DAILY NEWS WAS ESTABLISHED IN 1919.

CISCO—One of the healthiest areas in U.S.A., with a countryside devoted to blooded cattle, hogs, sheep, peanuts, cotton, fruits, feeds, poultry, gas, oil; two railroads; Bankhead highway; huge concrete swimming pool; bass and crappie fishing.

NUMBER 95

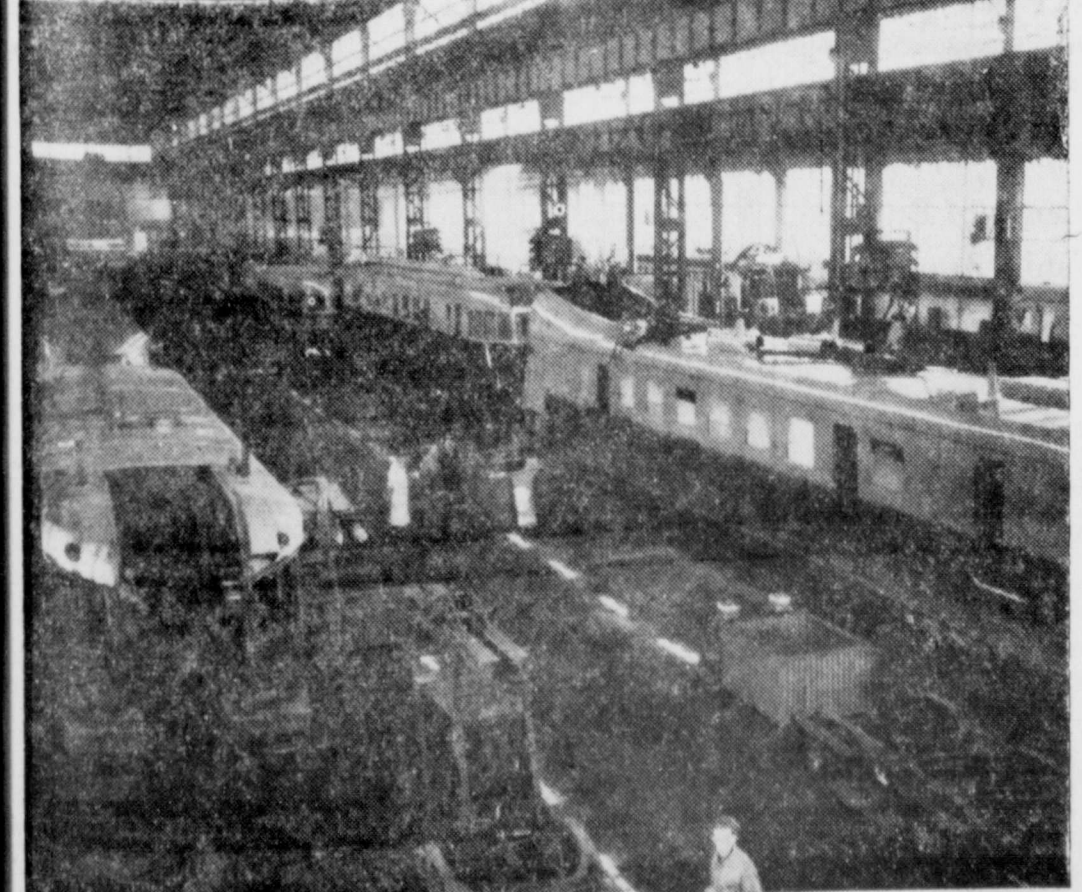

BRAVE IS A POLICEMAN—Johnny McCarthy, Boston Braves' first baseman, joined the police force of Highwood, Ill., his home town, and will uphold the law until spring training camp is opened. Officer McCarthy, right, receives orders from Chief of Police Ted Benvenuti before starting his first day on the force. He was given a patrol car beat.

Cisco Drive For Invitation Banned Clothing Start Monday

A concerted drive is now under way in Cisco for the collection of clothing for overseas war victims and will continue until January 15, says Mrs. A. D. Anderson, publicity chairman. Mrs. H. D. Dierdorf is city chairman and other chairmen include E. O. Anderson, shipping; Mrs. W. J. Fevelli, collection supervisor. The receiving station for bages of clothing is the city fire department. Boxes in which clothing may be placed will be placed at downtown points immediately and also at all school buildings. Dig through your closets, trunks and get together clothes that can give the overseas victims of war courage — things you don't really need. Winter clothes, summer clothes, children's clothes, sweaters, worn coats, blankets with frayed edges and shoes. Get out those rainy shoes, tie them together tightly with string so the mates won't rust. Clothing should be turned in in any, but pressing is unnecessary. Nothing most needed is that of durable, durable type. Location of the downtown boxes will be given in Tuesday's Daily Press.

End of Sugar Rationing By Close of June is Seen

FT. WORTH, Jan. 12.—M. P. Hanna, district OPA rationing executive here, went out of office Saturday with the prediction that sugar rationing soon will follow. He forecast liberalization of sugar allotments in the next three months and entire disappearance of consumer sugar rationing by the end of June. Restrictions on the use of sugar for industrial purposes, he forecast, will continue through 1946. Hanna prophesied that another sugar stamp, good for three months instead of four, will be validated before the present stamp is due to expire on April 30. Unless something happens meantime to affect the sugar supply adversely, he foresaw an end to rationing before the second 1946 stamp has run its predicted three-month course.

RENAULT BEGINS PRODUCTION—Nationalized Renault automobile works, which were privately owned before war, begin production at Billancourt, France. Inside the company's huge plant on the outskirts of Paris, workers are assembling diesel-powered trains.

DEGNAN GIRL KILLER MAY BE NEGRO

By United Press.
CHICAGO, Jan. 12.—A former part-time janitor of the apartment building where kidnaped six-year-old Suzanne Degnan was dissected, tonight became the "liveliest clue" and a high police official said "now we are getting somewhere."
The former janitor, identified by Police Captain John L. Sullivan as Wilbur Phillips, 45, a Negro handyman, was arrested today in Wilmette, a North Shore suburb of Chicago.
He was seized on information supplied by Frank Case, Miami, Fla., who owns the apartment house, less than a block from Suzanne's home.
Police learned he had been doing odd jobs in the neighborhood last week, but had not been seen since the kidnaping last Monday. Suzanne was abducted a few hours after her father, James E. Degnan, 36, an OPA executive, tucked her in bed.
The little girl was buried yesterday.
Investigators still were trying to determine if fingerprints could be found on the note, written on oil wrapping paper and demanding \$20,000 ransom, which was found in Suzanne's bedroom, from which she was taken shortly after midnight.

US. Still Hopes to Balance Budget Next Year

By United Press.
WASHINGTON, Jan. 12.—Administration isn't saying so out loud but hopes to balance budget in 1947. This hope is based on another — that revenues will be higher than actual estimates, due to greater national income.
Meanwhile there'll be more deficit financing this year — total about \$30 billion. No more bond drives, probably, but many offerings the public can buy.
Look for cuts in this year's budget to come almost entirely from Army, Navy and what's left of the war agencies. Interest on the public debt is mounting each year and can't be cut. It was \$4 1/2 billion in last year's budget. Veterans' costs are mounting by the billions each year. Tax refunds can't be cut. Neither can social security charges. Total cost of running the old-line civilian departments is just over a billion dollars — less than a fourth of the bill for interest — and any cuts there would be insignificant.
Army, Navy cuts won't be itemized till next spring, leaving more time for actual decision on size of the peacetime army, possible savings from unified services, possible increased costs from universal training.

US. PHONE SEIZURE IS CERTAINTY

By United Press.
WASHINGTON, Jan. 12.—The National Federation of Telephone Workers threatened tonight to call a formal nation-wide strike of 250,000 operators unless the government succeeds in mediating the walkout of installation workers that has crippled long distance telephone service since Friday morning.
The NFTW called its executive board into session here as government conciliators sought a solution to the current walkout of Association of Communication Equipment Workers.
Indications were that the government would seize telephone exchanges unless a solution is found within a few hours.
Telephone operators in most cases honored ACEW picket lines at exchanges throughout the nation, disrupting manual telephone service.
A union spokesman said the board's final decision on a formal operator's strike would depend on the result of the current telephone negotiations being held under the federal sponsorship. The ACEW is an affiliate of the NFTW.
A strike of telephone operators would overshadow the ACEW walkout numerically. Only 7,400 ACEW members are engaged on strike. They walked out to help enforce wage demands on the Western Electric Company.

GM Wants Assurance Against a Second Squeeze

WASHINGTON, Jan. 12.—In current strikes don't be misled by arbitrary statements — by either management or labor.
Fact, is, both sides are much closer together than statements would indicate.
Tactical maneuvers dictate many recent moves. Factors other than money are uppermost in determining present actions.
For instance, General Motors is close to dealing with United Auto Workers on money questions.
But GM wants assurance it won't face another squeeze once it's in production.
If that guarantee is forthcoming peace in auto industry is not far off.
Congress takes a hand in the labor crisis next week. Developments of next few days may determine how far it goes.
Present outlook is for legislation more sweeping than President Truman recommended, more restrictive to labor. This despite election year.

DE GAULLES ATTEND THEATER—Gen. Charles De Gaulle and his wife enter the theater "Athenae" in Paris to attend a performance of "La Folie de Chaillet" by Giraudoux.

Labor Party Head Is Peeved at U. S. Big Business

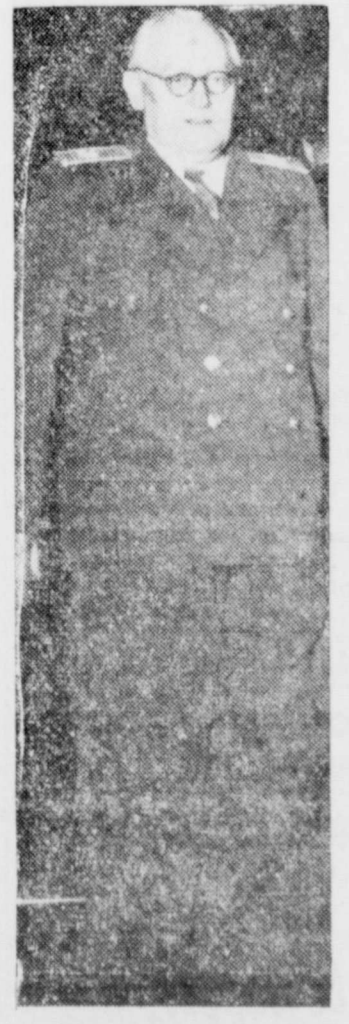

LEWIS, Eng., Jan. 12.—Harold Laski, chairman of the British Labor Party executive council, said Saturday that "the America of big business" was reactionary in international relations.
He urged Britain to cling to "Anglo-Russian solidarity as the key to world peace."
Addressing the Sussex Federation of Labor parties, Laski declared that for Britain "nothing is more urgent than the fullest and closest understanding with Russia." He said this was "perfectly compatible with friendship for America."
But, he added, "it is necessary to say quite clearly that the America of big business is not less reactionary in international relations than it is toward every progressive measure to benefit the workers of the United States."
Laski's highly radical views have been dissociated from policies of Britain's labor government by several officials of that government since the elections last July.
Laski said he hoped Britain would "energetically support all efforts to get rid of (Generalissimo Francisco) Franco's poisonous regime and restore Spain, not to some Vatican-sponsored monarch, but to the common people whom Hitler and Mussolini combined to deprive of their freedom."

Study Proposals to Step Up Football Offensive

CHICAGO, Jan. 12.—The football rules committee of the national high school federation today studied more than a dozen proposals designed to step up the offensive play of prep gridirers.
Among the proposed changes submitted to the committee would permit (1) defensive team to advance recovered fumble, (2) free substitution, (3) artificial tee for kickoffs, and (4) moving the ball in 20 yards from the sidelines.
Delegates, representing more than 33 state associations, re-elected R. E. Rawlins, Pierre, S. D., to a second term as national president of the federation. C. A. Semler, Benton Harbor, Mich., was re-elected to the executive committee, and Floyd Smith, Benton, Ill., was elected to his first term on the committee.
The delegates also unanimously approved a joint major league agreement on prep baseball, thus ending a three-year dispute concerning the eligibility of high school players.

US. Won Vital Test Strength in UNO VOTING

CENTRAL HALL, LONDON, Jan. 12.—The United States won a vital test of strength in the UNO general assembly Saturday when five-sixths of its candidates were elected to the all-important security council.
The vote followed overwhelming defeat of a Soviet motion to postpone the elections.
Elected to membership on the council were Brazil, Egypt, Mexico, the Netherlands and Poland. Canada and Australia faced a re-vote to decide sixth place.
The postponement motion of Andrei Gromyko, deputy chairman of the Russian delegation, was defeated, 34 to 9.

CONNALLY SPOKE OUT.

LONDON, Jan. 12.—Sen. Tom Connally of Texas told a delegation of discontented GI's today that he thought troops in the Pacific had a "bigger gripe" over redeployment than troops here. A delegation of eight who participated in mass demonstrations yesterday visited Connally and Sen. Arthur H. Vandenberg of Michigan, members of the U. S. UNO delegation, at their hotel.

STUDY OIL TREATY.

AUSTIN, Jan. 12.—University of Texas regents today were studying the arguments presented them by persons opposing U. S. Senate ratification of the Anglo-American oil treaty. Speakers against ratification, who hope to stir the university to take action supporting their stand, included Ghent Sandertford, Austin attorney; Paul McDermott, Fort Worth attorney, and Texas Railroad Commissioner Olin Culberson.

END OF SESSION—Here is a general view of the House of Commons, lower house of the 89th Extraordinary Diet of Japan, as it was dissolved last month in Tokyo. Members returned to their home districts to campaign for the coming election, to be held on or about Jan. 24.

STRIKES.

First we had a year of battles, and now apparently we are destined to have a year of strikes. They are not expected to last for a year, but even a quarter-year spent in such costly idleness seems almost as disastrous as if it were civil war — which it is, in a sense.

What such strikes amount to is economic war, which may run its course in various industries for a period of three or four months, during which it will threaten, and occasionally cripple severely, such essential things as steel, meat, radio supplies, automobiles, glass, electrical goods, coal and various other things. All of which has

been foretold — not in the Scriptures, but in the newspapers, by people whose job it is to cultivate a pretty accurate line on such things. One of the worst threats, which may or may not occur, is a big coal strike three or four months from now.

What do we all get for such loss, trouble and inconvenience? Well, mostly just a little thing called Liberty, which on the whole may make up for the trouble it causes, but whose methods, at least, seem silly and illogical.

BRITISH GRIT.

The price of victory for England, says an American newsman, has

been "sheer exhaustion, physical, mental and material."

Britons in the first month of the year have little food, less clothing, few new homes to replace the many bombed dwellings. The undesirable choice between unemployment and inflation threatens. There are inner-empire troubles with India, Egypt, Burma and Palestine. All these difficulties, faced under the common inspiration supplied in war, become more burdensome in peace time. The hope of national equilibrium, including means of financing the big American loan, lies with increased export business plus the Labor Party's nationalization program for coal mining, housing, transport and the like.

But more than all these, hope looms in the British capacity for civic discipline. That spirit that refused to admit defeat when they were actually all but defeated by the Germans will doubtless pull them through what they call the "austerity" of peace. Individuals do some grumbling, but there is no official complaining. These people whose language we speak stir Americans to sentiments varying at times from love to annoyance, but always to admiration for their courage. Nothing, apparently, is too much for British grit.

Clark, Jr., of Amarillo, was revealed at an announcement tea given by Mrs. Springer at Amarillo Country club recently. Two hundred guests called during the afternoon. WHAT CAN YOU SPARE THAT THEY CAN WEAR?

All that's left of their hearts and home is what you see in this picture.

Among the things they desperately need to start a new life is clothing. What can you spare that they can wear?

Goal of the Victory Clothing Collection is 100,000,000 garments, plus shoes and bedding. If your contribution seems negligible, bear this in mind: Every garment you give means one more human being saved from cold or sickness or possibly death. Your spare clothing will be distributed free, without discrimination, to victims of Nazi and Jap oppression in Europe, the Philippines, and the Far East.

Dig into your attics, trunks, and closets today! Dig out all the clothing you can spare... take it to your local collection depot now.

What YOU Can Do!

- 1 Get together all the clothing you can spare.
- 2 Take it to your local collection depot immediately.
- 3 Volunteer some spare time to your local committee.
