Sumpter McCanlies Ky Congressman in Serious Shape on the Spot in After Operation Fake Lumber Deal

Word was received in Cisco Saturday afternoon that Sumpter McCanlies of Littlefield was not expected to live following an operation at a hospital in Lubbock Saturday.

Mr. McCanlies, brother of J. P., Jess, Sheb and Ed McCanlies of Cisco, was a former resident here and moved to Littlefield about six years ago. He is a carpenter by trade and is highly esteemed by a large circle of Cisco relatives and friends as a fine man and exemplary citizen. He is about 58 years of age.

His mother, Mrs. H. M. McCanlies, also lives here.

Several members of the family left Saturday for Lubbock to be with the stricken man.

Bilbo Urges Mississippi to Make Primaries White

JACKSON, Miss., July 6. (U.P.)—Sen. Theodore Bilbo, fiery exponent of "white supremacy," today demanded that the Mississippi state legislature revise its state election laws to "keep primaries all white."

Bilbo, indignant that 1500 Negroes voted in the Mississippi Democratic primary which this week gave him his third Senate term, said that a special legislative session should change the laws before next summer's gubernatorial primary in the state.

Bilbo asked that the legislature turn all primaries over to the Democratic party. Should the party operate and finance the elections, then it could make all regulations as to who shall vote.

One of the matters to come up will be a report to the body concerning the part the organization played in securing the Eastland County Livestock Show for Cisco.

English War Bride Makes a Joke of Once Sacred Rite

RENO, Nev., July 6. (U.P.)—The tangled love affairs of titian-haired Jean Carbone smoothed out in the traditional happy ending today as she honeymooned here with Capt. Darrell Beschen — the man of her choice and the father of her 5-month-old child.

The pretty English war bride, who married one man in London and flew to this country to join another, brought her affairs of heart to a climax in one big day. She received a divorce from Ex-Lieutenant Harold Carbone, Rochester, N. Y., and married Capt. Beschen all within the space of a few hours.

Rainey Condemns Charges of Immorality at Texas U.

AUSTIN, July 6. — Standing in the shadow of the capitol dome and the tower of the University of Texas, Dr. Homer P. Rainey last night railed on his opponents to denounce the vicious whispering attacks on the state school.

Speaking before a state-wide rally of his followers, Rainey asked his opponents in the governor's race: "Do you believe the university is a godless, communistic, unpatriotic and immoral institution?"

"If you do, then say so publicly and let us see your proof. If you do not, then join me in denouncing these vicious attempts to befoul the name of our state university."

The former president of the University of Texas accused the "paid mouthpieces of the vested interests" of whispering their slander against the school.

Citing the casualties and war heroes among the students of the school, and pointing out the large-scale training program conducted there for naval personnel, Rainey said the students were the sons and daughters of farmers, bankers, clerks and ministers.

Recalling that in the 1930's, "high and pious newspapers called our youth lazy and shiftless and radical," Dr. Rainey said: "These prophets of despair, yes, these Tories and Texas Regulars, thought the youth of the country had gone to the dogs. But this same generation paid for their faith in democracy with their lives in the Ardennes on Guadalcanal and at the Volturno."

51 CASES POLIO.
FT. WORTH, July 6. — As Tarrant county's number of polio cases rose to 54 Saturday, A. C. Seawell, superintendent of City-County hospital, said plans were being completed for 20 patients to be transferred Monday to the convalescent hospital at Eagle Mountain Marine Air Station. The modern hospital is equipped with the latest facilities and conveniences for rehabilitation treatment of convalescent polio patients.

WASHINGTON, July 6. — The Senate tonight girded for a showdown fight next week on a new OPA Extension Bill, amid warnings that the battle against inflation has reached the "now-or-never" stage.

Senate debate begins Monday on the bill to revive price and rent controls and extend them for another year.

Controls expired last Sunday midnight after President Truman vetoed the original OPA extension measure on grounds it would legalize inflation.

Senate Democratic Leader Alben Barkley said he was "hopeful" the measure could be sent to the president next week.

Like many other Senate members, Barkley predicted that the biggest fight would center on a proposal by Sen. Kenneth S. Wherry, R., Neb., to exempt meat, poultry and dairy products from price control.

Sen. Robert F. Wagner, chairman of the Senate Banking Committee which drafted the new bill, predicted that Mr. Truman would sign the revised measure if the Wherry amendment is kept out.

Wherry said he has received assurances of support for his amendment from both Democratic and Republican members other than the 15 members who joined him yesterday in presenting the amendment.

Wherry felt his proposal had a "good chance" of being adopted. Wagner conceded that the vote would be "very close," but that administration forces would "try to keep it out of the bill."

Meanwhile, OPA Administrator Paul Porter warned in a network ABC-radio talk that the fight against inflation has reached the "now-or-never" stage.

He predicted that the "whole explosive situation" involving prices will "grow steadily worse" until congress takes final action on price control extension.

Asserting that many "very grave" price rises have been recorded since controls expired last Sunday, Porter said "we haven't even begun to feel the pressure of demand that would be released if firm price and rent ceilings are not reestablished by legislative act."

Jewish Extremists Are Very Bitter Against British

JERUSALEM, July 6. (U.P.)—British military operations in the Holy Land came to an abrupt, unofficial end today but Arabs and Jewish organizations each threatened future strong action in Palestine.

British soldiers returned to Palestine off duty and filled Jewish cinemas and cafes. Military authorities said Palestine no longer was barred to troops. There was no official announcement, however, of the ending of military operations.

The radio voice of Hagana, Jewish defense organizations, warned Jews not to believe any promises made by British Prime Minister Clement Attlee.

"The British only are trying to substitute chaos for Jewish leadership," the broadcast said. "When the time comes, we shall take the initiative again."

Arab higher committee circles said that any departure from the "white paper" on Palestine should bring about application of hitherto secret resolutions reached at the Bloudan conference.

TO CANONIZE AMERICAN.
ROME, July 6. (U.P.)—Pope Pius XII will canonize Mother Frances Xavier Cabrini Sunday in the most colorful ceremony of the Roman Catholic church. The Basilica of St. Peter's, where the five-hour ceremony will take place, has been polished and decorated with rich draperies, silver and gold candelabra. Huge paintings depicting the miracles attributed to the founderess of the Sisters of the Sacred Heart of Jesus hang on the walls. She is the first person from the United States to be canonized.

Truman forces Assured British Loan Will Pass House

WASHINGTON, July 6. (U.P.)—Administration leaders tonight received assurance that the Senate-approved \$3,750,000,000 British loan will be passed by the House.

House debate on the measure is scheduled to start Monday. Final action is expected by the end of the week.

Leaders had feared serious defections in Democratic ranks as result of recent statements by British Foreign Secretary Ernest Bevin on the Palestine situation.

Reds' Daily Objections Are Becoming Tiresome

PARIS, July 6. — Foreign ministers of the U. S., France and Britain united Saturday in opposition to Soviet attempts to impose procedural rules on the forthcoming peace conference.

The three western powers also were at odds with Russia for barring China's inclusion as an inviting party to the conference, and for its eleventh-hour demand that German problems be discussed prior to the conclave.

Soviet Foreign Minister Molotov's motives in suddenly blocking the road to the conference arranged by Secretary of State Byrnes are still unexplained.

Informed American sources however, claimed Molotov reverted to the "delaying tactics" Byrnes accused him of earlier. They suggested the new "Soviet stall" in Paris came on orders from high-ups in Moscow.

ELECTION YEAR COSTLY.
WASHINGTON, July 6. (U.P.)—Some Republican senators today lashed out at what they termed a \$1,600,000,000 election-year, Democratic pork barrel. Their fire was aimed at two Senate bills — passed within four hours yesterday — carrying authorizations for rivers and harbors improvements ranging from \$150,000,000 for the Missouri Basin development to tiny harbor dredging operations.

Sen. Edward V. Robertson, R., Wyo., said the bills represented "the worst kind of pork."

200 Mark Upped 11 Times at Bowling Alleys Last Week

The 200 mark was equaled or passed eleven times at the Greer bowling alleys the past week, where crowds of men, women, boys and girls assemble daily and nightly to engage in this popular exercise. The only complaint heard at the local alleys is registered by those who arrive late and find all alleys in use, frequently with several on the waiting list ahead of them.

The following men were included in the "200 or better" list: E. E. Reeves, 233; Charles J. Kleiner, 208, 209, 233; Lee McDonald, 205, 225; J. F. Perot, 203, 216; F. Urban, 216; O. W. Culwell, 211; Howard Langford, 200.

WANTING TO KNOW.

"Curiosity," they say, "killed a cat." The alleged fact is not well authenticated, but may be accepted as possible. Cats, in spite of all their cleverness, have frequently been known to get themselves into unnecessary trouble, apparently because they were not quite sure about.

But all the curiosity of all the animals in human or feline history is nothing in comparison with the curiosity of human beings. If proof were needed, the enormously difficult and expensive quest for knowledge of the behavior of an atomic bomb would surely settle the argument.

Man is the animal which, above all the other animals, WANTS TO KNOW. He is so eager to acquire knowledge that scientists have named him "Homo Sapiens" or "Man the Knower." Speaking in general, he always wants to find out what is going on near and far, and to store the facts in his memory.

That is what has put him where he is, in knowledge and mental power, above the other animals. And the tremendous quest for understanding about atomic energy,

perhaps the most wonderful of the instruments used by man, is one of the most striking examples in all human history.

Here's hoping the Lord will give us the judgment to know how to use any further knowledge we may acquire about atomic energy.

"Identity of the Church."

There are several ways to identify the church that Jesus built. God's church is his family. (1 Tim. 3:15). God's house (or family) was to be built in Jerusalem. (Zech. 1:16). Therefore any religious institution that began anywhere except Jerusalem could not be the Lord's church. Jesus is the builder of God's church. (Matt. 16:18). Therefore all churches founded by John Calvin, John Smyth, the John Knox, John Wesley, Roger Williams, or any other man, regardless of how good the man may have been, were founded in vain, for Ps. 137:1 says, "IF THE LORD BUILD NOT THE HOUSE, THEY LABOR IN VAIN THAT BUILD IT." God surely did not start or plant any religious institution which is not mentioned in the Bible. And Jesus said, "EVERY PLANT MY HEAVENLY FATHER HATH NOT

PLANTED SHALL BE ROOTED UP." (Matt. 15:13). The New Testament church wore the name of Christ. Acts 4:11-12 (Rom. 16:16; 1 Cor. 12:27). It's law of entry was the new birth. (Jno. 3: 5; 1 Cor. 12: 18). It's items of worship — "The Apostle's teaching, fellowship, breaking of bread and prayers" (Acts 2: 42) and the praise service. (Acts 2: 47). This praise was offered by the lips (Heb. 13: 15) from the heart in psalms and hymns and spiritual songs. (Eph. 5: 19). It was financed by each member willingly giving. (2 Cor. 9: 6-7) "on the first day of the week" (1 Cor. 16: 1-2). It's meetings for the Lord's Supper were on "the first day of the week" (Acts 20:7) instead of on a certain Sunday of the month or of the quarter, as some practice today. (More marks of identity later).

The Cisco Church of Christ.

FORMER CISCOAN WEDS AT BRECKENRIDGE.

Miss Dorothy Dauster, daughter of Mr. and Mrs. Claud Dauster Sr. of Breckenridge, became the bride of Raymond Nance, son of Mrs. J. O. Warren of Cisco, in a ceremony held June 22 in the parlor of First Christian church of Breckenridge.

The wedding was held at 7 p. m. in the church parlor with Rev. Amos W. Myers officiating with the double ring ceremony. Marriage vows were exchanged before an improvised altar which was decorated with summer jasmine, palms and ivy, flanked on either side by wedding candelabra. Floor baskets filled with white gladioli and plumrose fern gave completeness to the decorations. Music for the occasion was furnished by Mrs. Vernon O. Marshall, who played throughout the service. As the bride party entered the music changed to the bridal chorus from Lohengrin and as a recessional the wedding march was played by the organist.

The bride wore a street length dress of sand color crepe and a half-hat of white silk straw with shoulder veil. Her shoulder corsage was of pink rosebuds and stephanotis, tied with net and satin streamers. She carried a white Bible on which was placed a single orchid. She was attended by Mrs. J. D. Lee as matron of honor and J. D. Lee served the bridegroom as best man.

A reception was held in the undercroft of the church immediately following the ceremony. The table, laid with lace, held the three-tier wedding cake which was adorned with miniature bride and groom. The table centerpiece was a shower bouquet of mammoth shasta daisies and fern. Miss Alma Spain ladled punch from a large crystal bowl at an end of the table and the wedding cake was served to the guests by Miss Naomi Treadway. Mrs. Louise Gray was in charge of the bride's book, which was signed by the wedding guests, immediate relatives.

Mr. and Mrs. Nance enjoyed a wedding trip and are now making their home at Breckenridge where he is employed by a furniture company.

MRS. J. D. HALL WAS HOSTESS TO CLUB. Word Home Demonstration club met Thursday afternoon in the home of Mrs. J. D. Hall. Mrs. Ernest Schaefer presided and minutes were read by Mrs. C. M. WE NEED ABILITY IN CONGRESS

R. M. (BOB) WAGSTAFF We cannot have a strong Congress unless it is composed of strong Congressmen. The problems facing this country in the post-war years demand the strongest Congress this country has ever known. We should not be satisfied with any other kind.

This nation must solve the problem of war or peace; must balance its budget and finance a \$270,000,000.00 debt; must maintain farm prices at parity levels so that agriculture will be on a level with industry; must eliminate most boards and bureaus and keep this government under control of the people's representatives.

Problems of this character can never be solved unless we send to Congress men who are well qualified for the office.

Bob Wagstaff is fifty-three years of age, a native of the district, a veteran of World War I, a successful lawyer of the highest standing. His record in the 42nd and 43rd Legislatures shows him to have been an outstanding leader with the ability to accomplish things in a legislative body. His record and experience qualify him to represent the people of the 17th District.

There is no substitute for experience. Wagstaff's years of experience as a successful lawyer, and his remarkable record in the Texas Legislature, guarantee that the voters will make no mistake when they

BRIEFLY TOLD

Bill Dill, popular and long-time resident of Cisco, was down town Saturday and visited the barber shop to "spruce up" for Sunday. His large circle of friends will be sorry to learn that "Uncle Bill" has entirely lost his sight in one eye. However, though past 85 (having been born in May, 1859), the Ciscoan still retains the genial smile for which he was ever noted. Always interested in politics, both state and national, he has not quite determined just how he will vote in the congressional and gubernatorial contests. But you may be assured that he will be at the polls on election day and exercise his mature judgment.

J. T. Berry of Stanton, who has been at Brown's Sanatorium here for the past month, plans to return home today. Mr. Berry, who served eight years as mayor of Cisco and who numbers his local friends by the thousands, has regained some of his former good health, but still suffers from the effects of a stroke he sustained last year.
