You can have the finest technical training, and be well paid while you learn! Army pay compares favorably with that in almost any civilian job-for you get food, clothes, housing, medical care, low cost insurance and a host of other advantages. You will have every chance, too, for promotion and higher pay.

You'll be working with other keen young men of your own age, using the most modern equipment, doing an interesting, constructive job. What's more, you'll have an opportunity to fulfil your personal responsibility-by helping your country keep its commitments in the post-war years.

COLLEGE, TRADE OR BUSINESS SCHOOL WITH EXPENSES PAID!

If you enlist on or before Oct. 5, 1946, you'll have educational benefits under the GI Bill of Rights. At the end of a 3-year enlistment, you'll be entitled to a full 4-year course in any college, business or trade school you choose and for which you are qualified for admission. The Government will pay your tuition, laboratory fees, etc., up to \$500 per ordinary school year, plus \$65 a month living allowance (\$90 if you have dependents).

1. Enlistments for 1½, 2 or 3 years. (One-year enlistments permitted for men now in the Army with 6 or more months of service.)

Enlistment age from 18 to 34 years inclusive (17
with parents' consent) except for men now in Army,
who may reenlist at any age, and former service men
depending on length of service.

3. An increase in the reenlistment bonus to \$50 for each year of active service since such bonus was last paid, or since last entry into service, provided reenlistment is within 90 days after last honorable discharge. 4. Up to 90 days' paid furlough, depending on length of service, with travel paid to home and return, for men who reenlist within the prescribed time after discharge.

5. A thirty-day furlough each year with full pay. 6. Mustering-out pay (based upon length of service) to all men who are discharged to reenlist. 7. Option to retire at half pay for the rest of your life

after 20 years' service—increasing to three-quarters pay after 30 years' service. All previous active federal mili-tary service counts toward retirement. 8.
