Partners? Sure, Bill and Pat are partners! They've been partners since that very first day at the hospital, when little Pat smiled up from his crib at his big, broadshouldered dad-and wiggled his baby toes. Right then was when Bill promised himself that he'd see to it that his son got the very best chance in life that Bill could provide.

And Bill has kept that promise. Regardless of the future, Pat will get to go through high school-and college, too. More than that-little Pat has a "nest-egg" to start in business, or to enter the profession of his choice. And Bill has seen to it that nothing can alter those plans for Pat, because he's built them all through Southwestern Life Insurance.

What Bill has done for little Pat, you can do for your son...or for your daughter...through Southwestern Life Insurance. It's the safe, sound, thrifty way to assure them a chance in the world of tomorrow. Get an outline of the plan today. Its flexibility will please you,
