**APT PUPIL**—There's quite a difference between piloting a Marine Corsair and a yacht, but Lieut. Col. Gregory (Pappy) Boyington has little trouble with Frances Baker of North Hollywood, Calif., as a teacher. Famed airman took controls while soaking up some sun at San Diego.

## Cisco Exceeds War Bond Quotas By Wide Margins

### Cisco, Eastland CofC Votes Ok of in Basket Ball Legion Plan For at 7:30 Tonight a Memorial Home

Turning from the most successful football season in several years, Cisco Lobos have laid away their moleskins until 1946 and turned to basket ball.

Coach O. V. Overall, cage mentor, will present both his A and his B quints in games with Eastland at Cisco high school gymnasium tonight, 7:30. These will be the first of a series of practice games before the opening of the conference season, January 4.

Admission prices will be 20 and 35 cents for children and adults respectively. The gym has been repaired and is in good condition for play.

Next Wednesday the Lobos will entertain Moran high school here and the following Friday and Saturday they will go to McMurry college, Abilene, to enter an invitation tournament in which 16 teams will participate.

Tonight's card will give the fans a double feature for their money. Although it is far too early to tell anything about the kind of basket ball the Lobos can dish up, foreign comment on Lobo prospects in conference play are highly complimentary.

The 16 squadmen from which the 12 regulars of the A string will be chosen are Alvin King, Mac Harrelson, Stanley Williams, E. L. Smith, Punk Sauls, Melvin Noble, Charlie Pence, O. W. Ford, George Watts, Roger Henson, Eudel Morris, Jerry Farley, Raymond Penn, Don Johnson, and Ted Fields.

Conference cage schedule for Cisco:  
January 4 — Weatherford at Weatherford.  
January 8 — Mineral Wells at Cisco.  
January 11 — Cisco at Ranger.  
January 17 — Cisco at Brownwood.  
January 19 — Cisco at Breckenridge.  
January 25 — Stephenville at Cisco.  
January 29 — Weatherford at Cisco.  
February 1 — Cisco at Mineral Wells.  
February 5 — Ranger at Cisco.  
February 8 — Brownwood at Cisco.  
February 12 — Breckenridge at Cisco.  
February 19 — Cisco at Stephenville.

**SAM KELLY'S GRANDSON.**  
Jimmie Lee Russell, colored, a grandson of the late Sam Kelly, has arrived home in Cisco after having been discharged from the army. Russell, 23, served two and a half years, being employed in the supply department at Camp Swift, Texas. He ranked as a private of the first class.

The board authorized the usual Santa Claus program for Saturday afternoon, December 22. Efforts are being made to obtain sufficient candy for distribution to the children on that day. The Lobo band will take part in the parade.

Present at the meeting were J. J. Callaway, R. N. Cluck, E. P. Crawford, J. R. Deen, N. C. Huston, J. D. Lauderdale, R. L. Ponsler, H. H. Tompkins, L. A. Warren, P. R. Warwick, directors, B. A. Butler, secretary; T. G. Caudle, agriculture secretary and Mr. Baumgardner.

**SCRANTON BAPTISTS.**  
Starting Friday night at 7:30 o'clock and continuing through Sunday, each evening and Sunday morning, Rev. H. D. Blair, of Cisco will conduct services at the Baptist church in Scranton. There will be good singing, the minister said and the public is invited to all services.

**KILL POLICE CHIEF.**  
TEHRAN, Dec. 6. (AP)—A wave of terrorist activity was reported in northern Iran today, including assassination of the police chief at Tabriz.

## DEFENDERS OF HAWAII NOT ALERT

By United Press

WASHINGTON, Dec. 6.—Gen. George C. Marshall said today the defenders of Hawaii, if they had been properly alerted, "could have completely disorganized, if not stopped" the Japanese sneak attack on Dec. 7, 1941.

The former army chief of staff told Pearl Harbor investigators that Hawaii admittedly lacked the aircraft it needed, and the U. S. planes were "greatly outnumbered" when the Japanese struck.

Nevertheless, he said, "I think they had sufficient means to successfully break up the attack so it would have done only limited harm."

The five-star general, giving his version of the Pearl Harbor story, admitted that the Japanese attack was a surprise to him when it hit. He had not believed the Japanese would hazard such a blow, although the possibility had been taken into account in previous months.

If the Hawaiian defenses had repelled the sneak attack successfully, Marshall told the committee, Japan's whole southward drive would have failed.

Marshall said the military forces and equipment at Hawaii at the time were more nearly up to desired standards than any other installations in the army.

## "Inside Job" at State Department Killed U.S. Policy

WASHINGTON, Dec. 6. (AP)—Patrick J. Hurley charged today that an "inside job" in the state department had defeated American foreign policy "all over the world," particularly in Iran and China.

The white-haired soldier-diplomat, in a second stormy session before the Senate Foreign Relations committee, said American policies in Iran were wrecked by Dean Acheson, now undersecretary of state.

He did not go into details. He said the committee could obtain his charges from the state department.

## 5 Planes Disappear; Bomber and 12 Men Crashed

MIAMI, Fla., Dec. 6. (AP)—A naval patrol bomber carrying perhaps twelve men crashed in flames into the Atlantic last night while searching for five torpedo bombers which disappeared mysteriously, it was revealed today.

The patrol craft, a "Mariner" from the Banana Naval Air Station, crashed off Ponce De Leon inlet, near Daytona Beach. The coast guard here said that flames flared 100 feet into the air and were seen by a merchant vessel.

No wreckage was found in the morning. Rescue operations were underway there and a vast search covered all of Florida and nearby waters for the smaller planes.

**LOVE'S LABOR LOST**—After doing a bang-up job of destroying his files, Heinrich Hoffman, Hitler's official photographer, has won the unenviable task of unscrambling and identifying 75,000 photographic planes for American investigating officers.

## Army Recruiting Station Opens in Eastland, Dec. 10

A communication to the Daily Press from Capt. Richard H. Harrison of the Brownwood army recruiting station says the Brownwood office will open a sub-station on the third floor of Eastland county courthouse on December 10.

First Lt. Jay E. Mehaffey will be in charge of the Eastland station and six enlisted men will serve as aides, some of whom will be at Cisco postoffice each week to confer with potential enlistees between the ages of 17 and 35 years.

The area of this new office will include Shackelford, Stephens, Callahan and Eastland counties. The hours open will be from 8:30 a. m. to 5:30 p. m. daily except Sundays.

Army enlistments are increasing steadily, it is said, due to recent changes in enlistment policy.

## Nazis Were Trying to Build Uranium Machine for Power

WASHINGTON, Dec. 6. (AP)—The Nazis had made no progress whatsoever toward making an atomic bomb, the head of an American military intelligence mission to Germany said today.

S. A. Goursmit, the mission chief, exploded the long-held belief that during the war the U. S. and the Nazis were in an "atomic bomb race." Instead of looking for a bomb, he said, they were trying to build a "uranium machine" for power purposes.

**29 NEW HOSPITALS.**  
WASHINGTON, Dec. 6.—The Veterans Administration announced Thursday presidential approval of locations for 29 new hospitals and one new home.

Mr. Jones was presented by R. L. Ponsler, member of the advisory committee on the program from Cisco.

## Strawn Here Friday Night, Gunning For Baird

STRAWN, Dec. 6.—Coach Randall Simpson's Strawn High Greyhounds, district grid champs for their third straight year, will be gunning for their second bi-district title when they clash with the powerful Baird Bears at Cisco Friday night. Open kick-off has been set for 7:30 o'clock, sharp.

The Greyhounds, who'll be playing their tenth and final game under the arcs at Cisco, were ruled winners of the 1945 District 8-B title as a result of the ineffectuality of two members of the Moran Bulldog squad. The strong Moran eleven had humbled the Strawnites, 28-6, in the district title battle at Moran, November 22.

Coach Bill White's rugged Baird machine, District 7-B champs by virtue of their 7-0 win over Cross Plains last Friday night, are the favorites in the bi-district contest Friday night.

In a previous meeting of the two teams earlier in the season, the Bears rolled over the Greyhounds, 32-14, in a non-conference tilt.

Strawn, represented by a high school grid team for more than a quarter of a century, didn't win its first district championship until 1943. That same year, under Coach Herman Gipson, now mentor at Del Rio, the Greyhounds knocked off Lueders for the bi-district and finished the season undefeated with eleven straight wins. In 1944 Coach J. B. Merrell, using the T-formation, piloted the Greyhounds to their second district championship.

## State Needs Practical Men of the Boyce House Type

Boyce House of Fort Worth, newspaper-radio columnist who came close to winning the lieutenant governorship in 1942, is giving serious consideration to making another state campaign next year, he indicated Thursday while in Cisco.

House formerly was editor of the Cisco daily — then the News—back in 1924 and later, as staff correspondent for the old Fort Worth Record, traveled over West Texas with headquarters in Cisco. In the past three years, his books — "I Give You Texas," "Tall Talk from Texas" and "Texas—Proud and Loud" — have gone to Texans in the armed forces in all parts of the world and have had the record-breaking sale of 200,000 copies.

Discussing public questions, House expressed concern over the fact that the prison population of Texas in recent years has declined heavily while crime has greatly increased. He urged a tightening in the system of paroles and pardons as, under the present procedure, a man who is given two years can be turned loose after serving only four and one-half months.

"Oil operators and landowners in the Cisco area lost several million dollars during the war, due to the unfairly low price of Texas crude," House declared. "The average was \$1.18 a barrel, but had the price been on a par with other commodities, it would have been \$1.96.

"Since the tax that oil pays is based on the price, our state lost a tremendous amount of tax revenue. If the price had been \$1.96, the public schools in Texas would have had \$58,000,000 more with which to operate during the war. This would have made it possible to have raised the salaries of teachers, provide better equipment and lengthen the terms of rural schools, thereby giving boys and girls a better chance in life. And this heavy loss of tax revenue is still going on because of the inequitable price of oil."

**IDLE LINEUP**—Bodies by Fisher stand idly in the General Motors plant in Detroit awaiting settlement of the UAW-CIO strike so that they can be sent to the Oldsmobile plant at Lansing, Mich., for completion.

**TESTIFYING** before the Pearl Harbor Investigating Committee is Maj. Gen. Sherman Miles, left, who was assistant Chief of Staff in charge of intelligence in 1941. The general's aide, Col. Rufus S. Bratton, is at right.

#### WORK FOR STATESMAN.

There may be a chance to improve the efficiency of the federal government. The senate has passed a bill giving the president the right to reorganize and merge government bureaus without getting a specific bill passed in each case.

A lot of exceptions have been made. Most of the independent commissions, like the interstate commerce commission and the federal security commission, have been exempted; 17 of them in all, which the president is forbidden to touch. Many are bureaus with strong friends in congress which have lobbied to obtain this exemption. They prefer to conduct their affairs as they please, even if other people think their efficiency could be improved.

These exemptions reduce the bill's advantages, but it might have been worse. Some senators wanted to require specific congressional authority for every change. This would of course leave things exactly where they are now, which was probably what the senators wanted. This idea was defeated.

As the house of representatives has already passed a somewhat different reorganization bill, a conference committee must now harmonize the differences. Sad experience has shown that

congress is too busy or too indifferent or too hostile to merge or abolish unnecessary bureaus. Only a president can get this done. When the chief executive is an honest-to-God statesman, with the love of America deep in his heart, he will know what to do in all cases.

#### Masonic Officer Quits After 32 Years' Service

WACO, Dec. 6. — A veteran Texas Mason, Thomas M. Bartley has retired as grand secretary of the Masonic Grand Royal Arch Chapter of Texas, after serving in that office consecutively thirty-two years, or longer than any of his predecessors, and was succeeded by Frank Oldham, Waco, who retired as grand high priest.

Other officers elected at the closing session of the grand chapter are grand high priest, W. H. Telfair, Fort Arthur; deputy grand high priest, Jesse D. Cox, Brownfield; grand king, Curtis B. Hay, Dallas; grand scribe, Dr. C. S. Woodward, Arlington; grand treasurer, Clarence A. Young, Abbott.

Appointed officers: Grand chaplain, Bascom N. Merchant, Houston; grand orator, B. E. Looney, Denton; grand marshal, J. C. Van Cleave, Fort Arthur; grand captain of host, Herbert Wheeler, Commerce; grand principal sejourner, I. B. Longmire, Jacksonville; grand royal arch captain, Otto F. Dietert, San Antonio; grand master third veil, Kurtz E. Gaugler, Houston; grand master second veil, W. H. Sory, Jacksonville; grand master first veil, T. M. Kay, Irene; grand senior steward, P. E. Pearson, Wichita Falls; grand junior steward, Wells Howard, Fort Worth; grand guard, J. F. Bednar, Navasota.

A resolution presented by the finance committee, commending Bartley for his many years of faithful service, and providing a monthly life honorarium, was adopted by the grand chapter.

Born March 23, 1868, on a farm near Ladonia; Bartley became a Mason in 1894 as a member of Floydada lodge No. 712, Floydada. Grand Secretary Oldham, was born July 11, 1886, in England, and has lived the greater portion of his life in Waco. He was grand treasurer of the grand chapter and grand council, 1933-41, and its past high priest of Waco chapter, secretary of Waco chapter and Waco council and a member of J. H. Gurley lodge, of which he is secretary.

APPOINTED to special staff which will prosecute Jap war criminals is Valentine C. Hammack, special assistant to U. S. district attorney in San Francisco.

#### BOY IN HIS BOAT.

UP, UP, on a windy wave,  
The boy in his boat rides high,  
Down, down, to a billowy cave,  
Then the boy and his boat flash by.

Up, up, to a white gull's nest  
Tucked deep in a saffron cloud;  
Down, down, from the sky's blue crest,  
Comes the sailor, brave and proud.

Up, up, where star lilies float,  
Goes the skiff like a thrush on the wing;  
Down, down, comes the boy in his boat,  
Comes the boy in his garden swing.

THE MONEY COSTS WILL BE HIGH

Nothing we can ever do can adequately repay the more than 250,000 American heroes who died that we might live. But we can and must provide hospital care and treatment for the hundreds of thousands who are maimed and crippled -- some in body, some in mind. To do less would be a lasting reproach to the free institutions of democracy for which they fought. Hospitalization of our wounded will require large amounts of money. This is only one reason for the Victory Loan. Millions of men must be fed, clothed, transported home, for remember, until they are restored to civilian life the war is not over for them. And it's not over for you either till you do your share.
