HERMANN PACKS IT AWAY—Smiling (perhaps it's that good American chow) Hermann Goering seems to be having a good time as he dines with a lugubrious Alfred Rosenberg at the Palace of Justice in Nuremberg where Nazis are being tried as war criminals. Quite a comedown in silverware, eh boys?

Park 60th Wedding Anniversary Observed, Moran

Mr. and Mrs. R. A. Park celebrated their 60th wedding anniversary on December 10 at their home in Moran with an all-day open house. All of their children were present, many friends called and the occasion was a "thoroughly pleasant one. Mr. Park is 81 and Mrs. Park is 82 years of age. Both are still blessed with excellent health.

Mr. and Mrs. Park were married at Oxford, Miss., in 1885 and came to Texas in 1890, first settling in Bell county, where they lived for ten years; moved to Calhoun county in 1900 and lived here 44 years. In November of last year they retired from ranching and bought a home in Moran.

In observance of the event a fine turkey dinner was served. The wedding cake, which was baked in Lubbock, weighed 20 pounds. Written in the icing was "Sixtieth Wedding Anniversary.

The guests included Mrs. Pearl Peterson of Tampa, Fla., cut the huge white cake. Children present were Mrs. Ed Griffin, L. E. Park, Lubbock; Mrs. Pearl Peterson, Tampa, and grandson Dickie, who attends Moran school. Close relatives present were E. L. LIONS BUY BONDS.

ABILENE, Dec. 14. — Ninety-eight Lions, the number who attended Thursday's luncheon meeting at Hotel Windsor, bought \$17,250 in victory bonds following an eloquent plea by Lion Max Bentley for Lions to keep Abilene from falling to reach its goal for the first time in a bond drive.

UNDER GUARD of Sgt. George Kaminski, left, of Johnston, Pa., is Toshio Shiratori, often called "the most rabid of all militarists in Japan." Sgt. Charles W. Cline of Gary, Ind., stands with prisoner. Shiratori served with Japan Foreign Ministry and was once ambassador to Italy.

CIO Let Non-Strike Men Enter 5 G-M Plants Today

House Smothered Radical Idea of Texas Lawmaker

WASHINGTON, Dec. 14. (AP)—The House today rejected by voice vote a substitute "full employment" bill which would have created a 30-man National Inventory Commission to make broad economic surveys.

The House also rejected, 185 to 95, a substitute by Rep. Wright Patman, D., Tex., which would have "assured" a job to everybody who wanted one.

Patman's proposal would have made it a responsibility of the federal government to provide jobs through public works when private industry failed to offer "full employment."

Lobo Basketeers Meet Big Spring This Afternoon

Cisco Lobos were due to play in the McMurray college basketball tournament at Abilene this afternoon, meeting the Big Spring team at 3 o'clock in the first round.

The tournament has no bearing on the conference race which begins in January, but it should give the rapidly developing Lobo quintet some good experience against first-class competition.

So far the Cisco team has played two games, winning both of them by narrow margins on their home court. They defeated the Eastland quint 20 to 16 in the first game, after only three days' practice, and last Wednesday evening they won from a strong Moran five, 23 to 18. The team showed considerable improvement in this game.

The Cisco basketeers drew first blood in the Moran game, but Moran was able to tie the score at the end of the first quarter. At the end of the half the Lobos forged ahead 12 to 9.

The long-range shooting of Mac Harrelson and Stanley Williams kept the crowd on its feet throughout the game. In the third quarter the Lobos rang up 11 points and coasted the remainder of the game. Harrelson was high with eight points and Williams was second high with six. Nobles, King, Smith and Sauls showed well in handling the ball.

Miss Joila Clark and Miss Artie Cook were visiting in Abilene Sunday with Artie's brother Owen Cook and family.

Quite a few students and teachers are absent from school this week on account of flu.

Noble Wall of Abilene was in Putnam over the week-end visiting with his wife and children.

HIGH INTERESTS NECESSARY. NEW YORK, Dec. 14. — An increase from 7 1/2 per cent to 1 per cent in the Treasury certificate coupon rate is urged by Aubrey G. Lanston, vice president of the First Boston Corporation, as a means of stabilizing interest rates at prevailing levels.

CIO United Auto Workers pickets let non-striking office workers enter five General Motors plants today, and the Senate Labor Committee postponed consideration of President Truman's proposed labor legislation until after the holidays.

Picket lines were relaxed for the first time since the start of the strike at Flint, Mich., Janesville, Wis., Linden, N. J., and La Grange, Ill.

At Cleveland, O., common pleas Judge Frank S. Day ruled that strikers must limit their picketing at the GM Fisher plant, allowing SOME plant entrances to remain open.

A hearing of the company's petition for a restraining order against pickets at the Lagrange, Ill., plant was continued until Dec. 22.

The CIO United Electrical, Radio and Machine Workers Union announced that its workers had voted overwhelmingly to strike if necessary to enforce demands for a \$2 a day pay boost. The strike would affect some 200,000 workers in 16 states.

The decision climaxed a running battle between the legal staff and Republican members of the committee, which began even before public hearings were opened a month ago.

US. Action Intensifies Nationwide Butter Shortage

WASHINGTON, Dec. 14. (AP)—The government has halted the release of surplus butter stocks, a move that is expected to intensify the nationwide butter shortage, and accompanying black markets, it was learned today.

In ending butter rationing last month, officials reported the supply would not meet the full unrationed demand.

Tarrant Co. Is Scraping Barrel For E Bond Goal

FT. WORTH, Dec. 14. — Week-end bond sales at \$1,000,000 are needed if Tarrant county is to exceed its Victory Bond campaign on "Wainwright Day" Monday.

Levell Lafferty, county war finance chairman, said Friday that \$3,024,000 in Series E bonds have been cleared officially, and committee hope to have \$3,500,000 by Saturday night.

The county goal is \$4,500,000 in E Bonds, and issuing agencies' reports will be tabulated Monday morning to see if the city and county made it.

KING GEORGE VII IS 50.

LONDON, Dec. 14. — King George VI celebrated his 50th birthday Friday with a quiet family party inaugurated by a luncheon at which Queen Mother Mary was a guest. A private dinner party and dance was planned for Friday evening.

SAYS McVAY WARNED.

WASHINGTON, Dec. 14. (AP)—The Navy today completed its case against Capt. Charles B. McVay, 111, skipper of the ill-fated cruiser Indianapolis, by introducing records to show that the ship had been warned of enemy submarines near her course.

KILLED 6 MILLION JEWS.

NUERNBERG, Dec. 14. — Six million European Jews were ruthlessly slaughtered in the Nazi campaign of extermination, said German secret police estimates placed today before the international military tribunal trying 21 of Hitler's top leaders on war crimes charges.

Pearl Harbor Legal Staff Quits; Data Is Withheld

WASHINGTON, Dec. 14. (AP)—The Pearl Harbor committee's legal staff resigned today with a charge of time-wasting and Chairman Alben W. Barkley, D., Ky., threatened to resign.

Chief Counsel William D. Mitchell told the House-Senate investigators that he and his three colleagues would quit as soon as they could be replaced.

He said hearings were dragging on much longer than he had expected them to and that he and his staff had not yet been permitted to present new data hitherto never made public.

Barkley expressed regret at the legal staff's decision. He added, however, that the time also had come when he must determine whether his duties on the committee outweighed his responsibilities as Democratic leader of the Senate.

The decision climaxed a running battle between the legal staff and Republican members of the committee, which began even before public hearings were opened a month ago.

Senate Defeated Bill to Up Congressional Pay

WASHINGTON, Dec. 14. (AP)—The Senate today defeated, 45 to 23, a proposal to raise congressional salaries.

The vote was on an amendment to raise the first deficiency appropriations bill and would have raised salaries from \$10,000 to \$13,300.

Earlier the House struck from the bill a proposal to give each senator an extra \$2,500 for expenses. House members now receive an expense allowance of that amount.

Matt Kimes, Notorious Desperado, Died Today

LITTLE ROCK, Ark., Dec. 14. — Matt Kimes, 39, Oklahoma convict held by the federal authorities for a Texas bank robbery, died at 7:54 a. m. today at the Baptist state hospital here.

Kimes had been in the hospital since Dec. 1 when he was struck down on a North Little Rock street by a poultry truck, ending a three-months manhunt over a four state area.

One of the most notorious southwestern desperadoes of the past quarter century, Kimes' death followed an operation performed last night to correct internal injuries sustained in the traffic accident that led to his capture.

The former convict, furloughed last July from the Oklahoma penitentiary after serving 18 years for murder, suffered a fractured left leg, scalp and hand lacerations in addition to internal injuries.

Unconscious when picked up after the accident, Kimes' identity became established when officers became curious about a pistol found at the scene of the accident and \$1,635 found in his clothing at the hospital.

The FBI filed a fugitive warrant against Kimes a few days after his apprehension charging complicity in the \$17,600 holdup of the First State Bank of Morton, Tex., Sept. 5.

Special agent Dean Morley in charge of the FBI office here said Kimes' body would be turned over immediately to relatives. A sister was at his bedside when he died, Morley said. His relatives were notified when the surgeons decided to operate.

TANGERINE TUB—What won't they think of next? The story here is that Lorraine Davies, 18, of Orlando, Fla., is now "Queen Tangerine II." The award was made in New York, and it is presumed that Lorraine was so ecstatic she decided to bury herself in a part of Florida's prize crop. Results are a little unusual.

Colorful Golfers Opened \$10,000 Tournament today

FORT WORTH, Dec. 14. — A field of 100 with Byron Nelson as the favorite moved out today in the first of eighteen holes of the Fort Worth \$10,000 Open golf tournament.

The star-spangled professional brigade with Ben Hogan, Sammy Snead, Harold (Jug) McSpadden and colorful Gene Sarazen rated as chief threats to Lord Byron, all playing in Fort Worth for the first time since the National Open of 1941.

Nelson, with \$64,500 in War Bonds this year as the greatest money-winner of all time, is playing at home because it was at Glen Garden Country club that he started in golf — as a caddie. Hogan, too, was a caddie at Glen Garden.

McSpadden, the perpetual second-placer, hasn't won a tournament this year but is second high-money man with \$38,800. Hogan, with five tournament triumphs, is third with \$26,000.

Walter Hagen, the golf immortal, arrived Thursday but will not participate in the tournament.

Nelson and McSpadden escaped unscathed from land and air accidents on the way to Fort Worth to participate in the Open.

Texas Has Smallest Cotton Crop Since Year 1889

AUSTIN, Dec. 14. — A 1,820,000-bale cotton crop, the smallest for Texas since 1889, was fourth-fifths ginned by Dec. 1, the United States Bureau of Agriculture Economics states.

The bureau said the harvest was substantially over by Dec. 1, except in Northwest Texas, after fairly good weather throughout Nov. 4.

The Dec. 1 forecast of 1,820,000 bales was 60,000 bales below the estimate of thirty days earlier, largely because October freezes cut off the late crop.

Texas cotton is averaging a yield of 146 pounds lint per acre compared with 177 pounds last year and an average of 160 pounds. Drouth and insect damage contributed to the decline, the bureau said.

TCU HONOR ROLL.

FT. WORTH, Dec. 14. — A total of 122 names appear on the TCU honor roll for the summer-fall trimester, according to the list announced today. Listed are 90 girls and 32 boys who made an average grade of "B" or better.

The list includes 49 seniors, 32 juniors, 21 sophomores and 30 freshmen. Ten students made a perfect record of all "A" grades.

"MARCH OF DIMES" chairman, Nicholas Schenk, left, presents President Truman with souvenir book containing all the signatures of state chairmen of 1946 drive. Subject: Sanitation

Although readin', 'ritin', and 'rithmetic are still important subjects in the early grades, learning sanitation during eating is rapidly becoming essential too. An individually wrapped drinking straw for milk provided with the mid-morning snack or noon-day lunch is an important protection against infection.

Learning It The Hard Way...
 ... is not always a virtue, neither is it advisable. Letting Johnnie do it may be just as bad, but not so personal. The man who buys a home or other real estate without first getting an abstract is a good example of learning a lesson the hard way. He will learn better later, but too late for his own good. Anything that is worth buying is worth the time it takes to find out what it is worth.
