

# THE CISCO DAILY PRESS

COMBINED WITH CISCO DAILY NEWS AND CISCO AMERICAN AND ROUND-UP, NOVEMBER 1, 1937.  
DAILY NEWS WAS ESTABLISHED IN 1919.

CISCO, TEXAS, TUESDAY, APRIL 23, 1946

NUMBER 164

CISCO — 1,614 ft. above sea; Lake Cisco — three miles long, 87 ft. deep at Williamson hollow concrete dam; fish hatchery; 127 blocks paving; A-1 high school; Junior college; natural gas, electric and ice plants; some of THE BOSS WALLOPER Work Glove

CISCO—One of the healthiest areas in U.S.A., with a countryside devoted to blooded cattle, hogs, sheep, peanuts, cotton, fruits, feeds, poultry, gas, oil; two railroads; Bankhead highway; huge concrete swimming pool; bass and crappie fishing; Municipal Airport.

VOLUME XXVI.

**GRANDPA KNOWS HOW**—Ichiro Hatoyama, Tokyo, wealthy leader of the right wing Liberal party of Japan and a successful candidate in the April 10th elections, shows his young granddaughter, Kasuko, three years old, how to wield a gardener's spade. Hatoyama is leading contender for premiership of Japan

## Gromyko Says US. Sacrificing Charter for Iran

### Cisco Jaycees Announce Football For Friday Night

Cisco Junior chamber of commerce held its regular meeting in the roof garden of Laguna hotel last night, with 47 men present, including several guests and prospective members.

The session opened with the regular business period and several plans were brought up and discussed looking to the betterment of Cisco. The committee in charge reported that the plan to beautify Williamson dam at Lake Cisco is coming along nicely and that actual work will start soon.

It was voted to sponsor another football game at Chesley Field and the date was set for Friday night of this week. Play will start at 8 o'clock, the high school band will be on hand and it was stated that the Jaycees are endeavoring to have a public address system installed at the field.

In connection with the football game, a member of the publicity committee made this statement: "We ask the public to give us their full support and cooperation; all funds realized from this game, as well as the game of two weeks ago, will be used to repair and improve Chesley Field for the Lobo games of this fall."

After the business session the organization was entertained with music by Ray Judia, Harry Schaefer and Travis Farmer, as well as with a practical talk from L. A. Warren. Refreshments of coffee, pie and ice cream were served.

In conclusion, the Jaycee reporter smilingly told the Daily Press: "We are rapidly developing into a real democratic organization. Proof: Last night, for the first time, a motion before the house was defeated when the vote was taken."

#### TO DEMOTE OFFICERS.

WASHINGTON, April 21. (AP)—The Army announced today that its program of demoting officers from temporary wartime ranks will be extended to majors and captains beginning next September 1. The Army already has demoted a large number of generals, colonels and lieutenant colonels. In most cases, the demotion is to the next lower rank.

The Grand Coulee Dam on the Columbia river is seven times as big as the Cheops pyramids in Egypt.

**LET'S REVIEW.**  
Education, or the lack of it, gets blamed for about all the world's ills. It is pretty generally agreed that the peoples of Earth need teaching, or perhaps re-teaching. Moreover it is not much trouble in any company to start a free-for-all discussion about the science of education. In fact there are some who insist that teaching is an art and not a science at all.

Some commentators crusade for penetrating study in narrow fields of learning while others whoop-it-up for wider browsing ranges. Both philosophies can be run to extremes. Over done, specialization gets people in ruts while versatility, gone wild, leads men's minds a wool-gathering. Surely there is a happy medium, seeing that both extremes are selfish and quite short-sighted.

**What to Study.**  
Schooling actually does not help people much unless it makes better neighbors of them. It should, by all means, train them to engage in activities with other people, for the benefit of all. Today this is clearly the most essential feature of education because people who don't understand cooperation are being led by the nose straight through collectivism to dictatorship.

George William Curtis once wrote: "While good men sit at home, not knowing that there's anything to be done, no caring to know, half persuaded that this republic is the contemptible jure of a mob and secretly longing for some splendid and vigorous despotism. . . remember that it is not a government mastered by ignorance; it is a government betrayed by intelligence."

**Betrayed by What?**  
We have a sad state of affairs indeed when intelligent people realize that things are taking place which they suspect are very bad for the country, yet fail to take a hand in remedying matters. Preserving the personal liberty of all people ought to be every man's personal duty. Those who have been without freedom consider its safety a high moral obligation.

Some men have deep learning in fields that do not embrace history, government or economics. Others have gained far-flung knowledge without sensing the duties of citizenship or any obligation toward other people. Curtis' long life ended before this century began but he saw the political dangers of this day with amazing clearness: "Betrayed by intelligence," he said.

**Time Fades Facts.**  
The notion that a nation may be governed, not by a ruler but by the people themselves, was not new in Mr. Curtis' time. Our own republic was hardly half as old as now when he began writing for "Harper's Monthly." Otherwise he had all the examples we have. One big difference in his generation and ours is this: They still appreciated their freedom.

Students of this age would not be helped much by a "speaking acquaintance" with more arts. Neither is there a crying need for deeper penetration, for have we not lately opened the potent atom? Consolidating our recent scientific gains and preserving our freedom is our No. 1 problem. The vital classroom need now is a refresher course in comparative welfare. Where and under what system have the most people lived the best lives? Answer: We have it, right here in the U. S. A.

**TUBERCULAR TESTS.**  
ABILENE, April 23. — Tubercular skin test clinics are scheduled in Merkel schools today, and at Abilene Christian college Thursday as the Taylor County Tuberculosis association pursues its spring campaign against the disease.

By United Press.

NEW YORK, April 23. — Soviet Delegate Andrei A. Gromyko, charging that Soviet Russia's word was being questioned in the Iranian case, today accused the United States of sacrificing the United Nations charter in its effort to keep the case on the UN Security Council's agenda.

U. S. Delegate Edward R. Stettinius Jr. immediately defended the American position and asserted there was no valid basis for reversing the Council's April 4 decision to keep jurisdiction over the case until Soviet troops are withdrawn.

Stettinius also severely criticized Secretary General Trygve Lie's opinion that the Council had no legal right to retain the Iranian case on its agenda, now that both Russia and Iran have asked that it be withdrawn.

Stettinius said "we believe the secretary general shows a far too limited concept of the charter."

Gromyko and Stettinius were followed by Scrappy Australian Delegate Col. W. R. Hodgson, who accused Gromyko of ignoring the real issue — presence of Soviet troops in Iran.

"The question is does the presence of Soviet troops — a violation of the 1942-Russian-British-Iranian-treaty — endanger peace and security?"

He said the Council was the "watchdog" for all United Nations and must keep a finger in Iran until Russian troops are gone. Hodgson was the first Council member in a long time to remind the Soviet delegate that Russia's violation of the treaty promise to get out of Iran by March 2 was the cause of the present trouble.

#### KILLS 8 SHIPMATES.

SHANGHAI, April 23. — The Navy said today a sailor, apparently gone berserk, shot and killed eight shipmates and wounded four others critically aboard an LST (landing ship, tanks) at sea off the China Coast. The sailor, an enlisted man then stabbed himself after discarding the carbine with which he had shot the others. He was given a 50-50 chance of survival.

#### GANG KILLS LEADER.

WOONSOCKET, R. I., April 23. — John F. Letendre, 69, Narragansett Park race track director and Republican leader, was slain today in gangland fashion near his home. Letendre, former police commissioner of Woonsocket and a former member of the general assembly, was waylaid en route to his home and shot through the head.

**CANCER VICTIM**—Leonard "Buster" Roos, Parkertown, N. J., 8-year-old cancer victim who already has lost a lung and a leg to the disease, will find himself King-for-a-Day soon. Babe Ruth, famed baseball player, and circus performers will entertain especially for him.

### Says OPA Staging Scare Campaign, Reign of Tyranny

WASHINGTON, April 23. (AP)—The president of the National Association of Manufacturers today accused the Office of Price Administration of conducting a "scare campaign" and "a reign of tyranny over business."

Robert R. Wason, NAM president, told the Senate Banking Committee that all price controls on manufactured goods should be ended on June 30, when the present act expires.

The committee is considering extension of price control. The House already has approved a nine-month extension with restrictive amendments which administration leaders say would make the act impossible to administer.

Wason said that despite OPA claims the country is "in the midst of a serious inflation problem," traceable to that agency.

### U. S. Wheat, Corn Crops May Exceed All Past Records

WASHINGTON, April 23. — Undersecretary of Agriculture N. E. Dobb said today there is a "good chance" that this year's wheat and corn crops will be the largest in the country's history.

Dobb based this optimistic prediction on reports he has received in recent weeks from all parts of the country. He said the early spring season had enabled farmers to get a fine start.

Food officials have said the United States and other major grain producing countries must produce bumper crops this year if current famine conditions in war-torn areas are to be averted next year.

Dobb told an interviewer he felt confident farmers will plant nearly 300,000,000 acres of food, livestock feed, and fiber crops. This would be nearly 4,000,000 more than were planted last year when the country still was at war.

Contrary to the belief he said some Americans hold, Dobb asserted that the government is imposing no restrictions on production, except in the case of tobacco. Growers of some types of tobacco have voted, he said, to have the government restrict sales by means of AAA marketing quotas.

"We are not paying out a cent to farmers for producing less," he said.

Two more large cities — Cincinnati and Philadelphia — have prohibited street parking in their downtown business districts, to relieve traffic congestion.

**SOUTHERN STATESMEN**—Secretary of State James F. Byrnes, left, and Josephus Daniels, once Secretary of Navy and Ambassador to Mexico, walk together in the academic procession as the University of North Carolina celebrates its Sesquicentennial at Chapel Hill. Byrnes was awarded an honorary degree of Doctor of Laws.

### Clyde Soldier in Nation's Highest Critical Condition Tribunal Loses Accidental Wound Strong Character

BAIRD, April 23.—Pvt. Boyce Nixon, 18, of Clyde, who was wounded Saturday noon when his .22 rifle accidentally discharged, was in a critical condition today in Callahan county hospital, physicians said this morning.

Private Nixon, who has been given a blood transfusion and blood plasma, was hurt when he threw his rifle on the bed at his home. A bullet entered his abdomen, pierced his intestines, and came out his back.

He is the son of Mr. and Mrs. T. I. Nixon of Clyde and is home on furlough from Amarillo army air base where he has recently completed basic training.

#### CRUDE OUTFIT UP.

TULSA, April 23. — Gains in Kansas and western states offset slumps elsewhere and drove daily average crude oil production up 1,425 barrels to a 4,682,240 in the week ending April 20, the Oil and Gas journal reported today. Texas, with 2,054,600, and New Mexico, with 95,300, were unchanged.

#### FORMER PM FINED.

SAN ANGELO, April 23. — Federal Judge William H. Atwell fined Robert DeWitt Lancaster, 32, former postmaster at Sonora, Tex., \$459.48 after Lancaster pleaded guilty of a charge yesterday of misappropriating that amount in postal funds. Lancaster earlier had repaid the government the amount he was charged with misappropriating.

WASHINGTON, April 23. — Chief Justice Harlan F. Stone's death cut the disagreeing supreme court to a seven-man tribunal today and stirred wide speculation on President Truman's possible choice for the nation's highest judicial place.

The hard-working, 73-year-old Stone fired two dissenting opinions at his colleagues in a prolonged court session yesterday, then faltered over the first of three majority opinions he had prepared. He paled and his first words trailed off.

The court session was halted abruptly. Doctors found Stone nauseated. They said he had indigestion. He was taken home. A few hours later his secretary announced his death from "a massive cerebral hemorrhage."

#### FELONS RECAPTURED.

HOUSTON, April 23.—Twelve felons who participated in an Easter morning break from Harlem state prison farm No. 2, near Sugarland, were recaptured by 1 p. m. Sunday. The break was discovered at 9 a. m., and Texas Rangers, state highway patrolmen, Harris county deputy sheriffs, and prison officials launched an immediate search with the use of bloodhounds.

The United States ranks first among all countries in egg production, although the poultry industry is one of the most important branches of agriculture in Eire, Canada, Denmark, Holland and Australia.

### County Has Issued 7,311 Auto Vehicle Licenses in 1946

Eastland county's car, truck and trailer registration for 1946 shows a gain of 686 over the figure for the same period a year ago, County Tax Assessor-Collector Clyde Karkalits stated this morning.

In terms of money, vehicle license fees have brought in \$106,375 this year so far, compared to \$91,529.99 a year ago.

Since the county receives the first \$50,000 in license fees, and half of all over \$50,000, this year's increase so far means an increase in county road and bridge fund revenue of more than \$7,675 over a year ago.

The total vehicles licensed to date increased from 6,625 to 7,311. Karkalits said that much of the increase was of persons who had lived here before the war, taken war jobs elsewhere and returned.

However, he estimates over 50 per cent of the new license buyers were people who had never lived in Eastland county before. "We have sold licenses to people who had come from almost every state in the union — from Vermont to California," he said. "We never saw anything like it."

The largest county in Texas is Brewster, with an area of 6,208 square miles — six times the area of Rhode Island. There are 254 counties in Texas. The average size of each is 1,037 square miles.

Price ceilings for 1946 Ford and Mercury sportsman convertibles have been set by OPA at \$1,558 and \$1,764, respectively, excluding federal taxes and transportation.

Transportation to Cisco and taxes will add approximately \$125 to \$150 to those figures, says Steve Nance of the Nance Motor company, Cisco Ford agent.

Net wholesale ceiling prices at which the factory may sell the cars to dealers are \$1,217 for the Ford super de luxe eight-cylinder convertible coupe, and \$1,364 for the Mercury sportsman's convertible.

There are no prices listed for comparable 1942 models, the OPA announcement said.

The Nance Motor company has an order in for a sportsman convertible, but hasn't the slightest idea when the car will be shipped.

In Dallas today A. L. Klemmedson, Dallas Ford plant manager, explained the models are entirely new, combining the hardwood exterior finish of a station wagon with a convertible coupe type of body. He added: "We haven't even seen one here yet, but one is due in Dallas next week. Only a few pilot models have been built so far."

**SPRING FISHING**—Followers of Isaak Walton crowd the Chicago, Ill., viaduct along Lake Michigan to get in some early spring fishing. From their contented looks, they apparently feel there is enough fish in the lake for them all.

**ARMY, NAVY, AND AIR CORPS**—Top U. S. military figures get together for a chat at a meeting of the Inter-American Defense Board in Washington. Left to right, Army Chief of Staff Eisenhower, Chief of Naval Operations, Nimitz, and Army Air Forces Chief Soatz.

# THE CISCO DAILY PRESS

Consolidated with Cisco Daily News and Cisco American and Round-Up, November, 1937.

Entered as Second Class Matter December 11, 1934, at the post office at Cisco, Texas, under Act of March 8, 1879.

A. B. O'FLAHERTY, Publisher and General Manager.

Published daily except Saturday and Monday at Cisco, Eastland county, Texas, by Free Press Publishing Corporation, incorporated under the laws of Texas. Editorial and publication offices at 304-306 D Avenue, Cisco, Texas.

National advertising representative: Texas Daily Press League, Dallas, Texas.

SUBSCRIPTION RATES: \$2 per year (six months \$1.50) by mail (outside Cisco) in Eastland, Stephens, Shackelford and Callahan counties, Texas; outside above-mentioned counties \$3.50; \$5.00 in U. S. outside of Texas.

Per year, in advance (Cisco).....\$5.00  
Per week, by carrier boy (carrier gets half)..... 12c

## VETERANS BUILD HOMES.

While everybody is excited over getting houses built for veterans, 100 G. Is in Dallas have decided to build their own. The company, called the G. I. Construction Co., is headed by a former chief petty officer who built air strips in the Pacific, with a former army technical sergeant and air force pilots as other officials. These men, who learned their building skills under fire in Europe and the Pacific, expect to put up 400 houses, giving veterans preference as customers. They even handle the detail of getting the G. I. loan.

They have encountered the usual building material shortages, but their battlefield experiences in improvising have stood them in good stead in this civilian work. They have bought army trucks and bulldozers, and move their workers from job to job in an army ambulance which they have converted.

Here's a heartening veteran story.

These Texans are not waiting for the government to do something for them. They have learned that the government, like God, helps those who help themselves.

## OTHER EDITORS.

**Social Security Costs.**  
From Country Gentleman: Extending social security to farmers is being considered by Congress, and one plan is offered in the Wagner-Murray-Dingell bill. Much has been said about the benefits to farm people and hardly anything

about the cost, cash and otherwise. In a recent study, recently published in Social Forces, some light is thrown on this part of the proposition.

The author of this study, Prof. Earl E. Muntz, of New York University, assumes that the Wagner-Murray-Dingell bill is enacted. He uses it to figure the cost of such a system to farmers. The proposed 5 per cent tax on approximately 6,000,000 farmers rating as self-employed persons would yield, on pro-rata basis, a little over \$300,000,000 a year. A tax of 4 per cent of the value of services rendered by some 640,000 farm-family workers would yield about \$30,000,000 annually. Hired farm workers would also be taxed to the extent of about \$80,000,000.

Using 1940 as a basis, the total cost of the Wagner-Murray-Dingell plan to American farmers would be \$429,000,000. In a more prosperous year, such as 1943, Professor Muntz estimates the amount might rise to \$565,000,000. Some idea of the magnitude of the tax outlay may be had by comparing it with farm real-estate taxes, which in 1940 amounted to about \$400,000,000.

Just how social-security taxes would be collected from farmers has not been stated, but presumably they would be collected by the farmers themselves. Any one can figure out the cost for himself. A farmer with an income of \$2000 a year would pay \$100, representing the personal tax of 5 per cent in the value of his services. There is also a pay-roll tax, and if he has a hired man he will pay 4 per cent and the employee 4 per cent on the latter's

wages. Whether this would include such usual items as housing and food is yet undetermined.

In return, there are offered an array of benefits — old age, retirement and survivors' payments; an expansion of hospital and medical facilities to provide a system of medical and hospitalization insurance, under which practically every employee or self-employed person, such as a farmer, earning up to \$3000 a year would be eligible along with his wife and children; temporary and permanent disability benefits; and unemployment insurance, which would be of little interest to most farmers. The total value of all possible benefits to farm people would probably exceed the amount paid in by farmers. The government would have to pay the balance from other sources, and what conditions it would impose along with this gratuity can only be guessed.

How rural people feel about such a sweeping social-security system has never been learned. Farm organization leaders generally would prefer a less ambitious program, limited perhaps to old age and survivors' insurance. Certainly it seems that such a vast and complicated affair calls for more study before any action is taken.

## OPEN FORUM.

**Voice From Callahan.**  
Editor Daily Press:

Having been a close reader of the Cisco Daily Press for several years, I read the recent article by D. E. Waters on G. I. Joe; and I sanction every word of it.

I would like to ask our friend W. I. Gormley if G. I. had failed or laid down on the job of winning the war, where would he be and the rest of us Americans, under Nazi and Jap dictators?

I believe us older people should vote for every G. I. Joe who asks for any office he really wants and can fill. They are or should be welcome to any office we have.

Over here in Callahan county our county clerk withdrew from the race in favor of one of our worthy veterans, thus evidencing a fine spirit.

Sincerely yours,  
SAMUEL A. COOKSEY,  
Baird, Texas

## POLITICAL.

The Cisco Daily Press is authorized to announce the following candidates for the offices under which their names appear, subject to the action of Democratic voters at the primaries to be held Saturday, July 27:

**COUNTY JUDGE**  
John Hart  
P. L. Crossley  
(re-election)

**COUNTY SCHOOL SUPERINTENDENT**  
Homer Smith  
(re-election)

**TAX ASSESSOR-COLLECTOR**  
Clyde S. Karkalits  
(re-election)  
Aubrey D. Wynn

**DISTRICT CLERK.**  
Roy L. Lane  
(re-election)

**CO. TREASURER**  
Geo. A. Fox, Jr.  
Ruth Branton  
(Reelection)

**SHERIFF**  
W. W. (Sheezy) Eddleman  
John C. Barber  
J. B. Williams

**CO. COMMISSIONER**  
Precinct Four  
Arch Birt  
(re-election)

**CONGRESS**  
17th District  
Ted Miles

Jones County.  
William W. Blanton  
Shackelford County.

Robert R. Herring  
of Stephens County.  
K. M. (Bob) Wagsstaff

of Taylor County.  
Omar Burleson  
Jones County.

Bryan Bradbury  
Taylor County.

### COLLINS-GROZIER WEDDING SUNDAY.

Mr. and Mrs. T. G. Collins, 1310 Bullard, announce the marriage of their daughter Betty Jo Collins to William Grozier, son of Mr. and Mrs. Pete Grozier of Cisco, Sunday afternoon, April 21. Rev. Arthur Johnson of First Baptist church

was officiating minister with the ring ceremony.

Miss Martha Jean Collins, sister of the bride, was maid-of-honor and Bunk Grozier of Dallas, brother of the bridegroom, was best man.

Following the wedding refreshments of punch and cake were served to Mr. and Mrs. William Grozier, Mr. and Mrs. Pete Grozier, Rev. and Mrs. Arthur Johnson, Mr. and Mrs. Gene Smith, Mr. and Mrs. A. V. McCarty, Mrs. I. G. Collins, Miss Martha Jean Collins and Bunk Grozier.

Mr. and Mrs. Grozier will make their home in Cisco.

**FAMILY REUNION IN SLEDGE HOME SUNDAY.** Honoring their guests, Mr. and Mrs. Frank Leas and Mr. and Mrs. K. H. McIntire of Long Beach, Calif., Mr. and Mrs. J. W. Sledge were hosts at a family reunion and dinner in their home Sunday, April 21.

Dinner was served at 6 p. m. buffet style with guests seated at the dining table and smaller tables.

Relatives present, besides above mentioned honorees, were Mr. and Mrs. Vernon Hagar and children Vernon Jr. and James, Dallas; Mr. and Mrs. W. W. Sledge, Billy, Bobby and Charlotte Ann, May; Mr. and Mrs. W. H. Coulter, Evelyn and Jerry, Cross Plains; Mr. and Mrs. Johnny Sledge, Eastland; Mr. and Mrs. Fred Coulter and children Rhonda and Michael; Mr. and Mrs. Howell Sledge and daughter Patricia; Mr. and Mrs. George Sledge and children, Larry and Dianna and the hosts Mr. and Mrs. J. W. Sledge, Cisco.

### WEATHERBY-MAYHALL WEDDING SUNDAY.

Miss Bobbie Weatherby of Cisco became the bride of Arthur Terrell Mayhall of Ranger Sunday, April 21, at Cisco Pentecostal church. Rev. Fronia Blackwell performed the ceremony before a group of relatives and close friends of the bride. Preceding the ceremony Miss El Wanna Williams sang "I Love You Truly."

The bride was attended by her sister Miss Dorothy Weatherby as maid-of-honor. Kenneth Mayhall of Ranger served his brother as best man. The bride wore a white lace dress over satin with white accessories and corsage of pink carnations. She carried a white Bible.

Mr. and Mrs. Mayhall will make their home in Ranger, where he is employed by A&P grocery.

### RECEPTION SHOWER HONORED MRS. POOL.

Mrs. Glen Pool of El Paso, a recent bride, was guest of honor Saturday in the home of Mrs. B. S. Huey, when a lovely reception-shower was given by a group of friends. Mrs. Pool is the former Margaret Ann McDonald of Cisco. Hostesses of the occasion were Misses Marilyn Shtertzer, Lillian Spears, Mrs. Robert L. Martin Jr., Mrs. E. P. Crawford, Mrs. S. E. Hittson, Mrs. John Shtertzer, Mrs. Alex Spears, Mrs. P. R. Warwick, Mrs. Charles C. Jones and Mrs.

Huey. A spring theme was carried out in floral decorations and appointments. Guests were met by Mrs. Huey and Mrs. Hittson and directed to the table where Mrs. Warwick presided at the guest book.

A treasure hunt was the main feature of entertainment at which the honoree was winner, finding a nice array of pretty and useful gifts. Other gifts were brought in by the house party, some of which were sent by friends who could not be present.

The guests were then invited into the dining room for refreshments. The table covered with maderia linen cloth over pink, held a pretty floral centerpiece of pastel hues. The decorated, three-tier bride's cake was cut and served by Mrs. Alex Spears and punch was ladled by Mrs. John Shtertzer from a huge cut glass punch bowl which stood at a table end. Members of the house party assisted in the dining room.

### MRS. CHARLES SPEARS HONOREE AT PARTY.

Honoring Mrs. Charles A. Spears, Mrs. Robert L. Martin Jr., entertained with a bridge party Thursday evening in the home of her parents Mr. and Mrs. P. R. Warwick. Tallies were in the shape and color of Easter eggs and the maderia-covered refreshment table, decorated with spring flowers and Easter candles from which a late buffet supper was served, also carried an Easter theme.

Miss Jane Moore won high score for the evening and a lovely gift was presented the honoree by the hostess.

The guest list included Misses Jane Moore, Lillian Spears, Polly Ann McDonald, Anna Jo Tableman and Mesdames Don L. Choate, Sterling Drumwright, Clifford Hall, V. C. Overall, Billy Frost, Don LaCasse, Bob Parker, Jack Lauderdale, Bob Gourley and Harold Fischer.

### ACTS ON THE KIDNEYS

To increase flow of urine and relieve irritation of the bladder from excess acidity in the urine. Are you suffering unnecessary distress, backache, run-down feeling and discomfort from excess acidity in the urine? Are you disturbed night by a frequent desire to pass water? Then you should know about that famous doctor's discovery — DR. KILMER'S SWAMP ROOT — that thousands say gives blessed relief. Swamp Root is a carefully blended combination of 16 herbs, roots, vegetables, balsams. Dr. Kilmer's is not harsh or habit-forming in any way. Many people say its marvelous effect is truly amazing. Send for free, prepaid sample TODAY! Like thousands of others you'll be glad that you did. Send name and address to Department D, Kilmer & Co., Inc., Box 1225, Stamford, Conn. Offer limited. Send at once. All druggists sell Swamp Root.

### Lemon Juice Recipe Checks Rheumatic Pain Quickly

If you suffer from rheumatic, arthritis or neuritic pain, try this simple inexpensive home recipe that thousands are using. Get a package of Ro-Ex Compound, a two-week supply, today. Mix it with a quart of water, add the juice of 4 lemons. It's easy. No trouble at all and pleasant. You need only 3 tablespoons two times a day. Often within 48 hours — sometimes overnight — splendid results are obtained. If the pain does not quickly leave and if you do not feel better, return the empty package and Ro-Ex will cost you nothing to try as it is sold by your druggist under an absolute money-back guarantee. Ro-Ex Compound is for sale and recommended by Dean Drug Store and drug stores everywhere.

**NATURAL LOOKING DENTURES KEEP THEM BRIGHT AND SPARKLING THIS NEW EASY BRUSHLESS WAY**

**Our Policy on NEW CAR ORDERS**

*in accordance with fair procedure*

We are now accepting orders for earliest possible delivery of new cars. However, as you know, there are not enough new cars for all who want them. Therefore, we want to make a clear statement of our policy... so that everyone will know exactly how we are handling orders for and delivery of new cars during the current shortage period.

- 1—We intend to fill orders for new cars in the order in which they are received. There are two exceptions to this basic rule—
- 2—We will definitely reserve a percentage of our cars for those who have served in the Armed Forces. We feel sure that all our customers will agree with the justice of this exception.
- 3—If definite need for a new car is a factor, we will, in the public interest, determine such cases on the basis of the now abolished, but publicly accepted, OPA priority lists.

This policy is in your interest. We are following it because we want to serve you fairly and well today as in the past. The Ford Motor Company and we ourselves are making every effort to deliver your new car promptly and honestly.

## What Can YOU DO To Get More Soap?

**YOU CAN DREAM** about the oceans of the soap and soap powders you need so badly... and let the fats that help make them dribble down the drain. Some day, sure, you'll get more soap. But when?

Not until the country's industrial fat supply has been built up tremendously. Right now, it is at a record low.

Suppose, though, you want soaps to come back to the counter sooner... what can you do?

**YOU CAN SAVE** your used fats... just as carefully as during the war. There's more meat now... more fat to save... so it's lots easier.

You American housewives are already turning in a healthy share of our present industrial fat supply. If you slacken up, naturally there'll be less fats. And less fats mean less soaps, less of all peacetime products.

So keep saving. You get 4¢ for every pound... and every pound makes about two pounds of the soaps you need!

**Where there's fat—there's soap**  
KEEP TURNING IN USED FATS TO HELP MAKE MORE SOAP
