## First Meeting of West Ward PTA Drew Good Crowd

West Ward PTA had a good attendance at its first meeting of the year, held at 3:30 o'clock yesterday afternoon. Mrs. Truman Prickett, active membership chairman, and other new room mothers, are credited with the fine turnout. The meeting opened with singing of "America" and a few words of welcome to old and new members by Mrs. Sutton Crofts, president. In the absence of the program chairman, Mrs. Lee Heltzel, Mrs. Rowena Berry, expression teacher, was introduced and gave two enjoyable readings. The room count was won by Mrs. Callie McAfee's room for the lower grades and Mrs. Irene Hallmark's room for the upper. In the business meeting the executive committee report, which included the budget for the year, was read by the secretary, Mrs. George Downie, and was accepted. One item in the budget was the second annual contribution of \$150 to the Community Playgrounds Fund. The new by-laws, drawn up by Mrs. Fred Scott, Mrs. D. Ball and Mrs. Callie McAfee, were read and tentatively adopted. They will now be sent to the state chairman for approval and then incorporated in the PTA yearbook, which is to be distributed at the October meeting. Mrs. Fred Alsop, finance chairman, made her report on the summer activities of her committee.

The other committees did a good job of cooperating with the Homecoming committee in furnishing hot and cold drinks for the crowd, netting a nice sum for PTA. Her own committee consisted of Mrs. J. R. Deen, Mrs. Fred Scott, Mrs. George Downie, Mrs. E. Garverick and Mrs. Carroll Smith. Each of these ladies in turn had sub-committees who worked faithfully through the three-day event, the PTA president stated. Four resignations were announced and four new officers were elected. The officers are: Treasurer, Mrs. C. E. Paul; membership chairman, Mrs. Truman Prickett; finance chairman, Mrs. Emory Moad; publicity chairman, Mrs. Charles Burke.

The program committee has designated the next meeting as "Father's Night," and a banquet will be held one evening during the third week in October, to be announced later. The members voted to furnish the meal by bringing covered dishes and contributed 25 cents each to pay for the meat course, to be prepared by the hospitality committee, of which Mrs. Lonnie Shockley is chairman.

Mrs. Emory Moad, the new finance chairman, asks for volunteers to help with the sale of hot and cold drinks, chili, candy, etc., at the four football games, Oct. 4, Oct. 11, Nov. 1 and Nov. 20. She especially needs fathers to volunteer for assistance with the lifting of cases of drinks and other heavy work.

**STAMFORD MAN NAMED.** — Sanford Hodge will go to San Francisco as a delegate to the National American Legion convention Sept. 30-Oct. 4. Hodge will represent the Texas 17th district.

## Mrs. J. H. Morgan Died Today in Ft. Worth Hospital

O. L. Stamey, Cisco high school principal, received word today from J. H. Morgan of Ft. Worth, former superintendent of Cisco public schools, that Mrs. Morgan had died early this morning in a Fort Worth hospital.

It was stated that funeral services would be held at the Gause-Ware funeral chapel at 5 p. m. today, after which the body will be conveyed to Seguin for burial.

Mr. and Mrs. Morgan are pleasantly remembered by many Cisco people. He was superintendent of city schools here in 1925-26 and she was a grammar school teacher. Both were members of First Methodist church and came to Cisco from Eagle Lake, Tex.

## Loboes to Meet Steers at Big Spring Friday

The Cisco Loboes will go to Big Spring tomorrow night for their second game of the 1946 football season, meeting the Big Spring Steers at 8 o'clock, under the lights.

The boys, undismayed by their defeat at Cleburne last Friday after clearly outplaying the Cleburne team for three and a half quarters, will enter the Big Spring game at full strength. They came out of the Cleburne battle without injuries of any consequence.

The game with the Steers is a non-conference affair, but it is a source of rivalry in the fact that it will be the third straight meeting of the two teams, each of which has won a game. Friday night's affray will be the "sugar" battle.

## Cisco Vets Got Autos Through Ft. Worth WAA

FORT WORTH, Sept. 19.—Sharing in the award of 92 surplus used motor vehicles, all non-set-aside, in a sale conducted by War Assets Administration's regional office here was Robert E. Grantham and Joe W. Harris of Cisco, both war veterans.

Grantham was awarded a 1941 Diamond-T platform truck for \$720 and was certified October 28, 1945, while Harris purchased a 2 1/2 ton-1942 GMC cargo truck for \$1,355, having been certified October 10, 1945.

Included in the equipment offered to certified veterans were fuel servicing semi-trailers, decontaminating trucks, heavy cargo trucks, truck tractors and other heavy automotive equipment. The sale attracted offers from veterans throughout Texas, with orders among the successful purchasers. All awards were made on the basis of the oldest dated certificate for each piece of equipment.

The unsold remainder, not claimed by veterans will be offered to other priority claimants for the remainder of September with commercial dealers eligible to purchase beginning October 7.

These officers, together with Nada Wagley, the appointed member, now compose the band council. They plan to attend the Cisco-Big Spring game, Friday, at Big Spring.

**SCOUT POW-WOW.** — The regular Scouter's Pow-Wow for Eastland and Stephens counties will be held at First Christian church annex, Eastland, Monday, Sept. 23, 7:30 p. m. Eastland Scouters will be hosts to the group and the meeting starts with a supper. Pictures of Camp Billy Gibbons will be previewed; discussions of the Roundup program will take a part of the time. **DEATH SENTENCE.** — TOLEDO, O., Sept. 19.—Kenneth Salter, 32, a printer, today faced death in the electric chair for the chloroform death and rape of 11-year-old Barbara Dunn at her home here the night of July 1. Salter, who waived a jury trial, was convicted yesterday of first degree murder by a three-judge court which made the death penalty mandatory by refusing to recommend mercy.

GOV. DEWEY VOLUNTEERS—Gov. Thomas E. Dewey, New York, is the first state employee in Albany to have his chest X-rayed in cooperation with the program to prevent tuberculosis. Authorities hope to extend service to all citizens.

## National Guard Head Blasts Army Geniuses

BUFFALO, N. Y., Sept. 19.—The resurging conflict between the National Guard and the Regular Army, born of experiences in two wars, flared bitterly Wednesday as the National Guard association opened its sixty-eighth annual conference.

Major Gen. Ellard A. Walsh of St. Paul, Minn., president of the association, delivered an annual report castigating certain "evil geniuses" of the Regular Army who attempted to destroy the National Guard and therefore should be indicted in public opinion. Applause punctuated his tart remarks, which included charges that War Department administration of policies is deterring reorganization of the guard.

There will never be justification for the treatment accorded the National Guard in both World Wars, he charged, even though it was called on to perform the first line of defense in the war. He challenged the time and manner in which changes were made as evidence of a policy of destruction of the reserve element by the Regular Army officers, citing such as the age-in-grade policy and conversion of divisions from square to triangular.

"In World War II we have had many evil geniuses," he said, "and I name them: (Lesley J.) McNair, (Ben) Lear, (Joseph) Stilwell, (Mark W.) Clark, (Lloyd R.) Fredendall, (Alexander D.) Surlis and a host of lesser lights.

"Above all others, however, Lesley McNair was our evil genius. He was primarily responsible for the relief of our (National Guard) commanding officers. He branded the National Guard a menace to national security."

Of the lieutenant general who was killed in Normandy, he added: "I would prefer to adhere to the Latin proverb of saying nothing but good of the dead, but I submit the living, too, have their rights."

While delegates cheered, Walsh condemned the United States Military Academy at West Point as "an undergraduate school engaged in perpetuating an American order of the Samurai" and predicted existing conditions would continue to prevail until it is converted into a postgraduate school for the training of leaders for a citizens army. Now, he continued, it "poisons the minds of impressionable young men with its false indoctrinations."

An admission that "the first must come first" in obtaining men for training in the armed forces was sounded by Major Gen. Lewis B. Hershey, director of Selective Service, who commended the National Guard for its mobilization record but warned the atomic age will not permit as much delay as was needed in the past one.

The guard of 600,000 strength must exist and not merely be on paper, he said, calling for some form of universal military training to overcome the serious manpower problem. He suggested it could provide an incentive for service in the National Guard.

Proceedings were interrupted for introduction of Lt. Gen. Fred L. Walker, Texas National Guard commander, a delegate from Texas along with Brig. Gen. John Naylor, Fort Worth; Col. William H. Martin, Assistant Adjutant General; Col. Burton E. Miles, Austin, and Major Joseph D. Duncan, Austin.

PARADE IN THE RED ZONE—During a recent parade of members of the Socialist Unity Party in the Red Zone of Potsdam, Germany, ex-Nazi leaders were lampooned by huge caricatures. Leading the parade is the sour looking placard of Dr. Hjalmar Schacht.

BOTTLENECK IN SHANGHAI—Maj. Gen. Glen E. Edgerton, director of UNRRA's China office, and K. Y. Chen, head of CNRRA Bureau of Transportation, discuss ways and means of moving supplies, stacked in Shanghai due to transportation shortage, to the needy interior regions.

## DEFINITE POLICIES ARE SADLY LACKING.

Dallas News. One of the worst aspects of our national administrative policy is the tendency to lack definite administrative or financial statements.

We have an excellent example of it in Economic Stabilization. Steel industry's assertion that the latest executive order was not an order at all, but a suggestion, is a case in point.

It is a sad state of affairs when the government has no definite policy in such matters as the steel industry's production. It is a sad state of affairs when the government has no definite policy in such matters as the steel industry's production.

## Tired Kidneys Often Bring Sleepless Nights

Doctors say your kidneys contain 12 miles of tiny tubes or filters which help to purify the blood and keep you healthy. When they get tired and don't work right in the daytime, many people have to get up nights. Frequent or scanty passages with smarting and burning sometimes show there is something wrong with your kidneys or bladder. Don't neglect the condition and lose valuable restful sleep.

When disorder of kidney function permits poisonous matter to remain in your blood, it may also cause nagging backache, rheumatic pain, leg pain, loss of pep and energy, swelling, puffiness under the eyes, headaches and dizziness.

Don't wait! Ask your druggist for Doan's Pills, a stomachic diuretic, used successfully by millions for over 40 years. Doan's give "lumpy relief" and will help the 12 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

...is the popular way of saying that we architect think. These state-of mind not confined to the general, to the normally fit, not to all classes of people, some at it, others at all times. Report was made of purchasing garments to be sent to Buckner orphan home. The meeting was then turned to Mrs. J. R. Burnett, who brought as the final lesson the thirteenth chapter of First Corinthians. The meeting was adjourned with prayer by Mrs. Burnett.

## You'll usually hear NUMBER PLEASE?

promptly...

We are working hard at the job of bringing telephone service to people waiting. To serve everyone, we need more wires and cable and equipment. They are on the way, but complex switchboards take time to make and install. Meantime, we are connecting more and more telephones to already crowded switchboards. Thus many on the waiting list are getting service sooner than otherwise. In spite of this emergency measure most calls go through quickly and accurately. Now and then you may be inconvenienced by having to wait a few seconds for the telephone operator's "Number, please?" However, you'll usually hear "Number, please?" promptly. And when more switchboards are installed, we can put in telephones for those who are waiting, and give everybody telephone service that's better than ever before.
