Mrs. H. H. Harnelson, Mrs. R. E. McCord, Mrs. George Sledge, Mrs. Don Rupe, Mrs. V. H. Bosworth, Mrs. J. O. Warren and Mrs. D. Seaborn were among Ciscoans attending workers conference of

Cisco Baptist association at Sabana today.

Recent visitors in the home of Mr. and Mrs. T. E. Owens were her sister and husband Mr. and Mrs. J. T. Maddux and daughter Dorothy and Mr. and Mrs. J. T. Maddux Jr., of Fort Worth.

Mr. and Mrs. M. C. Spoon of Odessa came to Cisco and spent last weekend with relatives. They

were joined here by his sister and husband Mr. and Mrs. I. D. Strawn on a trip to Oklahoma where the two couples visited relatives this week. They were expected to return to Cisco today.

Mrs. Ralph R. Walker of Lubbock, Mrs. Smith Huestis and Jane Huestis left today for Houston to be present at high school commencement exercises where Misses

Shirley and Charlotte Hutton, former Ciscoans, daughters of Mr. and Mrs. Lawson Hutton of that city, are listed among the graduates.

Mr. and Mrs. W. H. LaRoque arrived Wednesday night from Donna, Tex., where they have made their home the past school term. Mr. LaRoque taught science in the high school there. They say they are feeling well and are glad to be in Cisco.

Pr. John Solomon, who recently received his discharge from the

army at Little Rock, has joined Mrs. Solomon and their daughter Judy here in the home of his father-in-law Rev. L. H. Clegg, with whom they made their home while he was overseas. Private Solomon has been stationed at Lake Horn, Italy.

Corp. Dulen Clegg has arrived from overseas and received his discharge at San Antonio this week. He was a paratrooper with the 11th airborne division in Japan. He is visiting his parents Rev. and Mrs. L. H. Clegg and family here.

All Important U. S. Rail Lines Stopped at 4 Today

By United Press.

Eastern railroad engineers and trainmen began their strike today in the most serious blow ever delivered against the nation's railroad system. The strike started at 4 p. m. in the eastern time zone.

Hour by hour it will swing across the country in the various time zones until the major rail lines are tied up from coast-to-coast — unless frantic negotiations under way in Washington should bring a quick settlement.

Officials of the two rail unions and of the railroads were closeted at the White House trying to work out a settlement of the dispute as the strike started.

In New York one road said that crews "willing to work" would man some trains on its lines.

The Office of Defense Transportation placed all motor, air and waterways transportation under strict government orders to move the most essential traffic during the strike.

In Cleveland a spokesman for the trainmen's union said that telegrams had been readied for relay to all general chairmen of the engineers and trainment to be sent in event a settlement is yet reached.

The ODT ordered embargoes for each type of transportation and all airlines were ordered to cancel immediately all reservations and services wherever necessary in order to make space for essential products.

No Progress Made \$52 Million Oil in Negotiations Deal Completed With Coal Miners in Houston Today

By United Press

Efforts to bring the nation's soft coal miners back to full production went on at Washington today as thousands of United Mine Workers — AFL — stood pat in their refusal to work without a contract.

President Truman's labor and economic advisers prepared a government reply to John L. Lewis' contract proposals. Lewis terms were outlined in the first sessions with government officials, who took charge of the mines seized by the United States yesterday.

Deadline for a resumption of the coal walkout, now broken by an only partly-effective truce, is Saturday.

4 Members Moran Co. C Attended State Rifle Meet

MORAN, May 23. — The period allotted to drilling at the Tuesday night meeting of Company C, Texas state guard, was devoted to scouting and patrolling. The men were lectured by Sergeant Barnett, who drew black sketches of the problem to be worked out. A series of this phase of a guardsman's training will be conducted prior to the annual overnight bivouac at battalion headquarters, Abilene. This will be supplemented somewhat with interior guard duty.

Corporal Newton reported on the rifle contest held in Austin Sunday. Moran was not at top of the list, but was not at the bottom, either. Members of the rifle club were billeted in the armory at Camp Mabry, while officers were lodged at officers quarters. Those present from Company C were Capt. John W. Booth, Staff Sgt. Lloyd L. Walker, Staff Sgt. Frank Midkiff and Corp. Maurice Newton.

Plane Talk

Little Things.

There are a number of ways the airport can be of dis-service to the community and those things we try to avoid. We make a conscientious effort to shy away from occurrences that we know may bring disapproval.

The chief worry of the airport operator is the pilot who indulges in low, reckless flying. Sometimes we don't know whether to admire his courage or curse his stupidity, but we are inclined to the latter. The civil air regulations definitely forbid flying that will endanger life and property on the ground, but there is no effective means of enforcement. It is not necessarily the duty of the airport operator to act as a police force. We will cooperate, however, with anyone who wishes to file a complaint against these irresponsible pilots.

We have been making an effort to refrain from flying over the cemetery when we know there is a funeral. We watch the papers, but sometimes we fail to learn the exact time of day. We do not want to offer a distraction at that time and will be glad to stay away if we know it.

It has been brought to our attention that an airplane over town may interrupt church services. Although tests have proven that an airplane flying at 1,000 feet makes less noise than a truck passing on the street, we realize that until people have heard as many airplanes as they have heard trucks, it will continue to attract attention. We would like to not fly at all between 10 and 12 on Sunday mornings. We, too, would like to go to church.

DIED ON CAMPUS.

ABILENE, May 23. — Funeral services were pending today for Margaret Cox, 18-year-old Abilene Christian college student and younger daughter of Mr. and Mrs. James F. Cox, 725 E. N. 15th, who died suddenly yesterday on the college campus. The girl collapsed near the college administration building about 7 p. m. and was pronounced dead upon arrival of a physician.

13 Jr. College Graduates Have High Averages

Cisco Junior College will graduate thirteen students Friday night in exercises to be held at First Presbyterian church, the program to be conducted by the students, with the general theme of "Peace."

"This is one of the most unusual classes Cisco Junior College has ever graduated," said C. J. Turner, college registrar.

"Seven of the graduates have an average of 90 or better, and the six others have averages ranging from 80 to 90. Seven graduates have already indicated the senior colleges of their choice for completion of their college training. It is unusual, too, for better than 50 per cent to continue education in college or university," Mr. Turner added.

Following is a list of the graduates: Rozelle Simpson, Martha Allen, Louise Norris (highest honor graduate), Tim Fambrough, Dotty Bailey, Tommie Barker, Billie Jean Hall, Billye Beall, Doris Thomas, Yvonne Hazlewood (second honor graduate), Hester Henson, Mary Edith Pippin, Christine Whitlock.

Dean O. L. Stamey will present the class, President R. N. Chuck will award the diplomas and the recessional will be played by Mrs. S. E. Hittson.

OPA Adds 4 to 8 Percent to Price New Automobiles

WASHINGTON, May 23.—OPA, slipped four to eight percent price hikes on top of previous increases for new automobiles, kept the door open today for a possible further boost.

At the same time chances virtually disappeared for any OPA-ordered cut in ceiling prices when the industry achieves full scale production.

A high OPA official who asked to remain anonymous said the agency "does not plan to try to reduce prices" after cars begin to roll from assembly lines at the pre-war rate. Manufacturing costs usually decline as production goes up.

The official asserted that car makers "have had a pretty tough time of it" and that a price cut by OPA would be out of the question.

But he added there could be another increase. Three already have been piled on 1942 auto prices.

Present ceilings will stand, the official said, until the industry has been operating at the 1941 production rate for three months. It may take some time to hit that stride. The Civilian Production Administration reported last week that, due mainly to strikes, only 133,766 passenger cars were produced in the 10 months through April. It said this was just about a normal pre-war figure for one month.

Truman Appeals to Senate for Year's Extension of OPA

WASHINGTON, May 23. (U.P.) — President Truman appealed directly to the senate today for a one-year renewal of price control in "effective form."

He served notice he could not approve an OPA extension bill in the form it passed the house because, he said, it would mean the end of price controls.

Mr. Truman's appeal was contained in a letter to Chairman Robert F. Wagner of the Senate Banking Committee, now preparing an OPA extension bill for senate action.

Rainey Opens Governor Race With Jabs For Many

AUSTIN, May 23. — Dr. Homer Price Rainey, ousted former president of the University of Texas, one-time professional baseball player and ex-Baptist minister, today announced as a candidate for the governorship of Texas, doing so, he said, to stand and fight against the "selfish and powerful" interests which opposed him as university president.

He said today of the bitter fight with University of Texas regents, "I had to make a choice — to knuckle under, to abandon my dreams that our university could help Texas people develop a better state, or stand and fight x x x or tuck my tail like a whipped dog and sneak off from my native state to take another job."

"I chose to stand and fight. The result — I was fired."

Dr. Rainey lashed out at the Texas Regents, a group of Democrats who fought Roosevelt, and declared against "vested interests" and for industrial peace, a better public health program and improved farm conditions.

Of the governor's race, he said "too long our state government has been run by Texas Regulars and their fellow-travelers, all posing as Democrats, but actually as reactionaries as any Republican."

"Free management must do justice to free labor in the form of decent wages and hours, security and fair conditions of work. And free labor, when treated justly, must keep its contracts, work with

Spain Said to Be Expecting Attack By Soviet Russia

NEW YORK, May 23. (U.P.) — Prime Minister Jose Giral of the Spanish Republican government in exile, estimating Spain's armed forces at 1,440,000 men, today charged that the Franco regime was arming civilians on the pretext of a possible attack by the Soviet Union.

Testifying before the special Spanish committee of the United Nations Security Council at its first session, Giral referred to a recent Franco decree entitling all citizens to bear arms.

Reception Tonight Anderson, Member For Presbyterian Cisco Lions Ten Pastors and Wife Years, Honored

The Cisco public is cordially invited to attend a reception tonight at First Presbyterian church honoring the new pastor and his wife, Rev. and Mrs. Stuart McC. Rohrer.

The affair is sponsored by the women's auxiliary of the church and there will be music and refreshments. Hours are 8 until 10 o'clock.

The new minister, who came here recently from San Antonio, was officially installed as pastor in impressive services held at the church last night. The newcomers express themselves as being well satisfied with Cisco and will be glad to meet as many of the citizenship as find it convenient to be present tonight, irrespective of church membership.

CISCOAN TO GRADUATE. DENTON, May 23. — Miss Dorothy Nell Isenhower, daughter of Mr. and Mrs. W. M. Isenhower of Cisco, is among the 275 seniors applying for bachelor degrees to be awarded June 3 at Texas State College for Women, says Dean E. V. White. Saturday evening, June 1, President and Mrs. Hubbard will honor the graduates, ex-students and guests with their annual garden party. Miss Isenhower is a candidate for a bachelor of arts degree in library science. She is a member of the Agklian club.

Lion J. H. Webb was in charge of the Lion program at the meeting yesterday and presented Rev. Richard Crews, First Christian church pastor and formerly an army chaplain. The minister talked on the chaplain corps and told of his army experiences. He said there was no great revival movement among members of the armed forces, as commonly believed; adding, "but we probably had the most religious army of any country in the world." He mentioned some of the unusual places at which he held services and emphasized the love and brotherhood that existed between all religious denominations in the army.

Lion Jay Garrett read letters from mothers of several Lions expressing their appreciation for the Mother's Day letters sent out by the club.

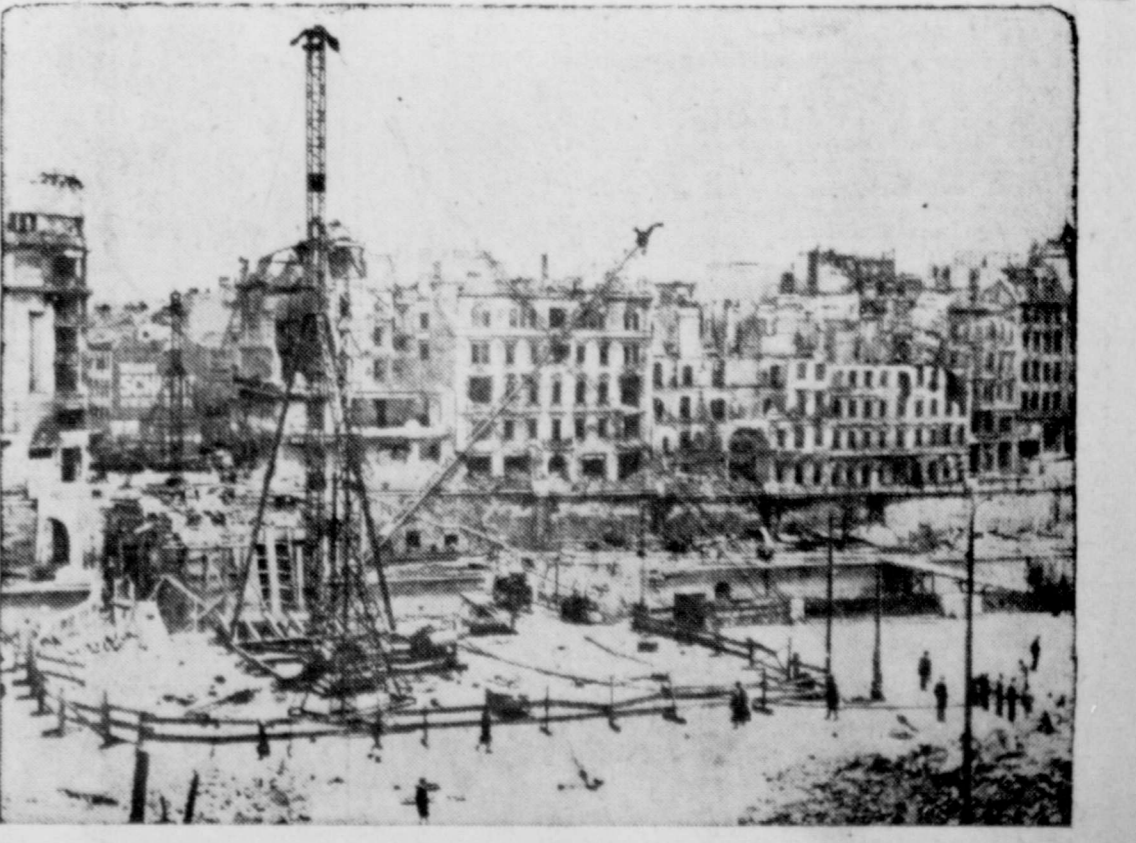

Lion Jack Anderson, who has been a member of the Cisco club for ten consecutive years, was presented with a ten-year Monarch chevron by Lion E. L. Jackson.

Visitors were R. E. Bradshaw and Rev. Richard Crews.

The above report was furnished the Daily Press through the courtesy of Dr. C. M. Barnes.

HOME-SCHOOL ACTION.

Bringing parents to school is part of an experiment inaugurated in a New Jersey junior high school as a check to juvenile delinquency. The plan, which, if successful, will be copied nationally, is to have parents come monthly to school with the children at 10 a. m. to see a film dealing with home problems. Pupils and parents will meet in the assembly hall with representatives of community organizations interested in good citizenship. Printed material about the film to be shown will be distributed in advance and there will be opportunity for free discussion afterwards. The idea is the result

of a study made of Denver, Colo. schools. While it may take a little planning for some parents, particularly fathers, to get to school at ten in the morning, most mothers should be able to schedule it with some regularity. The effort to meet juvenile delinquency through co-operation of home, school and community is a sound approach to a problem that is nationally disquieting.

SAVING.

There is no question now that wages are going up, especially in industry, to an extent which nobody can foresee; and that the trend will seriously affect nearly everybody, from the great factories down to the household help. This probably means an expansion of everybody and everything from the real estate market down to the ten-cent store.

So what? First of all, the value of thrift. "Put money in thy purse." This should not mean a fierce and relentless campaign to stop spending. If people in general did that, it would spoil everything. The point is for the present, while there is more money than usual rattling around, to get debts paid and a reasonable amount of savings in the bank, so as to be ready for future emergencies.

GOLDBERG-FUNK RITES HELD IN DALLAS.

Sunday, May 19, 7 p. m., Melrose hotel, Dallas, Miss Byrna Marjorie Goldberg became the bride of Ensign Joseph Funk, Rabbi M. P. Machenbaum of Temple Emanuel, Dallas, officiated, using the double ring ceremony. The bride is the daughter of Mrs. M. E. Goldberg of Cisco and Ensign Funk is the son of Mr. and Mrs. Leon I. Funk of Dallas.

The bride was given in marriage by her brother-in-law, Charles S. Sandler of Cisco. She wore a white slipper satin fitted gown with lace yoke and bridal bodice, from which the skirt lengthened into a sweeping train. Her fingertip-length veil of illusion fell from a tiara of seed pearls. Her only adornment was a strand of heirloom pearls of her mother. She carried a floral ring of shredded white carnations and lilies of the valley faced in pink net.

Mrs. A. H. Goldberg, Dallas, matron of honor, wore a pink lace and net gown and carried a bouquet of Japanese iris and pink carnations. The bridesmaids, Miss Thelma Frauman and Miss Evelyn Shalette of Dallas wore dresses of fuchsia marquisette and carried bouquets of Japanese iris.

The groom was attended by his brother, Leon Funk of Dallas. Miss Zeldia Sandler, Cisco, and Miss Joan Sandler, Oklahoma City, nieces of the bride, lighted the white tapers beneath a canopy of fern. Miss Felice Seelingson of Oklahoma City was flower girl. Messrs. Israel Rosenfield, Larry Estenson, Jerold Goldberg and Leon Kahn, Dallas, served as ushers.

Sisters of the bride, Mrs. Charles S. Sandler, Cisco; Mrs. A. B. Sandler, Oklahoma City; Mrs. Harry Shapiro, San Antonio; Mrs. Ralph K. Gillen, Dallas and Mrs. Nymman Shanblum of Fort Worth presided at the punch bowl and double-ring wedding cake.

Miss Leon Funk and Miss Elaine Goldberg, Dallas, were in attendance at the sweet table while Miss Marion Sandler, Oklahoma City and Miss Marilyn Shanblum of Fort Worth, nieces of the bride, had charge of the guest book. Miss Edna Wandermere sang "Because I Love Thee," accompanied at the piano by Dr. Eugene Wasserman.

For her traveling clothes Mrs. Funk chose a tan gaberdine suit with dark brown accessories. Ensign and Mrs. Funk will honeymoon in New Orleans, after which they will be at home in Dallas.

Besides those already named, out-of-town guests included a number of friends and relatives from Oklahoma City, Fort Worth and Breckenridge. Among those from Cisco were Mrs. Alex Spears, Mrs. John Shertzer, Miss Lillian Spears, Miss Marilyn Shertzer, Mrs. A. R. Westfall, Jerry Westfall and Miss Elizabeth McCracken.

Claire Harrison, Mrs. Harrison and a guest, Mrs. J. B. Winfield of Brownwood, mother of Mrs. Johnson.

TRAINING UNION MET IN O. A. NANCE HOME.

Adult group of East Cisco Baptist Training Union met for social and business meeting Monday evening in the home of Mr. and Mrs. O. A. Nance. The meeting opened with prayer by J. E. Whisenant and the devotional was brought by Rev. Evan Holmes.

O. A. Nance, president, had charge of the business session and routine matters were transacted. During the social hour games were directed by H. H. Harrelson and Mrs. J. O. Warren. Refreshments were passed at the close to Mr. and Mrs. J. O. Warren, Mr. and Mrs. J. E. Whisenant, Mr. and Mrs. A. A. Coats, Mr. and Mrs. H. H. Harrelson, Rev. Evan Holmes, Mrs. D. Seaborn, Mrs. J. D. Hall, Mrs. R. E. McCord, Jessie Alice Warren and the hosts, Mr. and Mrs. O. A. Nance.

MRS. GORE ENTERTAINED DEMONSTRATION CLUB.

Lake Cisco Demonstration club was entertained in the home of Mrs. A. L. Gorr Monday afternoon. Mrs. Elbert Ezzell presided and opened the meeting by all repeating the club prayer. Business came next.

Mrs. Ezzell, Mrs. Latch and Mrs. Hart gave reports of the district meeting held at Ballinger. Mrs. W. W. Fewell was elected to take over the secretary work, as Mrs. A. A. Hansen will spend most of the summer in Paris, Tex. Mrs. D. Ball's name was chosen from the club to go to the council meeting at Eastland, where delegates will be chosen to the Amarillo state meeting.

Mrs. Hart conducted the recreation hour and Miss Tankersley gave the lesson on curtain and drapery arrangements for windows of various sizes.

Nice refreshment plates were passed at the close of the meeting. Next work meeting will be held with Mrs. Ezzell, June 3, and the next business meeting with Mrs. Fewell, June 17.

Are you really one of the best drivers in YOUR COMMUNITY?

Here's a way to rate yourself in the POLICE TRAFFIC SAFETY CHECK

Let's be honest, now . . . remember, your own safety and that of your family depend on the way you drive.

YES	NO	1. Do you always signal before turning or coming to a stop (never play guessing game with the driver behind you)?	YES	NO	4. Do you obey traffic lights—even when you're in a hurry?	YES	NO	8. Do you know and observe the rules of the road in your community? (Frankly, now, have you ever looked them up?)
<input type="checkbox"/>	<input type="checkbox"/>		<input type="checkbox"/>	<input type="checkbox"/>		<input type="checkbox"/>	<input type="checkbox"/>	
<input type="checkbox"/>	<input type="checkbox"/>	2. Do you always come to a full stop at a stop sign (never coast through)?	<input type="checkbox"/>	<input type="checkbox"/>	5. Do you drive in and turn from the proper traffic lane?	<input type="checkbox"/>	<input type="checkbox"/>	9. Do you keep alert when driving—keep your mind on traffic?
<input type="checkbox"/>	<input type="checkbox"/>		<input type="checkbox"/>	<input type="checkbox"/>		<input type="checkbox"/>	<input type="checkbox"/>	
<input type="checkbox"/>	<input type="checkbox"/>	3. Do you give the pedestrian a break even though he may not have the right of way? (Remember, you walk sometimes, too.)	<input type="checkbox"/>	<input type="checkbox"/>	6. Do you refuse to drink before driving? (Think, now, before answering.)	<input type="checkbox"/>	<input type="checkbox"/>	10. Do you drive within the speed limits—never yield to the temptation to do a little "low altitude flying"?
<input type="checkbox"/>	<input type="checkbox"/>		<input type="checkbox"/>	<input type="checkbox"/>		<input type="checkbox"/>	<input type="checkbox"/>	

10 "YES" answers—Are you really that good?
8 to 10 "YES" answers—Good driving. We need more of you!
6 to 8 "YES" answers—Fair driving. You must improve.
Less than 6 "YES" answers—Poor driving. You're loaded for trouble; possibly injury and serious financial loss!

P. 5. Take another look at your score. Would your family and friends rate you the same?
Seriously, don't you wish when you and your family are on the streets that all drivers could truthfully answer Yes to all ten questions? Of course you do—and the next driver feels the same way about it. So start today to improve your score.

COOPERATE with the POLICE

Check your DRIVING your CAR . . . Check ACCIDENTS!

The Police Traffic Safety Check sponsored by International Association of Chiefs of Police.

PREPARED BY THE ADVERTISING COUNCIL IN COOPERATION WITH THE NATIONAL SAFETY COUNCIL AND INTERNATIONAL ASSOCIATION OF CHIEFS OF POLICE

GOOD-YEAR TIRES

CHECK YOUR CAR!

These are the mechanical features that will be examined in the Police Traffic Safety Check:

- BRAKES**—Do they need adjustment? How about the hand brake?
- LIGHTS**—Do any bulbs need replacing? Are headlights properly focused and aimed? Are tail and stop lights in good condition?
- TIRES**—Are they all in safe condition? (No cuts, fabric breaks, excessive wear?)
- WINDSHIELD WIPERS**—Do they operate satisfactorily? Do blades need replacing?
- HORN**—Does it operate easily and when you need it?

Are there any other safety items that need attention, such as steering, defects in glass, rear view mirror, muffler, etc? (Have these checked regularly.)

All Important U. S. Rail Lines Stopped at 4 Today

By United Press.

Eastern railroad engineers and trainmen began their strike today in the most serious blow ever delivered against the nation's railroad system. The strike started at 4 p. m. in the eastern time zone.

Hour by hour it will swing across the country in the various time zones until the major rail lines are tied up from coast-to-coast — unless frantic negotiations under way in Washington should bring a quick settlement.

Officials of the two rail unions and of the railroads were closeted at the White House trying to work out a settlement of the dispute as the strike started.

In New York one road said that crews "willing to work" would man some trains on its lines.

The Office of Defense Transportation placed all motor, air and waterways transportation under strict government orders to move the most essential traffic during the strike.

In Cleveland a spokesman for the trainmen's union said that telegrams had been readied for relay to all general chairmen of the engineers and trainment to be sent in event a settlement is yet reached.

The ODT ordered embargoes for each type of transportation and all airlines were ordered to cancel immediately all reservations and services wherever necessary in order to make space for essential products.

SHE'S AIMIN' TO KEEP PEACE—Named deputy sheriff of Campbell County, Ky., Mrs. Flo Bratton, secretary of Senator Alben Barkley (Dem.-Ky.), demonstrates at Washington, D. C., how she will maintain law and order in the county.

Plane Talk

By JOE COULTER.

Little Things.
There are a number of ways the airport can be of dis-service to the community and those things we try to avoid. We make a conscientious effort to shy away from occurrences that we know may bring disapproval.
The chief worry of the airport operator is the pilot who indulges in low, reckless flying. Sometimes we don't know whether to admire his courage or curse his stupidity, but we are inclined to the latter. The civil air regulations definitely forbid flying that will endanger life and property on the ground, but there is no effective means of enforcement. It is not necessarily the duty of the airport operator to act as a police force. We will cooperate, however, with anyone who wishes to file a complaint against these irresponsible pilots.

We have been making an effort to refrain from flying over the cemetery when we know there is a funeral. We watch the papers, but sometimes we fail to learn the exact time of day. We do not want to offer a distraction at that time and will be glad to stay away if we know it.

It has been brought to our attention that an airplane over town may interrupt church services. Although tests have proven that an airplane flying at 1,000 feet makes less noise than a truck passing on the street, we realize that until people have heard as many airplanes as they have heard trucks, it will continue to attract attention. We would like to not fly at all between 10 and 12 on Sunday mornings. We, too, would like to go to church.

DIED ON CAMPUS.

ABILENE, May 23. — Funeral services were pending today for Margaret Cox, 18-year-old Abilene Christian college student and younger daughter of Mr. and Mrs. James F. Cox, 725 E. N. 15th, who died suddenly yesterday on the college campus. The girl collapsed near the college administration building about 7 p. m. and was pronounced dead upon arrival of a physician.

13 Jr. College Graduates Have High Averages

Cisco Junior College will graduate thirteen students Friday night in exercises to be held at First Presbyterian church. The program to be conducted by the students, with the general theme of "Peace."

"This is one of the most unusual classes Cisco Junior College has ever graduated," said C. J. Turner, college registrar.

Seven of the graduates have an average of 90 or better, and the six others have averages ranging from 80 to 90. Seven graduates have already indicated the senior colleges of their choice for completion of their college training. It is unusual, too, for better than 50 per cent to continue education in college or university," Mr. Turner added.

Following is a list of the graduates: Rozelle Simpson, Martha Allen, Louise Norris (highest honor graduate), Tim Fambrough, Dotty Bailey, Tommie Barker, Billie Jean Hall, Billye Beall, Doris Thomas, Yvonne Hazlewood (second honor graduate), Hester Henson, Mary Edith Phippen, Christine Whitlock.

Dean O. L. Stamey will present the class, President R. N. Cluck will award the diplomas and the recessional will be played by Mrs. S. E. Hittson.

OPA Adds 4 to 8 Percent to Price New Automobiles

WASHINGTON, May 23.—OPA slapped four to eight percent price hikes on top of previous increases for new automobiles, kept the door open today for a possible further boost.

At the same time chances virtually disappeared for any OPA-ordered cut in ceiling prices when the industry achieves full scale production.

A high OPA official who asked to remain anonymous said the agency "does not plan to try to reduce prices" after cars begin to roll from assembly lines at the pre-war rate. Manufacturing costs usually decline as production goes up.

The official asserted that car makers "have had a pretty tough time of it" and that a price cut by OPA would be out of the question.

But he added there could be another increase. Three already have been piled on 1942 auto prices.

Present ceilings will stand, the official said, until the industry has been operating at the 1941 production rate for three months. It may take some time to hit that stride. The Civilian Production Administration reported last week that, due mainly to strikes, only 133,766 passenger cars were produced in the 10 months through April. It said this was just about a normal pre-war figure for one month.

Truman Appeals to Senate for Year's Extension of OPA

WASHINGTON, May 23. (U.P.) — President Truman appealed directly to the senate today for a one-year renewal of price control in "effective form."

He served notice he could not approve an OPA extension bill in the form it passed the house because, he said, it would mean the end of price controls.

Mr. Truman's appeal was contained in a letter to Chairman Robert F. Wagner of the Senate Banking Committee, now preparing an OPA extension bill for senate action.

No Progress Made \$52 Million Oil Deal Completed in Houston Today

By United Press

Efforts to bring the nation's soft coal miners back to full production went on at Washington today as thousands of United Mine Workers — AFL — stood pat in their refusal to work without a contract.

President Truman's labor and economic advisers prepared a government reply to John L. Lewis' contract proposals. Lewis terms were outlined in the first sessions with government officials, who took charge of the mines seized by the United States yesterday.

Deadline for a resumption of the coal walkout, now broken by an only partly-effective truce, is Saturday.

4 Members Moran Co. C Attended State Rifle Meet

MORAN, May 23. — The period allotted to drilling at the Tuesday night meeting of Company C, Texas state guard, was devoted to scouting and patrolling. The men were lectured by Sergeant Barnett, who drew black sketches of the problem to be worked out. A series of this phase of a guardsman's training will be conducted prior to the annual overnight bivouac at battalion headquarters, Abilene. This will be supplemented somewhat with interior guard duty.

Corporal Newton reported on the rifle contest held in Austin Sunday. Moran was not at top of the list, but was not at the bottom, either. Members of the rifle club were billeted in the armory at Camp Mabry, while officers were lodged at officers quarters. Those present from Company C were Capt. John W. Booth, Staff Sgt. Lloyd L. Walker, Staff Sgt. Frank Midkiff and Corp. Maurice Newton.

HOUSTON, May 23. (U.P.) — One of the biggest financial transactions in Texas oil history was completed today with the sale of the J. S. Abercrombie Company at a price reported unofficially at \$52,000,000.

Purchaser of the company was the old Ocean Oil Company, a recently organized Delaware corporation, headed by Lloyd Noble of Ardmore, Okla., prominent oil producer, drilling contractor and rancher.

TROOPS LEAVE IRAN.

LONDON, May 23. — The Moscow radio tonight broadcast an announcement that the Red Army evacuation of Iran was complete.

Rainey Opens Governor Race With Jabs For Many

AUSTIN, May 23. — Dr. Homer Price Rainey, ousted former president of the University of Texas, one-time professional baseball player and ex-Baptist minister, today announced as a candidate for the governorship of Texas, doing so, he said, to stand and fight against the "selfish and powerful" interests which opposed him as university president.

He said today of the bitter fight with University of Texas regents, "I had to make a choice — to knuckle under, to abandon my dreams that our university could help Texas people develop a better state, or stand and fight x x x or tuck my tail like a whipped dog and sneak off from my native state to take another job."

"I chose to stand and fight. The result — I was fired," Dr. Rainey lashed out at the Texas Regulars, a group of Democrats who fought Roosevelt, and declared against "vested interests" and for industrial peace, a better public health program and improved farm conditions.

Of the governor's race, he said "too long our state government has been run by Texas Regulars and their fellow-travelers, all posing as Democrats, but actually as reactionary as any Republican."

"Free management must do justice to free labor in the form of decent wages and hours, security and fair conditions of work. And free labor, when treated justly, must keep its contracts, work with

full efficiency, must purge its own house of racketeers and must stay on the job."
Dr. Rainey once played baseball with Houston of the Texas League and was given his "releaser" in ceremonies after he had become president of the University of Texas.

When elected university president, he was director of the American Youth commission. Before that, he was president of Bucknell university, Lewisburg, Pa., and had been on the staff of Austin (Sherman, Tex.) College, University of Oregon and Franklin (Ind.) College.

Spain Said to Be Expecting Attack By Soviet Russia

NEW YORK, May 23. (U.P.) — Prime Minister Jose Giral of the Spanish Republican government in exile, estimating Spain's armed forces at 1,440,000 men, today charged that the Franco regime was arming civilians on the pretext of a possible attack by the Soviet Union.

Testifying before the special Spanish committee of the United Nations Security Council at its first session, Giral referred to a recent Franco decree entitling all citizens to bear arms.

RAIL UNION HEAD DIES.

FORT WORTH, May 23. — John P. Watkins, 63, general chairman of the Brotherhood of Railway conductors for the T&P system for the last five years, died in a hospital here today of a cerebral hemorrhage.

Reception Tonight Anderson, Member For Presbyterian Cisco Lions Ten Pastor and Wife Years, Honored

The Cisco public is cordially invited to attend a reception tonight at First Presbyterian church honoring the new pastor and his wife, Rev. and Mrs. Stuart McC. Rohrer. The affair is sponsored by the women's auxiliary of the church and there will be music and refreshments. Hours are 8 until 10 o'clock.

The new minister, who came here recently from San Antonio, was officially installed as pastor in impressive services held at the church last night. The newcomers express themselves as being well satisfied with Cisco and will be glad to meet as many of the citizenship as find it convenient to be present tonight, irrespective of church membership.

CISCOAN TO GRADUATE.

DENTON, May 23. — Miss Dorothy Nell Iserhower, daughter of Mr. and Mrs. W. M. Iserhower of Cisco, is among the 275 seniors applying for bachelor degrees to be awarded June 3 at Texas State College for Women, says Dean E. V. White, Saturday evening, June 1, President and Mrs. Hubbard will honor the graduates, ex-students and guests with their annual garden party. Miss Iserhower is a candidate for a bachelor of arts degree in library science. She is a member of the Aglarian club.

Lion J. H. Webb was in charge of the Lion program at the meeting yesterday and presented Rev. Richard Crews, First Christian church pastor and formerly an army chaplain. The minister talked on the chaplain corps and told of his army experiences. He said there was no great revival movement among members of the armed forces, as commonly believed; adding, "but we probably had the most religious army of any country in the world." He mentioned some of the unusual places at which he held services and emphasized the love and brotherhood that existed between all religious denominations in the army.

Lion Jay Garrett read letters from mothers of several Lions expressing their appreciation for the Mother's Day letters sent out by the club.

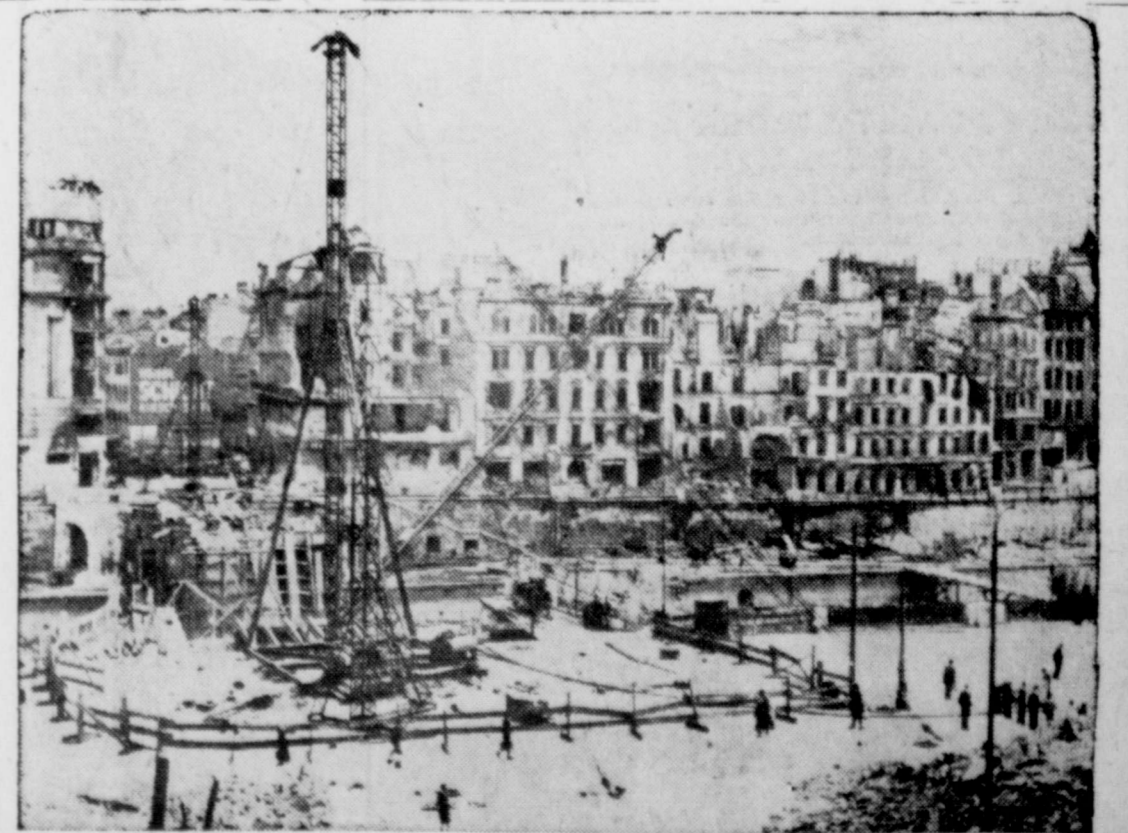

Lion Jack Anderson, who has been a member of the Cisco club for ten consecutive years, was presented with a ten-year Monarch chevron by Lion E. L. Jackson.

Visitors were R. E. Bradshaw and Rev. Richard Crews.

The above report was furnished the Daily Press through the courtesy of Dr. C. M. Barnes.

DELAYED CHRISTMAS—Sgt. Robert Keeson enjoyed a belated Christmas because his wife Esther saved this tree until he returned from Japan. Here Keeson inspects presents under tree in their Chicago apartment, as Robert, Jr., revels in the "extra Christmas."

REBUILDING VIENNA—Workmen begin reconstruction activity around the Franz Josef Quay area, formerly the commercial heart of Vienna. The Maris Bridge, connecting the north and south banks of the Danube Canal gets a major overhaul in the vast rebuilding program.
