House Kills Case Strike Bill After Truman Veto

Vandenberg Says Free 1 Big Industry; Study Effect

WASHINGTON, June 11. (U.P.)—Sen. Arthur H. Vandenberg, R., Mich., proposed today that the government remove price controls on one big industry in an "experiment" to see if OPA regulations can safely be eliminated without runaway inflation.

He stepped into the opening Senate debate on the Restricted OPA Extension bill to suggest that it would be worthwhile to make the test, since the government, sooner or later, "Must take a chance" on a return to a free economy.

By observing what happens to price levels in one de-controlled major industry, Vandenberg said, stabilization officials could know more accurately what to expect if all controls were lifted.

UNDULANT SOCIALISM.

A sick republic, like a human invalid, passes through a crisis in the course of any protracted illness. After the crisis, the patient rallies to a quick recovery or sinks with alarming haste toward extinction. Whatever is to be done after a crisis must be accomplished with dispatch, or it is too late. The English government passed through a crisis approximately a year ago.

Since England's current administration proclaimed itself owner and operator of the coal mines, Britain has been viewed popularly as Socialist — one of the collectivist nations. Not all the individuals in the Empire are socialists. Large elements are not. But this large minority is being forgotten. Curtains are being drawn. The crisis is over and England has gone left.

A Long Time Dead.

There is something strangely final about it when a free people turns its course toward State Socialism. Liberty never comes back without a revolution and then it's not the same; it is the testimony of recorded history. Industrially, England is a lost country and private enterprise lost its last stronghold on the enchanted island when King Coal surrendered.

Now the ailment that prostrated John Bull has been communicated to Uncle Sam. The symptoms are unmistakable as undulant fever; wave upon wave of collectivist power, with a show of growing intensity. Our government has taken over our coal mines from their owners because of work stoppages through strikes — strikes by the best paid group of mine workers on earth.

Here's the Pattern

I think perhaps the workers ought to have had an increase in pay, which they no doubt could have obtained without the strike. Nevertheless, they struck and government took over the business long enough, at least, to close a new contract giving a raise of \$1.85 a day per man and a royalty of 5¢ a ton on coal to give their union a "welfare" fund.

This new "welfare" fund has no relation to the union's sick and accident fund, already large. This contract, however, will raise the price of coal 25¢ to 30¢ a ton and build up the "welfare" fund at the rate of 25 million dollars a year. The Senate has approved the executive department's right to impose this contract on the mine owners when they take their property back. There is the first attack of undulant socialism.

Works Like This:

Government can now control the cost of coal to the owner of a mine. By fixing labor's wage, a ruler can make coal production cost whatever suits his fancy. Government already controls the price of coal to the consumer through the workings of the OPA. The neck of the coal industry is in a legal nut-cracker and government has the power to choke it to death at will — that, or take it over entirely.

With the sanction of Congress, which I hope never comes, federal officials can do to any industry what they are doing to coal. Each assault on freedom will be one more attack of the dread disease, undulant socialism. It works like the fever which, scientific men say, can be cured in rare instances if vigorous treatment is begun in the early stages.

TIM AKERS' HURT.

Tim Akers, about 16 and son of Mr. and Mrs. John Akers, is reported to be in an unconscious condition at Graham sanitarium following injuries sustained when he fell from a truck Monday afternoon on the Rising Star highway. The young man, a recent graduate from Cisco high school, has many friends in the younger set, all of whom are hoping he will not suffer permanently from the accident.

By United Press.

WASHINGTON, June 11.—The House today killed the Case strike-control bill by sustaining President Truman's veto of the measure, which he said would promote rather than prevent industrial strife.

The House doomed the measure by a close vote immediately after hearing Mr. Truman's 5,000-word veto message.

A two-thirds majority vote of both the House and Senate would have been required to override the veto and make the bill law.

The vote was 255 in favor of overriding the veto and 135 against overriding. On the basis of the vote cast, 260 would have been needed to override.

The vote came amid sharply divided reaction to the President's veto. Supporters of the bill denounced Mr. Truman's action as "a national calamity." Opponents hailed the veto.

Supporters of the Case bill began a move to try to revive it in the form of a rider to Mr. Truman's own emergency bill aimed at banning strikes against the government. The outlook for such maneuvering was uncertain.

Texans Keep On Trail of General Mark W. Clark

WASHINGTON, June 11. (U.P.)—A group of Texans who believe the state's 36th Division was badly mauled during the bloody Rapido River battle, through "inefficiency" of Lt. Gen. Mark W. Clark, today asked for a complete Senate investigation of the affair.

Col. Miller Ainsworth, president of the 36th Division Association, said he would urge the Senate Military Affairs Committee to withhold Clark's appointment to the permanent rank of major general.

APPROVE MINIMUM WAGE.

WASHINGTON, June 11. (U.P.)—The House Labor Committee, by a 10 to 8 vote, today approved legislation which would raise the minimum wage rate to 65 cents, retroactive to Dec. 31, 1945.

RANGER POLIO SUSPECT.

DALLAS, June 11.—A 7-month-old boy from Ranger, Eastland county, admitted to Parkland hospital Monday, was under diagnosis as a positive poliomyelitis victim. Four positive polio cases over the week end — two on Saturday and two on Sunday — raised the total under treatment at Parkland to eighteen, hospital records revealed.

"GET RID OF IT."

PITTSBURGH, June 11. (U.P.)—Frank M. Kleier, director of the local national labor relations office, said today that he had been advised by NLRB headquarters in Washington to dismiss the American Baseball Guild's petition charging the Pittsburgh baseball club with unfair labor practices. Kleier said the main office of the NLRB told him to "get rid of the case."

Senior Scouts to Erect Permanent Meeting Place

Jim Ewell, Senior Scout reporter, announces that Post 62, sponsored by the Lions club, started construction of their cabin Saturday, which is to be located near the old Eastland highway. The logs were donated by Lion Harvey Thurman. The lot was given by the Lions.

The cabin will serve as a permanent meeting place for Senior Scouts. Its construction is under the supervision of Robert Mitchell, post leader, and Chief Brown, scout chairman for the Lions.

Completion of the cabin, Ewell said, will depend largely on the time put in on its erection by scout members.

House Okays \$250 Terminal Leave Pay to 15 Million

WASHINGTON, June 11. (U.P.)—The House today passed and sent to the Senate a bill to give an average of \$250 terminal leave pay to each of about 15,000,000 enlisted men and women who served in the armed forces during the war.

Baring of Feud in Highest Court Startles Nation

WASHINGTON, June 11.—The unprecedented spectacle of one Supreme court justice publicly assailing another, stunned official Washington today, but several law-makers held it might lead to restoring what they termed the "lost dignity" of the tribunal.

The bombshell which Justice Robert H. Jackson exploded in his blunt attack on Justice Hugo Black (and a somewhat milder reference to Justice Frankfurter), projected a long-smoldering judicial feud into the open.

Specifically, they said privately congress may order a complete overhaul of court procedure in an effort to minimize "bickering" on and behind the bench.

At the moment, however, the capital buzzed with more immediate speculation over whether Jackson and Black intended to continue on the high bench. The situation was without parallel in modern court history. It has even been suggested that all members of the court might see fit to resign.

Jackson lashed out at Nuernberg last night at what he called Black's "bullying" tactics. He declared his colleague had threatened him with "war" unless Jackson "covered up facts" in the portal-to-portal nine pay case in which Black's former law partner represented the victorious United Mine Workers.

Jackson addressed his complaint to the senate house judiciary committees, but members said they would defer on the record comment until the cablegram had been received officially.

Chairman Hutton W. Summers (D-Texas) of the house group said only that he would submit the document to his committee "immediately" upon its receipt.

But they said a recommendation for a full-dress review of court procedure is a distinct possibility.

MOTHERLY ADVICE—"Flapper" gives some worldly advice to the latest addition to her family at the Central Park Zoo in New York City. The newly arrived sea lion is Flapper's fifth since she arrived at the zoo in 1933.

Left and Right Wing Democrats Feuding Again

AUSTIN, June 11.—Texas left and right wing Democrats were feuding again today.

Evidence of the renewed battle for control of the party machinery, from grass roots precincts right up through the state executive committee, boiled to the surface here yesterday.

The executive committee which sprung from the strongly pro-Roosevelt convention in 1944 was thrown into an uproar when the only committeeman held over from the displaced organization proposed three resolutions aimed at strikers, the Cio Political Action committee and the FEPC.

Just as quickly as it could catch its breath and swing its hatchet, the committee shunted the resolutions by Morris Roberts of Victoria to a committee, then adjourned.

Roberts, former state senator and political ally of Gov. Coke Stevenson who has never got along with the present executive committee, came poker-faced before the session in its closing moments with the resolutions which he described as "non-controversial."

"Non-controversial" resolutions are the only kind the committee will consider from the floor under its rule that just one objection will send a proposition to committee.

Members jumped to their feet with howls of protest and Roberts, not raising his voice or changing expression, said he thought the resolution commending Truman for "summarily" ending the railroad strike was certainly non-controversial.

troubling since Truman was national leader of the party, and the committee was a Democratic committee.

Committeeman Ernest Jones of Denison charged that Roberts knew the resolutions were controversial. He said they were offered for the sole purpose of creating a row and giving the newspapers something to write about. His was just one of a dozen strenuous objections.

This flurry followed the committee's unprecedented action in recommending that the name of J. E. McDonold be printed on the ballot as a Democratic candidate for agriculture commissioner, with a strong admonition of Democrats to turn out July 27 and defeat him because of his asserted support of Republicans in the past.

Dallas Jury Indicts Three For Criminal Assault

DALLAS, June 11.—Three men accused of criminally assaulting four girls and robbing one of their two escorts of \$2 near Lancaster, May 27, were indicted by the Dallas county grand jury, which returned twenty-seven other indictments and forty-seven no-bills.

James Jett, 18, was indicted for criminal assault and robbery with firearms. Billy Joe Riddle, 18, was indicted for criminal assault and robbery with firearms; and two indictments alleging criminal assault and one alleging robbery with firearms were returned against Walter Crowder Young, 27.

Three of the four girls involved allegedly were juveniles.

Jaycees total membership is Now Buried Yesterday, Oakwood

The regular Monday night meeting of the Junior chamber of commerce was devoted mainly to the formation of plans for the Cisco Homecoming to be held August 11, 12, and 13, which is being sponsored jointly by Cisco Lions and the Jaycees.

There were 38 members present at this meeting and two new members, K. C. Fritchett and Eddie Hassen, were introduced to the club. The total membership has now reached 86 and several more citizens are expected to join soon.

After hearing reports from each committee chairman in regard to the work the various committees had undertaken, the program committee chairman, James Latimer, introduced Ray Judia, who entertained the club with piano numbers. This was enjoyed very much by the members and they stated that it was difficult to sit still when Mr. Judia began playing his "hot" music.

One highlight of the evening was the announcement by Charles Burke, club president, that each year a key will be issued to the outstanding member of the year and his name will also be placed on a plaque in gold letters. The first key will be awarded at the first meeting in January, 1947.

MARCH ON PALACE

ROME, June 11. (U.P.)—Fifty thousand Republicans tonight marched on the Quirinal Palace, 1,000 yards from the Quirinal Palace where thousands of Royalists massed to shout their loyalty to King Humbert.

Mrs. Mary Evelyn Johnson died at 11:45 Saturday night at her home, 1101 E. avenue, Cisco. She had been an invalid for several years, but seriously ill only about a week. Deceased was born in Mississippi, March 16, 1894.

The funeral was held Monday afternoon at 3 o'clock at the Church of the Nazarene, the pastor, Rev. L. H. Clegg, officiating. He was assisted by Rev. Luther Pryor. Burial was in Oakwood cemetery by Thomas funeral home.

Survivors include the husband, Holland Johnson; a son, Clyde Johnson of Whitefield, Miss.; four daughters, Mrs. D. W. Rains, Mrs. P. L. Busby, Mrs. W. T. Alday, Cisco; Mrs. W. A. Kelley, Olden, and four grandchildren.

Pallbearers were Buster Wooten, Odus Wooten, Lamar Anderson, Norman Anderson, Floyd Rains and Ollie Rains.

WESTERN UNION HIKE

WASHINGTON, June 11. (U.P.)—The Federal Communications Commission said today that the recently authorized 10 per cent increase in Western Union Telegraph rates would become effective tomorrow.

MEAT PRODUCTION UP

WASHINGTON, June 11. (U.P.)—The Agriculture department reported today that production of federally inspected meat jumped 10 per cent last week, a reversal of the steady downward trend of the past several weeks.

Plane Talk

By JOE COLLIER.

So far as we know, a new record was set for this field last week by J. B. Edwards, student pilot from Moran. Edwards soloed after only six and a half hours of dual instruction. He has also been instrumental in bringing another student from Moran, Newell Odell, the high school coach. From the number of folks from Moran who visit the airport regularly it looks as if they will need an airport of their own soon.

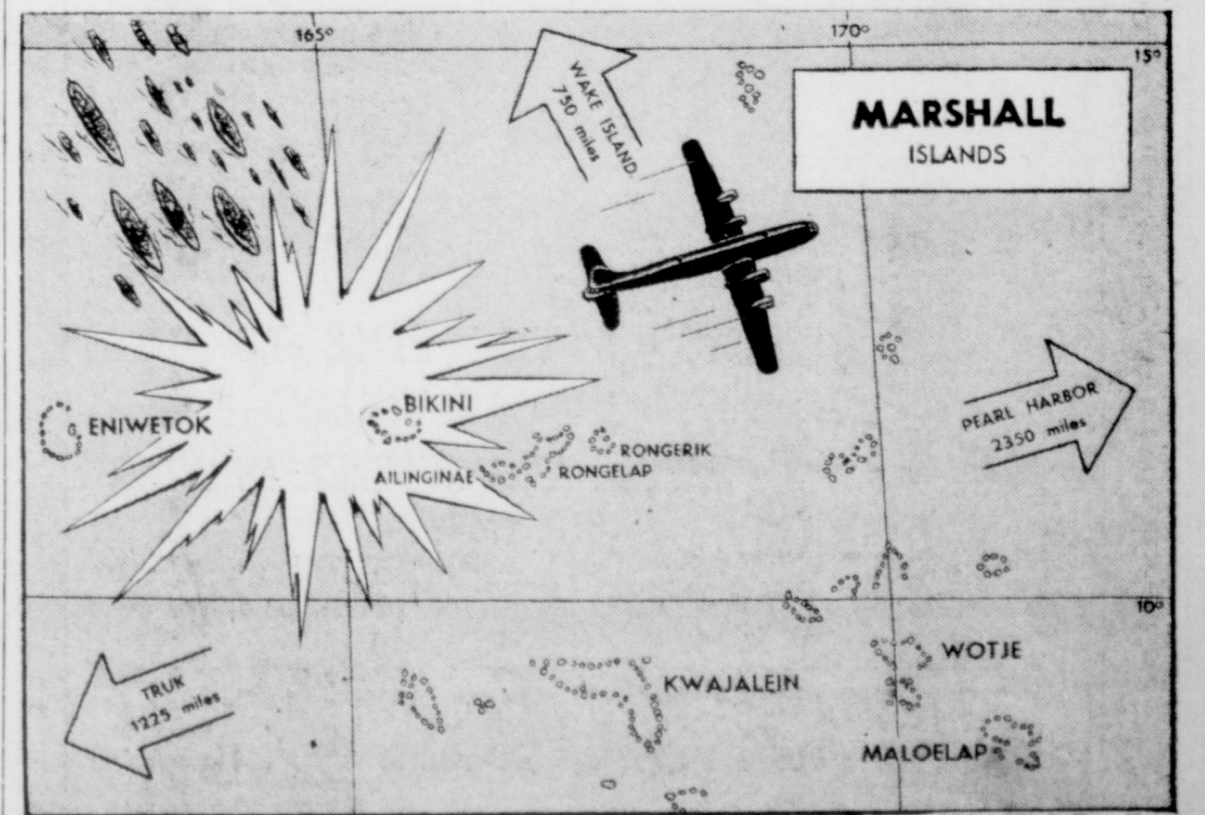

Newest student from Cisco is H. A. Moore of Humble Pipe Line and Moore Studios. The people around Humbletown have taken a new interest in flying since the purchase of a new Cessna by the company.

Jack Stephenson, flying a twin engine Cessna, landed here Saturday to pick up his father, Dr. G. M. Stephenson, Mrs. Jack Stephenson and Frank Clampitt. They reported their trip to Mineral Wells required only thirty minutes. It was Dr. Stephenson's first plane trip.

We want those of you who took rides Sunday afternoon to know that the air is not always so rough. Due to the turbulence caused by the heat during the summer months, the most pleasant time to fly is during the morning and late afternoon. Beginning students especially should try to fly in smooth air for their first few hours. During these long days it is possible to fly until 8 o'clock in the evening.

SETS NEW RECORD—Lt. Henry A. Johnson, USAAF test pilot, boards his P-80 "Shooting Star" before starting on record breaking speed flight. The jet-propelled plane covered 621 miles at an average speed of 462 miles per hour for world's record.

THE MARSHALL ISLANDS. The Atom-bomb against unmanned ships and shore installations. Approximately 97 ships of all types will be anchored within a two-mile radius of Bikini lagoon, with the battleship Nevada in the very center painted a bright orange to aid the atom-bombardier. First test is set for July 1.

WEDDING HELD SUNDAY AT CHRISTIAN CHURCH.

In a double ring ceremony held at 2 p. m. Sunday, June 9, at First Christian church, Cisco, Miss Helen Waters of Austin, daughter of Mrs. J. M. Waters of Cisco, became the bride of Andrew W. Pazitka, Jr., son of Mr. and Mrs. A. W. Pazitka of Cleveland, O. Rev. Richard Crews was the officiating minister.

The couple was attended by Mr. and Mrs. Earl Coleman of Austin, brother-in-law and sister of the bride.

Mr. and Mrs. Pazitka left immediately following the ceremony for a few days' stay at Austin after which the bridegroom will report for duty with the army air corps at Greensboro, N. C.

Other relatives present were Mrs. J. M. Waters, Mrs. C. E. Allen, Miss Patsy Allen, Mrs. A. W. Triplett and son Teddy Triplett and a friend Miss Bobby Jean Tuttle.

and Mrs. Herbert King of Brownfield was given Saturday evening in the home of Mr. and Mrs. Ben Hull of the Dan Horn community. Guests were met at the door by Mrs. Hull and were directed to a table where Miss Willie Weed was in charge of the bride's book.

A pink and white color scheme was carried out in the floral decorations on all appointments. The refreshment table, covered with a beautiful pink brocade cloth, held the pink and white three-tier cake. Refreshments of cake, mints and punch were served to the guests after which some time was spent in conversation.

At the close of the period the honored couple was given a ball of ribbon to follow, which led to a

large box of gifts. The box was taken to the reception room where the packages were opened and displayed for all present to see.

Approximately 85 guests were present and enjoyed the splendid occasion.

BERNABY - BERRY RITES HELD SATURDAY.

Miss Jeanette Burnham, daughter of Mr. and Mrs. J. E. Burnham of Cisco, became the bride of Clyde Vann Berry, son of Mrs. Ethyle Berry, of Cisco, Saturday evening, June 8, in the parlor of Cisco First Baptist church. Rev. Arthur Johnson performed the ring ceremony in the presence of immediate relatives.

Attendants were the bridegroom's sister, Miss Dorothy Berry, who acted as maid-of-honor, and Ted Jones, who served as best man.

The bride wore a becoming dress of blue and white eyelid embroidery and corsage of white gladioli. Relatives present were Mr. and Mrs. C. N. Mahaney, grandparents of the bridegroom; Mr. and Mrs. Ray Judia and son Frank Judia; Mr. and Mrs. Lee Mahaney and daughter Priscilla; Mrs. Ethyle Berry; Mr. and Mrs. J. E. Burnham and an out-of-town guest, Miss Jundia Taylor of Lubbock.

Miss Berry was reared in Cisco and is a graduate of Cisco high school and Cisco Junior college.

RESIGNATION ACCEPTED.
—Edward B. Stettinius, Jr., official U. S. representative at the U. N. Security Council since its inception, smiles after President Truman accepted his resignation in Washington, D. C.

FLUSH KIDNEY URINE
Benefits wonderfully from famous doctor's discovery that relieves backache, run-down feeling due to excess acidity in the urine

People everywhere are finding amazing relief from painful symptoms of bladder-irritation, kidney-irritation, and general weakness, by promoting the flow of urine. This natural medicine is especially welcome to those who are unable to get up at night. A carefully blended combination of natural herbs, it is safe and effective. It is the only medicine that relieves backache, run-down feeling, and all other ailments associated with kidney-irritation. All druggists sell Swamp Root.

WOULD BE REQUIRED TO FURNISH HYDRO-POWER EQUAL TO THE ELECTRICAL ENERGY FURNISHED BY BITUMINOUS COAL IN NEW YORK CITY ALONE!

The "T&P" is my Assistant

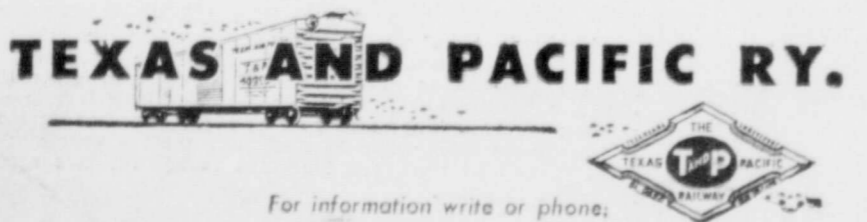

I am a sawmill operator. The Texas and Pacific speeds my lumber to manufacturers and wholesalers across the nation... it takes the finished by-products of my trade into your home and into your business.

The Texas and Pacific not only helps me but it also contributes in many ways to my community. It works with our citizens in the industrial development of our town—it pays local taxes that help build good schools and good roads through our section. Yes, the "T & P" works for my community and it works for me... that's why I say it is my assistant.

"I'll wait... I've heard my neighbors tell about the perfect service of their 10-year-old gas refrigerators through trying war years when other refrigerators, like mine, were breaking down and needing practically impossible-to-get replacement parts.

The idea of running without moving parts in its freezing system makes the Servel gas refrigerator most desirable. Even though I may have to wait months for a new gas refrigerator, I'll wait."

Working with sister company, Lone Star Producing Company, to produce, transport and distribute natural gas for factory, business and the home.
