"Who Should Be Baptized?"

Jesus said, "Go teach all nations, baptizing them . . ." (Matt. 28: 19). Baptizing whom? Why, the ones who were TAUGHT. People who are too young to be taught the Gospel are too young to be baptized! Jesus said, "He that BELIEVETH and is baptized shall be saved . . ." (Mark 16:16). Therefore those who are to be baptized must be old enough to exercise faith in Christ. The eunuch of Acts VIII, upon hearing the Gospel asked, "What doth hinder me to be baptized?" (Acts 8:36). The preacher told him, "IF THOU BELIEVEST with all thine heart, thou mayest." (Acts 8:37). Therefore one MUST be a believer before they can be scripturally baptized. If one is baptized before he believes his baptism is not pleasing to God for, "Without faith it is IMPOSSIBLE to please Him; for he that cometh to God MUST BELIEVE that He is and that He is a rewarder of them that diligently seek Him." (Heb. 11:6). Philip preached the Word in Samaria, and "WHEN THEY BELIEVED Phillip preaching the things concerning the Kingdom of God and the name of Jesus Christ, they were baptized, BOTH MEN AND WOMEN." (Acts 8:12). "Then they that GLADLY RECEIVED THE WORD AND WERE BAPTIZED." (Acts 2:41). Those too young to "Gladly receive the word" are too young to be baptized!

Billy F. Michael 96 Miles TP Coal Discharged From & Oil Pipe Line U. S. Coast Guard Bought by Premier

Billy Fred Michael, youngest son of Mr. and Mrs. Carroll Michael, has received his discharge from the coast guard at Norfolk, Va., and will be in Cisco soon to take over his new home on highway 80, the former Dr. C. C. Jones place, his mother stated today.

His arrival here will be the occasion of a celebration of the Michael family, which will include all of his friends and school mates. The oldest son, C. G. Michael, and his family are already here.

Mr. and Mrs. Carroll Michael have leased their Cisco home to Fred Stout of Odessa, manager of the book and tile plant now being installed here. After July the Carroll Michaels will be at home in Bedford, route three.

96 Miles TP Coal & Oil Pipe Line Bought by Premier

BRANFORD, Tex., May 3. (AP)—Purchase of 96 miles of Texas Pacific Coal & Oil company's oil pipeline by the Premier Oil Refining company of Branford was announced today.

The price reportedly was over \$200,000 for the pipeline, whose main 36-mile line runs from Hill Top Station on the Brazos to Branford.

Britain Learns War Neurotics Less Effective

LONDON, May 3. (AP)—Soldiers discharged from the British army because of neuroses have become more self-conscious, less sociable and less interested in their jobs than they were before the war, according to a Ministry of Health report.

A group of 192 demobilized soldiers selected from rural, town and city areas by a military psychiatrist, Dr. Eric Guttmann of Mill Hill Emergency Hospital, showed great difficulty in readjusting themselves to civilian life.

Even 15 months after their discharge, Dr. Guttmann said, they formed a population with a high incidence of neurotic complaints and illness.

The majority tended to delay their return to work and changed jobs frequently. They also showed a high rate of absenteeism due to sickness requiring medical attention. In their private lives, they were found to be less active, liable to social frictions and generally unhappy.

Dr. Guttmann said three-fourths of the men had marked neurotic traits before enlistment while one-half complained of physical ill-health before joining the army.

Nazi Homeless Children Pose Problem to U.S.

WASHINGTON, May 3. (AP)—American military government officials in Germany have reported to the war department that there are 50,000 illegitimate children in Berlin alone and a proportionate number throughout the country.

The Nazi desire for an increased birth rate and a resultant state sanction on illegitimacy was given as the cause. By law the Jugendamt (welfare department) is the legal guardian of every illegitimate child born in Germany, the report stated.

Most of these children are placed in foster homes or institutions when they cannot be given care by their mothers or by relatives. The child may be placed for adoption when the mother grants permission.

German child welfare authorities report to the military government officials that the whereabouts of many of the mothers is unknown and hence it is impossible to place their children for adoption. They have more requests for adoptions than they have children who can be placed.

Under the Nazi system, all foster or adopted children were placed in homes of "reliable party members" irrespective of the welfare of the child. Military government authorities are reviewing these placements, which were made prior to the occupation.

The child welfare and youth programs of the Nazi Reich collapsed with the capitulation of Germany. Occupation forces were faced with the problem of providing care for expectant and nursing mothers, indigent and working mothers, orphans, illegitimate homeless children, neglected and handicapped children and juvenile delinquents.

Coal-burning RR Passenger service Be Cut in Half

WASHINGTON, May 3. (AP)—Transportation Director J. Monroe Johnson today directed coal-burning railroads to cut passenger service by half beginning May 15. He previously had ordered a 25 per cent cut in passenger service, effective May 20 and instructed railroads to haul only essential freight.

In the face of further crippling developments arising from the coal strike, he decided to ask the coal-burning roads to chop their passenger business by another 25 per cent on May 15.

Livestock, Meat Controls to Remain Says Truman

WASHINGTON, May 3. (AP)—President Truman said today that price controls on livestock and meat will be maintained as long as there are inflationary pressures on meat prices.

The White House issued a statement saying that in the last few days there had been "unfortunate misinterpretations" of the government's intentions in regard to price and distribution controls on meat.

Arab Mob Chants 'Down With Britain and America'

JERUSALEM, May 3. (AP)—A clamoring mob of 15,000 Arabs, chanting "down with Britain and America" and "shame on Atiles and Truman," spearheaded an Arab general strike in Palestine today with a march on the old city of Jerusalem.

One million Arabs are on strike in protest against a British and American commission report on Palestine.

State-paid Bonus For Vets Favored by Light Majority

PRINCETON, N. J., May 3. (AP)—A slight majority of the American voting public will the Gallup Institute says they would be willing to pay higher taxes to have their state governments pay a bonus to war veterans of their states.

As of the present about three-fourths of the states have given some consideration to proposals calling for state bonuses for veterans. Connecticut, Massachusetts, Vermont and New Hampshire have already made definite provisions for such bonuses.

Public thinking on the issue is measured by replies to the following question asked by field reporters in all parts of the United States:

"Would you be willing to pay higher taxes to have your state government pay a bonus to war veterans of this state?"

The replies of everyone questioned:

Yes 52%
No 29%
No opinion 19%

Drygoods Retail-Major Crime in ers Say OPA Hin-Texas Has In-dered Production creased 45 Pct.

DALLAS, May 3. (AP)—The members of the National Retail Dry Goods association retaste the position they have consistently maintained with reference to the Price Control Act.

1. We recognize the temporary need for a short-term extension of the act.

2. We believe the present administration of OPA has discouraged and stopped production of needed goods. It has forced scarce commodities into black markets. Production is the real cure for price inflation and we urge that every possible measure be taken to encourage production.

3. We believe that definite standards for the removal of controls should be established by congress and not left to administrative discretion.

4. We believe that for the good of the country, congress must clearly state its intentions and its policies for the guidance of the Price Administrator so that obstacles to full production may be quickly eliminated.

5. We urge that congress amend the law as to allow the productive capacity of the American industry to supply the needs of American consumers to the same full measure that it supplied our war needs.

AUSTIN, May 3. (AP)—Major crime in Texas increased 45 per cent in the first quarter of 1946 over the same period of last year, Director Homer Garrison of the department of public safety announces.

Glen McLaughlin, identification chief, said theft led the increase with a 51 per cent gain followed closely by robbery, up 50.78 per cent, and burglary, up 49 per cent. Other increases: Murder and homicide, 36 per cent; automobile theft, 15 per cent; and rape, 1 per cent.

The current state-wide murder rate means that a city or county of 100,000 would have nineteen slayings during the year, Garrison said.

Law enforcement in many localities, Garrison noted, is waging a valiant fight to stay abreast of the crime increase. He pointed out that the state identification division received 76,894 fingerprint records during the quarter, compared to 51,143 in the first three months of 1945. This represents a 48.43 per cent increase in arrests throughout the state.

"But," the department head added, "there must be even greater vigilance and determined effort to apprehend and punish criminals, especially in the smaller cities and towns of Texas."

Mrs. R. J. Rendall, Mother of Scotch Foursome, Is Dead at Country Club

Mrs. R. V. Rendall and daughter Mary Jane have returned from Fort Lauderdale, Fla., where they have been at the bedside for more than a month of Mr. Rendall's mother, Mrs. R. J. Rendall, who succumbed to cancer on April 18.

Deceased and her husband, R. J. Rendall, visited in Cisco last summer with their son and wife. Mrs. Rendall underwent major surgery in December and R. V. Rendall was called to Florida because of the critical condition of his mother at that time.

The final rites were held in Fort Lauderdale where the couple had spent the winter and burial was made in Fort Lauderdale cemetery. Mr. and Mrs. R. J. Rendall were natives of Princeton, Ind. Besides her husband and son, she is survived by her daughter Mrs. Ben Bietzer of Fort Lauderdale, and five grandchildren, two in Florida and Lenora, Robert and Mary Jane Rendall of Cisco.

Scotch Foursome Set For Thursday

O. B. Davis, in charge of the golf grounds at Cisco Country club, announces a Scotch foursome for Thursday afternoon of next week, hours to be arranged for the convenience of players.

Interested ladies are asked to meet at the Country club at 1 o'clock Monday afternoon to discuss plans and for free practice play that afternoon.

Fairways have been mowed and the greens are in good condition, Mr. Davis says, and all men and women golfers are invited to participate in the foursome.

Most of the Cisco Country Got Good Rain Last Night

A dandy rain fell in Cisco and much of the surrounding territory last night, City Secretary Lavery reporting a fall here of better than an inch.

Earl Smith of route three, who lives in the Sandy school district, about ten miles north of Cisco, was a Daily Press caller today and reported 1 and 5-10th inches of rainfall at his home last night.

Secretary Lavery gives the total rainfall in Cisco during the month of April as 1 and 1-10th inches.

Moran Company C to Become Unit National Guard

MORAN, May 3. (AP)—Things are really looking good here for Company C, Texas state guard. New recruits continue to come in and this is very gratifying.

April 26, two squads of guardsmen met the Waco chamber of commerce special train and escorted the business men down town, where the big T. S. G. truck had been parked, to be used as a speaker's stand. Guards were then posted at either end of the street in the block west of the highway. One of the Waco business men asked if the guardsmen were on maneuvers and when told they only came out to greet the visitors, he was very grateful and appreciative.

Lt. Colonel Olney H. Bryant of the adjutant general's office was in Moran last week, explaining the set-up of the new Texas national guard and the part it will play in national defense. Since Moran steadily maintained a unit in the Texas state guard all during the late war, she stands a good chance of obtaining a unit in the national guard, which is now in the process of transition. Moran, according to the Guardsman, official magazine of the T. S. G., is the smallest town in the state with a unit in the state militia.

Coal Strike National Disaster But President Gives No Sign of Seizing Mines

Hart, Candidate 159 Attended Junior-Senior High School Banquet

John Hart, Eastland county sheriff and a candidate for the office of county judge, makes the following announcement:

"In making my official announcement for the office of county judge, I first want to express my thanks and appreciation for the favors you have shown me. I shall always be grateful to you. I am now asking the people of my county, who have been so good to me, for promotion to county judge. My family consists of my wife

By United Press.

WASHINGTON, May 4.—The White House tonight called the soft coal strike a "national disaster" and told the American people they have barely begun to feel its full impact.

From now on, it warned, the effects of the 34-day strike will take many months to mend the damage to reconversion progress.

The grim warning came as senators demanded presidential seizure of the mines, and as the government prepared to clamp down new restrictions on deliveries of what little reserve coal is left—976,100 tons as of May 1.

As the crisis deepened, there still was no prospect of any immediate settlement of the dispute.

Alcatraz Battle Ends With Deaths of Three Bad Men

SAN FRANCISCO, May 4 (AP)—The three-day battle of Alcatraz Island ended violently today with prison authorities in complete control and the three top ringleaders—Joseph Paul Cretzer, Paul Bernard Coy and Marvin Franklin Hubbard—killed at their gun positions behind the blood-spattered, shell-pocked cell block C. 99.

"Actual fighting has stopped and we have accounted for the weapons that the prisoners used," Federal Prison Director James V. Bennett told the United Press after Warden James A. Johnston announced the death of Cretzer, Coy and Hubbard.

The bodies of the three top desperadoes—chieftains of the revolt that extended from 2 p. m. Thursday to late Saturday morning—were taken from the floor of the utility corridor of the cell block.

They died beside their guns.

The climax of the insurrection came dramatically as guards and Leavenworth sharpshooters moved in for the kill, with guns blazing.

Warden James A. Johnston, in a telegraphed bulletin relayed to the United Press by telephone at 12:10 p. m., announced recovery of the bodies and said—

"It seems quite certain that no prisoner escaped."

Methodists Here Thursday in District Conference

Cisco district conference of the Methodist church will meet at Cisco First church Thursday for an all-day session, starting at 9:30 a. m.

"It is likely that the best reports that have ever been made for the first half of the year will be made by the pastors of the fifty churches in this district," said Rev. Wm. H. Cole, district superintendent.

He added: "The amount raised for benevolences and the amount raised for all purposes has doubled over what it was 12 years ago. Two hundred and twenty-six people have been received on profession of faith and three hundred and seventy-three have joined by certificate. These figures represent a large increase over the past few years."

Dr. A. W. Martin of SMU will be the guest speaker for the conference. His address will be at the 10:30 period. His subject will be "Ways the Churches Can Work Together." The public is invited.

Harmony Girls in Program Monday Night, Eastland

The Harmony Girls and Violin Sextet will present a program at Eastland Methodist church Monday night, 8 o'clock, to which the public is invited.

This group will give the same program that they will present this week at Big Spring, Midland, Odessa and San Angelo.

Cisco girls participating will be Patsy Lois McCrea, Joann Bearman, Patsy Davis, Mary Jo Isenhour, Elova Moad, Lovell Paul, Mary Martha Ball, Zella Sandler, Betty Roe Wilcox, Mary Jeanette Poe, Billie Jean Hall, Scrippy Cluck, Yvonne Hazlewood, Barbara Grist. Wilda Dragoo is director of these musical organizations.

"As I have spent practically all my life in Eastland county—teaching school, serving you as state and county tax-collector and sheriff—I feel there is no need of making you a lot of promises, for I believe you know how I stand on all public issues.

"I appreciate the interest my friends are taking in my behalf and I hope to see each and every voter of Eastland county before the July primary.

AFL to Make Great Effort to Unionize 'White Collars'

FT. WORTH, May 4.—American Federation of Labor leaders from six Southwestern states will meet early in June, probably in Fort Worth, to map plans for union organization of white collar workers in the area. A. L. Bailey, vice-president of the Texas Federation of Labor, said Saturday.

The drive will be aimed at organizing workers in banks, insurance companies, oil companies, automobile concerns, other business and industrial plants and city and county governments.

Washington Dim-out.

WASHINGTON — Wartime "brownout" regulations were ordered back in effect Saturday for the nation's capital, as government conciliators sought to keep the stymied soft coal negotiations in session throughout the week-end, with no Sunday recess.

In a fuel conservation move, the District of Columbia commissioners issued instructions for immediate curtailment of street lighting and display lighting in commercial establishments. The order is expected to bring a cut of one-third in the capital's electric power consumption.

The city experienced a partial dim-out Friday as theaters and many shops voluntarily complied with the local power company's appeal to keep marquees and show windows dark to conserve dwindling coal supplies. With curtailed lighting now mandatory, Washington fell in line with other cities which have been forced to such action.

City Hall Lecture.

Rev. Lester P. Summers, pastor of the Assembly of God church at Brownwood, will speak at Cisco city hall auditorium at 7:45 Monday night. Mr. Summers has been engaged in Sunday school extension lectures throughout Texas and comes to Cisco to survey the prospects for an Assembly of God church here, it is stated.

Texas-Bred Horse won Kentucky Derby and \$144,250

LOUISVILLE, Ky., May 4 (AP)—Assault, a good Texas-bred horse the crowd overlooked for no reason at all, came from behind today to win the great Kentucky Derby before the largest crowd ever to jam into an American race track.

Assault, owned by Richard Kieberg of Kingsville, Tex., won \$144,250 for his owner.

The three horses the crowd, numbering more than 125,000, picked as its favorite—the entry of the Maine Chance Farm, Lord Boswell, Knockdown and Perfect Bahram—didn't even finish in the money. The track was muddy.

Plane Talk

More Airplanes.

Due to the increasing number of students, we have obtained more airplanes for their use. No longer will it be necessary to wait for the airplane while some one else is flying.

We have made additions to our equipment of a new Aeronca Champion and a Fairchild PT-19. The new Aeronca has the latest and best design features of the new trainers. It is flown solo from the front seat and has greatly increased visibility, with a cruising speed of 90 miles per hour. It is not a 1946 production of the pre-war trainer, but a completely redesigned airplane that you will like to fly.

The Fairchild is our answer to the numerous requests we have had from ex-military pilots wanting heavier and more maneuverable airplanes. It will also be used to give acrobatic pleasure rides for those looking for thrills. Ask Smitty Huestis about the ride he took with Jack Lauderdale.) The PT will also be used by our students who have had considerable time in light planes and wish to increase their experience in heavier and more powerful aircraft.

We plan to keep the old faithful Cub Cruiser for night flying, pleasure rides and for those who want to continue flying it. New students, however, will be started in the new Champion, since any more equipment we add will be of that model.

5th Mysterious Murder Baffles Texarkana Folk

TEXARKANA, Tex., May 4 (AP)—A few footprints and the faint track of an automobile tire were the only clues left tonight in the wake of a phantom madman who has murdered five persons in the Texarkana area in the last six weeks.

Police doubled their search as doctors fought to save the life of a sixth victim wounded in the latest outbreak of murder-without-motive on the Texas-Arkansas line.

Sheriff W. E. Davis said he was convinced the man who shot and killed Virgil Starks, 36-year-old Homan, Ark., farmer, last night is the man who shot and killed four other people since March 24.

Starks, described as a man without an enemy, was shot in the back as he sat in his home listening to a radio program. The same gunman shot Mrs. Starks twice through the head. She escaped to the home of a neighbor, though seriously wounded.

Cisco Scouts in Spotlight at a Recent Camporal

Cisco scout troop 101, S. E. Hittson, scoutmaster, was well represented at the camporal conducted for this district by Executives Quiri and Smith of the Comanche Trail council, Brownwood office, and held at Ringland Lake, Eastland, May 3 and 4.

F. M. Woolf, scout district commissioner, says the Cisco boys held the spotlight at the council court of honor and received the following awards:

Jay Warren, the Eagle badge; merit badges in life saving, athletics and signaling; also the perfect attendance and organizer's awards.

Second class badges were presented to Jimmy Waddell, Joe Christie, Jimmie Dan Poe, Philip Porter and Bill Mitcham.

Those receiving merit badges were Charles Prater, woodwork, metal work, firearms, safety, bird study, carpentry, farm machinery and camping; Bill Mitcham, wood carving and carpentry; Franklin Leach, firearms, art, farm layout, bookbinding and wood carving.

"Cisco Presbyterian church and the troop leader," says Mr. Woolf, "are to be commended for this splendid work. Such training can be made to pay early dividends in both church and school citizenship. In a city of this size there are great numbers of boys between 9 and 15 years whose activities could more wisely be directed if we as individual citizens would accept the responsibility."

GLIDER FREIGHT SERVICE

A Douglas DC-3 and its glider, both loaded with cargo ranging from radios and dresses to drugs, zoomed over the Philadelphia Northeast Airport for the inaugural flight to Cuba and Puerto Rico.

Methodists Here Thursday in District Conference

Cisco district conference of the Methodist church will meet at Cisco First church Thursday for an all-day session, starting at 9:30 a. m.

"It is likely that the best reports that have ever been made for the first half of the year will be made by the pastors of the fifty churches in this district," said Rev. Wm. H. Cole, district superintendent.

He added: "The amount raised for benevolences and the amount raised for all purposes has doubled over what it was 12 years ago. Two hundred and twenty-six people have been received on profession of faith and three hundred and seventy-three have joined by certificate. These figures represent a large increase over the past few years."

Dr. A. W. Martin of SMU will be the guest speaker for the conference. His address will be at the 10:30 period. His subject will be "Ways the Churches Can Work Together." The public is invited.

Harmony Girls in Program Monday Night, Eastland

The Harmony Girls and Violin Sextet will present a program at Eastland Methodist church Monday night, 8 o'clock, to which the public is invited.

This group will give the same program that they will present this week at Big Spring, Midland, Odessa and San Angelo.

Cisco girls participating will be Patsy Lois McCrea, Joann Bearman, Patsy Davis, Mary Jo Isenhour, Elova Moad, Lovell Paul, Mary Martha Ball, Zella Sandler, Betty Roe Wilcox, Mary Jeanette Poe, Billie Jean Hall, Scrippy Cluck, Yvonne Hazlewood, Barbara Grist. Wilda Dragoo is director of these musical organizations.

AFL to Make Great Effort to Unionize 'White Collars'

FT. WORTH, May 4.—American Federation of Labor leaders from six Southwestern states will meet early in June, probably in Fort Worth, to map plans for union organization of white collar workers in the area. A. L. Bailey, vice-president of the Texas Federation of Labor, said Saturday.

The drive will be aimed at organizing workers in banks, insurance companies, oil companies, automobile concerns, other business and industrial plants and city and county governments.

Washington Dim-out.

WASHINGTON — Wartime "brownout" regulations were ordered back in effect Saturday for the nation's capital, as government conciliators sought to keep the stymied soft coal negotiations in session throughout the week-end, with no Sunday recess.

In a fuel conservation move, the District of Columbia commissioners issued instructions for immediate curtailment of street lighting and display lighting in commercial establishments. The order is expected to bring a cut of one-third in the capital's electric power consumption.

The city experienced a partial dim-out Friday as theaters and many shops voluntarily complied with the local power company's appeal to keep marquees and show windows dark to conserve dwindling coal supplies. With curtailed lighting now mandatory, Washington fell in line with other cities which have been forced to such action.

City Hall Lecture.

Rev. Lester P. Summers, pastor of the Assembly of God church at Brownwood, will speak at Cisco city hall auditorium at 7:45 Monday night. Mr. Summers has been engaged in Sunday school extension lectures throughout Texas and comes to Cisco to survey the prospects for an Assembly of God church here, it is stated.

Texas-Bred Horse won Kentucky Derby and \$144,250

LOUISVILLE, Ky., May 4 (AP)—Assault, a good Texas-bred horse the crowd overlooked for no reason at all, came from behind today to win the great Kentucky Derby before the largest crowd ever to jam into an American race track.

Assault, owned by Richard Kieberg of Kingsville, Tex., won \$144,250 for his owner.

The three horses the crowd, numbering more than 125,000, picked as its favorite—the entry of the Maine Chance Farm, Lord Boswell, Knockdown and Perfect Bahram—didn't even finish in the money. The track was muddy.

WHO OWNS THESE TWO? That is a question Hollywood, Calif., courts will have to decide. Trader Horn and movie actor Ken Murray both claim ownership of Ruby and her month-old baby Joe. So they turned the question of ownership over to the law to decide.

SAFE FOR CHILDREN.

For the first time in history a nation-wide study is to be made of the children of this land.

The American Society of Pediatrics will conduct the study, which will take two years and will be in charge of two Boston child specialists. In discussing the undertaking, Harvard's asso-

ciate professor of sociology, Carl Zimmerman, said that family life in America "must be rebuilt to halt the inhumanism in the world, the butchery, violence and extermination of the last few years."

To do this the professor advocates American families of three or four children.

The professor is right — as far as he goes. Three or four children make a nice family — provided the parents' economic level is such that

the offspring can have a good environment.

And provided that world politicians will not cook up wars every twenty-five years to kill off a large percentage of each family's children.

Further, the committee making the two-year child survey should have some women on it. American women can no longer evade public duty.

It is not enough that they be good homemakers and mothers. They must first prepare themselves and then use their voting rights to see that their country is a fit place for the four-children-families they are asked to produce.

This is a job for child SPECIALISTS, all right — WOMEN child SPECIALISTS, as well as men.

TWO STUDENTS HERE FOR WEEKEND VISIT. A group of students from Texas Wesleyan College are having their annual weekend visit to Lake Cisco, chaperoned by Miss Juanita Cowan, a faculty member of TWC.

The girls arrived Friday afternoon on the Sunshine and enjoyed bowling Friday evening. They then went to Lake Cisco, where they had two cabins awaiting them and spent the night.

Saturday the attractions of motor boating, golfing, swimming and skating were features of the day. Saturday evening a dance on the roof garden of Laguna hotel was held for the group and their friends.

They plan to spend this morning at the various churches of the city and will then return to Fort Worth.

Personnel of the party includes E. E. GRENWELGE.

Misses Peggy Jean Gallagher, Wanda June Bond, Margaret Hally, Cisco; Dorothy Sue Rowe, Big Spring; Mary Lane Hendricks, Turkey, Tex.; Glenna Harwell, Colorado City; Jane Lomax, Meridian; Christine Davis, Jonesboro; Verna Deene Knox, Fort Worth; May Peak, Cincinnati, O.; Erin Hensarling, Madisonville; Robbie Jean Williams, Quanah; Mary McLeod, Eunice, N. M.; Merline Ross, Eastland; Merlene Merwin, Big Spring; Mary Lee Standifer, Panama Canal Zone, and their sponsor.

meeting were read and were approved by the body and other business affairs were transacted. The program was then presented, as follows: Worship service, conducted by Mrs. Elmer Berry with Mrs. S. E. Hittson playing piano accompaniment. The afternoon topic, "Our Challenges," was presented as a four-point challenge for the New Era, 1946. The first point, "The Church," was discussed by Mrs. Philip Pettit; "The Home," by Mrs. V. C. Overall; "Families," by Mrs. Clifton Hall and "The Community," by E. A. Butler, an invited guest speaker. The program was interspersed with group singing and prayers.

Two out-of-town visitors, Mrs. Curtis Ferguson and Mrs. W. T. Fisher of Brownwood, were present and were given recognition. Mrs. Fisher, chairman of district ten, of the Texas council, gave a most interesting talk. The meeting was adjourned by prayer.

The decorating committee of the host church was composed of Mrs. B. E. Morehart, Mrs. O. C. Lomax, Mrs. J. P. McCandless and Mrs. C. A. Shockey.

Fifty women were present at the luncheon and program.

CHILD STUDY CLUB MEETING FRIDAY. Cisco Child study club met at the Women's club house Friday at

ternoon for regular meeting, with Mrs. Jay Garrett presiding. Mrs. Earl Mayhew was afternoon hostess.

During the business period minutes were read by Mrs. Howell Sledge, secretary, and it was decided to have a luncheon at next meeting.

Miss Bonnie Erwin was then presented in special piano selections, after which Mrs. Charles Burke gave an instructive talk on "A Sound Approach to Sex Education."

During the social hour refreshments of cold drinks and cookies were passed to Mrs. Jay Garrett, Mrs. Charles Burke, Mrs. Don Choate, Mrs. J. C. Fletcher, Mrs. Gerald Merrett, Mrs. V. C. Overall, Mrs. J. T. Richardson, Mrs. Blake Stephens, Mrs. Marston Surlis, Mrs. Howell Sledge, and Mrs. C. M. Barnes and Mrs. Mayhew.

WILLING WORKERS IN THOMAS HOME THURSDAY. Willing Workers class of First Christian church met in the home of Mrs. E. T. Thomas Thursday evening for business and social meeting with Mrs. Lois Killough as co-hostess for the occasion. The meeting opened with a devotional, "Sharing Our Faith With Others," brought by Mrs. Troy Powell. Prayer by Mrs. J. F. Benedict followed.

Mrs. E. H. Hester presided at the business meeting and minutes of previous meeting were read by Mrs. Powell. Secret pals were revealed and new names were drawn. Pal gifts were brought to the meeting for husbands of members.

During the social hour a shower of gifts was presented to Mrs. Glen Hightower, a class member. Refreshments of sandwiches, punch and mints were passed to Mrs. J. F. Benedict. Mrs. J. T. "Who Should Be Baptized?"

Jesus said, "Go teach all nations, baptizing them..." (Matt. 28: 19). Baptizing whom? Why, the ones who were TAUGHT. People who are too young to be taught the Gospel are too young to be baptized! Jesus said, "He that BELIEVETH and is baptized shall be saved..." (Mark 16:16). Therefore those who are to be baptized must be old enough to exercise faith in Christ. The eunuch of Acts VIII, upon hearing the Gospel asked, "What doth hinder me to be baptized?" (Acts 8:36). The preacher told him, "IF THOU BELIEVEST with all thine heart, thou mayest." (Acts 8:37). Therefore one MUST be a believer before they can be scripturally baptized. If one is baptized before he believes his baptism is not pleasing to God for, "Without faith it is IMPOSSIBLE to please Him: for he that cometh to God MUST BELIEVE that He is and that He is a rewarder of them that diligently seek Him." (Heb. 11:6). Philip preached the Word in Samaria, and "WHEN THEY BELIEVED Philip preaching the things concerning the Kingdom of God and the name of Jesus Christ, they were baptized, BOTH MEN AND WOMEN." (Acts 8:12). "Then they that GLADLY RECEIVED THE WORD AND WERE BAPTIZED." (Acts 2:41). Those too young to "Gladly receive the word" are too young to be baptized!

159 Attended Junior-Senior High School Banquet

In a flower-bedecked, a la southern dining room, 159 Juniors, Seniors and faculty members of Cisco high school met at 8 p. m., May 3 in Laguna hotel roof garden.

The guests entered the banquet hall to a medley of old southern songs played by Barbara Grist at the piano and Helen Hay and Angeline Pence with their violins.

While the sweet old melodies were echoing through the rooms, the banqueters marched around the tables centered with red roses and white honeysuckle (chosen colors of the honor guests, the Seniors) in quest of their places, which were marked by silhouettes of a girl in southern dress. These place cards, each of a different design and color, were hand-painted by Lois Ann Coats and Katherine Reynolds, Juniors.

The menu accentuated the southern theme, with baked ham, hot rolls, ice cream and all the accompanying trimmings. The program booklets, typed by the commercial department under the instruction of W. F. Hale and chairman by Floyd Calloway, further accentuated the Senior colors of red and white. The registration book, prepared and presided over by Martha Lou Smith, reporter, was filled with white leaves, bound with red cover and garlanded with red roses on a white background.

The program was presided over by Melvin Noble, Junior president, and consisted of:

Invocation, Harry Haynie.
Welcome to the Sunny South, Melvin Noble.
Gratitude for Southern Hospitality, Charles Pence.
To a Southern Song Writer (Stephen Foster), Martha June Smith.
To a Southern Lassie, "I Dream of Jeanie with the Light Brown Hair," John Slaughter.
To a Homesick Southerner, "I'll Take You Home, Kathleen," Dorothy Grantz, Robbie Joe McNeely, Fern Huestis.
To "My Old Kentucky Home," Joe Tom Poe.
Chorus, "My Old Kentucky Home," Junior and Senior Choral clubs.
To the "Old Folks at Home," Betty Jones.
Music to "The Old Folks at Home," Barbara Grist.
Southern Traditions, O. L. Stamey.
Invitation, Back to Dixie, R. N. Cluck.
Victory Song, All Ye Southerners.

The banquet perpetuated the tradition of using sophomore girls to serve. These girls, dressed as southern lassies, topped their colorful prints with dainty white paper aprons and caps, made by the home-making department under supervision of Denise Cummings. Those serving were Betty Dean Lennon, Katy Lou Atkins, Frances Ruth Halstead, Jeanne Hansen, Ella Waddell, Anna Bell Trigg, Jane Houston, Betty Joe Thurman, Mary Martha Ball.

All members of the Junior class were hosts for the occasion, and the sponsors were Lela Latch Olga Faye Ford and O. S. Clark.

Printed invitations were given all guests and their acceptances or regrets were answered in formal manner in the Junior and Senior classes, under the supervision of Miss Doris Jo Pyle and Mrs. E. L. Hazlewood.

WASHINGTON, May 4.—The White House tonight called the soft coal strike a "national disaster" and told the American people they have barely begun to feel its full impact.

From now on, it warned, the effects of the 34-day strike will take many months to mend the damage to reconversion progress.

The grim warning came as senators demanded presidential seizure of the mines, and as the government prepared to clamp down new restrictions on deliveries of what little reserve coal is left—976,000 tons as of May 1.

As the crisis deepened, there still was no prospect of any immediate settlement of the dispute.

Alcatraz Battle Ends With Deaths of Three Bad Men

SAN FRANCISCO, May 4 (UP)—The three-day battle of Alcatraz Island ended violently today with prison authorities in complete control and the three top ringleaders—Joseph Paul Cretzer, Paul Bernard Coy and Marvin Franklin Hubbard—killed at their gun positions behind the blood-spattered, shell-pocked cell block C. 99.

"Actual fighting has stopped and we have accounted for the weapons that the prisoners used," Federal Prison Director James V. Bennett told the United Press after Warden James A. Johnston announced the death of Cretzer, Coy and Hubbard.

The bodies of the three top desperadoes—chieftains of the revolt that extended from 2 p. m. Thursday to late Saturday morning—were taken from the floor of the utility corridor of the cell block.

They died beside their guns.

The climax of the insurrection came dramatically as guards and Leavenworth sharpshooters moved in for the kill, with guns blazing.

Warden James A. Johnston, in a teletyped bulletin relayed to the United Press by telephone at 12:10 p. m., announced recovery of the bodies and said—

"It seems quite certain that no prisoner escaped."

THE PARTING—Mrs. Hazel Lane, 21, British war bride whose American husband was killed in action, is homesick for England. She gives her son David, two, a farewell kiss before leaving him with grandparents in Hyattsville, Md., to return home.

Methodists Here Thursday in District Conference

Cisco district conference of the Methodist church will meet at Cisco First church Thursday for an all-day session, starting at 9:30 a. m.

"It is likely that the best reports that have ever been made for the first half of the year will be made by the pastors of the fifty churches in this district," said Rev. Wm. H. Cole, district superintendent.

He added: "The amount raised for benevolences and the amount raised for all purposes has doubled over what it was 12 years ago. Two hundred and twenty-six people have been received on profession of faith and three hundred and seventy-three have joined by certificate. These figures represent a large increase over the past few years."

Dr. A. W. Martin of SMU will be the guest speaker for the conference. His address will be at the 10:30 period. His subject will be "Ways the Churches Can Work Together." The public is invited.

Harmony Girls in Program Monday Night, Eastland

The Harmony Girls and Violin Sextet will present a program at Eastland Methodist church Monday night, 8 o'clock, to which the public is invited.

This group will give the same program that they will present this week at Big Spring, Midland, Odessa and San Angelo.

Cisco girls participating will be Patsy Lois McCrean, Joann Bearman, Patsy Davis, Mary Jo Isenhower, Elova Moad, Lovell Paul, Mary Martha Ball, Zella Sander, Betty Rose Wilcox, Mary Jeanette Poe, Billie Jean Hall, Scrippy Cluck, Yvonne Hazlewood, Barbara Grist. Wilda Dragoo is director of these musical organizations.

AFL to Make Great Effort to Unionize 'White Collars'

FT. WORTH, May 4.—American Federation of Labor leaders from six southwestern states will meet early in June, probably in Fort Worth, to map plans for union organization of white collar workers in the area. A. L. Bailey, vice president of the Texas Federation of Labor, said Saturday.

The drive will be aimed at organizing workers in banks, insurance companies, oil companies, automobile concerns, other business and industrial plants and city and county governments.

CITY HALL LECTURE.

Rev. Lester P. Summers, pastor of the Assembly of God church at Brownwood, will speak at Cisco city hall auditorium at 7:45 Monday night. Mr. Summers has been engaged in Sunday school extension lectures throughout Texas and comes to Cisco to survey the prospects for an Assembly of God church here, it is stated.

WHO OWNS THESE T.Y.O.? That is a question Hollywood, Calif., courts will have to decide. Trademark Horn and movie actor Ken Murray both claim ownership of Ruby and her month-old baby. So they turned the question of ownership over to the law to decide.

Industries Paralyzed.

CHICAGO — Slow paralysis crept over the nation's heavy industries today.

Railroads began running fewer trains and factories in the hard-hit midwest began closing down in the face of a grave coal shortage.

1. Thousands of workers were laid off as plants in the great industrial belt around Chicago were forced to cut production sharply. Some closed completely.

2. Coal burning railroads had already been ordered to cut passenger service in half beginning May 15, and to eliminate all but essential freight shipments.

3. A power dimout to cover the entire state was contemplated by authorities in Indiana. The northern part of the state and most of Illinois already had been placed under a brownout.

4. At Pittsburgh, the Carnegie-Illinois Steel Corp. announced it would cut ingot steel production in the Pittsburgh area to nine per cent of capacity beginning next week.

Washington Dim-out.

WASHINGTON — Wartime "brownout" regulations were ordered back in effect Saturday for the nation's capital, as government conciliators sought to keep the stymied soft coal negotiations in session throughout the week-end, with no Sunday recess.

In a fuel conservation move, the District of Columbia commissioners issued instructions for immediate curtailment of street lighting and display lighting in commercial establishments. The order is expected to bring a cut of one-third in the capital's electric power consumption.

The city experienced a partial dim-out Friday as theaters and many shops voluntarily complied with the local power company's appeal to keep marquee and show windows dark to conserve dwindling coal supplies. With curtailed lighting now mandatory, Washington fell in line with other cities which have been forced to such action.

Texas - Bred Horse won Kentucky Derby and \$144,250

LOUISVILLE, Ky., May 4 (UP)—Assault, a good Texas-bred horse the crowd overlooked for no reason at all, came from behind today to win the great Kentucky Derby before the largest crowd ever to jam into an American race track.

Assault, owned by Richard Kleberg of Kingsville, Tex., won \$144,250 for his owner.

The three horses the crowd, numbering more than 125,000, picked as its favorite—the entry of the Maine Chance Farm, Lord Boswell, Knockdown and Perfect Bahram—didn't even finish in the money. The track was muddy.

5th Mysterious Murder Baffles Texarkana Folk

TEXARKANA, Tex., May 4 (UP)—A few footprints and the faint track of an automobile tire were the only clues left tonight in the wake of a phantom madman who has murdered five persons in the Texarkana area in the last six weeks.

Police redoubled their search as doctors fought to save the life of a sixth victim wounded in the latest outbreak of murder-without-motive on the Texas-Arkansas line.

Sheriff W. E. Davis said he was convinced the man who shot and killed Virgil Starks, 36-year-old Homan, Ark., farmer, last night is the man who shot and killed four other people since March 24.

Starks, described as a man without an enemy, was shot in the back as he sat in his home listening to a radio program. The same gunman shot Mrs. Starks twice through the head. She escaped to the home of a neighbor, though seriously wounded.

U.S. SUGAR FOR YUGOSLAVIANS—A shipment of United States UNRRA sugar for Yugoslavians arrives at the port of Trieste aboard the U.S. freighter "George Patton." The relief food will go by train from Trieste into Yugoslavia.

Plane Talk

By JOE COULTER.

More Airplanes.

Due to the increasing number of students we have obtained more airplanes for their use. No longer will it be necessary to wait for the airplane while some one else is flying.

We have made additions to our equipment of a new Aeronca Champion and a Fairchild PT-19. The new Aeronca has the latest and best design features of the new trainers. It is flown solo from the front seat and has greatly increased visibility, with a cruising speed of 90 miles per hour. It is not a 1946 production of the pre-war trainer, but a completely redesigned airplane that you will like to fly.

The Fairchild is our answer to the numerous requests we have had from ex-military pilots wanting heavier and more maneuverable airplanes. It will also be used to give acrobatic pleasure rides for those looking for thrills. (Ask Smitty Huestis about the ride he took with Jack Lauderdale.) The PT will also be used by our students who have had considerable time in light planes and wish to increase their experience in heavier and more powerful aircraft.

We plan to keep the old faithful Cub Cruiser for night flying, pleasure rides and for those who want to continue flying it. New students, however, will be started in the new Champion, since any more equipment we add will be of that model.

Cisco Scouts in Spotlight at a Recent Camporal

Cisco scout troop 101, S. E. Hittson, scoutmaster, was well represented at the camporal conducted for this district by Executives Quiri and Smith of the Comanche Trail council, Brownwood office, and held at Ringland Lake, Eastland, May 3 and 4.

F. M. Wood, scout district commissioner, says the Cisco boys held the spotlight at the council court of honor and received the following awards:

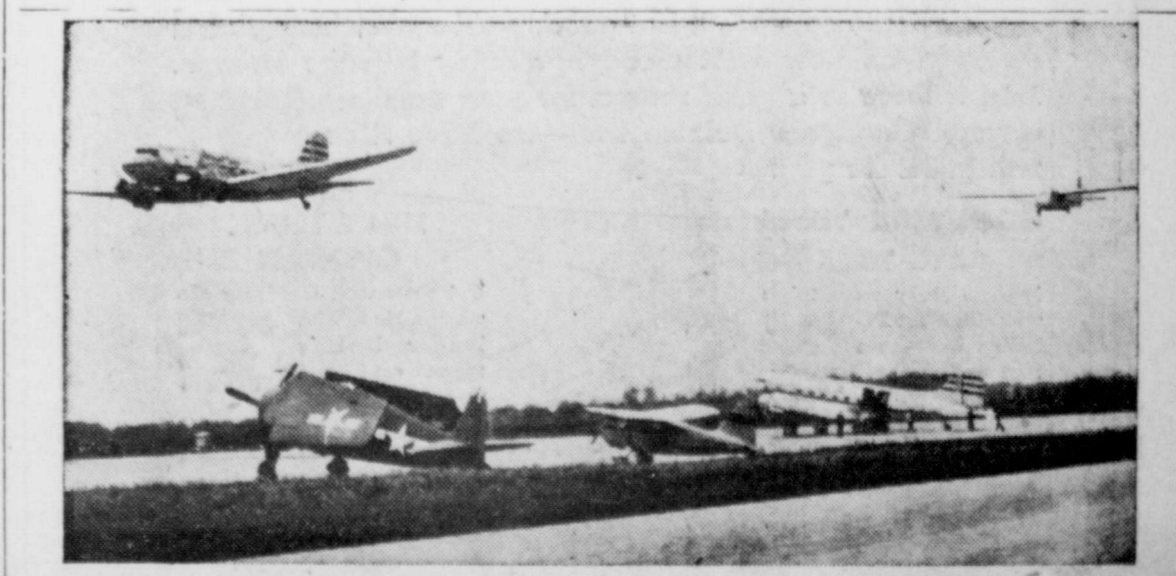

Jay Warren, the Eagle badge; merit badges in life saving, athletics and signaling; also the perfect attendance and organizer's awards.

Second class badges were presented to Jimmy Waddell, Joe Christie, Jimmie Dan Poe, Philip Porter and Bill Mitcham.

Those receiving merit badges were Charles Prater, woodwork, metal work, firemanship, safety, bird study, carpentry, farm machinery and camping; Bill Mitcham, wood carving and carpentry; Franklin Leach, firemanship, art, farm layout, bookbinding and wood carving.

"Cisco Presbyterian church and the troop leader," says Mr. Wood, "are to be commended for this splendid work. Such training can be made to pay early dividends in both church and school citizenship. In a city of this size there are great numbers of boys between 9 and 15 years whose activities could more wisely be directed if we as individual citizens would accept the responsibility."

WASHINGTON, May 4.—Myron C. Taylor will continue represent the White House at the Vatican. President Truman said the financier and industrialist, sent to Rome by President Roosevelt, had agreed to return there soon.
