

BRIEFLY TOLD

Mr. and Mrs. Bill Wender of Shreveport, La., popular former residents of Cisco, are guests here of Mrs. George D. Fee, Mrs. Wender's mother. Mr. Wender, an employe of the N. H. Wheelless Oil company of Shreveport, will probably return home Tuesday, but Mrs. Wender expects to remain for a longer visit with her mother and Cisco friends.

Mr. and Mrs. Sam Kennedy of Abilene stopped here for a visit with her mother Mrs. W. E. McWhorter, while enroute to Fort

Worth where Mrs. Kennedy will visit her sisters and attend the flower show. Mr. Kennedy has returned to Abilene.

John C. Hyatt of Austin visited his parents Mr. and Mrs. Clifton Hyatt last week after attending the homecoming at John Tarleton college.

Mr. and Mrs. Roy Burnam and children of Abilene are visiting relatives in Cisco today.

Mrs. Grady Laws and son Joy Dean Laws planned to go to Carlton to spend Mother's Day with relatives.

Mrs. Alice Johnston and Mrs. J. Hall Chambliss visited Miss Marion Chambliss in Abilene Saturday.

W. R. Lambert of Goldthwaite is a guest in the home of his daughter and husband Judge and Mrs. E. E. Grantham. Following his visit here he will go to St. Louis for a visit.

Word has been received by the young man's parents Mr. and Mrs. Leon McPherson, that their son Corp. Dick McPherson has been transferred from France to the air corps base at Furstentfeldbuck, Germany.

J. B. Hill Jr. came in Saturday morning from Odessa for a weekend visit with his parents Mr. and Mrs. J. B. Hill.

City Federation of Women's clubs will meet Monday afternoon at the club house. The XXth Century club will be in charge of the program.

A. D. and Dick Anderson arrived Friday night from Lubbock to spend Mother's Day with their parents Mr. and Mrs. A. D. Anderson. The young men are students of Texas-Tech.

Miss Lucile Pierce of Wichita Falls is here for a weekend visit with her parents Mr. and Mrs. F. D. Pierce.

Mrs. A. Z. Myrick and son Franklin, accompanied by Mrs. James R. Wright of Arlington and Tony Johnson of Fort Worth, will visit relatives in Ranger today.

Mr. and Mrs. C. A. Gordon of Amarillo came in Friday for a visit with her brother and wife Mr. and Mrs. O. J. Tillinghast.

Mr. and Mrs. Melvin Lawson arrived Wednesday from California where Mr. Lawson went to meet his wife, who arrived at San Francisco from her former home in Australia. They enjoyed the vacation trip to Cisco, seeing many interesting places enroute. Mr. and Mrs. Lawson went to San Angelo Friday accompanied by his mother Mrs. O. G. Lawson and

visited his sister and husband Mr. and Mrs. Eldon Anderson and son Michael, who accompanied them to Cisco to spend Mother's Day.

Mr. and Mrs. G. R. Nance and daughter Patsy will visit Mrs. Nance's mother Mrs. Collinsworth in Abilene today.

Mrs. Ethel Wright of Fort Worth is a guest here of her mother Mrs. John Massey.

Mr. and Mrs. D. Phillips and daughter came here Saturday from Odessa to join her mother Mrs. W. J. Tickner, Miss May Tickner, Mr. and Mrs. Guy Morris and daughter Azilee on a trip to Comanche, where they will spend the day with Rev. John Tickner and wife.

Lieut. and Mrs. James Qualls arrived Friday from Beaufort, S. C. for a visit with his parents Mr. and Mrs. L. H. Qualls.

Mr. and Mrs. Joe B. Hall and daughter of Abilene, Mr. and Mrs. Dick Thomas and daughter of Eastland, Brinley Thomas and Miss Doris Thomas of Cisco are weekend visitors in the home of their parents Mr. and Mrs. Richard Thomas.

Mrs. B. T. Leveridge has gone to Shreveport, La., for a visit with her sister and family.

Mrs. Grace Boland has returned from Ranger where she visited her sister Mrs. B. A. Tunnell.

Mrs. John Shertzer, Mrs. N. A. Brown and Mrs. A. J. Olsen were expected to return Saturday from San Antonio where they attended the state convention of Women's Federated clubs.

Mrs. J. D. Yarbrough went to

Oklahoma City the past week for a visit with her daughter Mrs. Beulah Surles and her sons.

Miss Dorothy Jean Anderson of Texas-Tech is spending the weekend with her mother Mrs. Myrtle Anderson.

Mr. and Mrs. Joe Leech of Hermleigh came in Saturday for a visit with his sister and husband Mr. and Mrs. O. J. Tillinghast and his brother L. J. Leech and family.

Rev. and Mrs. Luther Pryor and children of Harlingen visited here the past week with Mrs. Pryor's parents Mr. and Mrs. Van Parmor of route one.

Mr. and Mrs. J. B. Hutchins and son Mike of Breckenridge are spending the day here with her parents Mr. and Mrs. Ira D. Strawn.

Mrs. Sallie Boshear is here from Pasadena, Calif., for a visit with relatives and friends. Mrs. Boshear is a sister of the late Simp Looney, local peace officer for many years.

Mr. and Mrs. O. C. Cozart of Lamesa were joined by Mrs. Dorothy Montgomery Saturday evening

on a weekend visit with Scranton relatives.

Mrs. H. B. Fullerton of Abilene and H. A. McCanlies of Breckenridge will visit their mother Mrs. M. H. McCanlies here today.

Save your car with skilled service
A. G. MOTOR CO.

Cisco, Texas

Millions of Motorists know how FRAM Oil Filters Save Motor and Money!

YES, millions of motorists have proven, through actual use, that Fram filters reduce motor wear—save motor trouble, breakdowns, costly repairs—add miles to the life of your car. Moreover, you don't risk a penny with Fram; because if, after using a Fram filter for 90 days, you feel you can afford to drive without it, every penny you paid will be cheerfully refunded!

Ask At Your Service Station

So, go to your service station and have them make the 30-Second Fram Dipstick Test. If oil is clean, it will look clean. But if your motor oil is visibly dirty, you'll know you need either a Fram oil filter or a new Fram replacement

BUY MORE BONDS
KEEP THE BONDS YOU HAVE!

FRAM Oil and Motor Cleaner

Recent surveys of thousands of cars showed that over 50% were operating with dirty, harmful oil. Better find out, "How's your oil filter?" The Dipstick tells the story!

THE CISCO DAILY PRESS

Consolidated with Cisco Daily News and Cisco American and Round-Up, November, 1937.

Entered as Second Class Matter December 11, 1934, at the post office at Cisco, Texas, under Act of March 8, 1879.

A. B. O'FLAHERTY, Publisher and General Manager.

WILL THEY HEAR?

Gen. Douglas MacArthur's appeal for all nations to renounce their "sovereign right to wage war," as it has heretofore been expressed, seems to mark a new stage of the possible progress which began with the production and military use of atomic bombs. It is a challenge of the ancient prophecy which foretold a time when mankind would turn his swords into plowshares and his spears into pruning hooks.

"Whether the world is yet ready," he says, "for so forward a step in the relations between the nations, or whether another and totally destructive war — a war involving almost mass extermination — must first be waged, is the great issue which now confronts all peoples."

It was a fitting appeal from a man whose profession is war, but whose heart, like the hearts of all normal human beings, yearns for peace. And a time has come now which morally compels peace, lest mankind as a whole perish.

FOOLISH IDLENESS

An economic war, involving the forced idleness of production and distribution of the means whereby men live, may be almost as destructive as a shooting war, and as unnecessary. The time cries aloud for all the materials and products available in a great, rich

country, to restore the war losses and put the national economy on the march again. And there are men by hundreds of thousands who want to work and save, but are living in idleness and futility because they cannot agree about wages and other factors connected with our social system.

The legendary Man from Mars would doubtless find this very foolish. And indeed the man around the corner may be thinking the same way.

Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your druggist and ask for four ounces of liquid Barconate (formerly called Barcol Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two table-spoonful twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloat disappears—how much better you feel. More alive, youthful appearing and active.

BPS FLORLUX INTERIOR and EXTERIOR FLOOR ENAMEL THE ENAMEL OF MANY USES

From attic to basement... from porch to garage... there are dozens of uses for BPS FLORLUX. It is the ideal finish for porch floors, steps, decks, porch and lawn furniture, interior floors, woodwork, dados, linoleum... wood, cement or canvas surfaces.

Telephone switchboards are busier than ever

Telephone switchboards are mighty busy these days. We have less reserve equipment to handle surges of calls which occur during bad weather or in advance of holidays. With hundreds of families without telephone service, it has seemed best to use up such reserve equipment to bring service to some of the people waiting.

To telephone users generally, during most hours of the day, there will be little difference in the speed of service. During busy hours, when the heaviest volume of calls is made, some people may find the operator is not so prompt as usual in answering.

As fast as possible, we are pushing the installation of new equipment here, so that we can bring service to all those who are waiting.

VOLUME XXVI.

CISCO, TEXAS, SUNDAY, MAY 12, 1946

NUMBER 178

MRS. BETTIE ALVEY OF CISCO WILL BE 100 YEARS OLD ON MAY 31; REVIEWS BUSY LIFE

By LELA LATCH.

With dimmed blue eyes that still sparkled beneath the silvery hair of her ninety-nine year-old owner, Mrs. Bettie Alvey, of 309 W. Eleventh street, Cisco, chatted from her bedside Friday of plans for the celebration of her one hundred birthday on May 31.

Speaking of that event with the anticipation of a child, she said: "I'm not sick—just resting and gathering strength to blow out those one hundred candles on my birthday cake."

Born in Arkansas during the time of slavery, Mrs. Alvey distinctly recalls that her father, Alfred Potter, was an officer in the war between the states, but the rank he held has faded from her memory.

She, Bettie Potter, was the oldest girl in a family of four brothers and three sisters. Her mother was in very poor health and the household tasks of the large family weighed heavily on the shoulders of this big sister. Before she could reach the spinning wheel, her mother taught her the art and her father took some planks from the floor and lowered the wheel sufficiently for her to stand on the floor and spin and weave the family clothing.

She knows no home but Texas, since her parents brought her here when she was less than five years old. They settled in what is now Dallas county, but wild dogs, deer and "heap bad Indians" then roamed at will through that vicinity.

In 1872 she became the bride of A. P. Alvey, a teamster, who brought his young family to what is now Cisco in the early eighties. The postoffice was then Red Gap, (about two miles west of Cisco's present city hall), and the majority of the families here were living in tents while helping in the construction of the Texas Central Railroad (now the Katy).

Young Alvey joined this group of workmen and when that job was finished, he bought a homestead southwest of the Reich community, in the shadow of Mitchell church. With lumber purchased from the late Joe Wilson of the firm of M. P. Jones (now Rockwell), Mr. Alvey erected a 14x16 shed room and the family lived there for ten years before adding more.

The additions have since been torn away, but the original building, with its four-square nails, James Alvey, son, still guards as a family shrine.

Mrs. Alvey, a typical pioneer mother, spent much of her time outside—gardening, raising chickens and turkeys, milking, chopping wood and riding horses. Nevertheless, she was also skilled in such arts as spinning, weaving, sewing, knitting, crocheting, quilting, making rag rugs and cooking.

Believing firmly that a woman belongs only to her family and her church, she has never joined any organization except the Methodist church. Her membership is now at the Twelfth-st. church and she enjoys frequent visits from her young pastor, Rev. C. A. Warren.

Her husband died in 1938 but Mrs. Alvey continued to live on the old homestead near town un-

Hyatt Kaiser-Frazier Auto and Farm Equipment Dealer

Clifton Hyatt, well known Ciscoan and native of the town with a personality, announces his appointment as local dealer for Kaiser-Frazier automobiles and farming equipment. The business will be located at 701 D avenue.

Because of the epidemic of strikes throughout the nation, Hyatt cannot state when he will have passenger cars on display, but it is probable that a Rototiller garden tractor will arrive within the near future.

Ray Woods, Kaiser-Frazier distributor, Dallas, previewed the Rototiller at a meeting of his farm equipment dealers, held at Adolphus hotel in that city, May 2. Mr. Hyatt was present and learned at that meeting that much emphasis will be placed on the Rototiller as the leading small garden tractor. A practical demonstration of the tractor thoroughly demonstrated its value, Mr. Hyatt said.

Coal Mine Representatives and Operators "Talk" Nice

Art Exhibit at Whitney Says U.S. Grammar School Seizure Wouldn't Was Impressive Stop RR. Strike

By United Press.

WASHINGTON, May 11. — Federal mediators hinted tonight that they hoped for a break in the deadlocked soft coal negotiations as the government lifted the embargo on non-essential rail freight shipments and relaxed other railroad transportation restrictions.

The hint of a possible development came when negotiations between the miners and operators were recessed until 9 a. m. CST tomorrow, at the request of the operators, after what were described as "very, very friendly" morning and afternoon conferences.

Earlier the government had put the heat on conferees to reach a decision in the disastrous 41-day old strike in the hope that the two-week truce beginning Monday will be permanent.

Special Federal Mediator Edward F. McGrady told newsmen that the operators asked for a caucus shortly after the afternoon session convened, remained out for more than an hour and then returned with the request for a recess until tomorrow.

"Does that mean they are going to bring in something?" McGrady was asked.

"We hope that they will," he replied.

CLEVELAND, May 11. (AP) — President A. F. Whitney of the Brotherhood of Railroad Trainmen indicated today that even government seizure of the nation's railroads would not halt the strike set for May 18 and said "unless a settlement is reached before that date the men are instructed to cease work."

Whitney said government seizure would, in effect, "represent a burlesque, because the railroads will be operated by the same staffs that have denied the workers fair consideration and who are responsible for the present unhappy conditions."

It was more than an exhibit of juvenile art. It was an exhibit of native talent and a genius for expressing it, surprising in the sum and extent of its excellence.

Hundreds of drawings, paintings, color work and handcraft objects produced by the Fifth and Sixth grades since mid-term were shown. Mrs. Melvin Bailey, who teaches art classes at the school two days each week, spent a busy afternoon showing visitors around the exhibit, answering questions and explaining in detail the various sections and features, methods of instruction and the processes by which her enthusiastic pupils made pen and ink drawings, pencil sketches, crayons, splatter work and even oil paintings. What most surprised these visitors was not the high quality of the drawings, but the fact that so much of such merit was accomplished by so many pupils in so short a time.

Included in the exhibit were sections on nature drawings, landscapes, silhouettes, human form and face, animals and other general subjects.

Mrs. Bailey has been a member of the Cisco faculty for two years, coming here from Scranton schools, where she was principal of the high school for a number of years.

Pillsbury Flour Mill to Close After 66 Years

MINNEAPOLIS, May 11. (AP) — Philip W. Pillsbury, president of Pillsbury mills, announced in an exclusive interview with the United Press today that the company's "A" mill, once the largest flour mill in the world, would close down tonight for the first time in 66 years for the lack of wheat.

Marvin Turner, a Former Druggist Here, Dies at 62

Marvin Turner, about 62 years of age and a popular druggist and resident of Cisco from 1919 until 1926, when he moved to Nashville, Tenn., to become manager of the Methodist Publishing company, died Thursday at his home in that city.

When Mr. Turner came to Cisco in 1919 he entered the drug business with the late Ben McClinton, a brother-in-law, this connection continuing until he went to Nashville. Later, Mr. Turner's interest in the drug business was purchased by Leon Maner, present owner.

While here, Mr. Turner was active in Rotary and First Methodist church circles and was held in high esteem by his business and other associates.

Survivors include his wife, son Terry and a daughter Mrs. Nell Frances Cochran; three brothers, Grady and Percy of Dallas and Holland of Austin; two sisters, Mrs. John Garner of Dallas and Mrs. L. E. Richardson of Fort Worth. Mrs. James Moore of Cisco is a niece of deceased.

Jaycees to Have Interesting Session Monday Night

Cisco junior chamber of commerce will hold the regular meeting Monday night at Laguna hotel, but attention is called to a change in meeting time. This meeting and future meetings will begin at 8 o'clock.

It is asked that committee chairmen contact each man on his committee and urge them to be present Monday night so that complete reports can be made.

This is to be an important meeting a spokesman said in urging full attendance. Several new projects the club expects to undertake will be discussed.

There will also be an interesting program, including talks by George Boyd, L. A. Warren and R. L. Ponsler. They will give ideas and opinions on what they think the growing organization might do for the general betterment of the city.

Lehman and Others Urge Truman to Ration Food

WASHINGTON, May 11. (AP) — President Truman was urged tonight to restore food rationing and double food exports to famine areas abroad because the next six weeks will mean the difference between life and death for millions overseas.

A group of 100 prominent citizens, headed by former UNRRA Director General Herbert H. Lehman, placed a drastic program before Mr. Truman on the eve of former President Hoover's return from a tour of world hunger areas.

Four Steps Are Needed to Avoid Third World War

By WM. F. SIMMS.

WASHINGTON, May 11. — Informed statesmen on both sides of the Atlantic are now agreed on two things: First that a third World War is more than a possibility, the way things are going, and second, that the United States is probably the only country that can stop it. Four vital steps are needed:

1. At the earliest possible moment we must initiate a world peace conference with all the 21 nations participating which contribute to the general victory.
2. We must make the United Nations work — with the Soviet Union if possible, without her if she refuses.
3. We must provide an adequate national defense on land, sea and in the air, including proper bases and merchant marine.
4. We must diplomatically consolidate and militarily implement western hemispheric solidarity along the lines laid down at Chapultepec and, subsequently, in President Truman's message to congress last Monday.

If these four steps are taken without undue delay, these same observers agree, almost certainly there will be no major war for a long time. No group of nations inspired by the United States will, by any conceivable circumstances, launch an aggressive war, and no aggressor would be likely to challenge such a combination.

But the present peril is real. It is due to the fact there is no degree of certainty regarding any of these steps, let alone all four. There is a growing and already widespread sentiment for each and all of them. And admittedly it will take courage and determination to accomplish them. But whether the United States will have what it takes remains to be seen. Not everybody believes that it has.

Airplane Flare Gave Cisco a Bit of Publicity

So far as could be learned Saturday, an airplane flare or rocket sent up by some resident of the Humbletown area, lead to a widespread report that a plane had fallen late Friday to the east of Humbletown.

United Press and Associated Press news agencies telephoned to Cisco for a report of the alleged tragedy and an Abilene paper carried a story on the subject Saturday.

Joe Coulter, manager of the Cisco airport, is convinced that the aforementioned flare was responsible for the hubbub.

Legion's Recreation Program Is Now Under Way

The city recreation program, to be sponsored by the American Legion, will be in full operation by June 1, it was stated Saturday.

The grounds committee selected the site for the playgrounds yesterday and work will begin this week. Repair of the tennis court at high school will begin Monday morning.

Great interest has been shown in this program by both the young people and their parents.

The Legion will also present a carnival in Cisco on August 16, 17 and 18.

TRIXIE IS SURE OF A HOME—When Mr. and Mrs. Louis P. Hanges of San Francisco brought Trixie to live in their apartment the apartment house manager said "no." Hanges fixed that. He bought the apartment house and fired the manager. Trixie is very smug about the whole affair.

Lobo Band to Present Its Spring Concert Thursday

R. N. Cluck, school superintendent, announces that Cisco Lobo band will present its annual spring concert Thursday night, May 16, 8 o'clock, high school auditorium.

Featured with the band will be John James Haynie of Cisco, who will appear both as cornet soloist and as guest conductor.

Mr. Haynie, one of the outstanding local musicians, has had a long, varied career. He started taking private lessons here from G. W. Cullum at the age of eight and played with the Lobo band at the age of nine. At twelve he was winning superior ratings as a contest soloist, and the following year he won second division rating in the national contest. During his high school years Haynie won a total of twenty-six medals for his solo ability—eight national—and eighteen awards. His experience includes summer work with the Vandercook band school of Chicago, and also private study with Col. Irons during summer school at Texas Tech. During his service with his country, Haynie was a member of the famed 76th Inf. Div. Band, comprising men of national repute. He was featured soloist with this group during their thirty days' bond-selling tour, which netted more than seven million dollars. During overseas duty through France, Belgium and Germany his service was such that he received three battle stars and a citation of merit for continuous service. He was discharged November 13, 1945, and entered Texas Tech in February, where he is majoring in music with a minor in English.

One of the opening numbers of the concert, "Dauntless" (Holmes), will be conducted by Mr. Haynie and the Lobo band is looking forward to the experience of playing under him. Other members listed include three selections by the junior high band, a group of children that have only been playing since the holidays, but have progressed sufficiently to appear in concert. The junior band gave a concert at grammar school last Friday afternoon and will appear at west ward school Tuesday of this week.

The high school band will present one soloist, Miss Bobby Jean Tullios, who will play a clarinet solo "The Victor" (Endresen), with band accompaniment. Miss Tullios, chair player, senior member and president of the band, has contributed much toward the success of the band this year.

Included on the program will be a trombone novelty conducted by Jeanne Hansen, student conductor of the band, a twirling routine by the majorettes and several swing arrangements, in addition to the heavier, concert type music usually played as the first half of the concert.

The Band-Parents association, under the guidance of J. R. Deen, president, is assisting in advertising the concert, hence a good attendance is assured. The general opinion is that the band has cooperated so thoroughly with civic functions and has made such rapid improvement as to be worthy of the support of the city at large.

As usual the concert will be presented free of charge to the public, as a service feature of the public school system.

GOODYEAR BONUS MILEAGE TIRES

These Drivers, And Millions More, Know Goodyear Is the Best Tire Built!

- "24,000 miles... only three-fourths worn." —California Business Man
- "23,000 miles without a tire failure." —New York Motorist
- "37,000 miles... estimate 10,000 miles of original tread left." —Louisiana Farmer

Testimonials of drivers everywhere, report amazingly long, satisfactory service — prove this superior new Goodyear is delivering mileage comparable to the average pre-war tire. So, go for the bonus mileage — the extra safety and service of a Goodyear.

\$15.20 plus tax 6.00 x 14

HERE'S WHY A GOODYEAR LASTS SO LONG!

Goodyear is superior in tread and in body. The exclusive Goodyear tread design compacts when inflated, becomes extra resistant to cuts and bruises. And backing up this remarkable tread is a firm, resilient body designed to cushion shock and minimize tread-wearing tire "growth".

"WHAT IS BAPTISM FOR?"

We are not interested in the INTERPRETATIONS of men but in what the BIBLE actually says concerning the necessity of baptism. The Lord's way is so plain that... The way-faring man, though fools, shall not err therein." (Isa. 35:8). As long as we stay THEREIN we do not err. It is when we get THERE-OUT that the trouble starts. No man has a right to place a private interpretation on any passage of scripture! (2 Pet. 1:20). Then what does the Bible say is the purpose of baptism? Acts 2:38:—"REPENT, AND BE BAPTIZED EVERY ONE OF YOU IN THE NAME OF JESUS CHRIST FOR THE REMISSION OF SINS." Peter was here speaking to ones who ALREADY BELIEVED to the extent that they were "pricked in the hearts" and demanded the terms of pardon. (Acts 2:36-37). Let no one say this "for the remission of sins" means because your sins are already remitted! This could not be unless REPENTANCE is also because of remission. But both repentance AND baptism are FOR or "UNTO" (American Standard Ver.) or "IN ORDER TO" have your sins remitted. (Goodspeed's Translation). In Matthew 26:28 Jesus says His blood is shed for many "FOR THE REMISSION OF SINS." If "for the remission of sins" means "because of" in Acts 2:38, then why don't the same words mean "Because of" in Matt. 26:28? But all agree Jesus' blood was shed FOR or in order to obtain the remission of sins. Then believers must REPENT AND BE BAPTIZED in order to be saved!

MEN! GET PEP..

Do you want to feel young again? Why feel old at 40, 60 or more? Enjoy youthful pleasures again. If added years have slowed down your vim and vitality, just go to your druggist and ask for Casella tablets. Many men are obtaining remarkable results with this amazing formula.

Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your druggist and ask for four ounces of liquid Barcenate (formerly called Barcol Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoons twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose

bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloat disappears—how much better you feel. More alive, youthful appearing and active.

CISCO—One of the healthiest areas in U.S.A., with a countryside devoted to blooded cattle, hogs, sheep, peanuts, cotton, fruits, feeds, poultry, gas, oil; two railroads; Bankhead highway; huge concrete swimming pool; bass and crappie fishing; Municipal Airport.

VOLUME XXVI.

MRS. BETTIE ALVEY OF CISCO WILL BE 100 YEARS OLD ON MAY 31; REVIEWS BUSY LIFE

By LELA LATCH.

With dimmed blue eyes that still sparkled beneath the silvery hair of their ninety-nine year-old owner, Mrs. Bettie Alvey, of 309 W. Eleventh street, Cisco, chatted from her bed as Friday of plans for the celebration of her one hundredth birthday on May 31.

Speaking of that event with the anticipation of a child, she said: "I'm not sick—just resting and gathering strength to blow out those one hundred candles on my birthday cake."

Born in Arkansas during the time of slavery, Mrs. Alvey distinctly recalls that her father, Alvey Potter, was an officer in the war between the states, but the rank he held has faded from her memory.

She, Bettie Potter, was the oldest girl in a family of four brothers and three sisters. Her mother was in very poor health and the household tasks of the large family weighed heavily on the shoulders of this big sister. Before she could reach the spinning wheel, her mother taught her the art and her father took some planks from the floor and lowered the wheel efficiently for her to stand on the floor and spin and weave the family clothing.

She knows no home but Texas, since her parents brought her here when she was less than five years old. They settled in what is now Dallas county, but wild geese, deer and "heap bad Indians" then roamed at will through that country.

In 1872 she became the bride of A. P. Alvey, a teamster, who brought his young family to what is now Cisco in the early eighties. The postoffice was then Red Gap, about two miles west of Cisco's present city hall, and the majority of the families here were living in tents while helping in the construction of the Texas Central Railroad (now the Katy).

Young Alvey joined this group of workmen and when that job was finished, he bought a homestead southwest of the Reich community, in the shadow of Mitchell church. With lumber purchased from the late Joe Wilson of the firm of M. P. Jones (now Rockwell), Mr. Alvey erected a 14x16 shed room and the family lived there for ten years before adding more. The additions have since been torn away, but the original building, with its four-square nails, James Alvey, son, still guards as a family shrine.

Mrs. Alvey, a typical pioneer homemaker, spent much of her time in outside gardening, raising chickens and turkeys, milking, chopping wood and riding horses. Nevertheless, she was also skilled in such arts as spinning, weaving, sewing, knitting, crocheting, quilting, making rag rugs and cooking.

Believing firmly that a woman belongs only to her family and her church, she has never joined any organization except the Methodist church. Her membership is at the Tenth-st. church and she enjoys frequent visits from her young pastor, Rev. C. A. Warren.

Her husband died in 1935 but Mrs. Alvey continued to live on the old homestead near town un-

Art Exhibit at Grammar School Was Impressive

If the primary purpose of education is to lead students to think creatively and express their thoughts in words and form, then the art exhibit held at the Grammar school Friday was visible proof of the pudding. The hundreds of drawings and paintings exhibited at the school, and viewed by more than 400 people, were a good example of what can be accomplished when the creative instincts of boys and girls are appealed to.

It was more than an exhibit of juvenile art. It was an exhibit of native talent and a genius for expressing it, surprising in the sum and extent of its excellence.

Hundreds of drawings, paintings, color work and handicraft objects produced by the Fifth and Sixth grades since mid-term were shown. Mrs. Melvin Bailey, who teaches art classes at the school two days each week, spent a busy afternoon showing visitors around the exhibit, answering questions and explaining in detail the various sections and features, methods of instruction and the processes by which her enthusiastic pupils made pen and ink drawings, pencil sketches, crayons, splatter work and even oil paintings. What most surprised these visitors was not the high quality of the drawings, but the fact that so much of such merit was accomplished by so many pupils in so short a time.

Included in the exhibit were sections on nature drawings, landscapes, silhouettes, human form and face, animals and other general subjects.

Mrs. Bailey has been a member of the Cisco faculty for two years, coming here from Scranton schools, where she was principal of the high school for a number of years.

Whitney Says U.S. Seizure Wouldn't Stop RR. Strike

CLEVELAND, May 11. (AP)—President A. F. Whitney of the Brotherhood of Railroad Trainmen indicated today that even government seizure of the nation's railroads would not halt the strike set for May 18 and said "unless a settlement is reached before that date the men are instructed to cease work."

Whitney said government seizure would, in effect, "represent a burlesque, because the railroads will be operated by the same staffs that have denied the workers fair consideration and who are responsible for the present unhappy conditions."

Lehman and Others Urge Truman to Ration Food

WASHINGTON, May 11. (AP)—President Truman was urged tonight to restore food rationing and double food exports to famine areas abroad because the next six weeks will mean the difference between life and death for millions overseas.

A group of 100 prominent citizens, headed by former UNRRA Director General Herbert H. Lehman, placed a drastic program before Mr. Truman on the eve of former President Hoover's return from a tour of world hunger areas.

Four Steps Are Needed to Avoid Third World War

By WM. F. SIMMS.

WASHINGTON, May 11. — Informed statesmen on both sides of the Atlantic are now agreed on two things: First that a third World War is more than a possibility, the way things are going, and second, that the United States is probably the only country that can stop it. Four vital steps are needed:

1. At the earliest possible moment we must initiate a world peace conference with all the 21 nations participating which contributed to the general victory.
2. We must make the United Nations work — with the Soviet Union if possible, without her if she refuses.
3. We must provide an adequate national defense on land, sea and in the air, including proper bases and merchant marine. And—
4. We must diplomatically consolidate and militarily implement western hemispheric solidarity along the lines laid down at Chautauque and, subsequently, in President Truman's message to congress last Monday.

If these four steps are taken without undue delay, these same observers agree, almost certainly there will be no major war for a long time. No group of nations inspired by the United States will, by any conceivable circumstances, launch an aggressive war, and no aggressor would be likely to challenge such a combination.

But the present peril is real. It is due to the fact there is no degree of certainty regarding any of these steps, let alone all four. There is a growing and already widespread sentiment for each and all of them. And admittedly it will take courage and determination to accomplish them. But whether the United States will have what it takes remains to be seen. Not everybody believes that it has.

TRIXIE IS SURE OF A HOME—When Mr. and Mrs. Louis P. Hanges of San Francisco brought Trixie to live in their apartment, the apartment house manager said "no." Hanges fixed that. He bought the apartment house and freed the manager. Trixie is very smug about the whole affair.

Pillsbury Flour Mill to Close After 66 Years

MINNEAPOLIS, May 11. (AP)—Philip W. Pillsbury, president of Pillsbury mills, announced in an exclusive interview with the United Press today that the company's "A" mill, once the largest flour mill in the world, would close down tonight for the first time in 66 years for the lack of wheat.

Marvin Turner, a Former Druggist Here, Dies at 62

Marvin Turner, about 62 years of age and a popular druggist and resident of Cisco from 1919 until 1926, when he moved to Nashville, Tenn., to become manager of the Methodist Publishing company, died Thursday at his home in that city.

When Mr. Turner came to Cisco in 1919 he entered the drug business with the late Ben McClinton, a brother-in-law, this connection continuing until he went to Nashville. Later, Mr. Turner's interest in the drug business was purchased by Leon Maner, present owner.

While here, Mr. Turner was active in Rotary and First Methodist church circles and was held in high esteem by his business and other associates.

Survivors include his wife, son Terry and a daughter Mrs. Nell Frances Cochran; three brothers, Grady and Percy of Dallas and Holland of Austin; two sisters, Mrs. John Garner of Dallas and Mrs. L. E. Richardson of Fort Worth. Mrs. James Moore of Cisco is a niece of deceased.

President Tells Catholics of A-Bomb Challenge

NEW YORK, May 11. (AP)—President Truman solemnly warned today that "civilization cannot survive an atomic war."

Surrounded by red-robed cardinals and purple-garbed bishops of the Roman Catholic church, Mr. Truman, a Baptist, received an honorary degree from Fordham University.

In accepting the doctor of laws degree, the president warned the educators that the atomic bomb has given them the "new and terrible" responsibility of driving ignorance from the minds of men, lest the ignorant "destroy us all."

Airplane Flare Gave Cisco a Bit of Publicity

So far as could be learned Saturday, an airplane flare or rocket sent up by some resident of the Humboldt area, lead to a widespread report that a plane had fallen late Friday to the east of Humboldt.

United Press and Associated Press news agencies telephoned to Cisco for a report of the alleged tragedy and an Abilene paper carried a story on the subject Saturday.

Joe Coulter, manager of the Cisco airport, is convinced that the aforementioned flare was responsible for the hubbub.

Hyatt Kaiser-Frazer Auto and Farm Equipment Dealer

Clifton Hyatt, well known Ciscoan and native of the town with a personality, announces his appointment as local dealer for Kaiser-Frazer automobiles and farming equipment. The business will be located at 701 D avenue.

Because of the epidemic of strikes throughout the nation, Hyatt cannot state when he will have passenger cars on display, but it is probable that a Rototiller garden tractor will arrive within the near future.

Ray Woods, Kaiser-Frazer distributor, Dallas, previewed the Rototiller at a meeting of his farm equipment dealers, held at Adolphus hotel in that city, May 2. Mr. Hyatt was present and learned at that meeting that much emphasis will be placed on the Rototiller as the leading small garden tractor. A practical demonstration of the tractor thoroughly demonstrated its value, Mr. Hyatt said.

Jaycees to Have Interesting Session Monday Night

Cisco junior chamber of commerce will hold the regular meeting Monday night at Laguna hotel, but attention is called to a change in meeting time. This meeting and future meetings will begin at 8 o'clock.

It is asked that committee chairman contact each man on his committee and urge them to be present Monday night so that complete reports can be made.

This is to be an important meeting a spokesman said in urging full attendance. Several new projects the club expects to undertake will be discussed.

There will also be an interesting program, including talks by George Boyd, L. A. Warren and R. L. Ponsler. They will give ideas and opinions on what they think the growing organization might do for the general betterment of the city.

Legion's Recreation Program Is Now Under Way

The city recreation program, to be sponsored by the American Legion, will be in full operation by June 1, it was stated Saturday.

The grounds committee selected the site for the playgrounds yesterday and work will begin this week. Repair of the tennis court at high school will begin Monday morning.

Great interest has been shown in this program by both the young people and their parents.

The Legion will also present a carnival in Cisco on August 16, 17 and 18.

Lobo Band to Present Its Spring Concert Thursday

R. N. Cluck, school superintendent, announces that Cisco Lobo band will present its annual spring concert Thursday night, May 16, 8 o'clock, high school auditorium. Featured with the band will be John James Haynie of Cisco, who will appear both as cornet soloist and as guest conductor.

Mr. Haynie, one of the outstanding local musicians, has had a long, varied career. He started taking private lessons here from G. W. Collum at the age of eight and played with the Lobo band at the age of nine. At twelve he was winning superior ratings as a contest soloist, and the following year he won second division rating in the national contest. During his high school years Haynie won a total of twenty-six medals for his solo ability — eight national — and eighteen awards.

His experience includes summer work with the Vandercook band school of Chicago and also private study with Col. Irons during summer school at Texas Tech. During his service with his country, Haynie was a member of the famed 76th Inf. Div. Band, comprising men of national repute. He was featured soloist with this group during their thirty days' bond-selling tour, which netted more than seven million dollars. During overseas duty many his services were such that he received three battle stars and a citation of merit for continuous service. He was discharged November 13, 1945, and entered Texas Tech in February, where he is majoring in music with a minor in English.

One of the opening numbers of the concert, "Dauntless" (Holmes), will be conducted by Mr. Haynie and the Lobo band is looking forward to the experience of playing under him. Other members listed include three selections by the junior high band, a group of children that have only been playing since the holidays, but have progressed sufficiently to appear in concert. The junior band gave a concert at grammar school last Friday afternoon and will appear at west ward school Tuesday of this week.

The high school band will present one soloist, Miss Bobbye Jean Tullos, who will play a clarinet solo "The Victor" (Endresen), with band accompaniment. Miss Tullos, chair player, senior member and president of the band, has contributed much toward the success of the band this year.

Included on the program will be a trombone novelty conducted by Jeanne Hansen, student conductor of the band, a twirling routine by the majorettes and several swing arrangements, in addition to the heavier; concert type music usually played as the first half of the concert.

The Band-Parents association, under the guidance of J. R. Deen, president, is assisting in advertising the concert, hence a good attendance is assured. The general opinion is that the band has cooperated so thoroughly with civic functions and has made such rapid improvement as to be worthy of the support of the city at large.

As usual the concert will be presented free of charge to the public, as a service feature of the public school system.
