Cisco Youngster Fire Chief and Won \$50 and Cup Marshal Ask Citizen Cooperation

Larry Bill Jackson, 18-month-old son of Mr. and Mrs. Bill Jackson of Cisco, was the winner of the recent Eastland county baby photo contest, which was sponsored by the Shultz Photo Studio of Eastland.

The Cisco youngster, whose parents have just moved to Marshall, Tex., received a cash prize of \$50

LARRY BILL JACKSON.

and a beautiful trophy cup. Mrs. Jackson was the former Miss Larue McMurray of Cisco.

Second prize was won by Katherine Ann Lindley of Eastland, and third prize by Michael Horner of Eastland.

Other winners were, from Eastland, Max Folmer, G. S. Clark, Linda Faye Powers, Barbara Hightower, Sherry Ann Fox, Wanda Jo Arthur, Carolyn Mirl Maxwell, and Janice K. Poe; from Cisco, Linda Pippin and Lloyd Ronald Fox.

EXOTIC is the word for Renee Carson whose black evening dress and up-sweep hair-do give her a touch of worldliness. She is under contract at 20th Century-Fox.

H. O. Anderson, Cisco fire chief, and Clint Britain, fire marshal, herewith present a few timely fire prevention suggestions which all good citizens should carefully read and remember.

Cisco has always possessed a highly efficient fire department, most of the members of which are volunteers, but a citizenry ever awake to the menace of fires that may get beyond control, is fully as valuable as the department itself. Working together, these two forces spell SAFETY for Cisco and its people.

Suggestions.
"Most fires are preventable. Especially those in dwellings. Good housekeeping is the number one method of controlling careless fires. First: In fire hazards—notably in electrical cords that are frayed and worn. Second: Accumulated rubbish in the storeroom, cellar or attic. Rubbish is a double fire hazard. It may ignite spontaneously, or it may serve as fuel for a stray spark. Never burn your rubbish in the open. A covered incinerator to control the sparks is the safe way. Always set the incinerator well away from the garage or other out buildings.

"That your fire department may give you protection and keep your insurance rates low, these simple rules will aid them greatly: When you have grass you want burned, call the fire department and they will assist you. Do this before 6 p. m. Don't start too large a fire. At the first sign of any fire, call the fire department, giving the name and street address. Keep matches away from children.

"As stated, your fire department is waiting to serve you at all hours, and you have an efficient one. But, unnecessary carelessness works a hardship on these men who volunteer to give you protection. They work at other jobs and when a fire breaks out they do not take time to change clothes, and many times they ruin their clothes in their unselfish desire to save fellow citizens the loss of home and belongings.

Remember: The more fires . . . the more losses . . . the more losses . . . the more cost . . . the more cost . . . the less to spend . . . remove those hazards, and that's the end . . . of those unnecessary fires."

MAUZEY THANKS VOTERS.

Judge Albert S. Mauzey of Sweetwater, candidate for the court of civil appeals, issues this statement to the people of Eastland county: "I am thankful for the support I received in Eastland county, the same as if I had been elected, and I have no regrets or bitterness over the result."

GIs Tell Gruesome Tales of Defective Ammunition

Lion LaRoque Has Water Polo Contest - 20-Year Perfect Attendance record Large Audience

Visitors at this week's Lion luncheon were Gordon Duncan, Temple; R. B. Ross, Brownwood; Rev. Richard Crews, Cisco. A new Lion cub was present in the person of Standlee McCracken.

The Homecoming Barbecue committee reported everything coming along nicely and it was again brought out that all those who purchase the \$1 Booster buttons will receive an invitation to the barbecue.

H. R. Garrett told of his trip to the Philadelphia convention and related some of its activities. He said the delegates from South America wore their native dress in the big parade.

Lion Charles S. Sandler contributed \$25 toward the Bathing Revue and it was voted to eat sandwiches only at next week's meeting, all members to then get out and sell Booster buttons.

It was brought out that Lion W. H. LaRoque is the only Lion in Texas with a perfect attendance over a period of twenty years; and that there are only 25 with this fine record in the world.

It was announced that Dr. C. E. Paul, personally, has sold more than 100 Booster buttons.

REJECT REUTHER PLAN.

DETROIT, Aug. 1. (AP)—Chrysler Corporation joined the Ford Motor company today in rejecting a proposal by CIO United Auto Worker President Walter P. Reuther for an industry-wide labor-management conference to speed-up lagging auto production.

WANTED—Boy for service station. Roy Huffmyer. 236

The Water Polo contest to be staged on E avenue between Fifth and Sixth streets on Monday, August 12 — second day of the Homecoming celebration — will be an unusually interesting feature for visitors as well as Ciscoans.

It will be sponsored by Cisco Fire Department, with firemen from the departments of Eastland, Rising Star and Baird joining in.

There will also be girl teams from each of the neighboring cities.

The park just north of the post-office will be reserved for those who wish to watch the water duels, the latter to be held in the street between Fifth and Sixth. The hour set is 5 p. m.

Wife of UT Professor to Campaign for Rainey

AUSTIN, Aug. 1. (AP)—Mrs. Alfred Taylor of Austin, politically active wife of a University of Texas professor, today had quit her official post with the state Democratic executive committee to campaign for Dr. Homer P. Rainey for governor.

It was not the first time Mrs. Taylor has taken a walk. It was she who led the march of fourth term Democrats from the state Democratic convention of May, 1941, when it became apparent that the Roosevelt forces had lost control of the meeting.

By United Press.

WASHINGTON, Aug. 1. — The Senate War Investigating committee today heard from a former GI that American soldiers were "literally murdered" overseas by premature explosion of defective ammunition.

The charge was made in one of a series of eyewitness letters from former servicemen — letters filled with brutal details of the killing and wounding of combat troops by defective R-2-inch mortar shells, both in this country and abroad.

Sen. James M. Mead, D. N. Y., chairman of the War Investigating group, disclosed the letters as the committee pressed a full-scale probe into casualties inflicted on American soldiers by such premature explosions.

Another GI charged that a gun crew in the 84th Chemical Mortar Battalion in Italy was wiped out by the misfiring shells. He offered to supply the committee with lot numbers of faulty ammunition supplied to another mortar battalion, the 100th, also in Italy.

The letters were made public following a disclosure that the committee will study the aluminum, automobile, aircraft and shipbuilding industries as part of its separate war profits inquiry.

A committee source said the group was not necessarily looking for anything "criminally wrong," but wanted to know if high wartime taxes and contract renegotiations "took the profits out of war," as Congress intended.

TERMINAL LEAVE BILL.

WASHINGTON, Aug. 1. (AP)—The Senate passed by voice vote today and sent back to the House a \$2,796,612,917 supplemental appropriation bill including funds to pay GI's for terminal leave and to provide automobiles for war veteran amputees.

CIO Ballot Watchers Ejected From Memphis Building

MEMPHIS, Aug. 1. (AP)—Two ballot watchers of the CIO Political Action committee, stationed at ballot boxes during today's heated Tennessee primary, were forcibly ejected from the building, and a newspaper photographer and his camera seized when he tried to take pictures of another voting scene.

E. H. Crump, Shelby county political leader and supporter of Sen. K. D. McKellar, Tenn., in the heated senatorial race, said the ejection of PAC representatives was due to "over-zealousness" on both sides. The PAC was heavily supporting Edward W. Carmack against the veteran McKellar.

Truman Says Federal Spending Must Be Reduced 30 to 40 Percent

WASHINGTON, Aug. 1.—President Truman today called on all federal officials to keep public expenditures "at the lowest possible level."

In a formal statement, Truman declared that reductions in federal expenditures are imperative in view of "the present inflationary situation."

The president's statement was contained in a letter to the heads of all executive departments and agencies. It said:

"We must do everything within our power to reduce inflationary pressures. One of the most effective means of doing this is to reduce federal expenditures."

IN A CHORD—Famous bandleaders Guy Lombardo, left, and Vincent Lopez get together at New York City's Waldorf-Astoria to exchange a few notes. And from the looks on their faces the key to the whole situation seems to be complete harmony.

Most Abilene Dry Lieut. Governor Cleaners Go Up Candidate is Out With CIO

ABILENE, Aug. 1.—A majority of Abilene's dry cleaners went up on their prices between 30 and 40 percent today, but most of them were looking forward to a prospective OPA survey within the next two or three weeks to clarify the situation, a survey of the managers of cleaning services revealed.

Of those contacted, who said they had not raised prices, all of them said they were expecting to increase prices soon. Some were awaiting OPA action.

Prices increased from 25 to 35 cents for trousers and 50 to 65 cents for suits and "plain" dresses. Some prices, already higher than the minimum, went to 40 cents and 75 cents, it was reported.

Mrs. Iva Wroten, Abilene area OPA administrator, said she had heard nothing about an OPA survey of cleaning prices here but that such a survey would have to be ordered by the Fort Worth office.

Cleaners listed increased prices of solvent and other products as requiring price hikes to maintain a profit.

AUSTIN, Aug. 1.—A political clash was out in the open today between State Senator Allan Shivers, run-off candidate for lieutenant governor, and the C. I. O. leaders of his Port Arthur home precinct.

After his name had been struck from a precinct's list of delegates to the Jefferson county Democratic convention, Shivers rapped pointedly: "The noisemakers and radicals are opposing me now because they could not dictate to me during my 12 years in the senate and they know they will not be able to dictate to me as your lieutenant governor."

The action against Shivers was during a CIO-dominated precinct convention held Saturday.

"I do not want their endorsement," Shivers said. "My opponent is welcome to it."

BUTTER PRICE DROPS.

DENISON, Aug. 1.—Local merchants report that a buyer's strike has toppled butter prices in Denison from the 88-cent maximum to 69 cents a pound. One merchant said he would sell butter Saturday for 60 cents a pound.

COUNTY CONVENTION SATURDAY.

Oscar Lyster, Democratic county chairman, informs the Daily Press that the county convention will meet in the district court room at Eastland, Saturday afternoon. The hour will be 2 o'clock.

FOR SALE—Fur coat, Llama Chubby. Practically new. Bargain. Phone 535.

Thomas would bolster Faith in International Law

WASHINGTON, Aug. 1. (AP)—Sen. Elbert Thomas, D., Utah, today urged the Senate to bolster man's faith in international law by approving a resolution committing the United States to submit certain international disputes to the world court.

He said approval of the resolution was necessary to assure other nations that the U. S. will rely on law rather than force in the post-war world.

GREATLY WEAKENED.

WASHINGTON, Aug. 1. (AP)—The House Military Affairs committee made public today a greatly weakened version of a previous subcommittee report recommending revision of the army court-martial system.

CREW, PASSENGERS SAFE.

NEW YORK, Aug. 1. (AP)—The 8,000-ton freighter American Farmer went down in the Atlantic 400 miles west of the English Channel after a collision with another vessel today, but six passengers and the crew of 51 were rescued, the war shipping administration disclosed.

PNEUMONIA THE CAUSE.

NEW YORK, Aug. 1. (AP)—The soldier whose death aboard the Troop Transport Colby Victory precipitated fears of a diphtheria epidemic among the ship's 1,069 officers and soldier passengers yesterday, died of pneumonia, an autopsy revealed today.

DREAMY-EYED Sheila Ryan is a summer-time vision of sweet, fresh American girlhood in this ruffled off-the-shoulder blouse. She next appears in 20th Century-Fox's "Deadline for Murder."

OUT OF THE COAL TOWNS INTO THE SUNSHINE—One of the outstanding examples of summertime efforts to combine education with healthful recreation is this camp for miners' children located near Hinton, W. Va. It is one of seven vacation camps established by a coal company, and it plays host to about 800 boys and girls each summer. The camp teaches better care of health, arts and crafts, life saving and home sciences such as bed making and house cleaning. Children get lots of fresh food and all the milk they can drink; some gain as much as eight pounds during their two weeks' stay. Cost for two weeks, in-

cluding transportation, is \$7 per child. The camp operates during two months of the summer. Photo, top, shows a general view of the boys' section. Main dining hall is at left. Devotions are not forgotten. Girls, upper left, say their good-night prayers. After a big meal, youngsters, upper right, carry their dishes back to the camp kitchen. Virgil Beckett, lower left, camp director, is "Bucket" to the kids. To make the swimming hole back home a safer place, campers, lower right, get a thorough lesson in life saving techniques. "Classroom" is a float anchored in the middle of the swimming area.

MORE SIN.

That preacher, R. J. Soper, who told a Methodist Conference in London that "pulpit vocabularies should reincorporate the old-fashioned word 'sin,' because more euphonious substitute phrases tend to soften its impact," doubtless had something the world needs to hear. At least, his comment has been quoted and requested widely ever since. The deliberate breaking of moral law by any name, is sin, and it is well to use the simple word which gives no excuse for being misunderstood.

However, Mr. Soper seems to have left something out. Sin is only the negative side. The breaking of law is destructive — it is the keeping which is positive and constructive. Isn't more emphasis on that side — on the side of simple goodness — what we really need?

Ella Wheeler Wilcox wasn't much of a poet, though she had her values in proving that women could do intellectual and literary work when needed, in a day when women's ability to do anything but manual household tasks was doubted. She wrote, however, one bit of verse which still stays in the memory of those who learned it when young. It expresses well the other, brighter side of the sin picture:

So many paths which wind and wind—
When just the art of being kind
Is all this sad world needs."

SOLE HERITAGE.

Whether we traffic with young or old,
Whether our burden be heavy or light,
Made we are for the dust and mold—
Dust and mold is our only right.

Though we may hide on a wind-
swept shore,
Or count the buds on a homing
tree,
Love shall tap at our lonely door—
That shall come which was meant
to be.

Let us walk life's road as it now
appears
With steps as light as thistle-
down.

What though the outcome be
smiles or tears,
What though the pathway be up
or down . . .

This is the way that we all must
live
Whether it lead to love near or
far,
Whether the mandate be take or
give—
Cold as the moonlight, aloof as
the star.

—Clare McDermott in
Hartford Courant.

Travels Equivalent of 40 Times Around Earth

This 1940 Chrysler taxicab, owned and still operated by the Oliver Taxi and Ambulance Service, of Tacoma, Wash., has over 1,000,000 miles to its credit. Its original engine was replaced after 228,000 miles with no major repairs. The second engine now in use also has been free of major repairs. Left to right in the picture are Everett T. Steven, Chrysler dealer who sold the car; Erling Bergerson, Office Manager of the taxicab company, and Tony Day, who has put much of its mileage on the vehicle.

It Never Makes the Headlines—

... but the rather common occurrence of a purchaser buying real estate that the seller does not own is news that editors would like to headline if they were only in the abstract business and knew about it. It may be a serious matter for the buyer when he realizes that he purchased the property hurriedly and did not wait for an abstract. Among other things, the abstract reveals the record owner, the correct location and the title defects and liens, if any.

The cake was cut by the hostess and served with ice cream to the following: Richard Kleiner, Chip Drumwright, Emmalee Heltzel, Carole Mayhew, Barbara Cearley, David and Dal Eider and Carl Kleiner.

The honoree received a number of nice gifts from his friends which were displayed. It was regretted that a number of little friends were hindered from attending by not receiving their invitations in time to be present.

MISS EVELYN PIPPEN HOSTESS TO GROUP

Miss Evelyn Phippen was hostess recently when Young Women's

auxiliary of First Baptist women's missionary union met in her home for regular meeting, with Miss Louise Norris presiding.

The meeting opened with group singing of the song "Our Best," which was followed by prayer. A business session was conducted and minutes of previous meeting were read by Miss Dorothy Grant. Miss Robbie Jo McNeely brought the devotional and directed the program on "Nationalism." Prayer by Mrs. A. F. Ashenbust, sponsor, closed the meeting.

A social hour followed during which refreshments were passed to Misses Louise Norris, Dorothy Grantz, Greta Kay, Earleene Steel, Wanda Rathmell, Robbie Jo McNeely, Marjorie and Katherine Reynolds, Evelyn Phippen, Mrs. A. F. Ashenbust and an out-of-town guest Miss Lillian Rose of Glade-water, a visitor in the home of Dr. and Mrs. C. M. Barnes.

Kidneys Must Remove Excess Acids

Help 15 Miles of Kidney Tubes Flush Out Poisonous Waste

If you have an excess of acids in your blood, your 15 miles of kidney tubes may be overworked. These tiny filters and tubes are working day and night to help Nature rid your system of excess acids and poisonous waste.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness

under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Kidneys may need help the same as bowels, so ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

FREIGHT CAR PILE-UP—An eastbound freight car jumped its rails near Wickliffe, O., and struck a westbound engine. In the ensuing pile-up, 37 other freight cars were wrecked or derailed, and lumber, grain and wool were strewn along the right-of-way. No one was hurt.

MASS EVICTION—A sign of the times is this line-up of furniture outside a Cleveland, O., apartment where four tenants were evicted at one time. City Councilman Henry W. Speeth, who owns the apartment, claimed that he had the tenants dispossessed so that he could have the rooms remodeled and thereby take them out of the fire hazard class.
