

Dimmitt man dies in crash

HEAVY DAMAGE resulted when these two cars collided at 8:20 Monday morning at the intersection of Front and Lee Streets. The 1967 Pontiac Firebird (left) was driven by Van Hopson of 704 Oak St., and the 1968 Buick hardtop sedan was driven by Mrs. Irene Lee of 719 W. Lee St. Police Chief W. W. Jones said Hopson, 16, was driving north on Front,

en route to school, when the front end of his Firebird collided with the right front of Mrs. Lee's Buick, which was traveling east on Lee. Damage was estimated at more than \$1,000 to each vehicle, but neither driver was believed at the time to be seriously injured.

Funeral services were conducted Wednesday morning for Alfred Elza "Jack" Gregory, prominent Dimmitt businessman who was killed with three others when his plane crashed late Saturday night on a ranch in southwestern New Mexico.

GREGORY, 64, a Dimmitt resident for almost half a century, was the owner of Castro County Grain Co. He also had farming and ranching interests in New Mexico and Arizona.

Also killed in the crash of Gregory's plane were Howard Brault Jr., 36, of Waco, his wife Helen, and their nine-month-old daughter, Barbara. Brault was a partner with Gregory in the U-Bar Ranch near Hachita, N.M.

The plane, a four-place Bellanca Viking which operated out of Dimmitt Municipal Airport, crashed on the east slope of the Big Hatchet Peak on the Hatchet Ranch, 20 miles south of Hachita and 64 miles southeast of Lordsburg.

GREGORY and the Braults were taking the baby to Deming to see a doctor when the crash occurred. Mrs. Gregory had stayed at the U-Bar Ranch to watch after the Braults' four other small children.

Federal Aviation Agency officials in El Paso thought at first that Gregory and the Braults had already been to Deming and were enroute back to the U-Bar when the crash occurred. However, it was learned later that the plane never arrived in Deming and was still en route there at the time of the crash.

An experienced pilot, Gregory had been flying since the 1940s.

MEMBERS of the M. T. Everhart family on the Hatchet Ranch, who reported the crash to law officers, said they heard the plane idling back and then accelerating just before it crashed about 9:20 p.m. Brault's wristwatch, which was broken in the crash, reportedly stopped at 9:22.

Describing the plane's sounds, the Everharts said Gregory was idling down the engine—apparently to land on a flat area near where the plane crashed—but then accelerated his engine as if he were trying to pull back up, then crashing into a slope covered with grease-wood.

HIDALGO County Sheriff C. Leroy McCarty of Lordsburg said the Federal Aviation Agency "theorizes that the pilot may have been trying to land, and then there was a lightning flash and he might have seen he was missing the landing area, and pulled up."

Gregory's two sons, Bill and Don—who also were his business partners here—flew to Deming Sunday to help handle arrangements there.

Gregory's body was returned to Dimmitt Tuesday by a Dennis Funeral Home ambulance.

FUNERAL services for Mr. Gregory were held at 10 a.m. Wednesday in the Bedford Street Church of Christ. Officiating were M. B. McKinney of Angelo State University in San Angelo, former minister of the Bedford Street Church; Ronnie Parker, present minister of the local church; and T. Larry Marshall of Vernon.

Burial was in West Lawn Memorial Park, under the direction of Dennis Funeral Home. Born Feb. 15, 1907, in Anson, Mr. Gregory moved to Dimmitt in 1925, at the age of 18. He had been in business here more than 40 years, and had served the county's farmers as an independent grain dealer more than 30 years. He was active in his church and in grainmen's associations, and also was a former city commissioner and Lions Club president here.

HE IS survived by his wife, Elizabeth Jo of the home, 707 W. Bedford St.; three sons, Dr. Carroll Gregory of San Mateo, Calif., and Bill and Don Gregory of Dimmitt; his mother, Mrs. A. O. Gregory of Dimmitt; a sister, Mrs. H. H. Wright of Lamesa; and nine grandchildren.

Active pallbearers at his funeral were Carlos Calvert, F. J. Mears Jr., J. W. Killingsworth, Odus Hastings, P. O. Goodwin and Kelly Newman.

Honorary pallbearers were Gordon Miller, H. W. Golden, T. E. Harrison, Leonard Dempsey, Lloyd Vaughan, Moss Howell, N. A. Baldwin, Edwin Ramey, Edgar Ramey and Louis Allen.

THE NATION'S BIGGEST CORN DRYER is in the final stages of installation at Dimmitt Agri Industries, Inc., and is expected to go into operation next week. Manufactured by Carter-Day Manufacturing Co., the Shanzer type dryer is the biggest model built. It dries 6,000 bushels per hour, removing five points from the corn's moisture content, and will enable DAI to handle a limited amount of corn with up to 25 per-

cent moisture test. The huge dryer will be fed from the elevator, then will unload the dried corn back into the elevator. The dryer—which is almost as tall as the elevator next to it—is being installed by Brown-McKee, Inc., of Lubbock. Dimmitt Agri Industries also is installing a new 720-hp aeration system nearby to keep the corn in condition until it is processed by the cooperative's milling plant.

Big day is planned at Nazareth Monday

The annual Nazareth Labor Day Picnic Monday will feature a noontime feast, booths, an auction, art show and sale, hamburger and barbecue supper, and will end with a dance.

THE PICNIC is open to all county residents who will be taking the day off but want to stay close to home.

A roast beef dinner from 11:30 a.m. to 2 p.m. will kick off the day's events. The dinner, with homemade pies and bread, will be served in the community hall. Meal prices are \$1.50

for adults, \$1 for children and 25 cents for pre-schoolers.

And Father Stanley has donated one of his own oil paintings, "Winter Scene, New Mexico," to the picnic project. Twenty percent of the proceeds from the art sale will go to Holy Family Church.

A supper of hamburgers and barbecue sandwiches will be served from 5 to 8 p.m.

THE PICNIC will end with a dance from 9 p.m. to 1 a.m.

When you stop for schoolbus, remain stopped

State law no longer permits Texas motorists to stop and then pass a school bus which is loading or unloading children.

COL. Wilson E. Speir, director of the Texas Department of Public Safety, said a new state law, passed by the 62nd Legislature, applies in both cities and rural areas and requires motorists moving both directions on the same roadway with a school bus to stop and remain stopped as long as the flashing lights on the bus are in operation.

Under the old law, which applied only in rural areas, drivers were required to stop for a stopped school bus, but could then proceed around it at a speed of not more than 10 mph if safe to do so.

The new law does not require those vehicles on another roadway of a divided highway to stop, and stops are not required if the bus has stopped in a loading zone of a controlled access highway where pedestrians are not permitted to cross.

Speir noted that provisions of the new law will be strictly enforced to afford maximum protection to Texas school children.

Juvenile couple charged in theft

The theft of a light tank truck from Nazareth Gas & Oil Co. last Thursday night led to charges of felony theft Friday against a 16-year-old boy and a 14-year-old girl from Altus, Okla.

THE TWO juveniles, who officers said were living together as man and wife, were picked up in Tulia Friday night by city police there and were returned to Dimmitt by Castro County sheriff's officers to face charges.

Officers recovered the stolen truck in Tulia.

Juvenile Court Judge Raymond E. Wilson placed the boy and girl on probation, required them to pay the gas and towing expenses on the truck, and ordered them to get married with the consent of the girl's mother or stop living together.

There'll be some crazy costumes in Dimmitt stores Friday and Saturday. And where you see those crazy costumes, you'll also see some crazy prices!

It's because of Dimmitt's annual "Crazy Days" in which local clothing and gift stores feature wild prices and even wilder garb.

The crazily dressed salespeople you'll see will be competing for cash prizes. The Chamber of Commerce has put up a \$20 first prize, \$10 second prize and \$5 third prize in its Crazy Days Costume Contest. The winners will be announced Saturday afternoon.

Stores competing in the contest for the craziest bargains and craziest costumes are TG&Y, C. R. Anthony Co., Cobb's, Harman's, The Thrift Shop, The Village Shop and Parsons Drug.

Look through the advertisements in this issue to find special "Crazy Days" bargains, then dash downtown Friday and Saturday to look over the specials and see the "Crazy Days" costumes.

But don't say we didn't warn you about those costumes!

Langford still on critical list

Joe Langford, 18, of Dimmitt was still listed in critical condition Wednesday morning at Amarillo's Northwest Texas Hospital, but was improving.

HE RECEIVED serious head injuries Aug. 19 when he was thrown from a pickup that overturned three times on FM 1055 near Easter.

74 grads college-bound

Seventy-four recent graduates from Dimmitt, Hart and Nazareth High Schools are currently enrolling as freshmen in colleges, universities, technical and vocational schools from Leaveland to East Lansing, Mich.

TRADING their graduates' mortar-board caps for freshman beanies are 54 students from Dimmitt, 12 from Hart and eight from Nazareth.

Although the county's college-bound students represent approximately half of this year's grads, local school officials feel the number of those going into higher education is down a bit from past years. They cited wedding bells for many of the girls and a more definite draft status for boys as possible reasons.

Here are the institutions which this year's graduates will attend, based on their transcript requests:

After the first week of classes, enrollment in Dimmitt Public Schools was still running 81 ahead of last year, with 1,913 students Friday vs. 1,832 at the end of the first school week last fall.

SUPT. Charlie White said he expects enrollment to top 2,000 after Labor Day and reach a peak later this month.

Last year, enrollment topped out at 2,031 Sept. 18, held at about 2,020 until November, then started declining. Enrollment at the end of school in May stood at 1,800.

Cattle bloat, die on Nazareth farm; vets seek reason

More than 30 cattle bloated and died mysteriously Tuesday evening on the Dan Schmucker farm north of Nazareth.

THEY WERE part of a herd of 180 calves which Schmucker was feeding on pasture, graze crop and commercial starter feed.

Dr. W. J. Hill, Dimmitt veterinarian, said the cattle died from acute bloat brought about by rumen overload (excess feed in the main stomach). But area veterinarians are still searching for the cause of the fatal condition.

The cattle started bloating, drooping and dying late Tuesday afternoon, and continued to die late Tuesday night as a score of neighbors gathered to work with the dying stock. Veterinarians from Dimmitt and Tulia worked late into the night, trying to reverse the fatal bloating process.

"WE GAVE them antidotes for prussic acid poisoning and nitrate poisoning, but there was no response," said a Tulia veterinarian. Finally, the vets resorted to rumen surgery in an effort to save some of the dying animals.

Schmucker said a new load of commercial starter feed in pellet form was delivered Tuesday and fed to the cattle through a self-feeder. The feed company is now running analysis tests on the pellets and rumen samples.

"This is something that happens only every five years or so," said one area veterinarian. "We won't know for sure what caused this situation until we can run some tests."

George Straskulic dies Friday at 48

FUNERAL services were conducted at 3 p.m. Monday in the First Baptist Church of Dimmitt, with Dr. Raymond Perkins, pastor, officiating. Burial was in the Muleshoe Cemetery, under the direction of Dennis Funeral Home.

Pay your fine --plus the tax

Well, the state has even added a tax to court fines.

A NEW state law that took effect Monday requires courts to collect taxes on all fines paid by lawbreakers.

The tax scale is \$2.50 on municipal court fines up to \$200, a \$5 tax on misdemeanor fines in county courts, and a \$10 tax on felony fines in district courts.

Magistrates, justices of the peace and judges must keep records of all taxes collected on fines and mail them in to the state, just as retail businesses do on the merchandise they sell.

LABOR DAY PRIZES—Rev. Stanley Crocchiola of Nazareth shows many of his students' paintings which will be sold during the community's annual Labor Day Picnic Monday. Father Stanley holds an oil painting of his own, entitled "Winter Scene, New Mexico," which he has donated as an attendance prize for the celebration. The other paintings are just a few of those that will be displayed and sold in

the Nazareth High School Band Monday, with 20 percent of the proceeds going to Holy Family Church. All were painted during the past year by Father Stanley's art students who range in age from 10 to 80. The celebration also will include a public feast, game booths, food booths and a dance.

"LABOR IS LIFE" by Carlyle. Let's talk about labor — work, if you please, for that is what labor is. Labor has come a long, long way since ancient times when work was closely related to slavery. Aristotle described a slave as "a tool with life in it." In the Middle Ages, labor gained dignity and respect as slavery declined and Christianity spread. Then, later in the 1700's and 1800's the industrial revolution created conditions that led to the modern labor movements. Today labor has gained respect, wages and working conditions hitherto unknown before. Labor is life. Work is satisfying. Through his work a man accomplishes, and creates, and provides for himself and his family. When deprived of the opportunity or ability to work, man often becomes depressed, even ill. I Corinthians 3:9 tells us that "We are laborers together with God." We are His hands, feet, voice, and compassionate heart here on earth to spread the gospel, lift up the poor, eradicate ignorance and destroy disease. Honor God and Labor this week by attending church.

Hunting, fishing licenses expire

It's time to polish up the old smoothbore, dig out the hunting vest and...oh yes, buy a new hunting license.

TEXAS HUNTING licenses expire each year on Aug. 31, so hunters should make the purchase of a license part of their regular preparations.

Anglers also need to pick up new fishing licenses—which expire at the same time—before heading for the lake on an autumn bass campaign.

A heavy rush was expected this week at the state's outlets for license sales as the annual dove season opened. Each year, more than 800,000 hunting licenses and 1,500,000 fishing licenses are purchased in the state.

A RESIDENT hunting license costs \$3.25, while the non-resident charge is \$25. Fishing licenses are \$2.15. Exempt hunting licenses, for those under 17 years of age or over 65, are 25 cents.

A resident of this state may hunt any species of wildlife during any open season, except deer and turkey, in the county where he resides, without a hunting license.

One new requirement makes the purchase of a special \$3 white-winged dove stamp mandatory for hunting that species.

LICENSES are available at the Castro County Clerk's office.

Hunting licenses include a mule deer buck tag, two deer tags and a bonus antlerless deer tag for use in counties where doe harvest is authorized.

Miss Sparkman is honored with shower

By MRS. OWEN ANDREWS
A miscellaneous bridal shower honored Darlene Sparkman at Frio Baptist Church fellowship hall Thursday afternoon. Miss Sparkman, daughter of Mr. and Mrs. T. L. Sparkman Jr. is to be married to Jerry Richardson, of Miami, Fla., at the Frio Church on Sept. 4.

HOSTESSES for the occasion were Mes. Floyd Cole, David Yandell, Olin Parris, Harlan Barber, Lloyd Shultz, Dwane Nelson, Earl Harkins, Kenneth Frye, Weldon Stephan, Frank Robbins, Earnest Harder, H. V. Crawford, D. C. Miller, and Anderson Axe.

The honoree was assisted by her mother, sister, Mrs. Eugene Baldwin and sister-in-law, Mrs. Tommy Sparkman in opening gifts. The refreshment table was covered in green, overlaid with white lace, and the centerpiece was of white roses held in a silver container. Serving

the pink and orchid decorated cakes with banana punch from a silver service were Mrs. Harkins and Mrs. Axe. About 45 ladies came for the event.

MR. AND MRS. J. E. Warrick are at home on the Warrick farm here following their marriage Aug. 17 in Wilcox, Ariz. The 6 p.m. ceremony which took place in the home of the bride, Nadine Hall, was conducted by Rev. Grover Garrett, pastor of the Wilcox First Southern Baptist Church. They were attended by Mr. and Mrs. Lee Renner. Only close friends and members of the family attended. The bride is a former resident of the Easter community, having lived there several years with her family before moving to Wilcox about four years ago. Mrs. Warrick's son Ronnie, a junior in Dimmitt High School, will make his home with them also.

Billy and Eugene Warrick went to Wilcox, attended the wedding and helped move part of Mrs. Warrick's furniture and other things on the return trip.

MR. AND MRS. Godfrey Baldwin and sons Randy and Andrew of Temple Hill, Maryland, came Friday to visit relatives here several days. His mother, Mrs. B. H. Baldwin, and aunt, Viola Keene, who had spent about a month with them, came home with them also. On the way they visited the Robert Baldwins at San Antonio, the Darold Baldwins at Wilson, and other friends along the way.

Late summer community activities included a group attendance of Paul Green's "Texas" sponsored by Frio Homemakers Club. Twenty-six persons made up the group.

The Leon Voglers of Houston were here recently visiting their relatives, the E. F. Voglers, and others of both their families.

AMONG STUDENTS going to college are, Cheryl Cole to Oklahoma State at Stillwater. Her parents were helping her get settled during the weekend.

Mr. and Mrs. Marsh Pitman moved to Norman where they will be enrolled in Oklahoma University.

Karen Armstrong, daughter of Rev. and Mrs. Jake Armstrong, of Olympia, Wash., has enrolled at Wayland Baptist College. Mr. and Mrs. Olin Parris, who are sponsoring her, were helping her get settled during the weekend to begin her freshman year. The Armstrongs are former residents of Friona, where he pastored Calvary Baptist Church, before going to Washington to do mission work.

Mr. and Mrs. Elza Warrick and granddaughter went to Alamosa, Colo., Thursday to visit their daughter, Mrs. Les Draves and family.

A RECENT VISITOR of the Elza Warricks was Mrs. Grace Henson, a relative, from Englewood, Fla. She was here a couple of weeks.

Mr. and Mrs. O. C. Buckmaster and son of Ogden, Utah, were recent visitors of Ted Bush and other relatives.

Mrs. Laura Littrell and W. H. Andrews have been visiting their sister, Mrs. Bell Hart, in a

Clovis hospital. Mrs. Hart underwent surgery Friday morning.

Mrs. Owen Andrews, Mrs. Herbert Bruns and children recently visited a couple of days with the Glenn Andrews at El-

ter. The Bruns also went to near Griggs, Okla. to visit the J. C. Henderson family. The Hendersons moved there to farm about a year ago from their former home north of Dimmitt. Mrs. Henderson is the former Loretta Fowler assistant H.D.A., who shared an apartment with Mrs. Bruns a couple of years while they were both single. The Hendersons farm about 1600 acres on the Oklahoma-Texas line. Two of their children Howard and Dav-

id attend school at Plainview, Okla. The other children are Linda, 5, and Michael, 2 years of age.

THE OGANS have word from their son, Sammy, that he is now living, for three weeks, at Hotel Matterhorn, six miles from the foot of the Swiss Alps, while he studies the Italian language in an intensive course. He will, on Sept. 9, go to Fiorano, Modena Province, to live with the Cavani family for sev-

eral months, as he is participating in the Foreign Exchange Student plan.

BLOSSOMING MAILBOX—Here's a unique rural mailbox that brightens the postman's day and beautifies the roadside. Irvin Ott of Flagg has nestled the mailbox in an arrangement of brightly colored metal flowers which he made from spare parts around the farm. He replaced the box's original wood post with an auger bit, then added rod stems, welded flowers and split-pipe leaves. Here, Gay Roland learns that when she opens the door, the metal flag automatically springs up to signal that the mailman has come. Ott said his wife gave him the idea for decorating the mailbox, and he got so intrigued with the pastime that he has also made a steel flower arrangement for the back yard. E. C. McFADDEN of Dallas has been reappointed by Gov. Smith to the Occupational Safety Board for a two-year term.

Riley, McLain receive honor

Ray Joe Riley of Sunnyside and Cleve McLain of Hart have been selected to appear in the 1971 edition of "Outstanding Young Farmers of America."

THE BOOK lists top young farmers throughout the US on the basis of their business success, community service and contributions to agriculture.

Riley, 35, operates 4,115 acres and produces certified cotton lint and seed, sorghum, wheat, corn and alfalfa. He also raises Charolais and Hereford cattle.

As a cotton plant breeder and seed developer, Riley markets his seed throughout the High Plains under the Rilecot label.

A MEMBER of the Texas and Southwestern Cattle Raisers Association and the Texas and Southwestern Seedsmen Association, Riley has previously been named Outstanding Young Farmer and Registered Plant Breeder.

Riley is a charter director of Water, Inc., and is a member of the organization's planning and policy committee. He is

considered one of the Panhandle's leading authorities on water data and the development of the proposed Texas Water Plan.

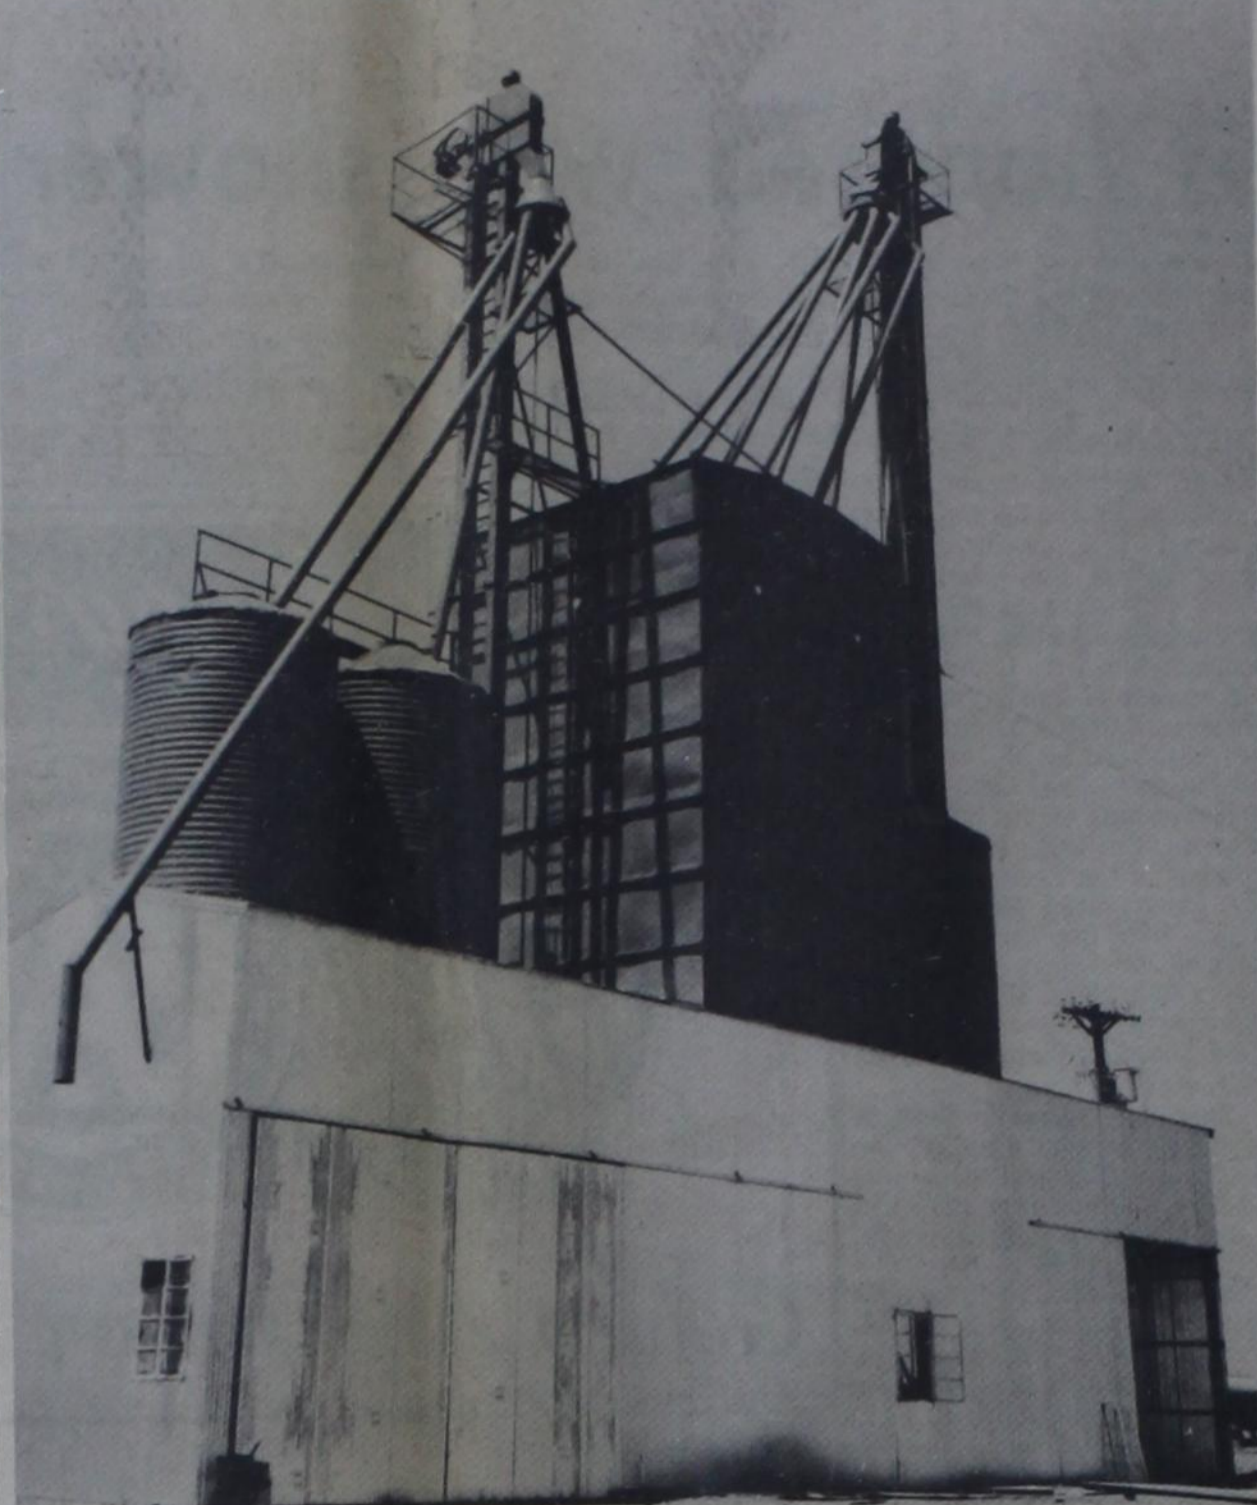

Riley and his wife, Jo Eddy, are the parents of two children. He is a member of the Bedford Street Church of Christ, and is active on its missions committee.

McLAIN, 36, operates 1,280 acres. He grows cotton, milo, soybeans and wheat, and also raises cattle, horses and hogs.

McLain is a member of the National Farmers Organization and the American Association of Sheriff's Poses and Riding Clubs. He also is an active supporter of Little League, is a Boy Scout sponsor and a member of the Hart Booster Club.

He and his wife, the former Shirley Todd, have five children. They are members of the First Baptist Church of Hart.

THIRTY-SEVEN applications to sell \$33.3 million in securities were filed with the State Securities Board last week.

A NEW FEEDER SERVICE is now available to stockmen in the Dimmitt area, with the completion this week of this new feed blending mill on US 385 north, near the Bruegel & Sons Elevators. Built by Fred

Bruegel Jr., the mill will provide custom blended feed for both swine and cattle, using all basic feed grains in a grinding, rolling and mixing process. Capacity output of the mill is 100 tons per day.

SBA authorizes Amarillo agent

Due to increased loan activity in the Panhandle area, Philip J. O'Jibway, director of the Lubbock district office of the Small Business Administration, has announced a field representative will be available at the Amarillo Chamber of Commerce on the first and third Tuesdays of each month beginning in September.

ANY SMALL businessman interested in obtaining information about the Small Business Administration's loan programs, SCORE, management assistance or other programs may call for an appointment at 374-5238 at the Amarillo Chamber of Commerce, 301 S. Polk, Amarillo Building.

Applicants may also obtain information about Economic Opportunity Loans which may be to assist in the establishment, preservation, and strengthening of small businesses. These loans are available under Title IV of the Economic Opportunity Act of 1964, as amended.

Interested parties should bring with them personal financial statements, current business balance sheets and profit and loss statements for the last two years, if available.

PROTECTING OUR SOIL AND WATER

American farmers and ranchers spend millions of dollars every year to protect our soil and water supplies and to stop pollution. As members of 3,000 local soil and water conservation districts across the Nation, farmers have improved more than 575 million acres of private land, reports the US Department of Agriculture. Last year alone farmers and ranchers built 30,000 miles of terraces to stop flood waters from washing away valuable top soil. They planted trees on 340,000 acres, managed five million acres for wildlife, and raised the Nation's total of recreation ponds to two million. All these environmental practices are improving the quality of our land, air and water.

AFL-CIO has prepared a man-for-man voting record of the Texas Legislature based on 16 selected issues.

BYRON FULLERTON of Austin has indicated interest in running for governor as a Republican next year.

Jim Killingsworth is appointed to national construction panel

Jim Killingsworth, treasurer of Killingsworth Construction Co., Inc., of Dimmitt, has been appointed to membership in the Dodge Advisory Panel, a newly formed national group of construction industry businessmen.

KILLINGSWORTH becomes one of over 1,600 members of the 1971-72 Dodge Advisory Panel, formed by the F. W. Dodge Division of McGraw-Hill Information Systems Co.

Members of the panel represent all major types of construction businesses, including building products manufacturers and their agents; distributors, wholesalers, suppliers, and retailers of construction materials; general construction contractors and specialized subcontractors; plus construction-related financial, insurance, real estate and service firms.

Information furnished by the panel to Dodge, the leading authority on the construction market, will provide valuable guidance in the development of

special information services that will aid various types of companies involved in the expanding construction industry.

By MYRT LOMAN

Hart High School and Junior High students elected their class officers and sponsors Friday.

Class sponsors this year are Mrs. Carole Farris and Glen Gleghorn, senior class; Mrs. Jan Hagler and Mrs. Joyce Garvin, junior class; Lanny Tucker and Barry Hughey, sophomore class; Mrs. Pam Kendall and Vaughn Ross, freshman class; Mrs. Shirley Barnes and Leon Kendall, eighth grade; and Mrs. Virginia Williams and Dennis Humphreys, seventh grade.

CLASS officers this year are: Seniors — Steve Cox, president; Roy Coronado, vice-president; Cindy Dyer, secretary; Amelia Costillo, treasurer; Lisa Lacy, reporter; Larry Sanders and Silvia Gonzales, historians; and Dianne Barham and Johnny Ehrbridge, Student Council representatives.

Juniors — Stanley Dyer, president; David Barham, vice-president; Alan Shive, secretary; Dennis Hill, treasurer; Bill Clifford, historian; Ricky Black, reporter; and Gary Hart and Reta Heck, Student Council representatives.

Sophomores — Stanley Harris, president; Thomas Cunningham, vice-president; Cecil Jackson, secretary and treasurer; Kathy Cheves, historian; Harley Malone, reporter; and Harley Malone and Cheryl Friday, Student Council representatives.

Eighth Grade — Terry Hill, president; Barry George, vice-president; Scotty Hathaway, secretary and treasurer; Brad Sharp, reporter; and Vivian Davis and Larry Cox, Student Council representatives.

Seventh Grade — Bobby Alensworth, president; Mike Cleverger, vice-president; Gary Jackson, secretary and treasurer.

POTATO CORSAGE—The office workers at H&S Produce Co. have built up a good collection of odd-shaped Irish potatoes this summer. Here, bookkeeper Charlotte Bates makes a corsage of a "Mickey Mouse" potato. Others resemble different birds, human heads, baseball gloves, etc. Each year, many spuds are grown here that remind the ladies of different objects other than "taters."

GREAT PUMPKIN—Mr. and Mrs. Sid Farmer, on the Tump McLain farm south of Hart, have only two pumpkins on this vine—but what pumpkins they are! The biggest one measures a whopping 70 inches in circumference, and has grown as much as five inches of girth in one week. The pumpkins were grown from seed ordered from the Burpee Co., and are either the "Big Man" or "Brag Patch Special" variety.

cr; Patricia Smith, reporter; and Mark Bennett and Rhonda Rowland, Student Council representative.

IF YOU have not been to the Hart Cemetery lately, you might drive out there and admire the work. Someone has recently mowed the grass, and the ground has been shredded of weeds.

We are ever so grateful to whoever takes the time to work there. I know of several men and boys who have worked at the cemetery in the past, who have no family buried there—just some friends. I, for one, appreciate your thoughtfulness in helping to make our cemetery a pretty site to place our loved ones.

REV. DALE WEST, former pastor of the First Baptist Church, and his family moved to Michigan after serving some 33 years as a missionary in Old Mexico. His new address is Sunfield, Mich., 48890, and he writes there are a number of Mexican-Americans in that town.

good schools and a Bible school where his son, Paul, hopes to enroll for some Bible classes.

MRS. IVA STANTON was hostess for a covered dish luncheon Friday at her home for members of the Golden Ones Club.

Members present were Mrs. Nora Ray, Ellen Cox, Jewel Kenady, Etta Finny, Lucile Myers, Mabel Aven and Myrt Loman, and one guest, Mrs. Leonard Griswold, who helps furnish transportation for those who have no car or do not drive. A plate of food was taken to Mrs. Arletta Crick who was unable to attend.

PROMOTION Day was observed Sunday in the First United Methodist Church, with several members receiving perfect attendance pins. Mrs. T. H. Taylor and Mark Bennett received one-year pins; Mrs. Bob Bowden and daughters, Tamara and Robin, Theron and David Hawkins received six-month pins, and Derek and Tracy Rich and Mrs. Mabel Aven received three-month pins.

New officers and teachers have been selected for the coming year and will assume their positions Sunday.

Mrs. Wamon Foster, daughters Jenne and Karen, and Robbie Hawkins and son David were in Van Horn this past weekend to participate in a lay witness mission.

MRS. PERCY HART will host the members of the Goodneighbor Club at her home south of Hart Tuesday for a covered dish luncheon.

Following the noon meal, a "Penry Auction" will be held, in which hand-made articles will be auctioned to raise money for the club.

The club members have made many contributions to the Hart Cemetery Fund.

XI MU IOTA will sponsor a spaghetti supper Friday night, Sept. 17, in the Hart school cafeteria.

The meal will be served from 5:30 to 8 p.m. Price for adults will be \$1.50 and children up to 12 years of age 75 cents. Dessert is included with the meal.

This will be the Homecoming game, when the Hart Longhorns meet the Turkey Turks.

MR. AND MRS. Roy Taack were guests on the Forket Lightning Ranch at Pecos, N.M., the summer home of actress Greer Garson and her husband, Buddy Fogelson. The Fogelsons raise Santa Gertrudis cattle, a breed developed on the King Ranch in Texas.

The Rocky Mountain Santa Gertrudis Association met Saturday at the Fogelson ranch for its quarterly meeting.

The Taacks with the rest of the guests were treated at the home of the foreman, Jay Kirkpatrick, with a Dr. Pepper party at 10 a.m., and at this time each one met Mr. and Mrs. Fogelson. Then the group toured the ranch and the Fogelson home, where chips and dip were served.

At noon the group met back at the Jay Kirkpatrick home, where everyone was treated to a real western barbecue on the patio. After lunch everyone went on a charter bus tour of the ranch.

The Taacks also visited Mrs. V. K. McCaskill of Pecos, the Bob Capes of Espanola, then went to Santa Fe, Taos, Cimarron, and on to Roy, N.M., to visit with Hob and Grady Anderson, friends of the Taacks.

CUB SCOUTS' regular monthly meeting was held last Thursday night in the Hart Elementary Gym.

Mrs. Leonard Griswold, den Johnny Newsom and Bart Coach, opened the meeting. Brington, den chiefs, gave a special skit, "The Ghost Cere-

mony."

Financial Facts

By Willis A. Hawkins, Jr.

Did you know that America has minted more commemorative coins than any other nation?

Commemorative coins are no new invention. They've been in existence since the days of the ancient Greeks and Romans.

The fact that we've used so many is largely because, with few exceptions, they are the only coins that have a real historical significance. Our commemorative coins picture in an interesting and instructive manner the progress and advance of people in the New World. Both collectors and average citizens alike hold them in great esteem.

The first American commemorative coin was struck in 1892. The last was in 1954. They commemorate such varied historical events as Civil War bat-

les, statehood, achievements of famous Americans and the founding of great cities.

*America's best seller has separate chopper, separate blower... big capacity... plus!

The cutter head on Uni doesn't have to double as a blower. And so the spout is closer to the wagon. Result? Forage is saved on turns, in contoured fields and in crosswinds. Spout direction is hydraulically controlled. The Uni-Forage Harvester has non-stop cutting and plug-free chopping ability, too. More than 60 tons an hour in corn. Three upper feed rolls and six spiral knives, and a choice of four cutter head screens.

Add 'em up. They give top performance hour after hour—with a more uniform cut (down to 3/16") for better silo packing. And it's part of a great system of self-propelled harvesting equipment requiring only one interchangeable Power Unit. It's America's best selling self-propelled forage chopper. The Uni-Forage Harvester... with 2-row wide or 3-row narrow row crop heads, cornhead for making ear corn feed, windrow pick-up, direct cut attachment... more reasons why...

HELP! CALL A DOCTOR

This anguished cry is heard more and more and is answered less and less. The population of the United States is going up and the amount of general practitioner medical doctors is going down.

Most doctors will not make house calls. Those that do generally will not go out nights or weekends.

Because of this it has become a necessary — in fact a matter of life and death — to be prepared to take care of a sick or injured person until the doctor comes or the patient can be moved to a hospital.

CAVEAT EMPTOR has found a book for you that may help to save your life, or the life of a loved one. A book that should be in every home. This book is, **WHAT TO DO UNTIL THE DOCTOR COMES** by William Bolton, M.D.

With this book in your home you will know the RIGHT action to take in a medical emergency. It is easy to read and concise to permit you to react quickly.

It is impossible to describe to you in full the contents of this valuable medical emergency manual.

Just to give you some indication of the contents read this list of just a few of the subjects covered.

For those who have never seen CAVEAT EMPTOR NEWSLETTER we must tell you that it is the newest hardest hitting consumer publication you can read. This is the newsletter that Sen. Abe Ribicoff not only found, "interesting" and "informative" but that he felt important enough to send to the Senate sub-committee on Executive Reorganization and Government Research for use in their hearing.

MRS. RODNEY JAMES RAWSON
... The former Sharon Sue Aven

Mr., Mrs. Rawson to live in Kansas

Mr. and Mrs. Rodney James Rawson are now at home in Hays, Kan., after their recent wedding in the First United Methodist Church of Hart.

THE BRIDE is the former Sharon Sue Aven, daughter of Mr. and Mrs. Dudley Aven of Friona, formerly of Hart. The groom is the son of Mr. and Mrs. James Rawson of Burlington, Colo.

Rev. Elra Phillips of Big Spring officiated at the double-ring evening ceremony. The altar and white satin kneeling bench were flanked by spiral candelabra and backed by a memory candle and an arch of candles enhanced by greenery and blue satin bows.

Arlene Aven of Friona, the bride's sister, served as the maid of honor.

BEST MAN was Rick Rawson of Stockton, Calif., the groom's brother. Candelighters were Lester Aven of Friona, brother of the bride, and Brett Aven of Hart, the bride's cousin. Ushers were Mike Chaney of Friona and Melvin Aven of Hart, both uncles of the bride.

Mrs. Margaret Rambo, organist, performed traditional wedding music and accompanied Robert Lewis Hawkins, soloist, who sang "Today," "I Love You Truly" and "The Lord's Prayer."

Given in marriage by her father, the bride wore a formal gown of white bridal satin with a stand-up collar and bishop sleeves with pointed satin cuffs overlaid with lace and seed pearls. The soft, full skirt was enhanced with lace bands in

front, and the back of the gown fell from the waistline to make a chapel train. Her shoulder length veil was attached to a crown of seed pearls and rhinestones, and she carried a cascade of white roses atop a white Bible.

THE MAID of honor wore a full length Empire gown of blue mirimist, and carried a bouquet of blue pompons and white carnations with blue streamers.

The reception was held in the church's fellowship hall. The table from which the traditional three-tiered bridal cake was served featured a tablecloth made by the bride's great aunts, Mrs. Joe Edd Carson and Mrs. Bacon Jones. Members of the houseparty included Mrs. Joe Edd Carson, Mrs. Ennis Galleon and Mrs. Gladys McLain.

The bride is a graduate of Burlington High School, where she was a member of the National Honor Society. The groom, also a graduate of Burlington High School, attended the University of Colorado at Boulder and is now a student at Fort Hays University, Hays, Kan.

Nov. 13 date set

Mr. and Mrs. Bob D. Mooney of Dimmitt announce the engagement and approaching marriage of their daughter, Janice Kay, to Gerald Davis of Amarillo.

THE FIRST Baptist Church of Dimmitt will be the setting for a Nov. 13 wedding.

Miss Mooney, a 1969 graduate of Dimmitt High School, attended West Texas State University and is now employed by Farm-land Industries in Amarillo.

Davis, son of Mr. and Mrs. W. R. Davis of Dumas, is employed by the IBM Corporation.

Book Club will meet Wednesday for guest review

The Dimmitt Book Club will begin its new program year next Wednesday with a business meeting and guest book review in the First State Bank community room.

MRS. Esta Vandiver, president, will begin the business meeting at 3:30. The review will follow at 4, with the public invited.

Mrs. Ed Fancher of Amarillo will review "A Hat on the Hall Table," a rollicking romp through the rectory, by Jean Reynolds Davis.

Mrs. Fancher, an Amarillo native, is a graduate of the University of Oklahoma and the mother of three children. Active in Amarillo civic affairs, she is president of the Woman's Society and past president of the Amarillo Junior League.

THE BOOK she will review was written by a minister's wife who also is a composer, musical arranger and mother of two sons. Mrs. Davis' husband is Rev. Warren H. Davis Jr., rector of St. Christopher's Episcopal Church in Gladwyne, Pa. "A Hat on the Hall Table," while not strictly autobiographical, is based on Mrs. Davis' own experiences.

Sorority holds unique party on 'Beginning Day'

Alpha Epsilon Tau chapter of Beta Sigma Phi sorority held its "Beginning Day" of the new club year Sunday afternoon with a "Bigger or Better Party" in the community room of the First State Bank of Dimmitt.

THE 16 members attending divided into teams to trade given items for something bigger or better. After progressive trading with local residents, prizes of potted ivy were awarded to Mmes. Jan Baca, Marty Benton and Mary Bechtol, who had traded an apple for the "biggest" item, a feed truck.

Mmes. Laqueta Hill, Nancy Alexander and Jerri Butler made the "best" deal, trading a balloon for a horse and rider. Last year's scrapbook was on display, and yearbooks for the new year were distributed. During the brief business meeting, reports were given by chairmen of the social, service, and program committees concerning plans for the new year.

Thier family has Nazareth reunion

A crowd of 115 gathered at the Nazareth Community Hall last week for a Thier Family reunion.

ALL MEMBERS of the family present were descendants of Mrs. Wilhelmina Thier, pioneer mother who arrived here with her seven grown children from Cleburne in March, 1903, to help start the German Catholic settlement that is now Nazareth.

The children and grandchildren who made up the crowd of 115 were the offspring of Mrs. John Huseman, the former Katie Thier; Mrs. Louis Huseman, nee Anna Thier; and Mrs. Franke Woefle, the former

of the social committee—Mmes. Nancy Ross, Dorothy Gilbreath, Patricia Braafladt and Boo Kemp.

The next meeting will be Wednesday at 8 p.m. at the Nazareth Country Club. A pledge meeting will begin at 7:30.

Louise Thier. The only surviving member of the original Thier family is Tony Thier, who resides with his daughter in Spokane, Wash., and travels regularly to Texas and Indiana to visit his nephews and nieces. He won the distance award at the annual Castro County Old Settlers' Reunion recently.

Relatives attended from Fort Worth, Amarillo, Hart, Hereford, Farwell, Canyon, Plainview and Nazareth.

Shower honors Billie Sue Dodd

Billie Sue Dodd, bride-elect of Wayne Maddox of Hereford, was honored with a bridal shower at the Country Club Friday evening.

The serving table was covered with net over satin, and the centerpiece was a small pyramid with purple velvet ribbon trimmed with little bells and topped by a small bride and groom. Purple punch and small decorated cookies were served by Keri Kirby and Debbie Beames.

Hostesses were Mmes. Kathy Hill, Billie Kirby, Oma Stokes, Nell Kenmore, Nell Martin, Frances Lytle, Edna Reinhardt, Joy Mercer, Melba Aldridge, Frances Goodwin, Shirley Pope, Florene Leinen, Connie Stallings and Clea Wilkinson.

SOUPY SATURDAY—Dimmitt awoke Saturday morning to find itself engulfed in a thick, thick fog that defied both the sun and headlights. Here's how it looked from the First State Bank corner at store-opening time, with the First Methodist Church and the Bedford Street Church of Christ barely visible less than a block away. The fog seemed thicker in some parts of the city than in others, with visibility less than 100 feet in places. The fog didn't lift until mid-morning.

New way found to test canner

By **IRENE KEATING**
Several of you have been calling about problems with your cookers. There is nothing quite as discouraging as discovering that all your hard work was wasted.

LAST WEEK I got some new information for testing our pressure canners. Up to now you have tested it with a gauge, and this way checked the accuracy of the cooker's gauge. The new technique requires the use of a maximum thermometer. I have the address where it can be purchased and also instructions for its use.

This method requires that you put the thermometer through the canning process and the temperature that it reaches lets you know if your cooker is working properly. I have copies of these instructions, and you may get one by calling or coming by the office in the courthouse basement.

Boosters hold first meeting

Thirty fans turned out for the first meeting of the Dimmitt Athletic Booster Club in the high school cafeteria Monday night.

MARSHALL LANGFORD, president, conducted a short business meeting before reports were heard from the football coaches.

Joel Reese, seventh grade coach, reported he has 59 boys out for practice, and that they're "showing a lot of spirit." Jerry Durham reported 45 boys have come out for eighth grade football, and that they have "lots of meat and enthusiasm." The freshman squad numbers 37, and Coach Jim Jefferies said they are "sound on fundamentals, full of hustle and ready to work." Local fans can see the freshmen's first home game Thursday, Sept. 9, when they host Kress.

COACH Kenneth Cleveland told the Boosters he would like to be able to play a B-team schedule. At present he has 18 boys on his squad, and hopes that some of the promising sophomores will return.

In his varsity report, Head Coach Brown L. Smith said the Bobcats "are working hard and want to win." He showed films of Friday's scrimmage against Tulia.

"The offense sputtered, but the defense looked good," Smith commented.

THE VARSITY squad will scrimmage Dalhart here Friday, starting at 7:30 p.m.

The booster Club will not meet Monday night because of the Labor Day holiday. Next meeting will be at 8 p.m. Sept. 13, when the football squads will be introduced.

Memberships in the club are still available from Dr. James Sims.

THP investigates 2 wrecks Monday

Two wrecks in the county Monday night kept local highway patrolmen busy.

JAMES L. REED, 39, of Tulia was charged with driving while intoxicated after his car collided with a tractor and disc plow on an unpaved county road five miles southeast of Hart, half a mile north of State 194.

The mishap occurred at 7:30 p.m.

Driver of the tractor was Margarito Coronado, 32, of Hart.

PATROLMAN Bill Scott said Coronado had been plowing a ditch along a private drive and was turning around in the road when Reed's car sideswiped the disc-plow ditching rig.

"It almost ripped the side out of the car," Scott reported. Damage to the plow was listed as minor.

Neither man was hurt in the accident.

LATER, at 10:45 p.m., Patrolman Dyrle Maples was called out when a U-Haul trailer overturned on US 385, six miles north of Dimmitt.

The trailer was being towed by a pickup driven by Roberto Pesina, 23, of Hereford. The pickup stayed upright during the mishap, Maples reported.

Pesina was charged with driving while intoxicated. Reed and Pesina have both posted \$500 bond pending court action.

LIVESTOCK RECEIPTS UP

Cash receipts from livestock marketings in the US for 1971 should top last year's \$29.6 billion, says Dr. Ed Uvacek, Extension livestock marketing specialist. Producer prices for livestock next year will probably average well above those in the first half of 1971. This suggests that cash receipts from livestock marketings could run nearly \$1 billion higher in 1972.

DON'T WASH cherries before storing, advise Extension foods and nutrition specialists at Texas A&M University. Fresh cherries are very perishable and should be refrigerated as soon as possible after buying. Leave stems on the cherries until preparing them for the table. The fruit should be eaten within two days.

GIFT SHOP COMPLETED—The Plains Memorial Hospital Auxiliary has opened its new gift shop in the hospital foyer. Here, Mrs. Virginia Gilbreath (right), member of the "Pink Ladies," shows Mrs. Connie Stallings through the new shop. Built at a cost of \$1,300, the gift shop offers personal

grooming items, floral arrangements, curios, stationery, hand work by auxiliary members, and other gift items for patients. The Pink Ladies donate their time to operate the shop, and profits go to benefit the hospital.

First round matches in the 1971 C.C.C.C. Men's Club Golf Championship are scheduled for Saturday, Sept. 4 for members only. The three-day affair will run through Monday, Sept. 6 with gift certificates as prizes for first, second place and consolation winners.

ENTRY FEE will be \$5.00 per player with deadline for entry Friday, Sept. 3 at 7 p.m. There will be 8-players in each full flight; flighted according to handicap. You can declare for championship.

Pairings will be released at the pre-tournament party slated for Friday night, Sept. 3 at 9 p.m.

Twenty-two members of the Ladies' Golf Association attended a salad supper-business meeting Thursday night at the Club. Headed by Mrs. Garnett Holland, president, the members enjoyed a nine-hole putting tournament which ended in a two-way tie for first place between Mrs. Punk Gilbreath and Mrs. Shorty Trimble, who both turned in par 18. Mrs. Gilbreath won the nine-hole playoff. Mrs. Bill Clark won the bogey prize with 23 putts.

Mrs. Ben Hill presented awards to the following members present: April 20, Four Hidden Holes, Rosalia Gilbreath bogey prize; May 4 Rosalia Gilbreath, bogey on odd holes; July 27 Polly Holland had the least on Holes 4 and 8 in the Championship Flight; and Juanita Bruegel least in the First Flight. Aug. 3 Low Net went to Deanne Clark in the First Flight; and Dorothy Gilbreath took first place honors in the Second Flight.

For Aug. 10 Kathy Thomas took home Low Putt honors with 14 in the Championship Flight; and Joannis Robertson copped first in the Second Flight. For Aug. 19 Ole Mae Trimble had the best poker hand in the Championship Flight.

For Aug. 24 Polly Holland had the most five's to win first in the Championship Flight; and Kathy Thomas took the most seven's. In the First Flight Vaudine Giles had the most seven's; with Joannis Robertson the most five's.

Tournament Chairman, Ole Mae Trimble, announced that the next Scotch Foursome will be Sunday, Sept. 19. It will be selective shot on the first tee only, and scotch thereafter.

MEMBERS were reminded of

the Ladder Tournament that is running at the Club now. Members are placed on a board with moveable sticks with their names on them, and you can challenge someone above you, but no more than three above, and if you win you take their place and they move down one, but if you challenge and lose you buy the challenge a new ball. Amy Glover said she had given out so many balls this past month, Ralph was beginning to whistle "Here Comes Santa Claus" everytime she started for the golf course.

Members also attending Thursday night's affair were: Linda Stringer, Jon Nell Forrester, Gladys Benson, Maxie Horton, and Joan Cook.

THE C.C.C.C. will be the site for a Member-Guest Golf tournament Saturday and Sunday, Sept. 25-26. Entry fee for the two-day, 36-hole, low-ball meet is \$10.00 per player; flighted according to the lowest handicap of the two; with deadline for entry Friday, Sept. 24, 5 p.m., pre-tournament party and pairings Friday 9 p.m.

Mrs. Garnett Holland, president of the L.G.A., announced that the ladies will be operating the Hospitality Booth as usual. Volunteers are urged to call Mrs. Holland.

SHORT PUTTS: The Pro Shop has enjoyed the TV set of Jerry Schaeffer this past summer. Brooke Alexander was in recently and bought an iron "with lots of loft," he said—to chop weeds and practice at the same time.

'Hour of Truth' time changed

The Assembly of God Church announced this week that its weekly program on KDHN Radio, "The Hour of Truth," has been moved to a new time.

THE PROGRAM can now be heard at 8:35 each Sunday morning, instead of 12:30 p.m. as in the past.

Highways will be closely patrolled

Will any Castro County residents become accident statistics this weekend?

THE Texas Dept. of Public Safety predicts that 33 Texans will lose their lives in traffic accidents during the long Labor Day weekend.

If Texans can't drive more safely than that, Gov. Preston Smith told his Traffic Safety Committee this week, serious consideration may have to be given to declaring a state of emergency on three-day holidays and calling out the National Guard to supplement police activities.

The state plans an intensive Labor Day safety campaign. Col. Wilson E. Speir, director of the Dept. of Public Safety, urged motorists to refrain from drinking while driving, to avoid fatigue and to modify driving speed in accordance with heavy traffic conditions.

ALL uniformed officers of the Dept. of Public Safety will be on the highways Friday through Monday to enforce traffic laws. Maximum use will be made of radar and breath-testing devices, Col. Speir said.

County hits 49% of '71 bond goal

Judge Raymond E. Wilson, chairman of the Castro County Savings Bonds Committee, reported this week that sales of Series E and H Savings Bonds in the county totaled \$4,296 during July. Sales for the first seven months were \$29,671 for 19 percent of 1971 sales goal of \$60,000.

JULY SALES in Texas amounted to \$16,810,210, compared with \$15,454,922 during the same period of 1970—an increase of 8.7 percent. Year-to-date sales were \$118,726,731, while 1970 sales totaled \$106,206,174, for an increase of 11.7 percent this year.

National sales during the month were \$458 million—16.3 percent above 1970 July sales. Sales for the seven-month period totaled \$3.24 billion—17.4 percent above a year earlier. Exchanges of Series E for Series H Bonds amounting to \$151 million were reported for the first seven months of 1971, compared with \$146 million exchanged in 1970.

LONGEST recorded period for which a person has voluntarily deprived himself of sleep has been 276 hours.

The view from your library

By MARY EDNA HENDRIX
Since school has started, we have very few people using the library. I would like to encourage anyone who likes to read and has time, to come in and check out some books to read!

ONE OF our newest books is "Bury My Heart at Wounded Knee" by Dee Brown. It is a documented account of the systematic plunder of the American Indians during the second half of the 19th century, battle by battle, massacre by massacre, broken treaty by broken treaty. Here for the first time is their side of the story. We can see their faces, hear their voices as they tried to live in peace and harmony with the white man. The book is currently in the Top 10 on the best-seller list of non-fiction books.

Another new book is "Queenie," by Hortense Calisher. This is a novel about an old-fashioned modern girl. Set in New York, Latin America and Yugoslavia, "Queenie" centers on the life of a girl in her late teens: her intimate remembrances of coming to this threshold age; her picturesque adventures at a rather special girls' college; and her post-graduation flight to the ends of sensation, and the world, with a male companion with whom she finally could share her lust for life, and her reverence for self.

"How to Be Your Own Astrologer" by Sybil Leek is an interesting book. Here are the step-by-step methods used by Sybil Leek herself to chart and interpret horoscopes, to know what it means when you have Mars in opposition to Saturn in your natal chart (problems ahead), or the happy occurrence of a grand trine (all's well).

ESTA VANDIVER brought some brochures to the library about the new play, "They Came From Spain," the Coronado story in light and sound by Margaret Harper. This will be presented in the Pioneer Amphitheatre in Palo Duro Canyon in September and October, on Thursday, Friday and Saturday nights at 8:15, with special performances Sunday, Sept. 5 and Sunday, Oct. 10.

Mrs. Catherine Easter came by the library this week. We always enjoy her visits. She checked a big book out, and since she was walking I delivered the book to her home during my noon hour.

Esta Vandiver and Ina Cleavinger kept the library for me while I was out one day last week. My mother has been in the hospital in Tulia, but she is better now.

When cheerleaders yelled fight, the Hornets took them literally

Maybe they should have measured that Dimmitt-Tulia scrimmage in rounds instead of downs.

THE HOSTING Tulia Hornets, who have won only a game or two in the last season or two, made it a fight all the way Friday evening as fists flew and pileups mounted regularly on the Tulia Gridiron.

"They had their boys keyed up pretty high," Dimmitt Coach Brown L. Smith said after returning from the Hornets' nest. "We didn't key our boys up—it was just a practice scrimmage."

He added, "I considered leading our boys up and coming home after the first seven or eight plays. It got to the point that our boys felt they had to mix it up with them in order to survive, and it got pretty rough."

BETWEEN pileups and rhu-barbs, the two teams battled to a scoreless tie in regular scrimmage. In goal-line situations, Tulia scored three touchdowns to Dimmitt's one. Each team

Dove hunters must plug guns

Dove hunters who have unplugged their shotguns had better take another look at the law, according to Texas Parks and Wildlife Dept. officials.

WHEN THE Parks and Wildlife Commission removed the three-shell limit on shotguns, it did so only for non-migratory birds such as quail and turkey. Migratory birds—and these include both mourning and white-winged doves—can be legally hunted with shotguns only if the shotguns are permanently plugged to hold three shells. Other migratory birds in Texas are ducks, geese, brant, coots, rails, gallinules, jacksnipe, woodcock and sandhill cranes.

"We've had some reports that dove hunters were happily anticipating the dove season because they could do more shooting with unplugged guns," said James U. Cross, executive director of the department.

"These hunters have obviously misinterpreted the law," he said.

DOVE season started Tuesday in the Panhandle Regulatory District.

LEGAL NOTICE
All brands and marks on Texas livestock must be rerecorded with County Clerks after August 30, 1971, according to a new law passed during the last session of the Texas Legislature. Producers will be given a six-month period (August 30, 1971 through February 29, 1972) in which to register these brands and marks and the location on the animal which they are currently using, after which time any unrecorded brand will be available for use on a "first-come" basis.

can 35 plays from scrimmage, plus several goal-line series, as a good crowd of Dimmitt visitors watched.

Smith lauded big senior tackle Pat Barrios as the top Cat on defense, with senior end Felton Isaacs and senior halfback Daniel Frierson also getting pats on the back for good performances.

And a sophomore came through well on both offense and defense. Gary Wise, full-back and defensive halfback, "ran real well for us on offense and hit some good licks on defense," Smith said.

JUNIOR Terry Powell and senior Jerry Matthews divided Dimmitt's quarterbacking duties, "and both of them looked pretty good," the coach commented.

"We were pretty happy with our pass defense—we intercepted two Tulia passes," Smith said.

"We need to get more consistent on offense—we have one real good play, then a bad one," he added. "We're getting a real good first effort from the boys, but we need to get those second and third efforts. We broke down several times when we missed some assignments, but of course that's to be expected this early."

EVERY Dimmitt boy making the trip—45 A and B squad players in all—got to play Friday evening. Before the season opener against Muleshoe Sept. 10, Smith & Co. will trim the traveling squad to 26 or 30 players.

The Bobcats will elect captains Thursday, and Friday at 7 p.m. they'll host the Dalhart Wolves of District 1-AA in a scrimmage in Bobcat Stadium. The scrimmage will be open to the public.

'Hunting Guide' is now available

The new "Texas Hunting Guide, 1971-72" is now available to hunters at Texas Parks and Wildlife Dept. offices and license agents.

THE accordion-fold publication contains not only summaries of game laws but also five Texas maps which show county-by-county the seasons and bag limits for deer, turkey, javelina, squirrel and the special October archery season. A one-page sheet detailing the mourning and white-winged dove seasons has also been sent to the department's game management officers and those bait-houses, camps, marinas, sporting goods stores and county offices where hunting licenses are sold.

Two other supplements to the guide will be available by mid-October, added James U. Cross, executive director. They are guides to quail regulations, which have not yet been adopted by the Parks and Wildlife Commission pending field studies of the bird situation; migratory game bird seasons, and regulations for counties placed under commission regulatory authority by acts of the 62nd Legislature.
