MORE OIL DRILLING ACTIVITY IN CISCO AREA THAN DURING BOOM DAYS; MANY NICE WELLS COME IN; OTHERS IN SIGHT

The Bilsky Mitcham No. 1 Ellenberger well, which came in last week for an estimated 500 barrels daily after a light shot of acid between 4088 and 4096 feet, Saturday was swabbing and completing. The well was killed with several hundred barrels of water in order to run tubing and set packer.

This well, located in the NE 1/4, Section 476, SPRR, eight miles northwest of Cisco, was drilled to the Hickory sand, found water and a light show of gas, plugged back to the top of the Ellenberger at the depth indicated, and given a shot of 300 gallons of acid to clean, when it began flowing. It showed through three-fourths inch choke for 500 barrels, observers said.

While operations to complete are in progress all surplus equipment on this location is being moved to a No. 2 location 990 feet east and 1320 feet south, in Section 475, SPRR. This test will be spudded as soon as rotary rig can be moved to the site.

Meanwhile primary interest in this area centers upon the O'Conner pool in southwest Stephens county, ten miles north of Cisco, where the Manning No. 3 O'Conner was cementing pipe line in the Caddo at approximately 3,400 feet Saturday, after purportedly showing for a big well. This well is 660 feet south of the Manning O'Conner No. 2, along the west line of Sec. 51, Block 7, Stephens county. Both the No. 2 and the No. 1 O'Conner wells are reportedly big producers.

But of even more interest than the No. 3 Manning O'Conner is a rotary test to be drilled by Roeser and Pendleton on the Brooks Heirs tract, SE corner Section 41, Bl. 7, T&I, Stephens, 4,300 feet north of O'Conner No. 1. This is the only outpost location in the O'Conner area and is significant because of its bearing on the probable trend of the pool, only outpost well in this pool area.

In section 488, SPRR survey, six miles northwest of Cisco in Eastland county, H. W. Snowden, et al are rigging up standard rig to drill their Donovan No. 3. L. H. Choate, Cisco, is contractor. The well will be located 1,300 feet north of Snowden No. 1 Donovan, which came in months ago for 23,000,000 gas and later blew into oil. The No. 1 has an allowable of 50 barrels daily.

Tom Jerick, et al are starting a rotary test on the Dyer ranch. This well is rigging.

In the west half of section 2, SPRR, Eastland county, eight

miles north of Cisco, Cities Service have made location for their Hittson 1-E. Two wells are already producing on this lease, one jointly owned by Cities Service and Texas Co. The Hittson 1-B is approximately 2,000 feet southeast of the Texas Maggie Gray, long-time producer and still active. The new well will be drilled to Ellenberger, if necessary.

Lone Star Gas company is perforating pipe in Duffer line at 3,850 feet in their Mitcham No. 1-A, section 469, SPRR, after plugging back to a show from the Ellenberger to which it was deepened and found water. It will acidize. The well is one mile north of the Bilsky Mitcham No. 1.

Reports that Lone Star had made a number of locations for drilling in the area were not confirmed. There were reports that as many as 25 locations had been made by this company, but it was pointed out that no such number of wells would be drilled at one time or in one customary drilling campaign.

It was indicated, however, that the Lone Star is preparing undisclosed operations in the area.

Handicap Golf Arranged for Homecoming Visitors

The handicap golf tournament sponsored by the Homecoming committee will begin at 1:30 o'clock, Sunday, August 11, says J. L. Thornton, chairman. Mr. Thornton says it will be one of the most colorful and interesting events of the celebration.

He requests all Cisco golfers to enter the tournament, the fee for which is \$1.50, and turn in their qualifying scores to the golf course manager immediately. Thus, when the visitors arrive and turn in their qualifying scores, the flights can be arranged.

Suitable prizes will be given winners of the various flights. Cisco's golf course, long considered by West Texas golfers as a most difficult one, as well as among the most beautiful, has been placed in excellent shape. The greens are in perfect condition and everything will be done to make the tournament a fine success, Thornton added.

Ciscoans are asked to urge their visiting friends to bring their golf clubs and join the march to the Cisco course on August 11.

Lake Cisco Swimming Pool Open at Night Hereafter

The Lake Cisco swimming pools will be closed Monday in order for the amusement company to give the pool basins a thorough cleaning.

Water will be run into the pools Monday night and the resort will be opened for business again Tuesday with pure, clean fresh water awaiting early August swimmers.

Another welcome change has been made in the schedule at the resort this week, with announcement that the pools will be open during the evening for after-dark swimmers. This will make it possible for a great many people who cannot go to the lake during the afternoons to enjoy a swim in the big resort.

Tentative plans are to keep the pools open until 11 p. m.

There will be plenty of light from big floodlights and the same safety precautions will be observed, with lifeguards on duty at all times.

In this connection it is interesting to note that the Junior chamber of commerce plan to install a water spray and colored lighting system across the spillway of Williamson dam is now under way and will be in operation within a few days. The waterfall thus created will be especially beautiful at night, the colored lights creating a rainbow effect.

Fishing Derby for Aug. 11-13 Should Be Popular Card

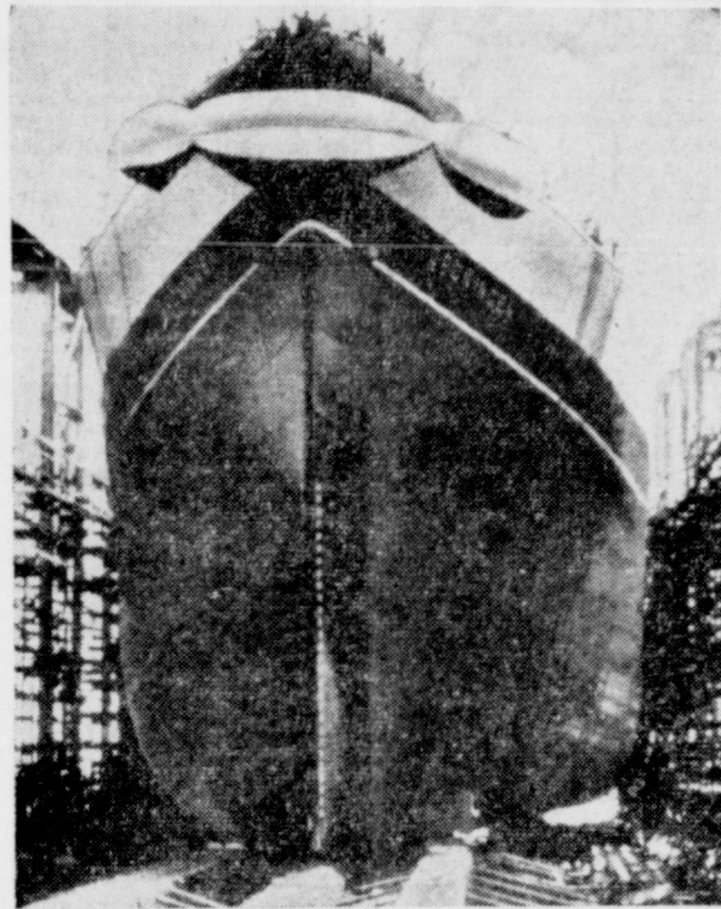

A. L. Osborn, chairman of the three-day Fishing Derby planned for the Homecoming celebration of August 11, 12 and 13, announces that all contestants must register with Ray Judia at Lake Cisco Tourist Lodge, where live bait will be available.

The contest, says Osborn, will be divided into four groups—bass, crappie, bream and catfish, with three cash prizes being offered in each group, with a total of twelve prizes in the amount of \$60.

All entrants are asked to register early—the earlier the better. So, the chairman added, "make your reservations NOW. Haul out your fishing tackle and let's go!"

TRUMAN THREATENED.

WASHINGTON, Aug. 3.—The U. S. secret service disclosed Saturday the arrest and confinement of a man charged with threatening the life of President Truman. The man is said to have a long criminal record and to have been hospitalized in a mental institution three times.

County Convention Political Turmoil Takes Truman to Kansas City, Mo.

Oscar Lyeria, county chairman, called the county Democratic convention to order promptly at 2 o'clock Saturday afternoon, with a fair-sized crowd of the Democratic faithful present. The meeting was held in the court house at Eastland and harmony prevailed throughout.

Before stepping aside for the election of a permanent chairman, Mr. Lyeria appointed a Credentials committee composed of W. J. Armstrong, Jack Frost and Miss Pearl Donoway.

J. J. Keiley of Ranger was then unanimously made permanent chairman and Miss Pearl Donoway of Dothan was elected permanent secretary.

The chair first appointed a committee of three on resolutions, as follows: Earl Conner, Sr., chairman; B. W. Patterson and L. R. Pearson.

Then followed the appointment of a committee of five to select delegates to the state convention. They were: Fred Brown, chairman; R. L. Ponsler, Dr. G. C. Boswell, F. S. Perry and Raymond Gray.

The resolution committee reported as follows, their recommendations being adopted by the convention:

We, your committee on resolutions, recommend that the following resolutions be adopted by this convention:

1. Resolved that the delegates selected by this convention to the state Democratic convention be and they are hereby instructed to support the nominees of the Democratic party as declared by the state convention.

2. That the delegates selected by this convention to the state convention be and they are hereby instructed to vote and work in harmony with the governor nominee in selecting the Democratic state executive committee and party officers.

3. That delegates to the state convention be and they are hereby instructed to vote as a unit on all matters coming before such convention. Respectfully submitted, Delegates.

The following delegates were recommended by the committee and elected by the convention:

J. J. Callaway, R. L. Ponsler, Harry Reynolds, Karl Armstrong, Mrs. C. C. Jones, F. D. Wright, A. B. O'Flaherty, Dr. G. C. Boswell, L. L. Bruce, Mrs. M. H. Hagaman, V. V. Paschall, J. J. Kelley, Hall Walker, E. T. Eubanks, Oscar Lyeria, Fred Brown, Jack Frost, W. B. Pickens, Neal Moore, B. W. Patterson, F. S. Perry, Tip Ross, J. E. Walker, J. S. Kimble, Doss Alexander, Henry Collins, L. E. Clark, I. L. Gattis, W. J. Herring, W. E. Tyler, Raymond Gray, Cecil Shultz, L. R. Pearson, Rankin Blackburn, Turner Collier, Omar Burkett, Wilbourne Collier, Miss Pearl Donoway.

Fred Brown of Eastland was named chairman of the delegates to the state convention.

KANSAS CITY, Mo., Aug. 3. (U.P.)—President Truman came home today to see how the first "purge" attempt by a president since 1938 was making out as wholesale resignations of election officials in the contested Fifth congressional district posed a critical election problem.

The president's plane landed at the Grandview airport at 12:04, CST. He and the first lady were met by their daughter Margaret.

The first family stopped briefly at the Grandview home of Mrs. Martha Truman, the president's 93-year-old mother.

Big Powers Vote Down Demand of Little Powers

PARIS, Aug. 3. (U.P.)—The Big Four today beat down a revolt by the Little Powers against a rule giving the Big Five a monopoly on the chairmanship of the peace conference, after bitter debate including a charge by Australia's Herbert V. Evatt that Soviet Foreign Minister Molotov was trying to turn the conference into a "rubber stamp."

Two days of wrangling over the chairmanship ended in a 12 to 8 victory for the Big Powers. The rules commission then headed into the major fight on its program—the row over the Big Powers' two-thirds rule, but a decision on that was put over until Monday—or later.

The strength of the small powers' fight, however, was expected to give them a compromise on the two-thirds vote issue.

24 Men Bring on Shutdowns Idling 17,000 Workers

ST. LOUIS, Aug. 3.—Twenty-four plants of the International Shoe company were closed Saturday because of picketing at the firm's St. Louis plants.

Twenty plants in Missouri, including five in St. Louis, and three in Illinois, and one in Kentucky are closed. The picketing by members of the CIO United Retail, Wholesale and Department Store Employees Union resulted from a wage dispute involving 24 workers at one of the St. Louis plants.

The company estimated that 17,000 workers are idle because of the shutdowns.

RECKLESS SPENDING CHARGED

By United Press.

WASHINGTON, Aug. 3.—Charges that American railroads made millions in overcharges for shipping U. S. war goods while operating "behind an unctuous facade of self-righteousness" were handed to the Senate War Investigation committee today by Sen. Glen H. Taylor, D. Ida.

Taylor claimed that "a stupendous amount" of federal funds was disbursed "heedlessly and recklessly" by railroad men who during the war "wore the uniform of the army and navy to negotiate freight rates with their former and future employers."

"There is a question whether the close connection which these men enjoyed with the carriers limited their zeal in representing the government," he said in a letter to Committee Chairman James M. Mead, D. N. Y.

The case also involves "high officers of the army and navy," Taylor said. He urged Mead to bring the freight rate cost case into the Senate war profits inquiry.

At the same time Taylor asked the budget bureau to authorize a justice department court action to recover "the many millions of the public's dollars... squandered in overpayments."

President Orders Budget Cut More Than 2 Billions

WASHINGTON, Aug. 3. (U.P.)—President Truman reported tonight that government income for current fiscal year was running \$8,100,000,000 above his forecast last January but that he still could not balance the budget this year.

Mr. Truman disclosed that he had ordered executive agencies to cut their budgets by \$2,000,000,000 below authorized expenditures.

Even this leaves a prospective government deficit next June 30 of \$1,900,000,000—although less than half the deficit figure he predicted eight months ago.

PROGRESSIVES PLAN REORGANIZATION OF CISCO COUNTRY CLUB AND REACTIVATION OF VALUABLE COMMUNITY ASSET

A drive for funds whereby Cisco Country club will be placed on a sound financial footing and a general reorganization effected, is now well under way.

The general plan is to secure 65 or more new members and actually organize a new club, in which all members will stand upon the same footing.

The memberships will cost \$132.60, which includes a quarter year's dues and \$20 for federal amusement tax.

The organization's president and board of directors have issued the following statement:

"For a number of years the Cisco Country club has been in a state of insolvency. During the depression when real estate values were low and it was difficult to liquidate assets of this character the condition of the club was extremely serious and there was little hope of pulling it out of debt and making it a going concern.

Since the war, however, and after the great increase in all values, an entirely different and promising situation prevails.

"The club is still in debt. It is still a stagnant concern. But the real value of its assets far exceed obligations against the club and the only thing now lacking to make it a going concern is a process of reorganization that will amortize its debt, realize the value of its assets and reactivate it as an operating institution.

"Hence, you will see that the present plan of reorganization is not an appeal to prospective members for contributions, but offers an opportunity for a profitable business and social investment in existing values far greater than the amount of investment required to free it from being a going concern. Briefly the facts in the plan of the reorganization are these:

"First, The assets: The club owns a club house, conservatively valued at \$9,000, and 90 acres of land, including one of the best grass greens, nine-hole golf courses in the state of Texas, easily valued at more than \$150 per acre. This land, if sold for suburban development, for which it is admirably suited, would bring much more than this per acre. Total assets of the club, therefore, are well in excess of \$22,000.

"This property is in good condition, the club house recently renovated, the grounds and other equipment well taken care of and now in use as a golf course.

"Against these assets there is a

total debt of \$8,000, of which \$6,000 is in the form of bonds.

"Now, here is what is proposed to be done: By selling a sufficient number of new memberships to aggregate \$6,500, net to the club above taxes, the \$6,500 bonded debt can be retired. The \$2,000 of miscellaneous debts will be retired in the form of memberships to the debtors.

"The club owns about 15 acres of land out of the 90 for which it has no use and it is anticipated that this tract of land will be sold to provide further funds for renovating the property, buying furniture for the club house and installing tennis courts, putting greens and skeet range. All of this will broaden the service of the club to the community, inspire more interest and provide a greater variety of recreation and amusement for members and guests.

"It is also anticipated that a youth center for young people, properly supervised, will be added to these facilities and the social committee of the club is planning at least one good party per month as a feature of its annual program.

"As matters now stand, there are no valid memberships in the Cisco Country club, all previous members having, for various reasons, been declared in default or invalid. Therefore, this campaign will in effect organize a new club in which all new members will stand upon the same footing.

Those who purchase these memberships at \$100 each, plus \$20 for federal amusement tax and a quarter year's dues—making a total initial payment of \$132.60—will actually be charter members of a new organization, taking advantage of their pro rata part of total assets of over \$22,000. A minimum of 65 new members must be secured. Each of these will pay yearly dues of \$36.

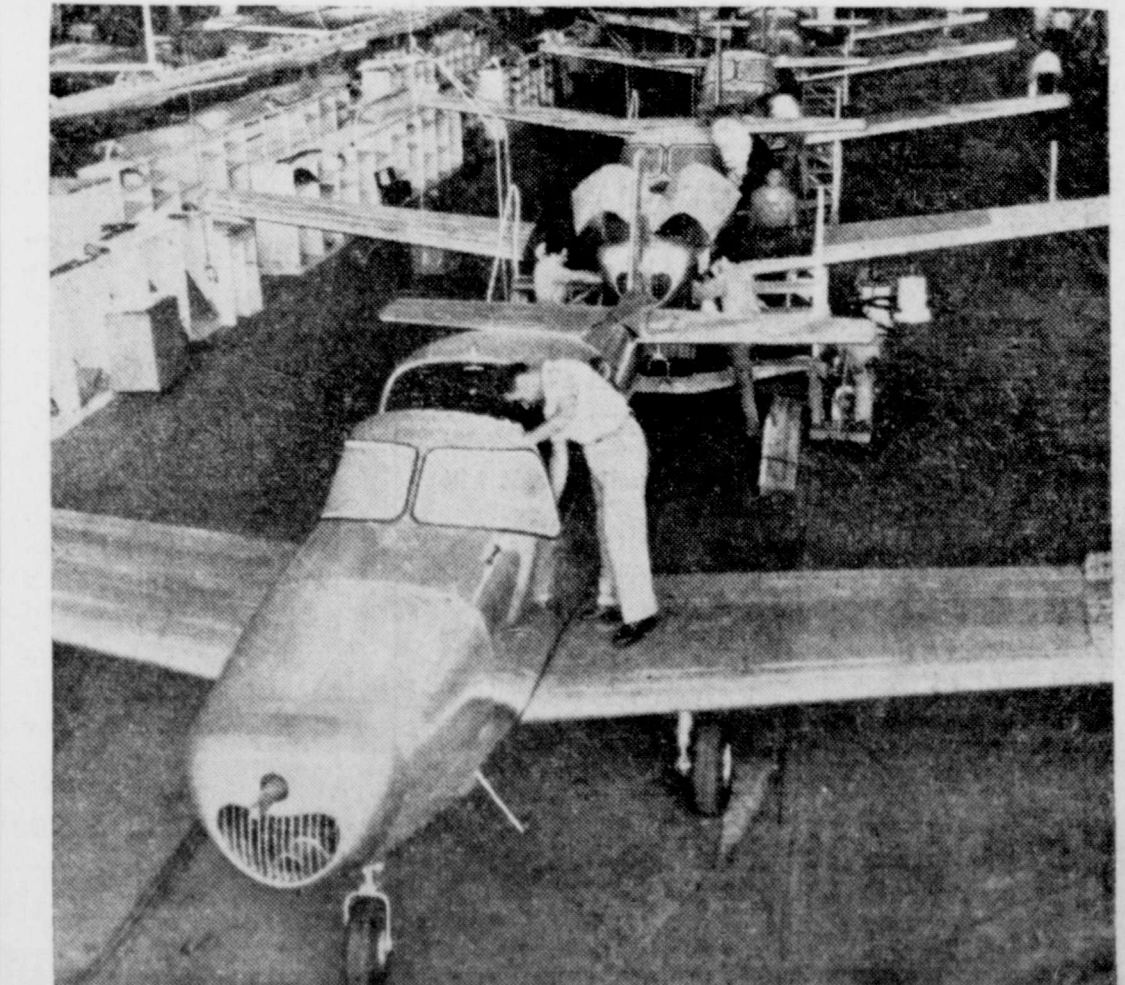

"All subscriptions taken in the campaign, either by check or cash, will be held in escrow at First National Bank of Cisco for a period of 60 days. At the end of that time, if a sufficient number of memberships have not been sold and it is determined that the plan will not be a success, all money and checks will be returned to the subscribers.

104 POLIO PATIENTS.

FT. WORTH, Aug. 3.—The illness of Elizabeth Josephine Jordan, 10, daughter of Mr. and Mrs. Lornie Jordan, Rt. 4, Saturday was diagnosed as polio at City-County hospital. Total number of patients diagnosed here this year is 104.

A NATION'S GOOD.

Gentlemen of the Continental Congress, who years ago made some important decisions for us, today deserve a vote of confidence. Will we keep the form of government they outlined and set up for us or do we change to something like that in Britain, France or Russia? Let us make our decision on a basis of results.

If we don't make it soon, somebody will make it for us.

Selecting our course ourselves, doing so wisely and soon, is extremely important.

Small items of business can be bungled today and corrected tomorrow, but not this one.

If the United States should once go collectivist completely, it would never be a republic again until people who live now are forgotten.

There are no practice shots, we make this decision once, and that's how it will be.

A Nation's Brains.

In comparing the American system with any socialistic plan, one point must be held in mind constantly: Freedom to think. Nothing is more valuable than good ideas and everybody has them. Nobody has a corner on them. Where any person is free to get ideas and put them to work at his own risk, good ones come to light in a hurry and are put to work in a way that helps everybody, that is democracy.

Under any socialistic system of central planning, only a few are considered worthy to think. They have ideas occasionally, of course, but do not try them out at their own risk. They put them to work on a big scale at the nation's risk. By this system the whole people must suffer for the blunders of a few. That's collectivism, and the differences show up clearly in general prosperity.

A Nation's Income.

America is the most prosperous country on earth. At the last check, national income in the United States was equal to that of the six next highest countries; national income being the grand total of what everybody earns. Under the American system, incomes are different, some higher than others but all high. In socialistic countries incomes are more alike, uniformly low.

America's national enemies cry out against capitalism in tones that make the word sound like a dread disease. At least, under the American system accumulated wealth is used rather than hoarded. Savings in America are invested in machinery to help workers produce more and earn more. Where profits are unlawful, dividends are impossible, production and wages both low.

A Nation's Progress.

Let me illustrate what the American system is worth to the

world: Solomon, King of Israel, and George Washington, the first President of the United States, lived about alike. They rode in horse-drawn vehicles, wore hand-loomed clothes, used animal oil for light and wood for fuel. They lived nearly 3,000 years apart. Think what you have now and remember that Washington died less than 150 years ago.

The system of private enterprise has many critics. Students in modern colleges and high schools are able glibly to point out defects in America's manner of life. Admittedly, it is not perfect because nothing is perfect that is made up of imperfect people. Just the same, when the time comes to choose a successful system, pick one that makes the average man richer.

"Can We All See the Bible Alike?"

(Continued from last week.)

If two or more men disagree on any matter it is impossible for all to be right. All could be wrong, but ALL could not be right. We disagree as to the weight of a horse. One says it weighs 1000 lbs.; another 950 pounds, and still another 1150 pounds. You KNOW it is IMPOSSIBLE FOR ALL TO BE RIGHT! All could be wrong. One man has as much right to his opinion about it as does another. But they would not settle it by opinion! They would submit to a standard of weight. Put the horse on the scales. Now what is wrong with one of these men if he refuses to accept the verdict of a government tested scale? Suppose he should say, "Well my father and mother believe that the horse weighs so much, and I feel in my heart that is right so I am going to keep on believing it regardless of the verdict of the scales." Is that man really fair-minded and honest? All could see alike if they would speak as the scales more of long cherished opinion than he does the truth simply has CLOSED HIS EYES against all except his own opinion! Jesus said there would be some of this class in the religious realm, who, "Close their eyes, and stop their ears" to the truth, (Matt. 13:15). Paul warns that in the last times some would be turned into fables, and could not stand to hear "SOUND DOCTRINE." (2 Tim. 4:1-4).

It Never Makes the Headlines—

... but the rather common occurrence of a purchaser buying real estate that the seller does not own is news that editors would like to headline if they were only in he abstract business and knew about it. It may be a serious matter for the buyer when he realizes that he purchased the property hurriedly and did not wait for an abstract. Among other things, the abstract reveals the record owner, the correct location and the title defects and liens, if any.

PICNIC SUPPER AT LAKE FOR VISITORS.

Picnic supper was held at Lake Cisco Friday evening by the W. I. Agnew family honoring their visitors, Mr. and Mrs. Kenney Richardson and children of Kansas City, Kan. Upon arrival at the lake the group enjoyed the attractions afforded them there until supper was announced. The meal, which was spread on tables in a park near the water, was then thoroughly enjoyed by the group. Conversation entertained the picnickers until a late hour.

Those participating in the event were Mr. and Mrs. Kenney Richardson and children; Mr. and Mrs. Cleamon Agnew and son Walter Bob Agnew, Rule; Mr. and Mrs. W. I. Agnew, Mr. and Mrs. Ed Huestis, Mr. and Mrs. Paul Huestis, Mr. and Mrs. J. W. Brandon, Mr. and Mrs. Richard Turknett and daughter Sandra; Mr. and Mrs. Arlin Agnew and son Gene; Patsy Agnew and out-of-town relatives, Mr. and Mrs. Adolph Brandon, Putnam.

WOODMEN CIRCLE MET AT WOW HALL FRIDAY.

Woodmen Circle, Grove 356, met Friday afternoon at WOW hall for regular meeting. Mrs. Janie B. McCarlies, guardian, was in charge and opened the meeting according to ritual. Officers were present at all the stations and a good representation was present. Mrs. Dick Bolinger, a former member, was received by transfer from Waco Grove. Minutes of previous meeting were read by Mrs. L. B. Mayhew and routine business was transacted. Splendid reports of the district meeting at Mineral Wells were made by the delegates, Mrs. W. C. Clements and Mrs. George Bailey, following which the meeting closed in regular form.

LOYAL WOMEN'S CLASS HAD FINE MEETING.

Loyal Women's class of First Christian church met Friday evening at the church for a brief business session. The president, Mrs. J. D. Browning, called the meeting to order and a song, "In the Garden," was followed by a prayer by Mrs. H. T. Huffman. Routine business was transacted.

ed and the class voted to send a special gift to Fowler orphan home. They also planned to send cards to members who are ill and decided to discontinue the choosing of secret pals for remainder of the summer. The meeting was adjourned with prayer by Mrs. J. S. Mobley.

The following members were present: Mrs. J. D. Browning, Mrs. Mobley, Mrs. Willirue Logan, Mrs. Minnie Hill, Mrs. Fred Erwin, Miss Marie Winston, Mrs. Joe Tullios, Mrs. George Atkins, Mrs. Fred Steffey, Mrs. Roy Fonville, Mrs. James Flournoy, Mrs. H. T. Huffman, Mrs. H. H. Davis, Mrs. James Latimer and two guests, Mrs. Taylor and Mrs. Hickey.

ANNIVERSARY CLUB IN PHILPOTT HOME.

Double Octet Anniversary club met for covered dish luncheon Thursday in the home of Mrs. Barton Philpott, celebrating the birthdays of Mrs. Paul Poe, co-hostess, and Mrs. Philpott. The house was made gay with decorations of pink roses, pink asters and pink carnations. Luncheon was served buffet style from the large dining table and guests were seated at marked places at foursome tables, which were centered with dainty bouquets of pink flowers.

When the meal was finished the honorees were encircled by the group who sang the happy birthday song to them. A business session was conducted by Mrs. W. D. Hazel and a nominating committee was appointed to name new officers for the coming year. The remainder of the afternoon was spent in needlework and conversation.

Guests and members present were: Mrs. Martha Taylor of San Antonio, Mrs. T. M. Moore, Mrs. Arthur Johnson, Mrs. Harry P. Schaefer, Mrs. Myrtle Anderson, Miss Eva Johnson, Mrs. W. D. Brecheen, Mrs. J. R. Burnett, Mrs. W. D. Hazel, Mrs. Leon McPherson, Mrs. F. E. Shepard, Mrs. Mack Stephens, Mrs. W. Frank Walker, Miss Willie Frank Walker, Mrs. Paul Poe and Mrs. Philpott.

GOLDEN WEDDING ANNIVERSARY CELEBRATED. The golden wedding anniversary of Mr. and Mrs. W. A. Buchanan was celebrated at their home in Putnam Sunday, July 28 where open house was held for relatives and friends from 10 a. m. to 5 p. m.

Guests were received by their niece, Mrs. Joe Britain of Cisco, who presented them to Miss Mary Frances Seastruck, grand daughter of the honorees, who presided at the guest book. Refreshments were served in the dining room where the table, covered with a maderia linen cloth, held the threeter white and gold cake, topped by a miniature bride and groom. Mrs. G. W. Thames, niece of the couple, and Mrs. Bill West, Mrs. Luette Seastruck and Mrs. Bob Williams, daughters of Mr. and Mrs. Buchanan, ladled punch and served refreshment plates to the guests.

Violin and guitar music for the occasion was furnished by Ernest Whitaker, G. W. Weeks and Lindon White. A poem composed by Mrs. George Biggenstaff of Putnam, dedicated to the honored couple, was read by Mrs. Joe Britain. Warren Everett of Cisco led in singing a group of sacred hymns during the afternoon. House decorations were of marigolds and gladioli. Mrs. Buchanan wore a lovely corsage of marigolds presented her by Mr. and Mrs. Joe Britain. The couple received many beautiful and useful gifts. They were visited by their many friends in Putnam and vicinity during the day and a number of relatives and friends from other places.

Out-of-town guests attending were G. A. Buchanan, Bradshaw; Ronny and Beverly Buchanan, Beaumont; Mrs. Lottie Teague, sister of Mr. Buchanan, Cisco; Mrs. C. K. Peek, Dallas; Mr. and Mrs. Jack Everett, Baird; Mrs. Allen Ellis, Athens, Tenn.; Rev. Charles E. Painter, Abilene; O. C. Hicks, Compton, Ark.; and the following from Cisco: Mr. and Mrs. Joe Britain, Mr. and Mrs. W. W. Everett.
