Five Cisco Young Men Face Assault to Murder Charge

Five young Cisco men were arrested Saturday on assault to murder charges filed by Earl Conner, district attorney, and are in the Eastland county jail unless they have since made bond in the sum of \$1,500 each.

The examining trial was held before Henry Stubblefield, Cisco justice of the peace, who set the bonds.

Mr. Stubblefield requested that the names of the five men arrested be withheld until three other men, also charged with assault to murder, have been apprehended.

The assault charges are based on an attack Thursday night on the home and person of H. O. Woodard, E. Eleventh street, when five or ten masked men fired a fusillade of shots at Woodard when he came to the front door of his home.

Woodard was painfully injured when No. 8 bird shot entered his body near the hip. He was later removed to the county hospital at Ranger, where he was said Saturday to be getting along all right following removal of the pellets.

The attack on the Woodard home is said to have grown out of feeling engendered following the recent marriage of Mr. Woodard's 11-year-old daughter to Pedro Tapio, 22-year-old Mexican.

Tapio and his wife had been staying with her parents since their marriage and the band of armed men are presumed to have been in search of Tapio.

Tapio told Justice of the Peace Stubblefield that he fired several shots at the men from a window of the home after the attack started. Some sixteen shots were fired during the battle.

BURNED AND MANGLED.

BELGRADE, Yugoslavia, Aug. 24. (U.P.)—The burned and mangled bodies of two American airmen shot down by two Yugoslav fighter planes last Monday were found buried in a mass grave today at the mountain village of Koprivnik, northwest of Marshal Tito's vacation resort at Bled.

BYRNES HOLDS INQUIRY.

PARIS, Aug. 24. (U.P.)—Secretary of State James F. Byrnes today personally questioned for several hours the pilot and co-pilot of an unarmed American transport shot up by Yugoslav fighter planes on Aug. 9. His purpose presumably was to establish the basis for further U. S. action to obtain full satisfaction from Marshal Tito's Yugoslav government.

Yugoslavia Must Make Amends to Close Incident

WASHINGTON, Aug. 24. (U.P.)—The state department said tonight that Yugoslavia apparently has complied with the U. S. ultimatum. But the incident will not be closed until Yugoslavia makes amends for shooting down two unarmed U. S. army transport planes with a loss of five lives.

Yugoslav compliance appeared to have averted a grave crisis in U. S.-Yugoslav relations. A state department announcement said this government will determine its course in the light of Yugoslav efforts to "right the wrong done" in shooting down the two American planes, and in the light of evidence obtained from survivors.

It said full reports of Yugoslavia's efforts to make amends have not been received here yet. Nor have reports of the survivors, accounts of which are being made directly to Secretary of State James F. Byrnes and Sen. Tom Connally, D., Tex., at Paris.

The department said there would be no further announcement on this government's attitude until such reports have been received and examined.

Local Steam Laundry Serves Large Out-of-Town Area

Cisco Steam Laundry, which began operation in its new location at 103 W. Ninth street, has now one of the most efficient plants in this section of the state. With more than twice the space, with new and more efficient machinery replacing much of that in use at its former location on W. Sixth, the laundry is able to handle larger volumes of cleaning, more efficiently and with more comfort to its 25 or 30 employees.

A large area is served out of Cisco through laundry routes maintained by the company. These routes go to Eastland, Rising Star, Baird and other communities.

Mr. and Mrs. Elvie Folmer, owners of the laundry, are eagerly awaiting the delivery of several more presses, which will enable them to take care of additional business now pressing for attention.

DALLAS MAN KILLED.

DALLAS, Aug. 24. (U.P.)—Julius Brenner, 34, was fatally shot by a Negro in the holdup of a liquor store Friday night, and a Negro believed to be the robber was reported shot later by officers. The Negro escaped, however.

By United Press.
DALLAS, Aug. 24. — Dr. Homer P. Rainey, nationally prominent educator and former president of the University of Texas, tonight at 10:17 conceded one of the most bitterly-contested gubernatorial races in Texas' century-long history to Railroad Commissioner Beauford Jester.

Twenty-two minutes later, Jester stepped before a microphone in his Corsicana private law office with a victory speech in which he re-emphasized that "the Texas way is the best way" when matched against what he called "left-wing radicalism."

Rainey's concession came from his Austin home. As he bowed to defeat, Jester, who had traveled what he called the "people's path" to victory in the second Democratic primary, had polled 568,494 votes to 285,433 for Rainey, Texas Election Bureau returns showed.

The returns were from 227 of the state's 254 counties, 97 complete.

While the Jester-Rainey ballot-battle completely dominated the runoff primary, at least three other important state races were on a ticket that also included five congressional races.

Shivers Won.
It appeared virtually certain from late returns that Jester's running-mate in the November general election would be Allan Shivers of Port Arthur, who was leading Boyce House, author and radio-caster, by a clear margin of 452,297 to 369,008.

"E. E." on Top.
Incumbent Agriculture Commissioner J. E. McDonald, openly opposed by the State Democratic Executive Committee for his GOP leanings, looked safe with 408,894 votes against R. E. McDonald's 384,071.

Beauchamp Won.
The other state race had broken definitely in favor of incumbent Justice T. L. Beauchamp in the court of Civil Appeals contest over Jesse Owens. Beauchamp's total was 406,639 against 367,421 for Owens.

A tight race had become evident in at least two of the five congressional races.

Mansfield in Doubt.
In a bid to return to Congress as representative from the Ninth District, J. J. Mansfield from Columbus, 85-year-old chairman of the House Rivers and Harbors Committee, was locked in a hotly-contested battle with State Sen. L. J. Sulak of LaGrange.

Mansfield — oldest member in Congress — had polled 18,204 votes to Sulak's 18,123. Texas Election Bureau returns showed at 10:30 p. m. The tabulation was from 11 counties, two complete.

West in Front.
The other incumbent congressman involved in a runoff, Rep. Milton H. West of Brownsville, had run out front in his race against John T. Ellis, Jr., of Weslaco, 7,939 to 5,921, in the 15th district.

This One Tight.
In the 12th district, four counties gave County Judge Penn Jackson a lead of 18,351 to 16,519 over Wingate Lucas to succeed retiring Rep. Fritz Lanham of Fort Worth.

Burleson Ahead.
In the 17th district, it appeared Navy Veteran Omar Burleson, former state representative, had rolled up a substantial lead over Judge William Blanton to succeed Rep. Sam Russell, who did not seek re-election. Burleson's edge at 10:30 p. m. was 22,446 to 18,685.

ACCUSES GREECE.
NEW YORK, Aug. 24. (U.P.)—The Ukrainian Soviet Socialist Republic tonight accused Greece before the United Nations Security Council of trying to provoke "armed conflict" in the Balkans and demanded that the council investigate "the policy of the Greek government" toward Albania.

FIGHT BLACK MARKET.
WASHINGTON, Aug. 24. (U.P.)—Price Administrator Paul A. Porter disclosed today that the government will announce in a few days "the toughest program yet" to combat the black market when price ceilings are put back on meat September 9.

Mitcham Hereford Cattle Sale Set For Sept. 27-28

Sale of more than 600 head of some of the finest Hereford foundation stock in the country will take place at the G. P. Mitcham ranch September 27 and 28, it was announced this week by F. W. Alexander, owner of the Albany Diamond ranch, who has taken over management of the Mitcham foundation stock for this dispersal sale.

The Mitcham stock is among the choicest in the country and many hundreds of buyers are expected to be here for the two-day sale to bid upon individuals in the herd that will be disposed of.

There will be no sale of the Mitcham grade stock, it was announced.

Senate and State Department Don't Work Together

WASHINGTON, Aug. 24. (U.P.)—Sen. Elbert Thomas, D., Utah, said tonight that failure of the state department to maintain close relations with the senate threatens bitter controversy over the peace treaties and may lead to their rejection.

Thomas is a ranking member of the senate foreign relations committee. He wrote a high state department official that the lack of liaison on foreign policy is becoming serious.

It has become so serious, Thomas said, that Secretary of State James F. Byrnes' mission to the Paris conference may be thwarted when the final treaty drafts are submitted to the senate for ratification.

However, it may not be possible to get the peace treaties into operation this season because of the machinery situation. Installation

of the plant will go on, nevertheless, and operation started next year in the event it is not possible to process peans this season.

WHO SAID "PIGS CAN'T SWIM"?

New Machinery, Lobo Softballers Greater Capacity Hope to Annex the for Peanut Plant Co. Tournament

Cisco Peanut company's shelling plant, located in the former Woodson building on E. Eleventh street, is being revamped completely. More efficient machinery is replacing the equipment used last year and the capacity of the plant is being increased. Zan Burroughs, manager, said. Installation of the machinery is under supervision of H. L. Thompson, plant superintendent.

Storage for peanut stocks bought for processing will not be in the building, according to present plans, but in large steel tanks to be located on the MKT railroad right of way adjacent. These tanks, when delivered, will have a capacity of thousands of tons of peanuts and solve problems of space and convenience in handling of the stock.

Installation of a pecan shelling plant is being done in the building opposite the side in which the peanut plant is located. G. C. Higginbotham will be in charge of the pecan plant.

Prizes for first and second tournament places are \$150 and \$75.

Cisco players are Hilbert King, Byrd Rounsavall, Lefty Sublett, Jim Turner, Elbert Tipton, Ches Tipton, Paul Meseley, Buck Overall, Lefty Hughes, Dan Collins, Homer Tompkins, Edwin Posey, Durwood Morris and Mac Harrelson.

The following merchants made it possible for the Lobos to enter the contest by the contribution of funds: Banner Creamery, Drumwright's, Ethridge Service Station, Home Supply company, Byrd Grocery, White House Market, Lee's Super Service, Nick Miller, J. C. Penney Co., Mott Variety Stores, McCracken Clover Farm Grocery, Shockley Food Store, Shobal Houston, Beene's Service Station, Roy Huffmeyer, Maner's Pharmacy, Melvin Travis, Norvell-Miller Grocery.

Difficulty of obtaining machinery is the biggest problem encountered, Mr. Burroughs said. It is hoped to have the peanut plant in operation by October 1 or October 15. When revamped the capacity of the plant will be 25 tons of farmer's stock peanuts daily. The number of employees will be increased from 30 to 45 or 50, including those employed in the pecan shelling plant.

However, it may not be possible to get the pecan plant into operation this season because of the machinery situation. Installation

of the plant will go on, nevertheless, and operation started next year in the event it is not possible to process peans this season.

Auditor for the two companies is Claud McBeth.

New Tile, Brick Football Team Plant Home Now to Meet at Home in Construction tel Park Monday

Construction began last week on the plant for the Cisco Clay Products company, manufacturers of building tile and brick, which will be located on the N. D. Gallagher land half a mile east of the city limits. The plant will have a capacity of 15,000 tile and 60,000 brick daily and is expected to be in operation by October 1 or the middle of the month, R. J. Swann, president, said.

Machinery for the plant is already arriving. Pug mill, auger mill and cutter and other heavy equipment is due to be delivered September 5. Buildings of steel pipe and sheet iron on concrete foundations with solid floors will house the plant. It will be served by a spur from the Texas & Pacific railroad.

Capitalization of the company has been doubled and a much larger and more efficient plant than originally contemplated is being installed.

CANNERY TO RESUME.

Operation of the Cisco public cannery, under the direction of T. G. Caudle, agricultural secretary of the Cisco chamber of commerce, will be resumed Monday, Mr. Caudle announced. The cannery is located in the high school basement and any one having fruit or vegetables may bring these to the school and arrange with Mrs. S. P. Parks, who is cannery instructor, Mr. Caudle said.

HEADING OFF CHAOS.

If an atomic bomb should land on Washington, killing the president and all the federal officials, who would run the country? Hiroshima and Nagasaki showed that this catastrophe is not mere idle fancy. A resourceful and unscrupulous enemy would, if well advised, direct its atomic bombs at the capital itself.

Such a calamity should be prepared for before it is too late, thinks Congressman James W. Trimble of Arkansas. He has introduced a constitutional amendment, providing that if this disaster happens, the highest officers of the army and air forces should choose a civilian to serve as temporary president. The governors of the states should then assemble and choose one of their number to act as president for the rest of the term, and another governor to be vice-president.

The 20th amendment to the Constitution gives congress power to pass a law providing what should happen if both the president-elect and vice-president-elect die before assuming office. In the 13 years since the passage of this amendment, Congress has done absolutely nothing to head off the chaos which would ensue if this perfectly possible event took place. Even without a bomb it is conceivable that the country might find itself without a president.

Perhaps congress would rather risk chaos than make decisions which some voters might oppose.

SKY FAMILY.

WHEN I look up through purple night
And see the moon's far silver light
And see stars twinkling and bright,
The moon is father . . . kind, I think;
The stars are children, binding link.
The dark with hair' like ebony ink,
A mother, comforting and true,
Who gives each star his work to do
Until the copper sun pricks through.

It Pays to Be on the Safe Side . . .

. . . by having your title abstracted at regular intervals. All those familiar with titles know that title neglect is the landowner's worst enemy. Like keeping physically fit, or making regular visits to the dentist, the title, too, needs constant attention. By having the title regularly abstracted, the abstracter in most cases can build a strong and perfect chain. Don't wait until you get ready to sell or get a loan, but be on the safe side — have your title abstracted somewhat in advance of an anticipated need.

Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all, and costs little. It contains nothing harmful. Just go to your drugstore and ask for four ounces of liquid Barcenate (formerly called Barcol Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoons twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloat disappears—how much better you feel. More alive, youthful appearing and active.

"Can We All See the Bible Alike?"

(Continued from last week).

No one can deny there is DIVISION in the religious world. It is IMPOSSIBLE for all to be right! Some say all are headed for the same place but just on different roads. Let us believe all of them. But Jesus says, "BELIEVE THEM NOT." "THEN IS ANY MAN SHALL SAY UNTO YOU, LO, HERE IS CHRIST, OR THERE, BELIEVE THEM NOT FOR THERE SHALL ARISE FALSE CHRISTS AND FALSE PROPHETS, AND SHALL SHOW GREAT SIGNS AND WONDERS, IN SUCH THAT IF IT WERE POSSIBLE, THEY SHALL DECEIVE THE VERY ELECT." (Mt. 24:23-24). Friends, that is exactly what is happening in the world today. One group says, Christ is with us. Another, Lo, He is here. Men say "Believe them all," but, Jesus says, "Believe them not." John wrote, "Beloved, BELIEVE NOT every Spirit, but TRY the Spirits whether they are of God for many false prophets are entered into the world" (1 Jno. 4:1). Then instead of believing ALL are right, even though they disagree, we are to TRY them—i. e., PUT THEM TO THE TEST! But by what shall we TRY them. "To the law and to the testimony; if any man speak not according to this WORD it is because there is no light in them." (Isa. 8:20). "IF ANY MAN SPEAK LET HIM SPEAK AS THE ORACLES OF GOD." 1 Pet. 4: 11.

Wholesome and inspiring, it is the kind of picture every patron should be eager to see with the feeling to 'Be Young Again and Live the Hours of Childhood Once More.'"
