NUMBER 272

POET—Francis Cardinal Spellman, Archbishop of New York, reads his poems for transcription at recording studio in New York City. Sitting with the Cardinal is Frank M. Folsom, RCA-Victor official. Cardinal Spellman's royalties will be turned over to the New York Foundling Hospital.

Merchants Credit Mrs. Adele Huey Association New Was Laid to Rest Cisco Enterprise Here Saturday

A corporate charter was recently granted to the Merchants Credit Association of Cisco, Texas, which was organized September 5, 1946, at a meeting held in its office, 205 Reynolds building.

Thirty charter members were recorded and the membership has increased since that time, states Mrs. Lucile Huffmyer, secretary-treasurer.

Officers of the new organization were elected by the membership as follows: H. S. Drumwright, president; Mason Pee, vice president; Lucile Huffmyer, secretary-treasurer.

Also elected were nine directors, each representative of the different types of business in Cisco, as follows: Gerome Grayum, E. G. Damon, Charles A. Spears, A. D. Anderson, Tom B. Stark, Charlie M. Burke, Standlee McCracken, Joe Clements and J. L. Thornton.

The association is a credit-protection and business-promotion service for the business and professional men and women of Eastland county.

Regular monthly meetings will be held the first Thursday of every month for the purpose of planning programs to be carried out from time to time. Office hours are from 9 a. m. to 5:30 p. m., as shown in their advertisement listed elsewhere in this paper.

Mrs. Adele Huey, widow of the late Frank J. Huey, died at 6:30 p. m. Friday at her home on west Seventh street, after an illness of more than a year. She was highly esteemed by all who knew her.

Funeral services were held at 4 o'clock Saturday afternoon at Thomas funeral home, with Rev. Stuart McC. Rohre of the First Presbyterian church officiating. Burial was in Oakwood cemetery beside Mr. Huey and their son and daughter, Frank and Beryl Huey, who preceded their parents in death.

Deceased was born Miss Adele Tinsley, at Houston, Tex., Nov. 8, 1879, and was married to Mr. Huey in 1894. They moved to Cisco in 1929, where he engaged in business until his death. He was a certified public accountant and was associated with his brother, the late B. S. Huey, a cotton buyer, automobile dealer and for several years publisher of the Cisco Daily News. Frank J. Huey died in 1928.

Keith Huey, a son, is the only immediate survivor except Mrs. Ethel Huey, widow of B. S. Huey, with whom the young man will now make his home.

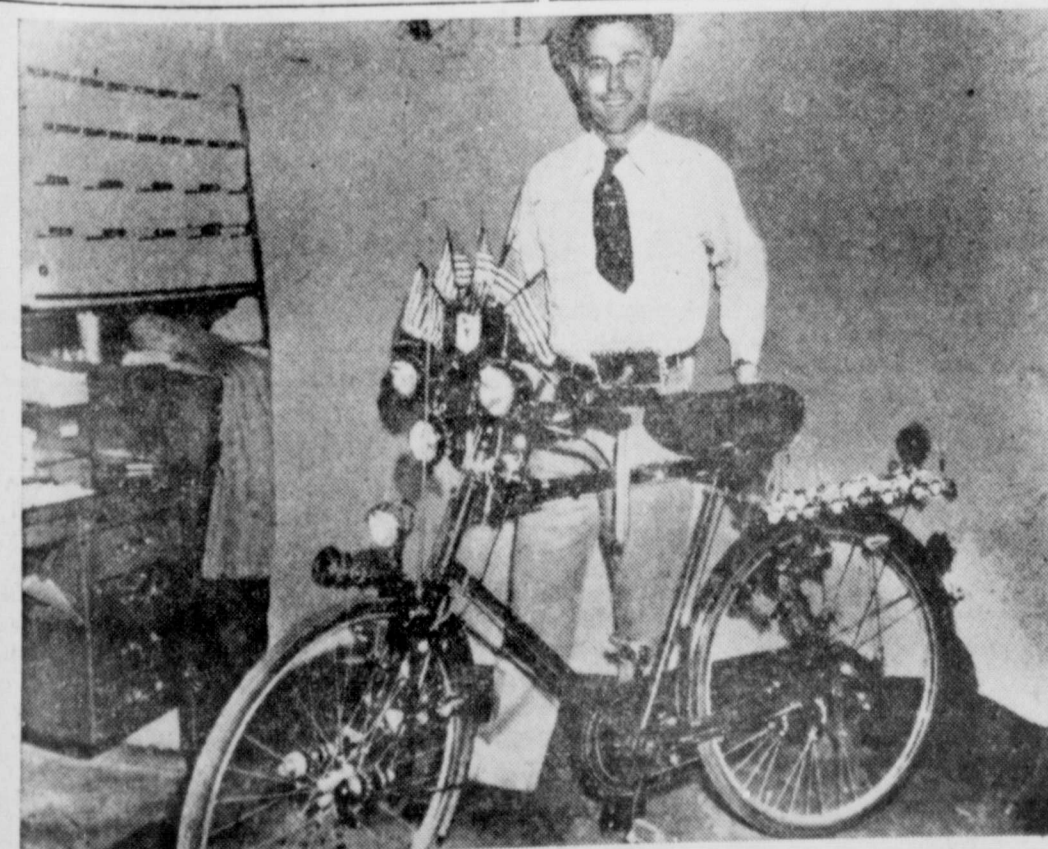

Funeral services at the funeral were E. F. Crawford, Dr. F. E. Clark, James Flournoy, A. R. Westfall, R. E. Grantham and Luther H. McCrea.

KIND MAN DIES.

FREDERICKSBURG, Sept. 21. Burial this afternoon at a chapel he founded on his ranch ended the career of Jefferson Davis Young, well known Gillespie county rancher. A great admirer of birds and animals, he had kept his large landholdings strictly closed to hunters and fishermen.

FOUR-H GIRL WINNER.

HUTCHINSON, Kan., Sept. 21. Marlys Maun, McPherson county 4-H girl, today pocketed \$788 for her grand champion baby beef. Marlys' prize-winning steer was one of many auctioned late yesterday at the 4-H club encampment at the Kansas State Fair here.

NAVY'S BEST EQUIPPED BIKE—Chief Machinist's Mate Frank A. Batts proudly stands by the bicycle he purchased in the Virgin Islands for \$65 and to which he added \$150 worth of equipment. He is shown at his quarters at the Philadelphia Navy Yard. Equipment includes chimes, three bells, 18 lights, five generators, radio, speedometer and compass.

Democrat Nat. Committee Blacklists Wallace, Pepper

Final Effort Be One Union Man Made to Finance Halts 55,000 Country Club For Five Days

The campaign to reorganize and rejuvenate the Cisco Country club will go into its climax Monday. Members of teams organized for the campaign will meet at the Savoy cafe at 7:30 a. m. breakfast to initiate the final stage of a drive that is now just about fifty percent complete.

Every member of the drive organization is expected to be present in order that no further delay will be encountered in putting over this project and making the Cisco Country club into an institution that will effectively perform a service that is needed and can be rendered.

"We can't afford to dilly dally about this matter any longer," said Dr. Paul Woods, drive chairman. "It can be done and the only thing to do is roll up our sleeves and finish the job and stop talking about it. I hope every member will be at the Savoy cafe at 7:30 Monday morning. With a few hours' work on the part of each member we can get the club on a sound basis as a functioning institution, something that we will all be proud of. The club will give it now, but it won't go until we give it a chance. We want to do that in the old Cisco spirit and that is why it is necessary for everybody to be in place Monday morning and ready to hit the ball."

More than half the memberships necessary in this reorganization have been sold and there are plenty of prospects for selling the remainder. It was declared. Once the reorganization is accomplished the club will be free of debt, with capital to operate on and its stock a good financial investment, even if it is recreational and social values are not considered. But the most important thing in the minds of the committee is to make the club a functioning instead of a moribund institution, so that Cisco will receive the values that are not being utilized now in the institution.

FT. WORTH GROWS.

FT. WORTH, Sept. 21. — Building permits issued since Jan. 1 crowded the \$19,000,000 mark today, when permits issued this week totaled 99, for \$273,728 worth of new construction. To date this year, 5245 permits have been issued totaling \$18,892,035. In the same week last year, 92 permits were issued, totaling \$161,924. Totals last year to date: 2832 permits, \$4,921,577 construction value.

Detroit, Sept. 21. (U.P.)—The CIO United Auto Workers union tonight announced settlement of a "small" supplier strike which had idled some 55,000 auto workers in the Detroit area for five days.

Emil Mazey, director of UAW Region 1, said 1,800 workers at one plant of Briggs Manufacturing Company, world's largest body builders, had agreed to return to work Monday pending arbitration of a dispute over the firing of a union steward.

It was this strike that forced Briggs to lay off 15,500 of 20,000 employees in four other plants and blockaded the intricate system of supply to auto makers dependent upon it for bodies and parts.

The stoppage forced Chrysler to send home 32,700 employees in its Plymouth, Dodge and Chrysler plants and Packard to layoff 1,100 workers.

Industry spokesmen said the strike prevented production of 13,000 cars this week.

Big Spring Steers Took Friday Night Game, 20 to 0

Getting off to an early start, Big Spring Steers defeated Cisco Loboes Friday night 20 to 0, thus chalking up the Loboes' second non-conference loss in two weeks. The first defeat was at the hands of Cleburne, 8 to 0.

Big Spring scored early in the first quarter on the old "hide-out" play. The play was good for 57 yards with Barron passing to Wright, who scampered across the Cisco goal untouched. Midway in the second quarter the Steers drove to another score after recovering a Cisco fumble on the Lobo 32 yard line.

In the second half the Loboes started off as if they were going to turn the tide. After receiving the second half kickoff the Loboes drove to the Big Spring 18 yard line, only to have the Steers take over on downs and push the Loboes back into their own end of the field.

Big Spring drove to the Cisco 3-yard line before the Loboes dug in and held to take over. After an exchange of punts, Cisco took the ball on its own 20. Two plays later Rankin intercepted Williams' pass and romped 29 yards to the final Steer tally. In the late moments of the game the Lobo passing game began to click, carrying them to 4 first downs and the end of the game found the Loboes with a first down on the Big Spring 21-yard line.

The Lobo offensive was stalled most of the game. One of the most noticeable changes in the Lobo play was in their blocking game, which was something to be proud of after the Cleburne game, but not after Friday night's game.

Defensive standouts were King, Penn, Hill and G. Smith.

The Loboes have two weeks to get ready for their first conference game, which will be with Stephenville, here, on October 4. Stephenville is known to have one of the best if not the best teams in District 9-AA and the Loboes will have plenty of work in the next two weeks to start their conference schedule off with a win.

CORN LIQUEUR STOMACH?

FORT WORTH, Sept. 21. — A 42-year-old Weatherford man who drank a pint of DDT solution in a suicide attempt was given emergency treatment at Methodist hospital last night and later released. He was brought to the hospital from a mile south of Weatherford.

By United Press

WASHINGTON, Sept. 21. — Democratic headquarters, in a followup to the political and foreign policy explosion that blasted Henry A. Wallace out of the cabinet, tonight blacklisted Wallace and Sen. Claude Pepper, D., Fla., as party-sponsored speakers in the congressional election campaign.

The two foremost disciples of the Roosevelt New Deal will be at liberty to make as many speeches as they wish. But they will be on their own.

The Democratic National Committee left the Ex-Secretary of Commerce and Pepper off its list of campaign speakers.

Rep. John J. Sparkman, D., Ala., chairman of the Democratic Speakers bureau, said the committee would not sponsor any speeches made by either this fall.

While Sparkman acknowledged that he was not speaking for the committee, a committee spokesman said Sparkman's decision would stand unless reversed by Democratic Chairman Robert E. Hannegan.

The spokesman said that was not likely.

15 Plane Survivors Hospitalized to Kill Stalin One at a Time in January, 1939

GANDER, Newfoundland, Sept. 21. (U.P.)—Three of the most critically injured of the 18 Sabena Air-liner crash survivors, including a stewardess and a young American composer, were evacuated by helicopter today from the desolate wilderness where the plane crashed Wednesday.

Jeanne Rooki, young Belgian stewardess, and Rudy Revil, 30-year-old New York composer, were the first two persons flown to a hospital here.

The three survivors — all badly injured — were put on stretchers and flown, one at a time, in the helicopter from a small clearing one quarter of a mile from the crash scene.

It was obvious that most of the 15 other survivors, including 11 stretcher cases, would have to spend another night in the makeshift camp set up by the land rescue party.

US., Britain Present common front Against the Reds

PARIS, Sept. 21. (U.P.)—Secretary of State James F. Byrnes and Foreign Secretary Ernest Bevin conferred for an hour and five minutes tonight on an alignment of Anglo-American foreign policy under the impetus of President Truman's ouster of Henry Wallace from his cabinet.

The Byrnes-Bevin conference was conducted with an unusual fanfare of publicity, apparently designed to show that the United States and Britain are still presenting a common front to the peace conference against Russia and its Eastern Bloc.

TEXAN CRASHES, DIES.

PORTLAND, Ind., Sept. 21. — Wallace Anderson, 35, of Midland, Tex., was dead today after crashing in the new plane which he was flying back to Texas. Anderson had purchased the airplane Tuesday only a few hours before he crashed into a clump of trees near here. He died yesterday in the Jay county hospital of the injuries.

ICE CREAM PARTY—Little Garry Walsh, right, celebrates his happiest birthday in Chicago. Stricken with polio several weeks ago, he is now cured and is returning to school. Friend Harvey Coustan spoons up ice cream for Garry.

Wallace Episode Makes Work For Democratic Heads

WASHINGTON, Sept. 21. — Henry Wallace's departure from the cabinet forces Democratic headquarters to make swift and drastic revision of congressional campaign strategy.

National Chairman Bob Hannegan pleaded with the president to patch up Wallace-Byrnes differences, warning that commerce secretary's dismissal would cost "liberal" votes in November — and in 1948.

One puzzler for Hannegan: How to answer charge that Wallace was fired for making speech that Truman approved.

Wallace was to have been leading attraction in campaign, even though his speeches threatened to saw Democratic Party in half. Mr. Hannegan now must look elsewhere for a substitute attraction for CIO-PAC centers.

Whatever else happens now among Democratic left-wingers, you can be sure of one thing: There will be no third party movement in 1948. Too many state laws preclude minority party getting on ballot; too many prima donnas would want to be boss; too many possible leaders think movement would be futile.

Hence: Leftists will continue to work for control of Democratic Party.

It's still news in the Wallace affair that Henry, not ghost writer, composed the New York speech which started all the trouble.

That Henry toned down his

criticism of American Communists in final draft.

That state department has important officials who agree with Wallace, disagree with Byrnes. But you won't hear from them.

That leak of Wallace foreign policy letter to Truman was in state department.

Houston telephone Czars Decide to Work Some More

HOUSTON, Sept. 21. (U.P.)—Houston telephone workers voted to end their work stoppage and normal phone service will be resumed throughout Texas at 6 a. m. Sunday.

The back-to-work vote came as officials of Southwestern Bell Telephone company announced that arbitration of the seniority dispute which paralyzed phone service in a wide section of the state would be carried out speedily.

The spreading walkout, which yesterday extended to most gulf coast cities and towns surrounding Houston, already had ended in most places and except for Houston, near-normal service was resumed Saturday.

FIVE-CENT AIR MAIL.

WASHINGTON, Sept. 21. — Two special coast-to-coast flights will inaugurate the carrying of air mail at five cents an ounce on Oct. 1. The planes will be equipped for handling and sorting mail in flight in the same manner it is now handled in railroad mail cars. Stops will be made at Dallas and Ft. Worth, Texas.

TRIBAL RITES FOR CHIEF—In the woods back of Dania, Florida, near Miami, these Indians of the Seminole tribe perform full tribal rites for their Chief Jimmy Carola. Following custom the tribe quit their camp where their Chief died.

BRIEFLY TOLD

Ladies of Trinity Episcopal church will sponsor a benefit style show Tuesday, September 24, 7:30 p. m., on Laguna hotel roof. Latest autumn fashions will be shown from Cisco's leading stores. Attractive young ladies will model clothes of all styles; the latest in hair styles and the newest in jewelry. The younger set will be represented, with pre-school and school fashions being shown, including hair styles for the younger misses. Flower arrangements will be displayed by Cisco florists. Proceeds from the entertainment will go to the church fund. The local group, St. Ann circle, will be hostess and light refreshments will be served. The public is cordially invited to attend.

Getting the Cart Before the Horse--

... is the popular way of saying that we act before we think. It is a state of mind not confined to the ignorant, nor to the mentally ill, but to all classes of people, some at times, others at all times. For instance, we buy property without an abstract. We spend several thousand dollars for improvements. Along comes a buyer who thinks before he acts and offers to purchase but wants an abstract first. How about your title, Mr. Seller? Can you deliver?

Earl Bender & Co., Abstractors, Eastland Since 1923 Texas.
