200,000 Electrical Workers Set to Strike Jan. 15

By United Press.

NEW YORK, Jan. 5. — Two hundred thousand workers employed by the Big Three of the electrical industry will strike Jan. 15 for a \$2 a day increase in pay, their union announced tonight.

The call was issued by the Electrical, Radio, and Machine Workers of America, third largest of the CIO unions, for those of its 700,000 members employed by General Electric, Westinghouse, and the electrical division of GM, Detroit.

This labor's battle for a general 30 per cent increase in wages rates to compensate for the increased cost of living was broadened to include a new industry.

Thomas Attacks Truman.

DETROIT, Jan. 5. (U.P.)—General Motors and the CIO Auto Workers Union tonight awaited the report of President Truman's fact-finding board in the bitter 46-day GM strike, while preparing for resumption of their collective bargaining talks Monday.

Top UAW leaders, including President R. J. Thomas, vice president Walter P. Reuther, director of the strategy that sent 175,000 GM workers out Nov. 21, and George F. Ades, UAW secretary, returned from Washington and scheduled a busy weekend.

Thomas, in a statement reiterating the union's sharp opposition to President Truman's request for a 30-day cooling off period in labor disputes, developed a new attack against General Motors withdrawal from the panel hearings in Washington.

Strike Held Up.

SPRINGFIELD, Ma., Jan. 5. (U.P.) The Brotherhood of Railroad Trainmen today called off a scheduled strike which would have paralyzed the nine-state St. Louis-San Francisco Railway Company (Frisco) system.

C. O. Carnahan, Springfield, chairman of the brotherhood for the Frisco, issued the 90-strike order at 3:30 p. m., immediately upon learning that President Truman had appointed an emergency board, under the railway mediation act, to study the dispute.

Taft Says Truman Has Abandoned Free Enterprise

WASHINGTON, Jan. 5.—Senator Taft of Ohio termed some of President Truman's legislative program "communist" and "left wing" Friday night and said "Congress ought to get credit for a little delay."

That was part of his answer to the president's bid Thursday night for more action and less talk in congress on measures Truman recommended.

Taft, chairman of the Senate Republican "steering" committee, made his remarks in a broadcast from Cincinnati.

"To summarize," he said, "the Truman program has been delayed because it is superficial and ill-considered, because it is a CIO-PAC program and not a Democratic program, because it adopts a philosophy with which the people do not agree."

Taft said the measure Truman proposed, which would halt strikes while fact-finding boards look into labor disputes, was hastily drawn and contained no principles of any kind. He added:

"One thing is certain. The president's bill will not prevent strikes, and no one has found a way to prevent strikes, except Mr. Stalin. If you can only prevent strikes by a general plan of compulsory wage arbitration, which leads inevitably to government fixing of wages and prices, then I am not in favor of prohibiting strikes."

DECATUR HARD HIT.

DECATUR, Jan. 5. — Seven persons injured, one farm house destroyed, another unroofed and three railway cars overturned was the toll taken by a tornado which struck near here late Friday afternoon.

President's G-M Fact Finders May Report on Monday

WASHINGTON, Jan. 5. — Look for President Truman's fact-finding board in General Motors case to make its report soon—probably Monday. If it states convincingly how much increase workers are entitled to—and wins labor, man-agement agreement—this could prove the key to the whole strike dilemma.

Unions in all big industries where trouble threatens are predominantly CIO. If its leaders drop 30 per cent demand in one case this probably would form pattern for settlement of others. Corporation, despite its refusal to sit in the hearings if "ability to pay" were considered, is believed ready to accede if the board recommends a 15 per cent increase. With some urging it might go to 18 per cent, some officials think. This is 16th day of strike, one day longer already than 1937 strike when United Automobile Workers won recognition as bargaining agent.

First class four-power row may be brewing in Allied council in Germany as deadline approaches for settlement of reparations. Deadline is Feb. 2 under Potsdam declaration of Aug. 2 which said, "the amount of equipment must be determined within six months from now at the latest."

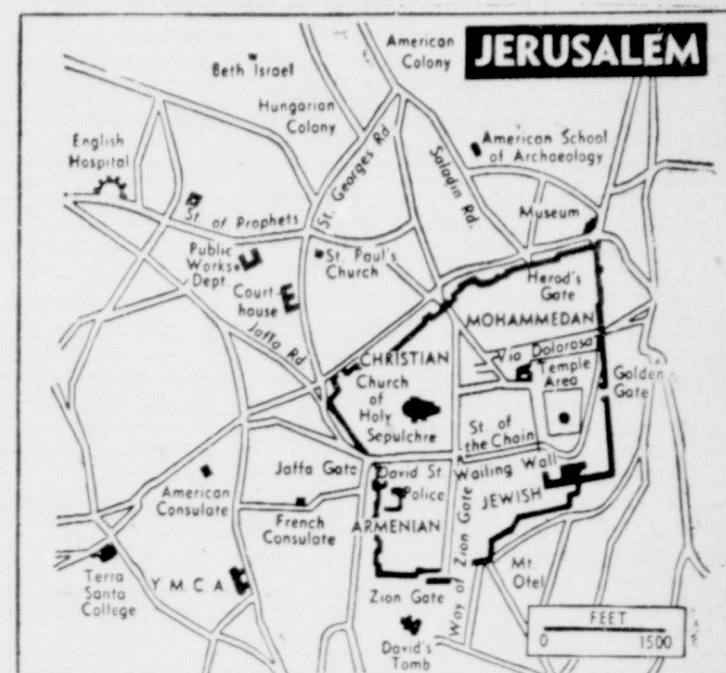

Only agreements reached so far concern minor plants to be transferred from U. S., British and French zones to Russian. There has been no decision on how much steel Germany shall produce, and steel is key to Germany's industrial future, as well as to reparations — and to German ability to make war. United States has special stake in seeing that the Potsdam agreement is observed. This country largely was responsible for its terms. They had their roots in old American directives to U. S. occupation forces from joint chiefs of staff. Also President Roosevelt and Generalissimo Stalin agreed to idea of reparations — in-kind at Yalta, may even have agreed as to Russia's share.

HEIFER BRINGS \$2,700.

ADA, Okla., Jan. 4.— Highest priced heifer in the W. E. Harvey Hereford auction here Friday was a yearling, HTR Rupert's DMH 48th, that brought a bid of \$2,700 from Turner Ranch of Sulphur, Okla. Highest priced bull was HTR Rupert's WEH that sold to John Pills of Enid for \$1,000. The eight bulls sold for an average of \$455 and the 30 females brought an average of \$559.

Tornadoes Killed Lobos 29, Weatherford 23, Injured 150, East Texas Area al Wells Is Next

PALESTINE, Jan. 5. (U.P.)—As rescue squads still searched for additional victims of the series of tornadoes which ripped through east Texas last night, the toll of dead had reached 23 this afternoon.

Several other persons here and at other points in this general area were not expected to recover from their injuries.

Estimated injured at Palestine, Naegdoches and Lufkin — the three hardest hit localities — was 150.

Red Cross workers, volunteer rescue groups and state and local police feared still further casualties would be found as soon as communications are restored in the stricken area.

FT. WORTH POP. 293,456.

FT. WORTH, Jan. 5. — A population estimate of 293,456 persons in Fort Worth's metropolitan area, a gain of 41 per cent since the 1940 census, was made yesterday by the chamber of commerce. According to the 1940 census, Fort Worth's metropolitan population was 207,677. Thus Fort Worth has grown by an estimated 85,779 in the last five years.

TEMPORARY ALIMONY.

DALLAS, Jan. 5. — Molly Wraether, daughter of U. S. Senator W. Lee O'Daniel, Saturday had a court order awarding her \$750 a month alimony and child support during the pendency of her suit for divorce against her husband, J. D. Wraether, wealthy oilman.

GANGSTER KILLED.

ST. LOUIS, Jan. 5. — Two swarthy men were sought by St. Louis police Saturday in the assassination of Lawrence Drewler, 31-year-old gangster, who tried vainly to escape death by using a young woman for a shield.

The Cisco Lobos started their conference season with a victory earned in a thrilling last minute score against the tall Weatherford Kangaroos at Weatherford Friday night.

The score was 29 to 28 by virtue of a last minute field goal, shot by Punk Sauls. It was the only scoring contribution of Sauls to the game, but it was the most timely and decisive score that he has made in any athletic competition and it sent an improved Cisco team back in a happy frame of mind.

Weatherford led all the way until the final half-minute of play, with the exception of periods when the count was tied. Cisco for the first time this season showed improvement as the game progressed. They excelled in ball handling and team play, although the boys missed many shots which could have made the score decisive.

Nobles and Williams matched their height against the superior height of the Kangaroos and helped turn the odds, while the Lobos as a team showed an adeptness in ball handling which counteracted the natural advantage the Kangaroos possessed. The scoring was fairly evenly distributed, with Williams accounting for 10 points, Harrelson for eight, Nobles for seven, Pence and Sauls for two each.

Score by quarters was: First, 6 and 6; second, 11 and 9; Weatherford, third, 23 and 18; Weatherford, and fourth, 29 and 28. Cisco made 20 points in the second half against nine in the first. Tuesday night the Cisco quint meets Mineral Wells in a conference game at the Lobo gym. Mineral Wells holds a two point victory over the Kangaroos in non-conference play.

Cisco starting lineup for the Weatherford game was Nobles and Sauls, forwards; Williams, center; Harrelson and Smith, guards.

Legion Building OPA to Put 1946 Fund Cash Now Cotton Crop Under Price Control Totals \$2,700

Reports on the progress that has been made in building up a fund for construction of a Legion home and Memorial building and in developing the Cisco Country club property as headquarters for John William Butts Post were made to a meeting of the post Thursday night. The report showed splendid progress and was enthusiastically received.

The building fund has now reached a total of more than \$2,700, with other receipts yet to be reported. Net profit on the four dances that have been held was announced as \$261.

Cost of improvements made at the Country club—which has been placed in attractive, livable condition—was something in excess of \$700. A balance of \$422 on this cost was ordered paid.

The goal before the Legion in its building fund is to raise that fund to \$10,000 by the end of the year. "We are going to do it," declared Simon Coplin, chairman of the building committee.

The Country club, taken over under agreement by which the Legion would repair and improve it in return for its use as their headquarters, as well as by the Country club, will be developed into a center for community entertainments sponsored by legitimate Cisco organizations. Plans are being made to institute a high school night also.

"If every one who is eligible to join the Legion will become members and put their shoulders to the wheel we can make the club the finest of its kind in the state," it was declared. "We urge every non-member of the Legion who is eligible to join immediately and take a part in a program which is being carried out for the good of the entire community."

Cong. Rayburn Says President Is Man for Job

DALLAS, Jan. 5. (U.P.)—Amidst criticism of his policies and recent fireside chat by both Democrats and Republicans, President Truman today had the pledged support of his leader in the House of Representatives — Speaker Sam Rayburn.

Rayburn, speaking at a dinner in his honor sponsored by the Democratic women of Dallas county, described the President as "a plain, homespun, average American citizen, with a head full of common sense, with a heart and soul that burns with the desire to do the right thing by the people."

LAMB CUTS RAISED.

WASHINGTON, Jan. 5. — The OPA has authorized packers of lamb and mutton who are licensed ship suppliers to increase price 75 cents a hundred pounds on certain sales of carcasses and wholesale cuts. Retail prices are not affected.

John C. Barber Again Makes Race For Co. Sheriff

WASHINGTON, Jan. 5. (U.P.)—The Office of Price Administration announced tonight plans to put the 1946 cotton crop under price control to avoid the need for raising prices on textiles and clothing.

This will be the first time OPA has imposed price controls on a cotton crop.

Price Chief Chester Bowles said he believed that "cotton prices will be steadied at a level which should permit textile ceilings to be held without change."

John C. Barber, who ran a close race for sheriff of Eastland county in 1942 and who during the war period was a member of the auxiliary military police force of the U. S. army at Texas Electric Leon Plant, Eastland, this week announced his candidacy for sheriff in the coming Democratic primaries.

Barber came to Eastland in 1937 with his wife and two daughters, Florence and Rama. He was connected with the International Har-

vester company four years, handling all the firm's livestock business locally.

In the 1942 sheriff's race, he received 1889 votes, and was defeated by 320 votes.

In September, 1942, he joined the auxiliary police force, and received his honorable discharge last April 1. For a year and a half he has been in the operations department of the electric company.

"I want to thank the people of the county for their good support in the race two years ago," he said, "and if elected sheriff in the coming election, I will strive to make you as good a sheriff as I have a citizen. I own my home at 711 west Main, Eastland.

"I want to say that I did not take any part other than vote in the Woods and Hart run-off election, as both were my friends and I had friends on both sides. "I have been trying to do my part in helping win this war and now that it is over, I would like to help you good people make Eastland county a good place in which to live"

HOUSTON GIRL ASSAULTED.

HOUSTON, Jan. 5. — Police today searched for two Negroes who an attractive University of Houston student said attacked her last night in a heavy downpour. The 21-year-old girl was treated for shock and injuries at a hospital where doctors confirmed she had been assaulted. En route home, the part-time student was attacked a block from her home. Her 13-year-old brother and mother heard her cries for help and the Negroes fled upon their arrival, police said.

The submarine crew rates Little George as a buglemaster third class, but he steers clear of hashmarks.

1946 Eastland Co. Samuel Killough Elections May See 81, Died at Morning, Saturday Very Large Vote

Poll tax payments at the county collector's office Saturday totaled 3,224 and Clyde Karkalis, tax collector, said he was confident the number would reach 6,500 or more by the close of business on January 31, the last day on which poll taxes may be paid in order to vote in 1946 elections.

It is certain the vote in the July primaries and at the regular elections following will be considerably larger than for several years.

The large number of returning soldiers will of course enter into it, as well as voters who have attained the age of 60 years and are thus able to cast their ballots without paying a poll tax.

Underage voters, those who will be 21 before February 1, must secure exemption certificates at the collector's office in order to vote.

But Eastland county men and women 60 years of age or over are free to cast their ballots without such exemption certificates. It is estimated there are more than 1,500 men and women in the county beyond the poll-paying age.

SHE LIVED FRUGALLY.

PUNXSUTAWNEY, Pa., Jan. 5. Sarah E. McGregor, who died at the age of 86 in a small frame house without electricity or other modern conveniences, left an estate in excess of \$600,000, it was disclosed with the filing of her will Friday. Approximately \$230,000 of the amount was in cash on deposit in about 20 banks.

FOUR DIED TOGETHER.

READING, Pa., Jan. 5.—A 35-year-old woman more afraid of blindness than death, planned suicide and then—"by agreement"—permitted her husband and two unmarried sisters to take their lives with her in a gas-filled apartment, Berks County Coroner George J. Stark said.

DO THE PEOPLE KNOW?

The Wagner - Murray - Dingell bills were introduced in congress May 24th.

These identical bills before the senate and the house will probably be pressed for immediate passage. These bills in brief would:

1. Levy a compulsory contribution (tax) of 8% on the pay checks of 110,000,000 people. Do these 110,000,000 people know this?
2. Of the 8%, 4% is to be taken from the employee and 4% from the employer. Self-employed pay 5% up to maximum earnings of \$3,900. Federal workers pay 2 1/2%. Do these people know this?
3. Of the eight or ten billion dollars provided through this tax measure, it is estimated that the

compulsory health insurance program will require approximately \$3,142,000,000. Is this known to the public?

4. The bills place the administration of the health insurance plan in the hands of one man, the Surgeon General of the United States Public Health Service, who need not necessarily be a doctor. Does the public know this, and is it good or bad?

5. Persons requiring medical attention will probably be required to see the doctor allocated to them by the Federal Bureau of Medicine. Does the American Public want this, and is it good or bad?

THIS GIRL WELDER was pleased as punch when she learned her job to help win a war. She may smile again at the opportunity to apply her skill in welding structural members for farm buildings on the site, a new and lighter job created by a new system of construction developed by research engineers of Carnegie-Illinois Steel Corporation, U. S. Steel subsidiary, and University of Wisconsin. This steel development also promises work for the HANDY MAN AND HIS TRUCK, be he honorably discharged soldier or a temporarily displaced war worker. The SITE-WELDED FARM BUILDINGS (above), with their shining steel sheathing, promise low-cost help toward the solution of two vexing postwar problems—shortage of building labor and of traditional structural materials.

XXTH CENTURY ANNUAL LUNCHEON.

The annual luncheon of XXth Century club was held Friday at 1 o'clock in the home of Mrs. F. E. Harrell. The house was made gay with decorations of cut flowers and blossoming potted plants and the lace covered dining table was centered with a pretty arrangement of cut flowers. The luncheon menu consisted of creamed chicken, fruit salad, celery, olives, asparagus tips, candied carrots, hot rolls, with dessert of pie and coffee.

At the close of the meal a business meeting was held during which Mrs. F. D. Wright was elected delegate to the state meeting of Federated clubs, with Mrs. H. N. Lyle as alternate. Mrs. F. E. Harrell was chosen as delegate to the district meeting, with Mrs. J. E. Crawford as alternate. Those present were Mrs. F. D. Wright, Mrs. J. E. Spencer, Mrs. Charles C. Jones, Mrs. Sam Baugh, Mrs. Lily Baugh, Mrs. C. R. West, Mrs. Paul Poe, Mrs. A. T. Boland, Mrs. S. E. Hittson, Mrs. C. H. Fee, Mrs. Alex Spears, Mrs. Edward Lee, Mrs. H. N. Lyle, Mrs. Elizabeth McCracken, Mrs. E. P. Crawford, Mrs. J. E. Crawford, Mrs. John Shertzer, Mrs. Harrell and a guest, Miss Husk of Amarillo, sister of the hostess.

ENGAGEMENT OF COUPLE ANNOUNCED.

Mrs. Allen A. Peacock has hosted with a tea in her home Friday afternoon when the engagement of Miss Polly Peacock, twin daughter of Rev. and Mrs. Allen A. Peacock, to Robert W. Paschall, son of Mr. and Mrs. R. J. Paschall of Corsicana, was announced. Wedding date will be announced later. The house was florally decorated with pink and aqua chosen colors of the honoree.

Guests were met by Mrs. Wm. H. Cole, Mrs. Peacock, Miss Polly Peacock and her twin sister, Mrs. T. M. Cook of Temple, and directed to a table where Mrs. C. A. Warden was in charge of the bride's book, which was artistically designed by Mrs. Gerald Merket. They were then shown to the dining room where refreshments were served.

The table, overlaid with a lovely hand made linen cover held an attractive center piece of pink and aqua dragons combined with floral greenery and was flanked at the sides by tall lighted aqua tapers in crystal holders. Wide satin streamers bearing the names Robert and Polly tapered from the middle of the floral arrangement.

Mrs. E. O. Elliott and Mrs. T. E. Stamey presided at the silver tea service. Others assisting in the dining room were Mrs. A. R. Westfall, Mrs. A. D. Anderson, Mrs. Gerald Merket and other members of the house party included Mrs. John Shertzer, Mrs. R. W. Merket and Mrs. I. E. Crowe of Albany, Texas.

Refreshment plates of heart-shaped pink and aqua sandwiches, pink and aqua pinwheel cookies and mints of the same colors, along with napkins the same color scheme, with Polly and Robert inscribed on them, were passed to the following: Mesdames Richard

Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your drugist and ask for four ounces of liquid Barcenate (formerly called Barcol Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonsful twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose

INVENTORY YOUR ASSETS

Most business concerns are engaged now in taking an inventory of their physical assets — that is, their goods in stock, their accounts receivable, bills payable and cash, as well as any other collateral that might represent earnings or savings.

While these listings are being analyzed, would it not be well for citizens of Cisco and elsewhere to take stock of ourselves. Let us ask ourselves if we are being good neighbors, or good friends, to those with whom we associate — if we are doing what we can to make our community and even our family circle a little better and happier because of our influence and association?

Might it not be well to closely scrutinize our ability to help promote lasting peace throughout the world?

This firm joins in hoping that we, along with you, may be able to make this sincere inventory and act accordingly.

Meanwhile we wish for all our friends and associates the best in 1946.
