BRITAIN'S GOVERNMENT.

Times' all signs indicate that the British Labor Government will not be re-elected and may not even last out its full five-year term. Sir John G. Foster, who is now in Europe investigating economic conditions.

are likely to grow worse for two or three years, and that by the end of that time there may be a change in government.

MONUMENTS OF MEN.

SO CALM they stand, so self-assured, so fearless in their steady stride, these eager warriors in the squares, these symbols of a country's pride.

Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing. How quickly one may lose pounds of bulky, unattractive fat right at your own home. Make this recipe your own. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your drug store and ask for four ounces of liquid Saccharose (formerly called Eucal Concentrate). Pour this into a one quart bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoons twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves, if you can't see the fat disappearing almost like magic from neck, chin, arms, back, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way established by many who have tried this plan and help bring back slanting curves and graceful silhouettes. Note how quickly blood disappears—how much better you feel. Move alive, graceful appearing and active.

May I again thank the citizens of Eastland County for making me the leading candidate in the first primary. I also make this statement: "I have not promised any person any job of any type if I am elected."

I have chosen the profession of the peace officer as my life's work and I have consistently trained myself in that profession with the Texas Department of Public Safety and the F. B. I., and other agencies to do the best job possible. I believe that the protection of the public peace should be in the hands of trained and earnest men, inasmuch as public records show that crime is on the increase. For your own protection you need a trained and experienced man as your sheriff. If you honor me with the responsibility of being your Sheriff, I will take advantage of my training and experience in putting forth every effort in discharging the duties of this office for the best interest of the citizens of Eastland county.

(Signed) W. W. EDDLEMAN, Candidate for Sheriff, Eastland County.

Backache, Leg Pains May Be Danger Sign Of Tired Kidneys

Backache and leg aches are nothing you should ignore, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention. The kidneys are Nature's chief way of taking excess acids and poisons waste out of the blood. They help most people pass about 2 quarts a day. If the 15 miles of kidney tubes and filters don't work well, poisons waste matter stay in the blood. These poisons may start nagging backaches, rheumatic pains, eye pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headache and dizziness. Frequent or scanty passages with burning and itching sometimes shows there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Dean's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Dean's give better relief and will help the 15 miles of kidney tubes flush and poisons waste from the blood. Get Dean's Pills.

It Pays to Be on the Safe Side . . .

. . . by having your title abstracted at regular intervals. All those familiar with titles know that title neglect is the landowner's worst enemy. Like keeping physically fit, or making regular visits to the dentist, the title, too, needs constant attention. By having the title regularly abstracted, the abstractor in most cases can build a strong and perfect chain. Don't wait until you get ready to sell or get a loan, but be on the safe side—have your title abstracted somewhat in advance of an anticipated need.

COMING YOUR WAY with farm telephones

The job of building new farm telephones—held up during the war years—is well under way again.

In more than 200 rural areas in the Southwest, telephone people are hard at work making surveys, talking to farmers, engineering the lines, ordering the materials, setting the poles, stringing the wire, and installing telephones.

It's a big job, and we have a big goal—165,000 new farm telephones in the next five years. Scarce materials are making it no easier for us right now, but we hope to bring telephone service to 40,000 farm homes this year.

We can't work everywhere at once, but we realize the need for farm telephones, and we'll be coming your way just as soon as we can.

Star Can't Resist Plum Romantic Role

Olivia DeHavilland, star of "To Each His Own," Paramount's great love story now spellbinding audiences at the Palace theater, says that this was one picture she simply had to make. And despite doctor's orders, which emphasized rest in order fully to complete her recovery from a recent illness, Olivia insisted upon making it.

What critics had to say about her performance should make her a radiantly happy girl, for all of them agree that Miss DeHavilland has thrown her chapeau into the Academy Award ring with her characterization of Jody in "To Each His Own." A heart-stirring account of twenty-seven years in a woman's life, the role of Jody provides a magnificent range of emotions and is a part no actress, doctor's orders notwithstanding, could turn down.

Olivia is in every scene in the picture. During the course of the action she matures from a sweet, romantic 18-year-old to a mature, somewhat embittered woman of the world.

The four men in Miss DeHavilland's film life are John Lund, handsome Broadway stage star, Phillip Terry, Roland Culver and Bill Goodwin.

"To Each His Own" was considered a film of such great importance that it had its world premiere at Radio City's Music Hall, New York's famous theater. 250

A FINE MAN--Homer Rainey

Read this testament to the high character of Homer Rainey, candidate for governor, by outstanding Texas churchmen:

Faithful ministers of Christ have always urged their consecrated laymen to assume their responsibilities. They have told them that good men should seek offices of high responsibility and leadership as a part of their Christian service.

Dr. Homer P. Rainey, a fine Christian layman, has offered himself for the governorship of Texas. There had never been the faintest question about his character and reputation. From one end of the nation to the other he has been recognized as an upright, honest, loyal and intelligent Christian and American.

During the campaign every conceivable effort has been made to smear his character and reputation. He has been made to appear the enemy of the very ideals he has spent his life to serve. He has been a defender of the Christian faith—they have made him out to be an atheist. He has stood for decency and purity in personal and family life—they have accused him of defending impure books and indecent conduct. He has fought day and night against Communism—they have said he is a Communist. He is a teetotaler—they have said he and his family are drinkers. He has worked for better Negro schools—they have said that he favors Negroes attending white schools.

Every One of These Charges is Completely False.

We do not pretend to tell anyone how to vote. But we do believe that we should come to the defense of a good man's character and reputation when it has been deliberately smeared by false rumors and accusations.
