CAN'T KEEP GRANDMA IN HER CHAIR

She's as Lively as a Youngster— Now her Backache is better— Many sufferers relieve nagging backache quickly, once they discover that the cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of filtering the excess acids and waste out of the blood. They help most people pass about 3 pints a day. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, swelling up, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully for millions for over 40 years. Doan's Pills help kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Your Electric Servant
TRADE MARK REG. U.S. PAT. OFF.

I'm Reddy Kilowatt, your electric servant. I live in all electric outlets. (I'm going to call them "Reddy Boxes" from now on—because you'll always find me in the nearest box, Reddy to serve you electrically.)

So I suggest, Mr. and Mrs. Homebuilder, that you put plenty of "Reddy Boxes" in that new home you're planning to build—or in that house you're planning to remodel. Then I can be at your elbow (your nearest Reddy Box), Reddy for work or play whenever you want me.

Before going too far with plans, talk to your electrical contractor about adequate wiring for plenty of "Reddy Boxes."

West Texas Utilities Company

a HOME of their own

That's the dream of every couple, young or old—a home of their own. Jack and Sue have started theirs. In fact, they've practically built it themselves... watching the work with tender vision, from sidewalls to roof. They saw the foundation dug and poured, and the framework go up. They watched the stone-masons, the carpenters, the plumber and the electrician. They poured a lot of dreams into that home—that's why they want to make sure that it will be theirs, "title clear," some day, regardless of what comes. So, they are protecting their investment with a Southwestern Life Mortgage Cancellation contract.

Jack and Sue know that through Southwestern Life Mortgage Cancellation Insurance they can provide a sound savings program to supplement any plan of future income that fortune may bring their way. And they know that it will provide funds for as long as twenty years, should death interrupt Jack's work.

Through Southwestern Life Mortgage Cancellation Insurance, you can make sure that the end of the story of your planning and savings will be what it should. Through it, you can accomplish the multiple purpose of protecting family, property and income, and leave those you love living in the neighborhood where they want to live, in the way they should. US. Seizes All Railroads; Strike Call is Unchanged

New Globe Swift Airplane at Cisco Port Sunday

By United Press

WASHINGTON, May 17.—President Truman today seized the nation's railroads 24 hours before a strike deadline set by two railway brotherhoods.

Mr. Truman appealed over the head of the union leaders and asked every railroad employe to "co-operate with the government" by remaining on duty.

The strike call remained in effect, however.

The president signed the seizure order in the presence of the leaders of the Railway Trainmen and Locomotive Engineers — the unions which called the strike. He acted immediately after they had told him they had been unable to reach an agreement with the carrier managements on their wage and other demands.

The railroads will be operated technically by the Office of Defense Transportation, beginning at 3 p. m. CST., today.

The union leaders said the strike orders had not been counter-mandated and that as far as they were concerned the strike would go on as scheduled.

The president said that in the strike situation confronting the government "seizure is imperative for the protection of the rights of our citizens."

Mr. Truman's seizure order took over for the government 337 American railroads — all of consequence in the nation.

The railroads began preparations for a possible nationwide strike today as some lines declared embargoes on livestock and perishable freight.

The first railroad to take the embargo action was the Chicago, Burlington and Quincy line. The Union Pacific at Omaha took similar precautions a short time later.

The embargoes were placed on shipments which cannot be delivered by noon tomorrow.

Ralph Budd, president of the Burlington, said the embargo

would stay in effect in spite of government seizure of the railroads, until he is assured that service will be maintained. At present, he said, no one knows whether the employes will respect the strike call or not.

Rebel Movement at Havana Was Nipped in Bud

HAVANA, May 17. (U.P.) — The commander in chief of the Cuban army announced today that government forces crushed a rebellious movement at Camp Columbia, the main military base in Cuba, early this morning.

A statement by the Army Chief, Maj. Gen. Benigno Perez Damera, gave the first official confirmation that an uprising occurred at the big camp on the outskirts of Havana, where gunfire and explosions were heard for more than an hour.

Perez Damera said the rebellious elements were headed and directed by "a class whose identification is known to army headquarters." He declined clarification immediately.

Reliable sources reported that two were killed, although an official statement said there were no casualties.

GOVERNOR MAY BE CALLED AS WITNESS

AUSTIN, May 17. — Governor Stevenson may be called as a witness in a mandamus suit brought in district court here by a Negro student to force University of Texas officials to admit him as a law student.

Stevenson said that evidence of the state's willingness to provide professional courses for a Negro student at Prairie View could become an important point in the current suit.

19 NEW RESIDENCES FINISHED OR NEAR COMPLETION; 28 VET HOUSING UNITS A CERTAINTY; UNUSUAL AMOUNT REMODELING

Building permits issued by the city of Cisco since January 1, 1946, have aggregated \$115,750, according to records at the city hall, Hal Lavery, city secretary, said. Lavery pointed out that this figure will not approach the correct total of building here in that period, due to the difficulty of obtaining information, either because many builders do not know they are required to secure permits for construction, or a fear that such filing will affect taxes on the property.

It will make it more easy and satisfactory, both to the city and the tax payers, to file for permits promptly, he pointed out; particularly since values stated in the permits will have less effect upon tax valuations than the judgment of the equalization board on a fair taxable value. An accurate check on all construction activity is obtained both by water and sewer connections as well as by normal assessment procedure.

It will probably surprise many citizens, even though they have been aware of the revival in home building here, to learn of the number of new homes that have been completed or are now under construction in Cisco. According to city hall records, 19 new residences have been completed here or soon will be. This does not include residences moved into the city from other places and practically rebuilt.

Records show that 17 such homes have been added to the city, making a total of 36 new or remodeled houses since January 1. There has been an increase in the rate by which new housing has been added to the city.

San Antonio Suffers Hail Damage of Three Million

SAN ANTONIO, May 17. (U.P.) — C. O. Sawtelle, president of the San Antonio Insurance Exchange, today estimated damage in last night's hailstorm here at from \$2,000,000 to \$3,000,000.

Other unofficial estimates ranged as high as \$5,000,000.

Two GIs Slain in Germany by U. S. Negro; Ambush

FRANKFURT, May 17. — An American Negro private signed a confession today that he fired three shots — "at a civilian going up the road" — which resulted in the deaths of two American sergeants last Friday night. Army authorities announced.

The Negro was identified as Pfc. James C. Devone, 28, of North Carolina.

Officials said the Negro asserted that the jeep in which the sergeants were riding "got in the way" of the last bullet he fired.

Authorities said the Negro confessed after ballistics tests showed the fatal shots were fired from an Army carbine which had been traced to him.

The victims were T/4 Paul R. Skelton of McKinney, Texas, and S/Sgt. William R. Timmons, of West Haven, Conn., both 21 years old and assigned to the fiscal department of "Stars and Stripes."

They were slain from ambush while riding in a jeep with another soldier and three young Allied women, on the way home from a night club.

Authorities said both men were killed by the same bullet, which went entirely through the body of one and penetrated six inches into the body of the other.

CLAIMS FIRST OATS

COLEMAN, May 17. — Charles R. Wilson says he bought what he believes was the first new grain brought into Coleman, when he purchased a load of oats from J. M. Self of the Plainsview community Tuesday noon. Self received 85 cents per bushel for the oats, which is ceiling price.

TOMATO PRICES DROP

MALLEN, May 17. — Prices for the Rio Grande Valley's bumper tomato crop dropped to 2½ to 2¼ cents per pound to growers here yesterday.

PRAYERS ANSWERED—Mrs. Anne Hicwa kneels to give thanks at Wallington, N.J., church after President Truman commuted death sentence of her son, Pvt. Joseph E. Hicwa, Jr., to 30 years in prison. Hicwa was convicted of killing two Japanese civilians in Tokyo.

Insect-Proof Fog Machine Rushed to San Antonio

NEW YORK, May 17. (U.P.) — A machine that raises an insect-proof fog will be rushed by airplane tonight to polo-ridden San Antonio, Texas, the Todd Shipyards, maker of the fog applicator, announced.

Todd said the machine was being delivered at the request of H. L. Crittenden, San Antonio health commissioner.

Stinson AT19 Cabin Planes Be on Sale Early June

DALLAS, May 17. — More than 350 Stinson AT-19 cabin monoplane, former lend-lease aircraft which have been returned by the British, will be offered for sale beginning June 3 at \$1,500, \$2,000 and \$2,500 each, depending on condition. A. G. Elmendorf, regional director of the Dallas office of the War Assets Administration announced today. Terms of the sale are cash only, with no discounts. First chance to purchase the planes will go to priority holders.

The AT-19 is similar to the commercial Stinson "Reliant," but parts are not interchangeable. It is a high "Gull" wing type, and the cabin has three seats but can be modified to carry five. The plane

Fort Worth Boy to Graduate at the Age of 14

FORT WORTH, May 17. — Despite the fact that he "would rather play soft ball than study," Sam Reasoner, son of Mr. and Mrs. S. J. Reasoner, will graduate May 31 from Amon Carter Riverside high school at the age of 14.

He will be the youngest known graduate from among the 2,000 or more persons who have received diplomas from Amon Carter high.

And despite the fact that he has jumped around to a total of 33 different schools in Texas, his grades are all "As" and "Bs." He was transferring from school to school while his father was being transferred in his railroad work.

Also, says his principal, "he's one of the boys who've never had to come to see the principal about anything. We're very proud of Sam."

Meeting at Eastland May Interest School Teachers

Eastland county school teachers who wish to further their education, says Mrs. Truly Carter, Cisco Junior high school teacher, are urged to attend a meeting at Eastland high school, Monday night, 7:30.

At that time Dr. R. A. Collins of Hardin-Simmons university will be present to ascertain the number of Eastland county teachers who would be interested in attending graduate and under-graduate extension courses this summer at Eastland high school.

Courses to be offered will also be determined at the Monday night meeting, Mrs. Carter stated. The courses will probably include education, English, history and physical education, she said.

WARD-BELMONT ENTRANT. NASHVILLE, Tenn. — Patsy Lois McCrea, daughter of Mr. and Mrs. Yancey J. McCrea of 1901 M avenue, Cisco, has been accepted as a student for the Ward-Belmont School for Girls in Nashville for the term of 1946-47. Miss McCrea, who will graduate from Cisco High school this month, will enter the freshman class at Ward-Belmont next September.

Bob Wagstaff of Abilene Visiting in Cisco Today

Bob Wagstaff of Abilene, Taylor county, one of the six entrants in the 17th congressional district derby set for July 27, is spending today in Cisco to meet old friends and form new acquaintances.

Mr. Wagstaff, like all of his five opponents, is a war veteran and a lawyer.

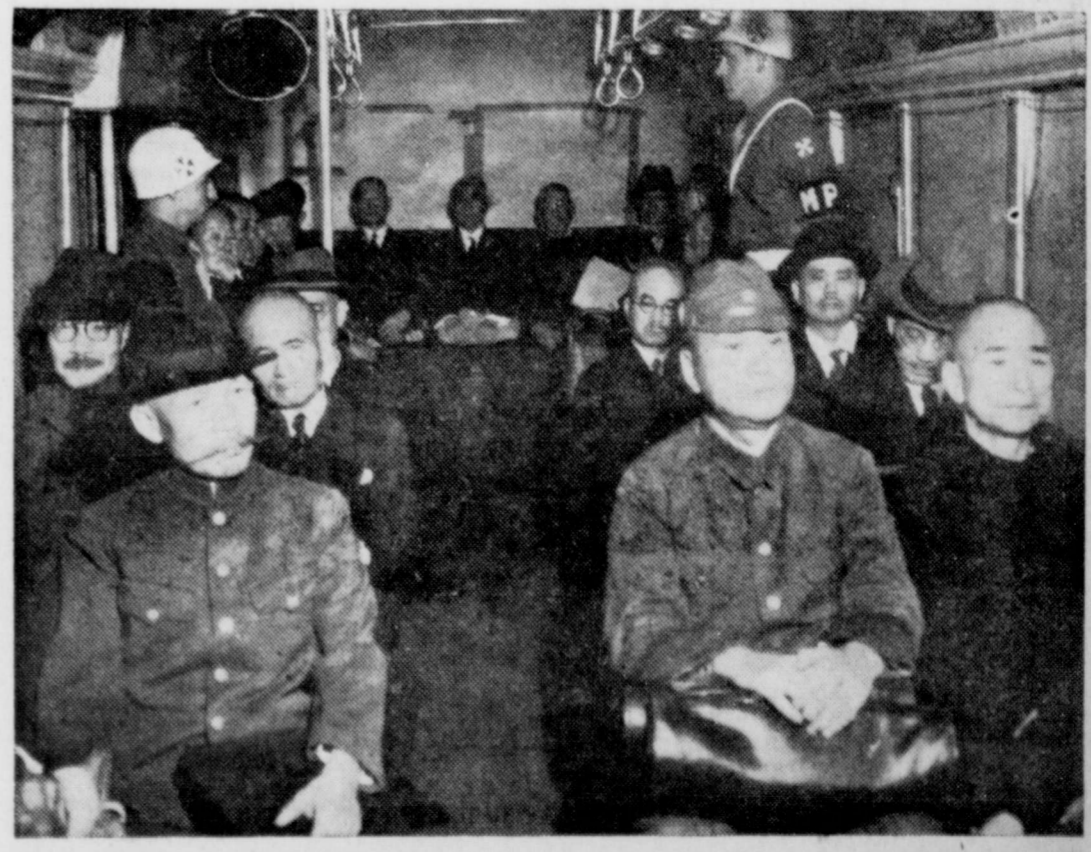

Important items in his platform are these: Research to discover new uses for cotton, peanuts, maize and other farm products; search to find new plants and crops suitable for this district.

Abolish all unnecessary boards and bureaus and terminate wartime agencies as soon as reconversion is over.

Federal aid for education, without supervision or control by the federal government.

BUTTER!—Men, women and children line up, three abreast, to get a chance to buy some of the 12,000 pounds of butter offered for sale by the Terminal Market in Philadelphia. An estimated 5000 persons formed a line four blocks long when the market opened.

NO JOY RIDE—Japanese war criminals arrive by bus from prison for opening of their trials in Tokyo. Left to right in front row are, Araki, Salto and Shimada and in second row, Tojo, Oka, Kido and Hiratori. Photo by Tom Shafer, Acme Staff Photographer.

CONGRESS IS ON THE SPOT.

These two weeks of mining coal should not lull the average citizen into any peaceful feeling that the war on the Lewis front is over. On the contrary, Lewis has given a little ground in order to make a greater gain later.

And rage at Lewis, on the other hand, should not blind the citizen to the fact that the safety and welfare of the miners need attention, though the royalty demand is out of the question.

The citizen will be feeling the effects of the steel and coal strikes and the automobile strikes and a dozen others for more than a year to come. He will be lucky if he keeps warm next winter. He will wait three to six months more for the washing machine or refrigerator now on an order, probably a year for his needed car. The whole economy of reconversion has been slowed up by these strikes, the safety of all has been threatened. It's serious business.

Because it is serious business, and must not be allowed to go on happening year by year, serious and well-thought-out legislation is needed.

Wrath may stir congress into action too long delayed, and that is all to the good.

But the law when it comes should be written with light, not heat. It should be temperate, clear and foresighted.

The citizen will be watching for early passage of that law.

James Roosevelt, and the National Citizens Political Action Committee headed by the Communist Frank Kingdon, and the CIO-PAC headed by the communist Sidney Hillman. They are all anti-American and pro-Soviet; all of them propose to destroy constitutional government and to establish some kind of government.

"The OPA is Sovietism in disguise. This bureau makes laws, interprets them and enforces them. What more can the commissar do? The Communists and Socialists seek to make it a permanent bureau. Of course they want to destroy the Committee on un-American Activities for they do not want their activities revealed.

They regard constitutional government as the old deal and a relic of the "horse and buggy days," and those of us who support it as reactionaries and fascists. The constitution is the barrier that protects us, and they defy it, undermine it, and seek to destroy it. The CIO-PAC branch of them boasts a slush fund of \$6,000,000.00 and 1,000 organizers for that purpose.

These are in part the objectives of this unholy and unlawful coalition. We must organize and defeat them in the approaching primaries. Vote against the candidates supported by the CIO and PAC, for they know their men and we do not.

GROUP THREE MET IN FRYAR HOME TUESDAY.

Group three of women's council of First Christian church met in the home of Mrs. C. K. Fryar Tuesday afternoon, with Mrs. J. Sanders co-hostess and Mrs. James Haynie presiding. The meeting opened with a devotional brought by Mrs. Sanders, in which the topic, "The World We Want," was discussed. Mrs. J. D. Browning brought the missionary lesson, "That They Might Have Life." The business session was in charge of Mrs. James Haynie, group leader. Routine affairs were transacted and minutes of previous meeting were read and approved. The meeting closed by all present repeating the missionary benediction.

Refreshments were passed at the close of the social hour to Mrs. J. F. Benedict, Mrs. James Haynie, Mrs. J. D. Browning, Mrs. Joe Tullis, Mrs. H. T. Huffman, Mrs. J. E. Elkins, Mrs. J. D. Lauderdale, Mrs. A. J. Sanders and Mrs. C. R. Fryar.

FIRST BAPTIST WMU GENERAL MEETING.

First Baptist women's missionary union met Tuesday afternoon in a general meeting at the church. Mrs. C. A. Williams, program chairman of circle two, was in charge and opened the meeting with group singing of "Throw Out the Life Line," led by Mrs. Ina Pyle Martin, with Mrs. Arthur Burnett brought the devotional from the sermon on Matthew 5, using scriptures from Matthew 5. The program topic, "Justice and Co-operation," was then discussed. Those assisting with program parts were Mrs. Arthur Johnson, Mrs. W. L. Pippen and Mrs. Williams.

Mrs. E. J. Poe, president, conducted a short business session at the close of the program and the meeting closed with prayer.

Those present were Mrs. C. A. Williams, Mrs. J. R. Burnett, Mrs. Arthur Johnson, Mrs. C. E. Moorman, Mrs. Ada Wheeler, Mrs. J. E. Burnam, Mrs. C. A. Farquhar, Mrs. E. J. Poe, Mrs. Ina Pyle Martin, Mrs. W. Frank Walker, Mrs. Victor Lawson, Mrs. L. A. Harrison, Mrs. F. E. Shepard, Mrs. O. J. Russell, Mrs. W. L. Pippen, Mrs. A. D. Estes, Mrs. Cecil Adams, Mrs. E. L. Jackson and Mrs. Kate Richardson.

MRS. SAM BAUGH HOSTESS TO GROUPE.

Group two of women's council of First Christian church met Tuesday evening at the church with Mrs. Sam Baugh as hostess. Mrs. E. H. Hester, group leader, presided at the short business session after which Miss Ethel Mae Wilson brought as a devotional a chapter from the book, "Harmony of the Gospels." The missionary lesson from World Call magazine was presented by Mrs. H. H. Davis.

A social hour was held and refreshments of ice cream and cake were passed to two visitors, Mrs. Richard Crews and Mrs. G. W. Troxell and the following members: Miss Alice Bacon, Miss Olga Fay Ford, Mrs. James Flournoy, Mrs. C. C. Greenhaw, Mrs. E. H. Hester, Mrs. Willrue Logan, Mrs. Ida Painter, Mrs. H. H. Davis, Mrs. J. M. Latimer, Mrs. W. L. Sparra, Mrs. George Swartz, Miss Ethel Mae Wilson, Mrs. W. R. Winston and Mrs. Baugh.

MRS. FRED HAYES HOSTESS TO CIRCLE.

Mrs. Fred Hayes was hostess when circle two of First Methodist women's society of Christian service met Tuesday afternoon in her home. Mrs. Sam King presided and opened the meeting with group singing of "My Faith Looks Up to Thee."

A business session was opened preceding the program at which plans for serving the annual senior high school luncheon on May 21 were made; minutes of previous

meeting were read and approved and treasurer's report was given.

The meeting was then turned to Mrs. A. B. O'Flaherty, leader of the program, who presented Mrs. Wm. H. Cole in a splendid devotional. Mrs. Joe Lovelady gave the topic, "Peace Through His Cross," Mrs. J. T. Fields read an article from "The Methodist Woman," Mrs. S. H. Nance discussed "The Heart of America," and the closing article was brought by Mrs. O'Flaherty.

During the social hour Mrs. Hayes presented a grab bag which proved to be fun-provoking and several dishes were collected to be used for purchasing cards to send to sick members and shut-ins.

Refreshments were passed to Mrs. Sam King, Mrs. Crigler Paschall, Mrs. J. T. Fields, Mrs. Hattie Fairless, Mrs. A. B. O'Flaherty, Mrs. O. C. Lomax, Mrs. Wm. H. Cole, Mrs. S. H. Nance, Mrs.

M. L. Neithercutt, Mrs. Joe Lovelady, Mrs. G. P. Rainbolt and Mrs. Hayes.

KENTUCKY MINISTER HERE.

Rev. Wm. E. Sweeney of Lexington, Ky., brother of J. Monroe Sweeney, will arrive in Cisco today for a brief visit with Mr. and Mrs. Sweeney. The visitor will occupy Cisco First Christian church pulpit Sunday morning and will also preach at Mineral Wells Sunday night. Rev. Mr. Sweeney is enroute to Long Beach, Calif., where he will begin a two-week revival May 26. The minister's daughter, Mrs. Robert F. Schultz, of Mineral Wells, will be here to attend the services at the Christian church Sunday morning. Following his Mineral Wells engagement, Mr. Sweeney will return to Cisco and plans to spend a day fishing at Lake Cisco before enroute for California.

Speaking of the Other Fellow's Troubles---

... suppose, for instance, that he moves an old house or erects a new structure on a lot without first knowing something about the title to the lot. This is being done in every town in the country. What will happen later on is obvious. Fixed improvements become a part of the real estate. If the title to the real estate proves to be faulty the whole investment becomes of doubtful value. The moral is, get an abstract first—buy and improve later!

BPS BARN PAINT RED

Lasts FOR MANY YEARS

• BPS BARN PAINT RED is a rich, full-bodied exterior paint that can be liberally reduced with linseed oil... reducing the cost.

• BPS BARN PAINT RED dries with a good gloss... holds its bright red color... The tough, protective coating resists weather and does not fade out like so many of the cheaper barn paints often do.

• Spreads on easily and has remarkable hiding qualities.

Also for METAL ROOFS Long wearing, weather-resisting qualities of BPS BARN PAINT RED make it the ideal paint to use on galvanized iron or tin roofs.

Use it on barns, silos, outbuildings, bridges, warehouses and all wood, brick or metal surfaces.

GOODYEAR BONUS MILEAGE TIRES

These Drivers, And Millions More, Know Goodyear Is the Best Tire Built!

- "24,000 miles... only three-fourths worn." —California Business Man
- "23,000 miles without a tire failure." —New York Motorist
- "37,000 miles... estimate 10,000 miles of original tread left." —Louisiana Farmer

Testimonials of drivers everywhere, report amazingly long, satisfactory service — prove this superior new Goodyear is delivering mileage comparable to the average pre-war tire. So, go for the bonus mileage — the extra safety and service of a Goodyear.

\$15.20 plus tax 6.00 x 16

HERE'S WHY A GOODYEAR LASTS SO LONG!

Goodyear is superior in tread and in body. The exclusive Goodyear tread design compacts when inflated, becomes extra resistant to cuts and bruises. And backing up this remarkable tread is a firm, resilient body designed to cushion shock and minimize tread-wearing tire "growth".

a HOME of their own

That's the dream of every couple, young or old—a home of their own. Jack and Sue have started theirs. In fact, they've practically built it themselves... watching the work with tender vision, from sidewalls to roof. They saw the foundation dug and poured, and the framework go up. They watched the stone-masons, the carpenters, the plumber and the electrician. They poured a lot of dreams into that home—that's why they want to make sure that it will be theirs, "title clear," some day, regardless of what comes. So, they are protecting their investment with a Southwestern Life Mortgage Cancellation contract. Jack and Sue know that through Southwestern Life Mortgage Cancellation Insurance they can provide a sound savings program to supplement any plan of future income that fortune may bring their way. And they know that it will provide funds for as long as twenty years, should death interrupt Jack's work. Through Southwestern Life Mortgage Cancellation Insurance, you can make sure that the end of the story of your planning and savings will be what it should. Through it, you can accomplish the multiple purpose of protecting family, property and income, and leave those you love living in the neighborhood where they want to live, in the way they should. Get a detailed description of this contract today. It is a plan you can afford to own.

Your Electric Servant
TRADE MARK REG. U.S. PAT. OFF.

I'm Reddy Kilowatt, your electric servant. I live in all electric outlets. (I'm going to call them "Reddy Boxes" from now on—because you'll always find me in the nearest box, Reddy to serve you electrically.)

So I suggest, Mr. and Mrs. Homebuilder, that you put plenty of "Reddy Boxes" in that new home you're planning to build—or in that house you're planning to remodel. Then I can be at your elbow (your nearest Reddy Box), Reddy for work or play whenever you want me.

Before going too far with plans, talk to your electrical contractor about adequate wiring for plenty of "Reddy Boxes."

US. Seizes All Railroads; Strike Call is Unchanged

New Globe Swift Airplane at Cisco Port Sunday

The new Globe Swift airplane will be shown at Cisco municipal airport all day Sunday, says Joe Coulter, airport manager.

The new Swift features a retractable landing gear, controllable propeller and a cruising speed of 125 miles per hour. This modernistic, low-wing plane is designed to give both speed and safety to the personal plane owner.

The people of Cisco are invited to attend this showing. Earl A. Evans, the dealer for this area, will be present to answer questions and give additional information.

Demand for Edible Peanuts Doubled the Past 6 Years

E. B. Johnson of the Cisco Peanut company is among the more than 400 delegates from 21 states who will attend the annual meeting of the national peanut council at Virginia Beach, Va., May 26-28.

The vastly expanded national and world demand for peanuts in candy, in salted form and as peanut butter will be number one topic on the meeting agenda. About 66 million pounds more shelled edible peanuts have been produced this season than last year and peanut acreage has increased 50 percent since 1940.

Clinton P. Anderson, secretary of agriculture, and Senator Harry F. Byrd of Virginia will speak to the delegates. Peanuts represent a basic agricultural commodity and are one of the most profitable of all crops, yielding U. S. growers more than \$200 million a year.

Bob Wagstaff of Abilene Visiting in Cisco Today

Bob Wagstaff of Abilene, Taylor county, one of the six entrants in the 17th congressional district derby set for July 27, is spending today in Cisco to meet old friends and form new acquaintances.

Mr. Wagstaff, like all of his five opponents, is a war veteran and a lawyer.

Important items in his platform are these: Research to discover new uses for cotton, peanuts, maize and other farm products; search to find new plants and crops suitable for this district.

Abolish all unnecessary boards and bureaus and terminate wartime agencies as soon as reconversion is over.

Federal aid for education, without supervision or control by the federal government.

WASHINGTON, May 17.—President Truman today seized the nation's railroads 24 hours before a strike deadline set by two railway brotherhoods.

Mr. Truman appealed over the head of the union leaders and asked every railroad employe to "co-operate with the government . . . by remaining on duty."

The strike call remained in effect, however.

The president signed the seizure order in the presence of the leaders of the Railway Trainmen and Locomotive Engineers — the unions which called the strike. He acted immediately after they had told him they had been unable to reach an agreement with the carrier managements on their wage and other demands.

The railroads will be operated technically by the Office of Defense Transportation, beginning at 3 p. m. CST., today.

The union leaders said the strike orders had not been counter-manded and that as far as they were concerned the strike would go on as scheduled.

The president said that in the strike situation confronting the government "seizure is imperative for the protection of the rights of our citizens."

Mr. Truman's seizure order took over for the government 337 American railroads — all of consequence in the nation.

The railroads began preparations for a possible nationwide strike today as some lines declared embargoes on livestock and perishable freight.

The first railroad to take the embargo action was the Chicago, Burlington and Quincy line. The Union Pacific at Omaha took similar precautions a short time later. The embargoes were placed on shipments which could not be delivered by noon tomorrow.

Ralph Budd, president of the Burlington, said the embargo would stay in effect in spite of government seizure of the railroads, until he is assured that service will be maintained. At present, he said, no one knows whether the employes will respect the strike call or not.

San Antonio Suffers Hail Damage of Three Million

SAN ANTONIO, May 17. (U.P.)—C. O. Sawtelle, president of the San Antonio Insurance Exchange, today estimated damage in last night's hailstorm here at from \$2,000,000 to \$3,000,000.

Other unofficial estimates ranged as high as \$5,000,000.

Rebel Movement at Havana Was Nipped in Bud

HAVANA, May 17. (U.P.)—The commander in chief of the Cuban army announced today that government forces crushed a rebellious movement at Camp Columbia, the main military base in Cuba, early this morning.

A statement by the Army Chief, Maj. Gen. Benigno Perez Damera, gave the first official confirmation that an uprising occurred at the big camp on the outskirts of Havana, where gunfire and explosions were heard for more than an hour.

Perez Damera said the rebellious elements were headed and directed by "a class whose identification is known to army headquarters." He declined clarification immediately.

Reliable sources reported that two were killed, although an official statement said there were no casualties.

19 NEW RESIDENCES FINISHED OR NEAR COMPLETION; 28 VET HOUSING UNITS A CERTAINTY; UNUSUAL AMOUNT REMODELING

Building permits issued by the city of Cisco since January 1, 1946, have aggregated \$115,750, according to records at the city hall, Hal Lavery, city secretary, said.

Lavery pointed out that this figure will not approach the correct total of building here in that period, due to the difficulty of obtaining information, either because many builders do not know they are required to secure permits for construction, or a fear that such filing will affect taxes on the property.

It will make it more easy and satisfactory, both to the city and the tax payers, to file for permits promptly, he pointed out; particularly since values stated in the permits will have less effect upon tax valuations than the judgment of the equalization board on a fair taxable value. An accurate check on all construction activity is obtained both by water and sewer connections as well as by normal assessment procedure.

It will probably surprise many citizens, even though they have been aware of the revival in home building here, to learn of the number of new homes that have been completed or are now under construction in Cisco. According to city hall records, 19 new residences have been completed here or soon will be. This does not include residences moved into the city from other places and practically rebuilt.

Records show that 17 such homes have been added to the city, making a total of 36 new or remodeled houses since January 1. There has been an increase in the rate by which new housing has been added to the city.

Three of the new homes under construction are being built by Cisco Homes, Inc., which took steps this week to speed up completion of these units so that they will be available for occupancy at the earliest date. One of these houses should be ready for sale within two weeks, it was stated.

Lack of carpenters had delayed the program to a considerable extent but this shortage was expected to be overcome and full speed ahead begun.

The building permits do not include the 28 emergency veterans housing units recently allotted Cisco by the federal public housing authority on the application of Cisco Junior college, backed by the city and the chamber of commerce. These apartments are expected to be completed by September 2, according to FPHA. They will be available for occupancy by ex-GI's attending college. If any vacancies should exist after college veterans have exercised their privileges, these vacancies will be available to other ex-service men.

Nor does the figure include the large number of new apartment units constructed in private homes, so that the actual total of new family living units in the city will be much higher than indicated by the 36 additional houses and the 28 FPHA emergency units.

At least five large new business buildings have been added to the commercial accommodations since January 1, including the new A&P grocery headquarters and a building erected by Paul Poe. In addition 20 or more buildings in the business area have been extensively remodeled.

Two GIs Slain in Germany by U. S. Negro; Ambush

FRANKFURT, May 17. — An American Negro private signed a confession today that he fired three shots — "at a civilian going up the road" — which resulted in the deaths of two American sergeants last Friday night. Army authorities announced.

The Negro was identified as Pfc. James C. Devone, 28, of North Carolina.

Officials said the Negro asserted that the jeep in which the sergeants were riding "got in the way" of the last bullet he fired.

Authorities said the Negro confessed after ballistics tests showed the fatal shots were fired from an Army carbine which had been traced to him.

The victims were T/4 Paul R. Skelton of McKinney, Texas, and S/Sgt. William R. Timmons, of West Haven, Conn., both 21 years old and assigned to the fiscal department of "Stars and Stripes."

They were slain from ambush while riding in a jeep with another soldier and three young Allied women, on the way home from a night club.

Authorities said both men were killed by the same bullet, which went entirely through the body of one and penetrated six inches into the body of the other.

COLEMAN, May 17. — Charles R. Wilson says he bought what he believes was the first new grain brought into Coleman, when he purchased a load of oats from J. M. Self of the Plainview community Tuesday noon. Self received 85 cents per bushel for the oats, which is ceiling price.

McALLEN, May 17. — Prices for the Rio Grande Valley's bumper tomato crop dropped to 2½ to 2¾ cents per pound to growers here yesterday.

Insect-Proof Fog Machine Rushed to San Antonio

NEW YORK, May 17. (U.P.)—A machine that raises an insect-proof fog will be rushed by airplane tonight to police-ridden San Antonio, Texas, the Todd Shipyards, maker of the fog applicator, announced.

Todd said the machine was being delivered at the request of H. L. Crittenden, San Antonio health commissioner.

Fort Worth Boy to Graduate at the Age of 14

FT. WORTH, May 17. — Despite the fact that he "would, rather play soft ball than study," Sam Reasoner, son of Mr. and Mrs. S. J. Reasoner, will graduate May 31 from Amon Carter Riverside high school at the age of 14.

He will be the youngest known graduate from among the 2,000 or more persons who have received diplomas from Amon Carter high.

And despite the fact that he has jumped around to a total of 33 different schools in Texas, his grades are all "As" and "Bs." He was transferring from school to school while his father was being transferred in his railroad work.

Also, says his principal, "he's one of the boys who've never had to come to see the principal about anything. We're very proud of Sam."

Meeting at Eastland May Interest School Teachers

Eastland county school teachers who wish to further their education, says Mrs. Truly Carter, Cisco Junior high school teacher, are urged to attend a meeting at Eastland high school, Monday night, 7:30.

At that time Dr. R. A. Collins of Hardin-Simmons university will be present to ascertain the number of Eastland county teachers who would be interested in attending graduate and under-graduate extension courses this summer at Eastland high school.

Courses to be offered will also be determined at the Monday night meeting, Mrs. Carter stated. The courses will probably include education, English, history and physical education, she said.

WARD-BELMONT ENTRANT.

NASHVILLE, Tenn. — Patsy Lois McCrea, daughter of Mr. and Mrs. Yancey J. McCrea of 1901 M avenue, Cisco, has been accepted as a student for the Ward-Belmont School for Girls in Nashville for the term of 1946-47. Miss McCrea, who will graduate from Cisco High school this month, will enter the freshman class at Ward-Belmont next September.
