Big Three Stage a Bitter Debate Over Iran Dispute

By United Press.

NEW YORK, April 16. — United Nations Secretary General Trygve Lie today forced a surprise postponement of a Security Council showdown with Russia on the Iranian case by suggesting that the Anglo-American demand for keeping Iran on the agenda might be illegal.

After a short morning session, the Council adjourned until 3 p. m., tomorrow, to begin debate on Poland's charges against Franco Spain. It deferred until after Thursday a vote on the Iranian case to give its experts a chance to study and report on Lie's unexpected opinion, which appeared to side with the Soviet view.

The surprise turn of events on the tangled Iranian case came as the United States and Britain, supported by five other council members, were ready to vote down the Russian demand — now supported by Iran — to drop the Iranian case immediately.

The Council's decision came as an anti-climax to one of the angriest and bitterest Big Three debates since the Council moved to the New World. U. S. Delegate Edward R. Stettinius Jr., and the Soviet delegate Andrei A. Gromyko, prolonged that debate a little this morning.

Stettinius flatly repudiated Gromyko's charge that the U. S. was acting in bad faith and indirectly accused Russia of using her troops in Iran to force a last-minute reversal of that country's position.

Gromyko rejoined that Stettinius still was sacrificing logic "to inflate and prolong the Iranian dispute."

WOULDN'T HELP, NOWHOW. — AUSTIN, April 16. — Gov. Coke Stevenson today was asked whether there was any prospect of Texas going under daylight saving time and replied, "we just got out from under that monstrosity a short time ago."

SIGNS PETRILLO BILL. — WASHINGTON, April 16. — President Truman signed a bill making it a federal offense to use coercion against radio broadcasters. The law is aimed at the AFL Musicians union headed by Czar James C. Petrillo.

REPUBLICANS OPEN FIGHT. — WASHINGTON, April 16. — House Republicans today opened a battle to limit price control extension to March 30, 1947, and to force OPA to give producers a "reasonable profit" on every item they sell.

CIO POLITICOS BUSY. — WASHINGTON, April 16. — The CIO Political Action Committee today adopted a legislative program and urged voters to support congressional candidates who will work for it.

ASKS HELP FOR UNRRA. — Fiorello H. LaGuardia, head of UNRRA, in an appeal at University of Vermont in Burlington, Vt., asked U.S. to send 700,000 tons of wheat to starving Europe.

Vets Help Stop Attacks on Non-Striking Miners

BUTTE, Mont., April 16. — Volunteer war veterans and members of the striking CIO miners' union were credited by Silver Bow county Sheriff Al McLeod today with helping bring about at least an armistice in the war of nerves and axes that has kept this copper capital of 40,000 and its suburbs on edge for three days and nights.

Heading for home and bed for the first time since Friday night, Sheriff McLeod declared:

"We don't expect any more trouble, and won't need outside help. But I've been authorized to swear in 100 special deputies and I expect to have them all today, just in case."

He said many of the 55 he had sworn in by this morning were American Legion members and other veterans, all of whom volunteered.

Last night — while police and sheriff's officers waited for telephone callers to carry out their threats to visit still more homes of non-strikers — representatives of the International Union of Mine, Mill and Smelter Workers (CIO) patrolled Butte and areas south and west of the city to plead with crowds to keep order.

OPA Meat Regulations Being Flagrantly Violated

WASHINGTON, April 16. — Senators investigating the meat black market today heard testimony that many of the nation's storekeepers are flagrantly violating OPA regulations because they are forced to forget their scruples.

George R. Dressler, executive secretary of the National Association of Retail Meat Dealers, told the Senate Agricultural Committee that "flagrant and intentional violations" occur every day.

WOULD SEVER RELATIONS. — WASHINGTON, April 16. — Twelve congressmen urged today that the administration sever diplomatic and commercial relations with the Franco regime "to air the Spanish people in their battle for liberation."

SOLVES PARKING PROBLEM—Al Beech, Fort Worth, Tex., restaurant operator, used to pay \$45 monthly for overparking. Now he simply fills a tin cup beside the parking meter with nickels and lets this sign do the rest: "If this meter needs a nickel, please take one from this can and put in meter."

Church of Christ Pentecostal Re-Speaker Inter-ival is Drawing Large Crowds Large Audiences

Services were well attended at the initial session of the gospel meeting now in progress at Cisco Church of Christ, said G. S. Westbrook, the minister. Evangelist E. R. Harper of the Fifth and Highland-st. church, Abilene, is doing the preaching.

"Brother Harper is a fine speaker," Mr. Westbrook said, "and presents his messages straight from the Bible in a forceful but kind and courteous manner. He exalts God and His Christ, as the need of our world today."

This meeting will continue nightly at 8 o'clock through Wednesday of next week. More than a welcome is promised to all who attend. Mr. Westbrook added.

"WE WANT CORE."

KERRVILLE, April 16. — Residents of Kerr county, in the vicinity of Governor Coke Stevenson's ranch home, have launched a movement to put the chief executive up for re-election. An estimated 1,000 persons have signed a petition asking the state Democratic executive committee to place the governor's name on the primary ballot.

The revival which started at Pentecostal church Sunday morning is getting under headway remarkably fast, says the pastors, Rev. and Mrs. J. E. Blackwell. At the Sunday night service upwards of 400 people packed the building to its capacity.

Rev. S. H. Williams, who is doing the preaching, is bringing wonderful messages, Mr. Blackwell states, and he extends a welcome to all to come and enjoy the gospel sermons and the good singing.

Services start promptly at 7:45 each evening.

CALLAHAN WET WELL.

The Boyd Gillispie No. 1 Windham, section 145, BBC railway, six miles south of Baird, Callahan county, is reported to be spraying oil, with 3,210 cubic feet of gas.

JONES IS FEARFUL.

WASHINGTON, April 16. — Former Secretary of Commerce Jesse H. Jones believes approval of the proposed \$3,750,000,000-B-British loan "would start the United States down a financial road that is likely to lead to disaster."

Many Friends of Mr. Slicker Attended Last Rites

The funeral of Homer P. T. Slicker, held at his late home on west Tenth street at 11 o'clock Monday morning, was attended by a very large number of friends and acquaintances and the floral offerings were unusually numerous and beautiful.

Rev. E. S. James, Vernon Baptist minister and former Cisco pastor, conducted the last rites and paid the deceased high tribute as an honest man, progressive citizen, sincere Christian and a devoted lover of home and family. Following the services at the residence, the body was laid to rest in Oakwood cemetery by Thomas funeral home.

School Dismissed For Funeral of Murdered Pair

TEXARKANA, April 16. — Funeral services for Paul Martin, 17, and Miss Betty Jo Booker, 15, school sweetheart victims of a double murder here Sunday, were to be held within a few hours of each other in the same church here today.

School was dismissed today so that hundreds of school friends of the young pair might attend the services in Beech Street Baptist church at 10 a. m. for Martin and at 2 p. m. for Miss Booker.

Meanwhile, under the direction of Texas Ranger Capt. M. T. Gonzales, a score of officers of Texas and Arkansas were pushing a day-and-night search for the killer and the motive. He said both of the victims had put up a struggle before being shot to death. The bodies of both bore bruises and lacerations. Martin was shot four times; Miss Booker twice.

Miss Alice Johnson, 74, Buried in Oakwood Today

Miss Alice L. Johnson, a Cisco resident for 42 years, who would have been 74 years of age in June, died at 3:15 yesterday afternoon in a local hospital, where she had been under treatment for a week. Johnson and the body was laid to rest in Oakwood cemetery this afternoon beside the parents, following funeral services at First Presbyterian church at 4 o'clock today. Rev. J. W. OPEN FORUM.

Wide-open Competition.
Editor Daily Press:

I believe it was Elbert Hubbard who gave the definition of Initiative as "Saying and doing the right thing at the right time." In the Open Forum of your issue of Sunday, April 14, our fellow townsman, Mr. D. E. Waters, meets Mr. Hubbard half way and, I think, says the wrong thing at the right time.

I do not believe any self-respecting returning G. I. Joe wants to be greeted by a fomentation of discrimination in his favor, any more than he would appreciate discrimination against him, and we know that would be nauseating in the extreme.

All the G. I. Joe's that I have talked to do not want to be placed on a pedestal and given a sugar tit. They want to be recognized as HE MEN, able to stand up and "take it on the chin," as they have shown themselves in the physical combat of the Nations.

They want a chance now to show their mental, moral and spiritual stamina, as they have shown their physical stamina.

Of course, if any of them should seek activity in the field of politics, he should be carefully weighed in the balances for the position he seeks; and I am sure he would not court it but, I am equally sure our citizenship would give him the benefit of any doubt, but that is as far as his consideration ought to go, and, I am sure, that would be the limit of his appreciation.

When we thoughtfully consider the discriminatory inclination of myriads of organizations in our world the last quarter of a century in the name of EDUCATION, our hearts are made sick and our spirits cry to God for succor. They have wellnigh made Charlie McCarthys and Mollie Makebeles out of our entire citizenship,

and the people do any darn thing they are told to do.

And now, Mr. Editor, I have gone this far without "preaching," and I beg of you to allow me to say that I believe not only the G. I. Joe, but all our citizenship are sick and tired of the manner in which the platform of the Golden Rule, Matt. 7: 12, has been demolished by these varied organizations in the name of Education, and we will never be quite happy until we rebuild that platform.

ANY BRIDGE OF PEACE by the United Nations Organization that is not undergirded and reinforced by the Golden Rule, Matt. 7: 12, will sink into the sands of Oblivion, and leave a stench in the nostrils of the God of our Creation.

W. I. GHORMLEY.

Same, Except in Name.
Editor Daily Press:

There is no longer any difference between the Democratic and Republican parties except in name. Both are internationalist, both are deflationist, both are for the FEPC, and both are courting the communists and negroes. While the Democrats have their Wallaces, the Republicans have their Stassens.

We must rescue the Democratic party from the Communists now in control of both state and national committees, or organize a Southern Democratic party that stands for constitutional government and for white supremacy and the repeal of the 14th and 15th amendments. Such a party may not be able to elect the President on the first round but it will at least have as much influence as the negroes of Harlem.

We are now the unappreciated tail of the Democratic party; a southern party will place us at the head of it. We will then have the balance of power instead of the negroes. The repeal of the 14th and 15th amendments will, of course, do a better job, for such repeal will disfranchise the negroes and foreigners, and ipso facto eliminate most of the Com-

munist and corruptionists; our political alliance with them is a misfit. GEO. W. ARMSTRONG, Fort Worth, Texas.

GOOD JOB - but what about MONEY?

A LOT OF THINGS go to make a good job. Interesting work, vacations, the people you work with. But the big consideration is money. Take-home pay - savings - provision for the future. Those are the things that count.

Compare the average job with a job in the Army. Suppose you make \$200 a month, when you're working. After all the deductions have been taken out - and after paying for rent, groceries, clothes and doctors' bills - how much have you left?

Army pay starts at \$50 a month for a Private. But a big proportion of men in the new peacetime Army are specialists, with higher grades and pay. Suppose you're a Technical Sergeant, making \$114 a month base pay. You get your food, clothing, housing and medical and dental care free. Insurance, amusements and incidentals cost you far less. And if you enlist before July 1, 1946, you get a family allowance for your dependents. You'll have money to save!

With a yearly 30-day furlough with pay, you work eleven months and get paid for twelve. You get the best technical training in valuable trades and skills. Chances for advancement are excellent. On a 3-year enlistment you can choose your branch of service and overseas theater - and overseas service pays you 20% extra! If you enlist before October 6, 1946, upon discharge, you'll have the privileges of the GI Bill of Rights.

The educational privileges alone after a 3-year enlistment are worth more than \$5000 (48 months of college, trade or business school - free!). Where else could a young man save that much in 3 years?

The Smoke that Showed
...the way the wind would blow

STREAMERS of black smoke pouring from the funnel-shaped stacks of the Texas and Pacific trains trailed across the hills and prairies of the Southwest during the early 1870's. It was prophetic smoke... it showed the way the wind of destiny blew... it was a harbinger foretelling the coming greatness of this vast area. For the coming of the Texas and Pacific brought with it the opportunity for economic and industrial progress and linked the Southwest with the markets of the nation and the world. Yes, the railroad helped make possible the development of the Southwest's might resources and gave impetus to

the growth of towns and cities along its route. This year the Texas and Pacific celebrates its Diamond Jubilee... 75 years of service to the great Southwest. As always, its purpose is to provide fast, dependable rail service for industry... to give its passengers comfortable, safe, swift transportation. Today the Southwest stands on the threshold of a new era of industrial development and again the Texas and Pacific points the way the wind will blow... it is geared to set the pace for even greater growth, greater progress and greater prosperity for the Southwest.

EVERYBODY'S BUSINESS!

Gossip over a back fence is everybody's business! . . . And, in quite another way, your electric company, too, is *everybody's business!*

It belongs to you—to the man next door and the woman across the street—to the people who rub shoulders with you in shops and trains and buses.

All types and kinds of folks are on our stockholder list—housewives, farmers, merchants, teachers, doctors, nurses. They're the *direct* owners.

And there are countless *indirect* owners. Even if you don't own a share of our stock yourself, you probably have a stake in this company through your life insurance policy or savings account.

Why? Because banks and insurance companies—who handle your savings—must invest those funds wisely. Next to War Bonds, one of their largest investments is public utility securities. They know that sound *business* management has made cheap, dependable electric power a basic part of the American way of life.

So, whether you realize it or not—your electric light and power company is not just *our* business—it's *your* business.
