though this will be his first per-sonal campaign. Miles carried a Cisco clays, is announced by the Cisco chamber of com-

R. J. Swann of Dallas will be manager of the new company. He will move to Cisco to make his home. Mr. Gallagher and other officials of the company will go east within the next two weeks to purchase the machinery for the plant and it is expected to have it in operation by late spring. Already the new concern has been approached with the offer of a contract for the purchase of the first 100 carloads of tile it will manufacture.

Tests of the Gallagher clay in existing plants have produced a

The Cisco company is capiitalized for \$40,000 and plans are to build a plant second to none in its ability to produce high class building tile and brick. The company does not intend to confine itself to brick and tile, however, but contemplates entering other fields of ceramic manufacture as soon as practicable.

In addition to the brick and tile manufacture, Mr. Gallagher and C. C. and R. H. Cutting have also organized a small art pottery company which will devote itself to production of household decorative wares from clay. This company is independent of the other. Its plant is now being installed.

The quality of Cisco clay for Henry Curtis ceramic products is said by experts E. R. Damron The War Department announced who have examined it, including C. A. Roop .

being shipped out, principally by
