Filibuster Held Up Bill to Study Rapido Set-Back

WASHINGTON, Jan. 23.—(U.P.)—The Southern Democratic filibuster against the Fair Employment Practices bill today prevented introduction in the senate of a resolution calling for an investigation of the Rapido river setback in the Italian campaign. Sen. W. Lee O'Daniel of Texas sought unanimous consent of the senate to introduce the resolution, but Sen. Robert A. LaFollette, Prog., Wis., objected. O'Daniel, however, was allowed to read the resolution. It calls for a study "to determine the cause of the heavy casualties" in the Rapido river operation.

By United Press

The government stepped into the worst labor crisis in the nation's history today by announcing plans to take over the strike-bound meat industry, Saturday.

The White House announced that the agriculture department would operate closed packing plants, with the assistance of the war department, if necessary.

The meat strike has accounted for nearly 300,000 of the 1,786,000 American workers idle in strikes and shutdowns.

The AFL Butcher Workmen and Meat Cutters Union called off its part in the strike and announced that it would order its members back to work when the government takes over Saturday.

But Lyle Cooper, research director of the CIO Packinghouse Workers Union, said his organization probably would insist on a wage increase before returning to work under government operation.

In Cleveland, A. F. Whitney, president of the Brotherhood of Railroad Trainmen, announced that 300,000 members of his union and the Brotherhood of Locomotive Engineers would take a strike vote Feb. 1.

Whitney said the strike vote, which would affect workers on all the nation's railroads, was being taken because of long-standing disputes on wages and working conditions.

Discharge Army Fathers By July 1 is Senate Plan

WASHINGTON, Jan. 23.—(U.P.)—A senate subcommittee investigating demobilization today urged the release of all fathers from the army by July 1. It also called for immediate discharge of all soldiers not performing essential duties. Gen. Dwight D. Eisenhower, army chief of staff, told a group of protesting wives yesterday that there are now 700,000 fathers in the army and that 500,000 of them would be released by July 1 under the new demobilization plan.

White Will Draw Plans for Great Masonic Temple

WACO, Jan. 23.—Selection of Robert L. White of Austin, architect for the University of Texas, as architect to draw plans for the new grand temple to be built at Waco by the Masonic Grand Lodge of Texas, was made at the first meeting here yesterday of the building committee.

Architect White is expected to begin immediately preparing plans for the new structure, the estimated cost of which has been placed at \$1,000,000. It will be located on a site four blocks northwest of the present Grand Temple, gift of Waco Masons, consisting of a half block. Efforts are being made by Waco Masons to secure the remainder of the block.

Some of the suggested dimensions of the new temple were discussed by the building committee, members of which seemed to favor an auditorium with a minimum seating capacity of 3,500, or nearly three times the size of the auditorium in the present Grand Temple here.

REGISTRAR UPHOLD.

AUSTIN, Jan. 23.—Rights of the state registrar of vital statistics to stick to the facts was upheld by the attorney general today as Dr. W. A. Davis, state registrar, declined to enter the place of a child's adoption as its birthplace. The opinion held that such a certificate would be contrary to law and might interfere with identification and thus prevent possible inheritance from the natural parents.

280 Girls Enroll for Work in County Four-H Clubs

Eastland county 4-H clubs have begun 1946 with eleven clubs and approximately 280 girls enrolled. Programs for club meetings will be on dairying, clothing and personal grooming.

In clothing work, some of the girls have decided to improve their storage space, make part of their clothes, keep record of their clothing expenditures, keep clothes in repair and learn to select becoming clothing. Secret Ballot at Rump Senate Session Condemned

DALLAS, Jan. 23.—The Texas senate's secret vote on rejection of Harry Benge Crozier's appointment as chairman of the Unemployment Compensation Commission was attacked yesterday by W. H. Kittrell, Jr., secretary of the State Democratic Executive committee.

"It is bad public policy for members of the Texas senate to be able to vote secretly to reject a capable and honest public servant and escape responsibility by remaining anonymous," Kittrell said in a prepared statement.

Public opinion long ago forced the United States senate to abandon secret votes on presidential appointments, Kittrell said, and the state senate should follow suit.

Kittrell deplored the custom of executive sessions which allowed a state senator to vote on an appointee without having the public know how he voted.

The unprecedented solo session of the senate, which approved all governor's appointees except Crozier, was termed a rump session by Kittrell. He added that a number of persons had called him to ask why Crozier, a former Dallas newspaperman, was turned down. "When I told them no senator would reveal the information," he said, "most of them didn't think such a procedure was possible."

"It may be that the rejection of Harry Crozier, which probably will be found to be unconstitutional in the end, will arouse the public sufficiently to bring an end to such procedures."

CHILD MOTHER.

ALBUQUERQUE, N. M., Jan. 23.—A child 12½ years old gave birth to a 6-pound girl at a hospital here Friday, Dr. J. W. Harnett reported today, and both are doing well. The child-mother's name was withheld.

An attractive feature in these broadcasts is the music by the Baptist Hour Choir of Atlanta. The program can be heard in Texas over KGNC, Amarillo, WFAA, Dallas, KPRC, Houston, WOAI, San Antonio, at 7:30 a. m. and over KWBQ, Corpus Christi, 8:30 a. m.

Robt. Carswell Enlists in Army Medical Corps

Robert B. Carswell, son of Mrs. Willie Mae Carswell of Cisco, enlisted in the regular army recently at the Eastland recruiting office.

Carswell was a member of the engineers in the enlisted reserve corps, but he enlisted in the medical corps for service in the European theater, as he plans to study medicine upon completion of his army service. His three year enlistment will allow him four years of college education under the GI Bill of Rights.

Prior to his enlistment, Carswell was a student at John Tarleton Junior College.

Poll Tax Receipts Be Issued in Cisco After Thursday

Poll tax payments continue to indicate an unusually heavy vote in Eastland county elections this year, the total number of paid polls standing at 4,148 when the county tax collector's office closed Tuesday afternoon. Clyde Karkalits, county tax assessor-collector, said this morning

he looked for at least 3,000 more payments before January 31, the last day on which poll payments will permit 1946 voting. With the 2,000 or more men and women in the county who are over 60 years of age and do not need tax receipts or exemption certificates in order to cast ballots, a total possible vote of 9,000 or more is seen.

Beginning Friday, and extending through January 31, Mr. Karkalits will have a representative at city hall to receive poll payments.

Absorption Helps Swell Reds' Pop. to 193,000,000

MOSCOW, Jan. 23.—G. F. Alexandrov, chief of the propaganda section of the Communist party's central committee, announced that the Soviet Union's population now totals 193,000,000. Of this number, he added, 100,000,000 were born after the October revolution in 1917.

The census of Jan. 17, 1939, gave the population of the then eleven Soviet Republics as 170,467,572. Since then Russia has absorbed parts of prewar Poland and Bessarabia, and created five new republics — the Karelo-Finnish Soviet Socialist Republic, the Moldavian Republic and the Soviet Republics of Estonia, Latvia and Lithuania.

RADICALISM.

Undoubtedly Karl Marx, father of Communism, had a noble purpose. He aimed to relieve the world's oppressed people, to correct injustices and get rid of poverty. That would be fine.

There is absolutely nothing wrong with a platform that flatly supports what's right and opposes what's wrong.

The next step is getting everybody to agree on what's right and what's wrong.

Followers of the profound Marx didn't all see eye-to-eye with him after he left first-base. He was obliged to "run out" on the First Internationale and disband it because it was being used by a gang of ruffians, more bent on wrecking what was in sight than on building a new social order according to a noble plan. The leader and his followers were not of the same calibre.

They Misunderstood.

Setting out to make a big reform that required changing motives of a large number of people, Marx recruited many followers without changing their motives. It was ironic. There is a story of a good mayor who campaigned so vigorously to get better railroad service for his city that his political followers went radical, derailed the fast train and robbed the mail car.

The story is probably fictitious but it illustrates aptly how selfish intentions can be mustered under the banner of holy and lofty aims. Already this year news wires have carried a story about leaders in the Communist movement addressing large audiences of working men and "whooping it up" for strikes, more strikes and bigger

strikes; that is, for panic. A Political Disease. It is not that Labor, considered broadly, is destructive in character or shot through with Com-

POLITICAL.

The Cisco Daily Press is authorized to announce the following candidates for the offices under which their names appear, subject to the action of Democratic voters at the primaries to be held Saturday, July 27:

- COUNTY JUDGE: John Hart
- P. L. Crossley (re-election)
- CO. TREASURER: Geo. A. Fox, Jr.
- SHERIFF: W. W. (Sheeny) Eddleman
- John C. Barber
- CO. COMMISSIONER: Precinct Four Arch Bint (re-election)

While the Nation Waits

Labor is taking a prolonged holiday in its strike against General Motors with serious effects upon allied industries. Typical of the paralytical results of the UAW-CIO's walk-out, which the union ordered despite General Motors' offer of increased wages, are these photos showing: (Left above) Hundreds of railroad cars destined for the Buick Motor Division plants in Flint, including some with unprotected cargoes of sheet steel and other perishable materials; (Right above) construction work on a new Chevrolet plant completely halted; (Left below) parts for hundreds of new cars lie in storage rooms; (Right below) the final assembly line at Fisher Body Division's plant in Flint at a standstill after only a few weeks operation since V-J Day.

Communist ideas. It's not true. It is true however that working people are numerous and therefore a powerful segment of American society. People who want to overthrow the only system on earth that gives a working man a chance are very wise to ask the workers' help. They can't do it without them.

Communism has failed exactly as often as it has been tried, and Karl Marx has been dead more than sixty years. This doctrine of "tear down in haste and rebuild at leisure" has been tried on American soil. Time after time each experiment at having everything in common, comes down of its own poison and dies or relapses into a dictatorship. Communism is a political disease.

A Social Epidemic. Russia is called a Communist nation but it is far from it. The government set out in that direction once, broke down property lines, degraded the family to bawdy level, overthrew the church, rejected God and bogged down in abject poverty. Now it is being run by a minority party, made up of some 3 per cent of the citizens, and nobody else can even vote. A sorry situation they have.

Under a dictatorship Russia is doing a little better than it did under Communism but still is nothing to brag about. Russian wages are not more than a third as high as those in America. If the average Russian farmer should visit the average American farmer he would think he was in a king's palace. There is a cure for this plague and next week I'll write about that.
