**SECOND HONEYMOON**—Sgt. Robert M. Hill, Bluefield, W. Va., carries his wife, Mary Sue, over the threshold of their new home in Tokyo. After their 18 months' separation, it seems like a second honeymoon. Maid is Japanese.

## Senate Today Voted Third Successive Setback to Opa

### 96-Year-Old Former Ciscoan Will Visit at Laguna Today

Word has so far been received from 125 former Ciscoans that they expect to re-visit Cisco during the Homecoming celebration set for August 11, 12 and 13.

However, the Homecoming committee's spokesman says he will not be satisfied until at least 250 names are on the list for the first celebration of what is expected to become an annual affair. To that end it is again urged that names and addresses of all former residents be phoned to the chamber of commerce — 395 — in order that Homecoming literature can be mailed to them immediately.

Included in the 125 who have stated they will be here in August are two real Cisco pioneers — Mr. and Mrs. J. H. Reed of Breckenridge, parents of Mrs. W. D. Hazel of Cisco.

Mr. Reed is 96 years of age and Mrs. Reed is 85.

Mrs. Reed was a Cisco school teacher when the only local school was a two-teacher affair. Mrs. Hazel could not give the year her mother taught here, but it was a long time ago. Mrs. Hazel's best recollection is that a man named Frank Kynet was principal, with Mrs. Reed as his assistant.

Mr. Reed operated a grocery store here previous to 1900. They both were born in Texas.

Among the many forms of entertainment to be furnished the August visitors are a bathing review sponsored by the PTA, a water polo contest directed by the volunteer fire department, golf tournament and fishing contests.

Boat owners who will take visitors out for an hour or two, or who will make their boats available to guests, free or otherwise, are asked to notify the chamber of commerce.

Prizes to be awarded to winners of the various contests are being offered to the committee. Among these are a \$25 war bond offered by the Cisco Lumber company and a \$10 cash prize by Cisco Daily Press. Merchants will not be solicited for prizes, but those who see fit to join the movement may telephone Dr. C. E. Paul, general chairman, or any member of the Homecoming committee.

### Government Predicts Huge Food Crops This Year

WASHINGTON, July 10. — The agricultural department said today chances are good that the American farmer will produce another bumper food crop this year, including a record corn crop of 3,341,616,000 bushels.

"The current outlook for total crop production has seldom been surpassed," the department said. "A record corn crop and near-record crops of wheat, oats, potatoes and rice appear in prospect."

"Except for 1942, the reported condition of all crops is the best in seven years."

The milk amendment was sponsored by Sen. Kenneth S. Wherry, R., Neb., who last night pushed through an amendment forbidding price ceilings on meat, poultry and eggs.

The milk amendment was adopted by a vote of 51 to 27.

It was the third successive setback to administration efforts to get through the Senate a price control bill to replace the amendment-riddled measure which President Truman vetoed June 29.

Earlier today the Senate adopted 42 to 31 an amendment by Sen. James O. Eastland, D., Miss., to prevent price ceilings on cottonseed and soybeans and their oil by-products.

There was strong indication that the senate would also vote to eliminate price ceilings on petroleum, tobacco and possibly other commodities.

This raised the possibility that the new compromise bill might confront another presidential veto.

**AN ANCIENT, BUT ILLEGAL ART**—In defiance of the law, many Japanese still get their bodies tattooed. Here an expert in Tokyo imprints his weird designs on the body of a woman. Tattooing was made illegal by the Japanese government many years ago and offenders still are liable to arrest.

### Plane Talk

The little Culver which Jack Lauderdale imported for the day, Sunday, attracted a great deal of interest. It seems unbelievable that a plane so small could carry two people at more than a hundred miles an hour.

Mr. and Mrs. R. L. Ponsler returned Sunday afternoon from their trip to Kansas. They reported a perfect trip in every respect. The last leg of the trip was from Shawnee, Okla., to Cisco, a distance of 265 miles, in which they used 13 gallons of gas. Both Mr. and Mrs. Ponsler were well pleased with the service and courtesy they received at each stop.

We were more than a little surprised the other day when a young girl about five feet two and weighing less than a hundred pounds walked up and announced she wanted to fly the PT. It took less than 20 minutes for me to find out she was quite competent to fly solo. Later I found out she was Betty Moore of Amarillo, niece of Mrs. Hazel Smith, manager of the Laguna. She started flying last year at 18; has a private license and more than 40 hours in the PT. She had made her first solo flight after only three hours of instruction. Guess you can't always tell by looking.

If these clear moonlight nights continue, a little night flying may be in order sometime this week.

### Jester at Eastland on Thursday Night; in Cisco Early Friday Morn

Beauford Jester, leading candidate for governor, will visit in Cisco Friday morning to discuss his "People's Path" platform.

The railroad commissioner is expected to arrive in Cisco about 8:15 a. m., Friday, from Eastland, where he will speak Thursday night at 8 o'clock.

Thursday he also will visit in McKinney, Fort Worth, Weatherford and Ranger, while from Cisco Friday he will go on to Baird, Abilene, Winters, Ballinger, Coleman and Brownwood, where he will speak at 8 p. m.

### Southwestern Life Had Business Gain of 43 Percent

A business gain of 43 percent for the first six months of 1946 for Southwestern Life Insurance company is indicated in information received here today from C. F. O'Donnell of Dallas, president, by the company's local representative, Jack D. Lauderdale.

Total paid-for business for the period amounted to \$44,505,000, President O'Donnell's announcement said.

The company's gain in insurance in force of \$31,220,000 for the first half of the year is the largest such gain for any similar six-month period since organization of the company.

### Price Control to Go Eventually; Why Not Now?

AUSTIN, July 10. — Inflation will reach its peak in thirty to sixty days after which prices will level out — if price controls remain off — Gov. Coke Stevenson predicted Tuesday.

Stevenson repeated his often-expressed conviction that government regulation of prices is wrong, impeding production and channeling commodities into the black market which should be handled through regular distribution facilities.

Eighty-three letters came to the governor on the subject of rent control. Forty-two writers, many of them with specific complaints against landlords, want rent control reinstated. Forty-one others, principally landlords and real estate people, oppose rent control.

Nobody, either a private citizen or legislator, has suggested that the legislature be called into special session to pass state rent control legislation, Stevenson replied to a question.

A Dallas apartment owner, whose name Stevenson did not reveal, complained that OPA had based rent ceilings upon abnormally low rents prevalent in Dallas during a prewar building boom.

The writer said new apartments of equal size had been allowed almost twice as much rent as those he owned.

After receiving reports that buttermilk, long absent from Austin grocery shelves, has returned at prices of 70c to 80c a pound, Stevenson made his prediction that it will take thirty to sixty days for prices to become adjusted after OPA's expiration.

"I don't think prices will reach the runaway stage," the governor added.

Larger expenditures by the public for any general purpose, such as rentals or housing, will subtract proportionately from the sum available for groceries and clothing, Stevenson said. In his opinion, this will cause prices for groceries and clothing to decline.

The big objective, rather than price control, is increased production, Stevenson explained.

The governor commended a speech made here by Wilson W. Wyatt, national housing expediter, on the program for building more houses and apartments.

"The only thing I didn't agree with was Mr. Wyatt's reference to the need for price control," said Stevenson. "I don't believe it is necessary."

**83 MILES UP.**

WHITE SANDS, N. M., July 10. (U.P.) — American rocket experts claimed a new world altitude record today as the seventh German V-2 rocket pierced unknown space 83½ miles above the New Mexico desert. The 46-foot giant of wartime terror and destruction roared away from its launching site yesterday amid an inferno of orange-colored flame and heat generated by the fuel mixture of alcohol and oxygen.

### Sidney Hillman of CIO Fame Passes at the Age of 59

POINT LOOKOUT, N. Y., July 10. — Sidney Hillman, Jewish immigrant, who came to the United States from Lithuania in 1907, died at his summer home on the south shore of Long Island at 8:30 a. m. today, of heart failure. He was 59 years of age.

As chairman of the notorious CIO Political Action committee, Hillman became nationally known as a leader in the labor ranks of the Democratic party.

Hillman, married and the father of two daughters, once said he regarded the strike as a weapon of the jungle. "But as long as we are living in an economic and social jungle we must resort to it," he said. "The civilized method is arbitration, not the strike."

### HITS AT VETO POWERS.

NEW YORK, July 10. (U.P.) — Attilio Nájera, retiring chairman of the United Nations Security Council, today attacked the council's failure to take active steps against Franco-Spain and vigorously criticized Russia's indiscriminate use of her veto powers.

**CHARGE INTERFERENCE.**

WASHINGTON, July 10. (U.P.) — The Senate War Investigating Committee was told today there was "interference" from Washington when Chicago army officers proposed to demand refund for a \$1,000,000 overpayment to one of the companies in a "paper empire" of war plants.

### CISCO HOMECOMING

Cisco, Tex., Home of The Cisco Kid.

### Russia Urges Centralized Germany With Own Industry

PARIS, July 10. (U.P.) — Russian Foreign Minister V. M. Molotov today urged a centralized Germany with its own industry and with a higher level of economy than heretofore agreed on.

He said his government did not believe in the policy of destroying Germany as a state or its transformation into an agrarian country without main industrial centers.

He said that Germany in the past had played an important role in world economy and must now be transformed into a Democratic peace-loving state, deprived of any war potential.

### Eisenhower Says 800,000 Army Is Needed for Years

WASHINGTON, July 10. (U.P.) — Gen. Dwight D. Eisenhower today predicted a peacetime U. S. army of not less than 800,000 men for the next 15 or 20 years.

The army chief of staff made the prediction in testimony before the house military affairs committee. He urged passage of legislation to increase from 25,000 to 50,000 the number of regular army officers.

In reply to a question by Committee Chairman Andrew J. May, D., Ky., Eisenhower said: "I can't see any possibility in the next 15 or twenty years of coming down below 800,000."

### TC BRIDGE RIO GRANDE.

WASHINGTON, July 10. (U.P.) — The House Interstate Commerce committee today approved a bill authorizing the state of Texas to operate a free bridge across the Rio Grande river at or near Del Rio, Tex.

### Foreign Riffraff Pours Into U.S.; Half Apprehended

MIAMI, Fla., July 10. — Since the end of World War II, millions of aliens have turned their eyes and hearts toward America and now are pouring into this country illegally — at the rate of 2,000 a day.

That is the estimate of United States Atty. Gen. Tom Clark, who said that of the 60,000 who entered this country unlawfully in a month, 30,000 were arrested by the Immigration and Naturalization Service, perhaps better known as the border patrol.

In the southeast, with its long coastline and proximity to islands of the Caribbean, the number of aliens arrested has jumped 800 per cent in eight years.

In 1938, the border patrol apprehended 803 aliens in the Atlanta district, which includes eight southeastern states. In the last six months, the number totaled 3,138. If the present trend continues, more than 6,000 will be picked up in this district alone this year.

### HIGH FOR CATTLE.

CHICAGO, July 10. (U.P.) — Cattle prices hit a new all-time high on the Chicago market today. Steers sold at a top price of \$22.75 per hundredweight.

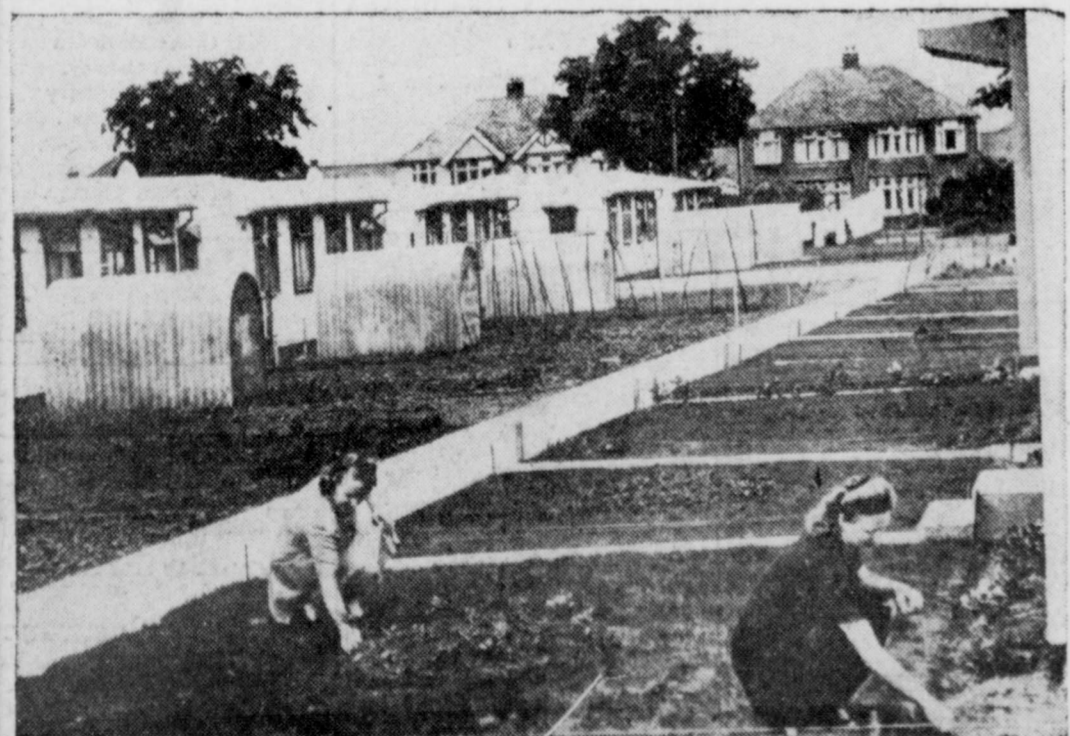

**HE LOVES 'EM TOO**—Peter Rauschenplat, Huntington, W. Va., youngster with a rare intestinal disease, has to eat bananas to stay alive. It is one food he is able to digest.

### ENDLESS RED TAPE.

WASHINGTON, July 10. (U.P.) — Chairman Charles B. Henderson of the Reconstruction Finance Corporation said today the war might still be going if the agency followed all the elaborate bookkeeping procedure apparently favored by Comptroller General Lindsey Warren.

**PORTUGUESE PRETENDER** — Dom Duarte Nuno, Duke of Braganza, pretender to the Portuguese throne, arrives in Lisbon with his wife and infant son.

**HOME SITES FROM A MUD HOLE**—It took six months to convert a mud hole into this neat model housing project in Cheltenham, England. Homes are prefabricated, tool sheds are old Anderson shelters. Each resident has a small garden plot.

 Per week, by carrier boy (carrier gets half)..... 12c

**FIRST THINGS FIRST.**

According to Raymond Fosdick, president of the Rockefeller Foundation, men are learning how to control nature before learning how to control themselves. "Discovering the right things but in the wrong order." Moral issues, in other words, have been relegated. In a sense, the president said in this report of the 1945 program, the Foundation, too, has done just that. Through fellowships and grants it has "played a part though unwittingly in creating the atomic bomb" in the face of the

organization's traditional purpose which is the widening of understanding between different races, faiths and cultures.

Dr. Fosdick sees fear of atomic energy as an ever-present threat over the present generation, unless, as Einstein thinks, it will push the realization of a united world. But even such a spur would bring no permanent peace, the Foundation head thinks, unless based on moral considerations.

Funders are waiting for the time when they can write that our secretary of state Byrnes his bridges behind him.

### SNOWDEN-SEIMS WEDDING TUESDAY.

Miss Mildred Snowden, daughter of A. E. Snowden of Cisco, became the bride of John J. Seims of Bakerfield, Calif., in a ring ceremony held at 7:30 p. m. Tuesday in the home of her sister and husband Mr. and Mrs. Bill Bledsoe, 802 West Twelfth street. Rev. Evan Holmes officiated before an improvised altar of greenery flanked by floor baskets of white gladioli, daisies and other seasonal flowers. Vases of cut flowers were placed in artistic arrangement about the rooms.

Mrs. Troy Powell furnished the organ music, playing as pre-nuptial numbers "I Love You Truly" and "Because." She played the bridal chorus from Lohengrin as the bride entered with her father, A. E. Snowden, who gave her in marriage, and played softly during the ceremony.

The bride wore an ice blue crepe dress with white accessories and for jewelry wore a lovely strand of pearls belonging to her sister. She carried a white Bible and a shower bouquet of white gardenias. Miss Jeane Snowden of Fort Worth attended her sister as maid-of-honor. Her dress was of pale green crepe with corsage of white gladioli and accessories of brown. Charles W. Alexander of Fort Worth was best man.

Immediately following the ceremony a reception was held honoring the couple.

The dining room was made festive with floral decorations and the dining table, overlaid with lace cloth, held a pretty floral center.

piece of King Asters and shasta daisies. The decorated three-tier bride's cake, topped by a miniature bride and groom, stood at an end of the table and, after the first slice was cut by the bridal couple, was served to the guests by Miss Wanda Marion of Dallas. Mrs. Joe McKinney of Cisco ladled punch from a cut glass bowl at the opposite table-end.

Mrs. Seims is a graduate of Hermleigh high school and a Draughn's Business college. She was employed at Camp Barkeley Headquarters, army service forces, before transferring to the internal revenue service in Abilene. She is former president of Alpha Omicron chapter, Beta Sigma Phi sorority and a member of the G. A. P. club.

Mr. Seims graduated from Daventon, Ia., high school. Her service forces training center. While overseas he was stationed at Manila and Leyte. He received his discharge in January, 1946.

The couple left on a honeymoon trip through New Mexico up to Las Vegas, Nev., after which they will make their home at 2900 Ninth street, Bakerfield, Calif. Mr. Seims is employed by Schlumberger Oil Well Service, Inc., at Bakerfield.

For going away the bride wore a two-piece brown crepe dress trimmed with blue butcher's linen and brown accessories.

Only immediate relatives of the bride and a few friends were present at the wedding and reception.

ent at the wedding and reception. Among those attending were A. E. Snowden, father of the bride; Mr. and Mrs. Troy Powell, Mr. and Mrs. Joe McKinney, Miss Wanda Marion of Dallas, Miss Jeane Snowden, Charles W. Alexander, Fort Worth; Rev. Evan Holmes and Mr. and Mrs. Bill Bledsoe.

### WALTHER LEAGUE HAD MEETING AT LAKE.

Guests and members of Grace Walther league met for a supper and topic discussion on the picnic grounds at Lake Cisco Sunday evening, July 7.

After the meal the group gathered to participate in a topic discussion led by Miss Dolores Witt on "Building the League." Miss Witt recently returned from the Walther league convention of the Texas district at Giddings, where the subject was discussed under the leadership of Rev. Clarence Peters of St. Louis. During the discussion it was pointed out that an active league, to function properly, must have well-trained, consecrated leaders and a program well planned and effectively carried out. The evening's activities closed with song.

Approximately thirty-five guests and members of the Walther league were in attendance.

**It Never Makes the Headlines—**  
... but the rather common occurrence of a purchaser buying real estate that the seller does not own is news that editors would like to headline if they were only in he abstract business and knew about it. It may be a serious matter for the buyer when he realizes that he purchased the property hurriedly and did not wait for an abstract. Among other things, the abstract reveals the record owner, the correct location and the title defects and liens, if any.

## BRIEFLY TOLD

Mrs. Robert Mancill, business manager of Graham Sanitarium, will leave Thursday for Dallas where she will be joined by her niece Miss Betty Lee Paschall of Randolph Field, San Antonio. They will depart by plane Friday for Los Angeles, Calif., for a two weeks' visit with Mr. and Mrs. C. T. Johnston. Mrs. Johnston will be remembered as the former Miss Maurine Shelton, grand daughter of Mrs. W. C. Shelton of Cisco.

Mr. and Mrs. A. J. Sanders and children Dorothy Ann and Mary Ellen Sanders, visited over the weekend at Tolar, Tex., with Mrs. Sanders' brother and family. Mr. and Mrs. Sanders have returned home, but their daughters remained there for a longer visit.

Mrs. Guy Self and son Gene Self of Mumford and Mrs. J. F. Lucas and son Curtis of Houston have re-

turned to their homes after a pleasant visit in Cisco with Mr. and Mrs. C. P. Cole. Mrs. Self, Mrs. Lucas and Mrs. Cole are sisters.

Mr. and Mrs. C. P. Cole of Abilene visited here Sunday with his parents Mr. and Mrs. C. P. Cole.

Mrs. C. H. Fee, Mrs. Alex Spears, Mr. and Mrs. Charles A. Spears and their guest Mrs. John W. Russell of Fort Worth, will go to Abilene this evening to attend the Reed-Williamson wedding. Miss Lillian Spears, who will participate in the wedding as bride's maid, was a former class-mate at Texas University of the bride-elect.

Mrs. W. L. Harrell went to San Angelo Sunday for a visit with her daughter Mrs. G. E. Berry. She was accompanied to San Angelo

by her daughter-in-law Mrs. F. E. Harrell and her daughter Mrs. Opal Hawkins.

Mrs. Mollie Alsbrook is spending the week with relatives in Breckenridge.

Mrs. Weidon Isenhower and baby have returned to Trent after spending the past week in Cisco with her husband's parents Mr. and Mrs. W. M. Isenhower.

Mr. and Mrs. F. F. Robertson and little son of Eastland visited in the home of her parents Mr. and Mrs. S. W. Altman Sunday.

Mrs. R. A. Cone has received word from her son Robert Cone, who has again joined the naval forces, that he is being sent to Shanghai, China, where he will have land duty for the next two years.

Miss Dot Cone has returned to her work as nurse at Duncan, Okla., after a visit with her mother Mrs. R. A. Cone and family. Also visiting the past Sunday in

their home were Mrs. Cone's daughter and husband Mr. and Mrs. L. E. Cotten and children Catherine, Phyllis Jane and Margaret Jo Cotten of Stamford.

Mr. and Mrs. Paul Vogt of Alpine, who have been visiting her parents Mr. and Mrs. J. T. Anderson, have gone to Galveston for a vacation trip. Their two daughters Carol and Betty Vogt remained here with their grandparents.

Mr. and Mrs. E. H. Lasater and family shopped in Breckenridge Monday.

Mr. and Mrs. Stuart Cate and son Tommy, who have been visiting his mother Mrs. J. B. Cate in Cisco and with Mrs. Cate's par-

ents at DeLeon, left Tuesday for their home in California. They were accompanied on the return trip by her brother and wife Mr. and Mrs. Smith, formerly of DeLeon.

Mrs. D. G. Alford and son Davy left Friday for their home at Tampa, Fla., after a visit of several weeks in the home of her parents Mr. and Mrs. H. R. Miller and with relatives at Rising Star. They were accompanied by Rev. and Mrs. Richard Crews and Mrs. H. R. Miller to Fort Worth, where they left by plane for Florida.

Mr. and Mrs. Will Jobe of Putnam spent today in Cisco visiting their aunt Mrs. R. M. Brummett, in the home of her daughter and son-in-law, Mr. and Mrs. Aigie Skiles.

Mr. and Mrs. George Sledge and children Larry and Dianna have just returned from a very enjoyable vacation. They made a trip to Jackson, Miss., stopping in Fort Worth, Arlington and Henderson,

Tex., for visits with relatives and friends. While in Jackson they visited Mrs. Sledge's sister and husband Mr. and Mrs. Frank Wheeler Jr. The Wheelers accompanied them on the return trip and will visit here for two weeks.

Mr. and Mrs. C. T. Marlow and son Ronald and their grand daughter Charla Marlow of Grand Prairie and Mrs. Jame I. Sander of Dallas are visiting in the home of their mother Mrs. W. E. McWhorter.

Alton Lunsford and two children of Monahan spent Tuesday night here in the home of Mr. and Mrs. W. M. Isenhower while enroute to their home from a visit with relatives in East Texas.

Mrs. C. A. Lasater returned Tuesday afternoon from a visit with relatives near Breckenridge.

Mr. and Mrs. Jesse H. Reynolds and daughter Mrs. Crystell Hood, Lana Cheryl Hood, Jesse Reynolds

Jr., Mrs. C. E. Reynolds and daughters Misses Marjorie and Catherine Reynolds, returned Monday from an enjoyable trip to Carlisbad Cavern.

Mrs. Ina Martin was expected to return today from a visit with her sister and family in Ranger.

Mrs. Cora Tabor of Clyde visited in Cisco Tuesday afternoon with her sister-in-law Mrs. R. M. Brummett.

Those you can get with an **OIL-PLATED** engine

**CONOCO**  
**N<sup>th</sup>**  
MOTOR OIL  
OIL-PLATES YOUR ENGINE

Breathes there an American who isn't checking on cars? Chief question is, "What's different for '46?" An OIL-PLATED engine brings you this swell difference: it will escape lots of carbon and sludge by escaping lots of wear. That special type of wear-defense—internal OIL-PLATING—will likewise favor your oil and gasoline mileage.

You can have an OIL-PLATED engine in any car—in the newest or oldest—just simply by making sure to use Conoco N<sup>th</sup> motor oil; that's all.

The difference in Conoco N<sup>th</sup> oil—patented—is its added ingredient that OIL-PLATES. This is done in a magnet-like manner—by making metals attract and hold lubricant. And that's what puts inner engine surfaces under cover of OIL-PLATING. It stands in wear's way; acts to prolong that new car feeling. . . . And it will act to prolong any older car's usefulness. So if that's your particular problem, change now to Conoco N<sup>th</sup> oil—at Your Mileage Merchant's Conoco station. Continental Oil Company
