## Truman Fears Third War; Wants Universal Military Training In Preparation

By United Press.

CHICAGO, April 6. — President Truman issued a solemn Army Day warning today that war can happen again, possibly with a sudden flareup in the Middle East, and asserted the nation must be strongly prepared to defend the peace in this new atomic era.

His blunt warning climaxed a colorful nationwide observance of the first Army Day since 1941.

Speaking before 100,000 persons in Soldier Field, Mr. Truman restated the government's foreign policy of world peace and security through a strong United Nations organization and listed these three "essentials" for a strong America to insure the peace:

1. Prompt unification of the armed forces into a single department.
2. Extension of selective service for another year beyond its May 15 expiration date.
3. Adoption of universal training to prepare America for war, "if war unhappily should ever come again."

OFF TO HIS ENGLISH BRIDE—Joseph Cananze, Taunton, Mass., gets a good-bye kiss from his mother, Mrs. Mary Cananze, as he prepares to board a Pan American plane in New York. He is flying to the bedside of his English bride who is seriously ill. Taunton citizens raised \$2000 for the trip.

### U. S. Steel and AFL Disagree on Mine-opening plan

WASHINGTON, April 6. (UP)—The U. S. Steel Corporation and the United Mine Workers—AFL—disclosed tonight that each had rejected a proposal from the other for reopening strike-bound captive mines in order to keep the nation's biggest steel producer running full blast.

Each side said its offer still stood, but further developments appeared unlikely before the soft coal joint wage conference resumes at 2:30 p. m. next Tuesday.

The captive mine proposals were revealed at a press conference by UMW President John L. Lewis and in a later statement by Harry M. Moses, U. S. Steel negotiator.

### Russia Backs Poland in Another Disruptive Scheme

NEW YORK, April 6. (UP)—Poland, threatening a new major dispute in the Security Council, today instructed its delegates to demand that all members of the United Nations break relations with Franco of Spain. Other delegations at once started considering plans to block or fight the Russian-approved Polish move.

The Polish initiative was regarded in Council circles as the first move in a Russian diplomatic counter-offensive after its unsuccessful fight to keep the Council from hearing Iran's complaints against it.

### Lavon Huddleston is Home on Leave from Pacific Area

Corp. Glenn (Lavon) Huddleston, son of Mr. and Mrs. G. T. Huddleston of route three, is at home on leave after 21 months' service with the Fourth Marines on Iwo Jima and in the Hawaiian Isles.

He entered the service in July, 1943, shortly after graduation from Cisco high school and recently reenlisted for a term of three years. The young man was born at Gorman, his parents moving here when he was six years of age. While attending Cisco schools he served as carrier for the Daily Press for several years and did a good job of it.

The corporal came home bright of eye and in good health, with an inch added to his height and several pounds heavier. The fact that he reentered the service for another three years is evidence aplenty that he found the U. S. Marines an upstanding, companionable group of American young men.

### RISE STAR FOUNDERS.

RISE STAR, April 6. — Mrs. John Hancock this week received news of the death of Mrs. L. F. (Bud) Harris at her home in Albuquerque, N. M. She was 79. For many years Mrs. Harris, with her family made her home in Rising Star, moving to the west some 30 years ago. She was a daughter and the last surviving member of the family of Mr. and Mrs. T. W. Anderson, founders of Rising Star.

### Reds Won't Let British Enter Azerbaijan, Iran

TEHRAN, April 6. — The two-man British parliamentary delegation to Iran gave up hope of entering Azerbaijan province today because the Russians failed to give them permission. They scheduled a plane back to Cairo for April 10.

Russian checkpoints still bar the way into Azerbaijan, which is occupied by Soviet troops. All travelers wanting to enter the Soviet-occupied areas must carry passes from the Russian Embassy.

The Soviet-Iranian agreement signed yesterday said that the future of Azerbaijan was an international matter for Iran.

### Great T&P R. R. Adding the Very Best Equipment

Texas and Pacific Railway company has just placed an order for the purchase of 5,000 tons of 131-pound rail, the heaviest rail used in the southwest.

This new extra-heavyweight rail will be placed in service on the Texas and Pacific line north of Marshall, Texas. The section of track between Marshall and Texarkana carries some of the heaviest traffic in the Texas and Pacific system. The new rail is designed to increase track stability and to insure smoothness and safety of operation under all load conditions.

Cost of the track improvement is \$520,000. This installation of 131-pound rail, the second in the system, is in keeping with the road's policy of maintaining its equipment and facilities at the peak of operating efficiency.

Texas and Pacific is the only railroad in the southwest making extensive use of the 131-pound rail. Delivery of the new rail will begin in April, and installation will get under way immediately. It is estimated that by July 1, the installation will be complete.

### MONTREAL RETALIATES.

DAYTONIA BEACH, Fla., April 6. (UP)—Baseball fans in Jacksonville, Fla., Savannah, Ga., and Richmond, Va., were the losers today as the Brooklyn Dodgers management announced that its Montreal farm team, which carries two Negroes on the roster had cancelled exhibition games in those cities because of racial discrimination. General Manager Mel Jones of the Montreal club said that he had been informed that infielder Jack Robinson and pitcher John Wright, Negroes, could not be in uniform with Montreal in the three cities, and that he thereupon cancelled the scheduled games.

### Senate Expected to Act on Army-Navy Merger Soon

WASHINGTON, April 6. — Look for early emergence of Senate bill for unification of armed forces from Military Affairs Committee with these provisions likely: A secretary for national defense — civilian appointed by President and confirmed by Senate. A five-man military top organization headed by a chief of staff of the armed forces, a representative of the President and three others representing the land forces, Navy and Air Forces. Chief of staff and President's representative could not be from same branch of services. Air Forces would get full parity with land and sea forces. Joint chiefs of staff would be abolished. Bill is ninth version by committee. It contains few "areas of agreement," meaning it still isn't pleasing to Navy.

Philippine politics: Election is April 23. High Commissioner McNutt tells Washington friends President Osmena will win. Betting in Manila, however is 20 to 1 that Manuel Roxas will defeat Osmena. Philippines Commissioner Romulo, Osmena man privately thinks Roxas will win. Army G-2 information is that it will be tight race. Bullets may be mixed with ballots.

Prospects are fading for further income tax cuts this year. It's disappointing also to many congressmen who wanted to take good word home to voters. Instead, House Ways and Means Committee casts baleful eye on co-operative associations, one type of which are exempt from federal levies. Co-operatives have grown to more than 32,000, about one-third of them farm marketing and purchasing groups. In 1944 they had gross income of \$6.4 billion. Both sides are organized for coming fight.

New drive to boot Communists from key offices in CIO may result from Walter P. Reuther's election as president of United Automobile Workers. Reuther, who won election over Communist opposition, wants CIO President Phil Murray to unite UAW, United Steelworkers and Amalgamated Clothing Workers in purge movement.

Outlook for extension of Price Control Act is described this way by one of bills House sponsors: "We'll get it through, all right, but it will be as wide open as the District of Columbia jail."

### Mrs. Kirkpatrick Moran's First Woman Commissioner

MORAN, April 6. — Mrs. T. S. Kirkpatrick is Moran's first woman to be elected to the city council.

Mrs. Kirkpatrick was elected along with two other incumbents, J. G. Morris and A. L. Agnew, in the recent city election, in which three members were chosen.

Mrs. Kirkpatrick came to Moran with her mother, Mrs. M. E. Midkiff, in 1896, and was married to T. S. Kirkpatrick in 1899. They have made their home here all these years, residing at the same place at the corner of Fisher and Walker streets. In January, 1944, Mr. Kirkpatrick passed away. He was then serving his tenth consecutive term as alderman and the council appointed her to fill the husband's unexpired term, which terminates May 1. Her name was placed on the ticket and she was elected for a term of two years.

### Say Amendments to OPA Bill to Anti-Petrillo Law Is Now in Hands of the President

WASHINGTON, April 6. (UP)—Administration congressmen warned today that living costs may be boosted \$500,000,000 a year as a result of amendments to the price control law.

The House Banking Committee voted 15 to 4 yesterday to continue OPA another year until June 30, 1947, but wrote in an amendment restricting the agency's cost absorption program. The bill was expected to reach the House floor April 29.

### INFANTILE PARALYSIS.

Mrs. George H. Pittman of Dallas, Texas representative for the National Foundation for Infantile Paralysis, writes the Daily Press as follows: "Carlos J. Turner of Cisco is Eastland county's chairman for the national foundation. Infantile paralysis victims need financial assistance for hospitalization and treatment will please contact Mr. Turner, or some member of his chapter committee."

WASHINGTON, April 6. (UP)—The Senate approved and sent to the White House today the bill, aimed at James C. Petrillo, which would penalize anyone guilty of attempting to coerce broadcasters in labor matters.

The vote was 47 to 3. Senators voting against the measure were Glenn H. Taylor, D., Idaho, Hugh B. Mitchell, Wash., and George D. Aiken, R., Vt.

The legislation was designed originally to prevent Petrillo, president of the American Federation of Musicians — AFL — from interfering with broadcasts by students from the Interlochen, Mich., Music School. Congress broadened it to cover all broadcasters.

### HERO'S WILL FILED.

EDINBURG, Tex., April 6. (UP)—The will of Corp. Ernest P. Gipsen, Jr., scrawled on the flyleaf of a New Testament shortly before his death in a Japanese prison camp two years ago, was on file today in the county clerk's office here.

WHEEL CHAIR WEDDING—Miss Barbara Reeves flew from England to Chicago to marry Sgt. George Nason, Menominee, Mich., who was paralyzed by machine gun bullets during fighting at Luxembourg. Chaplain Jens Vander Graff performed the ceremony at Vaughan General Hospital, Chicago. T/3 Clyde Lucas, Detroit, is best man.

### Voters Returned 12th-st. Methodist, Shepardists to Build a School Board New Home at Once

Three hundred and ninety-four votes were cast in Saturday's school board election and final tabulation at 7 o'clock last night revealed that W. R. Huestis and F. E. Shepard, present incumbents, had been returned to office. The vote:

- W. R. Huestis ..... 289
  - F. E. Shepard ..... 263
  - E. L. Jackson ..... 138
  - Charlie Burke ..... 97
- Officers of election were A. L. Black, Mrs. L. A. Harrison, Mrs. B. S. Huey and Mrs. Robert Carswell.

### PLANES BREAK RECORD.

LOS ANGELES, April 6. (UP)—Two army jet-propelled "Shooting Star" planes today broke the Seattle to Los Angeles flying record, but one of the planes was forced to land a few miles short of its goal at nearby Burbank, Calif.

### STUDENTS NEED HOUSES.

HILLSBORO, April 6.—Thirty-three war veterans, students at Hillsboro Junior college, in a paid advertisement in the Hillsboro Mirror said they would have to quit school unless the government furnishes housing and corrects other grievances listed.

THEY'RE HOUSING CONSCIOUS—Governors in six midwest states meet in Des Moines, Ia., to talk over housing problems. Their conference had to be postponed until now because of a shortage of hotel rooms in the Iowa city. Left to right, John G. Vivian, Colorado; Edward J. Thye, Minnesota; Dwight Griswold, Nebraska; Fred G. Aandahl, North Dakota; Robert D. Blue, Iowa; and Dwight H. Green, Illinois.

SCENE CHANGES—A Coast Guard combat photographer got picture of Marine Faris M. Touhy in background just after he returned to his transport from assault on Eniwetok Atoll, Feb. 19, 1944. Touhy saw photograph in Washington, D. C., and circulated it. Photo, now in civilian hands.

AQUELLA The New Waterproofing Product

This new product was developed in France for the purpose of waterproofing the Maginot Line. It is now available in Cisco at Cisco Lumber & Supply Co.

WHAT AQUILLA IS - A white powder, composed of properly balanced inorganic ingredients - ground finer than face powder.

HOW IT WORKS - When spread on surface, a chemical reaction forms an insoluble compound. By penetrating the smallest pores, the compound becomes a microporous sealer - expanding to fill each pore when dry (instead of contracting as paints do) and thus providing an absolutely water-tight seal.

AQUELLIZING IS WEATHERPROOFING INSURANCE

Protects you from the discomforts and inconvenience of dampness, moisture and humidity. Protects your health by insuring drier, cleaner, brighter basement or living quarters. Protects your investment in your home and appliances - increases usefulness, life, value of property. Economical in price.

### "Confession."

Those who believe in Christ must confess with their mouth what they believe in their hearts. (Rom. 10:10). The confession to be made is not that we are already saved, nor is it a confession of "how we feel," but is a confession of Christ. (Matt. 10:32). No one in the New Testament was ever required to confess that "God for Christ sake has pardoned my sins." But the confession required by the New Testament church, of those seeking pardon, was, and is, that Jesus Christ is the Son of God; No one in the New Testament was required to promise to abide by the "rules and discipline of our church," nor were they put through any lengthy catechism, or Church Covenant, but when they heard the Gospel and believed it and repented of their sins they were led to confess Christ, upon which they were baptized by the authority of Christ, without having to be passed upon by a group of fallible men! In Acts chapter eight, Phillip preached Jesus to the eunuch. The eunuch demanded baptism, and was told that if he believed with all his heart he could be baptized. He confessed, "I believe that Jesus Christ is the Son of God" (Acts 8:35-38). Upon this he was baptized, and went on his way rejoicing. Having OBEYED Christ, he could rejoice in his promise of salvation.
