## Senate Now Has the Battered Price Control Bill

### PTA Installs New Officers; Hears Panel Discussion

Cisco Parent-Teacher association met yesterday afternoon in the west ward school building and held a most interesting session. The retiring president, Mrs. Fred Scott, presided and two songs by children of the three second grades opened the program. The children were directed by Mrs. R. N. Chuck, following introduction by Mrs. R. E. Grantham.

Other musical features were Dot and Dash Crofts in a piano duet and two piano numbers by Johnnie Turner.

Mrs. Sutton Crofts was elected president and Mrs. Lee Heltzel was chosen as program chairman. Mrs. Cecil Adams was elected finance chairman following the resignation of Mrs. J. R. Deen. These three, together with other officers previously elected, were then installed.

A tea honoring the state president, Mrs. Kelly Farrar, was announced for April 28, 3 until 6, at Laguna hotel. The tea will be sponsored by American Legion auxiliary and all Cisco civic clubs are invited.

It was announced that a PTA county council will be held at 3:30 tomorrow afternoon in the south ward school building at Eastland. In the room count Mrs. R. E. Grantham's room won for the lower grades and Mrs. Irene Hallmark's room for the higher grades. Speakers participating in the panel discussion conducted by Mrs. Sutton Crofts, included Mrs. Carroll Smith, formerly of Chicago, and Mrs. Waters, formerly of Longview. The names of other new citizens who took part were not furnished the Daily Press, but all of the talks were highly informative in describing various PTA plans and methods used in other cities.

**LOSE RULES FIGHT.** NEW YORK, April 18. — Soviet Russia was reported today to have lost a strenuous battle behind closed doors to have the United Nations security council's procedure experts rule against further consideration of the Iranian case.

**DENIES BRITISH RIGHTS.** TEHRAN, April 18. — Iran today challenged the British protectorate over the oil-rich Bahrain island in the Persian gulf and asserted that she considers the island an integral part of Iran. The government issued a decree ordering that taxes be levied upon Bahrain oil production just as they are levied upon the production of the Anglo-Iranian oil company in southern Iran.

### Federal Red Tape Hurts Vets Says Bryan Bradbury

The sixth congressional candidate to announce in the Cisco Daily Press is Bryan Bradbury of Abilene, who was given his discharge from the navy a few days ago. Mr. Bradbury is a former state representative from Taylor county. Excerpts from his statement follow:

In am a candidate for the United States congress because I believe in human liberty. The most important issue facing this Republic today is the issue of liberty.

The greatest freedom for the people is found in a simplified government. The affairs of government have become so complex, so complicated and so entwined in "red tape" that we are forced to ask ourselves, "Am I a citizen or am I a political slave."

We are losing our liberty because the voice of the people is not heard with sufficient force in the halls of our congress. We are the victims of pressure groups, selfish interests, and political plunderers.

One reason for this is due to the fact that our congress is now operating under rules, traditions and procedures that are a hundred years out of date. The procedure is such that the wishes of the masses of the people cannot effectively be carried out.

The "seniority" rule and the "gag" rule and the worn out legislative machinery are the tools whereby a few selfish men can control and dominate our legislation. This is invisible government. Invisible government must go.

Under the "seniority" system a member of congress becomes chairman of a committee just because he has been there longer than anyone else regardless of his ability or his background. Time and not brains is the measuring rod. How ridiculous.

I do not believe that a member of congress should be forced to sit in a corner for ten years before being recognized or given consideration. When I go to congress I will speak whenever I have something to say and won't play second fiddle to any self-appointed congressional dictator.

We need new ideas in congress. The old beaten path is littered with political corpses; we must be willing to dare and to do.

As a veteran who served in World War II as an enlisted man, I am well acquainted with the problems of the veteran. The large quantities of surplus property that was to be sold to returning service men in order to give them a new start in life has to a large extent been wasted, destroyed, or lost in red tape. Many veterans have traveled thousands of miles, stood in driving rains and held priority certificates for months and have been unable to secure any surplus property at all. This shameful practice must be changed.

There is enough surplus lumber and building materials in closed army camps and navy bases to build a million homes. Unexcused delay should cease. Homes should be immediately provided. It can be done with the use of some initiative and foresight.

The "GI" bill of Rights has some worthy features but in many respects is the "GI" Bill of Disappointment. It must be amended in order to become the "GI" Bill of Opportunity.

**SEABOURN IN CHINA.** Mrs. D. W. Seabourn of Cisco this week received a letter from her grandson, Pfc. Estel Seabourn, 19, who is serving with the Seventh Marines in North China. The young man was born in Cisco and attended the Cisco schools. He has been overseas a year and wrote that he was in good health and getting along all right, but would be glad for the day to come when he could return to the United States. His father, Gus Seabourn, is employed in the Iran oil fields.

By United Press

WASHINGTON, April 18. — A rebellious House today passed and sent to the Senate an amendment-riddled price control bill, despite warnings by Economic Stabilizer Chester Bowles that it would start the nation on an inflationary "joy ride to disaster."

The final vote passing the battered bill was 355 to 42.

It was one of the worst legislative defeats suffered by President Truman, who has requested a one-year extension of price control, without crippling amendments.

The measure would extend the price control act only until next March 31. It carries a series of amendments which administration supporters said would "wreck" price control.

The amendments provide for elimination of meat subsidies on June 30, with a corresponding rise in prices, termination of all price rollbacks on farm products next Dec. 31, and a guarantee of cost-plus-a-reasonable-profit to producers, distributors and retailers on all items.

A spokesman for the Office of Economic Stabilization said that if Congress enacts the House version or similar "unworkable" legislation before June 1, there is "a damn good possibility" that Mr. Truman will veto it and ask Congress to start over again on a bill more acceptable to the administration.

### Texas Wants President to Free Oil From OPA Control

AUSTIN, April 18. — The Texas railroad commission today wired President Truman that petroleum production is in balance with consumptive demand and blamed OPA oil controls as working against national security.

The 700-word telegram, described as "a factual statement to which no answer was requested or expected," asked that OPA controls on petroleum and all its products be dropped immediately "in order that further wasteful overproduction of gasoline may be avoided."

All three commissioners signed the message.

"The Navy's fuel oil shortage was brought on by OPA restrictions," the commissioners stated, adding:

"Refiners lost money on manufacturing fuel oil at the rate of about one cent a gallon so therefore they manufactured as much gasoline as they could out of a barrel of crude and correspondingly just as little fuel oil as possible."

The commissioners told the president that they felt they are being fully cooperative and have always been proud to do their part.

"We therefore respectfully request that you call attention to the proper authorities that there should be no further hesitation in the prompt and immediate decontrol of petroleum and all of its products."

"We make this plea in the interests of supplying the Navy's fuel oil requirements and in freeing independent operators and independent refiners from the shackles of control that is resulting in the oil industry fast coming into the hands of a few majors and driving the independent operator and refiner out of the field."

**TWELVE MEN KILLED.** McCOY, Va., April 18. (UP) — Twelve men were killed early today in a mine explosion of the Great Valley Anthracite Coal Corp., and rescue workers were unable to enter the mine until late this afternoon.

### Pertinent Query Put to State Office Candidates

DALLAS, April 18. (UP) — Candidates for state office in Texas had a second questionnaire confronting them today with the announcement by the Southern Democratic club that its questions on political standings were in the mail.

The organization, headed by J. Hart Willis of Dallas, stands for the same issues as the 1944 version of the Texas Regulars.

Among questions asked was: "If elected to office, will you vigorously resist the continuous activity of the federal bureaucrats to take over the functions of the state government?"

### Order to Cut U.S. Flour Supplies 25 Pct. Held Up

WASHINGTON, April 18. — President Truman today asked Former President Herbert Hoover to interrupt his worldwide famine inspection trip and return immediately to report his "eye witness account of the necessity for greater assistance from this country" to starving nations.

A British-Canadian - American deadlock today over ways to ease the world food crisis delayed an order which would put this nation on a diet of less bread and flour.

Representatives of the three countries met yesterday at another of a long series of meetings of the combined food board. But they failed again to agree on what each should do in the way of contributing wheat and flour to famine-stricken areas.

Secretary of Agriculture Anderson has ready an order to cut American supplies of flour 25 percent, but he is withholding his signature pending further efforts of the three countries to agree on joint relief efforts.

American government is taking the position that the major burden is falling upon this country and that Canada and Great Britain could contribute more than they have offered.

**DRUNKS MENACE LIFE.** AUSTIN, April 18. — Advice to "drive defensively" was given here today by Homer Garrison, director of state police, as he explained "drive like the other fellow is drunk or crazy and stay out of his way."

The advice came upon report from the state police statistical bureau that drivers who had been drinking participated in 29 per cent of accidents.

**"MY BOY!"**—Mrs. Elvira Costa, after a nine-hour wait at La Guardia Field, New York, flings herself into the arms of her son, James Cunha, New Bedford, Mass. Cunha was not aware of his mother's arrival in the country in time to meet the plane. Mrs. Costa hadn't seen her son for 15 years.

### French, Spanish China Joins U. S., Communists Are Britain Against Threat to Spain Pole Resolution

MADRID, April 18. (UP) — Spain has accused France of violating their common frontier it was leaped today.

Foreign Minister Martin Artajo handed the British Ambassador a note Monday in which the charge of frontier violations were made.

The note listed alleged activity of French and Spanish Communists along the border.

**Olden Postoffice Robbed of \$308 Wednesday Night**

The postoffice at Olden was entered and robbed of more than \$300 last night, says Mrs. Stella Jarrett, postmaster. After breaking through the front door, the thieves prized the safe door open.

Mrs. Jarrett estimated that the government's loss was about \$200, while funds belonging to her totaled \$108.

The theft was discovered at 6 o'clock this morning, when the postmaster opened the office. She found checks, money orders and money order blanks scattered about, but all money had been removed.

NEW YORK, April 18. (UP) — China virtually doomed the Polish resolution for diplomatic "quarantine" of Franco Spain to defeat today by siding with the United States and Great Britain in the United Nations Security Council against collective action against the Franco regime.

But the Soviet Union continued the fight for diplomatic intervention in Spain to liquidate Gen. Francisco Franco and warned the Council members that the price of the non-intervention policy of the old League of Nations on the Spanish issues was "heaps of corpses and rivers of blood."

**16 Cents an Hour Hike Frowned on By Brotherhood**

WASHINGTON, April 18. (UP) — A wage increase of 16 cents an hour was recommended today for more than 200,000 railroad engineers and trainmen by a special fact-finding emergency board.

In Cleveland, President Johnston of the Brotherhood of Locomotive Engineers said the findings of the emergency board "are far short of demands made by the unions."

### Plane Talk

By JOE COULTER.

Just a few lines to get you caught up on what has been going on out here of late. The AT-6s had here recently seemed to be quite a source of interest. Many who wanted to ride in it didn't get to, but we will try to get it back some time soon. We are also trying to arrange for the showing of some new airplanes. Most of us have been seeing so many pictures of them that we would like to see the real thing.

With the coming of spring there seems to be a renewed interest in flying among Cisco residents. Some of the new students are Charlie White of White's Tire Shop, A. B. Byrd of West Texas Utilities and a father and son team from the Dobbins Garage. Both Mr. Byrd and Mr. Dobbins were wanting to fly when I was there four years ago and have now taken the first step. Al Coats has flown with his brother Frank so much that he is ready to try his hand at it. Another high school student, Bob Carrothers, has started taking instruction.

Leo Huff, route three, well known calf-roping expert, soloed some time ago and has been building up his time. Leo says that if this ranch work will allow him to make some of the rodeos this summer, his prize money will buy him an airplane. Naturally he will have us cheering for him.

### Throop Enters U. S. Army as Technical Sergeant

EASTLAND, April 18. — Awarded the rank of technical sergeant, Gene B. Throop, son of Mrs. Maggie Throop of Cisco, is one of the first men in this area to join the U. S. regular army under a new policy which authorizes enlistment with rating on the basis of previous training and experience.

Sergeant Throop was enlisted as a flight engineer, one of nearly 400 classifications now open to ex-soldiers who were discharged on or after May 12, 1945. He leaves immediately for active duty with the army air forces.

Capt. R. H. Harrison, commanding officer of the Eastland army recruiting station, explained that many ratings are now open to former GIs up to staff and technical sergeant. Rank is determined by the length of time spent in any one of the classifications available, he said.

**GOOD BOY**—Tommy Wright, three, Rochester, N.Y., saved \$19.65 to get himself a post-war bike. Then, because he once had infantile paralysis himself, he donated the money to Mrs. J. C. Tyson, right, for the Infantile Paralysis Fund. As a reward for his kindness, machinist Tobe Anderson, left, gives Tommy one of the first new bikes off assembly line.

### Time to Wake Up.

Dallas News: The purpose of the \$6,000,000 fund of the CIO Political Action Committee is being made plain a little at a time. Sidney Hillman, who is chairman of the committee, says that sum to help win 100 congressional seats next fall for candidates who will support a seventeen-point CIO-PAC legislative program, ranging from renewal of food rationing to statehood for Hawaii.

If Mr. Hillman's committee does not intend to knock down some of the \$6,000,000 for administrative expenses by the central committee, a little arithmetic would indicate that CIO thinks it proper to spend \$60,000 in each of 100 congressional districts. Mr. Hillman specifically declares that all political Democrats and reactionary Republicans will be defeated through the use of this money.

As Dallas is in a poll tax state, it seems to be practically assured that some candidate here is going to be backed to the extent of \$60,000 by outside money. Announcement of CIO locally is that PAC is organized in every precinct in Dallas county. It is not clear that these are paid workers. But it is clear that CIO is preparing to spend on the congressional election in this district more money for one candidate than any congressional candidate in this district ever had at his disposal before.

Sixty thousand dollars is six times what the representative from this district draws in a year—three times his salary for his entire term. Even if congressional salaries are raised to the proposed \$15,000 per annum, the PAC allotment is still too large. In the last congressional primary 48,579 votes were cast in this district for all candidates. If each of five candidates should spend \$60,000 in this year's campaign, you can do your own figuring. If CIO has a right

to spend this money this way, why should not the National Association of Manufacturers spend a like amount? Why should not the race-track gamblers match the sum in support of their candidate? It is time for all candidates for congress in this district to line up at once and declare themselves. If we are to have a CIO baby in this race with a \$60,000 PACifier in his mouth, the voters are entitled to know it. Who is he, and how does he get that way?

## OPEN FORUM.

Editor Daily Press:

I wonder if you will grant me space to pay my respects to that conflagration of hydrophobia set in motion by one Geo. W. Armstrong of Fort Worth, in Tuesday's Press. He speaks in parables of inconsistency. In the preamble of our constitution we recognize that all men are created equal in certain inalienable rights. Nothing is said about color, creed or politics. Whether a man is a Harlem negro or a Georgia negro, Connecticut Yankee or a Plutocrat of New York, common laborer or skilled laborer, all are under the protecting wing of our constitution. None are to be "eliminated" in pronouncing the affairs of our well-being.

If both the Republican and Democrat parties have corrupted themselves by hobnobbing with the Communists, then there must be a reason. As I see it, Mr. Armstrong's short article exudes more corruption than all the Communist literature I have ever read put together. If the Communists can serve as a balance wheel to help us keep a proper orientation and a just equilibrium, by all means let us keep Communism.

If all the different parties clamoring for ascendancy, would unite in digging out the sands of Alexander Hamilton from the foundation of our economic structure, and replace it with granite

from the quarries of Jeffersonian Principles, we would find it much easier to climb the mountains of Difficulty, and emerge into the higher sunlit fields of Prosperity, Peace and Happiness.

## BACKACHE, LEG PAINS MAY BE DANGER SIGN Of Tired Kidneys

If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention. The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 pints a day. If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent scanty passages with smarting and burning sometimes show that there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

MRS. BOSCARINO HONORED WEDNESDAY. Mrs. Paul Boscarino of Abilene was honored Wednesday with a lovely shower in the home of Mrs. W. P. Guinn, Humboldt. Hostesses were Mrs. C. Reed, Mrs. G. C. Rosenthal, Mrs. L. S. Jenkins, Mrs. James Moore, Mrs. Frank Ashenbush and Mrs. Guinn. The house held attractive floral decorations which gave a festive note to the occasion. A bowl of pretty pink roses stood on the mantel and the coffee table held an arrangement of red roses and stock. Blue iris and white peonies decorated the piano. An Easter theme was used in appointments and refreshments. After guests were greeted by the hostesses they were seated in the living room for a program of music. Piano solos were played by Betty Rowe Wilcox and Bettie Lou Brogdon and a vocal number was sung by Renabel Bible. An array of pretty and useful gifts was brought in and presented the honoree in a clever, unique way by Misses Katherine Scott, Renabel Bible, Betty Lou Brogdon and Betty Rowe Wilcox. The group was then invited into the dining room for refreshments. The dining table covered with a white linen cloth, held as a centerpiece a miniature cradle, filled with cornflowers and encircled with honeysuckle. Mrs. W. C. Hogue laded punch from a large cut glass bowl placed at a table-end. Refreshment plates of open-face sandwiches, cookies, and small candy Easter eggs were served. Approximately twenty-five guests attended the affair and a number of gifts were sent by other friends who were unable to attend.

BOOK REVIEW AND TEA HELD BY WSCS TUESDAY. Women's Society of Christian Service of First Methodist church, met Tuesday afternoon at the church for book review and tea. Mrs. John Shertzer, president, was in charge and opened the meeting with group singing of "The Kingdom is Coming." Mrs. James Moore, program chairman, presented Mrs. Edward Lee in a review of the mission book, "Daugh-

Wednesday for initial pre-Easter service. Soft music was played as members entered and were seated. Mrs. C. R. West offered the opening prayer.

Mrs. Edward Lee was leader of the program and Mrs. Clifton Hyatt and Mrs. H. H. Tompkins were the readers. Rev. Richard Crews led the group in prayer. Talks on "Our Part" were made by Mrs. James Latimer, Mrs. H. H. Davis and Mrs. Don LaCase. The program closed with group singing of "Oh, Master Let Me Walk With Thee" and the meeting was adjourned with the missionary benediction. Twenty-five members were present.

SERMON SUBJECTS, E. R. Harper, evangelist preached in the gospel meeting at the Church of Christ, announces the subjects for discussion for the next few nights. Thursday: "Salvation By Faith In Christ Jesus." Friday: "Ye Must Be Born From Above." Saturday: "Bible Repentance." Sunday night: "Is it Possible to Know When We Are Members of the Church of the Lord Built?" Monday: "A Waterless Well - Why Go There?" This meeting is drawing large crowds from both Cisco and the neighboring towns, G. S. Westbrook, local minister, said today. Extra chairs are being provided to take care of overflowing crowds. The public is cordially invited to come and hear these gospel sermons. Mr. Harper may also be heard over KRBC each Sunday morning 8:15 to 8:45.

Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing. How quickly one may lose pounds of bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly blot disappears—how much better you feel. More alive, youthful appearing and active.
