Football Game at Chesley Field at 8 Friday Night

Two teams made up from candidates for the Cisco Lobo football team of next fall will play at Chesley Field at 8 o'clock Friday night, says Jack Lauderdale, in charge of publicity for the Junior chamber of commerce, which will sponsor the event in connection with Cisco Athletic association.

The game will be well worth seeing and since the admission fee is very reasonable, with proceeds to be used for further improvement of Chesley Field, attendance should be large.

Adult admission, 25 cents; school students, 10 cents.

WHY ARGUE?
Ever since V-J Day, which most Americans look upon as the end of World War II, we have all recognized a high clamor of communistic propaganda. With sound reasoning, a great many well-meaning people have tried to oppose it on the street corners, to no avail. It is like arguing with a headline in yesterday's newspaper. To be really effective, our opposition must go deeper, much deeper.

There are not many things that I like less or fear more than concentration of political power, government by men rather than by law, and official favoritism for individuals and cliques; and I'm not alone. I am convinced that an overwhelming majority of Americans feel the same way. Consequently I hope these few remarks may improve the measure of protection for us all.

Time for Action.
Wordy arguments never contribute much to the world's progress or to any people's store of knowledge. In fact, taking a stand in opposition to another man's harangue serves without fail to dignify the harangue and call attention to it. Debating a false philosophy always helps it and, unless opposition is well handled, there's a danger of giving more help than hindrance.

The propaganda machine we hear so plainly has been chattering away for two decades. Promotions, good and evil, ride on the wings of news, and news is necessary. Publishers, columnists and radio commentators chronicle real happenings, day by day. Don't blame them. They perform an essential public service.

Find the Source.
Of course there must be a few publishers who are unpatriotic, and writers who would stir up a revolution if they could, but these are not the nation's chief danger. When news is really poisoned, the job is done by those who make news, not those who print and broadcast it. Let us know the truth because the truth will make us free; free from our political enemies as well as other kinds.

Journalists tell me that news articles have value (i. e., deserve prominence) in proportion to the number of people interested. Thus persons in positions of power make news because a lot of people are interested in what these men think and say and do. If rulings they decree or opinions they express seem socialistic, there's nothing honorable for news men to do but tell the people. It's their country.

Starve it Out.
Radical propaganda undoubtedly does this nation damage. I believe a big majority of Americans are wholesome people, love their country and understand what makes it the world's best place to live and most influential power. Just the same, poisoned news gains converts. And so long as men in power wish to gain more power, the campaign for collectivism will be carried on.

At its source is the best place to quiet the voice of socialist promotion. Men who hanker to boss the schools, control hospitals, limit production and eternally fix prices ought to be put where their every word and deed does not make news—out of power. There is a sure way: Stop the flow of revenue out of the Treasury into the hands of such appointed "rulers." That will start immediately and effectively to solve the problem of collectivist propaganda.

TURKEY THANKS U. S.
WASHINGTON, April 9.—President Ismet Inonu of Turkey today expressed "friendship and gratitude" for this nation's sympathy in returning the body of the late Turkish Ambassador, Muri Ertegun. He hailed the accompanying visit of American warships as "strengthening mutual friendship and confidence."

By United Press.

WASHINGTON, April 9.—Two congressional committees today rejected compromise proposals to stop draft inductions May 15.

The Senate and House Military Affairs committees, in turning down the proposals, indicated they would approve a measure more satisfactory to the Army and Navy, which have requested a one-year extension of the draft.

Both the House and Senate committees defeated proposals for extending the selective service act, but prohibiting induction without specific congressional authorization.

The House committee planned to vote later on a bill to suspend induction, but give the president authority to start them again on Dec. 15, if the Army and Navy fail to meet their manpower requirements with volunteers.

The Senate committee postponed final action until Thursday. The committee then will take up a number of proposals for extending the draft.

These proposals will include—

1. A one-year extension of inductions for an 18-month "hitch." All men having completed 18 months service would be released immediately.
2. Continuation of conscription, with the Army specifically prohibited from drafting men that would place its strength above the present goals — 1,550,000 on July 1 and 1,070,000 on July 1, 1947. The draft would be linked with a vigorous recruiting drive.
3. Quick pay increases to attract volunteers. The selective service act would remain on the books and be ready for use at any time.

UNO Tension Less as Grumpy Gromyko Reenters Fold

NEW YORK, April 9. (U.P.)—The United Nations Security Council today unanimously adopted a proposal by Soviet Ambassador Andrei A. Gromyko to hold two special meetings a year at which members and foreign ministers would be expected to attend.

Gromyko, returning to the United Nations Security Council for the first time in 13 days, had resumed his role of Soviet delegate by making the proposal.

Today's meeting was a sharp contrast to the one on that rainy afternoon two weeks ago, when Gromyko shocked the world by packing his papers and walking stiffly from the chamber after two days of bitter debate because the council would not postpone consideration of the Iranian case until April 10. Then Gromyko walked out merely saying, "I therefore leave the meeting."

He announced his return to the council table today with even fewer words. At his hotel this morning he told reporters "I shall go," when asked about today's meeting.

Thirteen days ago the atmosphere was tense — the outlook for UNO grave.

Today all was peaceful on the surface. There was confidence among the delegates that the Council has survived a serious crisis.

The day's agenda was adopted with out question. It included only a report of experts on suggested provisional rules on procedure. Dr. Yuen-Li Liang, chairman of the expert committee, was invited to the table to describe his group's work.

It was the first day in two weeks that Iranian Ambassador Hussein Ala had not been present at the Council meeting. He had planned to return to Washington today, but postponed his departure for several days, in the event the Council wants to recall him.

Would Up Old Age Insurance, Widen Social Security

WASHINGTON, April 9. (U.P.)—Secretary of Labor Lewis B. Schwellenbach today urged congress to broaden the social security law to include some 20,000,000 unprotected persons and provide sharp increase in old age insurance benefits.

Schwellenbach also urged payments to disabled workers under the social security system and reduction of the age for a wife's benefit from 65 years to 60.

He said the time has arrived to extend social security coverage to domestic servants, agricultural workers, the self-employed and employees of educational, charitable and other non-profit organizations.

U. S. Child Delinquency Seems to Be Spreading

AUSTIN, April 9. (U.P.)—If Austin Junior High School children don't quit tearing up special school buses, service will be discontinued, the school board was warned Monday night.

Ed Tate, veteran bus driver, said a junior high school club called "Blood and Guts" has an initiation requirement specifying how much damage prospective members should do to buses before becoming members.

Frank Hemby, manager of the Austin Transit Company, said the behavior of children riding from the junior high school to homes in the better residential districts resulted in breakage of an average of three windows a week and destruction of 10 seats a month.

He said service would be discontinued if parents or teachers could not be put on buses to supervise.

The school board replied it had no jurisdiction over pupils after they left school.

CENTENARIAN DIES.

BALLINGER, April 9.—Friends here learned this week of the death of Mrs. Henrietta Burrows, until four years ago a resident of Ballinger, who was buried in Houston a week ago after a life-span of 100 years. She had lived here 50 years before moving to Houston to live with her son, Frank Burrows.

NUMBER 2,000,000—Roy Harold O'Hare, 21, left, Detroit, receives the Navy's 2,000,000th honorable discharge from Capt. A. A. Clarkson, commanding officer of Navy Personnel Separation Center at Great Lakes, Ill. O'Hare spent 33 months in service and was a Quartermaster second-class when released.

Fire Department Worldwide Race to Sponsor Dance for A-Bomb Supremacy Costly

Cisco volunteer fire department will sponsor a dance to be held at Cisco Country club the night of April 15. Leonard King's eight-piece orchestra will furnish the music and table reservations may be obtained by telephoning James Waddell at 417. Admission will be \$1 per person.

Jay Garrett, in charge of publicity for the department, reports a good attendance at the district firemen's convention held in Albany, April 5. Cisco firemen won first and second places in the two races run — pumper hookup and the six-man hookup. The Cisco racing team was composed of Chief H. O. Anderson, John Potter, Arlin Agnew, James Waddell, C. Smith and Charles Huntington.

There are 16 towns in the Cisco district and practically all of them had delegates at the meeting. The conventions are devoted primarily to the discussion of fire prevention and fire-fighting equipment and technique. A barbecue supper was served following the races.

OLD TIMERS PASSING.
CORNICANA, April 9. — Four Corsicana residents died during the weekend, their ages totaling 357 years. They were: Elizabeth Woodville Barley, 87; Mrs. Elizabeth Morrow, 88; Ed Willis, 88; and Mrs. Sallie P. Cromwell, 94.

FORMER SHERIFF DIES.
SAN ANGELO, April 9. — Funeral services for Frank Van Court, 74, pioneer West Texan, were held here today. Van Court, a former sheriff of Tom Green county, was found dead in his bed Monday.

LOST — Small package of film. Finder return to Palace theater for reward.

Junior Chamber Furniture From Camp Bowie For 82 Members Junior Colleges

Cisco Junior chamber of commerce held its third meeting last night when 36 new members were added to the roster, bringing the total membership to 82.

The program started with the introduction of the new members, followed by an interesting talk from N. D. Gallagher, who described in detail the new brick and tile plant which will soon be in operation in Cisco. Mr. Gallagher displayed several types of clay tile, brick and pottery made from Cisco clay. He also said that geologists have recently stated that Cisco and this area possess one of the best grades of clay to be found in Texas, and that Cisco may soon see another brick plant here.

Robert H. Herring of Breckenridge, congressional candidate, was present and gave a description of the atomic bombs used on Japan in the last days of the war.

After the program the regular business session was held, when plans were submitted and voted on as future projects of the organization.

"Purpose of the Junior body," a spokesman reminded, "is to be of benefit to the community, and it is our belief that soon the people of Cisco will begin to see some real progress that they may well be proud of."

Tonight's Fracas Be End of Present tenpin tournament

With tonight's battle between Nance Motor and West Texas Utilities, and Collins Hardware and Cisco Lumber & Supply, the men's local tenpin tournament will come to an end. Final standing of all the teams will be carried in Wednesday's Daily Press.

Last night Firestone won two of the three games with Cisco Gas Corporation and Humble Pipe Line took two from Van Gardenhire's Comedians.

High men included I. J. Henson, 535; James Moore, 530; John Farleigh, 510; Henry Curtis, 510. League members absent were G. Damron, Charles Burke, Karl Armstrong, Pete Nance, G. C. McGown.

Manager Greer announces that two five-man teams from Ranger will be here Wednesday night for a scrimmage with two Cisco teams.

The furniture was contributed to the hospital at Camp Bowie by Eastland county through the efforts of the Eastland county Camp Bowie Camp and Hospital council.

Mrs. Edward Lee of Cisco, member of the executive board of the council, announced the gift and stated that other towns in the Eastland county council had waived their claim to the furniture, in order that it might be directed to veterans' use. Mrs. Louise Weber, Eastland county chairman of the council, aided in the transaction and approved the gifts.

The furniture consists of two divans, two lounges, one game table with four chairs, two end tables and one desk for each of the colleges.

Mrs. Lee explained that disposition of the furniture had to be decided quickly as officials at the camp were eager to have it cleared from the building.

Dr. G. C. Boswell stated today that the furniture given Ranger College will be used to furnish Little Auditorium at the college, to which all veterans in the college will have access.

END OF THE BOSTON—Last remaining vessel of Adm. Dewey's Spanish-American War fleet, the cruiser USS Boston, has been declared a hulk and dangerous to navigation, and the Navy has doomed the vessel. The Boston now rests on a mud flat off Yerba Buena Island, San Francisco. It has been used as a radio training ship.

WANT A CAR? MAKE IT YOURSELF—Emory Kent, Wichita Falls, Tex., mechanic, made this automobile for his daughter, Helen, 14, out of discarded parts. It goes 50 mph, gets 55 miles per gallon of gasoline.

NIGHT PLANE WEST.

HERE in the dark — a vibrant night-bird homing — The great plane chants an iron symphony. A Marseillaise of man's uncharted roaming. Rising on wings of sheer audacity. Yes, we are free — the earth no more can bind us. The sea of chaos is a dwindling pond. The cities' winking lights we leave behind us. Mounting the clouds to lovelier lights beyond. Someday the ships of space shall sail serenely. Clearing the stratospheres of utter night; The clustering galaxies, majestic, queenly. Shall twinkle out behind our homeward flight; But with the last star gone, the last gulf crossed, Man may find something — something — he has lost. —Lilith Lorraine in Verse Craft.

Our Policy on NEW CAR ORDERS
in accordance with fair procedure

We are now accepting orders for earliest possible delivery of new cars. However, as you know, there are not enough new cars for all who want them. Therefore, we want to make a clear statement of our policy . . . so that everyone will know exactly how we are handling orders for and delivery of new cars during the current shortage period.

- 1—We intend to fill orders for new cars in the order in which they are received. There are two exceptions to this basic rule—
- 2—We will definitely reserve a percentage of our cars for those who have served in the Armed Forces. We feel sure that all our customers will agree with the justice of this exception.
- 3—If definite need for a new car is a factor, we will, in the public interest, determine such cases on the basis of the now abolished, but publicly accepted, OPA priority lists.

This policy is in your interest. We are following it because we want to serve you fairly and well today as in the past. The Ford Motor Company and we ourselves are making every effort to deliver your new car promptly and honestly.

AQUELLA
The New Waterproofing Product

This new product was developed in France for the purpose of waterproofing the Maginot Line. It is now available in Cisco at Cisco Lumber & Supply Co.

WHAT AQUILLA IS—A white powder, composed of properly balanced inorganic ingredients — ground finer than face powder.

HOW IT WORKS—When spread on surface, a chemical reaction forms an insoluble compound. By penetrating the smallest pores, the compound becomes a microporous sealer — expanding to fill each pore when dry (instead of contracting as paints do) and thus providing an absolutely water-tight seal.

AQUELLIZING IS WEATHERPROOFING INSURANCE

Protects you from the discomforts and inconvenience of dampness, moisture and humidity. Protects your health by insuring drier, cleaner, brighter basement or living quarters. Protects your investment in your home and appliances — increases usefulness, life, value of property. Economical in price.

BRIEFLY TOLD

Frank Clements, nephew of Joe Clements and grandson of Mrs. R. T. Porter, spent the weekend in Cisco and is now in Dallas for a few days. His mother, Mrs. J. J. Clements, lives in Lubbock. Mr. Clements arrived in the states in March from Iwo Jima and has been discharged from the service. He is 26 years old and was born in Cisco.

J. N. Williams of Putnam transacted business here over the weekend.

Elvie Folmer, owner of Cisco Steam laundry, left Monday to attend a state laundry convention

at San Antonio. Mr. Folmer's brother-in-law, L. T. Rushing, owner of the Ranger steam laundry, accompanied him.

Misses Dorothy Nell Pugh and Dorothy Jackson left today on the Sunshine for Denton to resume their college work after visiting their parents in Cisco over the weekend.

Miss Mary Frances Keough of Dallas visited her parents Mr. and Mrs. Edward J. Keough here over the weekend.

Among out of town relatives and friends here Saturday to at-

tend the funeral of Mrs. G. W. Pence were: Rev. and Mrs. Turner, J. E. McDermott, Mr. and Mrs. Alton McCauley, Dallas; Mr. and Mrs. Derrell Sparks, Mr. and Mrs. Norris Sparks, Corpus Christi; Mr. and Mrs. Lance Miller, Amarillo; Mr. and Mrs. Jesse McClain and daughter, Big Spring; Mr. and Mrs. Nelson Rose, Glade-water; Mr. and Mrs. O. C. McDermott and family, Tyler.

Jimmy Laird, first class seaman, is spending a 36-day leave here with his parents Mr. and Mrs. E. L. Laird of 1408 west Sixth street. He had been absent fourteen months and served on the USS Catskill.

Jimmy Pollard, grandson of Mr. and Mrs. R. D. Vanderford, is reported quite ill in Bethany hospital, Wichita Falls. Pollard, who served with the Marines on Iwo Jima and other islands of the Pacific, is now attending Junior college at Wichita Falls.

Mr. and Mrs. C. P. Cole were overnight guests Sunday of their son and wife Mr. and Mrs. O. B. Cole of Abilene. They were accompanied to Abilene by Mrs. Kate Richardson, who visited there with her daughter Mrs. John L. Higdon and family.

Mrs. A. E. Waddell and daughter of Putnam were shopping Saturday in Cisco.

Cisco Music Study club will meet Wednesday morning at 9:30 at Women's club house, with Mrs. Theresa Weddington as hostess.

Mrs. Frank Moore of Brownwood is a guest of her daughter and son-in-law Mr. and Mrs. Tom Nabors.

Cisco friends will be interested to know that little Mary Louise Noel, daughter of Mr. and Mrs. Edgar Noel, former Ciscoans now living in Fort Worth, was winner in the baby contest recently put on there by Sneed Studios of that city. Five hundred children were entered in the contest. Prizes were a

forty dollar war bond and a large silver cup.

Mrs. Norene McCharen and son visited relatives at DeLeon Sunday.
