Pennsylvania Klan Advertises It Is "Here to Stay"

HARRISBURG, Pa., Aug. 30.—Gov. Edward Martin ordered state police Thursday to make a full investigation of the Ku Klux Klan in Pennsylvania after receiving a copy of KKK-signed newspaper advertisement proclaiming "We are here to stay."

Martin also requested Atty. Gen. Tom Clark to have the Federal Bureau of Investigation include the Keystone state in its inquiry into the hooded order.

The Pennsylvania investigation was asked by Justice Meier Steinbrink of the New York State Supreme court. He sent Martin a photostatic copy of the advertisement head "KKK—an open letter to the public," and signed "Franklin County Klan," with a Chambersburg, Pa., post office box number.

"The Jews have their organization, the Catholics theirs and the Protestants have the Klan," said the advertisement published in the Chambersburg Public Opinion, "We are here to stay and God help America if we die. Men join the Klan and get both sides of the story first-hand."

Justice Steinbrink, who acted as chairman of the 6'Nai Brith Anti-Defamation league, said the Klan advertisement "audaciously reveals the existence of organized Klan activity in Franklin county, Pennsylvania, and publicly solicits members."

He said the Franklin County Klan was inciting race hatred by falsely claiming in the advertisement that "if the Negro gets his

vote they will turn quickly on those who held them down."

Col. C. M. Wilhelm, commissioner of state police, said the inquiry will get under way immediately.

Charles R. Nicklas, editor of the Chambersburg Public Opinion, said "the name of the person who inserted the advertisement is known and will be disclosed to the proper authorities under proper conditions."

Boyce House Here Today For Visit With His Friends

Boyce House, writer, columnist and radio commentator, who ran a close race for lieutenant governor of Texas in the campaign just ended, came out to Cisco today to personally express his thanks for the overwhelming vote he received in his former home.

"I am glad it's over," said Boyce, "and I have no regrets. As a matter of fact I feel good. Who wouldn't feel good when he received the support which was given him by my present home county, Tarrant, and by my old home county of Eastland. I am certainly grateful for this fine expression of confidence and only wish I could see each one personally and thank him."

House received 445,000 votes, losing to Allen Shivers on a ratio of five to four. In Eastland and Tarrant counties, House received a four to one majority.

Ranger 3-Day Golf Tournament Will Start Saturday

RANGER, Aug. 30. — Over one hundred golfers are expected to contest for the more than \$300 in prizes offered in the various flights in Ranger's Annual Invitation Golf Tournament which starts Saturday, August 31 and continues through Monday, Sept. 2, Labor Day.

All qualifying scores must be turned in by Saturday night, after which players in the first and second flight will be auctioned off immediately following the barbecue. Match play will start Sunday morning and the finals will be held Monday.

Charles Royer of Dallas, the defending champion, will be on hand to defend his title and Jimmy Phillips of Ranger will head the list of local golfers who will probably be contenders for championship honors. Scores of good golfers from all over West Texas and Fort Worth and Dallas will make the tournament one of the fastest ever held by the Ranger Country club.

In addition to the usual prizes for winners, runners-up and consolation winners in each flight, prizes will be awarded for medalist and for the winner of the driving contest.

R. V. Cole of Ranger, who has several tournament titles to his credit, is now manager of the local club and says the greens and fairways are in excellent condition, and that he expects players enough to fill at least seven full flights.

FISH STORY—Since the trial explosions of the atom bomb at Bikini, the stories brought back have been strange and sometimes weird. Here Vice Admiral W. H. P. Blandy, shows a negative of a fish that photographed itself with radio-activity.

Eastland County Merkel and Nine Army Area Added Rural Schools 23 Men in August Have Been Merged

Capt. Wayne Hall, commanding officer of the Eastland army recruiting office, has announced that the Eastland area composed of Shackelford, Callahan, Stephens and Eastland counties have surpassed the quota assigned them by army recruiting headquarters in Dallas by enlisting 23 men for the month of August. Accomplishments of individual recruiters are:

First place, 1st Sgt. Monroe Fuller, who is in charge of the recruiting office in Eastland, recruited 11 men.

Second place, Sgt. James O. Hedrick recruited eight men.

Third place, T-Sgt. Wiley R. Burrus, four recruits.

Capt. Hall also revealed that the Abilene main station, of which Eastland county is a part, was the only station in the Dallas district to meet the quota set by headquarters.

Chief advantages to both Merkel and the rural school districts will be the formation of one large school district, comprising 168 square miles, which will be under an unified and consequently more efficient administration, Supt. R. A. McCollum of Merkel said last night.

The consolidated district will retain the name of Merkel independent school district, McCollum said.

Postoffice to close.

Cisco postoffice, says Luther H. McCrea, postmaster, will be closed all day Monday, which is Labor Day, a national holiday. The post-office lobby will of course be open for the convenience of boxholders and all outgoing and incoming mail will be worked, McCrea added.

IN MOURNING—Little David Marsh, 11, Kansas City, Kansas, holds the trivial inheritance—a note and an empty wallet—left by his father. A jobless widower, the father is believed to have drowned himself.

By United Press.

The United States Weather Bureau at San Antonio today issued flood warnings for Goliad residents after muddy, swirling waters poured from the banks of South Texas streams to take one life, drive families from their homes at Pleasanton and halt telephonic communications with Falls City.

The bureau said 40 feet of water was predicted for the San Antonio river at Goliad, where flood stage is only 35. The overflow probably will begin Saturday night, with the crest coming Monday.

In addition, residents of Three Rivers were warned that the Nueces river will rise four feet above flood stage Saturday night.

U.S. Basic Industries Are Near Capacity Output

WASHINGTON, Aug. 30. (U.P.)—America's basic industries were reported today at virtual capacity output. Production of consumer durables has in many cases surpassed prewar levels.

Not only are more goods being produced, a CPA spokesman said, but with civilian employment at an all-time high, more ready money is available to buy them with.

Reds Lost First Round of Fight at Lake Success

UNITED NATIONS HEAD-QUARTERS, LAKE SUCCESS, N. Y., Aug. 30. (U.P.)—Russia lost the opening round of its fight to publicize charges against Britain and Greece today when the United Nations Security Council defeated a proposal which would have opened the way for an immediate speech by Foreign Minister Dmitri Manuilski of the Ukraine.

Russia proposed that the council invite the Ukraine and Greece to participate in discussion of whether the Ukraine complaint against Greece and Britain be put on the UN agenda.

Public Must Wait Until Next Week For OPA Prices

WASHINGTON, Aug. 30. (U.P.)—OPA sped word on new meat ceilings today and massed a force of 2,500 enforcement agents to fight rebirth of the black market after the new prices go into effect.

The public will have to wait until next week to learn the exact ceilings which go into effect at retail stores Sept. 9.

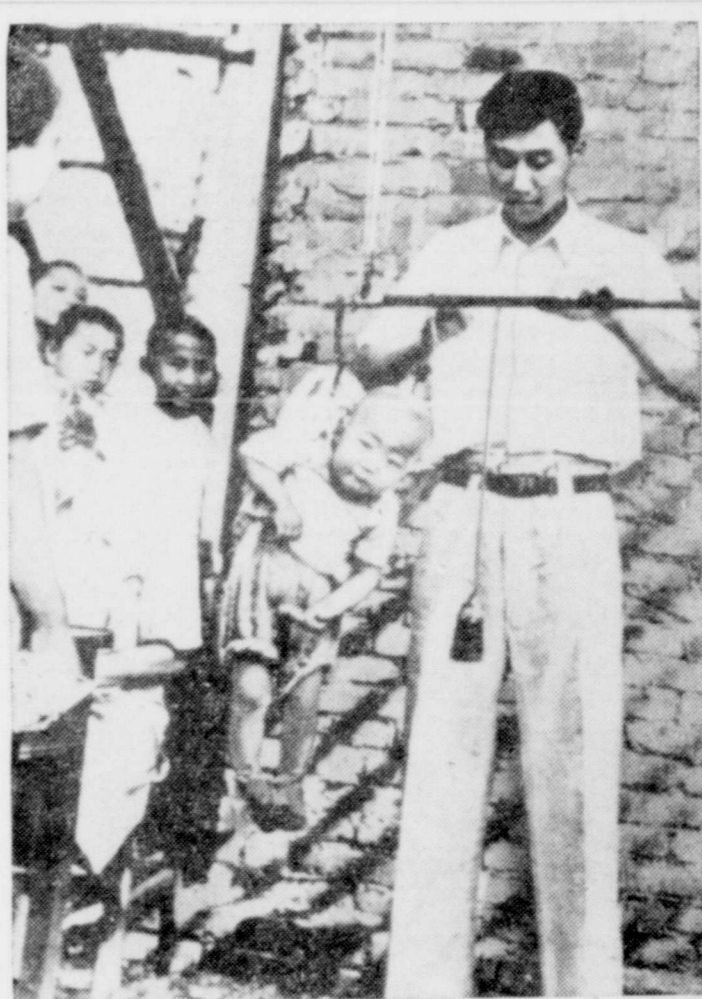

They will be several cents a pound higher than the June 30 ceilings.

GRAGG MAKES BOND.

DALLAS, Aug. 30. — Chesley Arthur Gragg, whose death sentence for murder of his wife was reversed because the indictment did not specify the type of liquid in which Mrs. Gragg was drowned, was out of jail for the first time in three years. Gragg, 44, left the Dallas county jail, where he has been held since June 1934, under \$10,000 bond.

PUTTING ON WEIGHT, says the man at the scales. The little Chinese fellow is being weighed by this ancient device at a Chinese National Relief and Rehabilitation center in Peiping, China. He has just finished his UNRRA milk.

Maritime Strike Communist Says Ends for All But U. S. Hypocritical, Ruthless Twenty-one Ships

DETROIT, Aug. 30. (U.P.) — The CIO National Maritime Union today called off its 16-day strike against all except 21 of the 400 ships it had sought to tie up on the five great lakes.

NMU officials ordered strikers to man vessels of 10 steamship lines with whom it has ended a dispute over shorter working hours, but maintained the walkout orders against seven remaining companies.

NANKING, Aug. 30. (U.P.) — An alleged "secret deal" by which the United States plans to sell \$2,000,000,000 of surplus war goods to the Chinese government will prolong China's civil war for two years, a Communist spokesman charged today.

The spokesman said that the transaction "showed the ruthless, hypocritical and imperialistic nature of U. S. government policy toward China."

HUGE SUMS TO REDS.

PARIS, Aug. 30. (U.P.)—The Italian economic commission today adopted the clause of the Italian draft treaty which calls on Italy to pay Russia \$100,000,000 in seven years.

SHIPPING BOARD THROUGH.

WASHINGTON, Aug. 30. (U.P.)—The War Shipping Administration, created Feb. 7, 1942, to operate the huge wartime merchant fleet, prepared today to bow out of existence, its major task completed.

INDEMNITY CLAIMS.

WASHINGTON, Aug. 30. (U.P.)—The United States will make indemnity claims on Yugoslavia for shooting down two unarmed U. S. army transports with the loss of five American lives, Acting Secretary of State Dean Acheson said today.

PRICE CONTROLS.

WASHINGTON, Aug. 30. (U.P.)—Price controls will go back on cottonseed meal, soybean meal and a number of similar products on Sept. 3, the OPA announced today.

 Organized labor worked for
 many years to achieve fair pay

 so far that their efforts have cre-
 pendulum has sometimes swung
 great difficulties for man-
 agreement and worked against the
 good of the whole. But if such
 satisfactory conditions as those at
 this factory could be achieved in
 most industries, there would be
 few major labor problems in the
 country.

LABOR WITHOUT STRIFE.
 workers nor the bosses think they
 do anything remarkable but they
 have learned how to avoid trouble.
 The system is based on frankness
 all around and quick attention to
 small differences.
 This labor lay marks a year in
 history. It has been thoroughly
 bargained for strikes, for im-
 portant resources, for hamper-
 ing national production, but the
 industrial revolution has not
 brought in workers and man-
 agement have developed a smooth
 progress never be around long.
 to the advantage of both groups.
 A good example of a factory
 in the part of the American
 with trouble, relations in the
 zone is to settle everything with
 considered strictly family business.

GAIN IN GERMANY.
 The United States and Great
 Britain expect to save about 50
 per cent of their German occupa-
 tion bills within a year, as a result
 of merging the two zones. That
 would be an appreciable cut from
 the present British expenses of
 \$200,000,000 a year, and the Uni-
 ted States expenses of \$200,000,000.
 Interchange of goods between
 the zones will be the chief gain. By
 shipping the materials of each
 zone to the other, occupation au-
 thorities can eliminate the need
 for costly imports.
 Now, if France and Russia
 would just break down and coop-
 erate in the same manner, it would
 make a big difference to the tax-
 payers back home.

NEW CHEVROLET
 We are doing our best to see that you
 get your new car as quickly as possible

We want to thank our customers and pro-
 spect customers for your friendly
 patience while awaiting your new
 Chevrolet.
 We know it is a hardship to wait for
 needed transportation; but we believe
 you will understand that we, and
 Chevrolet, are as eager to deliver cars as
 you are to obtain them. Unfortunately,
 production so far this year is far under
 expectations. Chevrolet Motor Division
 sums up the situation thus:
 "Even though our rate of production
 normally exceeds that of any other
 manufacturer, we have been able to
 build up to July, only 12.4 per cent
 as many cars as we had built up to
 that date in 1941. Production is still
 far below normal, because of fre-
 quent shortages of essential mate-
 rials and parts. Strike after strike at the
 plants of our suppliers has seriously
 impeded our progress toward full
 production, and the cumulative
 effect severely hampers every manu-
 facturing and assembly plant. In
 June we were able to build only
 29.2 per cent as many cars as we
 produced in the same month in
 1941."

 ... by having your title abstracted at regular inter-
 vals. All those familiar with titles know that title neg-
 lect is the landowner's worst enemy. Like keeping
 physically fit, or making regular visits to the dentist,
 the title, too, needs constant attention. By having the
 title regularly abstracted, the abstractor in most cases
 can build a strong and perfect chain. Don't wait un-

The House That Jack Built

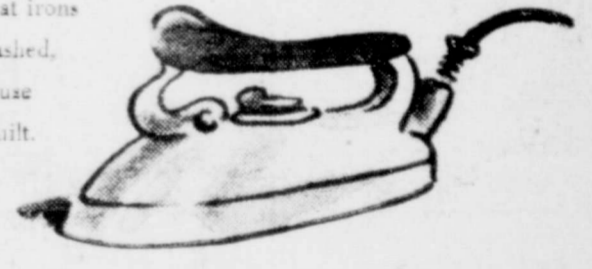

This is the house that Jack built.

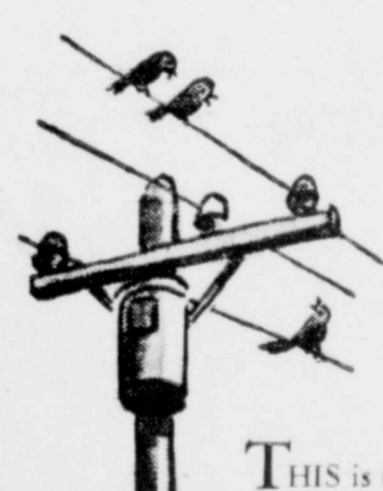

This is the wife that keeps house in the house that Jack built.

This is the washer that does the wash that helps the wife keep house in the house that Jack built.

This is the iron that irons the wash the washer washed, that helps the wife keep house in the house that Jack built.

This is the wire that carries the power that heats the iron, and turns the washer that does the wash, that helps the wife keep house in the house that Jack built.

THIS is the story of better living—of electric living—in Jack's house. The tale could go on endlessly. For electricity is a servant of many talents, of which washing and ironing are but two.

The electric power that helps Jack's wife is always ready, dependable, available in any quantity at any time. And Jack doesn't need much jack to pay the bill.

This is the company that strings the wires and makes the power that gives the Jacks—and countless families like them—all the comforts and convenience of electric living.
