NUMBER 227

105 YEARS YOUNG—James A. Hard, Rochester, N.Y., Civil War vet, lights up a cigar to celebrate his 105th birthday. Healthy and only slightly hard of hearing, the grand old man who smokes four cigars a day once thought he would die at 75.

Kimmmel, Short Get Blame For Pearl Harbor; Minority Says FDR, Hull Guilty Too

UT. Regents Name Clark Director of Cancer Hospital

Lt. Col. Randolph Lee Clark, head of the department of surgery at Randolph Field, San Antonio, has been chosen by the board of regents of the University of Texas as the new director of the M. D. Anderson Hospital for Cancer Research, at Houston.

Dr. Clark, son of Mrs. Randolph Lee Clark and the late Randolph Lee Clark of Cisco, is a grandson of Randolph Clark, co-founder of Texas Christian University. He was born at Hereford, Texas.

The Texan was graduated from the University of South Carolina and the Medical College of Virginia before interning at Garfield Memorial Hospital, Washington, and the American Hospital at Paris, France. He spent five years at the University of South Carolina.

By United Press.
WASHINGTON, July 20. — Congress Pearl Harbor Investigating committee today blamed Adm. Husband E. Kimmel and Lt. Gen. Walter C. Short for the Dec. 7, 1941, disaster, but disagreed sharply on the issue of the late President Roosevelt's responsibility.

An eight-man majority — six Democrats and two Republicans — submitted to congress a report specifically absolving Mr. Roosevelt and his cabinet.

But two other Republican committee members — Sens. Homer Ferguson, Mich., and Owen Brewster, Me. — insisted in a minority report that Mr. Roosevelt, some cabinet members and the military high command in Washington must share the blame with Kimmel and Short.

Kimmel and Short were the navy and army commanders in Hawaii when the Japanese unleashed their treacherous blow.

Ferguson and Brewster charged that Former Secretary of State Cordell Hull also "bears a grave responsibility for the diplomatic conditions" leading up to Pearl Harbor.

Both the majority and minority reports were filed in Congress today as the climax of a six months' investigation which covered 70 days of public hearings, assembled a record of about 10,000,000 words and cost an estimated \$75,000.

The majority report also offered specific recommendations to prevent any future "Pearl Harbor."

In New York, Kimmel had "no comment," while Short, now living in Dallas, Tex., said that "my conscience is clear."

OPA Conferees Armed Forces Will Agree, Only to Disagree Again in Atomic Control

WASHINGTON, July 20. (UP)—Senate and House conferees, breaking a five-day deadlock on the OPA Revival Bill, today agreed tentatively on restoration of rent controls and price controls on meat, dairy products, grain and other food items.

The conferees could not agree on the date for restoration of controls to the food items.

Young Tyler Man Disappears; No Trace is Found

TYLER, Tex., July 20. (UP)—Fears for the safety of Rayford C. Powell, 26, of Tyler, continued to mount today as no trace of his whereabouts had been found since Monday by Smith and Franklin County officers.

Powell's automobile was found on Highway 37, near Mt. Vernon. His wallet had been emptied and left on the seat of the car.

Mrs. Powell said her husband, an employe of the Toledo Scale Co., had left home about noon Monday to make a service call at Mineola. Officers feared he may have been attacked and robbed by a hitchhiker.

WAR ASSETS HEAD QUILTS.
WASHINGTON, July 20. (UP)—Lt. Gen. E. B. Gregory bowed out as War Assets administrator tonight with a warning that "mud-slinging" for selfish purposes threatens to demoralize the disposal of surplus property.

Head of All Red Ground Forces is Thought Replaced

NEW YORK, July 20. (UP)—Marshal Ivan S. Konev is believed to have replaced Marshal Georgi K. Zhukov as commander of all Red Army ground forces under circumstances suggesting that Red Army commanders who have associated more or less closely with Russia's Western Allies are being relegated to unimportant posts.

No announcement has been made in Moscow of Konev's promotion to the Red Army high command. Nor has there been an official announcement as yet that Zhukov has been ousted from his high post and sent to Odessa to command the relatively unimportant military district there.

Texarkana Aldermen Charged With Accepting Bribes

TEXARKANA, Tex., July 20. (UP)—Investigation by a Bowie County grand jury has begun on accusations that three city aldermen accepted bribes in a Texarkana real estate transaction.

The accused aldermen lost their first round yesterday when they failed to prevent Special Prosecutor Otto Atchley from entering the grand jury room.

The aldermen contended that Atchley as attorney for the Texarkana Gazette and Dallas News should be disqualified from sitting with the jury because the city officials involved were considering filing a libel suit against the newspapers.

The officials allegedly accepted \$1,000 each in connection with speculation on certain city property.

The accusations were made by Mayor W. N. Harkness, former county attorney of Bowie County, who took office only a few months ago.

ENLISTMENTS PLEASING.
WASHINGTON, July 20. (UP)—Rep. Dewey Short, R., Mo., said tonight that he believed the draft holiday could be extended beyond Sept. 1 if the June rate of enlistments continued.

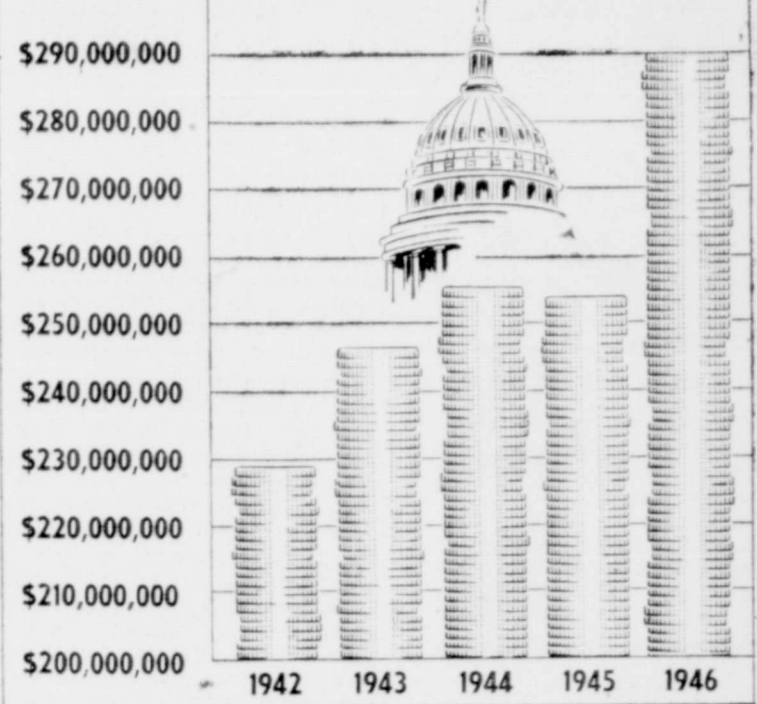

The Senate previously had approved a bill vesting control in an all-civilian commission, and it now appears that the legislation will be sent to a House-Senate conference committee to adjust differences.

TO CONTINUE FIGHT.
HOUSTON, July 20. — Carpenters have voted to stay with the Houston Building Trades Council for a "finish fight" in the dispute over recognition of the common laborers and the teamsters unions in the building industry.

CISCOAN WAS TOPS.
Kenneth Huffman of Cisco, recently discharged from the navy, was selected by Miss Yvonne De Carlo of Hollywood, Calif., as the year's most marriageable man in a Romeo contest sponsored by Lindenwood College, St. Charles, Mo. The choice was made by sending in photos of young men throughout the country who are friends of Lindenwood students. The Cisco young man has received an autographed picture of Miss De Carlo.

RISE IN STATE REVENUES

An increase of 26 1/2 per cent in revenues of the State of Texas in the last five years without any increase in tax rates is shown by the above chart. This study of revenues was made by Beauford H. Jester, candidate for governor, for the purpose of showing that normally increased business conditions will cause the revenues to stay at a high level and will furnish enough money to expand the various functions of the State Government without the necessity of levying any new taxes.

Rainey, Jester, Mother Left In-Sadler Are Top Spenders in Race; Child Drowned

AUSTIN, July 20. — "Syrup bucket" donations have yielded \$510 for support of Jerry Sadler's gubernatorial campaign, and 271 persons have contributed \$6,908.55 in amounts ranging from 5 cents to \$500 to aid Homer P. Rainey's candidacy, their second expense accounts showed today.

Expense accounts filed in the secretary of state's office on the July 19 deadline reveal that Beauford Jester personally has been the top spender in the race for governor thus far with expenditures totaling \$5,986.08.

Candidates in major races, expenditures and donations received, respectively, are as follows:

Governor's race:
Jester—\$5,986, 2,370; Rainey—\$4,333, 6,908; Sadler—\$4,602, \$510; Grover Sellers, \$3,397, 1,060; John Lee Smith, \$2,395, 1,765.
Lieutenant governor:
Boyce House \$507, \$507; Allan Shivers, \$826, no donations reported; Jo Ed Winfree, \$783, \$1,250.
Attorney general:
Price Daniel, \$1,831, \$170; Pat M. Neff Jr., \$1,336, 1,155.

ARMY ENLISTMENTS.
WASHINGTON, July 20. — New enlistment figures kindled hope in congressional quarters today that the army may be able to prolong its voluntary induction holiday.

Latest returns show that during June there were 62,493 enlistments in the army, or more than 20,000 above what the war department regards as its average monthly needs.

REDS GET THEIRS.
VIENNA, July 20. — Austrian sources reported today that the Red Army had seized more than 40,000 acres of land and 72,000 tons of newly harvested crops. The seizure is similar to an attempted confiscation of land made by the Red Army several months ago which was called off due to Austrian protests.

Mayor Lee Names Cisco Man Owns Six Members to Beautiful Palomino Twin Colts Housing Com.

Names of the six members of a Veterans Emergency Housing committee appointed to serve in Cisco under the National Housing Administration emergency housing program were announced Saturday by Mayor Edward Lee.

The committee was selected to be as representative as possible, including members from the city government, veterans organizations, the senior and junior chambers of commerce, agriculture and the building trades.

Personnel is Mayor Lee, chairman; M. E. Fry, S. H. McCannies, E. L. Jackson, J. R. Deen and Jack Lauderdale.

The committee will survey and establish building needs, particularly for veterans, in Cisco under the program now being carried out by National Housing Administrator Wilson Wyatt. Through its efforts an adequate supply of building materials to take care of estimated construction needs within the city and immediate rural areas is expected to be assured from resources available to NHA.

Mayor Lee said that the group would be called together soon to begin work on its program.

Miss Shirley Strane of Kansas City, Mo., and Miss Ann Mitchell of Dallas are guests of Miss Linda Fee. The three girls were classmates at Lindenwood College, St. Charles, Mo., last year.

M. L. Agnew, 605 W. Eighteenth street, Cisco, is the lucky owner of Palomino twin colts, the first of which there is any record in West Texas.

The colts — and they are beauties — will be three months old on July 27 — primary election day.

The dam, a thoroughbred, came off the Marvin Allen ranch near Marfa and is six years old. The sire is a registered quarterbred, Mr. Agnew stated.

The owner herewith offers a prize of \$5 to the party suggesting acceptable names for the colts. Those wishing to submit names may address M. L. Agnew, PO Box 744, Cisco, Texas.

CISCOAN ON HONOR LIST.
DENTON, July 29. — Dorothy Ann Jackson, daughter of E. L. Jackson of Cisco and a student at North Texas State College, has been listed among the 248 juniors and seniors at North Texas State College who are on the dean's honor list for the first six weeks of the summer session. Surpassing last summer's figure by 299, the 1946 summer dean's honor list of students, with an average grade of B and no grade below C, includes the names of 738 upperclassmen, with 248 juniors and seniors and 490 graduates. Miss Jackson, a junior Spanish major, is a member of Sigma Delta Pi sorority and Future Teachers of America.

HUNGRY CHINA—The look of China is in the hungry eyes of this aged Chinese as he prepares to eat the little food available to him. The Red Cross is helping to increase supplies.

THE MARINES HAVE LANDED—This time it is only in fun. Marines in blue coats and red trousers charge ashore at Monterey, Calif., to reenact the landing that claimed the territory for U. S. Sailors manned the whaleboats coming in and now guard the beach.

NEWEST AMERICAN IN JAPAN—Only reaction of John J. Protopappas, II, to news that he is first American baby born in Japan since the war's end is a bored yawn. Pop is an ex-GI, now with Economic Section of GHQ in Tokyo. Mama was interned by Japs during the war.

Education Needed.

About inflation, he was not positive. He said "I don't know. There are so many uncertain factors involved that it is very complicated. If OPA is not restored, I don't know what will happen."

Pointing out that OPA was failing anyway, that it had been granting higher prices almost daily before its June 30 demise and, even then, seemed hopelessly lost, I asked for another opinion.

My question was: "Assuming the OPA is gone for good, then what do you think about inflation?" His reply was music to my ears. He said "There's only one alternative—education of the public. We can readily prevent inflation and attain sound prosperity if we will all do the right things." He is right! No republic can live long if the public is not well enough educated to do the right things.

Boost the Program.

When our people must be regimented into doing the right things, our country will be a republic no longer. Thousands will want to compliment the Secretary upon being ready with something better than an alternative for OPA, far better than price-fixing by law. If other readers will join in this sound program of education, we can make progress on the only possible road to success.

There are two main things that Secretary Snyder wants to teach the American public: (1) Government labor and industry must work together for maximum production, promptly. This is job insurance. This is a fender against inflation. (2) While driving for production, educate people to buy prudently and spend for essentials only. The world's one remaining powerful republic can be preserved this way.

MRS. C. S. TOWNSEND.

"The Name of Christ"

Men say there is nothing in a name. The Bible says "SALVATION IS IN THE NAME OF CHRIST, and in none other." (Acts 4:12-13). Proverbs 18:10 says SAFETY is in the name of the Lord. God has highly exalted Christ and given Him a name that is "above every name." (Phil. 2:9). Christ's followers should do nothing in word or deed that they cannot do in the name of the Lord Jesus. (Col. 3:17). As followers of Christ His disciples are called CHRISTIANS. (Acts 11:26). This is a "worthy name" (Jas. 2:7). Paul persuaded men to be Christians. (Acts 26:28). Peter said, "If any man suffer as a Christian let him not be ashamed, but let him glorify God in this name." (1 Pet. 4:16). We notice, however that it was indi-

vidual disciples of Christ who were called "Christian." The churches were nowhere so called in the New Testament, but were called "churches of Christ" (Rom. 16:16). As a citizen of TEXAS, I am a "TEXAN." The state is not "Texan," but "Texas." So the New Testament church is—"church of Christ"—it's members—Christians! The church is "the Bride of Christ" (Eph. 5:23-32; Rom. 7:4). The Bride should always honor the Groom by wearing His name. This has been God's will from the beginning of time, for it is said of the first man and woman, "And God called THEIR name Adam." It is of Christ that the whole family of God is named today. (Eph. 3:14-15.)

ROBERT R. HERRING Candidate for Congress

To the Voters of 17th District of Texas:

Today, we citizens of the United States stand at a crossroads. Upon the decisions you make and put into action on July 27th may depend the future course of our American life. If we fail, through our aroused actions, to secure an honest, strong willed group of representatives in the Congress at this election, we will undoubtedly continue on this road of economic distress. I have tried during this campaign to place my full and exact beliefs before you that you may justly consider my candidacy for the office of your representative. I have tried to point out that I believe many Americans today are blind to the true values of our life because of the greed for dollar bills, and I feel that enough men who realize the cost of these last four years, with all of its loss of life, can return our government to sound values and to you as average citizens.

I earnestly request your deepest consideration at the primary election, July 27th.

Sincerely, ROBERT R. HERRING. (Political Adv.)

PINNELL FAMILY IN ANNUAL RE-UNION.

The Pinnell family held their annual family re-union at Lake Cisco, July 12, 13, 14. Discontinued during the war, the annual meeting was resumed last week. In spite of the fact that a number of the family groups are still in the armed forces and were unable to be present, the attendance this year was very large and representatives of all branches of the family were present. Some came from as far west as California and as far east as New York and from at least five states. TWO WERE HONORED WITH LOVELY SHOWER.

An unusual and lovely double shower was given Tuesday night on the spacious lawn of the A. Z. Myrick home, which was brilliantly lighted for the occasion. The shower honored two recent brides, Mrs. James L. Qualls and Mrs. Darvin Krisell. As the guests arrived they were directed by Mrs. Wayman Johnson to two tables for registration which were presided over by Mrs. James R. Wright of Arlington and Mrs. Roy Burnam of Abilene.

During the evening piano and vocal numbers were furnished by Mrs. Randolph Lee Clark, assisted by little Miss Anita Davis. An original composition by Mrs. Clark featured the two bridegrooms and was sung by her, which heightened the program.

Punch was served from a table covered with lace cloth, which held as a centerpiece an arch woven with fern and small white blossoms flanked on the sides by tiny

Bob Wagstaff Is Qualified

In electing Bob Wagstaff to represent it in the Congress, the 17th District will send to Washington a man who is well qualified for the office.

He is a native Texan, born and raised in Abilene, fifty-three years of age, and was educated at Hardin-Simmons University and the University of Texas Law School. He is recognized as a successful lawyer of the highest character and standing in his profession.

He enlisted as a private in the infantry, and in World War I commanded a company in the 142nd Infantry, 36th Division. Veterans of World War II will find in him a man who understands their problems.

He represented his District in the 42nd and 43rd Legislatures. He was the author or joint author of the oil and gas conservation laws under which the Railroad Commission regulates the production of oil and gas; the act transferring funds for the payment of Confederate pensions; laws relating to the leasing and sale of Public School Lands; the act giving cities and towns prior rights to the use of the water of Texas rivers in preference to public utilities, power companies and irrigation; and the first act creating the Big Bend Park System in far West Texas.

In addition to the above he also took a prominent part in the legislation for the assumption of the County Road Bonds out of the gasoline tax. He was appointed Chairman of the House Committee which wrote the bill, and was appointed a member of the Conference Committee which drafted the final bill, this being the act under which the state now operates for the assumption of County Road Bonds.

There is no substitute for experience. Bob Wagstaff has the necessary experience to make the 17th District a GREAT CONGRESSMAN.

"I have yet to meet a man who could get along with so many people — so well — in so many places." This was the tribute to Gib Sandefer by Melville de Mellow, Managing-Director of the All-India Radio Station, Delhi, India.

GIB SANDEFER.

Friendliest West Texan for Representative 17th Congressional District

"Son, I've met thousands of people in this world, but never a man I didn't like," the late Will Rogers told a youthful Gib Sandefer 20 years ago on the Hardin-Simmons University campus where the famed humorist and goodwill diplomat was a guest.

And that oft-repeated saying of Will Rogers has been Gib Sandefer's creed Down through the years. He has traveled the world over, and everywhere he has made and left friends.

Gib Sandefer was born and reared in the 17th Congressional District. He is 40, married and the father of one daughter. He is not wealthy, not aspiring to attain great quantities of the world's goods, but finding greater wealth instead in the friendships of his fellowman.

He attended Abilene Public Schools. In 1927 he was graduated from Hardin-Simmons where for 31 years his father, the late Dr. Jefferson Davis Sandefer, was president. He remained with the University as business manager of Athletics and as manager of the famous and colorful Cowboy Band. It was through his ability to make the right contacts that the band toured 12 foreign countries, gave command performances before the crowned heads of Europe and traveled 500,000 miles spreading in music and spirit the tradition of the West Texas Cowboy.

In 1929 Gib Sandefer bought a small ranch in Nolan County, and operated it with success until disposing of it in 1942.

He declined a Navy Commission that carried a desk assignment in Washington, D. C. to become a Field Representative of the American Red Cross in various combat areas of the recent war — in Africa, in Italy and in the China-Burma-India theater. Home, he toured the United States as a lecturer asking for greater world fellowship and a more thorough understanding of the other man's problems as the means of assuring peace in the world. He recently declined a lucrative radio contract in order to offer his services in a far greater field—as representative of his district in the halls of Congress.
