### Breck Kegmen lost Pearl Harbor Testimony Puts Navy in the Spotlight

Five devotees of the art of bowling were here from Breckenridge last night and met a like number of Ciscoans on the local alleys. Breckenridge caught the bowling fever from Cisco and recently installed modern alleys in the county seat of Stephens.

At a recent session with Ciscoans at Breckenridge, the latter team walloped the Cisco players in a big way, but last night the tables were turned when Cisco acquired 2,602 pins while the visitors were accumulating 2,342, a difference of 260 pins.

The two high scores were made by F. Urban of Cisco with a total of 583, and Garland Crowley of Breckenridge, 581. Chas. J. Kleiner and I. J. Henson of Cisco secured 549 and 505, respectively. G. W. McCullough lacked one pin of reaching the 500 mark.

**COLORS BY WIRELESS.**  
SYDNEY, Australia, Feb. 1. — Amalgamated Wireless, Ltd., announced today that for the first time a colored picture had been sent by beam wireless from England to Australia. The picture was of a fashion show, and the colors transmitted were red, yellow, blue and black.

**STUDENTS COMB AUSTIN.**  
AUSTIN, Feb. 1. — An army of 1,500 University of Texas students were infiltrating the city today in a combing search for every available room which will serve as living quarters for service veterans eager to attend the university.

### Pearl Harbor Testimony Puts Navy in the Spotlight

WASHINGTON, Feb. 1. (AP)—Pearl Harbor probes heard today that the navy department ordered communications officers to keep their mouths shut and destroy any notes they had regarding events of the Pearl Harbor weekend.

Navy Capt. L. F. Safford, 1941 chief of the communications security section, said the order was given him by his superiors "in the name of the chief of naval operations."

### Skeleton of Marine Lizard Revives Old Tales

POLLOCK, S. D., Feb. 1. (AP)—The recent discovery of the remains of a giant 28-foot marine lizard buried in the shale formation along the Elm River near Frederick, So. Dak., has revived the story of the "Sea Serpent of Lake Campbell."

Although Prof. James D. Bump, director of the Museum at the State School of Mines at Rapid City, says the species became extinct more than 130 million years ago, there are some people in Campbell county who believe one may be still alive and kicking in near-by marshes.

They recall the strange story of a farmer about 12 years ago who told him with his tractor to avoid running down a giant four-legged serpentine monster which slithered across the road.

A skeptical townspeople became suddenly mute when they were taken to the scene and tracked the creature across a muddy field where it had wormed its way into the deep waters of Lake Campbell.

Periodic reports of seeing its tracks and the reported loss of many young pigs and lambs strengthened the story.

In recent years it was all but forgotten — until the recent find about 50 miles east.

Technically known as a mosasaur, the lizard skeleton was found by Frederick high school youth — Don Neff — who did some sleuthing after he discovered the reptile's teeth among some pebbles he had scooped up from the waters of the stream.

Professor Bump, who was authorized by Brown county authorities to excavate and take possession of the find, is now supervising the delicate job of mounting it for public exhibition at the School of Mines.

He estimates the skeleton has lain in its crypt for several million years and says it is one of the rarest specimens of its kind ever uncovered in the northwest.

Meanwhile, the eyes of Campbell county residents are scanning Lake Campbell for a glimpse of the real McCoy.

They are curious to determine whether the creature believed seen a dozen years ago is a fragment of the imagination or the lone survivor of a prehistoric age.

### STRIKE IDLE TOT. GROWING FAST

LONDON, Feb. 1. — Foreign Secretary Ernest Bevin bluntly rejected the Russian demand today for the summary withdrawal of British troops from Greece, countering with a charge that Moscow propaganda and Communist attacks on British constituted the "greatest danger to the world."

Trygvi Lie, Norwegian foreign minister, was elected secretary-general of the UNO by a vote of 64 to 3 after the stormy session of the Security Council, at which Bevin and Soviet Delegate Andrei Vishinsky hurled bitter charges at each other.

The council adjourned until Monday without taking action on the Soviet charge that the presence of British troops in Greece threatened world peace. It heard Bevin, Vishinsky and Thanassis Aghnides of Greece.

Vishinsky accused Greece of plotting war against Albania and Bulgaria, and said Russia had presented the Greek situation to the big powers three times before the representations to the UNO, and demanded the "speedy and unconditional withdrawal" of British troops.

In rebuttal, Bevin rejected in advance any possibility of a Security Council compromise verdict on the Greek situation, demanding a forthright yes or no answer to whether it endangered world peace.

Aghnides followed Bevin and told the Council that the British forces were sent in by invitation of the Greek government, and their continued presence was indispensable to the maintenance of law and order.

### Legion Says Vet Administration Has Broken Down

WASHINGTON, Feb. 1. — The American Legion called on congress today for an immediate investigation of a "tragic breakdown" in the Veterans Administration under Gen. Omar N. Bradley, who took over as chief less than six months ago.

John Steele, the Legion's national commander, made the "demand" for action in letters to all members of Congress and said the lawmakers should see that their "mandates are no longer ignored by the Veterans Administration."

VA officials reserved comment on the letter, but Steele's aids said its release was preceded by an acrimonious telephone battle between Steele and Bradley over major VA policies.

**HAVE BIG DREAMS.**  
LONDON, Feb. 1. — Robert Magidoff, NEC commentator, said over the Moscow radio today that Russian scientists were "dreaming" of a Bering Straits tunnel to connect the Soviet mainland with Alaska. The broadcast, recorded by the Soviet monitor, said the Soviet scientists hope it "will become a reality in the not too distant future." He said the Russians envision "chains of motor cars streaming back and forth."

**HOUSTON STOCK SHOW.**  
HOUSTON, Feb. 1. — President J. W. Sartwell predicted this morning that the 14th annual Fat Stock Show, opening here this afternoon, would be the biggest and best ever held in Houston. More than 6,000 cattle, sheep and hogs and 1,800 poultry have been entered in this year's show. In addition to the show there will be a rodeo and horse show.

The National Safety Council estimated the nation's traffic toll for 1945 at 29,000 dead and more than 1,000,000 injured, an increase of almost 20 per cent over 1944.

### Senate Solo Bucaneers Are Mum as to Intentions

AUSTIN, Feb. 1. — Senator Weaver Moore of Houston, sponsor of the senate solo session condemned as invalid by Attorney General Grover Sellers, was here yesterday but refused to discuss the purpose of his visit or what plans he has, if any, to test the validity of the session and the legal soundness of Sellers' opinion.

Moore did not call on Sellers or Comptroller George H. Sheppard or make any requests to them for information or for action of any kind, affirmative or restraining, to continue the veil of secrecy as to the route of the test, if it is to be made.

There was vague talk that a writ might be sought, presumably in the Supreme Court, to prevent Sheppard from issuing the January pay warrant to Harry Benge Crozier, refused confirmation to continue as chairman of Texas Unemployment Compensation Commission. If it is proper procedure it would be a direct and expeditious method of prosecuting a test. If injunctive relief is sought it would have to go through three courts, district, appellate and supreme.

**THERE'S ROOM IN TEXAS.**  
CLEVELAND, O., Feb. 1. — The heaviest pupil enrollment ever recorded has Greater Cleveland schools bursting at the seams. Makeshift adjustments have made it necessary for children to study in sunless basement rooms, cafeterias, cloak and storage rooms in some of the suburban schools.

**TEXAN TO LIBERIA.**  
WASHINGTON, Feb. 1. (AP)—President Truman today nominated Raphael O'Hara Lanier of Texas as to be the new American minister to Liberia.

### Sam Wants to Buy a Half Million Lbs. Dried Eggs

AUSTIN, Feb. 1. — Eight and a half million pounds of dried eggs will be purchased by the United States department of agriculture to meet export commitments for February and March.

C. M. Evans, southwest area dairy and poultry executive, who announced the figure, said purchases would be made only from driers who certify they have paid producers support prices or more for shell eggs. In midwestern states that is 27c a dozen.

Advance announcement of prices for the dried product are \$1 a pound at delivery point in fourteen-pound containers and 99c in barrels.

### Compromise Bill Seeks to Sidetrack Case Plan

WASHINGTON, Feb. 1. (AP)—A Liberal Democrat — Rep. Jerry Voorhis, D., Calif. — today proposed a new compromise bill to a House apparently determined to enact legislation to prevent strikes in the reconversion period.

The compromise was a new version of fact-finding legislation proposed by President Truman.

The first Wyoming territorial conventions of the Republican and Democratic parties were held in August, 1869.

Almost 300 conventions were scheduled in advance for Chicago for the first nine months of 1946.

**A RABBIT THAT LOOKS LIKE UNICORN**—This little bunny held by his owner Mrs. Mary Souza, of Long Beach Calif., was born with only one ear. Where the other ear should be is a slight dent. According to Mrs. Souza he is more normal than his brothers and sisters at one month.

### Phone Strike Is Big Cities Losing Favored Unless Their Hold on Today's Young Men

WACO, Feb. 1. — The board of the Southwestern Telephone Workers' Union announced last night its decision to recommend a strike vote by the union unless a wage settlement is made with Southwestern Bell Telephone company officials before Feb. 18.

The recommendation will be made to the meeting of the National Federation of Telephone Workers scheduled for that date in Memphis, Tenn., the board said.

### No Clue to Teacher Missing Since Wednesday Night

LOUISVILLE, Ky., Feb. 1. — Police Chief A. E. Kimberling today said all efforts to locate Mrs. Ruth W. Stuckert, 36-year-old University of Louisville French teacher reported missing since Wednesday night, have failed.

An abandoned automobile and driver's license identified by Kimberling as Mrs. Stuckert's was found on the Ohio river municipal bridge Wednesday night, only a few hours after she was granted a divorce from Albert Stuckert, owner and operator of the Stuckert Equipment Company of Louisville.

CHICAGO, Feb. 1. (AP) — The average GI enlistee in the postwar Army is 21 years old, a high-school graduate and wants to be assigned to the European theater, according to an Army survey.

He's single, five feet eight and one-half inches tall, weighs 150 pounds and appears to be a good prospect for a happy marriage, the Army said.

But—he says, at least for the present, that he would rather travel, seek adventure and get more education. He's usually a city fellow, as only 33 per cent of the enlistees in the peacetime Army are from the rural areas, and he likes to get around.

The survey showed that 33 per cent of the postwar enlistees have had previous military service. Sixty-six per cent of those polled said they would like to make the Army their career.

### JOINS HIS COMRADES.

LUFKIN, Feb. 1. — J. W. Shaw, 99, Civil War veteran who knew Gen. Robert E. Lee, died here at the residence of his daughter, Mrs. J. L. Grimes. Born in Mississippi Jan. 1, 1847, Shaw lived through four wars. He had resided in Tyler and Angelina counties seventy-two years. He was the last living member of Captain Smith's company in the 42d Mississippi regiment.

**THOSE IMITATIVE JAPS**—Government Railway Workers from seven districts in Japan hold a mass demonstration in front of the railway station in Tokyo as they demand an increase in salaries. The workers paraded through the streets and also held a demonstration in front of the Railway Building. (Photo by Acme staff photographer Tom Shafer).

**RADAR TO CONTROL PLANES**—Huge pilotless air freighters, like the one pictured above, will soon be used to ship cargo to and from busy industrial centers in this country and abroad. Crewless cargo ships will be completely controlled from ground by radar. Beam signals, sent up by ground transmitters, will guide planes. (Mechanix Illustrated Photo from Acme).

## WRITE YOUR REPRESENTATIVE.

The following article from "Outdoor Life" was handed to the Daily Press by A. L. Osborn, local photographer and hunter, and will be of interest to all hunters or others who own firearms:

"On December 12, when our national legislators were winding up their business in Washington so they could get home for the holidays, a typical gunhater's sneak bill was slipped into the United States Senate. The man who did it is a statesman not hitherto heard of in the plot to disarm us. He is the Hon. Albert W. Hawkes, U. S. Senator from New Jersey, and we've got to admit that for a newcomer the Hon. Albert did a thorough job.

"Not content with pecking at handguns, the stand-by of the anti-firearms boys, the Hon. Albert includes your rifles and shotguns in his bill, which is known as S. 1678 and is a honey!

"This is what the Hon. Albert wants done: Every firearm in the United States — rifle, shotgun, pistol, or what not — manufactured after 1899 and of greater than "25-caliber bore" is to be registered by its owner with the Federal Bureau of Investigation. Any person who fails to comply is liable to a \$2,000 fine, or imprisonment for one year, or both.

"Those who know anything about firearms might say that it's the nice of the Hon. Albert to exempt the little boys' .22's and the cute .25 automatics so favored by stick-up men in the cities and by ladies seeking to discipline errant husbands; but at all events "25-caliber bore" is what the bill says, and that means your deer rifle, your shotgun, and any handgun bigger than your .22 plinker or watch-charm automatic.

"As far as we can determine,

there are more than 35,000,000 sporting rifles and shotguns in this country that fall within the "25-caliber bore" specification of the Hon. Albert's bill. There are also at least 5,000,000 handguns, and heaven only knows how many non-descript arms reposing in attics and souvenir weapons brought here from the battle-fields by returning service men.

"We have tremendous respect for the F.B.I. and its ability to accomplish seeming miracles, but it might be apropos to call to the attention of its able director, J. Edgar Hoover, and of the Hon. Albert, who's trying to wish the job on him, that the task of registering 40,000,000 to 50,000,000 guns would probably require almost as many men as served in our Army in the recent war.

"In brief, like all earlier efforts of the anti-firearms crackpots, the Hon. Albert's bill is just plain silly. That, though, is no reason why the sportsmen of America should stand by idly and let it pass. And pass it might. The Congress is busy now, and will be for a long time to come, considering useful legislation concerned with the postwar welfare of the nation. Such a bill as S. 1678 might well become a law while our senators and representatives are looking the other way."

"And, as Outdoor Life has pointed out repeatedly, once a national firearms-registration law is on the statute books the next logical step is confiscation of your guns — the dream of the crackpots.

"So sit down immediately and write to your senator and your representative, calling their attention to this bill and asking them to do everything in their power to prevent its passage."

Aid given to blind persons by the State of Illinois approximates \$180,000 per month.

TRAINING UNION IN HARRELSON HOME.

Junior group of East Cisco Baptist Training Union met for business and social meeting Wednesday evening in the H. H. Harrelson home, with Melba Ray Harrelson as hostess. Mrs. O. A. Nance, sponsor, called the meeting to order with prayer by a visitor, Mrs. Shobal Houston. The evening devotional was given by Anna Beth Andrews and minutes were read by the sponsor in absence of the secretary. New officers were elected and other business affairs were trans-

acted. The meeting closed with prayer by LoAnna Holder. During the social hour a number of peppy games were played by the group and at the close refreshments of pecan cake and hot chocolate were passed by Mrs. Harrelson.

Those present were Doris Ann Lindsay, LoAnna Holder, Jessie Alice Warren, Betty Lou Hughes, Anna Beth Andrews, Weldon Bosworth, Milton Houston, Robert Dale Whisenant, Melba Ray and Lavonne Harrelson, Mrs. O. A. Nance, Mrs. Shobal Houston and Mrs. Harrelson.

AUXILIARY OBSERVED WEEK OF PRAYER.

Members of the First Presbyterian church met in the church dining room Tuesday evening for a covered dish supper, with approximately 50 people present.

Following the meal a program on Africa was given as follows: Devotional, Mrs. Leith Morris; "A Story of Africa," Emmalee Donohoe of Intermediate group; "What I Know About Africa," told by primary and junior children, sponsored by Mrs. B. S. Huey, leader.

Mrs. W. W. Wallace, auxiliary president, then presented Mrs. Sutton Crofts who gave a splendid summary of the final chapters of the mission study book, "Christ Over Africa." At the close of the review Dash and Dot Crofts entertained with a piano solo, song and reading. A free will offering was taken for Foreign missions at the close of the program.

The Week of Prayer was observed Wednesday with Mrs. J. J. Tableman as leader; on Thursday Mrs. F. D. Pierce was leader and the final meeting of the week was held today with Mrs. A. E. Jamison in charge.

WOODMEN CIRCLE MET TODAY AT WOW HALL.

Woodmen circle met this afternoon at WOW hall, with Mrs. J. P. McCannies, guardian, in charge. The meeting opened in regular form with newly elected officers at their stations. Minutes of previous meeting were read by Mrs. L. E. Mayhev, secretary. Monthly dues were paid and routine business transacted. Plans were made for a shower to be given for a member soon.

For convenience of prospective Eastland county candidates, the Cisco Daily Press has arranged a political announcement price schedule. Announcements will appear in each issue of the Daily Press until election day and through the run-off period when necessary.

If possible, candidates should hand in their personal signed statements when placing announcements and not make them too lengthy. Cash should accompany the advertisement.

## Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your druggist and ask for four ounces of liquid Barcenate (formerly called Barcel Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonful twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloat disappears—how much better you feel. More alive, youthful appearing and active.

## How To Relieve Bronchitis

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, or you are to have your money back.

### A Vital Message To Men Who Feel Old

Why not regain the vim and vitality you once enjoyed?

If life apparently has lost its zest, you again may be able to enjoy life as you did in your youth. If added years have slowed down your vim, vitality and youthful pleasures, here is a simple method that may change your whole outlook on life. Just ask your druggist for CASELLA stimulating tablets. Take as directed on label. Don't feel old and worn out at 40, 50 or more. Take these tablets regularly until you feel that you have regained the pleasure of living you once enjoyed. Why be discouraged? Why not try CASELLA tablets and regain the verve and zest of a much younger man? There's nothing harmful in these tablets. They contain Celery seed, Thiamin Chloride, Passion Flower, Iron. Ask your doctor or druggist about this formula.

## KEEPING OUR AMERICA GREEN

Keeping America green is an industrial and civic objective that is sweeping through the forest states of the nation. Thirteen states are now enlisted in a "keep green" movement, designed to keep fire out of the woods and off the ranges. Ten of these states joined the program during 1945 and eight more are expected to initiate similar plans early in 1946.

Starting in Washington state a few years ago under the slogan "Keep Washington Green", the program is based upon recognition that fire is forest enemy No. 1 and that the

chief cause of forest fires is man's carelessness. A quarter of them are started by careless cigarette smokers alone. Today, Oregon, Montana, Minnesota, Virginia, North Carolina, Mississippi, Maine, New Hampshire, Vermont, Massachusetts, Connecticut and Rhode Island have similar programs in effect, enlisting the joint efforts of state forestry departments, industry, farmers, labor, women's clubs and other civic groups who understand the fact that efforts of owners of forest lands to produce trees for future supplies can be nullified by fire.
