain a large quantity of bees until the sugar shortage has passed. Production this year increased 44 per cent over the 1944 total. State-federal agricultural statisticians estimated the output at 5,885,000 pounds, against 4,080,000 in 1944, and the number of bee colonies up eight per cent.

LOOKING UP at the prize-winning chrysanthemums at the 38th annual show of Horticultural Society of New York is Thomas Ingrao. The brilliant flowers, taller than six-year-old Tommy, were grown by Mrs. Walter Jennings of Cold Spring Harbor, N. Y.

## Ocie Brown Died Chas. E. Moore's in a Jap Prison Funeral at Chapel on June 1, 1942 at 2 P.M. Tomorrow

Mrs. D. F. Brown has received word that her son, Ocie E. Brown, missing since the fall of Bataan, died in a Japanese prison camp, June 1, 1942. The story of his death came from a fellow prisoner, an eye witness of his death and burial.

According to the report, O. C., as he was familiarly known, was taken prisoner April 9, 1942. He contracted malarial fever and died six days later, June 1, 1942, at 4:30 a. m.

The young man was reared in the Dan Horn community of Eastland county, was a graduate of Scranton high school and of Randolph College, Cisco. For several years prior to his army induction he was employed by an oil company at Wink, Tex., and Jai, N. M.

His wife, Evelyn Long Brown, died in October, 1942.

The funeral of Charles E. "Chick" Moore, who died at his home here yesterday, will be held at Thomas Funeral Home at 2 o'clock tomorrow afternoon, with Rev. O. L. Savage of First Presbyterian church officiating.

Burial will be in Santa Anna, where he was married to Miss Clara Dodson Mobley, Sept. 30, 1928, and where he had lived before he came to Cisco in 1918. He was born at Hot Springs, N. C., Feb. 6, 1888, was a Mason and a member of the Presbyterian church.

Pallbearers will be Cecil Adams, Roy Wilson, T. E. House, H. C. Henderson, E. P. Crawford, C. S. Surles, S. H. Nance, J. R. Kilpatrick.

## Texas Hero Will Oppose Merging U.S. Armed Forces

SAN FRANCISCO, Nov. 15.—Admiral Nimitz, on his way to Washington for "temporary duty," is ready to testify in opposition to merger of the nation's armed forces.

"I'm ag'in' it," he grinned when asked about the proposed merger. "If I'm called to testify (before the senate military affairs committee) I can elaborate on that."

### VETERANS WALK OUT.

FORT WORTH, Nov. 15.—Protesting a slash in weekly working hours, a dozen discharged overseas veterans walked out as mail clerks for the railway mail service at the municipal airport. The veterans said they were guaranteed 40 hours a week.

## Hobby Doubtful As to Truman's Political Future

DALLAS, Nov. 15.—Former Gov. W. P. Hobby said here today he believed the 1944 split in Texas' Democratic party is healed and that the party will be united in next summer's state campaigns.

The anti-Roosevelts have swung back into line behind President Truman, he said.

But Hobby added he wasn't sure whether Truman would still have all the party together by the time the 1948 campaign gets underway.

### CRADLE - SNATCHER.

DUQUESNE, Pa. (U.P.) — The judge didn't deliberate long before granting a divorce to Mrs. Christina Posa. She testified that she is 5 feet, 1 inch tall; her husband, 6 feet, 3½ inches. When they walked down the street, she said, people called Posa a "cradle-snatcher."

## Mitcham Informed I. J. Lamb, Pio-Cisco War Heroes that His Throat near Citizen, Ill Tell Grim Stories Trouble Incurable at Port Lavaca of Jap Brutality

Former Mayor G. P. Mitcham, who has been at Mayo clinic, Rochester, Minn., for the past two weeks, writes the publisher of the Daily Press as follows:

"I have been here taking treatments and being checked up for the last two weeks, and today they informed me that my case is hopeless—that they could not do me any good and that I would soon lose my voice entirely; it is almost gone now.

"Mrs. Mitcham is with me and we expect to be back in Cisco Sunday night or Monday." The letter was written November 14.

The many Cisco friends of Mr. Mitcham, extensive oil operator, Bradford cattle owner-breeder and prominent in church work here, join the Daily Press in expressing sincere regret at this discouraging turn in his physical troubles.

### BOX SUPPER.

The junior class of Scranton high school will sponsor a Thanksgiving Box Supper, November 20, 7:30 o'clock. The affair will be held in the high school gymnasium and the welcome mat will be out for all.

### MELTON RESIGNS.

FORT WORTH, Nov. 15.—The executive board of the Baptist general convention accepted "with regret" the resignation of the Rev. W. W. Melton last night as executive secretary. Reverend Melton will accept the pastorate of the Columbus avenue Baptist church in Waco. Executive secretary of the state organization for the past five years, Melton agreed to serve until Jan. 1, 1946, in event a successor is not picked before that.

### DEER HUNTERS DEPART.

Charles J. Kleiner, John Kleiner, Dr. D. Ball and Albert Cooper departed this morning on their annual deer hunt. They will probably hunt in both Mason and Kimble counties. Mr. Cooper, widely known for his cooking ability, will look after the camp and see that the nimrods do not lack for good food.

WAR CRIMINAL APPREHENDED—British soldier guards Col. Esso Tokunaga, whose idea of "subduing" war prisoners was to fill them with sand and water and jump on them until they blurted. He formerly ran Jap prison camps in Hong Kong area.

HAVE WE THE COURAGE?

WASHINGTON, D. C. — Sen. Edwin C. Johnson of Colorado urges the United States to take steps to enforce World Peace NOW and ALONE.

The atomic bomb, he says, has given this nation the power to do so. But do our leaders have the courage to step out in front and blaze the way, as well as the moral stamina to perform the task honestly, impartially?

The acting chairman of the military affairs committee said the only defense against an atomic bomb is an atomic bomb. "It is our opportunity to compel mankind to adopt a policy of

lasting peace or be burnt to a crisp," he said.

"This is a terrifying responsibility, but we ought to assume it at once and alone. To share it means watering it down with compromises."

Johnson's plan for maintaining world peace involves the use of long-range bombers carrying atomic bombs, and a horseshoe-shaped string of bases curving up from the Philippines to Alaska, east to Iceland and down through the Azores to Dakar and the South Atlantic.

The Air Force has blueprinted planes with a 10,000-mile range, he said. From the bases he outlined they would bomb any point in the world.

"I believe we ought to work for a world organization and for world understanding," he said.

"But I think we ought to work for this first. Only when we get this system of far-flung air bases will we be ready to talk turkey with the rest of the earth."

WAITING? A farmer friend of mine, accompanied by small son, took his well-used truck and drove over the river to the county seat on a recent wet Saturday. He did the week's shopping, treated the boy to a "western" and started home; but no! The road was under rising water on both sides of the bridge. Returning to town he engaged a night's lodging and tried to telephone home.

Congressmen Likewise Most people have had such experiences. They seem to overtake us easily when we're waiting for advice from home. Congressmen in Washington know the feeling well, I am told. and took plenty of planning for that cautious job. Genuine Cooperation. It was just a year ago now that sixty citizens of Batesville, Ark., met voluntarily to study a piece of proposed legislation about to be considered by the House committee of which their Washington representative was a member. They deliberated thoughtfully, reached a conclusion and notified Hon. Wilbur D. Mills a brief statement of their wishes and a list of their names. I wish the back-home friends of every congressman in Washington would hold such a meeting soon on one or more vital, national issues. It would twist the lever from the hand of pressure groups. It would clear the atmosphere along the Potomac. It would strengthen the morale of Congress which is the individual citizen's only citadel from oppression.

MANY NEVER SUSPECT CAUSE OF BACKACHES. This Old Treatment Often Brings Happy Relief. Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 2 pints a day. When disorder of kidney function permits poisons to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smacking and burning sometimes show there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's gives happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

MEN! GET PEP.. Do you want to feel young again? Why feel old at 40, 60 or more? Enjoy youthful pleasures again. If added years have slowed down your vim and vitality, just go to your druggist and ask for Casella tablets. Many men are obtaining remarkable results with this amazing formula.

## SOCIAL and CLUBS

**MRS. LONNIE SHOCKLEY HOSTESS TO GROUP.**  
Mrs. Lonnie Shockley was hostess when group of women's council of First Christian church met Tuesday afternoon in her home. Mrs. W. R. Huestis, group leader, was in charge and the meeting was opened with a devotional brought by Mrs. G. W. Troxell. Mrs. C. R. West gave the afternoon lesson on "Missionary News."  
At the business session a committee was appointed to purchase Christmas gifts for soldiers in Camp Bowie hospital. Minutes of previous meeting were read by Mrs. Guy J. Ward. Routine business was transacted and a social hour was enjoyed.  
A piano number played by Fred David Shockley and a violin selection by Lonnie Gene Shockley young sons of the hostess, were much appreciated.
