### FOOD AT HOME.

Nothing could be calculated to interfere more seriously with American aid to the starving than the present break-down of domestic food supplies.

Even the most generous-minded citizen is annoyed that he must stand in line for bread, butter, meat — and even then go without. It is absurd that a country like the United States cannot allocate a reasonable amount of food for the world's starving — and still maintain an efficient if somewhat curtailed supply for home consumption. Most people entered into the share-the-food idea with good intentions.

But housewives, upon whom the burden largely rests, should not be required to spend a great portion of their days hunting supplies for their home tables.

If the men in Washington can't do a better job, perhaps the women of America should organize seriously.

Certainly the present situation is bad.

Housewives are willing to undergo shortages and annoyances to the point of hardship when they see reason for them.

They do not willingly endure them when caused by plain bad management and lack of foresight in high places. Only the belief that these conditions are to be short-lived keeps them patient.

If they begin to think they may

have to waste hours in queues for many more months, they will certainly make their voices heard.

NATURAL—Ray Sebastian, expert Hollywood make-up man, chooses Janet Blair, above, as the actress who uses the least amount of cosmetics and makes the most of her natural beauty.

### NOTICE!

The Norwood Clinic will render the usual free services for certain diseases August 12 to August 24, 1946.

TEACHING! Teaching at the Norwood Clinic is the demand of many physicians who wish to observe clinical demonstrations, some for the first time, while others return for further study. We can accommodate only a limited number of doctors and patients during the teaching program of Dr. R. R. Norwood and Dr. R. W. Norwood.

We have many friends who need treatment and they ask us very often: "When are you going to have another Special Clinic?" It requires some weeks to arrange a clinic to the advantage of the patient and the doctor. We have always held in mind that our first duty was to the patient.

The following diseases will come before the Clinic: Piles, Fistula, Pruritus Ani, Proctoiditis and Stricture of the Rectum, Hernia (Rupture), Skin Cancer, Varicose Veins and Ulcers of Leg, Tonsils and Adenoids. Consult Dr. J. G. Brown for special service for tonsils and adenoids. If anticipating services before the visiting doctors, no charge will be made for examination.

THE NORWOOD CLINIC has had from one to three teaching programs each year since 1926. The annual clinics are made possible by a large number of physicians who pay for the privilege of observing our method of treatment.

PRIVATE CASES will receive our usual attention during the teaching period.

TIME FOR REGISTERING Clinic patients limited. Write immediately. Sincerely yours,

DRS. NORWOOD, BROWN & NORWOOD. 205

Gone Are the Good Old Days---  
... when your great grandfather boasted that he bought bananas at a dime a dozen and his farm from the State with only one deed in the chain of title. Today, that same title may have hundreds of transactions in the chain, and as it lengthens defects multiply and enlarge. The abstract is the only means yet devised that attempts to reveal these defects and places them in position for correction. That's why more and more people are demanding an abstract when they buy real estate.

GIFT SHOWER HONORED MRS. C. VANN BERRY. A lovely gift shower was tendered Mrs. C. V. Berry, a recent bride and the former Miss Jeanette Burman, Tuesday afternoon in the home of Mrs. F. E. Shepard, 1006 west Seventh, Circle Three of First Baptist women's missionary union were hostesses and they were assisted by Mrs. W. C. Clements and Mrs. F. B. Clappitt. The house was decorated with seasonal cut flowers placed artistically about the rooms. Guests were greeted informally by Mrs. Shepard and were seated in the living room where conversation was enjoyed for a time. They were then invited to the dining room for refreshments. The table, overlaid with hand-made lace cloth, held as centerpiece a pretty arrangement of gardenias. Punch was ladeled by Mrs. E. B. Clappitt from a cut glass bowl which stood at an end of the table and refreshments of homemade cake were served to the guests. Following the serving guests returned to the living room and the bride's book was passed by Mrs. Paul Poe for signatures. Mrs. E. L. Jackson was in charge of entertainment and a program of music was presented in which two vocal solos, "Just a Little Fond Affection" and "Let the Rest of the World Go By" were sung by Misses Dorothy Grantz and Robbie Joe McNeely, accompanied at the piano by Joe Tom Poe. A piano solo, "Claire deLune," played by Joe Tom Poe, was the closing musical number. A game "Searching for Treasures" was then played and a party of six young ladies were sent on the search. Mrs. Berry was the successful member of the party and found the treasure - a large array of gifts which had been assembled in an adjoining room. She was assisted by other members of the hunting group in bringing the gifts into the living

LUNCHEON HELD BY COUNCIL GROUP ONE. A covered dish luncheon was held by group one of First Christian church council which met Tuesday in the church dining room at 12 o'clock. ### STRIKES and PENSIONS.

There are those who think the questions of strikes and old age pensions are "hot" political issues. They are "hot" for tender hands. This is a time for courageous action. My stand on these questions is given below:

#### Strikes.

I believe that labor as well as capital should have the opportunity of earning a decent income under safe and sanitary conditions and in return should be liable for their acts and responsible on their contracts. The financial records of unions should be made public in order that the rank and file of labor as well as the public can be informed as to their source of revenue and expenditure of funds. The anti-trust laws should apply to unions and business alike.

I believe that strikes should be prevented in essential industries and no one should be permitted to strike against the government of the United States.

Racketeers in labor unions, business enterprises and everywhere else must be outlawed by a strong law.

Labor disputes should be decided in the courthouse in our established courts. I had rather trust a jury of twelve good citizens than a bureau that might have communistic sympathies.

#### Old Age Pensions.

Because of the rise in the cost of living the old age pension check now buys only one-half of what it would have bought four years ago. In some cases both labor and industry have been given an increase in income but the old people have been ignored and their pensions reduced. I favor raising the amount of the old age pensions to keep up with the rising cost of living.

I favor lowering the age qualification from 65 to 60. In a few years when jobs get scarce the men and women over 60 will be the first to be let out of a job. Those over 60 are seldom in demand as employees and a humane way should be provided to take care of them. This situation should be met at once.

**Tired Kidneys Often Bring Sleepless Nights**  
Doctors say your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy. When they get tired and don't work right in the daytime, many people have to get up nights. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't neglect this condition and lose valuable, restful sleep.  
When disorder of kidney function permits poisonous matter to remain in your blood, it may also cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, swelling, puffiness under the eyes, headaches and dizziness.  
Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

**NEW SHEEP DISEASE NEEDS WATCHING**  
A relatively "recent" disease of sheep—listerellosis—is posing a potential threat to the sheep industry in this country. The disease was first clearly identified here about twenty years ago. Since that time, although it has not caused losses on a par with the major sheep diseases, listerellosis has broken out in several new areas, and the losses in each outbreak have been very severe. Listerellosis is sometimes known among sheep raisers as "circling" disease, because the germ damages the brain and causes the sheep to walk in circles, or to stagger, push their heads into fences, or fall to their knees. It may also cause inflammation of the eye, and it sometimes causes ewes to lose their lambs. Sick animals frequently become completely paralyzed before death.

Thus far, no effective vaccine has been developed for controlling outbreaks of listerellosis. If an outbreak of the disease is suspected, the first control step is to obtain an immediate diagnosis by a veterinarian. This is essential because listerellosis resembles several other sheep infections, and laboratory diagnosis may be needed to determine the exact germ responsible for the illness. Sick animals should be isolated from the rest of the flock, and every possible sanitary measure should be taken, to help save the rest of the animals from exposure.
