Security Council Gives in to Russia and Clouds Lift

R. E. White, Eastland Co. Resident 60 Years, is Dead

Pepper of Florida Thinks Russia Is Being Mistreated

Robert E. White, 96, resident of Texas since he was two years of age, and who lived in the Bedford community, six miles northeast of Cisco for about 60 years, died in a hospital at Abilene, April 3. Funeral and burial took place in that city Thursday. He had made his home in Abilene since 1920 and was an outstanding man in every respect.

Mr. White's wife preceded him in death in February, 1926, and a son, Clarence White, a veteran of world war one, died in a veterans' hospital last week and was buried in Abilene.

Among the old neighbors and acquaintances of the aged man in Cisco and Eastland county may be mentioned the late Joe Lovelady, Charlie Fee, I. N. Hart Sr., George White, Jimmie Daniels, Jess Lane, Joe W. Johnson, all of Cisco, and Bud Dulin of Eastland. Other old friends are R. W. Smith, Newt Lewis, Eastland, and Will Dulin of Colorado City; Watt Smith, Will Smith, Jerry Smith and many others, including E. E. Wood, justice of the peace at Eastland.

Mr. White was a member of the Church of Christ and he is survived by the following children: S. P. White, Lamesa; Robert White, Abilene; Miss Delza White, Abilene, with whom he lived; Mrs. Anna Stokes, Colorado City; Floyd White, Eastland.

Dearest Folks: Here again is your long lost son, in a different place and in a different branch of the service. I am now Pfc. Billy E. Britain of the air corps, and I am still a personnel clerk, only now for the Fifth Fighter Command, at their Japan headquarters.

I am now a part of the greatest branch of service the U. S. can offer any one, and for this privilege I thank God!

Tonight a new page has been added to my army life book—another change has been made. I hope it is for the best, but only time can answer that.

Indeed I do have much to be thankful for. My work is not hard and it is educational. The officers I work under are wonderful.

My sleeping quarters are nice and warm; I have good, warm clothes and the best of food. All this counts for much in army life. My health is excellent and my weight is around 140 pounds.

We have clean picture shows here and I enjoy them very much. I also enjoy the game of ping pong, which my buddies and I play a lot.

Of course, I miss home and you dear ones, and my many good friends in Cisco. To me, Cisco will always be the dearest little city on the map. I may be here several months, and if I get home before November I will consider myself lucky.

But I can take it, for there are many other fellows who have been here for a long time and they are taking it on the chin, with little or no griping. Naturally, however, all of us are looking forward to the day when we can go home.

I send all my love to my dear family and my many dear friends. Your loving son,
BILLY E. BRITAIN.

GOODBYE, CAVALRY.

FORT RILEY, Kan., April 4.—Robert P. Patterson, secretary of war, today officially announced the merger of the cavalry and armored forces in the United States army.

POSTPONE SHOWDOWN.

WASHINGTON, April 4.—Administration supporters in the House Banking committee today staved off the 24 hours a showdown on a price control amendment which would end all federal subsidies by January 1.

WASHINGTON, April 4.—Sen. Claude Pepper, D. Fla., today touched off a turbulent senate foreign policy debate with a charge — angrily challenged by his colleagues — that the United States and Britain are ganging up on Russia.

His outburst came after Chairman Tom Connally, D. Tex., of the Senate Foreign Relations Committee, hailed Russia's agreement to withdraw her troops from Iran as a triumph for the principles of the United Nations Charter and "an augury of continuing usefulness and increased strength on the Security Council."

Pepper, jumping to his feet, accused Britain of "international sham and hypocrisy" and demanded that "if the British want the Russian troops out of Iran, let them get their troops out of Iraq and Palestine and Trans-Jordan."

Billy Britain, 19 Is Now With Air Corps in Japan

From "Somewhere in Japan," Pfc. Billy Britain, 19, writes the following interesting letter to his parents, Mr. and Mrs. Joe Britain of Cisco:

By United Press.

NEW YORK, April 4.—The United Nations Security Council ended its worst crisis and opened the door for Russia's return to the council table today by postponing consideration of the Soviet-Iranian case until May 6 — the new deadline for removal of all Red Army troops from Iran.

Only one dissenting voice—Australia — was raised against the "formula" proposed by Secretary of State James F. Byrnes, which calls for a report by both parties on May 6. The Council retains jurisdiction in the case.

Col. W. R. Hodgson of Australia abstained from voting. He denounced the Council for failing to get all the facts and for holding two secret sessions during the last week.

But the gloom and pessimism of last week were gone.

The Council weathered a storm which at times appeared to threaten its very existence.

The face-saving formula satisfied both sides. But there was almost general agreement that the Council was the real victor — having proven it could withstand a boycott of one of its major members.

The Council door now is open for Soviet Ambassador Andrei A. Gromyko to return to his vacant chair.

Russia Makes Hay.

TEHRAN.—Iranian political sources said tonight that a new treaty possibly granting Russia the use of warm water outlets in the Persian gulf, might come out of Soviet-Iranian negotiations now going on here.

Senators Say OPA Cotton Tactics a 'Damned Outrage'

WASHINGTON, April 4.—Southern senators flung a torrent of hot criticism at Chester Bowles today for ordering Secretary of Agriculture Anderson to approve a cotton regulation aimed at blocking clothing price increases.

They call for the stabilization director's resignation, termed his action a "damned outrage," said he was "making farmers the goat" and contended he had jeopardized OPA's life. The agency is bidding for a full year's extension of its price control powers beyond June 30.

Anderson, too, was the target of a pot shot. Said Senator Maybank (D-S.C.):

"I am indeed sorry to see that the agriculture department under Mr. Anderson has completely surrendered to the OPA."

TEXAN GETS JOB.

WASHINGTON, April 4.—Secretary of Agriculture Clinton P. Anderson today appointed Jesse P. Gilmer of Rock Springs, Tex., to be deputy administrator of the department's production and marketing administration and vice-president of the Commodity Credit Corp.

SYDNEY, April 4.—The U. S. liner Monterey, with 662 passengers from San Francisco, including 100 discharged American servicemen who plan to settle here, berthed in Sydney today. Also aboard were 52 Canadians. The liner will leave for San Francisco over the weekend with 600 Australian brides and 50 commercial passengers.

DALLAS ORDINANCE OK.

DALLAS, April 4.—The Dallas city council announced last night, subsequent to a district court ruling upholding the city's anti-union ordinance, that wages of low-bracket city employees would be raised.

Senate Accepts a Compromise Minimum Wage Issue

WASHINGTON, April 4.—The Senate today accepted a coalition-backed amendment to the minimum wage bill raising the legal minimum from 40 to 60 cents an hour.

The vote was 76 to 6. Before the roll call Sen. Claude Pepper, D. Fla., piloting the bill through the Senate, urged acceptance of the 60-cent wage figure as "the best possible compromise which could be secured."

President Truman had asked for a 65-75 cents sliding scale of increases over a four-year-period.

Communists and Chiang Kai-Shek Breach Widening

CHUNGKING, April 4.—Gen. Chou En-Lai, Communist spokesman, today demanded that the Allies give China a chance to establish democracy and asserted that "careless assistance from foreign nations x x x will increase disorders here."

His statement was made as he and other Communists renewed their verbal assaults on the government and the Kuomintang (national party), further widening the breach that General Marshall's recent truce efforts narrowed only temporarily.

Associates said Chou referred particularly to a huge United States loan the Chiang Kai-Shek government is negotiating with the assistance of Marshall. Truman's special envoy to China who currently is in Washington.

Chou charged that the Chinese government was seeking to make Manchuria a great garrison with more than half a million troops.

WOULD KEEP BOWIE.

BROWNWOOD, April 4.—The "strongest possible representations" have been made to the war department for the retention of Camp Bowie as an active post. Senator Connally has notified Brownwood city and chamber of commerce officials. The senator wired that a conference with war department officials had been arranged and that he was "following the matter with hopes of success."

Boys, Girls of Hi School Jam Lone Star Gas Party

The youth of Cisco took the spotlight at Lone Star Gas company's open house today in its new quarters in the south wing of Laguna Hotel building, when they showed more interest in the operations of the new gas home appliances on display than the large supply of coffee and cookies that were at their finger tips.

During the morning more than 100 boys and girls of the Cisco high school home economics and general science classes kept Lone Star personnel busy answering searching questions about the workings of gas refrigerators, ranges, water heaters and an array of vented heating appliances.

The youngsters eventually got around to consuming coffee and cookies, but not until their collective curiosities about the gas appliances were satisfied. They expressed particular interest in the test rack, where all appliances are tested before installation for the customer.

The Lone Star party will continue until 9 p. m. and at 7:30 o'clock 25 different designs of the "New Freedom Gas Kitchen" will be shown in color on a screen in the Lone Star warehouse in rear of the new quarters.

By noon more than 250 men, women and children of Cisco had visited Lone Star. The first caller was Mrs. Bill McCall, who brought a bouquet of flowers from her yard. An interested visitor was Mrs. R. T. Porter, 201 West Fourth street, a resident of Cisco since 1899.

One of the proudest guests was C. J. Burke of Waco, father of C. M. Burke, Cisco district manager for Lone Star, who drove from Waco Wednesday night to be with his son during the Lone Star party. The elder Mr. Burke, superintendent of Lone Star Gas com-

Subsidies, Ceiling Prices Necessary on Meat

WASHINGTON, April 4.—Secretary of Agriculture Clinton P. Anderson said today the removal of subsidies and ceiling prices from meat would wreck recent strike settlements in major industries.

Anderson said the automobile and steel industries are in gear again and the government is moving toward a settlement of the farm machinery strikes. Removal of controls on meat, he said would mess up much that has been accomplished in the direction of reconversion.

Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all, and costs little. It contains nothing harmful. Just go to your drugist and ask for four ounces of liquid Barconate (formerly called Barcol Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two table-spoonful twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloot disappears—how much better you feel. More alive, youthful appearing and active.
