GOING UP AT 95—Mrs. Addie W. Barnard, Milford, N.H., celebrates her 93th birthday with a plane ride. Pilot John A. Rapis explains the controls to her. When the flight was over, Mrs. Barnard said, "It was the greatest thrill of my life. If I were younger I'd learn to fly myself."

Electrical Workers Reject Offer; GM is Still Closed

By United Press.

Striking electrical workers rejected a wage offer from Westinghouse Electric Corp. today, and local issues blocked the reopening of General Motors Corp. plants.

The electrical workers turned down a proposal which Westinghouse officials said would have meant an overall increase of 15.1 cents an hour for 75,000 strikers.

At Chicago the International Harvester Co. offered 30,000 striking farm equipment workers an 18-cent hourly pay increase.

General Motors plants were closed for the 120th day because 65,000 of the corporation's strikers refused to return to work until local issues were settled.

The General Motors dispute accounted for more than one-third of the nation's 413,000 strike-idled workers.

MAGNOLIA, NOT CHERRY BLOSSOMS—Anyway, it's indicative of early spring when these magnolia trees bloom on Capitol Hill in Washington. Two pretty Washington workers, Ruth Reedy, Waco, Tex., left, and Pauline Craig, Washington, take advantage of a lull in their jobs to admire the blossoms. Capitol Dome forms an appropriate background.

Cornelius Printing Plant Open House on Friday

Victor Cornelius and the 35 employees of the Cornelius printing plant at Eastland announce an Open House for Friday afternoon of this week, 2 until 6 o'clock.

The event will celebrate the fourth enlargement of the plant since its establishment ten years ago by Mr. Cornelius. There are now 35 employees steadily engaged, with an average payroll slightly in excess of \$1,500 each week.

Looking over this modern commercial printing plant should be of interest to many people, all of whom are invited to the Open House.

British Loan Action Postponed Until Next Week

WASHINGTON, Mar. 20. (U.P.)—The Senate Banking Committee today completed hearings on the \$3,750,000,000 British loan, but postponed until next week its action on the proposal.

Acting Chairman Alben W. Barkley, D. Ky., told reporters that the committee vote would be delayed until it acted on housing legislation.

Pepper Plan Wise One, But Lack of Faith in the Way

WASHINGTON, Mar. 20. (U.P.)—Senator Claude Pepper, D. Fla., today urged the United States, Britain and Russia to destroy all their facilities for making atomic weapons and to call an immediate Big Three conference to work out agreements on the fundamental issues that now separate them.

West Texas Utilities and Humble Pipe Liners Win

Humble Pipe Line and West Texas Utilities walked away with a majority of their games with Firestone Tire and Cisco Gas Corporation, at the bowling alleys last night.

The match between Humble and Firestone was commonplace in that no large scores were recorded by either. But the contest between West Texas Utilities and Cisco Gas Corporation was different, three Utilities men passing the 500 mark for three games, as follows: Lee McDonald, 564; C. J. Kleiner, 506; L. Burzenski, 504. Ponsler of the gas corporation was the only other 500 man, his total being 509. The single game honor also went to Lee McDonald, 223.

Plane Talk

By JOE COULTER.

Bedtime Story.

Once upon a time there was a young feller who all the time wanted to talk about airplanes. He set himself up at the airport and talked to everyone who dared to come out. Not satisfied with that he started going to town and talking flying to people in their stores and on the street. Once someone asked him to go to a Lion's club and he gave a speech on airplanes. The Legion and the Rotary club made the same mistake and got the same result.

Finally he got the idea of talking to everyone at the same time, so he went to the editor of this paper. Being a brave and trusting soul, the editor agreed to this column. He hasn't any more idea what the young feller is going to say than the young feller himself, but you can bet it will be about airplanes.

NEW DELHI, Mar. 20. — American forces in the India-Burma theater, will total a scant 3,800 men by May 1, the Army newspaper, "Roundup," said today.

Cisco Has Raised 70 Percent of Red Cross Quota

Cisco had raised only 70% of its Red Cross quota of \$2,500 Tuesday evening. Campaign Chairman Charles Graham, announced today in appealing to all workers to complete the canvass by Saturday night.

"Cisco has never yet fallen down on a Red Cross appeal and we certainly don't want to break that record now," said Graham. "The need for the Red Cross is very acute in view of the suffering and deprivations left in the wake of war. The quota we are asked to raise this year is only one half of what we raised in war times, and we should have no difficulty in meeting this obligation. The Red Cross is an important agency in helping to restore the world to normal conditions and we should be very much concerned to help remedy conditions which may otherwise contribute to unrest and even to a future war."

"I sincerely hope that we will take this obligation seriously enough to do our duty and get our full quota in. Contributions should be turned in to N. C. Huston at West Texas Utilities Co."

WASHINGTON, Mar. 20.—President Truman today proclaimed April 6 as Army Day and asked the nation to give "full support" to its soldiers.

Looks Like Puppet Government Stunt in Iran

TEHRAN, Mar. 20. (U.P.)—Reports were placed in circulation here tonight that an autonomous Kurdistan republic has been established with headquarters at Mehabad, in northwest Iran.

The dispatch did not cite the source of the Kurdistan reports. The autonomous regime was said to have proclaimed a "Kurdistan republic" some weeks ago. It is backed by a new party of Kurds.

To Run for Governor or Nothing

AUSTIN, Mar. 20. — Another conference between Gov. Coke R. Stevenson and Atty. Gen. Grover Sellers, primarily about legal matters, started about the talk about Sellers becoming a gubernatorial candidate and brought out the fact that the attorney general is leaning that way, but will not definitely make up his mind until early April.

Intimates of Sellers say he is not hankering to run for attorney general, though presently without opposition, and might ultimately run for governor or retire from public life.

His positive attitude at this time is that he would not even think of running for governor if Stevenson seeks the place or is drafted by friends to stand for a third term.

However, he has not said he would offer for attorney general if Stevenson does become a gubernatorial candidate, to leave the way open for him to seek a second elective term, if he wants it.

Those who know Sellers best pointed out he has never served out a second term though twice elected a second time for two judicial offices.

His attitude has been consistent, they said, in either "stepping up or stepping out." Now the time has arrived for him to make his usual decision to step up or to step out, they reasoned, and they know him intimately. They think he will run for governor or nothing, unless conditions change.

WASHINGTON, Mar. 20. (U.P.)—Rural Electrification Administrator Claude R. Wickard said today a power company representative had offered to withdraw his opposition to REA legislation if Wickard would agree to divide certain parts of the country for non-competitive power sales. He named the power company representative as Frank Wilkes, Shreveport, La., president of the Southwestern Gas and Electric Co.

Poll Shows Heavy Acreage Farmers Opposition to "Feather-bedding" Below US. Goal

PRINCETON, N. J., Mar. 20.—Proposed legislation aimed at curbing James Caesar Pettilio, head of the musicians' union, brings up a fundamental issue which must at some time be settled.

This is the problem of "feather-bedding." The word is used to describe the practice of making an employer hire more workmen than he wants.

The American public opposes the idea of "make-work" or feather-bedding, when it is explained to them. So do a majority of union members included in the survey.

Throughout the entire country, sentiment opposing the practice, while in large majority, is not quite so high today as it was in the spring of 1945 when a similar study was made, possibly because of acute concern at that time over wartime manpower shortages.

In order to measure sentiment on the principle, more than 200 reporters for the Institute asked: "To make more jobs, some unions require employers to hire more persons than are actually needed to do the work. Would you favor or oppose having a law passed which would stop this practice?"

Passage of a law does not, of course, provide the only possible solution, but today's question serves to measure the extent of opposition to the principle of feather-bedding.

The replies:
Favor passage of law 60%
Oppose 23
No opinion 17
Opposition to the idea of feather-bedding is found among majorities in every principal section of the country and among major population groups — including the members of unions. Among union members, the vote is lower than throughout the country as a whole.

ALIEN CAMP TO TEXAS.

WASHINGTON, Mar. 20.—The alien enemy internment camp at Santa Fe, N. M., will be closed April 19. Attorney General Tom Clark announced today. Japanese there then will be moved to the camp at Crystal City, Tex., which will be the only internment camp in operation after that date.

LOS ANGELES POP.

LOS ANGELES, Mar. 20.—Los Angeles population has been established at 1,730,000 by a special federal census, Earl F. Kramer, census supervisor, announced today.

HIGHER SERVICE PAY.

WASHINGTON, Mar. 20. (U.P.)—The army and navy today asked congress to increase service pay 20 per cent to try to attract volunteers away from well-paying civilian jobs.

8,165 Men and 4,117 Women at KRLD Radio Stars at Palace in Per-Texas University

AUSTIN, Mar. 20.—The wartime scarcity of men, which for several years plagued girl students at the University of Texas, definitely has ended.

The school's registrar reports that men now outnumber women 2 to 1, and veterans constitute more than half of the male registration.

Men comprise 8,165 and women 4,117 of the enrollment of 12,282 students. There are 5,771 male and 88 female veterans.

Veteran enrollment came chiefly from the ranks of former students, with 3,614 exes readmitted. There were 818 transfers from other Texas colleges, 486 out-of-state transfers, 647 from Texas high schools, 171 from out-of-state high schools, and 123 admitted on individual approval.

PENALIZE TROUBLEMAKERS.

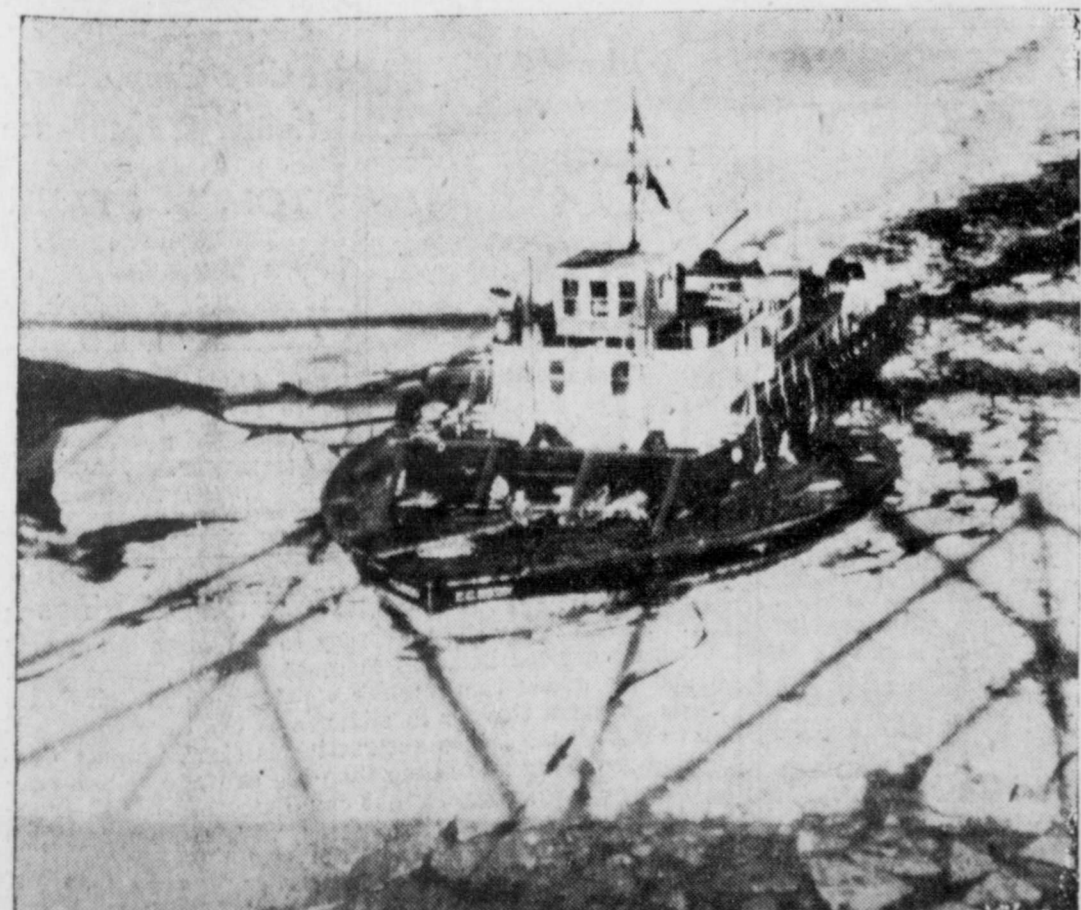

WASHINGTON, Mar. 20. (U.P.)—The senate labor committee today approved a bill to create a new five-man mediation board and to impose penalties on any labor union blocking the transportation of perishable food to market.

Jim and Bill Boyd and their Lone Star Cowboy band from KRLD Broadcasting Station, Dallas, will be at the Palace theater Saturday and Sunday.

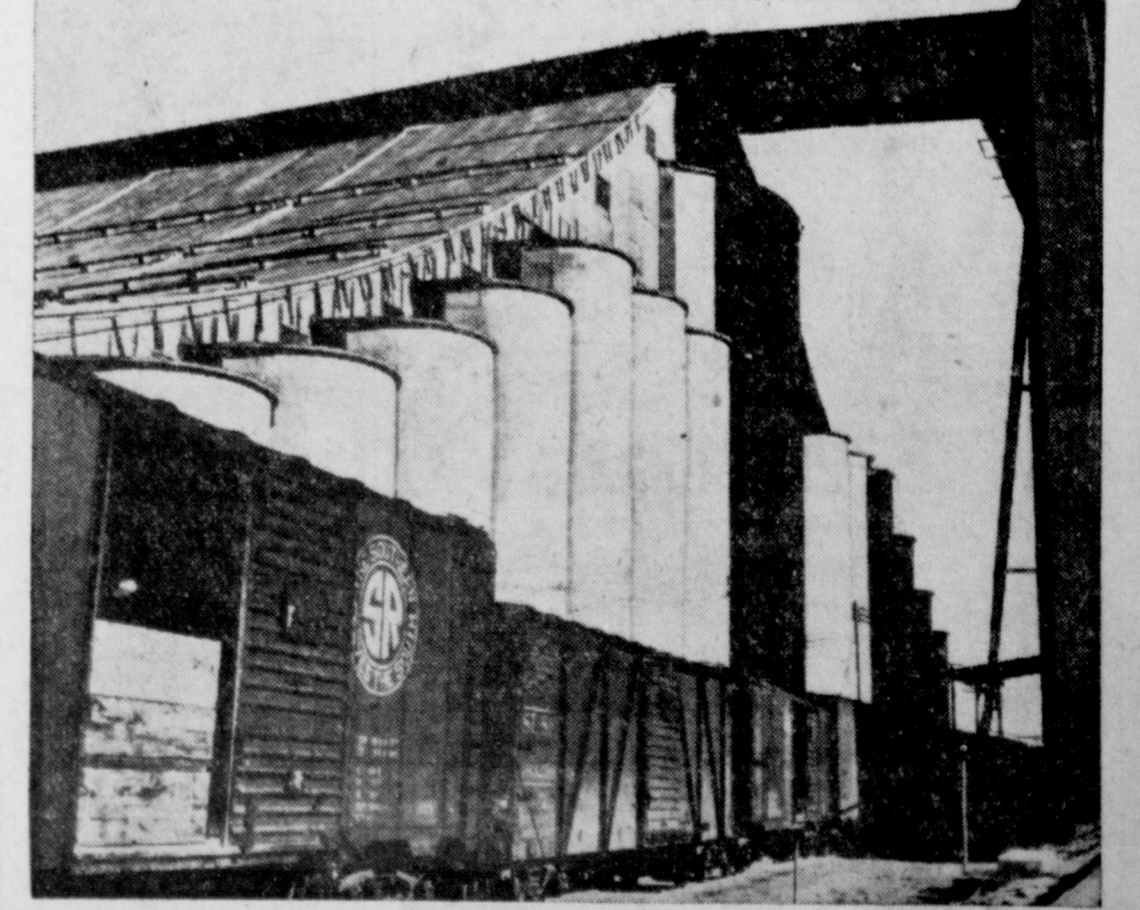

This will be the fourth stage show brought to Cisco this year by the Palace, and Manager Wallace Smith says it is planned to bring at least one good stage show to Cisco each month.

STUPIDITY.

In Brussels, says a London newspaper, \$400,000,000 worth of U. S. army clothing, vehicles, chemicals, tools and office equipment is rusting and rotting in warehouses and open air dumps. That \$400,000,000 worth of supplies, desperately needed by a Nazi-ravaged ally, is the type of material this country is supplying Europe at such cost and such delay through

UNRRA. The United States lets it rot on the spot instead of selling it, lend-leasing it or giving it outright to the destitute Belgians.

It's the sort of thing that is so typical of U. S. techniques in the past that without doubt it is true. And every American ought to write to his Senator and Representatives about it in no uncertain terms.

Of what avail to be warned against waste in small matters of

food and tin cans when Uncle Sam himself is setting so bad an example?

GHOTI.

What should be done about the English language? Bernard Shaw has seized upon the successful revival of his old play, "Pygmalion," to bring up the question again. As "Pygmalion" deals with the vast importance of correct pronunciation, this gives him an excuse to take up the related subject of spelling and an alphabet to record sounds accurately.

Shaw thinks our present spelling system ridiculous, having little to do with pronunciation. His star example is "ghoti," a made-up word which should, he says, be pronounced "fish," "gh" as in "enough," "o" as in "women" and "ti" as in "nation." He would change the alphabet to make proper examples like this impossible.

Better men than Shaw have tried to improve English. Over the years it does improve, simplifying its spelling and making its grammar less pedantic. But even in today's revolutionary age, changes like those proposed by Shaw are among the least likely happenings in the world.

NOTICE.

Ex Parte, Allen C. Jones, Petition to Cancel Dedication of Mangum Townsite and Reduce Same to Acreage.

In the Commissioners' Court of Eastland County, Texas.

Notice is hereby given that the following petition was filed in the office of the county clerk of Eastland county, Texas, on the 19th day of March, A. D. 1946, by Allen C. Jones, which said petition reads as follows:

To the Honorable Commissioners' Court of Eastland County, Texas:

Now comes Allen C. Jones, and praying for cancellation of dedications subdividing lands in Eastland county, Texas, into lots, blocks, streets and alleys, and known as Mangum, Texas, shows the court the following:

1. That he is the owner of the following described lands, to-wit:

The H. B. Horn Preemption, located near the town of Mangum in Eastland county, Texas, patented to H. B. Horn, July 8, 1901, No. 614, Vol. 31, containing 66.9 acres less 1 1/2 acres heretofore sold to J. Bryer and R. Stanley by R. L. Mangum and P. L. Mangum, 3 acres heretofore sold to Taylor Curtis by E. E. Mason and wife, 1 1/2 acres heretofore sold to J. A. Duncan by E. E. Mason and wife, all off of the East end of said H. B. Horn Preemption and leaving a balance of 59.4 acres of said preemption belonging to your petitioner.

Also all of the N. 1/2 of the N. E. 1/4 of Section 42, Block 2, H&TC Ry Co. Survey in Eastland county, Texas, which lies E. of the Texas Central Railroad, containing 80 acres of land, more or less.

Also the P. L. Mangum 1 1/2 acre tract out of the E. end of said H. B. Horn Preemption, and the Taylor Curtis 3 acre tract out of the E. end of said H. B. Horn Preemption, all in Eastland county, Texas.

2. On August 26, 1907, The Mangum Townsite company, a corporation, owned the H. B. Horn Tract above described and the N. 1/2 of the N. E. 1/4 of Section 42, Block 2, H&TC Ry Co. Survey, above described, and on such date cause same to be platted into lots, blocks, streets and alleys and filed said map together with a dedication of said streets and alleys, and designated same as The Mangum Townsite Company Addition to the Town of Mangum, and filed said map and dedication with the County Clerk of Eastland County, Texas, and caused same to be recorded in Vol. 65, Page 72 and Vol. 62 page 464 respectively. The above described R. L. Mangum 1 1/2 acre tract and the Taylor Curtis 3 acres tract, both being out of the East end of the H. B. Horn Preemption in said Eastland county, Texas, were heretofore owned by said R. L. Mangum and Taylor Curtis respectively and were each mapped and platted by the respective owners into lots, blocks, streets and alleys and such maps together with dedications of such streets and alleys, designating the one as the R. L. Mangum Addition to the Town of Mangum and the other as the Taylor Curtis Addition to the Town of Mangum, were filed with the County Clerk of Eastland county, Texas, and on July 20, 1908, the date of the plat and dedication of the R. L. Mangum dedication, he was the owner of such land, said map and dedication being of record in Vol. 65, Page 5, and on September 6, 1909, the date of the Taylor Curtis plat and dedication, he was the owner of said land, said map being of record in Vol. 74, Page 395, it being shown that all Volumes are of the Deed Records of Eastland county, Texas. Said Town of Mangum was never incorporated.

3. The streets and alleys in said additions were never accepted by any municipality or by the public and same have never been used as such streets and alleys and are not now being so used by the public or otherwise, and it has been 25 years or more since said streets and alleys were even recognized and they have never been used at all.

Petitioner, Allen C. Jones, became the owner of all of said land on the 18th of October, 1945, and his predecessors became the owners of such lands and all of them more than 25 years ago and fenced same, and same have been inclosed with a fence and claimed and used by your petitioner and his predecessors without interruption for more than 25 years preceding the filing of this petition and still is, and all taxes on said lands have been duly paid including the year of 1945, such taxes having been paid on such lands as ranch lands and such lands have been used as ranch and farm lands for more than 25 years since such additions to said Town of Mangum have been abandoned, and during said time of more than 25 years your petitioner and his predecessors in ownership have had actual, continuous, peaceable and adverse possession of said lands and premises, and all of the same.

Wherefore your petitioner prays that legal notice be given of this

application, as provided by law; that the court set a day for hearing hereof; that on final hearing the court enter its order cancelling said subdivisions of said lands, subdividing same into lots, blocks, streets and alleys, and authorize petitioner to cancel such dedications by proper written instruments in accordance with the law, and permit petitioner to continue to pay taxes on said property as acreage.

ALLEN C. JONES, Cisco, Texas, Petitioner. By W. D. R. OWEN, Eastland, Texas, Attorney for Petitioner.

The commissioners' court has set the day for hearing said petition on the 15th day of April, A. D. 1946.

All persons who are interested in such petition and the matters and things therein described and referred to are hereby commanded to appear in said commissioners' court on said 15th day of April, A. D. 1946, the date set by said court for such hearing, to protest, if they so desire, against said petition and the action of said commissioners' court thereon if they so desire.

W. V. LOVE, Clerk of the commissioners' court of Eastland county, Texas, and also clerk of said Eastland county, Texas.

CITATION BY PUBLICATION

THE STATE OF TEXAS.

To: S. D. King, Greeting:

You are commanded to appear and answer the plaintiff's original petition at or before 10 o'clock a. m. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 29th day of April, A. D. 1946, at or before 10 o'clock a. m. before the honorable 91st district court of Eastland county, at the court house in Eastland, Texas.

Said plaintiff's original petition was filed on the 4th day of Feb., 1946. The file number of said being No. 19,602. The names of the parties in said suit are: Bobbie Jean King as plaintiff, and S. D. King as defendant.

The nature of said suit being substantially as follows, to-wit: This is a suit for divorce.

BETA UPSILON CHAPTER MET SATURDAY.

Beta Upsilon chapter of Delta Kappa Gamma met at the XXth Century club rooms Saturday afternoon. In the business meeting, preparations were made for the state convention to be held in Abilene the latter part of April and plans for the remaining activities of the year were formed. One of these activities is an arts exhibit to which the public is invited, date and place to be announced later.

Following the business meeting, the program chairman, Mrs. Geraldine Campbell, presented Miss Ella Andres who led a panel discussion on the subject, "Women in the Post-War World." Other members of the panel were Mrs. J. E. Crawford and Mrs. Evelyn Bailey. After a short general discussion and a few minutes of group singing, the society adjourned until May eleventh.

Besides the members mentioned above, there were present the following: Mrs. Kate Allen and Mrs. Lois Buchanan of Gorman; Mmes. Vivian Grantham, Berta Hazlewood, Minnie Hill, Alice Johnston, Ina Stamey, Misses Olga Fay Ford, Doris Jo Pyle, Mamie Estes, Nellie Yunk.

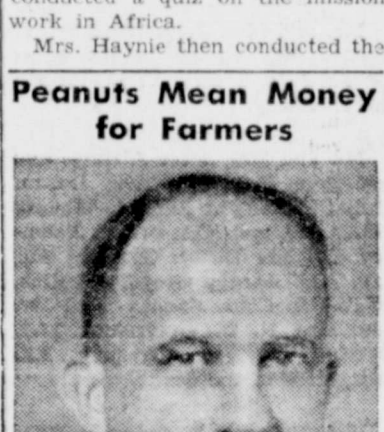

MRS. J. E. HART WAS HOSTESS TO CLUB.

Mrs. J. E. Hart was hostess to Lake Cisco club Monday afternoon which met in her home for regular meeting. Mrs. Elbert Ezzell presided and roll call response was "Something I Can Do For My Community." Plans were made to attend the district meeting at Balinger which meets April 18.

The meeting was then turned to Miss Myra Tankersley, who

WHERE IS YOUR NEW HOME NOW?

Right now the home you want to build is in the tree, the iron ore pits, the clay banks and the quarry.

Legislation, HH priorities, allocations, preference ratings, will not build a home. Neither will such legal juggling of a meagre supply of materials produce building materials. An HH priority may mean little more than a license to hunt home-building materials.

Lumber and building material dealers and contractors can build all the homes America needs—if building materials are available. But unless production of materials is unblocked, no one can build homes. Whether a house is labeled "Public Housing" or "Prefabricated Housing" or a "Privately Built Home"—all are bidding for the same supply of materials.

Here are the materials that must be produced. These are the materials in short supply which are subject to distribution controls through priorities:

Lumber Common Brick
Concrete Block Millwork
Clay Sewer Pipe Face Brick
Structural Clay Tile Gypsum Board
Cast Iron Soil Pipe Gypsum Lath
Cast Iron Radiation Bath Tubs

What has happened that all these essential building materials are lacking? Have we exhausted raw material supply? Or plant production?

NO! But the irresistible force of industry has run into an immovable body!

In the case of Brick and Tile, for example, it took the OPA six months to grant a price adjustment that allowed 125 of 400 closed plants to reopen. This action resulted in a 35% increase in production within the following three months.

Similarly, OPA's unrealistic pricing policies blocked adequate production of Gypsum board and lath, cast iron soil pipe, and clay sewer pipe for months.

Although price adjustments have been granted in the above-mentioned fields, lumber production still remains under wartime pricing formulas.

It is still more profitable for the lumber mill to cut items for export to foreign countries, or to cut logs into sizes used by industry than it is to manufacture lumber for home construction. Premium prices for industrial items have been granted in some instances during the war, but now that peace has come, price adjustments encouraging home construction lumber have not been made by OPA.

Price adjustments are needed to obtain maximum production of hardwood flooring, millwork, ceiling, siding, and plywood.

Recommendations have been made to the OPA repeatedly, but action is not forthcoming.

The Building Industry stands ready to build the homes Americans need. But until the production and flow of materials is unblocked by OPA, thousands upon thousands of homes for Americans and veterans will go unbuild!

Any government program that does not FIRST remove the obstacle blocking production of materials will simply add additional difficulties to the problem facing the building industry.

Dad's right

—wanting another OIL-PLATED engine

CONOCO Nth MOTOR OIL

Motorist's Lesson I from World War II is that cars with Oil-Plated engines don't quit easy. Though some are being traded for style's sake now, you can safely figure that the owners are repeating Oil-Plated engines! They make sure to get them—the same as you can do—by using Conoco Nth motor oil with its added Oil-Plating ingredient. This acts magnetically, forcing engine parts to attract and hold a close-bonded surface of lubricant. And that's protective Oil-Plating—the wear-fighter!

Like a shield over the unfinished inner surfaces that you want preserved, Oil-Plating is in position against wear... in position to discourage carbon, gun, and sludge—to encourage oil and gasoline economy. You want all that, and it's yours for the asking. Just ask for Conoco Nth oil in any car. In the case of an older car, you certainly need a Spring oil change now, so this is exactly your time to Oil-Plate. Pay just a bit more for it! Our Policy on NEW CAR ORDERS

in accordance with fair procedure

We are now accepting orders for earliest possible delivery of new cars. However, as you know, there are not enough new cars for all who want them. Therefore, we want to make a clear statement of our policy... so that everyone will know exactly how we are handling orders for and delivery of new cars during the current shortage period.

- 1—We intend to fill orders for new cars in the order in which they are received. There are two exceptions to this basic rule—
- 2—We will definitely reserve a percentage of our cars for those who have served in the Armed Forces. We feel sure that all our customers will agree with the justice of this exception.
- 3—If definite need for a new car is a factor, we will, in the public interest, determine such cases on the basis of the now abolished, but publicly accepted, OPA priority lists.

This policy is in your interest. We are following it because we want to serve you fairly and well today as in the past. The Ford Motor Company and we ourselves are making every effort to deliver your new car promptly and honestly.
