CELERY BY THE CARLOAD—Florida harvests its biggest winter celery crop on record. More than 11,000 carloads, valued at \$16,000,000, are being rushed to northern markets. Some even will be flown to England. This picture comes from Sanford center of the celery growing country.

U.S. Rejects Military Pact With Britain; to use Power in Support UNO principles

Cisco Homes, Inc. Will Start First House on Monday

Dirt-breaking ceremonies for the first house to be built by Cisco Homes, Inc., will be held at 4 o'clock Monday afternoon at the lots on west Twelfth street, one block east of the grammar school building, it was announced by Cisco chamber of commerce.

Bandmaster Fred Baumgardner will be asked to furnish a few numbers by the Lobo band and all stockholders of Homes, Inc., are expected to be present. All citizens, of course, have a special invitation to be on hand for the occasion.

The first dirt will be shoveled out by H. H. Tompkins, president of the home-building organization, after which each director of the company will remove a spadeful of soil. Workmen will start digging the foundation Tuesday morning.

The first house to be erected by Homes, Inc., will be of five rooms, of modern design and will have all the conveniences, it was stated. Five carloads of tile and other material have been bought and only good fir lumber will go into the building.

21 Cents Hike Per Barrel for Crude Oil Likely Soon

WASHINGTON, Mar. 16.—The OPA plans to increase price ceilings on crude and refined oil next week to offset a critical fuel oil shortage, it was learned today.

The increase was recommended by Secretary of Navy James Forrestal after industry representatives told him government oil needs could not be met under present ceilings. The recommendation was approved by the petroleum administration.

At the same time, Assistant Secretary of Navy John L. Sullivan said that unless oil production is stepped up within 30 days, some fleet operations will have to be curtailed.

The War Shipping Administration also emphasized the seriousness of the situation by saying that number of relief shipments had been held up because of the oil shortage and that others would be delayed unless "positive corrective steps" were taken.

Government and industry concentrated on gasoline production which yields good profits. It was claimed refiners can not "break even" on fuel oil at current prices.

2. Army, Navy and WSA requirements since V-J Day have exceeded all forecasts. This is attributed mainly to the speed-up in demobilization and UNRRA shipments. Fuel oil consumption now equals or surpasses that of wartime.

3. Crude oil production has declined more than 300,000 barrels daily. OPA officials would not say how much the price would be raised but there were reports it would range from 21 cents a barrel east of the Rocky Mountains to 10 cents on the West Coast.

Actress Taunted; Bomb Thrown Into Argentine Theater

BUENOS AIRES, Mar. 16.—Two women were injured when a bomb was thrown into the hall of the Smart Theater Friday night at the conclusion of a performance marked by a gallery occupant's attack on actress Luisa Vehil.

When Miss Vehil first appeared on the stage in her starring role in "Fascination" a man in the gallery shouted: "This woman is a Jew and a Communist unworthy of acting in the Argentine theater."

Two tarbombs were thrown to the stage, staining the actress' dress. Police immediately arrested the man and another man who accompanied him.

Miss Vehil, who recently took a prominent part in demonstrations supporting the Democratic Union, interrupted the play to declare:

"I am not a Communist nor a Jew. I am a Catholic and was born in Uruguay, where I learned to love liberty."

The play proceeded without further interruption but as the audience emerged from the theater a bomb was thrown into a hall.

BROUGHT GOOD PRICE

Robert Sutton Crofts, son of Mr. and Mrs. Sutton Crofts of Cisco, did not win a prize at the Fort Worth Fat Stock Show, but his entry, a fine 870-pound Aberdeen-Angus calf, was bid in for 37½ cents per pound. Because of the unusually large number of entries, more than 200 calves were sifted out and did not enter. The fact that the Ciscoan's animal was admitted and shown, was quite an honor to the young cattle breeder.

NEW YORK, Mar. 16.—Secretary of State James F. Byrnes tonight rejected military alliance with Great Britain and declared the United States instead would use its military power to support the principles of the United Nations charter.

In effect he rejected Winston Churchill's proposal for an Anglo-American "fraternal association," reiterated last night, and at same time chided Soviet Russia for apparent willingness to use force to get what she wants.

In an address to the Society of the Friendly Sons of St. Patrick, Byrnes expressed alarm at the rapid demobilization of America's armed forces at a time when U.S. commitments abroad call for military might.

Urging extension of the draft and prompt adoption of a universal military training program, Byrnes said—

"While other nations remain armed, the United States in the interest of world peace, cannot disarm."

Conceding that the people have a right to know to what purposes this country's reserve military power might one day be put, Byrnes said "the answer is simple."

"The United States," he said, "is committed to the support of the Charter of the United Nations. Should occasion arise, our military strength will be used to support the purposes and principles of the Charter."

War-time Secrecy Veiled Bomb Test Off California

ROSWELL, N. M., Mar. 16. (AP)—Behind a wartime veil of secrecy, the U. S. army and navy staged yesterday off the coast of Southern California full-dress rehearsal of the atomic bomb versus warship test.

Twelve Superforts based in New Mexico roared out over the Pacific ocean off San Diego to drop on a small vessel an exact but far less powerful replica of the atomic bombs which forced Japan to surrender.

The bomb used in the test was described as a "dummy bomb" and "not atomic."

It was the final test before their transfer to Mid-Pacific for the men and the equipment of "operations crossroads," joint army-navy experimental exploding of an atomic bomb over Bikini Atoll in the Marshall Islands.

TO GAS CONVENTION

Charles M. Burke, district manager here of Lone Star Gas company, will attend the Southern Gas Association convention to be held in Galveston on March 21 and 22. C. M. Nevill, district manager at Eastland, and Guy Custer, sales supervisor for the Abilene district will also attend the meeting, Mr. Burke said.

WILL ENTER COLLEGE

Franz Douglas Essl, 21, son of Mr. and Mrs. Franz Essl of Cisco, writes from Hawaii that he is in line for discharge from the navy and expects to be in the states about June 1. Upon his release the young man plans to enter the University of Washington, at Seattle, he told his parents. He is a graduate of Cisco high school and attended Hardin-Simmons college a year and a half before entering the service at 18.

LIGHTNING STRIKES—Edward B. Shanholt, 17, left, and brother, Richard, 11, hope lightning never strikes twice in the same place. They were sitting quietly in their Elkhart, Ind., home when a thunderbolt struck the house, tearing gaping hole in one room, and leaving them only cut and bruised.

Tense Situation Moscow Hurls New Stops State Department Holidays Attacks at Iran, Turkey and Others

WASHINGTON, Mar. 16. (AP)—Gen. George C. Marshall's description of the Manchurian situation as "extremely critical" and his reevaluation that crack American-trained Chinese army divisions are enroute there, intensified American efforts tonight to solve mounting U.S.-Soviet controversies before they explode.

Giving up their usual government holiday, high state department officials met in a series of conferences on the Iranian and Manchurian situations which threaten Big Three unity and pose crucial tests for the United Nations organization.

These officials are noping—if not expecting—that the Soviet Union will make some move soon to ease tension. Any break in the Soviet Union silence would help. Today's return of Soviet Ambassador Andrei A. Gromyko to Washington is expected to lead to an immediate series of conferences with Secretary of State James F. Byrnes.

While hurling accusations at Iran, Turkey and Iraq, Moscow said that Russia intends to make herself so strong within 15 years that she will be secure against any attack. A Radio Moscow commentator said the Soviet Union needed peace to achieve this goal. Pravda issued a new call for an even stronger Red Army "to safeguard our country from all eventualities and prevent attempts at new aggressions."

The government newspaper Izvestia charged the Tehran government with giving to Anglo-American oil interests concessions which had been reserved for Russia under the pact of 1921.

KEEP THEM SEPARATE

AUSTIN, Mar. 16.—Attorney General Grover Sellers ruled Saturday that a Negro who applied for admission as a student at the University of Texas should "at this time" be refused admission, but that it was up to the state to provide him with an opportunity for equal education at Prairie View University if he demands it.

Whether the goal will be met, the department said, depends on the success of President Truman's famine emergency program and on the willingness of Americans to voluntarily join him in that program.

MERIDIAN, Miss.—A tornado

which struck the small town of Kewanee 16 miles east of Meridian near the Alabama line, injured one person and caused considerable property damage.

Public Men Back From Europe Say US Prestige Hurt

WASHINGTON, Mar. 16.—Important public figures back from Europe say our prestige abroad is being damaged by:

1. Uncertainty over direction of our foreign policy, especially in regard to Russia, and inability to assure a continuing policy.

2. Failure to maintain larger body of troops overseas as evidence of U. S. strength and determination to contend in peace for our war objectives.

3. Fraternizing of our troops, especially officers, with fraudulents. Not many overseas military leaders are talking for publication, but some tell close friends that failure of the Administration to stand up "to pressure to bring the boys back" has already cost us many of the objectives for which we fought.

Another current controversy: Extent to which foreign policy is being shaped by military men. It may be added to agenda of group organized to fight military control of atomic bomb. Admiral Leahy in White House, Gen. Marshall in China, and Gen. Bedell Smith in Russia wield great power. When they can't work through Byrnes they sometimes work around him. But Byrnes is staying. As one congressional friend says, "they couldn't get Jimmy out of that job with a bulldozer."

Hoarded shirts still haven't started moving from factories to stores. Reason is not prices on these particular shirts—OPA permits increases—but it is OPA's maximum—average—price regulation.

Under that, a shirtmaker may sell expensive shirts, but must sell cheap shirts too, to average something like his pre-war output.

Cisco Defeated Breck in Friday Night Pin Battle

Friday night's ten-pin duel between Breckenridge and Cisco, staged here, wound up with the locals victorious by 128 pins. The score—Breckenridge, 2,334 pins for the three games; Cisco, 2,462.

Each team was composed of five men, but seven men actually participated under a rule dropping the low man at the end of each game. Thus, Howard Langford was substituted for R. L. Ponsler in the third game, while Lee McDonald relieved Dr. C. E. Paul at the termination of the first game.

J. Cawley of Breckenridge was high for the three games with 536; Charles J. Kleiner, 534; F. Urban, 518. Kleiner was high for a single game with 203.

It is significant and encouraging that one of the nation's oldest and most distinguished colleges for women acknowledges woman's responsibility...

POOR BOSTON.

The proud old city of Boston is in trouble. Its 71-year-old mayor, James M. Curley, who also manages to hold the office of United States representative from the district, has been sentenced to a term from six to 18 months for mail fraud.

The trouble in the main seems to be the movement of citizens to the suburbs, people who earn their living in Boston, but live and vote elsewhere. It is the common fate of many large cities, with population shifts tending away from city limits to outlying areas.

Perhaps in the case of Boston another mayor would help, one who could give full time to his mayoralty duties, or at least wouldn't have to divide his attention between those duties and prison, along with the House of Representatives at Washington.

"Justification By Faith."

That we are justified by faith" is certain. (Rom. 5:1). It is just as certain that Justification is NOT by FAITH ONLY. (Jas. 2:24). Then what does "justification by faith" include?

Paul said those who have been "justified by faith," have "peace with God." (Rom. 5:1). Then those who have "not obtained peace with God, have NOT been justified by faith! "Peace with God" is a result of "Justification by faith."

Therefore everything necessary to our gaining peace with God is included in the expression, "Justification by faith." To have "peace with God" is to be "RECONCILED" to God. But RECONCILIATION is located IN ONE BODY. (Eph. 2:16). Then every step necessary to getting into the one body, where reconciliation (or peace with God) is located, is essential to our being justified by faith.

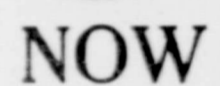

But I Cor. 12:13 tells us that we ARE BAPTIZED INTO ONE BODY. Therefore no one is justified by faith until that faith has led him through OBEDIENCE to the Lord's command to be baptized.

This conclusion may be ignored, but it cannot be overthrown. Jesus teaches that BELIEF plus BAPTISM equals SALVATION. (Mark 16:16). Paul affirmed that FAITH plus BAPTISM produces CHILDREN OF GOD. (Gal. 3:26-27). Then he wrote to those who had been BAPTIZED INTO CHRIST. (Rom. 6:3) and who had arisen to walk a NEW LIFE. (Rom. 6:4), that they had been justified BY FAITH. (Rom. 5:1).

Friend, if you have not been justified by faith, then, "Why tarriest Thou? Arise and be baptized..." (Acts 22:16) into the BODY of Christ, where PEACE with God may be found.

The Cisco Church of Christ.

FRANCE and BELGIUM TOPICS DISCUSSED.
XXth Century club met Friday afternoon at the Library club room with Mrs. F. D. Wright, president, in charge and Mrs. E. McCracken as afternoon hostess. A pretty arrangement of white iris in a blue container decorated the table.
A short business session was held, after which the program on Know the Nations France and Belgium - was presented. Mrs. Paul Poe was program leader and read a paper on "The Task of Feeding the People of France." Mrs. J. E. Spencer discussed the "Occupation and Destruction of Belgium by the Germans." A visitor, Corp. Joyce Rainbolt was then presented in a most interesting talk on the countries discussed. She was stationed with the First WACS group at Marseilles, France, for a number of months and illustrated her talk with pictures and souvenirs. The talk was well received and closed the program.
Those present were Mrs. F. D. Wright, Mrs. Sam Baugh, Mrs. E. P. Crawford, Mrs. T. J. Dean, Mrs. C. H. Fee, Mrs. S. E. Hittson, Mrs. Charles C. Jones, Mrs. E. McCracken, Mrs. L. H. McCrea, Mrs. Paul Poe, Mrs. Philip Pettitt, Mrs. John Shertzer, Mrs. Alex Spears, Mrs. J. E. Spencer, and Mrs. C. R. West.
ELIZABETH ANN KLEINER HONORED ON BIRTHDAY.
Celebrating the eleventh birthday of Elizabeth Ann Kleiner, a group of girls were entertained Friday afternoon and night with a weiner roast and slumber party at the Kleiner ranch home. Mrs. Kleiner accompanied the group to the ranch and soon after their arrival the weiners were roasted over an open fire and were served with a delicious picnic lunch. A five layer ribbon birthday cake, decorated with carnation design, was cut and served to the guests. Games were then played by the guests until a late hour. The night was spent at the ranch house where story telling and pranks were entertaining features.
Girls enjoying the event were Elizabeth Ann Kleiner, Wyliene Birt, Betty Bearman, Geneva Birt, Mary McCrea, Mary Nell Whitten, Wilma Fuqua, Dorothy Jo Garrett, Janet Ferguson, Jane Flint, Barbara Schaefer, Barbara McCauley and Patsy Agnew.
DINNER HONORED MRS. LEON McPHERSON.
Mrs. Leon McPherson was honored when the D. O. Birthday club met Friday evening in her home for a buffet dinner which celebrated her birthday. The house was festive for the occasion, a St. Patrick motif being emphasized in decorations and appointments.
Dinner was served buffet style with guests seated at the dining table and a card table while eating. Invocation was offered by Mrs. C. P. Cole.
At the close of the meal the honoree was encircled and the happy birthday song was sung by the group. During the evening a number of games and conversation were entertaining features.
Those present were Mrs. C. P. Cole, Mrs. A. L. Black, Mrs. W. D. Bazel, Mrs. Barton Philpott, Mrs. F. E. Shepard, Mrs. Mack Stephens, Mrs. Paul Poe, Mrs. E. L. Pugh, Mrs. W. D. Brecheen, Mrs. W. Frank Walker, Miss Willie Frank Walker and Mrs. Leon McPherson.

MRS. JAMES H. BRYANT HONORED WITH SHOWER.
Spurgeon Parks and daughter, Mrs. James Huddleston were hostesses with a shower Friday evening in the Parks home honoring Mrs. James H. Bryant, a recent bride. The house was made gay by decorations of seasonal flowers with yellow the predominating color. The table, laid with Irish lace cloth, was centered with a lovely arrangement of snapdragons and carnations, flanked by tall lighted tapers in crystal holders.
Guests were met by Mrs. James Huddleston who presented them to Mrs. J. H. Hyatt, mother of the bride-groom who introduced the honoree. They were then directed to the table where Mrs. Glen Hightower was in charge of the bride's book.
Refreshments were served in the dining room where Mrs. Clifton Hyatt presided at the punch bowl. Following the serving the group was seated in the living room, where a period of conversation was enjoyed. A nice array of gifts was brought in and presented to Mrs. Bryant who was assisted in opening the packages and displaying the lovely gifts by her husband's sister, Mrs. Hightower and Mrs. James Huddleston.

WHERE IS YOUR NEW HOME NOW?

Right now the home you want to build is in the tree, the iron ore pits, the clay banks and the quarry.

Legislation, HH priorities, allocations, preference ratings, will not build a home. Neither will such legal juggling of a meagre supply of materials produce building materials. An HH priority may mean little more than a license to hunt home-building materials.

Lumber and building material dealers and contractors can build all the homes America needs—if building materials are available. But unless production of materials is unblocked, no one can build homes. Whether a house is labeled "Public Housing" or "Prefabricated Housing" or a "Privately Built Home"—all are bidding for the same supply of materials.

Here are the materials that must be produced. These are the materials in short supply which are subject to distribution controls through priorities:

- | | |
|----------------------|--------------|
| Lumber | Common Brick |
| Concrete Block | Millwork |
| Clay Sewer Pipe | Face Brick |
| Structural Clay Tile | Gypsum Board |
| Cast Iron Soil Pipe | Gypsum Lath |
| Cast Iron Radiation | Bath Tubs |

What has happened that all these essential building materials are lacking? Have we exhausted raw material supply? Or plant production?

NO! But the irresistible force of industry has run into an immovable body!

In the case of Brick and Tile, for example, it took the OPA six months to grant a price adjustment that allowed 125 of 400 closed plants to reopen. This action resulted in a 35% increase in production within the following three months.

Similarly, OPA's unrealistic pricing policies blocked adequate production of Gypsum board and lath, cast iron soil pipe, and clay sewer pipe for months.

Although price adjustments have been granted in the above-mentioned fields, lumber production still remains under wartime pricing formulas.

It is still more profitable for the lumber mill to cut items for export to foreign countries, or to cut logs into sizes used by industry than it is to manufacture lumber for home construction. Premium prices for industrial items have been granted in some instances during the war, but now that peace has come, price adjustments encouraging home construction lumber have not been made by OPA.

Price adjustments are needed to obtain maximum production of hardwood flooring, millwork, ceiling, siding, and plywood.

Recommendations have been made to the OPA repeatedly, but action is not forthcoming.

The Building Industry stands ready to build the homes Americans need. But until the production and flow of materials is unblocked by OPA, thousands upon thousands of homes for Americans and veterans will go unbuild!

Any government program that does not FIRST remove the obstacle blocking production of materials will simply add additional difficulties to the problem facing the building industry.
