Fast Train Plowed Into Another and 40 People Died

By United Press

NAPERVILLE, Ill., April 25.—The crack exposition flyer of the Burlington railroad plowed into the rear of another streamliner today at a speed of 60 miles an hour.

The number of dead was not determined immediately, but estimates ran as high as 35 or 40 killed. At least 75 persons were injured.

One witness who reached the scene shortly after the removal of bodies began reported he saw 12 dead.

Ferne Hoelt, reporter for the Naperville Sun, said that she saw 30 persons, mangled and bleeding, lying between the twisted tracks and the right-of-way fence. She did not know how many were dead.

Independent Oil Men Are Gathering at Abilene

ABILENE, April 25.—Upwards of 250 independent oil men from West Central Texas are gathering here today for the business session and banquet of West Central Texas Oil and Gas association at Hotel Wooten.

The business session, in which leaders of the group will outline association objectives for the year was to begin at 4 p. m., and the banquet is scheduled for the Wooten ballroom beginning at 7:30 p. m.

Guest speakers for the banquet, E. A. Hardey and Harold Fell, arrived here from Midland yesterday afternoon and were guests of J. C. Hunter Jr., for a small informal meeting last night. Hardey is president and Fell is executive vice president of the Independent Petroleum Association of America.

Both men were close friends of the late J. C. Hunter Sr., who was an outstanding executive of IPA for several years.

Jack B. Robert of Breckenridge, president of the WCT&G will preside for the meeting tonight, and delegations are to be present from Abilene, Albany, Breckenridge, Graham, Throckmorton, Stamford, Coleman Eastland, Cisco, Brownwood, Sweetwater, Fort Worth, Dallas, and several other points.

Besides outlining objectives, plans are also to be initiated for a membership drive for the association, which before the war was one of the most active groups in the state.

Response to the invitations for the meeting here has been surprisingly good, committee members report, and the membership campaign is expected to be one of the most successful ever staged for the organization.

CUTS OFFICER FORCE. WASHINGTON, April 25. (U.P.)—Gen. Carl Spaatz, Army Air Forces commanding general, is cutting Air Force officer strength from about 92,000 on duty now to an estimated 50,000 in the post-war AAF.

TEXANS BACK OPA. WASHINGTON, April 25. (U.P.)—Texans who support price control are becoming more vocal. Approximately 95 per cent of 200 telegrams received at the office of Tom Connally and W. Lee O'Daniel, Texas senators, asked that "crippling amendments" to the price control bill be eliminated.

BIG FOUR MINISTERS. PARIS, April 25. (U.P.)—The big four foreign ministers in a three-hour opening session tonight accepted without argument a French request to sit in on discussions of peace treaties with the Axis satellites.

TOWN COMES TO END. FARR, Col. — This town is disappearing from the map. The post office ended 40 years of operation recently and the 12 families who lived here are moving away.

DREAM COMES TRUE—Joan Dewey Mac Kay, only 8-years-old holds the Purple Heart medal awarded posthumously to her father, Sgt. Everett D. Mac Kay, who died in a Japanese prison camp. Maj. Gen. Homer D. Groninger, right, made the presentation in San Francisco. Joan wrote Gen. MacArthur asking if she could have her father's Purple Heart "to remember" him by.

US. Fears it Can't Fact-Finding Committee Food Promises Seems a to Hungry Peoples Sensible Solution

WASHINGTON, April 25. (U.P.)—Chances that the United States will be able to meet its food promises to hungry peoples abroad dimmed somewhat today when the Agriculture Department reported that total wheat in mills, elevators and warehouses totaled only 135,000,000 bushels on April 1.

This total, coupled with approximately 204,000,000 bushels of wheat previously reported on farms April 1, gives this country an estimated 339,000,000 bushels of wheat to meet its domestic and export needs during the three months ending June 30.

GIVE 'EM TIME. JACKSONVILLE, Florida — Willie Mark of this city lost his pocket watch in 1920. He asked police detectives to find it. This year the watch turned up in a local pawnshop and now — you guessed it — the hunt is on for Willie.

Australian Delegate Col. W. R. Hodgson also agreed to postpone the date for the investigating subcommittee's report from May 17 to May 31.

But Stettinius suggested that the sub-committee be directed not only to report as directed to the Council on May 31 on facts found, but also "from time to time" whenever the sub-committee's members feel that information has developed warranting the Council's attention.

RFC's Fanciest US. Citizens May Loan Program is Have Many Flour- Now a Year Old less Days Ahead

DALLAS, April 25.— Reconstruction Finance Corporation's fanciest loan program, one year old this month, has placed more than \$6,000,000 in loans in the Southwest area under the Dallas office, without the use of federal funds, M. J. McGrath, chief of RFC examining division from Washington vouchsafed this Wednesday.

He said the program is called the "blanket participation agreement." In the Dallas area, the northern half of Texas, parts of New Mexico, Arizona and Oklahoma, 142 banks have signed to operate under BPA and in the first year have loaned \$6,747,935.67, McGrath said.

RFC is not competing with bankers, he pointed out.

"Under our baby BPA banks signing the agreement to participate can freely make a wide variety of business loans with an automatic guarantee that if the loans go sour, RFC will take as much as 75 per cent of the loan. Nationally this plan has passed the 106-million mark."

"This is peanuts," McGrath said, "when measured on RFC history which covers more than forty billions in loans, much of it to big business."

McGrath inspected the Dallas office in charge of L. B. Glidden and held a conference and forum with the staff. He said the records in the Dallas office were excellent and that for the first time in any bureau, he found BPA records broken down for study.

"Of your \$6,000,000 in the Southwest one-third went into the petroleum business," he explained. "Drilling got eight of these twenty-three loans, producing six — three each for pipeline and butane gas, two for refining and one for a dealer.

"Foods, manufacturing and miscellaneous ran over a million each, the miscellaneous including airplanes, autos, beauty shops, dog kennels, printing, transportation and tourist camps as well as a variety of others.

"Nearly a half million went into the cotton business while over a quarter million, the smallest total, to contracting."

WASHINGTON, April 25.— Americans may have to take a still sharper cut in flour supplies than the 25 percent reduction ordered to make more bread available for hunger sufferers abroad.

This possibility arose today as the government pressed a wheat buying program which has the effect of closing the market to other buyers including millers and food processors. Grain thus obtained will be used to help feed famine areas.

The government is in a position to dominate the wheat market because it has been authorized to pay farmers a 30-cent-a-bushel bonus over current market prices which are at ceiling levels. Other buyers cannot meet the government offer without violating OPA price ceilings.

As a result, millers are limited to supplies of wheat they have on hand. Some have reported they have enough to last them less than two weeks. By May 1, all mills must reduce their supplies to 21 days' requirements, if they have more than that amount. Stocks above the 21-day supply must be sold to the government.

Just what mills will do for wheat after their 21-day supply runs out is the big question being asked by the industry.

Unless the millers can get supplies from the government, they will be forced to shut down.

Although officials have not said so, the government no doubt will find it necessary to resell some wheat to millers to enable them to operate after their current stocks run out and until new crop wheat becomes available in July.

But with the government itself unable to buy sufficient wheat to meet its urgent export promises, there is serious doubt that it would be able to release enough grain to millers to enable them to supply Americans with flour at even the reduced distribution level.

The 30-cent bonus offer expires May 25, and officials expect farmers to take full advantage of it.

Dailey Bros 3-Ring Circus at Eastland, May 7

Cisco and the Cisco Country will feel the lure of the circus Tuesday, May 7, when Dailey Bros. Three-ring Railroad Aggregation presents performances at 3 and 8 p. m., at Eastland. Billy Rose, press representative, who hails from Owensboro, Ky., and who was with Ringling Bros., Sells Flo to and other big tops through the years, was in Cisco today to place advertising.

Not a truck show but a modern three-ring circus traveling aboard its own special train of 25 double-length railroad cars, Dailey Bros., recognized as one of America's largest circuses, will present two-hours of the world's greatest circus entertainment at both matinee and evening performances.

An original feature of the Dailey Bros. Circus is the \$50,000 horse fair. Scores of beautiful palominos, stallions and pintos include such famous blue ribbon winners as "Lipstick," "Black Diamond" and "Major." Directed by Miss Hazel King, premier horsewoman of circusdom, the horses present many beautiful and intricate routines.

The circus carries a huge menagerie of animals from far corners of the earth. It is the only circus on tour to carry, among scores of other animals, a pair of polar bears. There is no extra charge for the menagerie and tents for the huge horse fair are arranged to provide easy access from the menagerie tent.

Nocona Child Dies From Plunge Into Scalding Water

NOCONA, Tex., April 25. (U.P.)— Burns received 10 days ago when he fell into a tub of scalding water proved fatal today to three-year-old Bobby Lee Bobbitt.

The baby's father, Pfc. E. M. Bobbitt, was serving overseas at the time of the accident, but was flown to the east coast from Germany and arrived home in time to see his son before the boy died.

R. R. Brotherhoods to Push Their Demands to the Limit

CLEVELAND, April 25. (U.P.)— Two Railroad Brotherhoods today announced that they had unanimously voted to strike May 18 unless "satisfactory settlement can be effected with the carriers in the meantime."

The unions, the Brotherhoods of Railroad Trainmen and Locomotive Engineers, said their general chairmen had rejected recommendations of the president's fact-finding board that "were not consistent" with their demands and voted to "prosecute these demands to the limit."

REINSTATE QUOTAS. WASHINGTON, April 25. (U.P.)— The government announced today that livestock slaughtering quotas will be reinstated April 28 in an attempt to curb the black market and to improve meat distribution through legitimate channels at ceiling prices.

BODY OF FLYER FOUND. SAN ANGELO, April 25. (U.P.)— The body of Winnie Lee Jones, 26-year-old ex-WASP, missing since Monday on a flight from Presidio to Mathis Field, here, was found near the wreckage of a BT-13A plane on the Cliff Pickett ranch, 13 miles north of Sanderson, it was reported today.

ALL-VIOLIN PROGRAM. An all-violin musical program is announced for Sunday night at First Baptist church, starting at 7:45. It will precede the evening sermon and the program will be as follows: Overture (festival), Fleiger; The World is Waiting for the Sunrise, Seitz; The Bells of St. Mary's, Adams; Melody of Love, Engelman; Romanza, Eversole. A cordial invitation is extended to the general public.

SPARE STAMP 49. WASHINGTON, April 25. (U.P.)— Spare stamp 49 in Ration Book No. 4 will be good for five pounds of sugar beginning May 1, the OPA said today. It will remain valid until Aug. 31.

JAPANESE WOMEN GO TO PARLIAMENT—These three women are among 36 out of 80 women candidates elected to the Japanese legislature in the first election in which women were permitted to take part. Shigeyo Takeuchi, 65, left, a graduate of Tokyo Women's Medical College, won on the Liberal Party ticket. Mrs. Shizuo Kato, center, known as "Japan's Margaret Sanger" for her work in birth control, was elected on the Social Democrat ticket. Shizuo Yamaguchi, 32, right, a Social Democrat, was the youngest woman candidate. All are from Tokyo.

FUNNY FACES—FUNNY HATS—In any derby for funny hats these circus clowns would be odds-on favorite to win. Paul Jung, left, sports a fish bowl with live fish. Roy Merkle, center, has an Easter basket and Paul Jerome, left, an insect spray.

Many Fans to See Wednesday Lions Loboos in Action Friday Evening Session Strictly For Business

Tomorrow night's football game at Chesley Field, between first and second teams of the Cisco Lobos, is arousing considerable interest said a spokesman for the Junior chamber of commerce today, which organization is sponsoring the exhibition, in cooperation with Cisco Athletic association.

For the Friday night encounter, says Coaches Fischer and Overall, the teams will be rearranged in order that they will be as nearly even in playing strength as possible.

As a general thing, the first and second Lobo teams are made up as follows:

First—Charles Pence and Alvin King, ends; Melvin Noble and Raymond Penn, tackles; Ted Fields, center; Robert Rendall and Harold Hill, guards; Flournoy Cleveland, blocking back; Don Johnson, tail back; George Watts, full back; Roger Henson, wing back.

Second — Eldon Callarman and Deward Smith, ends; Ray Gene Riley and Paul Woods, tackles; Bob Padgett, center; Wayne Hays and Bert Maxwell, guards; Gene Milner, blocking back; Stanley Williams, tail back; E. L. Smith, wing back.

The following boys are expected to play part time during the Friday night contest: Lee Kinard and Edwin Jackson, tackles; Clarence Noble and Robert McMurray, guards; Don Whitaker, full back.

The capable Lobo band will be there and it should be remembered that all proceeds from the game will be expended for further improvement of the football field.

Yesterday's session of the Lions club, held at Laguna hotel, was strictly a business meeting and the decks were cleared of a number of matters that had been awaiting action.

The district Lions convention to be held at Breckenridge May 5-6 was stressed as being of importance and the suggestion was made that as many Cisco Lions attend as possible.

The Lion-sponsored carnival to be held in Cisco on May 4 was discussed. It was stated that the affair will be similar to the carnival sponsored by the club here last November.

W. A. Blackmon of Cisco, a visitor, spoke on advertising for the Lions Homecoming celebration and presented the club with several attractive placards he had made. Tentative date of the celebration is August 11-13. Lapel buttons will probably be sold as another means of advertising the event.

President H. R. Garrett introduced Lion Forrest Stout, a visitor and Harry P. Schaefer, a new member of the club, was also introduced. Lion C. M. Barnes has been officially designated as club reporter and will continue to furnish the Daily Press with facts concerning the weekly meetings.

NEW LOUISIANA.

Louisiana, with a series of descriptive folders about her peculiar merits, is telling the world that henceforth she is to be known as New Louisiana. The state is producing a dozen industrial chemicals; also dehydrated sweet potatoes for its growing beef and dairy herds; rice hulls that make vermin-repellent and flame-resistant home insulation; calcium acetate from sugar cane; more fur pelts than any other southern state. It leads the South in the number of its kraft paper mills; is fourth in the nation in salt manufacture; third in petroleum. There are 5,000 miles of navigable waterways available and 15,000 miles of highways. Within 200 miles of New Louisiana live 12,500,000 people averaging more than ten billion dollars in annual income.

It's a good thing for states — and for people sometimes — to marshal their assets, to stop complaining about what they don't have, to take a good look at the things they do have and to consider constructively what they can do with them to make living better.

It cannot be denied that less belching and more actual work on the part of ALL Americans — men, women and young people above the age of 16 — would change the complexion of things for the better, overnight. Most of the dissatisfied people in the United States are the full-time

or part-time idle. The people of New Louisiana are doing things — an essential recipe for happiness and health.

OPEN FORUM.

Seeds of War.
Editor Daily Press: It does seem that the further we stick our necks into foreign "politics," the more we get our ears knocked down. Our meddling in the past Argentine election only angered and influenced the people of that country to stand more solidly behind Colonel Peron. Today, we citizens witness an attempt to propagandize our nation to unite with France in order to put the skids under the Spanish leader, Franco. I do not think this "One World" business should require that we be responsible for the establishing of any certain type of government in any country of the world. At least, our first attempt was a "flop."

We citizens, with Russia supplying the complaints along with the French Communists, are being told that this Franco is a threat to world peace, and insist that we aid in running him out of Spain. Now, in view of the recent past history, if this crusade was accomplished, I am positive you would witness the country of Spain transformed into a "political" battlefield between the followers of Communism and what have you. This stage is all set. Our own nation and all coun-

tries concerned in the last world conflict, sacrificed thousands upon thousands of precious lives and billions upon billions of dollars. It is past time to get down to a world's business and boycott international power politics — the very seeds of another more disastrous and man-killing war.
E. D. WILLIAMS,
Breckenridge, Texas.

Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your druggist and ask for four ounces of liquid Barcetrat (formerly called Barcel Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonsful twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly blot disappears—how much better you feel. More alive, youthful appearing and active.

SCOUTS CASH IN. CAMDEN, Ark. — Camden Boy Scouts have discovered that it pays — in more ways than one — to be law-abiding citizens. One day recently, the scouts "ran the city" — from mayor to traffic cop. The scout cops handed out traffic tickets to all violators and a scout judge assessed fines in accordance with the infraction. The next day Mayor Don Harrell gave the boy and girl scouts a check for \$112, the amount of the fines they had collected.
