## President Says Soft Coal Mines Be Seized Tomorrow

By United Press.

President Truman ordered government seizure of the bituminous coal mines today as a nationwide embargo on perishable freight and livestock was reported near in anticipation of the rail strike scheduled for Thursday.

Mr. Truman ordered the Secretary of the Interior to take over and operate the soft coal mines tomorrow.

The mines now are being operated under a two-week truce by the United Mine Workers.

The truce expires at midnight Saturday.

There was no positive assurance yet that the miners would continue to work after this week, even for the government.

Under the seizure order, the government operators can negotiate with the union for "appropriate changes in the terms and conditions of employment" during the period of federal control.

Meanwhile, at Chicago an official of the Association of American Railroads said an embargo probably will be ordered tomorrow on all perishable freight and livestock which cannot be delivered by noon Thursday. The railroad association official said the embargo order probably would come from Washington, because the rail lines are under federal operation.

Mr. Truman also took up the rail situation today when he conferred with several legislative leaders at the White House. The president told the conferees that the situation was unchanged but that "everything is hopeful."

### MINERS WILL WORK.

CLEVELAND, May 21.—The Cleveland Press said it had learned from an authoritative source here that John L. Lewis, president of the United Mine Workers, late today assured President Truman that his soft coal miners could continue working after government seizure of the mines.

### Elimination of Sharp and Williams Ask Return Sound Progress to Supreme Court

DALLAS, May 21.—A world government with laws that would appropriately punish individuals responsible for aggressive wars was advocated in "I Am An American Day" ceremonies Sunday by R. G. Storey, Dallas attorney who assisted in prosecution of Nazis at Nuremberg.

Approximately 250 persons gathered in the Hall of State for the program sponsored by the Texas Historical Society, which sent invitations to 200 citizens naturalized this year and several hundred young Dallasites who became 21 years old.

Storey declared that the world government would have to be formed with the surrender of some national sovereignty by the participants.

"Would Russia be as effective today if the republics united there had not given part of their sovereignty to the U.S.R.R.?" the former Army colonel asked.

Storey asked citizens to dedicate themselves to "the objective that some means may be found that we will not have to resort to the total and ruthless undertaking of war."

### Texas' June Oil Order is Biggest Ever Authorized

AUSTIN, May 21. (U.P.)—The Texas Railroad Commission today ordered the highest petroleum production for June that ever has been authorized for the nation's biggest oil state — 2,293,092 barrels of crude oil and 170,673 barrels of natural gasoline and distillates per day.

### Ousted U. of T. President Takes to Air Thursday

AUSTIN, May 21. (U.P.)—Dr. Homer Price Rainey, ousted president of the University of Texas and expected candidate for governor, will make a political broadcast Thursday at 7:15 a. m. and 9 p. m. over Texas state network.

### Polio Strikes at Widespread Points Over the State

AUSTIN, May 21.—Two victims of poliomyelitis were hospitalized at Lubbock today as the southern part of the state continued its fight against an epidemic of the disease.

A Lubbock physician said the two patients had contacted the illness "elsewhere."

McAllen, Tex., school teacher, Mrs. Robert Bell, was taken to a San Antonio hospital today for treatment of what her physician diagnosed as a mild case of polio.

John Gregory, of McAllen, superintendent of schools, this morning closed the school in which she had been teaching. Other schools will finish their terms tomorrow.

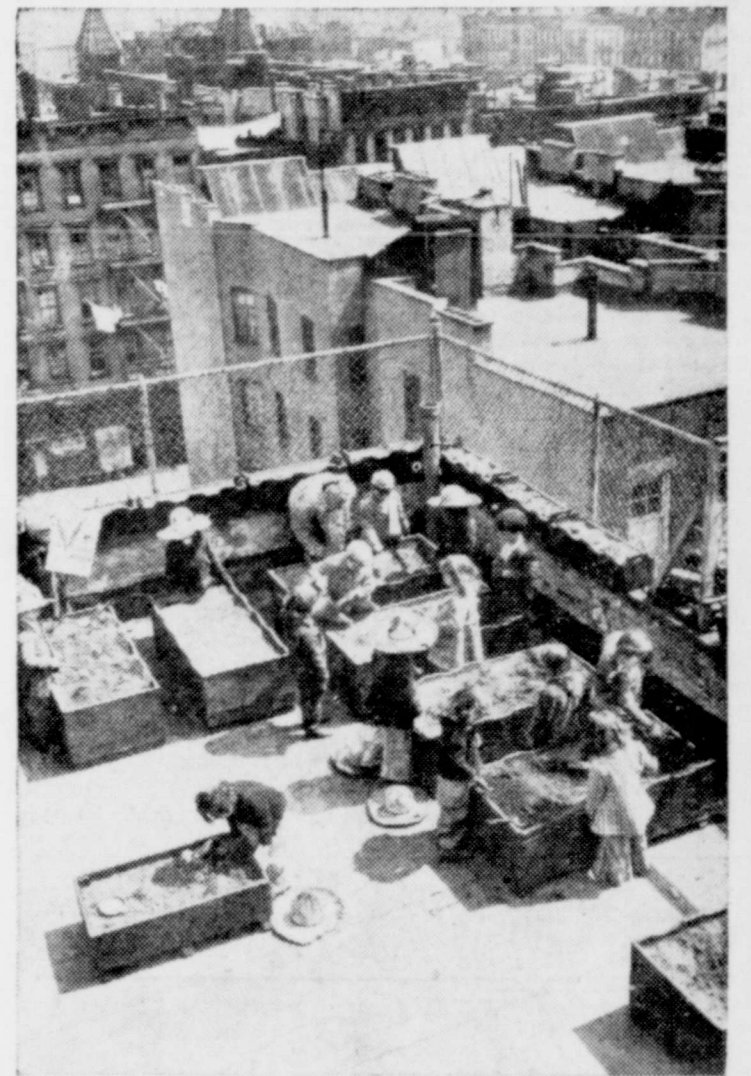

New report of polio and encephalitis cases were received yesterday from the South Texas area as clean-up campaigns continued precautionary efforts.

Three suspect cases and one positive case of polio were reported at San Antonio. A six-year-old boy, a suspect since Saturday, was listed as the latest case.

Georgia Mae Kubala, 12, of Columbus, Tex., was brought to a Houston hospital for treatment as a polio victim.

Tommy Montis, 20, ex-serviceman employed at San Angelo, was stricken yesterday with a disease the examining physician described as "poliomyelitis or malaria."

The 19-months-old son of Mr. and Mrs. Lupe Villanueva died Sunday at Corpus Christi of polio. It was the eighth death in Texas of the disease since May 1.

CITY FARMERS—On the roof of the Children's Aid Society's West Side Center, a group of pre-school children cultivate their "crops" against a background of New York City rooftops. The young "farmers" hope for a harvest of tomatoes and radishes.

### Texarkana Holds Man for Assault on Girl of Five

TEXARKANA, Tex., May 21.—Homer Lee King, 20, of Hooks, Texas, is being held somewhere today in an undisclosed jail on charges of assault with intent to commit rape in connection with the attempted assault here yesterday of a five-year-old Texarkana girl.

Sheriff W. H. (Bill) Presley arrested the man shortly after the attack was reported to officers. King was immediately spirited by officers into unknown custody.

Officers said the girl's attacker released her for fear her cries would attract a group of negro laborers working near by.

The charge was filed against King after he was questioned by Texas Ranger Captain M. T. Gonzales and District Attorney Weldon Glass. They said he made a verbal statement.

However, officers cautioned against connecting the attempted assault in any way with Texarkana's five unsolved slayings.

### Klan May Be Getting Blame for Acts of Others

LOS ANGELES, Calif., May 21.—A cross was burned and the letters "KKK" scrawled on a Jewish fraternity house Monday as police hunted the vandals who destroyed a sacred scroll and penciled two swastikas in a Hollywood synagogue.

The incidents were the latest in a series of race prejudice outbursts that prompted state investigation last month on a reported Southern California Ku Klux Klan revival.

### Cities May Fight Deadly Polio Before an Outbreak

AUSTIN, May 21.—Laboratory tests of diseases which struck San Antonio, claiming four deaths and more than a dozen additional victims, have shown it to be definitely poliomyelitis and encephalitis, says Dr. George W. Cox, state health officer.

Tests in the state laboratory proved the earlier diagnosis of Dr. Cox and Dr. J. V. Irons, acting head of the laboratory, as infantile paralysis and sleeping sickness.

In the meantime, with 18,000 pounds of DDT and 2,000 hand sprayers having been delivered here by air from New York, the health department was mapping plans for the most effective use of the powder and equipment in various parts of the state.

Some of the DDT will be immediately shipped to areas where there is polio and sleeping sickness. The entire spraying plan will not, however, be worked out for several days.

Forward-looking cities and towns where polio cases developed last year, may be able to secure the hand sprayers and use them before there is an outbreak this year, by applying to Dr. Cox.

NO ALMA MATER—These six New York City show girls, selected by Billy Rose, will attempt to prove his statement, "beautiful girls don't go to college," in a beauty contest at Cambridge, Mass., with college girls picked by Harvard's Lampoon.

### Summer is About Star - Telegram Here and Cleanliness is Desirable Jaycees at Lake

Dr. W. P. Lee, city health officer, makes a personal appeal to all Cisco citizens to "strive in every way possible to make this city free from diseases created and spread by filth."

Continuing the health officer said: "During April there were four cases quarantined, three for diphtheria and one for scarlet fever, none under quarantine at present. Our cafes have been visited and found to be reasonably clean. There are a few health certificates due and some flies are noticeable. It is time for mosquitoes. See that there is no surface water near your home. If so, use oil. "All refuse should be gathered, burned or removed to the dump grounds."

### Reds Continue to Keep Iran Worried as to Intentions

NEW YORK, May 21. (U.P.)—Iranian Ambassador Hussein Ala said late today he still intends to ask the United Nations Security Council to take up the Iranian case tomorrow unless he is officially notified that Soviet Russia has completed evacuated Azerbaijan.

Ala, informed of press dispatches saying that his government had officially announced that Soviet forces and equipment had been evacuated by May 6, said he had received no such official notice.

OLIN CULBERTSON, chairman of the Texas Railroad Commission, announces his candidacy for a second term as railroad commissioner, basing his candidacy, he says, on his record of economical administration, his hard fight to conserve the Texas natural gas supply and his consistent drive for the removal of the freight rate discrimination against Texas farmers, fruit and vegetable growers, ranchers and other products.

HELLO, CITY DESK—In first public use of automobile telephones, Richard Everett of the St. Louis Star-Times calls in his story from his car on outskirts of city. Telephones is plugged into auto radio which broadcasts to telephone company system, which, in turn, dials number requested.

PERMANENT FLEET ADMIRALS—Chester W. Nimitz and William F. "Bull" Halsey, Jr., right, are sworn in as permanent Fleet Admirals of the United States Navy in a ceremony at Washington, D.C. Rear Admiral Oswald S. Collough, left, administers the oath.

BRITAIN MAY WITHDRAW. WASHINGTON, May 21. (U.P.)—Assistant Secretary of State William L. Clayton said today that Britain will withdraw from the Bretton Woods Monetary Bank and Fund and from "other international arrangements" if she fails to get the proposed \$3,750,000,000 loan from the United States.

BLOCK ESCAPE ROUTE. VILSHOFEN, Ger., May 21. (U.P.)—More than 4,000 American troops cordoned off a 45-mile stretch of the Danube today in a mass raid on 373 Danube river boats, designed to block an underground escape route for SS men from Germany.

## BETTER MENTAL CARE.

This nation, calling itself greatest in the world, stands indicted for the way it operates its mental hospitals and prisons. While allying distress abroad, its 400,000 insane in state institutions are in many cases receiving care not much better than that in Nazi concentration camps.

In a recent number of Life Magazine, shocking statistics, gathered by the National Mental Hygiene Association, are revealed as to public insane hospitals of 20 states. Conditions in these institutions show unbelievable crowding; inadequate staffs; attendants whose only qualifications are those of bullies; food often little better than garbage; human beings living naked in filth with no occupation, or at best, useless or forced labor. Facts were obtained by 3,000 conscientious objectors who served under Selective Service in these institutions instead of the armed forces. Their findings have been corroborated by disinterested and qualified authorities.

This country collected more than 11 billions of dollars in taxes in 1945. It should be possible to devote a reasonable share of these

monies to care of its mentally ill. Insane asylums should be more than places of confinement. They should be operated for the rehabilitation of as many as possible of the human beings so consigned. Prisons also need looking into. Present penal theory is not too sound.

## IF RUSSIA HAD STAYED.

For almost 30 years there was a Russian settlement 70 miles north of San Francisco. In 1812 the Russians set up Fort Ross, and maintained it until 1841 as a colony to supply food to their fur-trading posts in Alaska.

Russia apparently in those days didn't think too highly of this bit of the present United States, nor of Alaska either. As early as 1855 she offered to sell Alaska to this country. It was not until 1867 under President Johnson that the purchase went through. The price, \$7,200,000, pleased Russia, but brought much criticism to Secretary of State William H. Seward who engineered the deal. His fellow-Americans were not so distrustful of Russia as they are today. Imagine what would be the

national attitude if Alaska were in Soviet hands today — or if she had held on to Fort Ross!

## OPEN FORUM.

Connally Suits Texans. Editor Daily Press:

An article printed in a state paper on May 14 by M. H. Guillot of Dallas, in which the writer bemoaned the fact that Senator Tom Connally has as yet no opponent and stating that it would be a pleasure to scratch him, was a surprise.

No, Tom Connally has no opponent and it is altogether possible that he will not have one. The reason is simple: Tom Connally comes nearer voting as Texans would have him vote on every bill presented to the senate than any other man in Washington. Would-be job hunters know that Texans are fully aware of Tom Connally's value to Texas, the South and the nation, and that he can beat the socks off anyone who would run against him.

Simple, isn't it? J. B. CALDWELL, Graham, Texas.

MAJESTIC COIFFURE — Nina Koshetz, shows side view of regal hair-do she will wear for her role as a countess in MGM's "No Leave, No Love." Hair is parted on right side and brought over right temple in a deep lifted wave.

COOK 2/C RUFUS DAVIS of Nicholls, Ga., gets the interested attention of nurse, Ensign Jane Blunt, as he gives his "French Poodle" a final trimming before the show. To make the dogs, the veterans wind yarn around wire coat-hangers bent to the desired shape, and use buttons for the eyes.

GUAM BOSS — Admiral Charles A. Pownall, newly appointed Governor of Guam, will reinstate Naval Government that existed before Jap occupation.

ENDS HOLDOUT—One armed baseball star, Pete Gray, right, signs contract with Eddie Gilliland, president of the Toledo Mud Hens. A holdout until now, Gray says he is well satisfied with the terms.

McCHAREN-GULES WEDDING SATURDAY. Mrs. Norene McCharen of Cisco and R. C. Gules of Breckenridge were united in marriage at 8 o'clock Saturday night in a quiet ceremony held in the parlor of Cisco First Christian church.

RECEPTION HONORED MRS. J. V. HEYSER JR. Mrs. J. V. Heyser was hostess Saturday afternoon in her home at 1006 N avenue from 4 to 6 o'clock with a reception honoring Mrs. J. V. Heyser Jr. Sharing honors with the recent bride were Mrs. Melvina Lawson, an Australian bride and Mrs. A. R. Westfall Jr., who arrived from England during April. The house was decorated throughout with lovely seasonal cut flowers. A porch reception committee composed of Misses Billie Jean Hall, Patsy Lois McCrea, Sally, Betty Jo and Cindy Gallagher, welcomed the guests and pinned favors of hand-painted fans on which the words "Fan the News - Helen is Here" was written.

Mrs. S. E. Hittson greeted the guests at the door and presented them to Mrs. J. V. Heyser who in turn introduced them to Mrs. J. V. Heyser Jr., and the two above-mentioned bride in the receiving line.

Mrs. James Flournoy directed the visitors to the table where Mrs. Theresa Weddington presided at a bride's book; from which they were conducted by Mrs. James Haynie to where Mrs. C. A. Shockey showed the bride's white satin photo book. The book was hand painted in blue with the words "Wedding Photos" and was tied together with blue ribbon. Events of the Heyser wedding and moving pictures of the wedding party and social affairs were portrayed in a unique way.

Guests were then directed by Mrs. T. A. Hicks, aunt of the bridegroom, to the dining room where delicious refreshments were served.

The table, laid with maderia linen cloth, held a huge cut glass punch bowl at a table end from which punch was ladeled by members of the house party. At the opposite end of the table was a large open pink feather fan with arcs of blue Queen Anne lace, yellow iris and white gladioli placed in rows at the open end, forming a large fan of pastel hues; streamers and yellow and blue bearing the words, "Fan the News - Helen is Here" fell from a pretty bow of blue satin tied to the fan.

Other table decorations were tall lighted tapers of white in crystal holders to which pink and blue flowers were tied with blue ribbon. The buffet held bouquets of spring flowers in pasted hues and lighted tapers in crystal holders.

Refreshment plates of open-face sandwiches, fruit cookies topped with a pink rosebud, blue and yellow mints were served.

Mrs. Albert Hansen, Mrs. Bethel Gallagher and Mrs. P. E. Warwick were in charge in the dining room and others assisting were Mrs. T. G. Caudle, Mrs. Coy Warren, Mrs. Adrien Allen, Mrs. LaCasse; out of town relatives were Mrs. Fred Heyser of Putnam; Mrs. S. Heyser of Wichita Falls; Mrs. J. L. Koerber Jr. of Palacios; Mrs. J. A. Heyser of Putnam, grandmother of the bridegroom, was an honored member of the house-party.

Piano music and vocal solos were furnished by Mrs. L. F. Mendenhall through-out the afternoon.

Names of 156 guests were registered in the bride's book of those who attended the splendid affair.

Word Home Demonstration club met Thursday in the home of Mrs. I. D. Strawn for regular meeting with Mrs. Ernest Schaefer presiding. The house was made gay with decorations of yard flowers attractively arranged.

The club prayer, spoken in unison, opened the meeting. Roll call and minutes were read by Mrs. C. M. Brittain. Mrs. W. E. Lovery gave report of the Council meeting at Eastland. Mrs. Roy Fenley suggested that each member make a garment of a feed sack to be sold at an early date for club funds.

C. Clements, Mrs. Roy Fenley, Mrs. M. P. Farnsworth, Mrs. J. D. Hall, Mrs. D. P. King, Mrs. S. H. McCandless, Mrs. S. E. Martin, Mrs. Ernest Schaefer, Mrs. W. E. Lowery, Mrs. W. J. Kelley, Mrs. Harvey Thurman, Miss Willie Word, Mrs. Jesse Youngblood, Mrs. Strawn and two visitors, Mrs. B. L. Osborn and Mrs. A. L. Osborn.

## President Says Soft Coal Mines Be Seized Tomorrow

By United Press.

### Stassen's Suggestion Would Please Great Many People

CHICAGO, May 21. (U.P.)—Harold E. Stassen, former Minnesota governor, today urged the removal of Secretary of Labor Lewis Schwellenbach, Secretary of Commerce Henry Wallace and Stabilization Director Chester Bowles.

### Nearly All Postal Workers Get \$400 Yearly Hike

WASHINGTON, May 21.—President Truman signed into law today a bill giving nearly all postal workers a \$400 yearly pay increase.

President Truman ordered government seizure of the bituminous coal mines today as a nationwide embargo on perishable freight and livestock was reported near in anticipation of the rail strike scheduled for Thursday.

Mr. Truman ordered the Secretary of the Interior to take over and operate the soft coal mines tomorrow.

The mines now are being operated under a two-week truce by the United Mine Workers. The truce expires at midnight Saturday.

There was no positive assurance yet that the miners would continue to work after this week, even for the government.

Under the seizure order, the government operators can negotiate with the union for "appropriate changes in the terms and conditions of employment" during the period of federal control.

Meanwhile, at Chicago an official of the Association of American Railroads said an embargo probably will be ordered tomorrow on all perishable freight and livestock which cannot be delivered by noon Thursday. The railroad association official said the embargo order probably would come from Washington, because the rail lines are under federal operation.

Mr. Truman also took up the rail situation today when he conferred with several legislative leaders at the White House. The president told the conferees that the situation was unchanged but that "everything is hopeful."

### MINERS WILL WORK.

CLEVELAND, May 21.—The Cleveland Press said it had learned from an authoritative source here that John L. Lewis, president of the United Mine Workers, late today assured President Truman that his soft coal miners could continue working after government seizure of the mines.

OLIN CULBERTSON, chairman of the Texas Railroad Commission, announces his candidacy for a second term as railroad commissioner, basing his candidacy, he says, on his record of economical administration, his hard fight to conserve the Texas natural gas supply and his consistent drive for the removal of the freight rate discrimination against Texas farmers, fruit and vegetable growers, ranchers and other products.

### Elimination of Sharp and Williams Ask Return Sound Progress to Supreme Court

DALLAS, May 21.—A world government with laws that would appropriately punish individuals responsible for aggressive wars was advocated in "I Am An American Day" ceremonies Sunday by R. G. Storey, Dallas attorney who assisted in prosecution of Nazis at Nuernburg.

Approximately 250 persons gathered in the Hall of State for the program sponsored by the Texas Historical Society, which sent invitations to 200 citizens naturalized this year and several hundred young Dallasites who became 21 years old.

Storey declared that the world government would have to be formed with the surrender of some national sovereignty by the participants.

"Would Russia be as effective today if the republics united there had not given part of their sovereignty to the U.S.R.R.?" the former Army colonel asked.

Storey asked citizens to dedicate themselves to "the objective that some means may be found that we will not have to resort to the total and ruthless undertaking of war."

BRITAIN MAY WITHDRAW. WASHINGTON, May 21. (U.P.)—Assistant Secretary of State William L. Clayton said today that Britain will withdraw from the Bretton Woods Monetary Bank and Fund and from "other international arrangements" if she fails to get the proposed \$3,750,000,000 loan from the United States.

BLOCK ESCAPE ROUTE. VILSHOFEN, Ger. May 21. (U.P.)—More than 4,000 American troops cordoned off a 45-mile stretch of the Danube today in a mass raid on 373 Danube river boats, designed to block an underground escape route for SS men from Germany.

### Texas' June Oil Order is Biggest Ever Authorized

AUSTIN, May 21. (U.P.)—The Texas Railroad Commission today ordered the highest petroleum production for June that ever has been authorized for the nation's biggest oil state — 2,293,092 barrels of crude oil and 170,673 barrels of natural gasoline and distillates per day.

### Ousted U. of T. President Takes to Air Thursday

AUSTIN, May 21. (U.P.)—Dr. Homer Price Rainey, ousted president of the University of Texas and expected candidate for governor, will make a political broadcast Thursday at 7:15 a. m. and 9 p. m. over Texas state network.

### Polio Strikes at Widespread Points Over the State

AUSTIN, May 21.—Two victims of poliomyelitis today were hospitalized at Lubbock today as the southern part of the state continued its fight against an epidemic of the disease.

A Lubbock physician said the two patients had contacted the illness "elsewhere."

McAllen, Tex., school teacher, Mrs. Robert Bell, was taken to a San Antonio hospital today for treatment of what her physician diagnosed as a mild case of polio.

John Gregory, of McAllen superintendent of schools, this morning closed the school in which she had been teaching. Other schools will finish their terms tomorrow.

New report of polio and encephalitis cases were received yesterday from the South Texas area as clean-up campaigns continued precautionary efforts.

Three suspect cases and one positive case of polio were reported at San Antonio. A six-year-old boy, a suspect since Saturday, was listed as the latest case.

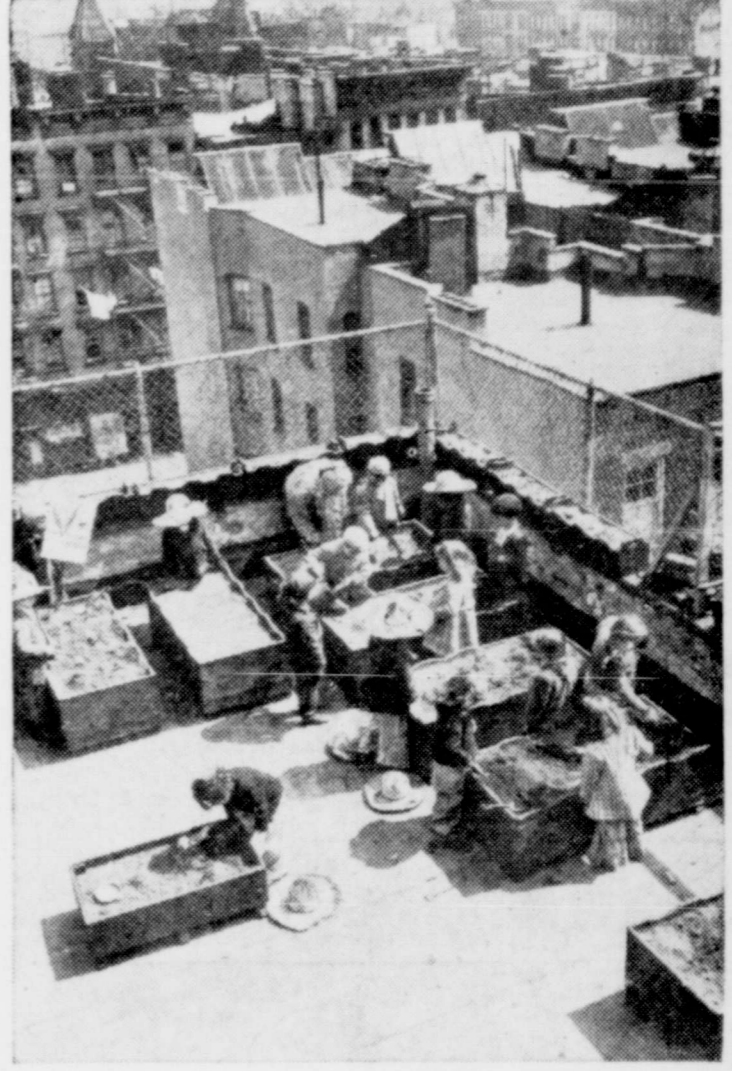

Georgia Mae Kubala, 12, of Columbus, Tex., was brought to a Houston hospital for treatment as a polio victim.

Tommy Montis, 20, ex-serviceman employed at San Angelo, was stricken yesterday with a disease the examining physician described as "poliomyelitis or malaria."

The 19-months-old son of Mr. and Mrs. Lupe Villaneuva died Sunday at Corpus Christi of polio.

It was the eighth death in Texas of the disease since May 1.

Schools remained closed at San Antonio and Corpus Christi.

CITY FARMERS—On the roof of the Children's Aid Society's West Side Center, a group of pre-school children cultivate their "crops" against a background of New York City rooftops. The young "farmers" hope for a harvest of tomatoes and radishes.

### Texarkana Holds Man for Assault on Girl of Five

TEXARKANA, Tex., May 21.—Homer Lee King, 20, of Hooks, Texas, is being held somewhere today in an undisclosed jail on charges of assault with intent to commit rape in connection with the attempted assault here yesterday of a five-year-old Texarkana girl.

Sheriff W. H. (Bill) Presley arrested the man shortly after the attack was reported to officers. King was immediately spirited by officers into unknown custody.

Officers said the girl's attacker released her for fear her cries would attract a group of negro laborers working near by.

The charge was filed against King after he was questioned by Texas Ranger Captain M. T. Gonzales and District Attorney Weldon Glass. They said he made a verbal statement.

However, officers cautioned against connecting the attempted assault in any way with Texarkana's five unsolved slayings.

### Klan May Be Getting Blame for Acts of Others

LOS ANGELES, Calif., May 21.—A cross was burned and the letters "KKK" scrawled on a Jewish fraternity house Monday as police hunted the vandals who destroyed a sacred scroll and penciled two swastikas in a Hollywood synagogue.

The incidents were the latest in a series of race prejudice outbursts that prompted state investigation last month on a reported Southern California Ku Klux Klan revival.

Stanley Schlessinger, a member of Zeta Beta Tau social fraternity at the University of Southern California, discovered the flaming cross on the fraternity house lawn at 2:15 a. m. The letters "KKK" were painted in black on the front of the house and etched in the grass with kerosene.

Police thought the fraternity incident might have been a prank but did not discount the possibility it was Klan-inspired.

The cross-burning occurred as police investigated the report of Rabbi Max Nussbaum that vandals tore a sacred Hebrew Torah scroll from its ark at Temple Israel, ripped it to pieces, drew swastikas, and scrawled on the wall the German words, "der Juden parasite" (the Jewish parasite).

Cities May Fight Deadly Polio Before an Outbreak. AUSTIN, May 21.—Laboratory tests of diseases which struck San Antonio, claiming four deaths and more than a dozen additional victims, have shown it to be definitely poliomyelitis and encephalitis, says Dr. George W. Cox, state health officer.

Tests in the state laboratory proved the earlier diagnosis of Dr. Cox and Dr. J. V. Irons, acting head of the laboratory, as infantile paralysis and sleeping sickness. In the meantime, with 18,000 pounds of DDT and 2,000 hand sprayers having been delivered here by air from New York, the health department was mapping plans for the most effective use of the powder and equipment in various parts of the state.

Some of the DDT will be immediately shipped to areas where there is polio and sleeping sickness. The entire spraying plan will not, however, be worked out for several days.

Forward-looking cities and towns where polio cases developed last year, may be able to secure the hand sprayers and use them before there is an outbreak this year, by applying to Dr. Cox.

NO ALMA MATER—These six New York City show girls, selected by Billy Rose, will attempt to prove his statement, "beautiful girls don't go to college," in a beauty contest at Cambridge, Mass., with college girls picked by Harvard's Lampoon.

### Summer is About Star - Telegram Here and Cleanliness is Desirable Jaycees at Lake

Dr. W. P. Lee, city health officer, makes a personal appeal to all Cisco citizens to strive in every way possible to make this city free from diseases created and spread by filth.

Continuing the health officer said: "During April there were four times quarantined, three for diphtheria and one for scarlet fever; one under quarantine at present.

"Our cafes have been visited and found to be reasonably clean. There are a few health certificates and some flies are noticeable.

"It is time for mosquitoes. See that there is no surface water near your home. If so, use oil.

"All refuse should be gathered, burned or removed to the dump grounds."

### Reds Continue to Keep Iran Worried as to Intentions

NEW YORK, May 21. (U.P.)—Iranian Ambassador Hussein Ala said late today he still intends to ask the United Nations Security Council to take up the Iranian name tomorrow unless he is officially notified that Soviet Russia has completed evacuated Azerbaijan.

Ala, informed of press dispatches saying that his government had officially announced that Soviet forces and equipment had been evacuated by May 6, said he had received no such official notice.
