US. to Seize Railroads; Coal Men May Arbitrate

LAST VOYAGE—Nosing out of the Golden Gate at San Francisco, the veteran carrier USS Saratoga heads for her rendezvous with death, the atomic bomb tests at Bikini Atoll. She is in full operating condition. If she survives the tests, every item aboard will be checked for reaction to the atomic explosion.

W. A. STEPHENSON of Abilene, newly elected governor for the 127th Rotary district. Governor Stephenson is expected to pay an official visit to Cisco Rotarians within the near future.

President Truman today asked the striking United Mine Workers and the coal operators to submit their differences to an arbitrator and appeared ready to take over the nation's railroads as negotiations to avert Saturday's strike broke down.

Mr. Truman revealed he had asked John L. Lewis, UMW president, and Charles O'Neill, representing coal management, to report back to him this afternoon with the name of an arbitrator, and also had asked that the miners, now in a two-week resumption of work, remain in the mines during arbitration.

Civilian Production Administrator John D. Small said six months of production is essential to avoid inflation and called for emergency legislation to outlaw strikes for that period.

"It is time that John L. Lewis realizes that he is not bigger than 140,000,000 other people," he said.

Negotiations between two brotherhoods of railroad employes and representatives of the major railroads appeared to have been stalemated.

Alvane Johnston, president of the engineers, said the carriers had refused a new wage demand. Johnston said the Saturday strike would come off "as sure as shooting," and that no further meetings were planned.

Apparently only federal seizure of the roads within the next 24 hours would halt the strike.

President Truman previously said he would seize the roads if necessary.

Big 4 Quit Until President Signs June 15: Molotov Is Very Unhappy World War Dead

PARIS, May 16. (U.P.)—The Big Four Council of Foreign Ministers adjourned tonight until June 15 after a session of an hour and three-quarters at which a revised Italian armistice was signed.

All of the foreign ministers planned to leave Paris tomorrow after the windup of the conference at which no major agreements were reached.

Soviet Foreign Minister Molotov refused at the final meeting to make any commitment on acting for Nov. 12 a peace conference to draft a treaty with Germany, as advocated by Secretary of State James F. Byrnes.

Lutheran Youth Rally to Be Held in Cisco Sunday

The Walther league societies of the West Texas zone will meet in Cisco for its annual spring rally, says Rev. G. T. Naumann, pastor of Grace Lutheran church.

The rally will begin with an inspirational service Sunday afternoon at 2:30.

Pastor A. B. Wagner of Eden will deliver an address under the theme "This Is No Time For Ease."

A business meeting will follow in which plans for another Lutheran summer camp at Lake Cisco will be discussed. A talent festival will follow this meeting.

Supper will be served to all by the Walther league of Christ Lutheran church, the host for this gathering.

Societies from the following localities will participate: Albany, Abilene, Sagerton and Cisco. Several young people are also expected from Brownwood.

Illegal Airliner Crashes; 28 People Were Killed

RICHMOND, Va., May 16. (U.P.)—A chartered airplane, operating without any federal supervision whatever, crashed in dense woods five miles from Richmond today, killing the 25 passengers and crew of three.

Most of the bodies were burned beyond recognition as the old two-motored C-47 transport — said to have been a bucket-seat model such as the army used during the war — caught fire after the impact had torn and twisted it to a ruined heap of metal.

Polio Spreading; 2 Blocks Dusted With DDT, Laredo

AUSTIN, May 16. — The state's sixth known polio death was reported today in Laredo, previously untouched by the spreading disease.

The vicinity in which the death occurred has been dusted with DDT for two blocks in all directions. However, no other precautions have been taken. Schools remain open.

The deaths so far since last week total six—four in San Antonio, one in Amarillo, and one in Laredo.

Two new cases of polio were reported in San Antonio as varied precautions against the spread of sleeping sickness and infantile paralysis continued there and in other Texas cities today.

Favors 90-Day Oil Proration Instead of Monthly Order

AUSTIN, May 16. — Railroad commissioner Ernest O. Thompson today advocated issuance of a 90-day oil proration order instead of the customary monthly order.

He took this position after announcing that the commission has received advance nominations for June from major purchasers indicating demand for 2,439,849 barrels of oil daily, an increase of 87,452 barrels daily over demand for May.

Identical nominations have also been made for five succeeding months, Thompson said.

The commission tomorrow holds its monthly statewide oil hearing, to take evidence on which to base its June proration order.

Foes of FEPC Give Partisan Measure Another Whipping

WASHINGTON, May 16. — The house bill creating a permanent fair employment practices committee was shoved deeper into its legislative pigeonhole by the house yesterday.

The delaying maneuver was an adjournment twenty-four minutes after the house met, voted by a 99-0-1 tally.

Representative Vito Marcantonio, American Labor party, of Brooklyn, notified the house Tuesday that he knew of the adjournment plan and warned his colleagues that a vote to adjourn will be a vote against the FEPC.

Southerners and others against the FEPC accepted Marcantonio's challenge Wednesday, making it a point to be on hand when the house met. Representative Graham Barden (Dem.) of North Carolina moved to adjourn and Marcantonio promptly demanded a roll call. Not enough members joined with the Brooklyn man in his request, however, so he was unable to make good on his threat to put the house on record.

Representative Vito Marcantonio, American Labor party, of Brooklyn, notified the house Tuesday that he knew of the adjournment plan and warned his colleagues that a vote to adjourn will be a vote against the FEPC.

TEXAS GI LOANS

DALLAS, May 16. — Nearly 20 million dollars in GI loans have been made to veterans in 159 counties of Texas in 16 months, the Veterans Administration branch office here reported today. Eighty-five percent of the \$19,927,180 went into construction or purchase of new homes with a majority used for building, the report showed.

Funeral of Fred W. Frost at Eastland at 4 Today

Fred W. Frost, who died at his home in San Angelo Tuesday night, will be buried in the cemetery at Eastland this afternoon, following 4 o'clock services at Eastland First Methodist church, Rev. Philip W. Walker of Denton and Rev. George W. Shearer of Ft. Worth, both former pastors at Eastland, will assist the present pastor, Rev. John W. Ford, in the last rites to a substantial, highly esteemed citizen.

Deceased, a brother of Cyrus B. and Snow Frost of Eastland and Frank W. Frost of Altus, Okla., was born at Bowie, Tex., in 1882. He moved to Eastland in 1890 and graduated from the Eastland public schools. After attending Hamilton normal school at Gorman, he studied law at the University of Texas, later returning to Eastland to begin the practice of law. In 1909 he moved to Breckenridge, where he served two terms as county attorney and then entered the oil business. He was a resident of San Angelo at the time of his death. Mr. Frost stood out as a civic leader and was active in Masonic and Shriner fraternal groups.

Survivors other than the brothers mentioned are the wife; a daughter, Mrs. June Hudson of Abilene; two sisters, Mrs. J. Wiley Biggs of Austin and Mrs. S. O. Patport of Edinburg.

Funeralbearers include Earl Connor Sr., Joseph M. Weaver, Geo. L. Davenport, Clyde Grissom, Eastland; C. M. Caldwell, Copperfield; Grisham, Malcolm M. Meek, Roscoe; St. John, Abilene; W. C. Veale, Breckenridge; J. E. Spencer, Cisco.

Corinth Baptists to Clean and Decorate Cemetery

Corinth Baptist church, located about five miles east of Cisco, in maintaining a custom of more than 50 years, will hold decoration and homecoming services Saturday morning of this week, to which all interested persons are invited.

In addition to decorating all graves in the historic cemetery located near the church, the grounds will be cleaned and there will probably be an address by the pastor, Rev. John Baker.

TEXAS PUBLIC SCHOOLS.

The Texas State Teachers association has just completed a survey among city and county school superintendents to determine the condition of the teacher personnel in Texas. Replies were received from 945 superintendents representing 36,057 teaching positions or about 80 per cent of the total in Texas. Since the opening of school in September, 3,633 teachers have resigned their positions, which represents about 10 per cent of the total. Of the teachers included in the survey, 5,546 were listed with sub-standard qualifications which represents approximately 15 per cent of the total.

Local districts are exerting every effort possible to keep teachers in the classrooms, but many superintendents report that it appears impossible to fill all of their positions this coming year because of the low salaries paid and the number of resignations which are anticipated at the close of the current school year. Practically all of the cities in Texas report resignations averaging 13 per cent. Many local school districts are voting to increase their tax rate or will increase property valuations in order to secure more revenue for teachers' salaries. 110

Independent school districts have voted a tax increase above the rates they levied a year ago and 143 report that they plan to hold elections for tax rate increases soon. In 40 counties, one or more common school districts have increased their tax rates and 10 counties report that they plan to hold elections for this purpose soon.

It is estimated that 8,500 Texas teachers entered the armed forces and industry from September 1941 through 1945. However, only 1,277 have returned to teaching.

In looking over the results of the survey, Elizabeth Koch of San Antonio, president of the Texas State Teachers' association, said: "If we are to keep a staff of well trained teachers in the public schools of Texas, we must materially increase salaries. There is no other solution to the problem. The continued exodus of our teachers from the classrooms presents an alarming condition. We must give our attention to this problem immediately with the hope that local communities and the next session of the legislature will provide greatly increased support for the public schools."

Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your druggist and ask for four ounces of liquid Barconate (formerly called Barcon Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two table-spoonful twice a day. That's all there is to it.

If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloat disappears—how much better you feel. More alive, youthful appearing and active.

Mr. and Mrs. J. V. Heyser, Jr.

The Berkeley, Calif., Daily Gazette of May 6, carried an account of the wedding on April 27 of James V. Heyser, Jr., of Cisco, to Miss Helen Mary Britschgi of Berkeley, together with a picture of the young people made following the ceremony. Mr. and Mrs. Heyser are now at home in Cisco. The Gazette article follows:
When Mr. and Mrs. James Virgil Heyser (Helen Mary Britschgi) arrive this week in Cisco, Texas, their setting of their future home, they will be honored at a reception on Saturday. The couple took a short honeymoon trip up the Redwood Highway following their wedding in St. Clement's Episcopal church. Rev. J. Henry Thomas officiated. The bride, daughter of Mr. and Mrs. John Britschgi of Blue Lake, has made her home in Berkeley with her aunt and uncle, Mr. and Mrs. G. F. Zurigen of 1532 Lincoln St. Her husband, a Texas rancher and stockman, is the son of the senior Mr. and Mrs. Heyser of Cisco. His grandfather, J. A. Heyser, stockman and Texas pioneer, was one of the organizers of Callahan county, Tex.
For the church ceremony, the bride wore a gown of white lace and net, fashioned with a graceful train and a fingertip length veil. Her bouquet was an arrangement of orchids, gardenias and sweet peas. For "something old" she carried a handkerchief carried by the bridegroom's grandmother at her own nuptials. Bridesmaid Beverly Warne donned for her role a dress of blue satin and net and the bridesmaids, Luellie Bush and Gar-

Speaking of the Other Fellow's Troubles--

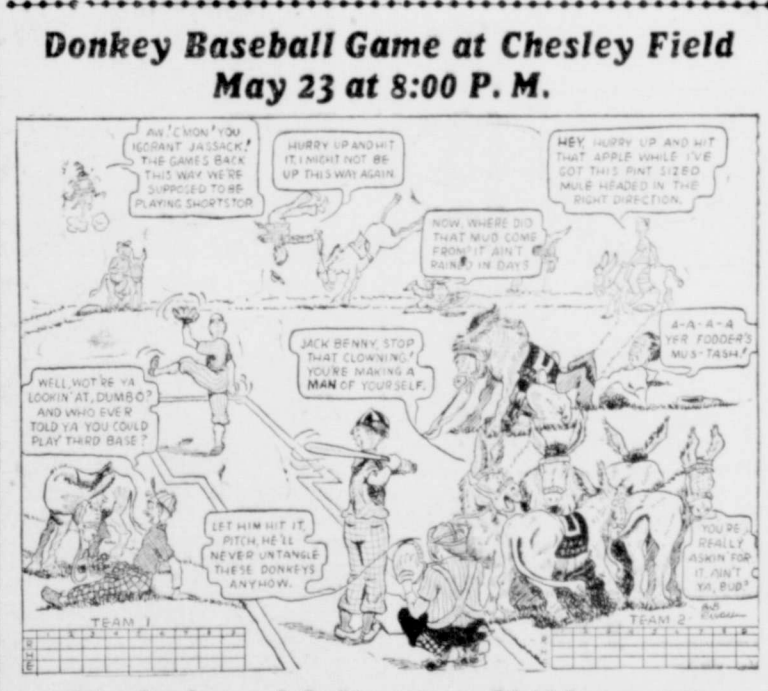

... suppose, for instance, that he moves an old house or erects a new structure on a lot without first knowing something about the title to the lot. This is being done in every town in the country. What will happen later on is obvious. Fixed improvements become a part of the real estate. If the title to the real estate proves to be faulty the whole investment becomes of doubtful value. The moral is, get an abstract first—buy and improve later!

BPS BARN PAINT RED
Lasts FOR MANY YEARS
BPS BARN PAINT RED is a rich, full-bodied exterior paint that can be liberally reduced with linseed oil... reducing the cost.
BPS BARN PAINT RED dries with a good gloss... holds its bright red color... The tough, protective coating resists weather and does not fade out like so many of the cheaper barn paints often do.
Also for METAL ROOFS
Long wearing, weather-resisting qualities of BPS BARN PAINT RED make it the ideal paint to use on galvanized iron or tin roofs.
Use it on barns, silos, outbuildings, bridges, warehouses and all wood, brick or metal surfaces.

VOLUME XXVI.

US. to Seize Railroads; Coal Men May Arbitrate

W. A. STEPHENSON of Abilene, newly elected governor of the 127th Rotary district. Governor Stephenson is expected to pay an official visit to Cisco Rotarians within the near future.

President Truman today asked the striking United Mine Workers and the coal operators to submit their differences to an arbitrator and appeared ready to take over the nation's railroads as negotiations to avert Saturday's strike broke down.

Mr. Truman revealed he had asked John L. Lewis, UMW president, and Charles O'Neill, representing coal management, to report back to him this afternoon with the name of an arbitrator, and also had asked that the miners, now in a two-week resumption of work, remain in the mines during arbitration.

Civilian Production Administrator John D. Small said six months of production is essential to avoid inflation and called for emergency legislation to outlaw strikes for that period.

"It is time that John L. Lewis realizes that he is not bigger than 140,000,000 other people," he said.

Negotiations between two brotherhoods of railroad employes and representatives of the major railroads appeared to have been stalemated.

Alvaney Johnston, president of the engineers, said the carriers had refused a new wage demand. Johnston said the Saturday strike would come off "as sure as shooting," and that no further meetings were planned.

Apparently only federal seizure of the roads within the next 24 hours would halt the strike.

President Truman previously said he would seize the roads if necessary.

Big 4 Quit Until President Signs June 15: Molotov Is Very Unhappy World War Dead

PARIS, May 16. (AP)—The Big Four Council of Foreign Ministers adjourned tonight until June 15 after a session of an hour and three-quarters at which a revised Italian armistice was signed.

All of the foreign ministers planned to leave Paris tomorrow after the windup of the conference at which no major agreements were reached.

Soviet Foreign Minister Molotov refused at the final meeting to make any commitment on setting for Nov. 12 a peace conference to draft a treaty with Germany, as advocated by Secretary of State James F. Byrnes.

Lutheran Youth Rally to Be Held in Cisco Sunday

The Walther league societies of the West Texas zone will meet in Cisco for its annual spring rally, says Rev. G. T. Naumann, pastor of Grace Lutheran church.

The rally will begin with an inspirational service Sunday afternoon at 2:30.

Pastor A. B. Wagner of Eden will deliver an address under the theme "This Is No Time For Ease."

A business meeting will follow in which plans for another Lutheran summer camp at Lake Cisco will be discussed. A talent festival will follow this meeting.

Supper will be served to all by the Walther league of Christ Lutheran church, the host for this gathering.

Societies from the following localities will participate: Albany, Abilene, Sagerton and Cisco. Several young people are also expected from Brownwood.

Illegal Airliner Crashes; 28 People Were Killed

RICHMOND, Va., May 16. (AP)—A chartered airplane, operating without any federal supervision whatever, crashed in dense woods five miles from Richmond today, killing the 25 passengers and crew of three.

Most of the bodies were burned beyond recognition as the old two-motored C-47 transport — said to have been a bucket-seat model such as the army used during the war — caught fire after the impact had torn and twisted it to a ruined heap of metal.

Polio Spreading; 2 Blocks Dusted With DDT, Laredo

AUSTIN, May 16. — The state's sixth known polio death was reported today in Laredo, previously untouched by the spreading disease.

The vicinity in which the death occurred has been dusted with DDT for two blocks in all directions. However, no other precautions have been taken. Schools remain open.

The deaths so far since last week total six—four in San Antonio, one in Amarillo, and one in Laredo.

Two new cases of polio were reported in San Antonio as varied precautions against the spread of sleeping sickness and infantile paralysis continued there and in other Texas cities today.

Favors 90-Day Oil Proration Instead of Monthly Order

AUSTIN, May 16. — Railroad commissioner Ernest O. Thompson today advocated issuance of a 90-day oil proration order instead of the customary monthly order.

He took this position after announcing that the commission has received advance nominations for June from major purchasers indicating demand for 2,439,849 barrels of oil daily, an increase of 87,452 barrels daily over demand for May.

Identical nominations have also been made for five succeeding months, Thompson said.

The commission tomorrow holds its monthly statewide oil hearing, to take evidence on which to base its June proration order.

Foes of FEPC Give Partisan Measure Another Whipping

WASHINGTON, May 16. — The house bill creating a permanent fair employment practices committee was shoved deeper into its legislative pigeonhole by the house yesterday.

The delaying maneuver was an adjournment twenty-four minutes after the house met, voted by a 99-to-31 majority ballot.

Representative Vito Marcantonio, American Labor party, of Brooklyn, notified the house Tuesday that he knew of the adjournment plan and warned his colleagues that a vote to adjourn will be a vote against the FEPC.

Southerners and others against the FEPC accepted Marcantonio's challenge Wednesday, making it a point to be on hand when the house met. Representative Graham Barden (Dem.) of North Carolina moved to adjourn and Marcantonio promptly demanded a roll call. Not enough members joined with the Brooklyn man in his request, however, so he was unable to make good on his threat to put the house on record.

FISHER PIONEER DIES.

ROSCOE, May 16. — J. M. Walker, 98, for 54 years a resident of Fisher county, died at 5:30 a. m. today at Young hospital here following a lingering illness of several months. He had been a member of the Methodist church for 70 years.

Klan Not Sending Out Organizers to Obtain Members

ATLANTA, Ga., May 16. — Grand Dragon Dr. Samuel Green of the Ku Klux Klan announces that recent activities of the Klan in Georgia have brought a flood of letters from all over the country asking information on organization of local Klan units.

Old-time klansmen and new followers, he said, were showing great interest in reviving the organization which first sprang up during the reconstruction era after the civil war and formed masked vigilante groups.

On the grand dragon's desk was a foot-high stack of letters. He told a newspaper reporter to select any of them at random and read them. The 3 withdrawn were from Cheyenne, Wyo.; Arlington, Va.; and Nashville, Tenn. All were written by persons who wanted to organize klans in their cities.

It is not true, Dr. Green said, that the Klan is sending out organizers to solicit new memberships.

TEXAS GI LOANS.

DALLAS, May 16. — Nearly 20 million dollars in GI loans have been made to veterans in 159 counties of Texas in 16 months, the Veterans Administration branch office here reported today. Eighty-five percent of the \$19,927,180 went into construction or purchase of new homes with a majority used for building, the report showed.

LAST VOYAGE—Nosing out of the Golden Gate at San Francisco, the veteran carrier USS Saratoga heads for her rendezvous with death, the atomic bomb tests at Bikini Atoll. She is in full operating condition. If she survives the tests, every item aboard will be checked for reaction to the atomic explosion.

Funeral of Fred W. Frost at Eastland at 4 Today

Fred W. Frost, who died at his home in San Angelo Tuesday night, will be buried in the cemetery at Eastland this afternoon, following 4 o'clock services at Eastland First Methodist church. Rev. Philip W. Walker of Denton and Rev. George W. Shearer of Worth, both former pastors at Eastland, will assist the present pastor, Rev. John W. Ford, in the last rites to a substantial, highly esteemed citizen.

Deceased, a brother of Cyrus B. and Snow Frost of Eastland and Frank W. Frost of Altus, Okla., was born at Bowie, Tex., in 1882. He moved to Eastland in 1890 and graduated from the Eastland public schools. After attending Hanthis normal school at Gorman, he studied law at the University of Texas, later returning to Eastland to begin the practice of law. In 1909 he moved to Breckenridge, where he served two terms as county attorney and then entered the oil business. He was a resident of San Angelo at the time of his death. Mr. Frost stood out as a civic leader and was active in Masonic and Shriner fraternal groups.

Survivors other than the brothers mentioned are the wife; a daughter, Mrs. June Hudson of Abilene; two sisters, Mrs. J. Wiley Biggs of Austin and Mrs. S. O. Polpoff of Edinburg.

Pallbearers include Earl Connor

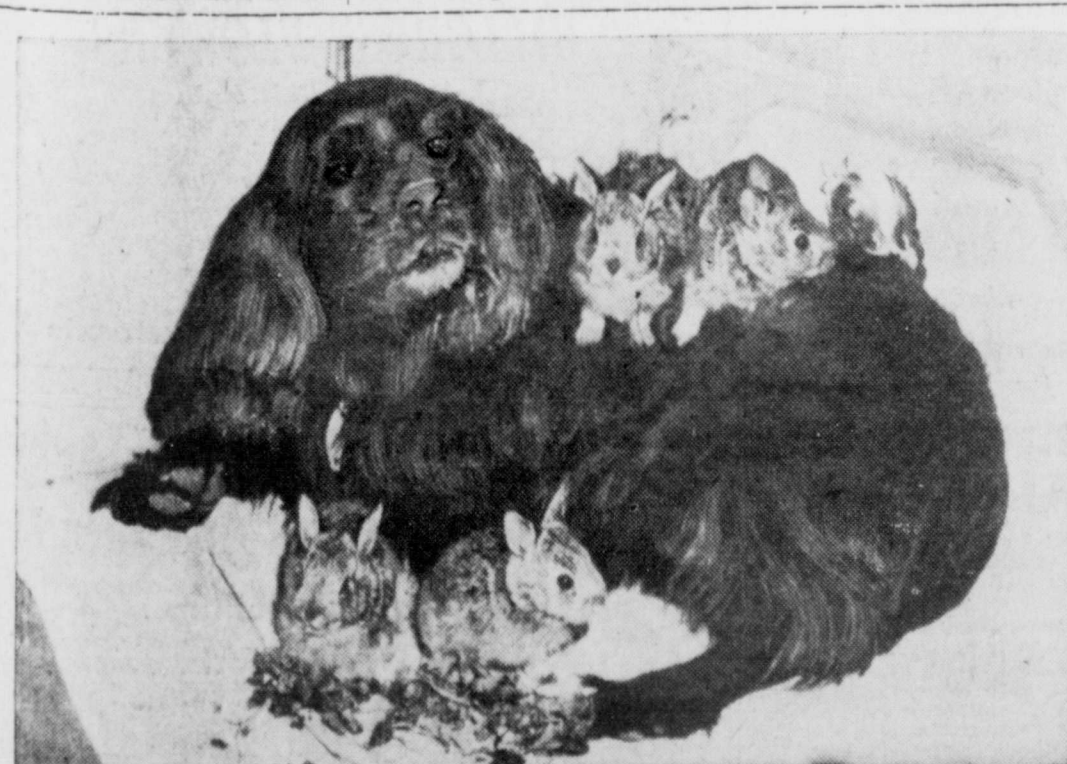

Corinth Baptists to Clean and Decorate Cemetery

Corinth Baptist church, located about five miles east of Cisco, in maintaining a custom of more than 50 years, will hold decoration and homecoming services Saturday morning of this week, to which all interested persons are invited.

In addition to decorating all graves in the historic cemetery located near the church, the grounds will be cleaned and there will probably be an address by the pastor, Rev. John Baker.
