Fact-finding Board Okays 17.2 Percent Wage Hike

High Court Action Necessary Says Stevenson

AUSTIN, Jan. 10. (AP) — Gov. Coke R. Stevenson said today that if the state supreme court should declare the session of the Texas senate convened yesterday to be a legal session he would submit his appointees for confirmation by the senate "within 10 minutes."

Until the session is held valid, Stevenson indicated he would not submit the names.

The governor's statement was viewed here as a challenge to the senators to test validity of their own session. That could be done, he pointed out, in a number of ways.

Senate to Investigate Demobilization Hubbub

WASHINGTON, Jan. 10. (AP) — The Senate Military Affairs Committee today appointed a subcommittee to conduct a public investigation of the demobilization controversies.

The subcommittee, headed by Sen. Edwin C. Johnson, D. Colo., immediately summoned Acting Secretary of War Kenneth C. Royall and Army Chief of Staff Gen. Dwight D. Eisenhower to appear at their earliest convenience.

"Our hope is that we can stabilize the situation and clean up the controversy," Johnson said. "We want to do it as soon as we can, Congress must determine the military policy of this country."

TWO POLICEMEN KILLED.

FRANKFORT, Ky., Jan. 10. — Two Prestonsburg policemen were found shot to death in an automobile there early today and an ex-convict was arrested four hours later in connection with the shooting.

LIGHT SNOW FALLING.

LUBBOCK, Jan. 10. — Light snow was falling in extreme West Texas today from the Panhandle to Midland and was expected to change during the day to occasional rain.

MANY NEW IDEAS.

AUSTIN, Jan. 10. — Consideration of a 12-month school year, the purchase of school supplies on a co-operative basis, and greater freedom in the choice of textbooks, were included in resolutions adopted by the 13th annual midwinter conference of Texas school executives, which closed here yesterday afternoon.

Cremeries have refused to pay the hike until OPA approves the creamery price increase of half a cent per quart to be passed on to retailer and consumer.

Young Democrats Most US. Voters Take Sound Position on Building as Jew Homeland

DALLAS, Jan. 10. — A demand that a new Cotton Bowl and Livestock Coliseum be delayed and that the city construct temporary dwellings instead was presented by the Young Democrats Club of Dallas.

W. B. Williams, president of the club, and Joe Bailey Irwin, chairman of its housing committee, appeared to present a resolution and tell the council "the situation is appalling and growing worse."

Mayor Pro Tem J. E. Adoue, Jr., told Williams and Irwin the city could not legally build homes and that the Livestock Coliseum and a new stadium would not delay housing construction.

The resolution called on the council to delay the two projects until the end of the housing shortage, which it estimated would continue five years.

"While we are interested in football games and livestock shows, we feel it more urgent in this crisis to provide housing for workers and war veterans," the Young Democrats resolution said.

Poland Not Entitled to US. Funds Says Ambassador

WARSAW, Jan. 10. — U. S. Ambassador Arthur Bliss Lane has informed the Polish provisional government that he would oppose granting of any United States funds to Poland "as long as present conditions prevail" in this country.

The ambassador was protesting against recent measures by the regime, including a decree nationalizing all basic industries employing more than 50 persons per shift.

Lane told the Polish foreign ministry he considered that the 1931 commercial treaty between Poland and the United States had been violated. He said this treaty permitted free entry and development of commercial enterprises within Poland by American business men.

This sympathetic feeling undoubtedly plays an important part in the high vote favoring letting the Jews settle in Palestine, as shown in today's survey.

Government Suggests Plan For Housing Veterans

WASHINGTON, Jan. 10. (AP) — The government proposed today to slice up surplus barracks and reassemble them as two bedroom apartments for homeless veterans.

To prove it could be done, the Federal Public Housing Authority unveiled a 29-acre demonstration that included not only an apartment but also a tourist camp, boat house and fourth-class postoffice.

DALLAS, Jan. 10. — Members of the Dallas Cotton Exchange reported purchases of 1,056,000 bales of spot cotton in 1945, Arris Owen, president of the exchange, announced at the thirty-ninth annual membership meeting.

This was more than one half of the cotton production of Texas during the year.

Owen said that with a return to peace and a renewal of export demand the prospect is for a larger cotton business in 1946. Dallas cotton merchants are increasing considerably their purchases of cotton in Mexico, California, Arizona and New Mexico.

In presenting his annual report, Owen said the Cotton Exchange had a good year and that rental space in the building is fully occupied. The exchange has 136 members. About seventy-five attended the meeting. Memberships are selling at about \$6,500, an advance of \$2,500 in the last twelve months, the president announced.

By United Press

Government labor officials made last ditch stands today to stave off a paralyzing nation-wide telephone strike and to avert walkouts in other major industries.

Conciliators received a setback when Swift & Co. rejected an undisclosed government price relief offer which federal labor officials hoped would prevent a nation-wide strike in the meat packing industry.

In Washington, President Truman's fact-finding board in the General Motors dispute recommended a wage increase of 19½ cents an hour, or approximately 17.2 per cent.

The union had asked an increase of 30 per cent.

The best General Motors offer was 13½ cents an hour, or approximately 11.6 per cent.

In New York a new union proposal was submitted to the Western Electric Company and a union executive indicated that acceptance might halt the strike.

Almost 400,000 workers already were idle and various strike threats, if carried out, would add 2,000,000 others to the list.

Belgian Minister Elected President UNO today London

LONDON, Jan. 10. (AP) — The United Nations assembly met for the first time today, elected Belgian Foreign Minister Paul Henri Spaak as its president, and heard a plea by Prime Minister Clement Attlee that it become the "overriding factor in the foreign policy" of the whole world.

Henri Spaak, once a power in the League of Nations, defeated Norwegian Minister Trygve Lie for the first UNO assembly presidency by a vote of 28 to 23.

The election of the Belgian was a defeat for Russia and the bloc of Eastern Europe, which had sought to elect Lie by acclamation and avoid the secret balloting.

Dallasite Faces Serious Federal Liquor Charge

DALLASITES 6 24
DALLAS, Jan. 10. — Alex Steinberg of Dallas was charged by the OPA Wednesday with violation of federal laws governing the sale of liquors.

Charges were filed by OPA investigators with U. S. Commissioner William Madden Hill. The OPA charge alleged that Dallas had been sold wholesale to liquor and Fort Worth dealers at \$70,000 over the ceiling price.

Steinberg also was charged by the alcohol tax unit of the Internal Revenue Department with having operated as a wholesale liquor dealer without having paid the special tax provided by law.

Four War Buddies Killed When Car Left the Highway

FT. WORTH, Jan. 10. — The kind fate which guided four young men from Clifton through World War II and brought them safely home without a scratch, deserted them Wednesday night on a sharp highway curve five miles northeast of Creason on the Granbury road.

The four, all former classmates at Clifton high school, were killed when the convertible coupe in which they were riding skidded off the curve, overturned five times and came to rest against a fence post.

Cisco PTA Will Lobo Basketeers Be Host to Co. Conference Game PTA's, Jan. 11 in Ranger Tonight

West Ward Parent-Teacher association will be host to all PTA's of Eastland county on Friday afternoon, January 11. The hour will be 3:30 and place of meeting will be West Ward school building.

There will be an excellent musical program by members of the Lobo Band and Choral Club, under direction of Fred Baumgardner, and also numbers by pupils of Mrs. Ben Krauskopf.

Refreshments will be served after the program and it is desired that as many as possible of the local membership make it a point to be present, since the Cisco organization will be host, said Mrs. Patton Crofts.

Romney Child Be Buried Here at 2 P. M. Tomorrow

Winnie Margaret Echols, 5-year-old child of Mr. and Mrs. O. E. Echols of the Romney community, died at 4:30 o'clock yesterday afternoon in a Ranger hospital from what a physician termed influenza meningitis.

The funeral will be held at Thomas funeral chapel, Cisco, at 2 o'clock tomorrow afternoon, with burial in Oakwood cemetery. Rev. Arthur Johnson, Cisco pastor, will officiate.

Survivors include the parents, four brothers and two sisters, all at home.

CHINESE QUIT FIGHTING.

CHUNGKING, Jan. 10. — General Marshall's "mission to China" obtained complete success today when Generalissimo Chiang Kai-shek and Communist Leader Mao Tse-Tung issued a "cease fire" order ending the Chinese civil war.

CAMERA SHY—These three retiring puppies just about make a handful as they pose for their first picture of 1946. They are at the animal shelter in Schenectady, N.Y., where they were taken after being abandoned.

INTERFERED WITH MARRIAGE—Little Pauline Campbell, 2½-year-old daughter of Mrs. Dorothy Campbell, 24, of Palm Springs, Calif., rests on a policeman's knee in a Chicago police station after her mother left her with a bellboy "for a minute" —then went to Marinetta, Wis., to marry a sailor. Authorities stopped wedding pending mother's return to determine fate of child.

Stars and Stripes Sternly Warned to Apply Soft Pedal

HONOLULU, Jan. 10. — The Honolulu edition of Stars and Stripes, Army newspaper, drew a stern warning today from the general who has upheld its outspoken policy of GI criticism of the demobilization program.

Lt. Gen. Robert C. Richardson, Jr., commander of the mid-Pacific, cautioned Stars and Stripes not to make any discourteous references to the president, secretary of war, chief of staff or others in authority in the Army.

Although this immediately was termed military censorship by some radicals here, it was pointed out that Richardson only was calling attention to the articles of war, which provide severe penalties for such criticism.

Milk Producers Will Strike If Price Not Hiked

AUSTIN, Jan. 10. — Officials of the Austin Wholesale Milk Producers association have promised there will be no "pouring out of milk" if a threatening strike among local milk producers is called at a Friday night meeting.

Joe C. Carrington, acting president of the association, who viewed the strike almost as a certainty, said producers "will give milk away as long as there is a drop before we deny the people."

Carrington and F. M. Sherrill, manager of the association, said the action, if taken, would be an attempt to force the OPA to grant a price increase on raw milk sold to creameries.

Cremeries have refused to pay the hike until OPA approves the creamery price increase of half a cent per quart to be passed on to retailer and consumer.

Eisenhower Warns That World Must Unite For Peace

OTTAWA, Jan. 10. (AP) — Gen. Dwight D. Eisenhower warned today that the nations of the world must unite to settle differences peacefully "lest new Hitler's arise to throw the world into chaos more awful than the shattered countries of Europe present today."

He cautioned against delusions that "all nations will easily achieve this broad result, or that nothing more is demanded than verbal adherence to a beautiful generality."

DEFENSE ATTORNEYS in the trial of seven Japs in Manila, who are charged with murdering two American flyers and five Filipino civilians, are, left to right: Lieut. William Lander of Boston, Mass.; Lieut. Stephen D. Martin, Jr., of Lynchburg, Va.; and Lieut. James W. Blackburn, Jr., of Bowling Green, Ky. Jap defendants pleaded "not guilty" at arraignment.

POLITICAL ECONOMICS.

No sooner are we Americans beginning to get our breath after two great wars than we plunge into economic controversy.

The president starts it and the nation follows suit, oblivious of the fact that this is a bog where many an army has sunk.

Whether in office or out of it, we are seldom strong on economic issues.

In this field we are always liable to follow Stephen Leacock's hero and ride off violently in all directions.

Right now you can see us skittering away over the horizon, waving our banners and losing ourselves in arguments on capital and labor of which there is no end.

POLITICAL.

The Cisco Daily Press is authorized to announce the following candidates for the offices under which their names appear, subject to the action of Democratic voters at the primaries to be held Saturday, July 27:

- COUNTY JUDGE

OLD PULP FOR NEW TRUTH.

A reform that should have world-wide results is about to be undertaken in Japan. Allied headquarters has ordered all text books on history, geography and morals collected and converted into pulp from which new lesson books are to be made. Authors are to be culled by the allies from a list of native educators. They will be permitted to write their histories from the Japanese point of view.

"All nations do this," said Gen. Ken Dyke in charge of the Civilian Information and Education Section under which the work is proceeding. But they will have to stick to facts and present Japan's early history as folklore and legend, where it belongs.

Japan will be set forth in its true relation to the rest of the world. Geography has been taught from the viewpoint of justifying Japan's territorial ambitions, and since large sections of the country have been rendered useless by war this subject will be revised comprehensively. Gen. Dyke would like to see something like the Rockefeller Institute es-

These five players have been taking the floor as the starters in most of the games played by Coach Hub McQuillan's Horned Frogs. They are (front to back): Leroy Pasco, all-conference guard; Clyde Chronister, guard; Robert Young, forward; Bob Hendricks, center; and Frank Kudiaty, forward. All are freshmen.

Established, from which grants would be given to acceptable native experts for this tremendous re-write job, possibly with advice and certainly supervision from allied educational leaders.

These educational plans should give heart to all mankind, justifying, if anything could, the allied dead who literally gave their lives not only to keep their own homelands safe from militarists, but to free militarists themselves from despotic doctrines which cause aggression.

LOOKING AHEAD.

It is interesting to read the inside records of the last war—especially the Japanese war—with

the comments of experts and the clarification of the successive steps by which we gradually prepared for that great conflict and finally won it. But it is well not to spend too much time looking backward, when the future comes at us en masse with greater problems than ever before.

A generation is reckoned at 33 years. Probably no living man is capable of guessing what kind of world there will be at the end of that period, whether it will be general peace or universal war, what triumphs or terrors may come from the atomic bombs produced and the greater ones in prospect. To many thoughtful people the situation is so precarious that they do not want to look ahead. To others it seems more essential than ever before to prepare our defenses against unknown dangers. It is such a little world now, and so many disastrous things are imaginable.

One thing might save us from these growing fears of disaster in a too materialistic world. That is the power of true religion—not merely of church membership. It is at a low ebb now, but will not necessarily remain so.

MRS. McAFEE HOSTESS TO COUNCIL GROUP.

Mrs. Callie W. McAfee was hostess Tuesday evening in her home on west Tenth street when group two of women's council, First Christian church met in regular session. Mrs. Ernest Hester presided and opened the meeting with the Lord's prayer which was spoken in unison.

Miss Ethel Mae Wilson brought the devotional, using scriptures from the Book of Mark. The missionary lesson from World Call magazine was presented by Mrs. H. H. Davis, who discussed "Returning Missionaries."

Mrs. Hester conducted a short business session with minutes read by Miss Olga Faye Ford. The menu for a luncheon to be served to a local club this week was planned and routine affairs were transacted.

A social hour was held at the close of the meeting and refreshments were passed to a visitor, Mrs. Lillie Baugh, Mrs. Ida Painter, Mrs. H. H. Davis, Mrs. Ernest Hester, Mrs. W. R. Winston, Mrs. James Flournoy, Miss Ethel Mae Wilson, Miss Olga Faye Ford, Mrs. Willirue Logan, Miss Alice Bacon and the hostess Mrs. McAfee.

MRS. W. J. ARMSTRONG HOSTESS TO GROUP.

Group one of women's council, First Christian church, met Tuesday afternoon in the home of Mrs. W. J. Armstrong, council president. Mrs. W. R. Huestis, group leader, called the meeting to order and prayer was offered by Mrs. C. R. West.

Mrs. G. W. Troxell brought the devotional, in which she discussed "In the Beginning." The missionary lesson on work in Japan was ably presented by Mrs. C. R. West and a letter from Lieut. Allen Wood, now in Japan, was read.

A Vital Message To Men Who Feel Old

Why not regain the vim and vitality you once enjoyed?

If life apparently has lost its zest, you again may be able to enjoy life as you did in your youth. If added years have slowed down your vim, vitality and youthful pleasures, here is a simple method that may change your whole outlook on life. Just ask your druggist for CASELLA stimulating tablets. Take as directed on label. Don't feel old and worn out at 40, 50 or more. Take these tablets regularly until you feel that you have regained the pleasure of living you once enjoyed. Why be discouraged? Why not try CASELLA tablets and regain the vim and zest of a much younger man? There is nothing harmful in these tablets. They contain Celery seed, Thiamin Chloride, Passion Flower, Iron. Ask your doctor or druggist about this formula. MANER'S DRUG STORE.

Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your drugist and ask for four ounces of liquid Barconate (formerly called Barcol Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonsful twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloat disappears—how much better you feel. More alive, youthful appearing and active.

A "Look at the Books"

OR

"A Finger in the Pie"?

Which is the UAW-CIO really after? Is it seeking facts—or new

economic power? Does it want to know things—or run things?

These questions concern you as well as General Motors.

For years the facts about General Motors have been made public.

In spite of this, the UAW-CIO demands a chance to look at our books, with the hint that we could meet Union demands "if the truth were really known."

We have firmly declined to recognize this as a basis for bargaining:

1. The Full Facts are Published

How much General Motors takes in each year—how much it pays employees—how much it pays to stockholders—how much it pays in taxes—how much net profit we make—and many other facts are plainly stated in annual reports and quarterly reports.

These are broadcast to 425,000 stockholders from coast to coast—sent to newspapers and libraries. Additional copies are free for the asking.

2. All Figures are Thoroughly Checked

Every General Motors annual statement is audited by outside auditors. Similar figures are filed with the Securities & Exchange Commission.

Does the UAW-CIO honestly believe that General Motors would or could deceive these experts?

3. Basis of Collective Bargaining is Defined

The Wagner Act lays down the rules for collective bargaining. These cover such areas as rates of pay, hours of work, working conditions.

No mention is made of earnings, prices, sales volume, taxes and the like. These are recognized as the problems of management.

4. Something New has been Added

The obvious fact is that the UAW-CIO has gone beyond its rights under the law—and is reaching not for information but for new power—not for a look at past figures, but for the power to sit in on forecasting and planning the future.

A "look at the books" is a clever catch phrase intended as an opening wedge whereby Unions hope to pry their way into the whole field of management.

It leads surely to the day when Union bosses, under threat of strike, will demand the right to tell what we can make, when we can make it, where we can make it, and how much we must charge you—all with an eye on what labor can take out of the business, rather than on the value that goes into the product.

5. This Threatens All Business

If the Union can do this in the case of General Motors, it can do it to every business in this land of ours.

Is this just imagination? Union spokesmen have said, "The Union has stated time after time that this issue is bigger than just an ordinary wage argument, that it is bigger than the Corporation and bigger than the Union."

For Labor Unions to use the monopolistic power of their vast membership to extend the scope of wage negotiations to include more than wages, hours and working conditions is the first step toward handing the management of business over to the Union bosses.

We therefore reject the idea of a "look at the books" not because we have anything to hide but because the idea itself hides a threat to GM, to all business, and to you, the public.
