Ford Motor Co. Broke Auto Strike Deadlock By Granting Wage Hike of 18 Cents

2,470 MI. IN 4 HOURS, 13 SECONDS

By United Press

DETROIT, Jan. 26. — Ford Motor Company and Chrysler Corporation, two of the big three auto makers, led the way today toward settlement of organized labor's wage demands, granting pay increases of 18 and 18 1-2 cents an hour respectively, to a total of 151,000 workers.

Sudden termination of the Ford and Chrysler disputes pointed the way for an end to the 67-day-old strike of 175,000 UAW members against the biggest of the big three — General Motors Corporation.

General Motors officials were unavailable for immediate comment.

G-M President C. E. Wilson was reported aboard a plane enroute from Washington to Detroit.

Ford agreed first to an 18 cent boost, an increase of about 15 per cent for its workers.

Chrysler talks with UAW negotiators, then in progress, were halted abruptly by the news.

Chrysler officers conferred briefly and then went back into session with the union.

Ford's wage increase will affect about 100,000 production workers, and the Chrysler agreement covers 51,000.

HOPE FADES FOR EARLY SETTLEMENT

PITTSBURG, Jan. 26. (U.P.)—Hope for an early settlement of the great steel strike faded tonight after Philip Murray, president of the CIO United Steelworkers, said he had no idea what the next development might be.

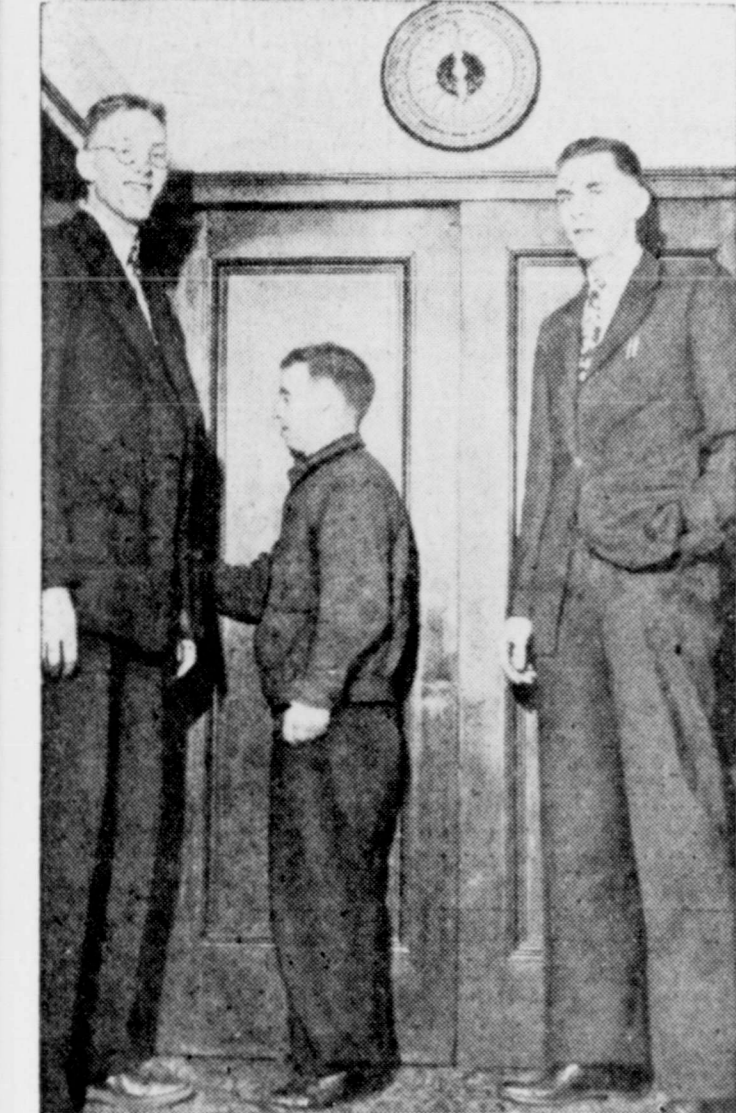

The strike of 750,000 union members approached its seventh day as Washington observers expected new government pressure on the steel industry to accept President Truman's wage formula of an 18 1/2 cents an hour increase.

Murray is preparing to leave for Washington Sunday night, where he will testify Tuesday before the senate education and labor committee.

At a news conference today, the union leader said: "I have no plans to see the president."

At his news conference, Murray said he did not know what the next move in the strike would be.

"I made my move, I accepted the decision of the highest authority, my obligations have been fulfilled," Murray said.

First Methodists Thos. L. Jones Repairing, Remodeling Church Has Been Promoted to First Lieut.

OKINAWA. — Thomas L. Jones, son of Mrs. W. L. Jones, 604 G avenue, Cisco, Tex., has been promoted to first lieutenant it was announced by Headquarters 316th Bombardment Wing VH, located at this advanced base.

Lt. Jones is a bombardier with a bombardment group in this wing, which is the B-29 (super fortress) unit of the famed Eighth air force. He is a graduate of Cisco high school and Texas A&M College.

The lieutenant, who is married to the former Lareene Feemaster, was inspector for the Hughes Tool Co. in civilian life.

Considerable improvements are now being made at the First Methodist church, where for the past two weeks workmen have been remodeling, repairing and repainting. The result is realized in more space and in more convenient access to and use of the space that exists.

The basement has been worked over to utilize "dead" room. Larger quarters for the men's Bible class and church social functions have resulted, while at the same time room is provided for three or more of the primary group classes.

By removing antiquated heating equipment, it is possible to cut a corridor through the basement center which gives access to all parts of the basement without interfering with activity in any room.

The same sort of improvement has been made in the third floor arrangement, where additional class room has been provided and a passage constructed in such manner that any room may be reached without interfering with work or meetings in others or going through the balcony of the worship auditorium.

The work is being done under the supervision of Rev. Allen A. Peacock, the pastor.

Texas Prison camp Murder Rivals Any Nazi Brutality

BASTROP, Tex., Jan. 26. — An Army court martial at Camp Swift today continued its inquiry into a death at the prisoner of war camp at Hearne, Tex., which prosecuting officers call one of the "Holy Ghost slayings" that swept prison camps.

Seven prisoners charged with beating to death a fellow prisoner, Hugo Krauss in December, 1943, faced the military court. All pleaded innocent.

Krauss, according to statements to the court, met his fate because he was believed to have given information about a radio set the prisoners had acquired and over which they were receiving news bulletins.

A blanket was thrown over his head to prevent identification of assailants and he was beaten with an iron pipe and a piece of lumber with protruding nails.

URBANA, Ill., Jan. 26. — A three-judge circuit court Saturday refused to ban nonsectarian classes in religious education from the public schools of adjacent Champaign.

CIO Meat Workers Will Return to Jobs Monday

CHICAGO, Jan. 26. (U.P.)—The CIO Packinghouse Workers' Union today ordered its approximately 200,000 striking members to go back to their jobs in meat packing plants Monday.

The CIO union will thus join with 65,000 to 70,000 AFL meat cutters in obeying the government's order seizing the 133 strikebound packing plants.

AFL and CIO May Eventually Merge With Lewis Tops

WASHINGTON, Jan. 26. — John L. Lewis has made the first move toward unifying the American labor movement in reaffiliating his United Mine Workers with the American Federation of Labor, it was believed here today.

When Lewis left the AFL several years ago to found the Congress of Industrial Organizations he took several unions and factions with him. The AFL is counting on him now to attract many of these back into the fold.

The question of a merger of the CIO and AFL has been brought up several times but CIO President Philip Murray always has refused to return his organization on the AFL's terms.

Strikes by the big CIO unions in the steel, meat, auto and electrical industries, however, may lead to a fresh AFL effort to take over the smaller but more militant CIO by capitalizing on any dissension that may develop.

The reaffiliation of the UMW maintained the AFL's membership at nearly 7,000,000. The UMW claims only 1,000,000 members fewer than the International Association of Machinists which it replaces.

Oklahoma farmers Warn Labor and Management, Both

CHICKASHA, Okla., Jan. 2. (U.P.)—Four hundred Oklahoma farmers, assembled in a mass meeting to discuss the nation's labor troubles, called on America's agricultural workers today to join them in withholding their products from market until "labor and management are hungry enough to go back to work."

US. Haste to Demobilize Shows We Not Warminded

WASHINGTON, Jan. 26. — Fleet Adm. Chester W. Nimitz said today that the United States in its haste to demobilize is "tearing to pieces a tower of strength that was built by near superhuman effort."

That alone, he added, should be proof that this country has no hostile plans against any other nation.

"I am in full sympathy with the desire of our sailors to return to those civilian pursuits which seemed so pleasant in the weary months at sea," the chief of naval operations told the women's patriotic conference on national defense.

"The point I stress, however, is that no war-minded nation would ever follow this course. It is real assurance to the world that a sound peace-time program to keep our strength at an adequate level holds in it no vestige of threat to any other nation."

Nimitz pointed out that it was the U. S. that was the barrier to victory by the forces of might both in World War I and World War II.

"But, if ever there is a next time," he said, "the United States will be first on the list for attack."

1,200 British Air Men Near Calcutta on Go Home Strike

CALCUTTA, Jan. 26. — Twelve hundred noncommissioned RAF personnel struck Saturday at Lumbadum, 12 miles from Calcutta, in the fifth "we-want-to-go-home" demonstration by British airmen this week.

A similar work stoppage entered its third day at the Katunayake airport of Colombo, Ceylon, in defiance of an RAF headquarters announcement that such demonstrations "would not be tolerated in any circumstances."

Strikes May Not Last as Long as at First Feared

WASHINGTON, Jan. 26. — Look for strikes to be settled eventually at figures close to those fixed by fact-finding boards.

Unions think public opinion will decide issue; will make itself felt forcibly when steel strike forces widespread industrial shutdowns. Some high government officials agree.

Also, threat of tax law changes may prove a factor. House Ways and Means committee has asked Treasury for its views on Rep. Eberharter's bill to deny "carry-back" tax refunds to strikebound companies.

Rep. Eberharter says committee intended "carry-back" to apply only to reconversion losses; never imagined it would be used to insure companies against financial loss in strikes.

CIO will urge Secretary Vinson to back abolition of the "carry-back." It claims U. S. Steel, after rejection Truman compromise, can tap Treasury for \$149 million in tax refunds. General Motors, after rejecting fact-finding board's recommendation, can get back 83 1/2 cents on every dollar of lost revenue, some critics say. Senator Kilgore (Democrat, W. Virginia) and Morse (Republican, Oregon) are working for repeal.

Top auto industry union leaders are sold on idea of tying wages to productivity as provided in the UAW agreement with Kaiser-Frazer giving workers bonus of \$5 a car. On estimated 300,000-car

production that would provide \$1.5 million kitty to be divided among workers at year's end.

They believe this kind of spur to production is one way to an expanding economy necessary if we are to utilize huge productive capacity of war plants.

Despite UAW peace with company's first showing of car models in New York, industrywise people see plenty of difficulties ahead for the new venture. For instance: Need to build nationwide servicing system, to provide repairs and parts such as older companies have been building for 30 years.

Sixteen Hereford Bulls Averaged \$1,094, Amarillo

AMARILLO, Jan. 26. (U.P.)—The Herefords were out of the Herring Hotel today.

Six Hereford bulls and cows were quartered temporarily in the Herring lobby—they even left their hoofprints on the register — to build interest in the first Anxiety Hereford Breeders' Assn. sale which say 46 animals sell for \$49,700 yesterday.

Sixteen bulls averaged \$1,094 each, while 30 cows averaged \$1,073.

Top price paid for a cow was \$5,200 for Dulcie Mischief 393rd by H. C. Winfrey of Dewitt, Mo. Top bull was Domestic Lamplighter 48th, bought for \$3,000 by J. S. Cresswell of Graham, Tex.

IN OUR DAY.

(Dallas News)
Old Sewell Avery of Montgomery Ward & Company, who had to be thrown out of his office by the United States Army to make effectual President Roosevelt's seizure of the company's plant in Chicago, is an unsung hero of World War II.

One man, that is to say, withstood a high-handed, illegal and unjustified act of the most powerful government in the world. The President and his Soldiers took the plant, but when the Voice of Justice finally had its say, the courts declared that there was no shadow of legal authority for the seizure.

Mr. Roosevelt wanted to force Mr. Avery to hire only CIO union men. Mr. Avery proposed to hire union and nonunion alike.

In particular, he did not want to fire anybody because that somebody refused to join CIO.

The government then argued: Montgomery Ward & Company sells tools to farmers, farmers grow food, food feeds soldiers, soldiers fight the war, President Roosevelt is running the war, therefore President Roosevelt can seize Montgomery Ward & Company.

The courts said no to that. Congress said no to it. The American people said no to it.

It was too much like what we were fighting against in Germany. And now Mr. Truman seizes the packing houses. The chain of reasoning is this: The strike stops the packing houses, packing houses process food, food feeds the soldiers, soldiers used to fight the war, Mr. Truman's predecessor used to run the war, therefore Mr. Truman can seize the packing houses, just like Mr. Roosevelt seized Montgomery Ward & Company.

Suppose somebody said: The union causes the strike, the strike stops the packing houses, packing houses process food, food feeds the soldiers, soldiers used to fight the war, Mr. Truman's predecessor used to run the war, therefore Mr. Truman can seize the unions.

Nobody is going to recommend that, of course. But sometimes it is hard to tell whether this country is run for the benefit of all the people who eat meat, or for the benefit of all the people who eat meat and belong to CIO.

In law and logic, there is no basis for seizing anybody or anything. We need law and logic in this country worse than we need meat.

The Sunbeams that had part on the program were: Jimmie Jean Hensley, Dorothy Jean Anderson, Ramona James, Wendell Robertson and Mr. John Smith, councilor. Members of the Y. W. A. that assisted with the program were Sylvia Renfro, Helen Stokes, Lucille Flaherty, Willie Frank Walker, Blanch Matthews and Fern Warren. After the program a special offering was taken.

"GOD SPEAKING"

God spoke to man in olden times in many different ways, but today He speaks through His Son, (Heb. 1:1). God committed His will to the Son to be revealed by Him. (Jno. 12:49). God does not speak to man off in a secret place. (Isa. 45:19). To claim direct messages from God would reject His Son through whom He chooses to speak. "Hear ye Him," said the Father. (Matt. 17:5). Those who refuse to hear Christ shall be destroyed. (Acts 3:22-23). But Christ does not speak directly to man, but speaks through "Them that heard Him" (Heb. 2:3). These were the Apostles. Christ gave them the message God gave Him. (John 17:8). He promised them that when He was gone He would send the Holy Spirit to "guide you into all truth" and to "bring all things to your remembrance, whatsoever I have said unto you" (John 16:13; 14:26). This promise was fulfilled on Pentecost of Acts Two. The Apostles then spake "as the Spirit gave them utterance" (Acts 2:1-4). The early church "continued in the Apostles' teaching . . ." (Acts 2:42). Christ had promised His Apostles that the things they bound on men would be recognized in Heaven as binding. (Mt. 18:18). Then God speaks through Christ, Christ through the Apostles, but how do they speak to us? Paul makes it clear in Eph. 3:3-4. He said he received the message by "revelation," and that he "wrote" it, and when we READ it we can understand. The things he WROTE are the commandments of Christ (1 Cor. 14:37). The scriptures were written by inspired men, and furnished us in "every good work" (2 Tim. 3:16-17). This is the ONLY channel through which God speaks today! We are to live by "every word of God" (Matt. 4:4). But are forbidden to add to or take from it. (Rev. 22:18-19). Since God speaks through the word, "Seek ye out of the book of the Lord and READ." (Isa. 34:16).
