McCauley Returns to Goodyear Job; Pross Promoted

E. J. Pross, manager of the local Goodyear Tire and Rubber company since March, 1944, has been transferred to Sweetwater, where he will serve as assistant manager in the larger Goodyear store in that city, at an increased salary.

Mr. Pross is succeeded here by Raymond McCauley, who was Cisco manager when he was drafted by the government for service in the navy. Mr. McCauley's return to his former position being strictly in line with Goodyear policy as regards returning war veterans.

Ciscoans are glad to welcome popular Mr. McCauley back into the business fold, but are equally sorry to bid goodbye to Mr. Pross, who has endeared himself to a large circle of friends as a thoroughly reliable business man and as a tireless civic worker. He was active in Lions club work and took a prominent part in the activities of John Williams Butts Post, American Legion, which included excellent work in the important salvage of waste paper.

The change took effect today and Mr. and Mrs. Pross and infant son left this morning for Sweetwater.

CHINESE GO RIGHT.

CHANGHAI, Jan. 1. —China's traffic ran for the first time today on the right hand side of the road—an innovation brought about by the fact that the bulk of motor vehicles now are American made with left-hand steering gears.

Mrs. Kaylor Laid to Rest in Oakwood Cemetery

Mrs. Gertrude Kaylor, 69, a resident of Cisco since the early twenties, died in a Ranger hospital at 2:30 o'clock Sunday afternoon, after an illness of several months.

The funeral was held at Thomas chapel at 4 o'clock Monday afternoon, with burial in Oakwood cemetery, Cisco. Rev. Evan Holmes of the Eastside Baptist church was the officiating minister. Pallbearers were L. B. Culpepper, Lloyd Surlis, George Atkins, C. P. Mosley, Sutton Crofts and Emert Clifton.

Mrs. Kaylor was born in Iowa, Sept. 18, 1876, and came to Cisco with her husband during the early days of the oil boom. The husband, who died a number of years ago and was buried in Louisiana, was a civil engineer and helped lay out streets in many of the new additions to Cisco during the boom and while the late J. M. Williamson was mayor.

Mrs. Kaylor owned a home here and engaged in practical nursing and housekeeping after the death of Mr. Kaylor. She was considered a most exemplary woman by a large circle of friends.

Geo. A. Fox, Jr. Enters Race For Co. Treasurer

George A. Fox, Jr., of Olden today announced that he will be a candidate for the office of county treasurer in the forthcoming primaries.

A native of Eastland county, Fox has resided in the county practically all of his life. He attended schools in Ranger and Olden and was attending business

school in Eastland at the time he enlisted in the army. He is 23 years of age.

He served with the 36th division in the battle for Italy and was wounded in the Cassina campaign. He went into the service of the army with the national guard company that was mobilized at Ranger.

In announcing his candidacy, Fox said he feels that he is fully equipped for the duties of the office of treasurer and pledges his greatest efforts in the work of the office if elected.

Fox, his wife and small daughter now make their home in Olden. They have been residing in the home of Mrs. Fox's parents, Mr. and Mrs. I. M. Terry, on the Cisco-Eastland highway.

BRUSH FIRE RAGES.

CORPUS CHRISTI, Jan. 1. —Firefighters for the third consecutive day fought a huge brush fire in Kenedy county which has spread 15 miles from its origin and burned 25,000 acres of the Kenedy Ranch pastureland. Aerial observers said no livestock was in the path of the flames. They reported deer and wild turkeys were fleeing the area and that small game probably perished.

INITIATIVE.
The son of a drainage engineer, who had done a great deal of supervisory work with and for his father, was inducted into the United States Army during the war. Before he had grown familiar with discipline he found himself digging a ditch to divert surface water from camp. His instructions had been verbal and reasonably plain but were not precise in every detail.

The youth had some knowledge of soil drainage and a real interest in it, so he set about to distinguish himself with good workmanship. When he was nearly half finished, his sergeant appeared, ruddy with indignation. Firmly the Sergeant denounced the breach of discipline, going beyond orders. The recruit was confused and made a second mistake, speaking in his own defense.

Central Planning
"But, Sergeant, I thought . . . " "Oh, you thought!" scornfully echoed his superior. "What right have you got to think? Are you drawing a thinking man's pay?"

Such is regimentation! The young man was not in school, where superior work yields superior grades. He was not in business, where better work means better pay. He was in the army. This is not a criticism of military discipline or army efficiency. I am no military expert. I use this story to illustrate how regimentation kills initiative. By the very nature of its workings, it is destructive of progress in peaceful pursuits. In despot-ruled countries, things happen to all thinking civilians very much like what the young recruit experienced.

Competition a Remedy.
In lands where authority is completely centralized, strict obedience to orders is the matter of greatest importance to private individuals. However wise and kind the dictator, when power-hungry henchmen reach into what we Americans call private business (as invariably they do) progress is paralyzed. Farmers and all other workers learn from unhappy experience to do as they are told, period.

Admittedly, parallel things happen occasionally in private enterprise but competition corrects them. Sometimes owners of businesses become indifferent, live apart from their interests and try to run live industries by dictum, as if methods they worked out years ago were eternally right. These cases develop their own cure quickly. Every office and every shop of such a proprietor becomes a hatchery of potential competitors.

Efficiency Rewarded.
American business in general is operated with an aim to get maximum yield per hour of work. Executives and supervisors exist for no other purpose. More yield per hour means better wages for workers, more profit for management and lower prices for buyers who consume what is produced. The newest recruit on any job can get paid for an idea that improves production.

America is famous as the best place on earth to live. Many people know it who don't know why, but here's why: In America, ideas count. No matter who originates them, they have value. Anybody with an idea is free to use it and, if it's good, we all benefit. Thus, Americans live better than people under centrally planned systems where only the few think who are officially appointed to think.

HUGE SUM IMPOUNDED.
CLEVELAND, Jan. 1.—A total of \$9,600,000 was impounded Tuesday in the federal court in Cleveland, the money representing a settlement by a group of steel companies in patent infringements suits brought by the Cold Metal Process Company of Youngstown.

WACO, Jan. 1. — George Robinson, 88, pioneer newspaperman, died at his home here Monday night.

By United Press

WASHINGTON, Jan. 1. —President Truman and Secretary of State James F. Byrnes greeted the new year aboard the presidential yacht Williamsburg today with the hope, echoed by many congressmen, that the new Moscow agreement would prove a milestone on the difficult road to permanent peace.

The outlook for the new year was brighter than it had been for many months. The Moscow agreement seemed to have eased Big Three tension in time to get the first meeting of the United Nations Assembly in London, Jan. 10, off to a good start. There also were prospects for an early end to the Chinese civil war.

There were still, however, the darker sides. United Press dispatches indicated there was still fighting going on in China and Java, unrest in the Holy Land and starvation and disease haunting the continent of Europe.

Yet the great nations could face the coming year with hope for constructive cooperation in removing the traces of war and paving the way to a new international order.

Byrnes told reporters something about his Moscow trip yesterday afternoon. He said Premier Stalin was looking better than he did at Potsdam.

Byrnes also gave the reporters a few bits of news — that neither Spain nor Turkey was discussed at Moscow, that Commissar Molotov is tired and won't attend the UNO assembly meeting in London, that he—Byrnes—will not make public a report on the Balkans made for him by Special Envoy Mark Ethridge. He added that henceforth he will hold two press conferences a week, on Tuesdays and Fridays.

More important, Byrnes explained that Gen. Douglas MacArthur was not kept posted on the Moscow discussions because policy-making was up to the president of the United States. He added that MacArthur's views had been asked and received in advance.

He again emphasized that he was always conscious of the necessity of preserving MacArthur's authority, which he considers essential to control of Japan. And he again brought out the fact that Britain, in behalf of Australia, was more anxious for the new control set-up than was Russia.

Jap Emperor Asks Nips to Forget Religious Myths

TOKYO, Jan. 1. (U.P.)—Emperor Hirohito repudiated the Shintoist belief in his own divinity today as a "myth," and called upon the Japanese people to forget their "master race" illusions and work for the reconstruction of a thoroughly peaceful Japan.

In his first major imperial rescript since the Japanese surrender, Hirohito urged his people to accept the fact of their defeat and to rebuild the nation along the lines of a constitutional monarchy as provided in the Meiji charter of 1868.

His rescript, issued in the form of a new year's eve fireside chat, contained no hint that Hirohito planned to abdicate his throne in the immediate future, as had been rumored.

Meeting of Garage Owners Set For Wednesday
A meeting of all Cisco garage owners has been called for the chamber of commerce Wednesday evening, at which time Elmer Frede, of the University of Texas, will present a plan for a series of automotive mechanics classes, similar to those held in salesmanship some time ago.

Every owner of a garage in Cisco is urged to attend this meeting. The meeting will begin at 7:30.

Miss Graham, Auto Victim, Buried Today at Abilene

ABILENE, Jan. 1. —Funeral service for Iris Graham, 39, McMurry college registrar, will be held at 3 o'clock this afternoon at St. Paul Methodist church, Abilene.

Dr. J. O. Haymes, pastor will officiate, assisted by the Rev. Howard Hollowell of Midland, and Dr. R. L. Long, former head of the Bible department of McMurry. President Harold G. Cooke of the college will deliver an address.

Miss Graham, who had been with the college since its beginning, died at 8:20 a. m. Monday in Hendrick Memorial hospital where she was taken a week ago after she was injured in an automobile accident Christmas morning. The car she had been driving collided with one driven by Billy Wayne Wilson at South 20th and Butternut.

Of the registrar, President Cooke said: "Iris Graham was unexcelled not only in remembering people, but in winning and retaining both their affection and admiration." He stated that Dr. Boyd McKeown recently said that he knew of no other college registrar in America who so completely tied the ex-student body to the institution in which she worked.

Dr. Bruce Johnson, president of the Ex-student association of McMurry college, expressed the feeling of the alumni by saying: "In the passing of Miss Iris Graham the ex-students, far and near, have lost their best friend. We shall always remember her for her radiant personality, her warm greetings on all occasions, her genuine interest in our welfare, her loyalty, her integrity of character and her love for the institution which she served so capably."

Miss Graham, born May 26, 1906, in Albany, graduated from Albany high school and moved with her parents, Mr. and Mrs. C. W. Graham, 1942 Feltsmere, to Abilene in 1926. She entered McMurry college in that year having transferred from Simmons college. She served as registrar of McMurry since 1928 when she graduated with the third class to leave the school.

Body of the beloved registrar will lie in state in the college chapel from 10 a. m. today until the procession leaves the church. A guard of honor, composed of students and alumni, will watch over her. Burial is to be in Cedar Hill cemetery under direction of Elliott Funeral home.

Miss Graham is survived by her parents; two sisters, Mrs. Forrest Kendall and Mrs. Mason Altman, both of Abilene; and a brother, C. W. Graham, Jr. of Cisco.

Honorary pallbearers are to be current president, Dr. Bruce Johnson, and former presidents of the Ex-Students' association; all former students and present members of the student body and faculty of McMurry college.

Peacock, pastor of First Methodist church, of which church deceased was a consistent member. Burial was in Oakwood cemetery.

Mrs. Manning was born in Fayetteville, Ark., Nov. 4, 1873, the daughter of Mr. and Mrs. James W. Johnson. She was married to Mr. Manning July 4, 1895, at Killdeer, Tex., and had been a resident of Cisco for approximately thirty years.

TO BURN OPIUM.

PEIPING, Jan. 1. —The public burning of some 29 tons of confiscated opium, valued at 1,865,000 Chinese dollars, was postponed Tuesday. Its destruction had been scheduled as the high light of the New Year's Day celebration.

WASHINGTON, Jan. 1. (U.P.)—The administration appeared to be fighting a losing battle today to avert a nationwide walkout by 700,000 steelworkers Jan. 14 to enforce their demands for a \$2 a day wage increase.

President Truman made the latest move in the deadlock last night when he appointed a three-man fact-finding board to investigate the dispute between the United States Steel Corp. and the CIO United Steel Workers.

At the same time, the president asked the Office of Price Administration to investigate and report to the board by Feb. 10 if it would be "possible to postpone the strike until something satisfactory to both sides could be worked out."

Basket Ball Conference Schedule Will Open Friday

The Cisco Lobes will open their conference basket ball schedule against the Weatherford Kangaroos Friday evening at Weatherford.

The team, crippled by the absence of Melvin Noble, a regular, and off form during the holidays, lost to the Ranger Bulldogs in a poor showing at the local gym last Friday night. The boys will go to Ranger Wednesday for a non-conference return game in which they hope to recoup their loss.

APARTMENTS WRECKED BY BLAST—When a truck carrying butane gas for a bottling plant blew up, it left this wreckage of a 20-apartment building at Santa Barbara, Calif. Five persons were killed in the blast, which also destroyed the bottling plant. Building was completely ruined.

Hearing in the application of three candidates for a writ of mandamus to force printing their names upon the ballot for the municipal election will take place in 91st district court at Eastland tomorrow morning at 10 o'clock. The candidates, W. J. Donovan, L. F. Mendenhall and W. P. Moore, are seeking election as commissioners to succeed J. R. Burnett, H. C. Henderson and W. R. (Bob) Winston, who are asking re-election. The commissioners last week declined to take notice of three petitions presented by the excluded candidates on the score that it had already ordered the ticket closed and the ballot printed in accordance with a state law requiring it to be ready for the beginning of absence voting 20 days in advance of the election. Wednesday, March 14, was the 20th day in advance of April 3, when the election is to be held. The petitioners asserted that they presented their application to the commission on Tuesday, March 13,

in the prescribed manner and correct form, and that the commission "arbitrarily" refused to recognize these petitions or put their names upon the ballot. They seek a writ compelling reprinting of the ballot with their names included.

Home-Mixed Cough Syrup Gives Quick Relief

Saves You Big Dollars. And It's So Easy! No Cooking.

There's an old home mixture your parents probably used. But, once tried, you'll always use it, because it gives such quick, pleasing relief for coughs due to colds. And it's so easily mixed. Make a syrup by stirring 2 cups of granulated sugar and one cup of water a few moments, until dissolved. No cooking is needed. Or you can use corn syrup or liquid honey, if desired. Now put 2½ ounces of Pinex (obtained from any druggist) into a pint bottle, and fill up with your

syrup. This makes a full pint of truly splendid cough medicine, and gives you about four times as much for your money. It keeps perfectly, tastes fine, and lasts a long time. You can feel this simple home mixture take right hold of a cough. It loosens the phlegm, soothes irritation, and helps clear the air passages. Eases the soreness, makes breathing easier, and lets you get restful sleep. Pinex is a special compound of proven ingredients, in concentrated form, well known for its quick action on throat and bronchial irritations. Money refunded if it doesn't please you in every way.

Miss Erna Heilscher, daughter of Mrs. John Heilscher, became the bride of Theodore Eifert son of the late Wm. Eifert, on December 27 in rites held at Christ Lutheran church south of Cisco. Church decorations of poinsettias and greenery emphasized the Christmas season. Rev. G. A. Naumann of Cisco officiated in the ceremony in the presence of a large group of friends. Music for the occasion was played by Eric Eifert, brother of the bride-groom.

Other attendants were Harold Reich who acted as best man to the bride-groom and Edward Reich. Both young men are nephews of the bride.

At the close of the ceremony a quartet composed of Mrs. Eric Eifert, Mrs. Theodore Eifert, Mrs. Rudolph Reich and Mrs. Herbert Wendt were presented in a vocal selection.

PROGRAM PRESENTED BY WATCH GROUPS

Several groups met at various places to watch the old year out and extend a welcome to the new year. Among the groups was one at First Baptist church, in the basement auditorium. A fine program was presented by the several training unions, beginning with the primary and extending through the adult age groups. The programs included special music, group singing and prayers.

A splendid climax to the evening was a devotional program at 11:30 conducted by the pastor Rev. Arthur Johnson, who brought timely thoughts for the new year. The program ended at 12:05.

Refreshments were served by the committee during the evening.
